condition or operations of such IP-I Party's Cable Business, any of its Systems or Assets or the ability of such IP-I Party to perform its obligations under this Agreement or (ii) result in the modification, revocation, termination, suspension or other limitation of any of such IP-I Party's Systems Franchises, Systems Licenses, or Systems Contracts; and (b) there is not in existence any Judgment requiring such IP-I Party or any of its Affiliates to take any action of any kind with respect to its Assets or the operation of any of its Systems, or to which such IP-I Party (with respect to its Systems), any of its Systems or Assets are subject or by which they are bound or affected, that has not been fully complied with by such IP-I Party.

5.13 Tax Returns; Other Reports. Such IP-I Party has duly and timely filed in correct form all federal, state, local and foreign Tax returns and other Tax reports required to be filed by it, and has timely paid all Taxes which have become due and payable, whether or not so shown on any such return or report, the failure of which to be filed or paid could affect or result in the imposition of a Lien upon its Assets or create any transferee or other liability upon RMG, except such amounts as are being contested diligently and in good faith and are not in the aggregate material. Except as set forth on Schedule 5.13, such IP-I Party has not received any notice of, nor does such IP-I Party have any Knowledge of, any deficiency, assessment or audit, or proposed deficiency, assessment or audit from any taxing Governmental Authority which could affect, or result in the imposition of a Lien upon, any of its Assets or transferee or other liability upon RMG.

5.14 Employment Matters.

5.14.1 Such IP-I Party has complied in all material respects with all applicable Legal Requirements relating to the employment of labor, including the Worker Adjustment and Retraining Notification Act, 29 U.S.C. ss. 2101, et seq. ("WARN"), continuation coverage requirements with respect to group health plans and those relating to wages, hours, collective bargaining, unemployment insurance, workers' compensation, equal employment opportunity, age, sex, race and disability discrimination, immigration control and the payment and withholding of Taxes.

5.14.2 There are no Liens against such IP-I Party's Assets under Section 412(n) of the Code or Sections 302(f) or 4068 of ERISA. The IP-I Parties will not, in connection with the transactions contemplated by this Agreement, cease to provide any group

health plan coverage to their employees in a manner which would cause RMG or any of its ERISA Affiliates to be deemed a successor employer of such IP-I Party within the meaning of Proposed Treasury Regulations Section 54.4980B-9 Q&A8(c). With respect to any multi-employer plan within the meaning of Section 3(37) of ERISA, or any plan subject to Title IV of ERISA, to which any IP-I Party or any of their ERISA Affiliates is or ever was obligated to contribute, (a) there has been no material "reportable event" described in Sections 4043(c)(1), (2), (3), (5), (6), (7), (10), or (13) of ERISA, (b) no "accumulated funding deficiency" (as defined in Section 302 of ERISA) or "withdrawal liability" (as determined under Section 4201 et seq. of ERISA) has occurred, exists or is continuing with respect to any such plan other than a multi-employer plan (as defined in Section 3(37) of ERISA), or, to the Knowledge of IP-I or any of its ERISA Affiliates, with respect to any such plan which is a multi-employer plan (as defined in Section 3(37) of ERISA), (c) no such plan has been terminated other than in accordance with ERISA or at a time when such plan was not sufficiently funded, and (d) there has been no (i) withdrawal by any IP-I Party or any of their ERISA Affiliates that is a substantial employer from a single-employer plan and that has two or more contributing sponsors at least two of whom are not under common control, as referred to in Section 4063(b) of ERISA, or (ii) cessation by any IP-I Party or any of their ERISA Affiliates of operations at a facility causing more than 20% of plan participants to be separated from employment, as referred to in Section 4062(e) of ERISA. With respect to any plan maintained, sponsored by, or contributed to by any IP-I Party, which is intended to comply with the provisions of Section 401(k) of the Code, and from which any similar plan maintained or sponsored by RMG or any of its ERISA Affiliates accepts a plan-to-plan transfer under Section 7.3.3, (I) such plan has received a favorable determination letter from Internal Revenue Service, and no IP-I Party or any of their ERISA Affiliates has any Knowledge of any fact which could adversely affect the qualified status of such plan, and (II) such plan has been administered and maintained in material compliance with ERISA, the Code and all other applicable laws.

5.14.3 Except as set forth on Schedule 5.14, there are no collective bargaining agreements applicable to any Person employed by such IP-I Party that renders services in connection with its Systems and such IP-I Party has no duty to bargain with any labor organization with respect to any such Person. Except as set forth on Schedule 5.14, there are not pending any unfair labor practice charges against such IP-I Party, any demand for recognition or any other request or demand from a labor organization for representative status with respect to any Person employed by it that renders services in connection with its Systems. Except as described on Schedule 5.14, such IP-I Party has no employment agreements, either written or oral, with any employee of its Systems and none of the employment agreements listed on Schedule 5.14 requires such IP-I Party, or will require RMG or any Affiliate of RMG, to employ any Person after the Closing.

6.1 Organization and Qualification of RMG. RMG is a corporation duly formed, validly existing and in good standing under the laws of the State of Nevada. RMG has all requisite power and authority to own, lease and use the RMG Assets owned, leased or used by it and to conduct its Cable Business as it is currently being conducted by it. As of the date of this Agreement, RMG is duly qualified to do business and is in good standing under the laws of each jurisdiction in which the ownership, leasing or use of the RMG Assets owned, leased or used by it or the nature of its activities in connection with its RMG Systems makes such qualification necessary.

RMG has all requisite power and authority to execute and deliver, and to perform its obligations under, and to consummate the transactions contemplated by, this Agreement and the Transaction Documents to which it is a party. The execution and delivery by RMG of, the performance of RMG under, and the consummation by RMG of the transactions contemplated by, this Agreement and the Transaction Documents to which RMG is a party have been duly and validly authorized by all action by or on behalf of RMG. This Agreement has been, and when executed and delivered by RMG the Transaction Documents to which it is a party will be, duly and validly executed and delivered by RMG and the valid and binding obligations of RMG, enforceable against RMG in accordance with their terms, except as the same may be limited by applicable bankruptcy, insolvency, reorganization, moratorium or similar laws now or hereafter in effect relating to the enforcement of creditors' rights generally or by principles governing the availability of equitable remedies.

6.3 No Conflict; Required Consents. Except as set forth on Schedule 6.3, and assuming all IP-I Required Consents have been obtained and the expiration or earlier termination of the waiting period under the HSR Act has occurred, the execution and delivery by RMG, the performance of RMG under, and the consummation by RMG of the transactions contemplated by, this Agreement and the Transaction Documents to which RMG is a party do not and will not: (a) conflict with or violate any provision of the organizational documents of RMG; (b) violate any provision of any Legal Requirement; (c) require any consent, approval or authorization of, or filing of any certificate, notice, application, report or other document with, any Governmental Authority or other Person; or (d) (i) conflict with, violate, result in a breach of or constitute a default under (without regard to requirements of notice, lapse of time or elections of other Persons or any combination thereof), (ii) permit or result in the termination, suspension or modification of, (iii) result in the acceleration of (or give any Person the right to accelerate) the

performance of RMG under, or (iv) result in the creation or imposition of any Lien under any RMG Systems Contract, RMG Systems Franchise, RMG Systems License, or other instrument evidencing any of the RMG Assets or by which RMG or any of its assets is bound or affected, except for purposes of clauses (c) and (d) such consents, approvals, authorizations and filings that, if not obtained or made, would not, and such violations, conflicts, breaches, defaults, terminations, suspensions, modifications and accelerations as would not, individually or in the aggregate, have an adverse effect on any RMG System, RMG's Cable Business or RMG, or on the ability of RMG to perform its obligations under this Agreement or the Transaction Documents to which it is a party.

6.4 Assets.

6.4.1 RMG has good and marketable title to (or, in the case of RMG Assets that are leased, valid leasehold interests in) the RMG Assets. The RMG Assets are free and clear of all Liens, except Permitted Liens and rights of first refusal which will be waived at Closing by the Person holding such rights. All of the Liens described on Schedule 6.4.1 (except for those marked with an asterisk on Schedule 6.4.1) will be terminated, released or, in the case of rights of first refusal (except for those listed on Schedule 6.4.1), waived, as appropriate at or prior to Closing. Except as described on Schedule 1.61, the RMG Tangible Personal Property, as an integrated system and in its component parts, is in good operating condition and repair (ordinary wear and tear and routine failures excepted) and is usable and adequate for the operation of RMG's Cable Business.

Except as set forth on Schedule 6.5.2, (a) the RMG Systems Franchises contain all of the commitments and obligations of RMG to the applicable Governmental Authority granting such Franchises with respect to the construction, ownership and operation of the RMG Systems, and (b) other than as set forth in the RMG Systems Franchises, RMG has not made any commitment to any local franchising authority to make any material expenditure or capital addition or betterment to any RMG System or the RMG Assets that will not be fulfilled or satisfied prior to the Closing Time. The RMG Systems Franchises and RMG Systems Licenses are currently in full force and effect, are not in default and are valid under all applicable Legal Requirements according to their terms. No event has occurred that, with notice or lapse of time or both, would constitute a breach, violation or default by RMG, and to RMG's Knowledge, no event has occurred that, with notice or lapse of time or both, would constitute a breach, violation or default by any other Person, of any material obligations under any such RMG Systems Franchises or RMG Systems Licenses. Except for routine filings with Governmental Authorities and as described on Schedule 6.5.2, there are no applications relating to any RMG Systems Franchise or RMG Systems License pending before any Governmental Authority which are material to any RMG System or RMG's Cable Business. Except where a request for renewal has been timely filed under Section 626(a) of the Cable Act, since December 31, 1998, no RMG Systems Franchise or RMG Systems License has been surrendered by RMG or has expired or otherwise terminated without the issuance of a replacement RMG Systems Franchise or RMG Systems License. There is no legal action, governmental proceeding or investigation pending or, to RMG's Knowledge, threatened to terminate, suspend or modify any RMG Systems Franchise or RMG Systems License. Except as set forth on Schedule 6.5.2, RMG is, or will be as of the Closing Date, in material compliance with the terms and conditions of all the RMG Systems Franchises and RMG Systems Licenses and other applicable requirements of all Governmental Authorities (including the FCC and the U.S. Copyright Office) relating to the RMG Systems Franchises and RMG Systems Licenses, including all requirements for notification, filing, reporting, posting and maintenance of logs and records.

6.5.3 RMG has delivered to IP-I true and complete copies of all RMG Systems Contracts (including each Contract relating to RMG Leased Property and RMG Other Real Property Interests), including any amendments thereto (or, in the case of oral Contracts, true and complete written summaries thereof) and each document evidencing RMG's ownership of the RMG Owned Property. Except as described in Schedule 6.5.3, RMG has fulfilled when due, or has taken all action necessary to enable it to fulfill when due, all of its obligations under each of its Contracts and, to the Knowledge of RMG, there has not occurred any default (without regard to requirements of notice, lapse of time, elections of other Persons, or any combination thereof) by any other Person of any material obligations under any of its Contracts or Real Property Interests.

6.6 Real Property. All the Assets consisting of RMG Owned Property, RMG Leased Property and material RMG Other Real Property Interests are described on Schedules 1.53, 1.55 and 1.56. Except for ordinary wear and tear and routine repairs and as set forth on Schedule 6.6, all of the improvements, leasehold improvements and the premises of the RMG Owned Property and the premises demised under the leases and other documents evidencing the RMG Leased Property are in good condition and repair and are suitable for the purposes used. Each parcel of RMG Owned Property and each parcel of RMG Leased Property and any improvements thereon (a) has access to and over public streets or private streets for which RMG has a valid right of ingress and egress, (b) except as set forth on Schedule 1.53 or 1.55, conforms in its current use and occupancy to all material zoning requirements without reliance upon a variance issued by a Governmental Authority or a classification of the parcel in question as a nonconforming use, (c) conforms in all material respects in its current use to all restrictive covenants, if any, or other Liens affecting all or part of such parcel (of record, with respect to RMG Owned Property, or of record or as set forth in an agreement listed on Schedule 1.53 or 1.55, with respect to RMG Leased Property or RMG Other Real Property Interests), and (d) is available for immediate use in the conduct of the business or operations of the RMG Systems. There are no pending condemnation, expropriation, eminent domain or similar proceedings of which RMG has received notice or RMG has Knowledge affecting, in any material respect, all or any portion of the RMG Owned Property, RMG Leased Property, or RMG Other Real Property Interests. RMG has good and marketable title to each such parcel of real property included in the RMG Owned Property and in all buildings, structures and improvements thereon, in each case free and clear of all Liens except for Permitted Liens.

6.7 Environmental.

6.7.1 Except as described on Schedule 6.7, RMG is in material compliance with all Environmental Laws, insofar as they relate to its Owned Property or Leased Property. Except as described on Schedule 6.7, RMG has not received any notice of, and has no Knowledge of, any alleged, actual, or potential responsibility for, or any inquiry regarding, (i) any release or threatened release of any Hazardous Substances from or on its Owned Property or Leased Property, or (ii) any material violation of any Environmental Laws associated with its Owned Property or Leased Property. Except as described on Schedule 6.7, to RMG's Knowledge, its

own operations on its Other Real Property Interests do not violate any Environmental Laws in any material respect, and RMG has received no notice of any such violation. Except as described on Schedule 6.7, RMG has not received any notice of, and has no Knowledge of circumstances relating to, any past, present or future events, conditions, circumstances, activities, practices or incidents (including the presence, use, generation, manufacture, disposal, release or threatened release of any Hazardous Substances from or on its Owned Property or Leased Property), which could interfere with or prevent continued compliance, or which are reasonably likely to give rise to any liability, based upon or related to the processing, distribution, use, treatment, storage, disposal, transport or handling, or the emission, discharge, release or threatened release into the environment, of any Hazardous Substance from or attributable to its Owned Property or Leased Property.

6.7.2 Except as described on Schedule 6.7, to RMG's Knowledge, (a) no aboveground or underground storage tanks are currently or have been located on any RMG Owned Property or RMG Leased Property and (b) no RMG Owned Property or RMG Leased Property has been used at any time as a gasoline service station or any other facility for storing, pumping, dispensing or producing gasoline or any other petroleum products or wastes.

6.7.3 Complete and correct copies of (a) all studies, reports, surveys or other similar written materials in RMG's possession or to which RMG, to its Knowledge, has access relating to the presence or alleged presence of Hazardous Substances at, on, under or affecting the RMG Owned Property or RMG Leased Property, (b) all notices (other than general notices made by general publication) in RMG's possession or to which RMG, to its Knowledge, has access that were received from any Governmental Authority having the power to administer or enforce any Environmental Laws relating to current or past ownership, use or operation of the RMG Owned Property or RMG Leased Property or activities at the RMG Owned Property or RMG Leased Property and (c) all notices and related materials in RMG's possession or to which RMG, to its Knowledge, has access relating to any Litigation concerning any Environmental Law to which RMG is a party or written allegation by any private Third Party concerning any Environmental Law and RMG, have been provided to IP-I (other than those materials constituting attorney-client privileged communications).

6.8 Compliance with Legal Requirements.

6.8.1 Except as set forth on Schedule 6.8, the operation of each RMG System as currently conducted does not violate or infringe any Legal Requirement currently in effect in any material respect (other than Legal Requirements described in Sections 6.7, 6.8.3 and 6.8.4, as to which the representations and warranties set forth in those subsections will apply) or the grounding requirements of the National Electrical Safety Code. Except as set forth on Schedule 6.8, RMG has not received any notice and RMG has no Knowledge of any material violation by it or any RMG System of any Legal Requirement applicable to the installation, ownership and operation of its Systems as currently conducted, and knows of no basis for the allegation of any such violation.

6.8.2 Except as set forth on Schedule 6.8, without limiting the generality of the foregoing, since RMG's acquisition of its Systems: RMG has submitted to the FCC all filings, including cable television registration statements, annual reports and aeronautical frequency usage notices and paid all regulatory fees, that are required under the rules and regulations of the FCC; the operation of its Systems has been and is in material compliance with the rules and regulations of the FCC, and RMG has not received any notice from the FCC of any violation of its rules and regulations; RMG is and since 1986 (or since its acquisition, if later) has been certified as in compliance with the FCC's equal employment opportunity rules; its Systems are in material compliance with all signal leakage criteria prescribed by the FCC; and for each relevant semi-annual reporting period since its acquisition of an RMG System, RMG has timely filed with the United States Copyright Office all required Statements of Account in true and correct form, has paid when due all required copyright royalty fee payments in correct amount, relating to its Systems' carriage of television broadcast signals and is otherwise in material compliance with all applicable rules and regulations of the Copyright Office. Except as set forth on Schedule 6.8, RMG has no Knowledge, with respect to any RMG System acquired since January 1, 1996, of any previous owner's failure to comply with the copyright licensing requirements with respect to such System or any written claim or inquiry from any Person which questions such System's failure to comply. RMG has delivered to IP-I copies of: (i) all reports, filings and correspondence made or filed by RMG with the FCC or pursuant to the FCC rules and regulations for the past year; and (ii) all reports, filings and correspondence made or filed by RMG with the Copyright Office or pursuant to Copyright Office rules and regulations for the past three years. Except as set forth on Schedule 6.8, (i) a request for renewal has been timely filed under Section 626(a) of the Cable Act with the proper Governmental Authority with respect to each Franchise expiring within 36 months after the date of this Agreement; and (ii) RMG has received no written notice from any Governmental Authority that it has determined or intends to deny renewal of any RMG Systems Franchise.

6.8.3 Except as set forth on Schedule 6.8 and as otherwise provided in this Section, RMG has used commercially reasonable efforts to comply in all material respects with the provisions of the 1984 Cable Act and the 1992 Cable Act pertaining to the carriage of television broadcast signals, as such Legal Requirements relate to the operation of its Systems. RMG has complied in all material respects with the must carry and retransmission consent provisions of the 1992 Cable Act, including (i) duly and timely notifying "local commercial television stations" of inadequate signal strength or increased copyright liability, if applicable, (ii) duly and timely notifying non-commercial educational stations of the location of its System's principal headend, (iii) duly and timely notifying subscribers of changes in the channel alignment on its Systems, (iv) duly and timely notifying "local commercial and non-commercial television stations" of the broadcast signals carried on its Systems and their channel positions, (v) maintaining the requisite public file identifying broadcast signal carriage, (vi) carrying the broadcast signals after June 1, 1993, on its Systems for all "local commercial television stations" which elected must carry status and, if required, up to two "qualified low power stations" and (vii) obtaining retransmission consents for all broadcast signals carried on its Systems after October 5, 1993, except for the non-exempt signals carried pursuant to a must carry election. No

must carry complaint is pending against any RMG System at the FCC, nor, to RMG's Knowledge, is any threatened except as set forth in Schedule 6.8. RMG has delivered to IP-I copies of any pending petitions it has on file with the FCC, including requests for market modifications or petitions for special relief or any market modification requests or special relief petitions affecting any RMG System that have been served on RMG. The FCC has not issued any decision with respect to a must carry complaint finding any RMG System in violation of the must carry rules except as set forth on Schedule 6.8.

6.8.4 RMG has used commercially reasonable efforts to establish rates charged and a la carte packages provided to subscribers, effective as of September 1, 1993, that would be allowable under rules and regulations promulgated by the FCC under the 1992 Cable Act, and any authoritative interpretation thereof, whether or not such rates or packages were subject to regulation at that date by any Governmental Authority, including any state regulatory agency, local franchising authority and/or the FCC. Notwithstanding the foregoing, RMG makes no representation or warranty that either the rates charged to subscribers or the a la carte packages provided would be allowable under any rules and regulations of the FCC, or any authoritative interpretation thereof, promulgated after the date of the Closing. RMG has delivered to IP-I complete and correct copies of (i) the most recent FCC Rate Forms filed by RMG with the local franchising authority and/or the FCC and will deliver as soon as available all FCC Rate Forms that are prepared with respect to the RMG Systems, (ii) all historical FCC Rate Forms with respect to any RMG System in which there is currently a rate issue pending, including any accounting order or any rate order on appeal, (iii) copies of all complaints, petitions, answers, responses and other filings made with or by any Governmental Authority in connection with any rate orders issued by such Governmental Authority or any appeal therefrom, and (iv) any documentation supporting an exemption from the rate regulation provisions of the 1992 Cable Act claimed by RMG with respect to its Systems. Except as set forth on Schedule 6.8, RMG has not made a Cost of Service Election with respect to any of the RMG Systems.

6.8.5 Except as set forth on Schedule 6.8, all necessary FAA approvals have been obtained and all necessary FCC tower registrations have been filed with respect to the height and location of towers used in connection with the operation of the RMG Systems, and such towers are being operated in compliance in all material respects with applicable FCC and FAA rules. The ownership, height (with and without appurtenances), location (address, latitude, longitude and ground elevation), structure type and FCC call signs of each tower used in connection with the operation of the RMG Systems are correctly described on Schedule 6.8. To the extent applicable, RMG has delivered to IP-I true and correct copies of the FAA final determinations that are available and FCC registrations for all such towers.

6.9 Intellectual Property. Except for Intellectual Property which constitutes RMG Excluded Assets, RMG does not possess any Intellectual Property related to or material to the operation of the RMG Systems and RMG is not a party to any license or royalty agreement with respect to any such Intellectual Property, except for licenses respecting program material or incidental to any Systems Contract and obligations under the Copyright Act applicable to cable

television systems generally. To the Knowledge of RMG, the RMG Systems and RMG's Cable Business have been operated in such a manner so as not to violate or infringe upon the rights, or give rise to any rightful claim of any Person for copyright, trademark, service mark, patent or license infringement or the like.

6.10 Financial Statements. RMG's statements of income for the years ended December 31, 1997 and 1998, attached hereto as Schedule 6.10, are in accordance with the books and records of the RMG Systems, were prepared in accordance with generally accepted accounting principles applied on a consistent basis throughout the periods covered thereby and, except as may be described therein, present fairly the operating results of the RMG Systems for the periods indicated, subject only to standard year-end adjustments and the omission of footnotes thereto.

6.11 Absence of Certain Changes or Events. Except as set forth on Schedule 6.11, since December 31, 1998, there has been no (i) material adverse change in, nor has any event or events (other than any affecting the cable television industry generally) occurred that, individually or in the aggregate, are reasonably likely to result in a material adverse change in the RMG Assets, business, operations, condition (financial or otherwise) or results of operations of the RMG Systems, taken as a whole and (ii) material change in accounting principles or practices with respect to the RMG Systems or revaluation by RMG of the RMG Assets for financial reporting, property tax or other purposes. From December 31, 1998 to the date of this Agreement, RMG's Cable Business has been conducted only in the usual, regular and ordinary course, except as disclosed on Schedule 6.11 and except where the failure to conduct business in such manner would not have a material adverse effect on the RMG Assets, RMG's Cable Business, the operations, condition (financial or otherwise) or results of operations of the RMG Systems taken as a whole or on the ability of RMG to perform its obligations under this Agreement.

6.12 Litigation. Except as set forth on Schedule 6.12: (a) there is no Litigation pending or, to RMG's Knowledge, threatened against RMG or any Affiliate of RMG which, if adversely determined, would (i) materially and adversely affect the financial condition or operations of RMG's Cable Business, any of the RMG Systems, the RMG Assets or the ability of RMG to perform its obligations under this Agreement or (ii) result in the modification, revocation, termination, suspension or other limitation of any of the RMG Systems Franchises, RMG Systems Licenses, or RMG Systems Contracts; and (b) there is not in existence any Judgment requiring RMG or any Affiliate of RMG to take any action of any kind with respect to the RMG Assets or the operation of any of the RMG Systems, or to which RMG (with respect to the RMG Systems), any of the RMG Systems or the RMG Assets are subject or by which they are bound or affected, that has not been fully complied with by RMG.

6.13 Tax Returns; Other Reports. RMG has duly and timely filed in correct form all federal, state, local and foreign Tax returns and other Tax reports required to be filed by RMG, and has timely paid all Taxes which have become due and payable, whether or not so shown on

any such return or report, the failure of which to be filed or paid could affect or result in the imposition of a Lien upon the RMG Assets or create any transferee or other liability upon IP-I, except such amounts as are being contested diligently and in good faith and are not in the aggregate material. Except as set forth on Schedule 6.13, RMG has not received any notice of, nor does RMG have any Knowledge of, any deficiency, assessment or audit, or proposed deficiency, assessment or audit from any taxing Governmental Authority which could affect, or result in the imposition of a Lien upon, any of the RMG Assets or transferee or other liability upon IP-I.

6.14 Employment Matters.

6.14.1 RMG has complied in all material respects with all applicable Legal Requirements relating to the employment of labor, including WARN, continuation coverage requirements with respect to group health plans and those relating to wages, hours, collective bargaining, unemployment insurance, workers' compensation, equal employment opportunity, age, sex, race and disability discrimination, immigration control and the payment and withholding of Taxes.

6.14.2 There are no Liens against the RMG Assets under Section 412(n) of the Code or Sections 302(f) or 4068 of ERISA. At the Closing, IP-I and its ERISA Affiliates will have no obligation to contribute to, or any liability in respect of, (i) any employee benefit plan within the meaning of Section 3(3) of ERISA, or (ii) any similar employment, severance or other arrangement or policy (whether written or oral) providing for insurance coverage (including self-insured arrangements), workers' compensation, disability benefits, supplemental unemployment benefits, vacation benefits, fringe benefits or retirement benefits, or for profit sharing, deferred compensation, bonuses, stock options, stock appreciation or other forms of incentive compensation or post-retirement insurance, compensation or benefits, sponsored or maintained by RMG or any of its ERISA Affiliates, or to which RMG or any of its ERISA Affiliates was obligated to contribute. RMG will not, in connection with the transactions contemplated by this Agreement, cease to provide any group health plan coverage to their employees in a manner which would cause any IP-I Party or any of their ERISA Affiliates to be deemed a successor employer of RMG within the meaning of Proposed Treasury Regulations Section 54.4980B-9 Q&A8(c). With respect to any multi-employer plan within the meaning of Section 3(37) of ERISA, or any plan subject to Title IV of ERISA, to which RMG or any of its ERISA Affiliates is or ever was obligated to contribute, (a) there has been no material "reportable event" described in Sections 4043(c)(1), (2), (3), (5), (6), (7), (10), or (13) of ERISA, (b) no "accumulated funding deficiency" (as defined in Section 302 of ERISA) or "withdrawal liability" (as determined under Section 4201 et seq. of ERISA) has occurred, exists or is continuing with respect to any such plan other than a multi-employer plan (as defined in Section 3(37) of ERISA), or, to the Knowledge of RMG or any of its ERISA Affiliates, with respect to any such plan which is a multi-employer plan (as defined in Section 3(37) of ERISA), (c) no such plan has been terminated other than in accordance with ERISA or at a time when such plan was not sufficiently funded, and (d) there has been no (i) withdrawal by RMG or any of its ERISA Affiliates that is a

substantial employer from a single-employer plan and that has two or more contributing sponsors at least two of whom are not under common control, as referred to in Section 4063(b) of ERISA, or (ii) cessation by RMG or any of its ERISA Affiliates of operations at a facility causing more than 20% of plan participants to be separated from employment, as referred to in Section 4062(e) of ERISA. With respect to any plan maintained, sponsored by, or contributed to by RMG, which is intended to comply with the provisions of Section 401(k) of the Code, and from which any similar plan maintained or sponsored by any IP-I Party or any of their ERISA Affiliates accepts a plan-to-plan transfer under Section 7.3.3, (I) such plan has received a favorable determination letter from Internal Revenue Service, and neither RMG nor any of its ERISA Affiliates has any Knowledge of any fact which could adversely affect the qualified status of such plan, and (II) such plan has been administered and maintained in material compliance with ERISA, the Code and all other applicable laws.

6.14.3 Except as set forth on Schedule 6.14, there are no collective bargaining agreements applicable to any Person employed by RMG that renders services in connection with the RMG Systems and RMG has no duty to bargain with any labor organization with respect to any such Person. Except as set forth on Schedule 6.14, there are not pending any unfair labor practice charges against RMG, any demand for recognition or any other request or demand from a labor organization for representative status with respect to any Person employed by RMG that renders services in connection with the RMG Systems. Except as described on Schedule 6.14, RMG has no employment agreements, either written or oral, with any employee of the RMG Systems and none of the employment agreements listed on Schedule 6.14 requires RMG, or will require IP-I or any Affiliate of IP-I, to employ any Person after the Closing.

7.2 Continuity and Maintenance of Operations, Certain Deliveries and Notice. Except as set forth on Schedule 7.2, in the 1999 operating budgets set forth on Schedule 7.2-A, with respect to RMG, and on Schedule 7.2-B, with respect to IP-I, or as the other Party may otherwise consent in writing, between the date of this Agreement and the Closing, each of RMG with

7.2.5 will give or cause to be given to the other, as soon as reasonably possible but in any event within five Business Days after the date of submission to the appropriate Governmental Authority, copies of all FCC Forms 1200, 1205, 1210, 1215, 1220, 1225, 1235 and 1240 or any other FCC forms required to be filed with any Governmental Authority under the 1992 Cable Act with respect to rates and prepared with respect to any of its Systems;

7.2.8 will use its commercially reasonable efforts to challenge and contest any Litigation brought against or otherwise involving such Party that could result in the imposition of Legal Requirements that could cause the conditions to the Closing not to be satisfied; and

7.2.9 will cause its appropriate Affiliates to be bound by and comply with the provisions of this Section 7.2 to the extent such Affiliates own, operate or manage any of the RMG Assets, RMG Systems, IP-I Assets or IP-I Systems, as the case may be.

7.3 Employees.

7.3.1 Except as set forth in this Section 7.3.1, each Party may, but shall have no obligation to employ or offer employment to, any employee of the other Party's Cable Business. Within 30 days after the date of execution of this Agreement, each Party shall provide to the other a list of all employees of its Systems (collectively for each Party, its "System Employees") as of a recent date, showing the original hire date, the then-current positions and rates of compensation and whether the employee is subject to an employment agreement, a collective bargaining agreement or represented by a labor organization. Within 60 days after the date of execution of this Agreement (but in no event less than 30 days after receipt of such list), or such other date as the Parties may agree, the Party receiving such list will provide to the other in writing a list of the other's System Employees such Party or its Affiliates will employ following the Closing, subject only to the evaluations permitted by this Section. Each Party agrees, and shall cause its appropriate Affiliates, to cooperate in all reasonable respects with the other Party to allow the other Party or its Affiliates to evaluate its System Employees to make hiring decisions. In this regard, each Party shall have the opportunity to make such appropriate prehire investigation of each of such other Party's System Employees, as it deems necessary, including, subject to obtaining the consent of such System Employee, the right to review personnel files and conduct background checks and the right to interview such employees during normal working hours so long as such interviews are conducted after notice to the other Party and do not unreasonably interfere with the other Party's operations. Each Party will use its good faith efforts to obtain the consent of each of its System Employees to allow the other Party to review personnel files and to conduct background checks in connection with the foregoing. Each Party or its Affiliates may, if it wishes, condition any offer of employment upon the employee's passing a pre-placement physical examination (including drug screening test) and the completion

of a satisfactory background check. The Party requesting such examination shall bear the expense of such examination but the other Party shall, upon reasonable notice, cooperate in the scheduling of such examinations so long as the examinations do not unreasonably interfere with the other Party's operations. As of the Closing Date, each Party shall have no obligation to the other Party, its Affiliates or to the other Party's employees, with regard to any employee it has determined not to hire. Notwithstanding any of the foregoing, each Party agrees not to solicit for employment, without the written consent of the other, any employee listed on Schedule 7.3 or any other employee of the other Party whose position is System manager or higher.

7.3.2 Each Party, or its appropriate Affiliate, will pay to all of its System Employees all compensation, including salaries, commissions, bonuses, deferred compensation, severance (to the extent applicable), insurance, vacation (except for accrued vacation time (not to exceed four weeks) and sick time (not to exceed 10 days) included in the calculation of such Party's Adjusted Value under the Common Agreement, with respect to the IP-I Systems, or the Redemption Agreement, with respect to the RMG Systems), and other compensation or benefits to which they are entitled for periods prior to the Closing, including all amounts, if any, payable on account of the termination of their employment.

7.3.3 Each Party, or its appropriate Affiliate, will be responsible for maintenance and distribution of benefits accrued under any employee benefit plan (as defined in ERISA) maintained by such Party, or its appropriate Affiliate, pursuant to the provisions of such plan and any Legal Requirements. Neither Party will assume any obligation or liability for any such accrued benefits or any fiduciary or administrative responsibility to account for or dispose of any such accrued benefits under any employee benefit plans maintained by the other Party or any Affiliate. In the event that a transferor Party determines that the transactions contemplated by this Agreement will not permit a distribution to be made to a Hired Employee (as defined below) from the transferor Party's tax qualified plan in accordance with Section 401(k)(10) of the Code then the other Party may accept a plan-to-plan transfer of Hired Employees' plan benefits to its own tax qualified plan. If there is no plan-to-plan transfer, in order to permit a transferor Party, or its appropriate Affiliate, to make distributions to any former System Employee of such Party who becomes a Hired Employee of the other Party of the balance of such employee's 401(k) account in the transferor Party's or its Affiliate's tax qualified plan, if any, as soon as legally permitted, each transferee Party shall notify the other Party of the date of termination of such employee's employment with the transferee Party for any reason.

7.3.4 All claims and obligations under, pursuant to or in connection with any welfare, medical, insurance, disability or other employee benefit plans of a Party or any Affiliate or arising under any Legal Requirement affecting employees of such Party or any Affiliate incurred on or before the Closing Date or resulting from or arising from events or occurrences occurring or commencing on or before the Closing Date will remain the responsibility of such Party, or the appropriate Affiliate, whether or not such employees are hired by the other Party as of or after the Closing. Neither Party will have or assume any obligation or liability under or in connection with any such plan of the other Party or any Affiliate of the other Party.

7.3.5 Each Party, or its appropriate Affiliate, will remain solely responsible for, and will indemnify and hold harmless the other from and against all Losses arising from or with respect to, all salaries and all severance, vacation (except for accrued vacation time and sick time included in the calculation of such Party's Adjusted Value under the Common Agreement, with respect to the IP-I Systems, or the Redemption Agreement, with respect to the RMG Systems), medical, holiday, continuation coverage and other compensation or benefits to which its employees may be entitled, whether or not such employees may be hired by the other Party or any Affiliate of the other Party, as a result of their employment by such Party or any Affiliate of such Party on or prior to the Closing Date, the termination of their employment on or prior to the Closing Date, the consummation of the transactions contemplated hereby or pursuant to any applicable Legal Requirement or otherwise relating to their employment prior to the Closing Date. Any liability under WARN with regard to any employee terminated on or prior to the Closing Date, or not hired by the other Party on or after the Closing Date, shall, as a matter of contract between the Parties, be the responsibility of the Party or its Affiliates by which the employee was employed prior to the Closing Date. Each Party and its Affiliates shall cooperate with the other Party and its Affiliates, if requested, in the giving of WARN notices on behalf of the other.

7.3.6 Notwithstanding anything to the contrary herein, each Party shall:

(a) credit each System Employee of the other Party who is offered on or prior to the Closing employment by such Party and becomes an employee of such Party after the Closing Date (a "Hired Employee") the amount of vacation time (to a maximum of four weeks) and sick time (to a maximum of 10 days) accrued by him or her as a System Employee of the transferor Party through and including the Closing Date to the extent the transferor Party's System Value is decreased pursuant to Section 2.2(b) of the Redemption Agreement in the case of RMG System Employees who become employees of any IP-I Party or its Affiliates and Section 2.2(c)(ii) of the Common Agreement in the case of IP-I System Employees who becomes employees of RMG or its Affiliates, provided, however, that if any Hired Employee has accrued vacation time and/or sick time in excess of four weeks or 10 days, respectively, then the transferor Party shall, and shall cause its appropriate Affiliate to, pay to such employee the amount of such excess and the transferee Party shall not assume any liability or obligation in respect of such excess;

(b) permit each Hired Employee to participate in such Party's employee benefit plans to the same extent as similarly situated employees of such Party and their dependents are permitted to participate;

(c) give each Hired Employee credit for such employee's past service with the other Party and its Affiliates as of the Closing Date (including past service with any prior owner or operator of the other Party's Systems or Cable Business) for purposes of eligibility and vesting under such Party's employee benefit and other plans to the same extent as other similarly situated employees of such Party;

(d) not subject any Hired Employee to any waiting periods or limitations on benefits for pre-existing conditions under such Party's employee benefit plans, including any group health and disability plans, except to the extent such employees were subject to such limitations under the employee benefit plans of such other Party or any Affiliate of such other Party; and

(e) credit each Hired Employee under any group health plan for any deductible amount previously met by such Hired Employee as of the Closing Date under any of the group health plans of the transferor Party or any of its Affiliates.

7.3.7 If a transferee Party discharges any Hired Employee without cause within one hundred twenty days after Closing, then such transferee Party shall pay severance benefits to such Hired Employee in accordance with such transferor Party's severance benefit plan. For purposes of this Section 7.3.7, "cause" shall have the meaning set forth in the transferee Party's employment policies, procedures or agreements applicable to such transferee Party's employees who are situated similarly to the discharged Hired Employee.

7.3.8 If a transferor Party has, or acquires, a duty to bargain with any labor organization, then such transferor Party will (i) give prompt written notice of such development to the other Party, including notice of the date and place of any negotiating sessions as they are planned or contemplated and permit the other Party to have a representative present at all negotiating sessions with such labor organization and at all meetings preparatory thereto (including making the transferee Party's representative a representative of the transferor Party's delegation if required by the labor organization) and (ii) not, without the transferee Party's written consent, enter into any Contract with such labor organization that purports to bind the transferee Party, including any successor clause or other clause which would have this purpose or effect. Each Party (as a transferor Party) acknowledges and agrees that the other Party has not agreed to be bound, and will not be bound, without an explicit assumption of such liability or responsibility by the transferee Party, by any provision of any collective bargaining agreement or similar Contract with any labor organization to which the transferor Party or any of its Affiliates is or may become bound.

7.3.9 Nothing in this Section 7.3 or elsewhere in this Agreement shall be deemed to make any employee of either Party a third party beneficiary of this Agreement.

7.3.10 Notwithstanding any other provision of this Agreement, in respect of wages paid with respect to the 1999 calendar year to employees of IP-I who after the Closing become employees of RMG, or vice versa, RMG and IP-I agree to comply, and to cause their respective affiliates to comply, with the alternative procedures set forth in Section 5 of Revenue Procedure 96-60 and shall cooperate, and shall cause their respective affiliates to cooperate, with each other in complying with such procedures.

7.4 Leased Vehicles; Other Capital Leases. Except for leases included in the IP-I Tangible Personal Property and described in Schedule 4.4(b), IP-I will pay the remaining balances on any leases for vehicles or capital leases included in its Tangible Personal Property and will deliver title to such vehicles and other Tangible Personal Property, free and clear of all Liens, to RMG at the Closing.

7.5 Required Consents; Franchise Renewal.

7.5.1 Each Party will use its commercially reasonable efforts to (i) obtain in writing as promptly as possible and at its expense, all of the Required Consents and any other consent, authorization or approval required to be obtained by such Party in connection with the transactions contemplated by this Agreement, and deliver to the other Party copies of such Required Consents and such other consents, authorizations or approvals promptly after they are obtained by such Party and (ii) give any required written notice in connection with the transactions; provided, that each Party will afford the other Party the opportunity to review, approve and revise the form of letter or application proposed to request the Required Consent or form of written notice prior to delivery to the Third Party or the Affiliate of a Party whose consent is sought or to whom such notification is required. All documents delivered or filed with any Governmental Authority or any Person by or on behalf of such Party pursuant to this Section 7.5.1, when so delivered or filed, will be correct, current and complete in all material respects. Each Party will cooperate with the other Party to obtain all Required Consents and no Party shall intentionally take any action or steps that would prejudice or jeopardize the obtaining of any Required Consent. No Party will accept or agree or accede to any modifications or amendments to, or the imposition of any condition to the transfer of, any of the System Franchises, System Licenses or System Contracts of its Cable Business that are not acceptable to the other Party. Notwithstanding the foregoing, as soon as practicable after the date of this Agreement (and in no event more than 15 Business Days hereafter), each Party will cooperate with each other to complete, execute and deliver, or cause to be completed, executed and delivered, to the appropriate Governmental Authority, a FCC Form 394 with respect to each System Franchise other than any such Governmental Authority that the Parties have agreed will not initially receive FCC Form 394; provided, that if either Party subsequently requests that FCC Form 394 be completed, executed and delivered to any appropriate Governmental Authority that did not initially receive a FCC Form 394 for any System Franchise, then the Parties will cooperate to complete, execute and deliver a FCC Form 394 to such Governmental Authority as soon as practicable but in any event within 15 Business Days after a Party has made such request. Without the prior consent of the other Party, neither Party shall agree with any Governmental Authority to extend or to toll the time limits applicable to such Governmental Authority's consideration of any FCC Form 394 filed with such Governmental Authority.

7.5.2 Each Party will use commercially reasonable efforts to obtain and cooperate with the other Party to obtain a renewal or extension of any System Franchise (for a period expiring no earlier than three years after the Closing Date) for which a valid notice of renewal pursuant to the formal renewal procedures established by Section 626 of the Cable Act

has not been timely delivered to the appropriate Governmental Authority and no written confirmation has been received from such Governmental Authority that the procedures established by Section 626 nonetheless will be applicable with respect to the renewal or extension of such System Franchise.

7.5.3 Notwithstanding the provisions of Section 7.5.1, no Party will have any further obligation to obtain Required Consents: (a) with respect to license agreements relating to pole attachments where the licensing authority will not consent to an assignment of such license agreement but requires that the other Party enter into a new agreement with such licensing authority, in which case the other Party shall use its commercially reasonable efforts to enter into such agreement prior to Closing or as soon as practicable thereafter and such Party will cooperate with and assist the other Party in obtaining such agreements; (b) for any business radio license or any private operational fixed service (POFS) microwave license which such Party reasonably expects can be obtained within 120 days after the Closing and so long as a conditional temporary authorization (for a business radio license) or a special temporary authorization (for a POFS license) is obtained by the other Party under FCC rules with respect thereto; (c) with respect to Contracts evidencing Leased Property, if, with the consent of the other Party, such Party obtains and makes operational prior to Closing substitute Leased Property that is reasonably satisfactory to the other Party; (d) with respect to Contracts evidencing leased Tangible Personal Property that is material to its Cable Business, if, with the consent of the other Party, such Party obtains and makes operational prior to Closing substitute Tangible Personal Property that is reasonably satisfactory to the other Party; and (e) with respect to Contracts which are not identified with an asterisk (*) on Schedule 5.3 or 6.3, if RMG, with respect to Contracts relating to RMG Systems, or IP-I, with respect to Contracts relating to IP-I Systems, uses its commercially reasonable efforts to obtain the Required Consent of the other party to such Contract but fails to obtain such consent on or prior to Closing.

7.5.4 If and to the extent that RMG and the IP-I Parties, or any of them, fails to obtain all Required Consents identified with an asterisk (*) on Schedule 5.3 (except Required Consents for the transfer of Systems Franchises which shall be governed by Section 7.5.5) on or prior to the Closing (whether or not IP-I or RMG shall have waived satisfaction of the condition to Closing set forth in Section 8.1.5 or Section 8.2.5, respectively), subsequent to the Closing, each of RMG with respect to its Systems and Assets and the IP-I Parties with respect to their Systems and Assets will continue to use commercially reasonable efforts to obtain in writing as promptly as possible such Required Consents and will deliver copies of the same, reasonably satisfactory in form and substance, to the other. The obligations set forth in this Section will survive the Closing and will not be merged in the consummation of the transactions contemplated hereby.

7.5.5 If less than all of the Required Consents for the transfer of Systems Franchises are obtained as of the Closing Date, then subject to the conditions set forth in Section 4.1(c) of the Common Agreement and Sections 9.1(c)(ii) and 9.1(c)(iii) of the Redemption Agreement the following will occur:

(a) With respect to each RMG Systems Franchise for which an RMG Required Consent has not been obtained as of the Closing Date (including any RMG Assets that are located in the franchise area for such franchise or relate exclusively to such franchise, an "RMG Retained Franchise"), the parties will negotiate in good faith to reach agreement on a IP-I Systems Franchise (including any IP-I Assets that are located in the franchise area for such franchise or relate exclusively to such franchise, a "IP-I Matching Franchise") that is to the greatest extent possible, like kind to such RMG Retained Franchise for purposes of Section 1031 of the Code and the applicable Exchange. A IP-I Matching Franchise may also be a IP-I Retained Franchise. For purposes of this Section 7.5.5, a "Retained Franchise" means either an RMG Retained Franchise or a IP-I Retained Franchise or both, as the context requires, and a "Matching Franchise" means either an RMG Matching Franchise or a IP-I Matching Franchise or both, as the context requires.

(b) With respect to each IP-I Systems Franchise for which a IP-I Required Consent has not been obtained as of the Closing Date (including any IP-I Assets that are located in the franchise area for such franchise or relate exclusively to such franchise, a "IP-I Retained Franchise"), the parties will negotiate in good faith to reach agreement on an RMG Systems Franchise (including any RMG Assets that are located in the franchise area for such franchise or relate exclusively to such franchise, a "RMG Matching Franchise") that is to the greatest extent possible, like kind to such IP-I Retained Franchise for purposes of Section 1031 of the Code and the applicable Exchange. An RMG Matching Franchise may also be an RMG Retained Franchise.

(c) The parties shall negotiate in good faith to reach agreement on one or more operating agreements pursuant to which the intended transferee of each Retained Franchise and Matching Franchise will operate such Retained Franchise and Matching Franchise to the extent not prohibited under the terms thereof, and for compensation as may be agreed upon, which operating agreements shall also contain any required signal sharing arrangements that the parties, each acting in good faith, may determine to be necessary (the "Operating Agreements").

(d) At the Closing, the IP-I Parties and RMG shall transfer, convey and assign (the "Primary Transfer") all of the RMG System Assets other than any RMG Retained Franchises and RMG Matching Franchises and all of the IP-I System Assets other than any IP-I Retained Franchises and IP-I Matching Franchises.

(e) Following the Closing of the Primary Transfer, the parties will continue to use commercially reasonable efforts to obtain on an expedited basis the Required Consents for all RMG Retained Franchises and IP-I Retained Franchises. The Operating Agreements will contain mutually acceptable terms regarding the post-Closing exchange or transfer (a "Subsequent Transfer") of the Retained Franchises and Matching Franchises after the receipt or failure to receive the Required Consents applicable to such Retained Franchises and Matching Franchises.

(f) All references in this Agreement to the Closing and the Closing Date will mean the Closing and Closing Date of the Primary Transfer except as specifically provided otherwise in this Section 7.5.5(f). Without limiting the foregoing, all representations and warranties (except as to those Required Consents that have not been obtained) made in connection with the Retained Franchises and the Matching Franchises will be made as of the Closing Date rather than the date of the Subsequent Transfer, the other covenants in Article 7 will not apply to the Retained Franchises or the Matching Franchises following the Closing Date, and the Survival Period applicable under Article 11 for all such representations, warranties and covenants will accrue from the Closing Date; provided, that the parties will negotiate in good faith to include appropriate covenants in the Operating Agreements that will apply to the Retained Franchises and the Matching Franchises following Closing. The closing conditions in Article 8 will not apply to any Retained Franchise or Matching Franchise transfer; provided, that the parties will negotiate in good faith to include appropriate conditions to the later transfer of the Retained Franchises and the Matching Franchises in the Operating Agreements. Notwithstanding the foregoing, the adjustments provided for in Article 3 will be made as of the Closing Date for both the Retained Franchises and the Matching Franchises.

(g) If the provisions of this Section 7.5.5 become operative, the parties agree to use commercially reasonable efforts and act in good faith in taking such actions and negotiating such additional provisions or other agreements, including amendments to this Agreement, as may be necessary or appropriate to carry out the intent of this Section 7.5.5, including keeping franchise transfers effective.

7.6 Title Commitments and Surveys. Each Party will have the option to obtain, at its own expense, (i) commitments of title insurance ("Title Commitments") issued by a nationally recognized title insurance company selected by the requesting party (the "Title Company") and containing policy limits and other terms reasonably acceptable to the requesting party, and photocopies of all recorded items described as exceptions therein committing to insure (A) fee title in the requesting party to each parcel of RMG Owned Property or IP-I Owned Property, as the case may be, and (B) a leasehold interest in the requesting party in each parcel of RMG Leased Property or IP-I Leased Property, as the case may be, that is the site of a System headend or tower, by American Land Title Association ("ALTA") (1992) owner's or lessee's policies of title insurance, and (ii) current ALTA as-built surveys (in accordance with the Minimum Standard Detail Requirements for Land Title Surveys jointly established and adopted by ALTA and the American Congress on Surveying and Mapping in 1992) of each such parcel of RMG or IP-I Owned Property or RMG or IP-I Leased Property with monuments placed at all major corners of the property boundary unless already marked and showing the location and identification by recorded instrument number of all easements or rights-of-way burdening or benefiting the property in question and all other documents and matters referenced as exceptions on the Title Commitment, the location of all apparent easements and rights-of-way, flood zone designation, setback lines, if applicable, the location of all substantial visible improvements on such property and the location of all adjoining streets and indication of access to a public way such as curb cuts and driveways, in such form as is reasonably satisfactory to the requesting

party and as is necessary to obtain the title insurance to be issued pursuant to the Title Commitments with the standard printed exceptions relating to survey matters deleted (the "Surveys"), certified to the parties and the Title Company issuing a Title Commitment. If the requesting party notifies the other party within 20 days of this Agreement or, if later, of its receipt of both the Title Commitments and the Surveys of any Lien (other than a Permitted Lien) or other matter affecting title to RMG or IP-I Owned Property or RMG or IP-I Leased Property of the other which renders (or presents a material risk of rendering) title to any parcel of RMG or IP-I Owned Property not good and marketable or prevents or materially interferes with (or presents a material risk of preventing or interfering with) the use of any parcel of RMG or IP-I Owned Property or RMG or IP-I Leased Property for the purposes for which it is currently used or intended to be used by such Party (each a "Title Defect"), such party will exercise commercially reasonable efforts to remove or, with the consent of the requesting party, cause the Title Company to commit to insure over, each such Title Defect prior to the Closing.

7.7 HSR Notification. As soon as practicable after the execution of this Agreement, but in any event no later than 30 days after such execution, the IP-I Parties and RMG will each complete and file, or cause to be completed and filed at its own cost and expense, any notification and report required to be filed under the HSR Act with respect to the transactions contemplated by this Agreement and each such filing shall request early termination of the waiting period imposed by the HSR Act. The Parties shall use their respective commercially reasonable efforts to respond as promptly as reasonably practicable to any inquiries received from the Federal Trade Commission (the "FTC") and the Antitrust Division for additional information or documentation and to respond as promptly as reasonably practicable to all inquiries and requests received from any other Governmental Authority in connection with antitrust matters. The Parties shall use their respective commercially reasonable efforts to overcome any objections which may be raised by the FTC, the Antitrust Division or any other Governmental Authority having jurisdiction over antitrust matters. Each Party will cooperate to prevent inconsistencies between their respective filings and between their respective responses to all such inquiries and responses, and will furnish to each other such necessary information and reasonable assistance as the other may reasonably request in connection with its preparation of necessary filings or submissions under the HSR Act. Notwithstanding the foregoing, no Party shall be required to make any significant change in the operations or activities of the business (or any material assets employed therein) of such Party or any of its Affiliates, if a Party determines in good faith that such change would be materially adverse to the operations or activities of the business (or any material assets employed therein) of such Party or any of its Affiliates having significant assets, net worth or revenue.

7.8 Sales and Transfer Taxes. All sales, use or excise Taxes arising from or payable by reason of the transfer of any of the RMG Assets or any of the IP-I Assets ("Transfer Taxes") will be shared equally by RMG and IP-I. All transfer and similar taxes or assessments, including transfer fees and similar assessments for or under System Franchises, System Licenses and System Contracts, arising from or payable by reason of the conveyance of the RMG Assets or the IP-I Assets also will be shared equally by RMG and IP-I. Tax Returns required to be filed in

respect of Transfer Taxes ("Transfer Tax Returns") shall be prepared and filed by the party that has the primary responsibility under applicable law for filing such Transfer Tax Returns. If no party has primary responsibility for filing a Transfer Tax Return, then RMG shall be responsible for preparing and filing any such Transfer Tax Return.

7.9 Programming. Each Party will execute and deliver such documents and take such action as may be reasonably requested by another Party to enable such other Party to comply with the requirements of its programming agreements with respect to divestitures and acquisitions of cable television systems; provided, however, RMG will not be required to provide specific programming or channels or to assume any liability with respect to or in connection with the programming agreements of the other Party or any Affiliate of IP-I, except to the extent included on Schedule 4.4(b).

7.10 Updated Schedules.

(a) Schedule and exhibit references contained in this Agreement are for convenience only and any matter disclosed pursuant to one section, subsection or other provision of this Agreement, are deemed disclosed for all purposes of this Agreement, as long as the disclosure with respect to such matter provides a truthful, accurate and adequate description of all relevant aspects of such matter.

(b) Not less than ten Business Days prior to Closing, each of RMG and IP-I will deliver to the other revised copies of each of its Schedules, except for Schedules 5.15 and 6.15 as they relate to matters addressed in Sections 5.15.1 and 5.15.2, and Sections 6.15.1 and 6.15.2, respectively (regardless of whether the original Schedule is as of a certain date) which shall have been updated and marked to show any changes occurring between the date of this Agreement and the date of delivery; provided, however, that such updates are for informational purposes only, and for purposes of determining whether such Party's representations, warranties and covenants in this Agreement are true and correct at Closing, all references to the Schedules will mean the version of the Schedules attached to this Agreement on the date of signing. Notwithstanding the foregoing, if the effect of any such updates to Schedules is to disclose any one or more additional properties, privileges, rights, interests or claims, in each case acquired after the date of this Agreement ("New Properties") as Assets that would have been (if owned on the date of this Agreement) required by this Agreement to have been disclosed by such Party in its original Schedules or that were acquired by such Party after the date of this Agreement in breach of this Agreement, then the other Party, at or before Closing, will have the right (to be exercised by written notice to such Party) to cause any one or more of such New Properties to be designated as and deemed to constitute Excluded Assets of such Party for all purposes under this Agreement. If such right is not exercised by any Party entitled to exercise such right and if such Party waives the applicable condition to Closing provided in Section 8.1.1, 8.1.2, 8.2.1 or 8.2.2, such Party shall be deemed to have accepted such new disclosure with respect to such New Properties and it shall be deemed incorporated by reference into the Schedules. Notwithstanding anything to the contrary contained in this Agreement, and except as set forth in the preceding

sentence with respect to New Properties, the waiver of any condition to Closing by a Party who has knowledge of a breach by the other Party will not be deemed a waiver of any rights and remedies with respect to such breach under this Agreement or the Common Agreement.

7.11 Use of Name and Logo. For a period of 180 days after the Closing, each of the IP-I Parties and RMG will be entitled to use the trademarks, trade names, service marks, service names, logos and similar proprietary rights of the transferor to the extent incorporated in or on the Assets transferred to it at the Closing on a royalty-free basis, provided that each of the IP-I Parties and RMG will exercise commercially reasonable efforts to remove all such names, marks, logos and similar proprietary rights of the transferor (except to the extent otherwise permitted by IP-I or RMG) from the Assets as soon as reasonably practicable, and in any event within 180 days, following the Closing. Notwithstanding the foregoing, nothing in this Section will require any Party to remove or discontinue using any such name or mark that is affixed to converters or other items in or to be used in customer homes or properties, or as are used in a similar fashion making such removal or discontinuation impracticable.

7.12 Transitional Billing Services. IP-I and RMG will each provide to the other, upon written request delivered a reasonable amount of time in advance and to the extent reasonably practicable, access to and the right to use its billing system computers, software and related fixed assets in connection with the Systems acquired by the other for a period of up to 150 days following the Closing to allow for conversion of existing billing arrangements, including billing and related arrangements regarding internet access services being provided to customers of a System on the Closing Date ("Transitional Billing Services"). Each Party will notify the other at least thirty days prior to the Closing as to whether it desires Transitional Billing Services from the other. All Transitional Billing Services, if any, that are requested by a Party will be provided on terms and conditions reasonably satisfactory to each Party; provided, however, that the amount to be paid by the Party receiving Transitional Billing Services will not exceed the out-of-pocket cost to the other Party of providing such Transitional Billing Services. Each Party will notify the other of the cost to such Party of providing such Transitional Billing Services within ten Business Days after receiving the other Party's notice requesting the provision of such Transitional Billing Services.

7.13 Confidentiality and Publicity.

7.13.1 Prior to the Closing, each Party will keep confidential any non-public information that such Party may obtain from the other in connection with this Agreement, and following the Closing, each Party will keep confidential any non-public information that such Party may obtain from the other in connection with this Agreement unrelated to the Cable Business and Systems transferred by the other Party pursuant to this Agreement as well as any non-public information in the possession of such Party related to the Cable Business and Systems transferred by such Party to the other Party pursuant to this Agreement (any such information that a Party is required to keep confidential pursuant to this sentence shall be referred to as "Confidential Information"). Each Party will not disclose, and will cause its employees,

consultants, advisors and agents not to disclose, any Confidential Information to any other Person (other than its directors, officers and employees and representatives of its advisers and lenders whose knowledge thereof is necessary in order to facilitate the consummation of the transactions contemplated hereby) or use, and will cause its controlled Affiliates, directors, officers, employees, consultants, advisors and agents not to use, such Confidential Information to the detriment of the other; provided that (i) such Party may use and disclose any such Confidential Information once it has been publicly disclosed (other than by such Party in breach of its obligations under this Section) or which rightfully has come into the possession of such Party (other than from the other Party and other than from another Person in violation of any duty or obligation of confidentiality) and (ii) to the extent that such Party may, in the reasonable opinion of its counsel, be compelled by Legal Requirements to disclose any of such Confidential Information, such Party may disclose such Confidential Information if it will have used all reasonable efforts, and will have afforded the other the opportunity, to obtain an appropriate protective order or other satisfactory assurance of confidential treatment, for the Confidential Information compelled to be disclosed. In the event of termination of this Agreement, each Party will cause to be delivered to the other, and retain no copies of, any documents, work papers and other materials obtained by such Party or on its behalf from the other, whether so obtained before or after the execution hereof.

7.13.2 No Party will issue any press releases or make any other public announcement concerning this Agreement and the transactions contemplated hereby, except as required by applicable Legal Requirements, without the prior written consent and approval of the other Party, which consent and approval may not be unreasonably withheld.

7.13.3 Each Party expressly agrees that, in addition to any other right or remedy the other may have, such other Party may seek and obtain specific performance of the covenants and agreements set forth in or made pursuant to this Section 7.13 and temporary and permanent injunctive relief to prevent any breach or violation thereof, and that no bond or other security may be required from such other parties in connection therewith.

7.14 Bulk Transfer. Each Party waives compliance by each other Party with Legal Requirements relating to bulk transfers applicable to the transactions contemplated hereby.

7.15 Lien Searches. Each Party will obtain, at its expense, the results of a lien search conducted by a professional search company of records in the offices of the secretaries of state in each state and county clerks in each county where there exist any of its Owned Property or Tangible Personal Property, and in the state and county where such Party's principal offices are located, including copies of all financing statements or similar notices or filings (and any continuation statements) discovered by such search company.

7.16 Further Assurances. At or after the Closing, each Party at the request of the other Party, will promptly execute and deliver, or cause to be executed and delivered, to the other Party all such documents and instruments, in addition to those otherwise required by this Agreement,

in form and substance reasonably satisfactory to the other Party as the other Party may reasonably request in order to carry out or evidence the terms of this Agreement or to collect any accounts receivable or other claims included in the Assets transferred to the other Party. Without limiting the generality of the foregoing, the IP-I Parties and RMG will take, or cause to be taken, all actions consistent with the terms of this Agreement, including execution and delivery of any documents or instruments, as the other may reasonably request to effect the qualification of the transactions contemplated hereby as a like-kind exchange under Section 1031 of the Code.

7.17 Post-Closing Cooperation as to Rates.

7.17.1 Each of RMG and the IP-I Parties will use commercially reasonable efforts to cooperate with and assist the other by providing, upon reasonable request, all information in that Party's possession (and not previously made available to the requesting Party) relating directly to the rates set forth on Schedule 5.15.2 or 6.15.2, as applicable, or on any of FCC Forms 1200, 1205, 1210, 1220, 1225, 1235 or 1240 or any other FCC Form, that the requesting Party may reasonably require to justify such rates in response to any inquiry, order or requirements of any Governmental Authority.

7.17.2 Prior to Closing, neither Party shall settle or permit to be settled any rate proceeding with respect to its Systems without the consent of the other Party, which consent will not be unreasonably withheld or delayed, unless the proposed settlement includes injunctive or other relief that adversely affects its Assets or its ability of such other Party to operate such Systems substantially in the manner in which they are operated on the date of this Agreement (other than changing the rates in question), in which case consent may be withheld or delayed in such other Party's sole discretion.

7.17.3 After the Closing, each Party, as a transferor (the "Transferor Party") will be responsible for and follow to conclusion any rate order of any Governmental Authority or proceeding with respect to rates of any of its Systems charged by it immediately prior to the Closing; provided, however, that the Transferor Party shall not: (i) agree to any forward-looking rate adjustment; (ii) submit any refund plan to a Governmental Authority that would impact any rates charged or impose financial liability on the Transferee Party after the Closing; or (iii) appeal or take any other action with regard to such proceeding that would impact any rates charged or impose financial liability on the Transferee Party after the Closing, in any case without obtaining the prior written consent of the System's current owner (the "Transferee Party"), which consent shall not be unreasonably withheld. Each Party will cooperate with and assist the other by providing, upon reasonable request, all information in its possession (and not previously made available to the requesting Party) that the requesting Party may reasonably require to justify rates in response to any inquiry, order or requirements of any Governmental Authority.

7.17.4 If, following Closing any System is required pursuant to any Legal Requirement, settlement or otherwise to refund to subscribers any payments, in whole or in part,

made by such subscribers prior to Closing, including fees for cable television service, equipment charges, late fees and similar payments, then at the election of the Transferee Party and upon the Transferor Party's prior written consent, which consent shall not be unreasonably withheld: (i) the Transferor Party must fulfill such refund obligation through a one-time cash payment to subscribers, in which case the Transferor Party shall provide funds for such payment to the Transferee Party, the Transferee Party shall cooperate with the Transferor Party or implement and administer such refund payment through the Transferee Party's billing system, and the Transferor Party shall reimburse the Transferee Party for all reasonable expenses incurred by the Transferee Party in connection therewith; (ii) the Transferee Party may fulfill such refund obligation through a cash payment, credit or in-kind or other form of consideration, at its discretion and subject to any required approval by a Governmental Authority, and the Transferor Party shall reimburse the Transferee Party in the amount of any payment or in the amount of the cost to the Transferee Party of any credit or in-kind or other form of consideration and all reasonable expenses incurred by the Transferee Party in connection therewith. Without limiting the foregoing, the Transferee Party will provide the Transferor Party with all information in the Transferee Party's possession that is reasonably required by the Transferor Party in connection with such reimbursement.

7.17.5 If a Transferee Party is permitted following Closing to pass through to subscribers of Systems acquired by it at Closing, the amount of any "franchise fees on franchise fees" paid by a Transferor Party to the appropriate local franchising authority with respect to the period prior to Closing, the Transferee Party agrees that it will collect for the benefit of the Transferor Party such amounts specified no later than the Six-Month Date as paid by the Transferor Party and, except as specified below, will promptly remit such amounts to the Transferor Party; provided, however, that if a local franchising authority challenges such collection or orders the Transferee Party to refund such fees to subscribers, then the Transferee Party shall not remit the fees to the Transferor Party but shall hold such fees in escrow and the parties will cooperate reasonably and in good faith to challenge such local franchising authority action. Upon the final resolution of such local franchising authority action, the escrowed fees shall be released from escrow and, to the extent not refunded to subscribers, paid over to the Transferor Party. The Transferor Party agrees to provide the Transferee Party with such documentation as necessary to demonstrate its payment of the "franchise fees on franchise fees" and to enable the Transferee Party to collect the pass through amounts from subscribers.

7.18 Distant Broadcast Signals. Unless otherwise restricted or prohibited by any Governmental Authority, applicable Legal Requirements or Contract, each Party will, if requested by the other Party, delete prior to the Closing any distant broadcast signals which such other Party determines will result in unacceptable liability on the part of the transferee for copyright payments with respect to continued carriage of such signals after the Closing; provided, however, that any Party may refuse to honor such a request if such deletion could reasonably be expected to delay or otherwise jeopardize the Parties' ability to complete the transactions contemplated herein.

7.19 Environmental Assessment.

7.19.1 Each Party acknowledges and agrees, subject to any enforceable restrictions placed thereon by a Third Party owner or lessor of any real property involved, that the other Party may commission, at such other Party's cost and expense, a so-called "Phase I" environmental site assessment of such Party's Assets (a "Phase I Assessment"). If the Phase I Assessment or any other information known to such Party (including information disclosed in connection with the negotiation of this Agreement or described in the Schedules hereto) indicates that a so-called "Phase II" assessment or other additional testing or analysis of such Party's Assets as the investigating Party may deem appropriate (a "Phase II Assessment") is advisable, then, subject to any enforceable restrictions placed thereon by a Third Party owner or lessor of any real property involved, the other Party may elect to cause its agents or representatives to conduct such testing and analysis. Each Party will use its commercially reasonable efforts to comply with any reasonable request for information made by the other Party or its agents in connection with any such investigation, but in no event will either Party be required under this Section 7.19.1 to disclose any materials constituting attorney-client privileged communications. Each Party covenants that any response to any such request for information will be complete and correct in all material respects. Each Party will afford the other Party and its agents or representatives access to all operations of such Party at all reasonable times and in a reasonable manner in connection with any such investigation subject to any reasonably required approval of such Party's landlords, which approval such Party will use its commercially reasonable efforts to obtain. Should the other Party commission such an investigation, such investigation will have no effect upon the representations and warranties made by one Party to the other Party under this Agreement except that if any Phase I Assessment or Phase II Assessment uncovers an environmental condition which then comprises a breach of a Party's representations or warranties herein and such breach is capable of being cured, such Party shall be deemed not to have breached such representation or warranty if such Party cures such breach in accordance with the provisions of this Agreement. In the event this Agreement is terminated or fails to close in accordance with its terms, each Party agrees to repair any damage or disturbance it causes to the other Party's Owned Property or Leased Property in the course of such investigative activities by returning such Owned Property or Leased Property to approximately the same condition as existed prior to such investigative activities. Each Party shall indemnify, protect, defend, and hold the other Party and the other Party's Assets free and harmless from and against any and all claims, actions, causes of action, suits, proceedings, costs, expenses (including reasonable attorneys' and consultants' fees and costs), liabilities, damages, and liens of any type arising directly out of any act or omission of that Party or any of that Party's representatives on or about the other Party's Owned Property or Leased Property in the course of such investigative activities. However, neither of the two preceding sentences shall be interpreted to impose any obligation upon either Party with respect to Hazardous Substances present at, on, in, under or about, or any conditions existing on, the other Party's Owner Property or Leased Property at the time of such investigative activities, except to the extent of a Party's negligence or willful misconduct causes a release of such Hazardous Substances or otherwise exacerbates any such condition in a manner that leads to liability under any Environmental Law.

7.19.2 All information collected and generated as a result of the environmental due diligence authorized by Section 7.19.1 will be subject to the terms and conditions of Section 7.13 of this Agreement. Each Party shall provide to the other Party copies of all draft and final reports, assessments and other information composed or compiled by such Party's environmental consultants within five Business Days after such Party's receipt of copies thereof

7.20.1 Definitions. For purposes of this Agreement, the following terms shall have the following meanings:

(a) "Computer and Other Systems" means any level of hardware or software, equipment and cable plant, or environmental and security systems and other facilities used in connection with RMG's Cable Business or IP-I's Cable Business, as the case may be, which are date dependent or which process date data, including any firmware, embedded systems, application programs, user interfaces, files and databases, and which might be adversely affected by any date-related issue or calculation prior to, during or after January 1, 2000, including any problem related to leap year.

(b) "Year 2000 High-Level Inventory, Assessment and Remediation Decisions" means the subject entity's documentation of its Year 2000 inventory, assessment and remediation decisions performed in accordance with its Year 2000 Plan, consisting of (i) database reports identifying each category of items inventoried at the subject entity's cable Systems and specifying as appropriate the manufacturer or vendor and release, version or model number of each item listed, (ii) risk or critically assessments, (iii) determination and execution of evaluation approaches with respect to Year 2000 Readiness, (iv) determination of Year 2000 Readiness based on evaluation approaches employed, and (v) decisions regarding disposition alternatives (i.e., do nothing, repair, replace or retire). RMG's and IP-I's Year 2000 High-Level Inventory, Assessment and Remediation Decisions are attached hereto as Schedules 7.20.1(b)-A and 7.20.1(b)-B, respectively.

(c) "Year 2000 Plan" means the plans adopted in accordance with a Party's Year 2000 Remediation Program to make Year 2000 Ready by a date no later than August 31, 1999, all of such Party's Computer and Other Systems having a significant impact on the Party's business. Such Year 2000 Plan will include scope of methodologies and timelines (including objective milestones) for inventory, assessment, remediation and/or replacement, and testing or evaluation of Third Party Testing, as applicable, of its Computer and Other Systems having a significant impact on the Party's business. RMG's and IP-I's Year 2000 Plans are attached hereto as Schedules 7.20.1(c)-A and 7.20.1(c)-B, respectively.

(d) "Year 2000 Ready" or "Year 2000 Readiness" means that the referenced component, system, software, equipment or other item is designed or has been

7.20.2 Acknowledgments. The Parties acknowledge the following:

(a) Each of IP-I and certain of its Affiliates, and RMG and certain of its Affiliates, have established a Year 2000 Remediation Program.

(b) Each of IP-I and RMG has reviewed and approved the other's Year 2000 Plan and Year 2000 High-Level Inventory, Assessment and Remediation Decisions.

(c) Each Party acknowledges and agrees with the other Party's preliminary decision to rely on testing of cable plant and related equipment to be performed by certain cable industry technical and trade associations, certain critical vendors or other cable operators ("Third Party Testing"). Each Party will continue to review the progress of such Third Party Testing plans and results as they become available. Each Party has developed test methodologies as part of its Year 2000 Plan to address implementation of additional testing should RMG and IP-I mutually consider such additional testing to be necessary or prudent.

(d) Neither party makes any representation, warranty or guarantee that its Computer and Other Systems will be Year 2000 Ready at the Closing Date or thereafter.

7.20.3 Covenants. Notwithstanding any other provision set forth in this Agreement, the Parties agree as follows:

(a) Through the Closing Date, each Party will exercise prudent and reasonable care and diligence to take such actions with respect to its Cable Business when and as required by its approved Year 2000 Plan.

(b) Through the Closing Date, each of RMG and IP-I will cooperate with the other with respect to the nature and results of its activities relating to its Year 2000 Plan. Such cooperation shall include providing the appropriate Party with any non-confidential

information possessed by a Party or one of its Affiliates and reasonably requested by the other Party regarding the Year 2000 Readiness of any material component of the Computer and Other Systems having a significant impact on such Party's business.

(c) Each Party shall deliver to the other Party on or before July 31, 1999, and again on August 31, 1999 (if Closing has not occurred prior to such date), a statement, certified by an authorized officer of such Party who is responsible for implementation of its Year 2000 Plan, setting forth in reasonable detail that as of such date all of the milestones contained in its Year 2000 Plan to be completed as of such date have been fully completed (or if not, indicating which such milestones have not been completed and describing the efforts required to complete the same).

(d) From the date hereof through the Closing Date, each Party shall have the opportunity to conduct due diligence regarding the Year 2000 Readiness of the other Party's Computer and Other Systems having a significant impact on the other Party's business in accordance with this Section 7.20.3(d). Each Party may conduct a review of the Year 2000 Ready assessment activities with respect to the Computer and Other Systems having a significant impact on the other Party's business, including inspecting individual headend and office sites and reviewing existing reports, correspondence and related material regarding the Year 2000 Readiness of the Computer and Other Systems having a significant impact on the other Party's business. Each Party shall conduct no more than three visits to any site of the other Party, and no single site visit shall exceed three Business Days. Each Party shall give the other Party at least five Business Days written notice prior to any visit to any System facilities of the other Party and, if a Party intends during such visit to perform testing at a headend, office or other site of the other Party, such Party also must provide a description of the scope of work regarding such testing. If the other Party does not notify such Party in writing of the other Party's objection to such proposed site visit and/or testing within three Business Days after receipt of such notice, the other Party shall be deemed to have consented to the proposed site visit and any described testing. A Party shall not unreasonably object to the other Party's request to perform testing. A representative of the other Party shall be present at all times during any such visit and testing. All activities of a Party regarding its Year 2000 due diligence shall be conducted to minimize any inconvenience or interruption of the normal use and enjoyment of the other Party's Cable Business and Computer and Other Systems.

7.21 Satisfaction of Conditions. Each Party will use its commercially reasonable efforts to satisfy, or to cause to be satisfied, the conditions to the obligations of the other Party to consummate the transactions contemplated by this Agreement, as set forth in Article 8.

7.22 Offers. Each Party (and its directors, officers, employees, representatives and agents) shall not directly or indirectly, (i) offer its Assets or Cable Business for sale, (ii) solicit, encourage or entertain offers for such Assets or Cable Business, (iii) initiate negotiations or discussions for the sale of such Assets or Cable Business or (iv) make information about such Assets or Cable Business available to any Third Party in connection with the possible sale of

such Assets or Cable Business prior to the Closing Date or the date this Agreement is terminated in accordance with its terms.

7.23 Retention of Books and Records. At or prior to the Closing, each Party shall make arrangements reasonably satisfactory to the other Party to deliver all such Party's Books and Records not located at any of the offices included in its Owned Property or Leased Property. Following the Closing, each Party shall give access to the other Party, its counsel, accountants and other authorized representatives during normal business hours to such Party's materials, books, records and documents which relate to the operations of such Party's Cable Business prior to the Closing Date or which relate to the operations of the other Party's Cable Business after the Closing Date, in each case as may be reasonably necessary in connection with any legitimate purpose (including the preparation of tax reports and returns and the preparation of financial statements). Such access will be subject to reasonable advance written notice, will be conducted in a manner that is not disruptive of such Party's business, and will be subject to any other reasonable limitations imposed by such Party. The requesting Party shall have the right to make copies of such materials at its own expense. If either Party proposes to destroy or otherwise dispose of any of its materials, books, records or documents that related to the operations of its Cable Business prior to the Closing Date, it will give no less than 30 days advance written notice to the other Party so as to permit such other Party to exercise its rights under this Section 7.23.

7.24 Cooperation. RMG and IP-I shall reasonably cooperate in connection with the preparation and filing of any Tax Return for which the other is responsible for preparing and filing with respect to the Systems.

7.25 Post-Closing Holding Period. Each of the Parties agrees to hold the Assets acquired by it under this Agreement for a period of no less than two years following the Closing Date; provided, however, that the foregoing shall not prevent a Party from transferring Assets in a transfer that qualifies under Section 332 and 337 of the Code.

8.1.2 Performance of Agreements. RMG shall have performed in all material respects all obligations and agreements and complied in all material respects with all covenants in this Agreement and in any Transaction Document to be performed and complied with by it at or before the Closing.

8.1.6 No Material Adverse Changes. There shall not have been any material adverse change in the RMG Assets or the condition (financial or otherwise) or operations of RMG's Cable Business or the RMG Systems, taken as a whole, since December 31, 1998.

8.1.7 Franchise Renewals. 8.2 Conditions to RMG's Obligations. The obligations of RMG to consummate the transactions contemplated by this Agreement will be subject to the satisfaction, at or before the Closing, of the following conditions, one or more of which may be waived by RMG:

The representations and warranties of IP-I in this Agreement and in the Transaction Documents, without giving effect to any materiality qualification contained therein, are true, complete and accurate on and as of the date hereof and at and as of the Closing with the same effect as if made at and as of the Closing, except to the extent that all misstatements, omissions and inaccuracies, in the aggregate, do not have a material adverse effect on the IP-I Assets, IP-I's Cable Businesses, the operations, condition (financial or otherwise) or results of operations of the IP-I Systems taken as a whole, or on the ability of any IP-I Party to perform its obligations under this Agreement.

8.2.2 Performance of Agreements. IP-I shall have performed in all material respects all obligations and agreements and complied in all material respects with all covenants in this Agreement and in any Transaction Document to be performed and complied with by it at or before the Closing.

8.2.5 Consents.

(a) Except as otherwise provided in Section 7.5.5, Required Consents relating to all IP-I System Franchises shall have been obtained in form and substance reasonably satisfactory to RMG, or the consent of the appropriate Governmental Authority shall be deemed to have been received in accordance with Section 617 of the Communications Act (47 U.S.C. ss.537).

10. TERMINATION AND DEFAULT.

10.1 Termination Events. This Agreement may be terminated and the transactions contemplated hereby may be abandoned:

10.1.1 At any time, by the mutual agreement of IP-I and RMG;

10.1.2 By either IP-I or RMG at any time, if the other is in material breach or default of any of the other's covenants, agreements or other obligations herein or in any Transaction Document;

10.1.3 By either IP-I or RMG upon written notice to the other, if any of the conditions to its obligations set forth in Sections 8.1 and 8.2, respectively, are not satisfied on or before the later of January 15, 2000, or nine months after the date of this Agreement, for any reason other than an intentional and material breach or default by such Party of its respective covenants, agreements or other obligations under this Agreement, or any of its representations herein not being true and accurate in all material respects when made or when otherwise required by this Agreement to be true and accurate in all material respects;

10.1.4 By either IP-I or RMG if an injunction, restraining order or decree of any nature of any Governmental Authority of competent jurisdiction is issued that prohibits the consummation of any of the transactions contemplated hereby and such injunction, restraining order or decree is final and nonappealable; provided, however, that the party seeking to terminate this Agreement pursuant to this clause has used commercially reasonable efforts to have such injunction, order or decree vacated or denied; or

10.1.5 As otherwise provided in the Common Agreement.

10.2 Effect of Termination. If this Agreement is terminated pursuant to Section 10.1, all obligations of the Parties under this Agreement will terminate, except for the obligations set forth in Sections 7.13, 7.19 and 12.13. Termination of this Agreement pursuant to Sections 10.1.2, 10.1.3, 10.1.4 or 10.1.5 will not limit or impair any remedies that any of RMG or the IP-I Parties may have pursuant to the terms of this Agreement with respect to a breach or default by the other of its covenants, agreements or obligations under this Agreement.

11. SURVIVAL; REMEDIES.

11.1 Survival of Representations, Warranties Covenants and Agreements. Subject to Section 11.2, the representations, warranties, covenants and agreements of RMG and IP-I in this Agreement and in the Transaction Documents will survive Closing for a period of twelve months

after the Closing Date. The period of survival of the representations, warranties, covenants and agreements prescribed by this Section 11.1 are referred to as the "Survival Period." The liabilities of each Party under its respective representations, warranties, covenants and agreements will expire as of the expiration of the Survival Period; provided, however, that such expiration will not include, extend or apply to (a) any representation, warranty, covenant or agreement the breach of which has been asserted by a Party in a written notice to the other Party before such expiration or about which a Party has given the other Party written notice before such expiration indicating that facts or conditions exist that, with the passage of time or otherwise, can reasonably be expected to result in a breach (and describing such potential breach in reasonable detail), (b) the Party's obligations under Sections 7.13 and 7.23, or (c) the Party's obligations under Sections 7.16, 7.17.1, 7.17.3 and 7.17.4, but only to the extent reasonably practicable.

11.2 Exclusive Remedy. The Parties hereby agree that the respective rights set forth in the Common Agreement and the Redemption Agreement shall be each Party's sole and exclusive remedies against any party for any claims arising after the Closing Time and relating to any breaches of the representations, warranties or covenants contained in this Agreement other than based on fraud. Notwithstanding anything to the contrary herein or in any Transaction Document, each of the IP-I Parties acknowledges and agrees that neither RMG nor any of the Charter Parties (or any Affiliates thereof) will have any liability arising after the Closing Time with respect to any of the representations and warranties made by RMG in Article 5 (which representations and warranties shall merge into and expire upon the Closing) or with respect to any obligations of RMG under Article 7 (other than the "Specified RMG Obligations," which shall mean obligations set forth under Sections 7.3.6, 7.3.7, 7.5.5 (except subsection (e) thereof), 7.11 (but only to the extent the assets described in Section 7.11 are owned by RMG), 7.13, 7.14, 7.16, 7.17.5, 7.23 (except the first sentence thereof), 7.24 and 7.25).

11.3 Nonrecourse. The Parties agree that, notwithstanding any other provision in this Agreement or in any Transaction Document, and any rule of law or equity to the contrary, to the fullest extent permitted by law, each Party's obligations and liabilities under this Agreement will be nonrecourse to all direct and indirect equity holders or other owners of such Party, except to the extent of distributions to such Persons, directly or indirectly, from such Party that are required to be returned, directly or indirectly, to such Party pursuant to applicable provisions of law; provided, however, that the foregoing shall not limit or abridge any Party's indemnification rights or obligations pursuant to the Common Agreement or the Redemption Agreement. "Nonrecourse" means that the obligations and liabilities are limited in recourse solely to the assets of the Parties (for those purposes, any capital contribution obligations of the equity holders or other owners of such Party, or any negative capital account balances of such Persons will not be deemed be assets of such Party) and are not guaranteed, directly or indirectly by, or the primary obligations of, any owner of such Party in such capacity, and no partner, member or other owner in such capacity of any successor entity (including any limited liability company or partnership), either directly or indirectly, will be personally liable in any respect (except to the extent of (i) such Person's interests in the assets of such Party and (ii) any distribution which has

been received by such Person and is required by applicable law to be returned, directly or indirectly, to such Party) for any obligation or liability of such Party under this Agreement.

12. MISCELLANEOUS PROVISIONS.

12.1 Parties Obligated and Benefitted. Subject to the limitations set forth below, this Agreement will be binding upon each of the Parties and their respective assigns and successors in interest and will inure solely to the benefit of the Parties and their respective assigns and successors in interest, and no other Person will be entitled to any of the benefits conferred by this Agreement. Without the prior written consent of the other Parties, no Party will assign any of its rights under this Agreement or delegate any of its duties under this Agreement, provided that the appropriate Party may assign any or all of its rights under this Agreement (a) to a "qualified intermediary" engaged by such Party to effectuate a deferred like-kind exchange under Section 1031 of the Code, and the other Party agrees in connection with such an assignment to take such actions and execute such documents as may be reasonably requested by the assigning Party in order to facilitate such Party's intent to effectuate a deferred like-kind exchange; provided, however, that no such assignment will affect the assigning Party's liabilities or obligations pursuant to this Agreement or (b) to an Affiliate, provided that such assignment will not result in any adverse tax consequences to the other Party, will not give rise to any material requirements for additional Required Consents, and will not, in the reasonable judgment of the other Party, delay the Closing. Each of the IP-I Parties consents to the consummation of the transactions contemplated by the IPWT Purchase Agreement (as defined in the Common Agreement).

12.2 Notices. Any notice, request, demand, waiver or other communication required or permitted to be given under this Agreement to either Party will be given as set forth in the Common Agreement.

12.3 Right to Specific Performance. Each Party acknowledges that the unique nature of the Assets to be exchanged hereunder pursuant to this Agreement renders money damages an inadequate remedy and the Parties agree that either Party shall be entitled to pursue specific performance as a remedy without the requirement of posting a bond or other security therefor.

12.4 Waiver. This Agreement or any of its provisions may not be waived except in writing. The failure of any Party to enforce any right arising under this Agreement on one or more occasions will not operate as a waiver of that or any other right on that or any other occasion.

12.5 Captions. The section and other captions of this Agreement are for convenience only and do not constitute a part of this Agreement.

12.6 Governing Law. This Agreement shall be governed by and construed in accordance with the laws of the State of Delaware (other than its rules of conflicts of law to the extent that the application of the laws of another jurisdiction would be required thereby).

12.7 Time. Time is of the essence under this Agreement. If the last day permitted for the giving of any notice or the performance of any act required or permitted under this Agreement falls on a day which is not a Business Day, the time for the giving of such notice or the performance of such act will be extended to the next succeeding Business Day.

12.8 Late Payments. If either Party fails to pay the other any amounts when due under this Agreement, the amounts due will bear interest from the due date to the date of payment at the rate per annum publicly announced from time to time by The Bank of New York as its prime rate (the "Prime Rate") plus 2%, adjusted as and when changes in the Prime Rate are made.

12.9 Counterparts. This Agreement may be executed in counterparts, each of which will be deemed an original.

12.10 Entire Agreement. This Agreement (including the Transaction Documents and the Schedules and Exhibits referred to in this Agreement, which are incorporated in and constitute a part of this Agreement) contains the entire agreement of the Parties with respect to the subject matter hereof and supersedes all prior oral or written agreements and understandings with respect to such subject matter. This Agreement may not be amended or modified except by a writing signed by all of the parties hereto.

12.11 Severability. Any term or provision of this Agreement which is invalid or unenforceable will be ineffective to the extent of such invalidity or unenforceability without rendering invalid or unenforceable the remaining rights of the Person intended to be benefitted by such provision or any other provisions of this Agreement.

12.12 Construction. This Agreement has been negotiated by the Parties and their respective legal counsel, and legal or other equitable principles that might require the construction of this Agreement or any provision of this Agreement against the Party drafting this Agreement will not apply in any construction or interpretation of this Agreement.

12.13 Expenses. Except as otherwise expressly provided in this Agreement, each Party will pay all of its expenses, including attorneys' and accountants' fees, in connection with the negotiation of this Agreement, the performance of its obligations and the consummation of the transactions contemplated by this Agreement.

12.14 Risk of Loss. The risk of any loss or damage to the IP-I Assets or RMG Assets resulting from fire, theft or other casualty (except reasonable wear and tear) will be borne by IP-I or RMG respectively, at all times prior to the Closing Time. In the event of any such loss or damage after December 31, 1998, IP-I or RMG as appropriate, will immediately notify the other in writing of that fact. All insurance proceeds paid or payable as a result of the occurrence of the event resulting in such loss or damage will be delivered by the Party transferring such Assets to the other Party, or the rights thereto will be assigned if not yet paid over by the insurer to the Party transferring such Assets. The obligations under this Section 12.14 to pay or assign

insurance proceeds will not apply to the extent that any insurance proceeds are applied to replace or restore such loss or damage prior to Closing.

If, on or prior to the Closing Date, all or any part of or interest in the IP-I Assets or the RMG Assets, as appropriate, is taken or condemned as a result of a Governmental Authority's exercise of its powers of eminent domain, or if a Governmental Authority having such power informs a Party that it intends to condemn all or any part of such Party's Assets (such event being called, in either case, a "Taking"), then (i) RMG, in the case of a Taking of IP-I Assets, or IP-I, in the case of a Taking of RMG Assets, may elect, in the name of the other Party, to negotiate for, claim, contest and receive all damages with respect to the Taking, (ii) the Party whose Assets were the subject of the Taking will be relieved of its obligation to convey to the other Party those of its Assets that were the subject of the Taking, (iii) at Closing, the Party whose Assets were the subject of the Taking will assign to the other Party all of its rights to damages payable as a result of the Taking, and will pay to the other Party all damages previously paid to it in connection with the Taking, and (iv) following the Closing, the Party whose Assets were the subject of the Taking will give to the other Party any further assurances of such rights and assignment with respect to the Taking as the other Party reasonably may request from time to time.

12.15 Tax Consequences. No Party makes any representation or warranty, express or implied, with respect to the Tax implications of any aspect of this Agreement on any other Party, and each Party expressly disclaims any such representation or warranty with respect to any Tax consequences arising under this Agreement. Each Party has relied solely on its own Tax advisors with respect to the Tax implications of this Agreement.

12.16 Commercially Reasonable Efforts. For purposes of this Agreement, "commercially reasonable efforts" will not be deemed to require a Party to undertake extraordinary or unreasonable measures, including the payment of amounts in excess of normal and usual filing fees and processing fees, if any or other payments with respect to any Contract that are significant in the context of such Contract (or significant on the aggregate basis as to all Contracts).

Concurrently with such payment, (i) Buyer shall deposit the Purchase Price Adjustment Holdback with the Disbursement Agent for use and disbursement in accordance with Sections 2.4(f) and 2.4(g), and (ii) Buyer shall deposit the InterLink Indemnity Fund pursuant to Section 2.5. Buyer shall be entitled to rely exclusively on the Purchase Price Allocation Schedule and shall have no responsibility to determine whether the Purchase Price Allocation Schedule was properly prepared. The aggregate consideration to Sellers pursuant to clause (x) of Section 2.2 (other than consideration for Purchased Interests relating to WS, ING and Nassau), and any liabilities of the Company Group (other than the proportionate amount of liabilities allocable to the interests in the Company held by WS, ING and Nassau), in connection with the transactions contemplated hereby shall be allocated between the tangible assets and Franchises by allocating an amount to the tangible assets of the Company Group equal to the adjusted basis for federal income tax purposes of such tangible assets (other than the proportionate amount of tangible assets relating to the interests in the Company held by WS, ING and Nassau), and the remainder to the Franchises of the Company Group. The portion of the Purchase Price attributable to clause (y) of Section 2.2 shall be allocated to the interests of the Company Group in RAP and to the tangible assets and Franchises of RAP in accordance with Section 2.3 of the RAP Agreement. The parties shall not take any tax position inconsistent with such allocation.

2.4 Adjustments and Prorations.

The InterLink Equity Value shall be adjusted as follows (with a corresponding adjustment to be made to the Purchase Price hereunder), with all such adjustments being effective as of the Effective Time:

(a) The InterLink Equity Value shall be reduced if the number of Basic Customers is less than the applicable number set forth on Schedule 2.4(A) for the month on which the Closing Date occurs (as adjusted below, the "Basic Customer Threshold"), by the applicable amount set forth on Schedule 2.4(A) (for the month in which the Closing occurs) for each Basic Customer less than the applicable Basic Customer Threshold. Notwithstanding anything herein to the contrary, in the event that any commercial establishments or multi-dwelling units that are served pursuant to a right of entry agreement on December 31, 1998 are subsequently served pursuant to a bulk agreement, the applicable Basic Customer Threshold shall be reduced by the number of individual retail customers served pursuant to such right of entry agreement on the date of conversion to a bulk agreement, and shall be increased by the number of Basic Customer Equivalents represented by such bulk agreement.

(b) The InterLink Equity Value shall be increased at Closing if, as of the Effective Time, the current assets of the Company Group exceed the current liabilities of the Company Group by the amount by which such current assets exceed current liabilities. The InterLink Equity Value shall be decreased at Closing, if, as of the Effective Time, the current liabilities of the Company Group exceed the current assets of the Company Group by the amount by which such current liabilities exceed current assets. Except as otherwise specified herein, current assets and current liabilities shall be determined in accordance with GAAP with all normal year end adjustments for GAAP purposes having been completed or posted as of the Effective Time. Notwithstanding anything else contained herein, for purposes of making the calculations hereunder:

(i) Without limiting the applicability of GAAP with respect to other items, current assets shall include (a) cash and cash equivalents, (b) marketable securities, (c) customer and advertising accounts receivable determined pursuant to subsection (iii) below, (d) non-customer deposits and advance payments, (e) prepaid expenses, and (f) other current assets; provided, however, that current assets shall not include inventory.

(ii) Customer accounts receivable of the Company Group shall be included as current assets in an amount for the Company's customer accounts receivable for services rendered on or prior to the Closing Date by the Company Group, equal to 99% of the face amount of the receivables which, as of the Effective Time, are sixty (60) days or less past due from the first day of the respective Monthly Billing Period to which a bill relates. Payments for any advertising accounts receivable of a member of the Company Group as current assets shall include only an amount for any Company Group member's advertising accounts receivable for advertising run on or prior to the Closing Date, equal to 95% of all advertising receivables that are less than 90 days past due from the date of the applicable invoice;

(iii) Without limiting the applicability of GAAP with respect to other items, current liabilities shall include (a) the amount of customer deposits (and any interest thereon that a member of the Company Group is required to refund or credit its customers) and customer prepayments; (b) Accrued Vacation Pay for those employees who are employees on the Closing Date; (c) deferred revenue; (d) accruals for franchise fees, pole rental fees, other rental or similar charges or payments payable in respect of any Company Group Contracts not being terminated pursuant hereto, payrolls, payroll taxes, insurance premiums to the extent that such insurance is not being terminated pursuant hereto, sales and use taxes payable in respect of CATV service and equipment furnished in connection with the operation of the Systems, power and utility charges, real and personal property taxes and rentals, applicable copyright or other fees, sales and service charges, taxes and similar items, in each case relating to periods on or prior to the Closing Date; and (e) other current liabilities; provided, however, that current liabilities shall not include (i) the current portion of any long-term debt, (ii) deferred taxes, and (iii) the obligations to pay access fees in connection with the Hidden Bay complex, and any other obligations to pay access fees in connection with right of entry agreements or bulk agreements that the Company becomes obligated to pay after the date hereof, but only to the extent that Buyer has been informed of such obligations and has granted its consent in writing to the payment of such access fees.

(iv) Cash flow of the Company Group on the Closing Date shall be allocated one-half prior to the Effective Time and one-half after the Effective Time.

(c) The Company shall deliver to Buyer, not less than five (5) business days prior to the Closing Date, a certificate (the "Closing Adjustment Certificate") signed by an executive officer of the General Partner, which shall set forth the Company's reasonable good faith estimates of the respective amounts of the adjustments set forth in Sections 2.4(a), and (b), above, as of the Effective Time. The Closing Adjustment Certificate shall be in form and substance reasonably acceptable to Buyer, and the Company shall therewith deliver to Buyer a copy of such supporting evidence as shall be appropriate hereunder and as Buyer may reasonably request. At the Closing, there will be a settlement between Buyer and Disbursement Agent with respect to the adjustments set forth in Sections 2.4(a) and (b) above, with all such adjustments made or estimated by Disbursement Agent and Buyer and the amounts determined by Buyer and Disbursement Agent pursuant to the provisions of this Section 2.4 shall be paid to Buyer or Sellers, as appropriate by an increase or decrease in the InterLink Equity Value, as appropriate on the Closing Date, with a final settlement within ninety (90) days after the Closing Date (as provided in Section 2.4(d) below).

(d) Within ninety (90) days after the Closing Date, Buyer shall deliver to Disbursement Agent a certificate (the "Final Closing Certificate") to be signed by an executive officer of Buyer setting forth any changes to the adjustments made as of the Closing pursuant to Sections 2.4(a) and (b), together with a copy of such supporting evidence as shall be appropriate hereunder and as Disbursement Agent may reasonably request. If Disbursement Agent shall conclude that the Final Closing Certificate does not accurately reflect the changes to be made to the closing adjustments pursuant to this Section 2.4, Disbursement Agent shall, within thirty (30) days after its receipt of the Final Closing Certificate, provide to Buyer its written statement (together with any supporting documentation as Buyer may reasonably request) of any discrepancy or discrepancies believed to exist. Disbursement Agent's representatives shall be permitted reasonable access by Buyer to all personnel, books, records, billing service reports and other documents reasonably deemed necessary or appropriate by Disbursement Agent for the determination of the adjustments and pro rations. Buyer's representatives shall be permitted reasonable access by Disbursement Agent and the General Partner to all personnel, books, records, billing service reports and other documents reasonably deemed necessary or appropriate by Buyer for the determination of the adjustments and pro rations.

(e) Buyer and Disbursement Agent shall attempt jointly to resolve any discrepancies within thirty (30) days after receipt of Disbursement Agent's discrepancy statement, which resolution, if achieved, shall be binding upon all parties to this Agreement and not subject to dispute or review. If Buyer and Disbursement Agent cannot resolve the discrepancies to their mutual satisfaction within such thirty (30) day period, Buyer and Disbursement Agent shall, within the following ten (10) days, jointly designate the Neutral Accounting Firm to review the Final Closing Certificate together with Disbursement Agent's discrepancy statement and any other relevant documents. The cost of retaining the Neutral Accounting Firm shall be borne 50% by the Disbursement Agent (on behalf of the Sellers) and 50% by Buyer. The Neutral Accounting Firm shall report its conclusions in writing to Buyer and Disbursement Agent and such conclusions as to adjustments pursuant to this Section 2.4 shall be conclusive on all parties to this Agreement and not subject to dispute or review.

(f) The Disbursement Agent will hold the Purchase Price Adjustment Holdback in a segregated, interest bearing account until the adjustments required by Sections 2.4(a) and (b) have been determined, and will disburse the Purchase Price Adjustment Holdback in accordance with Section 2.4(g).

(g) If, after such adjustments, (i) the aggregate InterLink Equity Value is increased from that delivered at the Closing (treating amounts in the InterLink Indemnity Fund and the Purchase Price Adjustment Holdback as having been delivered at the Closing to Sellers), then Buyer shall pay the Disbursement Agent (for the benefit of the Sellers) such increase in the InterLink Equity Value in immediately available funds within three (3) business days of such determination and the Disbursement Agent shall pay the amount delivered by Buyer, together with the Purchase Price Adjustment

Holdback, to Sellers in accordance with the percentages set forth on the Purchase Price Allocation Schedule, (ii) the aggregate InterLink Equity Value is reduced from that delivered at the Closing (treating amounts in the InterLink Indemnity Fund and the Purchase Price Adjustment Holdback as having been delivered at the Closing to Sellers) by an amount that is less than or equal to the Purchase Price Adjustment Holdback, then the Disbursement Agent shall pay to Buyer, out of the Purchase Price Adjustment Holdback, the reduction in the InterLink Equity Value, in immediately available funds within three (3) business days of such determination and shall pay any remaining portion of the Purchase Price Adjustment Holdback to Sellers pro rata in accordance with the percentages set forth on the Purchase Price Allocation Schedule, or (iii) the aggregate InterLink Equity Value is reduced from that delivered at the Closing (treating amounts in the InterLink Indemnity Fund and the Purchase Price Adjustment Holdback as having been delivered at the Closing to Sellers) by an amount that is in excess of the Purchase Price Adjustment Holdback, then each Seller will pay to the Disbursement Agent its pro rata share of such excess, based on the percentages indicated on the Purchase Price Allocation Schedule, and the Disbursement Agent shall pay such excess amount, together with the Purchase Price Adjustment Holdback, to Buyer in immediately available funds within ten (10) business days of such determination. The Sellers hereby agree to be bound by Section 2.4(g)(iii) of the RAP Agreement (and each other provision of the RAP Agreement referring to the "InterLink Sellers," to the extent applicable to the InterLink Sellers) and to pay their pro rata share of any amounts required to be paid under Section 2.4(g)(iii) thereof.

2.5 Indemnity Escrow.

At the Closing, Buyer shall deposit with the Escrow Agent (i) the pro rata portion of the RAP Indemnity Fund reflecting the pro rata portion of the interest in RAP owned indirectly by the Company pursuant to the RAP Indemnity Agreement, and (ii) the InterLink Indemnity Fund pursuant to the Closing Escrow Agreement. All amounts in the InterLink Indemnity Fund in excess of the sum of (a) $10,000,000, and (b) the amount of all pending claims made by Buyer for indemnification pursuant to Section 12.1, shall be paid to Disbursement Agent (for the benefit of Sellers) at the close of business on the first business day after the date which is six months after the Closing Date. The remainder of the InterLink Indemnity Fund, if any, less the amount of all pending claims made by Buyer for indemnification pursuant to Section 12.1 (the "Year Disbursement Amount"), shall be paid to Disbursement Agent (for the benefit of Sellers) at the close of business on the first business day after the date which is one year after the Closing Date. The Disbursement Agent shall disburse to Sellers, in accordance with the percentages set forth on the Purchase Price Allocation Schedule, any amount of the InterLink Indemnity Fund released pursuant to this Section 2.5. Except as to claims arising from breaches of Sections 5.4, 5.8 and (to the extent set forth in Section 12.1(b)) 5.22, release of any amounts from the InterLink Indemnity Fund shall relieve Sellers of obligations under Section 12.1 to the extent of the amounts so released. Sellers expressly agree that any post-Closing Date adjustments under Section 2.4 shall be paid in the manner provided in Section 2.4(g) and, unless Buyer so elects (in its sole and absolute discretion), any amounts owed by Sellers under such sections shall not be paid from the InterLink Indemnity Fund.

ARTICLE III
CLOSING

3.1 Closing Date.

Subject to the satisfaction of the terms and conditions of this Agreement, the closing of the transactions contemplated hereby (the "Closing") shall occur at 10:00 a.m. Mountain Time, at the offices of Baker & Hostetler LLP in Denver, Colorado on September 2, 1999, or, if later, as soon as practicable (and in any event within five (5) business days) following the satisfaction or waiver of the parties' conditions to the Closing, or such other date as may be mutually agreeable to the Company and Buyer (the "Closing Date"). At any time after September 2, 1999, Buyer may demand a Closing upon five (5) days' written notice waiving all of Buyer's conditions to Closing provided that the conditions to Closing set forth in Articles VIII and X have been satisfied or waived (other than conditions to be satisfied at the Closing).

3.2 Default; Specific Performance.

If Sellers or the Company shall fail or refuse to consummate the transactions set forth in this Agreement on or prior to the Closing Date in breach of this Agreement, or otherwise breach any other material obligation hereunder, then, in addition to any other remedies available to Buyer, Buyer may, at its option, invoke any equitable remedies it may have to enforce the sale of the Purchased Interests hereunder or such other material provision, including, without limitation, an action or suit for specific performance. Each Seller acknowledges that in the event of such Seller's breach of its obligations hereunder, Buyer will suffer irreparable harm and such Seller hereby irrevocably waives the defense that Buyer has an adequate remedy at law. If Buyer shall fail or refuse to consummate the transactions set forth in this Agreement on or prior to the Closing Date in breach of this Agreement or otherwise breach any other material obligation hereunder, then, in addition to any other remedies available to Sellers, any Seller may, at its option, invoke any equitable remedies it may have to enforce the purchase of the Purchased Interests hereunder, including, without limitation, an action or suit for specific performance. Buyer acknowledges that in the event of Buyer's breach of its obligations hereunder, Sellers will suffer irreparable harm and Buyer hereby irrevocably waives the defense that Sellers have an adequate remedy at law.

ARTICLE IV
REPRESENTATIONS AND WARRANTIES
OF
SELLERS

Each Seller hereby, severally and not jointly, represents and warrants (as of the date of this Agreement, except where a prior or future date is indicated) as follows, and acknowledges that Buyer is relying on such representations and warranties in connection with the purchase of the Purchased Interests:

4.1 Title to Purchased Interests.

Such Seller owns, beneficially and of record, all of the Purchased Interests identified opposite such Seller's name on Schedule 2.1, free and clear of all liens and encumbrances other than, (i) liens securing obligations under the Credit Facility, and (ii) if applicable, any liens or encumbrances that will be terminated or otherwise released prior to the Closing. Upon the Closing, the Buyer will have valid title to all of the Purchased Interests identified opposite such Seller's name on Schedule 2.1, free and clear of all liens and encumbrances, other than any liens or encumbrances created by the Buyer or arising through Buyer, and other than pledges required by the Credit Facility (which the lenders are required to release in accordance with the terms of the Credit Facility and associated pledge documents).

4.2 Enforceability of Agreement.

This Agreement has been duly and validly executed and delivered by such Seller and constitutes a legal, valid and binding obligation of such Seller, enforceable against such Seller in accordance with its terms, except as enforcement may be limited by bankruptcy, insolvency, moratorium and other similar laws or principles affecting the rights of creditors generally and except for limitations imposed by general principles of equity.

4.3 No Conflict; Required Filings and Consents.

(a) Except as set forth on Schedule 4.3 hereto (and assuming compliance with the HSR Act), the execution and delivery of this Agreement by such Seller does not, and the performance by such Seller of its obligations under this Agreement will not, (i) conflict with or violate the operating agreement, agreement of limited partnership, certificate of limited partnership, certificate of incorporation, by-laws or equivalent organizational documents of such Seller, (ii) assuming receipt of consents described in Schedule 4.3 or 5.3 hereto, and except as set forth in Section 4.3(b)(i), conflict with or violate any law, rule, regulation, order, judgment or decree applicable to such Seller or by which any property or asset of such Seller is bound or affected or (iii) result in any breach or violation of, or constitute any default (or an event which with notice or lapse of time or both would become a default) under, or give rise to any right of termination, cancellation or acceleration of any obligation or the loss of a material benefit under, any Contract to which such Seller is a party or by which such Seller or any property or asset of such Seller is bound, except as would not impair such Seller's ability to perform its obligations under this Agreement.

(b) The execution and delivery of this Agreement by such Seller does not, and the performance of this Agreement by such Seller will not, require such Seller to obtain or make any consent, approval, authorization or permit of, or filing with, or notification to, any governmental or regulatory authority, domestic or foreign, including, without limitation, any governmental administrative agency or franchising authority (each a "Governmental Authority"), except for the matters disclosed in Schedule 4.3 hereto or except (i) for applicable requirements, if any, of (A) federal or state securities or "blue sky" laws, (B) the Communications Act, and (C) state and local Governmental

Authorities, including Franchise authorities listed on Schedule 5.3 hereto, and (ii) as required under the HSR Act.

4.4 Stock of Certain Corporate Partners of the Company.

The Purchased Interests include all of the issued and outstanding stock of the following partners of the Company: (i) ING Media C Corp. ("ING"), WS InterLink Corp. ("WS"), and Nassau InterLink Corp. ("Nassau"). Each of Sellers who are shareholders of ING, WS, or Nassau hereby severally (and not jointly) represents and warrants to Buyer, as follows with respect to the entity of which it is a shareholder:

(a) Each of ING, WS, and Nassau is a corporation duly organized, validly existing and in good standing under the laws of the state of its incorporation and has the full corporate power and authority to own, lease and operate its properties and to carry on its business as it presently is being conducted. True and complete copies of the certificates of incorporation and bylaws of such corporations have been delivered to Buyer. Except as set forth on Schedule 4.4(A) hereto there are no outstanding subscriptions, options, warrants or rights of any kind to acquire any stock or other equity interests in, or any assets of, ING, WS, or Nassau and there are no obligations that require such entities to issue any such options, warrants, or rights. There are no existing arrangements that require or permit any interests in ING, WS or Nassau to be voted by, or at the discretion of, anyone other than their respective shareholders, and there are no restrictions of any kind on the transfer of any interests in such entities, except as set forth in the certificate of incorporation or bylaws of such entity or in the Partnership Agreement, as the case may be. Schedule 4.4(A) sets forth all of the holders of outstanding stock of each of ING, WS or Nassau.

(b) Each of ING, WS, and Nassau has no Subsidiaries, and the partnership interests in the Company owned by each such entity constitutes the only property, investment or other asset owned, used or held by each such entity. None of ING, WS, or Nassau has any employees nor any obligations or liabilities (whether accrued, absolute, contingent, unliquidated or otherwise, whether or not known, whether due or to become due and regardless of when asserted), arising out of transactions entered into at or prior to the Closing, or any action or inaction at or prior to the Closing, or any state of facts existing at or prior to the Closing.

(c) Except as set forth on Schedule 4.4(C), there is no claim, litigation, proceeding or governmental investigation pending or, to the knowledge of the shareholders of ING, WS, or Nassau, threatened; or any order, injunction or decree outstanding, against ING, WS, or Nassau or any of their properties or assets, and none of such shareholders knows of any basis for future claims, litigations, proceedings or investigations against such entities or any of their properties or assets. ING, WS, or Nassau are not in violation of any law, regulation or ordinance, or any other requirement of any Governmental Authority, and no notice has been received by any of such entity or any of their officers, or employees alleging any such violation. There is no claim,

litigation, proceeding or governmental investigation pending or, to the knowledge of the shareholders of ING, WS, or Nassau, threatened, or any order, injunction or decree outstanding, against any such entity, or any of their Affiliates that would prevent the consummation of the transactions contemplated by this Agreement.

(d) Each of ING, WS, and Nassau has timely filed all material federal, state, local and foreign Tax Returns required to be filed by it through the date hereof and shall timely file all Tax Returns required to be filed at or before the Closing. Such reports and returns are and will be true, correct and complete in all material respects. Each of ING, WS, and Nassau has paid and discharged all Taxes due from it, other than such taxes that are being contested in good faith by appropriate proceedings and are adequately reserved as shown in the audited consolidated balance sheet of such entity dated December 31, 1998. Neither the IRS nor any other taxing authority or agency, domestic or foreign, is now asserting or, to the knowledge of any shareholder of ING, WS, or Nassau, threatening to assert against any of ING, WS, or Nassau any material deficiency or material claim for additional Taxes. Moreover, no shareholder of ING, WS, or Nassau has knowledge of any facts on the basis of which taxing authorities could assert material deficiencies or material claims described in the preceding sentence. Each of ING, WS, and Nassau has withheld or collected and paid over to the appropriate Governmental Entities or is properly holding for such payment all Taxes required by law to be withheld or collected. None of ING, WS, or Nassau has any liability for the Taxes of any Person pursuant to Section 1.1502-6 of the Treasury Regulations promulgated under the Code or comparable provisions of any taxing authority in respect of a consolidated or combined Tax Return. There are no liens for Taxes upon the assets of any of ING, WS, or Nassau other than (i) liens for current Taxes not yet due and payable, (ii) liens for Taxes that are being contested in good faith by appropriate proceedings and (iii) other liens which, in the aggregate, are not material.

(e) Each of ING, WS, and Nassau has had and will continue to have through the Closing Date the federal tax status (i.e., partnership or C corporation) such entity reported on its December 31, 1997 federal Tax Returns, except as results from any actions taken pursuant to this Agreement. There are no outstanding agreements or waivers extending the statutory period of limitation applicable to any Tax Returns required to be filed by, or which include or are treated as including, any of ING, WS, or Nassau.

(f) Except as set forth on Schedule 4.4(F), none of ING, WS, or Nassau is involved in or subject to any joint venture, partnership or other arrangement or contract which is treated as a partnership for federal, state, local or foreign income tax purposes, except for the Company.

(g) No consent to the application of section 341(f)(2) of the Code has been filed with respect to any property or assets held, acquired, or to be acquired by any of ING, WS, or Nassau.

(h) Except as set forth on Schedule 4.4(H), there are no tax sharing agreements or similar arrangements with respect to or involving any of ING, WS, or Nassau.

(i) Except as set forth in Schedule 4.4(I), none of ING, WS, or Nassau was included or is includable in any consolidated or unitary Tax Return with any entity.

(j) None of ING, WS, or Nassau has agreed to or is required to make any material adjustment under section 481(a) of the Code.

(k) None of ING, WS, Nassau, or the Company has entered into any compensatory agreements with respect to the performance of services which payment thereunder would result in a non-deductible expense to ING, WS, or Nassau pursuant to Section 280G of the Code or an excise Tax to the recipient of such payment pursuant to Section 4999 of the Code.

4.5 Brokers' Fees.

Neither such Seller nor anyone authorized to act on his or its behalf has retained any broker, finder or agent or agreed to pay any brokerage fee, finder's fee or commission with respect to the transactions contemplated by this Agreement.

4.6 Organization and Qualification.

Such Seller, if not a natural person, is duly organized, validly existing and in good standing under the laws of the jurisdiction of its formation and has the requisite power and authority and all necessary governmental approvals to own, lease and operate its properties and to carry on its business as it is now being conducted, except where the failure to be so organized, existing or in good standing or to have such power, authority and governmental approvals would not materially interfere with such Seller's ability to enter into this Agreement and perform its obligations hereunder.

4.7 Authority Relative to this Agreement.

Such Seller, if not a natural person, has all necessary power and authority to execute and deliver this Agreement, to perform its obligations hereunder and to consummate the transactions contemplated hereby. The execution and delivery of this Agreement by such Seller and the consummation by such Seller of the transactions contemplated hereby have been duly and validly authorized by all necessary individual or entity action and no other individual or entity action on the part of such Seller is necessary to authorize this Agreement or to consummate the transactions contemplated hereby.

ARTICLE V
REPRESENTATIONS AND WARRANTIES OF THE COMPANY

As an inducement to Buyer to enter into this Agreement and to consummate the transactions contemplated hereby, the Company hereby represents and warrants (as of the date of this Agreement, except where a prior or future date is indicated, but giving effect to the transactions contemplated by the Omega Agreement as if consummated as of the date hereof) to Buyer as follows:

5.1 Organization and Qualification; Subsidiaries.

(a) Each member of the Company Group is a partnership, limited liability company or corporation duly organized, validly existing and/or in good standing under the laws of the jurisdiction of its incorporation or organization. Each member of the Company Group has the requisite power and authority and all necessary governmental approvals to own, lease and operate its properties and to carry on its business as it is now being conducted except for those which would not, in the aggregate, be material. Each member of the Company Group is duly qualified or licensed as a foreign corporation to do business, and is in good standing, in each jurisdiction where the character of the properties owned, leased or operated by it or the nature of its business makes such qualification or licensing necessary, except for failures which, in the aggregate would not be material.

(b) A complete and correct list of the members of the Company Group, which list sets forth the amount of capital stock of or other equity interests in such member owned by the Company, directly or indirectly, together with holdings of all other equity holders (if applicable), is set forth on Schedule 5.1(B).

5.2 Organizational Documents.

The Company has heretofore delivered to Buyer a complete and correct copy of each of the agreement of limited partnership, operating agreement, limited liability company certificate, certificate of limited partnership, certificate of incorporation and bylaws, or equivalent organizational documents, each as amended to date, of each member of the Company Group. Such organizational documents are in full force and effect and constitute all of the organizational documents relating to the members of the Company Group. No member of the Company Group is in violation of any provision of its agreement of limited partnership, certificate of limited partnership, operating agreement, certificate of incorporation, bylaws or equivalent organizational documents, as applicable.

5.3 Effect of Agreement.

(a) All approvals and consents required under (i) any of the Company Group's Franchises, FCC Licenses, Necessary Contracts or Material Agreements, and (ii) any applicable government regulations, in any such case, in order for the consummation of the sale of the Purchased Interests to Buyer pursuant to this Agreement are listed in

Schedule 5.3 hereto, with Franchise and FCC approvals identified as such. Other than as set forth on Schedule 5.3, the execution and delivery of this Agreement by Sellers and the Company does not, and the performance of this Agreement by Sellers and the Company will not, require any member of the Company Group to obtain or make any consent, approval, authorization or permit of, or filing with or notification to, any Governmental Authority, except (i) for applicable requirements, if any, of federal or state securities or "blue sky" laws, and (ii) as required under the HSR Act.

(b) Subject to obtaining the requisite approvals and consents listed in Schedule 5.3 hereto, neither the execution, delivery and performance by Sellers and the Company of this Agreement nor the consummation of the transactions contemplated hereby, alone or in conjunction with any other event (such as a voluntary or involuntary termination of employment), will (i) conflict with, or result in a breach of the terms of, or constitute a default under, or a violation of, or give rise to any termination right under, amendment or extension of, or a loss of any benefit under, any Material Agreements, Franchises and Necessary Contracts, (ii) result in the violation of any law, rule, regulation, order, writ, judgment, decree, determination or award presently in effect or having applicability to a member of the Company Group (except to the extent of violations which, individually or in the aggregate would not be material), (iii) conflict with or violate the certificate of incorporation, by-laws, operating agreement or partnership agreement of any member of the Company Group, or (iv) result in any payment becoming due to any employee, former employee, officer, director, or consultant, or any of their dependents (other than (1) the signing bonuses or stay put bonuses permitted pursuant to Section 7.3(e) hereof, or (2) any benefits under the severance plans listed on Schedule 5.20, of each Company Group member or any ERISA Affiliates; (v) increase any benefits otherwise payable under any Plan; or (vi) result in the acceleration of the time of payment or vesting of any benefits under any Plan except as disclosed on Schedule 5.20. Subject to obtaining such approvals and consents, such execution, delivery, performance or consummation will not give to others any rights of termination, acceleration or cancellation in or with respect to, or a loss of any material benefit under, any Material Agreement of (or relating to the Business of) the Company Group.

5.4 Capitalization.

The Purchased Interests to be sold to Buyer pursuant to this Agreement, as identified on Schedule 2.1 hereto, constitute all outstanding partnership interests of the Company. The Company owns, directly or through one or more Subsidiaries, free and clear of all liens and encumbrances, and free and clear of any other limitation or restriction (other than liens securing obligations under the Credit Facility), all of the outstanding general partner interests, limited partner interests, and all other outstanding equity interests of each Subsidiary of the Company. Other than as included in the Purchased Interests, there are no (i) options, warrants or other rights or Contracts obligating any member of the Company Group to issue or sell any shares of capital stock of, or other equity interests in, any member of the Company Group or to pay cash in lieu thereof, (ii) equity equivalents, stock appreciation rights, performance shares, interests in the

ownership or earnings of any member of the Company Group or other similar rights issued by a Company Group member or (iii) outstanding obligations of any member of the Company Group to purchase, redeem or otherwise acquire any equity interest therein. Greenwich Street owns, beneficially and of record, its interest in RAP as set forth on Schedule 2.1 of the RAP Agreement, free and clear of all liens and encumbrances (other than liens securing obligations under the Credit Facility).

5.5 Authority Relative to this Agreement.

The Company has all necessary power and authority to execute and deliver this Agreement, to perform its obligations hereunder and to consummate the transactions contemplated hereby. The execution and delivery of this Agreement by the Company and the consummation by the Company of the transactions contemplated hereby have been duly and validly authorized by all necessary partnership action and no other partnership proceedings on the part of the Company are necessary to authorize this Agreement or to consummate the transactions contemplated hereby. This Agreement has been duly and validly executed and delivered by the Company and, assuming the due authorization, execution and delivery by the other parties hereto, constitutes a legal, valid and binding obligation of the Company, enforceable against the Company in accordance with its terms, except as enforcement may be limited by bankruptcy, insolvency, moratorium and similar laws or principles affecting the rights of creditors generally and except for limitations imposed by general principles of equity.

5.6 Financial Statements.

The Audited Financial Statements and Unaudited Financial Statements (i) were prepared in conformity with GAAP consistently applied, and (ii) present fairly the financial position of the Company at the dates indicated and the results of operations of the Company and changes in financial position for the periods indicated, subject to normal quarterly and year-end audit adjustments (none of which are expected to be material in amount) and footnotes. The Audited Financial Statements and the Unaudited Financial Statements properly reflect all amounts required to be accrued as liabilities to date under each of the Plans. Except as disclosed on Schedule 5.20 or as set forth in Section 13.12, the execution and performance of this Agreement will not (i) result in any obligation or liability (with respect to accrued benefits or otherwise) of any member of the Company Group or Buyer to any Plan, or any present or former employee of a member of the Company Group, (ii) be a trigger event under any Plan that will result in any payment (whether of severance pay or otherwise) becoming due to any present or former employee, officer, director, shareholder, contractor, or consultant, or any of their dependents, or (iii) accelerate the time of payment or vesting, or increase the amount, of compensation due to any employee, officer, director, shareholder, contractor, or consultant of a member of the Company Group. (d) Litigation. Other than routine claims for benefits under the Plans, there are no pending, or, to the best knowledge of the Company Group, threatened, investigations, proceedings, claims, lawsuits, disputes, actions, audits or controversies involving the Plans, or the fiduciaries, administrators, or trustees of any of the Plans or the Company, any Subsidiary or any of their respective ERISA Affiliates as the employer or sponsor under any Plan, with any of the IRS, the Department of Labor, the PBGC, any participant in or beneficiary of any Plan or any other Person whomsoever. Except as set forth on Schedule 5.22, no Company Group member has received, since January 1, 1994, any notification pursuant to any Environmental Laws that: (i) any work, repairs, construction or capital expenditures are required to be made in respect of any of the Assets as a condition of continued compliance with any Environmental Laws; or (ii) any currently held material Environmental Permit relating to the Systems is about to be made subject to materially different limitations or conditions, or is about to be revoked, withdrawn or terminated. 5.25 Trademarks, Patents and Copyrights.

Each member of the Company Group owns or possesses adequate licenses or other valid rights, title and interest to use all patents, patent rights, trademarks, trademark rights, trade names, trade name rights, copyrights, service marks, trade secrets, applications for trademarks and for service marks, know-how and other proprietary rights and information (collectively, "Intellectual Property") used or held for use in connection with the business of each member of the Company Group as currently conducted or as contemplated to be conducted, except for Intellectual Property owned by the Disbursement Agent and to be licensed to Buyer pursuant to the License. From the date hereof until the Closing, except as otherwise contemplated by this Agreement or with Buyer's prior consent, not to be unreasonably withheld, the General Partner and each member of the Company Group shall carry on its business in the ordinary course consistent with past practice and use commercially reasonable efforts to preserve intact its business organizations and material relationships with Third Parties. (f) declare, set aside or pay any dividend or other distribution other than a cash distribution, in respect of the equity of any member of the Company Group (other than any such dividend or distribution paid to another member of the Company Group), or redeem or otherwise acquire any of its respective securities;

(g) issue, sell, deliver or agree or commit to issue, sell or deliver (whether through the issuance or granting of options, warrants, commitments, subscription, rights to purchase or otherwise) any stock of any class or any other securities or partnership

(n) take any action that could reasonably be expected to cause the condition described in Section 9.2 to become untrue; or

(o) take, or agree in writing or otherwise to take, any of the foregoing actions or any actions.

7.4 Delivery of Documents to Buyer.

The Company covenants that, to the extent that it has not already done so, the Company will insofar as practicable deliver or otherwise make available to Buyer for inspection, at the locations where the General Partner or the Company Group maintains such information, the following within thirty (30) days after the date hereof, or as specifically delineated below:

(i) the Company's most recently prepared managerial reports and customer accounting records, which shall include a customer accounts receivable aging report summarizing, respectively, customers whose accounts are at least one, two, and three or more Monthly Billing Periods overdue, for the last (or then most recently concluded) regular Monthly Billing Period. The Company further covenants to deliver to Buyer the monthly customer accounting records within 20 days after the end of each calendar month prior to the Closing and to deliver the managerial reports as soon as practicable.

(ii) Copies of the Additional Financial Statements as soon as possible after completion, but in any case, within forty-five (45) days of the end of the period covered by any such Additional Financial Statement.

(iii) Copies of such as-built engineering drawings as the Company has in its possession for the Systems, or, if not available, such design maps and plant drawings and as-built engineering drawings as the Company has in its possession will be made available to Buyer for inspection and at the Closing will be left on site at the respective System office for Buyer.

(viii) Copies of radio licenses, earth station licenses and CARS licenses.

(ix) Copies of must carry elections and retransmission consent agreements subject to any confidentiality restrictions contained in such agreements;

To the extent that any of the items referred to above are received or filed after a date which is 30 days from the date hereof, the Company covenants to deliver such items to Buyer as soon as practicable after receipt or filing.

7.5 No Impairment of Title.

From the date hereof until the Closing, no Seller shall sell, dispose of, mortgage, pledge or otherwise encumber any of the Purchased Interests, except as required under the current terms of the Credit Facility.

7.6 No Amendment to Organizational Documents.

From the date hereof until the Closing, the Company shall not, and shall not permit any other member of the Company Group to amend, in any material respect, the agreement of limited partnership, certificate of limited partnership, certificate of incorporation, bylaws or other organizational documents of such entity.

7.7 Franchise Renewals; Required Consents; HSR Filings.

(a) Until the Closing, the Company shall, and shall cause each other member of the Company Group to, timely file valid requests for renewal of the Franchises in accordance with Section 626 of the Communications Act (47 USC ss. 546) and shall use its diligent, good faith, commercially reasonable efforts to renew on substantially the same terms any Franchise that will expire within thirty-six (36) months after the date hereof in accordance with its terms.

(b) The Company will use, and will cause each member of the Company Group to use, its diligent, good faith, commercially reasonable efforts to (i) obtain in writing as promptly as possible and at its expense, all of the Required Consents and any other consent, authorization or approval required to be obtained in connection with the transactions contemplated by this Agreement, and deliver to Buyer copies of such Required Consents and such other consents, authorizations or approvals promptly after they are obtained; and (ii) give any required written notice in connection with the transactions; provided, that the Company will afford Buyer the opportunity to review, approve and revise the form of letter or application proposed to request the Required Consent or the form of written notice prior to delivery to the Third Party or the Affiliate of a party whose consent is sought or to whom notification is required. The Company and Buyer will, and the Company will cause each member of the Company Group to, cooperate with and assist each other in obtaining all Required Consents and no party shall intentionally take any action or steps or refrain from taking any action or steps where the result would prejudice or jeopardize the obtaining of any Required Consent. Without limiting the generality of the foregoing, the Company and Buyer agree to attend City Council or similar meetings and hearings before local and county administrative bodies. If, in connection with the process of obtaining any Required Consent, a Governmental Authority makes a bona fide claim that any amount is owed by the franchise holder as a result of a default under, or breach of, the corresponding Franchise by a member of the Company Group or any predecessor in interest, the Company Group shall satisfy all outstanding monetary obligations in respect of any such bona fide default or breach except to the extent any member of the Company Group is contesting such claim in good faith. No member of the Company Group will accept or agree or accede to any material modifications or amendments to, or the imposition of any material condition to the transfer of, any of the Franchises, FCC Licenses or Necessary Contracts that are not acceptable to Buyer. Notwithstanding the foregoing, as soon as practicable after the date of this Agreement (and in no event more than twenty (20) business days hereafter), the Buyer will deliver to the Company, and the Company will cause each member of the

Company Group to deliver to Buyer, its portion, complete and executed, of requests or applications for approval of the transfer of control or assignment of the Franchises, FCC Licenses and Necessary Contracts, and as soon as practicable thereafter (but in no event more than ten (10) business days) the Company shall deliver, or cause to be delivered, to the appropriate Governmental Authority, (i) a FCC Form 394 with respect to each Franchise other than to any Governmental Authority that the parties have agreed will not initially receive FCC Form 394; provided, that if either party subsequently requests that FCC Form 394 be completed, executed and delivered to any such Governmental Authority that did not initially receive a FCC Form 394 with respect to any Franchise, then each party will deliver to the other its portion, completed and executed, of appropriate FCC Form 394, and the Company shall deliver, or cause to be delivered, the completed FCC Form 394 to such Governmental Authority as soon as practicable but in any event within fifteen (15) business days after a party has made such request; and (ii) such other FCC forms as are necessary to obtain the FCC's consent to the assignment or transfer of control of the FCC Licenses. Without the prior consent of the other party, neither party shall agree with any Governmental Authority to extend or to toll the time limits applicable to such Governmental Authority's consideration of any FCC Form 394 filed with such Governmental Authority. The foregoing notwithstanding, neither party (nor their respective employees, agents, representatives or any other Person acting on behalf of a party) shall be precluded from making statements or inquiries to, attending meetings of, making presentations to, or from responding to requests initiated by, Governmental Authorities or other Persons from which a consent is sought, and each party shall apprise the other of all such requests.

(c) Each of the Company and Buyer, to the extent required, shall file (or shall cause its ultimate parent entity to file, if applicable) as soon as practicable (but in any event within thirty (30) days) following the date of this Agreement, the appropriate notifications required under the HSR Act in connection with the transactions contemplated by this Agreement. The Company or Buyer, as the case may be, shall promptly inform the other of any material communication from the FCC, the Federal Trade Commission, the Department of Justice or any other Governmental Authority regarding any matter related to any antitrust or trade regulatory laws of any Governmental Authority ("Antitrust Laws") as they bear upon the purchase and sale of the Purchased Interests under this Agreement. If Buyer or any member of the Company Group receives a request for additional information or documentary material from any such Governmental Authority with respect to the transactions contemplated hereby, such party will endeavor in good faith and will use commercially reasonable efforts to make or cause to be made, as soon as reasonably practicable and after consultation with the other party, an appropriate response in compliance with such request. Buyer and the Company shall, and shall cause their filing affiliates to, use their respective commercially reasonable efforts to overcome any objections that may be raised by the Federal Trade Commission, the Department of Justice or any other Governmental Authority having jurisdiction over antitrust matters. The Company and Buyer shall, and shall cause their respective filing affiliates to, cooperate to prevent inconsistencies between their respective filings and between their respective responses to all such inquiries and responses, and will furnish to

each other such necessary information and reasonable assistance as the other may reasonably request in connection with its preparation of necessary filings or submissions under the HSR Act. Notwithstanding the foregoing, no party shall be required to make any significant change in the operations or activities of the business (or any material assets employed therein) of such party or any of its Affiliates, if a party determines in good faith that such change would be materially adverse to the operations or activities of the business (or any material assets employed therein) of such party or any of its Affiliates having significant assets, net worth or revenue. The Company and Buyer shall split equally the applicable filing fees under the HSR Act.

7.8 Notification.

The General Partner and each member of the Company Group, on the one hand, and Buyer, on the other hand, shall:

(a) prior to the Closing, in the event of the occurrence of any fact or circumstance that would cause or constitute a breach of any of its representations and warranties set forth herein, give notice thereof to the other party;

(b) promptly notify the other party of any material notice or other material communication from any Governmental Authority received by it in connection with the transactions contemplated by this Agreement.

7.9 Reasonable Efforts; Additional Actions.

Buyer, the Company and, with respect to Sections 9.1, 9.2, and 9.5, each Seller (as to those matters reasonably within such Seller's control), shall use, and the Company shall cause each member of the Company Group to use, commercially reasonable efforts to cause all conditions in Articles VIII, IX and X to be satisfied and the Closing contemplated hereby to occur. Buyer and each Seller that is a party to the RAP Agreement (or that controls a party to the RAP Agreement), to the extent within such Seller's control, shall use commercially reasonable efforts to cause the transactions contemplated by the RAP Agreement to be consummated. Without limiting the foregoing, subject to the terms and conditions of this Agreement, (i) Buyer, the Company and (as to those matters reasonably within such Seller's control) each Seller shall use and the Company shall cause each member of the Company Group to use, all reasonable efforts to take, or cause to be taken, all action and to do, or cause to be done, all things necessary, proper or advisable under applicable laws and regulations, or to remove any injunctions or other impediments or delays, and to consummate the transactions contemplated by this Agreement and (ii) in any vote of the Company's limited partners necessary to authorize any action contemplated hereby, including without limitation the restructurings described in Section 7.11, Sellers agree to vote their Purchased Interests in favor of such action. In case at any time after the Effective Time any further action is necessary or desirable to carry out the purposes of this Agreement or to vest Buyer with full title in and to the Purchased Interests and all properties, assets, rights, approvals, immunities and Franchises of the Company Group, Sellers and the proper officers, members, partners and directors of each Person that is a party to this Agreement shall take all such necessary action.

7.10 Tax Matters.

(a) Cooperation on Tax Matters.

(i) Buyer and Sellers shall reasonably cooperate in connection with the preparation and filing of any Tax Return with respect to members of the Company Group.

(ii) Buyer and the Company further agree, upon request, to use commercially reasonable efforts to obtain any certificate or other document from any Governmental Authority or any other Person as may be necessary to mitigate, reduce or eliminate any Tax that could be imposed (including Taxes with respect to the transactions contemplated hereby).

(iii) Buyer and the Company, on one hand, and Sellers, on the other hand, agree that if any of them receives any notice of an audit or examination from any Governmental Authority with respect to Taxes of any Company Group member for any taxable period or portion thereof ending on or prior to the Closing Date, then the recipient of such notice shall, within three (3) business days of the receipt thereof, notify and provide copies of such notice to the other party, as the case may be, in accordance with the notice provisions of Section 13.13.

(iv) The Disbursement Agent (on behalf of Sellers) shall prepare and file all federal and state income tax returns of the Company Group for all periods ending on or prior to the Closing Date, and Buyer agrees to cause each Company Group member to execute each such return applicable to it, except as provided below in this paragraph. The Disbursement Agent (on behalf of Sellers) shall cause each such return to be prepared and, together with all related work papers, delivered to Buyer for review at least 15 business days prior to the due date for filing of such return. Such returns shall be prepared in accordance with assumptions and practices for returns filed by the Company Group in recent years with respect to the timing of income, deductions, gains and losses to the extent that such assumptions and practices affect the inclusion of such items in pre-Closing versus post-Closing taxable periods. If Buyer (x) reasonably determines that any such return does not comply with the previous sentence, or that the execution of any such return would likely subject the applicable Company Group member or the Person executing the return on behalf of the Company Group to civil or criminal penalties, and (y) within five business days after receipt of such return, provides written notice of such determination and the specific reasons for such determination to the Disbursement Agent, then such return shall be forwarded to the Neutral Accounting Firm for review. The Neutral Accounting Firm shall report its conclusions to the Disbursement Agent and Buyer within seven business days after receipt of such return indicating whether it concurs with all or part of Buyer's determination and, if so, specifying the changes to such return needed to comply with the requirements of this paragraph and to avoid civil

or criminal penalties. Buyer shall cause the appropriate Company Group member to promptly execute such return without any changes thereto (if the Neutral Accounting Firm does not indicate that changes are needed) or with the changes specified by the Neutral Accounting Firm (if the Neutral Accounting Firm indicates that changes are needed). The conclusions of the Neutral Accounting Firm shall be conclusive and binding on all parties to this Agreement and shall not be subject to dispute or review. The cost of retaining the Neutral Accounting Firm to review any return shall be borne 50% by the Disbursement Agent (on behalf of the Sellers) and 50% by Buyer.

(b) Section 754 Elections; Allocation of Purchase Price.

(i) To the extent not already in effect, each Company Group member that is treated as a partnership for federal income tax purposes shall timely file an election under Section 754 of the Code so that such entities shall be able to adjust the tax basis of their assets (collectively, the "Partnership Assets") under Section 743(b) of the Code as a result of the transactions contemplated herein.

(ii) The aggregate amount described in the penultimate sentence of Section 2.3 shall be allocated among the Partnership Assets in an allocation agreement (the "Allocation Agreement") to be prepared in accordance with Section 2.3 hereof and the rules under Sections 743(b), 751, 755 and 1060 of the Code. Buyer shall deliver a draft of the Allocation Agreement to the Company at least thirty (30) days prior to the Closing Date for approval and consent, and Buyer and the Company shall mutually agree upon the Allocation Agreement prior to the Closing Date. Neither Buyer nor the Company shall unreasonably withhold its approval and consent with respect to the Allocation Agreement. Buyer and Sellers agree that the Allocation Agreement shall be amended to reflect any post-Closing adjustments determined under Section 2.4 of this Agreement. Unless otherwise required by applicable law, Buyer, Sellers and the Company Group agree to act, and cause their respective affiliates to act, in accordance with the computations and allocations contained in the Allocation Agreement in any relevant Tax Returns or similar filings (including any forms or reports required to be filed pursuant to Section 1060 of the Code ("1060 Forms")), to cooperate in the preparation of any 1060 Forms, to file such 1060 Forms in the manner required by applicable law and to not take any position inconsistent with such Allocation Agreement upon examination of any tax refund or refund claim, in any litigation or otherwise.

(c) Certain Taxes. All transfer, documentary, sales, use, stamp, registration and other such Taxes and fees (including any penalties and interest but excluding any income tax) incurred in connection with the transactions consummated pursuant to this Agreement shall be borne equally by Buyer and the Disbursement Agent (on behalf of Sellers). If and to the extent that such Taxes and fees are included in current liabilities pursuant to Section 2.4, Seller's share of such Taxes and fees shall be paid by the

Company Group. Buyer and Sellers will cooperate in all reasonable respects to prepare and file all necessary Tax Returns and other documentation with respect to all such transfer, documentary, sales, use, stamp, registration and other Taxes and fees.

(d) Tax Elections. From and after the date of this Agreement, the Company and each Company Group Member shall not without the prior written consent of the Buyer (which consent shall not be unreasonably withheld) make, or cause or permit to be made, any Tax election that would bind the Company or Buyer in any material respect.

(e) Contests.

(i) In the case of an audit or administrative proceeding that relates to taxable periods ending on or before the Closing Date with respect to any income Tax Return of the Company, Disbursement Agent (on behalf of Sellers) shall assume, defend and control the conduct of such audit or proceeding. In the event that issues relating to a potential adjustment are required to be dealt with in the same proceeding as separate issues relating to a potential adjustment for which the Buyer would be liable, Buyer shall have the right, at its expense, to control the audit or proceeding with respect to the latter issues.

(ii) Buyer shall not enter into any compromise or agree to settle any claim pursuant to any Tax audit or proceeding which would bind the Company for any pre-Closing period without the written consent of the Disbursement Agent, which consent shall not be unreasonably withheld or delayed. Sellers shall not enter into any compromise or agree to settle any claim pursuant to any Tax audit or proceeding which would bind the Company or Buyer for any post-Closing period without the written consent of Buyer, which consent shall not be unreasonably withheld or delayed. Buyer and Sellers agree to cooperate, and Buyer agrees to cause the Company Group to cooperate, in the defense against or compromise of any claim in any audit or proceeding, at the expense (excluding general and administrative expenses) of the defending party.

(iii) The members of the Company Group shall not take a position on any Tax Return with respect to such entity's federal tax status (i.e., partnership, S corporation or C corporation) different than that which such entity reported on its 1997 federal Tax Returns.

7.11 Restructuring.

The Company agrees to cooperate, and to cause each member of the Company Group to cooperate, with Buyer, at Buyer's cost and expense (other than general and administrative expenses), prior to the Effective Time in restructuring the legal form or ownership of any member of the Company Group, changing the form of equity ownership of any member of the Company Group, permitting Buyer or any of its Affiliates to purchase interests in, or assets of, Subsidiaries of the Company from either the Company or a Subsidiary of the Company or effecting other restructurings of the transactions contemplated herein; provided, however, that

such cooperation may be withheld if and to the extent the Company reasonably determines that such cooperation would likely have an adverse effect (including, without limitation, with respect to Taxes, but excluding any effect for which Buyer agrees to provide reasonable compensation) on (i) the Company or RAP (unless all conditions to Closing under Articles VIII, IX and X have or will be satisfied or waived prior to the effective time of any proposed restructurings and such restructurings would be effected on the Closing Date), (ii) any of the Sellers or RAP Sellers or (iii) any of the direct or indirect owners of the Sellers or RAP Sellers.

7.12 Year 2000 Remediation Program.

The Company shall, and shall cause the General Partner and each other member of the Company Group and their respective officers and employees to: (i) until the Closing Date, use diligent, commercially reasonable efforts to implement the Year 2000 Remediation Program by the Closing Date, (ii) assist and cooperate with Buyer in the refinement and implementation of the Year 2000 Remediation Program, (iii) assist and cooperate with Buyer in developing and implementing plans for Buyer to continue the Year 2000 Remediation Program after the Closing Date, and (iv) implement all solutions identified as reasonably necessary to members of the Company Group by vendors, distributors and manufacturers of the Computer Systems and Third Party Systems in order to ensure Year 2000 Readiness, except for those solutions that the vendor cannot provide by the Closing Date.

7.13 Exculpation and Indemnification.

Buyer shall ensure that the Company's obligations provided for in Section 11 of the Company's Partnership Agreement, with respect to the indemnification of the General Partner, the limited partners of the Company, the members of the Company's Advisory Committee, and any of their respective partners and Affiliates (the "Indemnification Provisions") shall continue in effect, and shall not be amended or eliminated, for a period of at least five years following the Closing Date. During such five year period, neither the Buyer nor any of its successors or assigns shall permit any other Person to acquire effective control of the Company unless (i) such Person undertakes that it will not permit the Indemnification Provisions to be amended or eliminated during such period or (ii) Buyer assumes such obligations during such period. Neither the Company nor any of its successors or assigns will transfer all or the majority of its assets to any one or more Persons in a single transaction or series of related transactions (including but not limited to any transfer in connection with the liquidation or termination of the Company or any merger or consolidation involving the Company), unless either Buyer or such transferee agrees to assume and be responsible for the obligations of the Company under the Indemnification Provisions during the five year period commencing on the Closing Date. At the Closing, Buyer will assume the obligations of Sellers under the Company's Partnership Agreement.

7.14 Credit Facility.

The Company, upon Buyer's request and with Buyer's assistance, will use commercially reasonable efforts, at Buyer's expense, to obtain any consents of lenders under the Credit Facility that are necessary to permit the Company to keep the Credit Facility in place following the Closing. Following the

Closing, Buyer will comply with the terms of the Credit Facility. If the Credit Facility is required to be prepaid, Buyer agrees to do so at the Closing.

7.15 Admission of Buyer as a Substitute Limited Partner.

Each party will take such action as is required on its part pursuant to the Company's Partnership Agreement in order that, upon the Closing, Buyer will be admitted as a Substitute Limited Partner (as defined in the Company's Partnership Agreement) under the provisions of the Company Partnership Agreement.

7.16 Publicity.

Except as required by applicable law, prior to the Closing (i) the Company and Buyer shall consult with and cooperate with the other prior to the Closing Date with respect to the content and timing of all press releases and other public announcements concerning this Agreement and the transactions contemplated hereby and (ii) neither the Company nor Buyer shall make any such release or announcement without the prior written consent and approval of the other, which consent and approval shall not be unreasonably withheld. After the Closing Date, except as required by applicable law, (i) the Disbursement Agent and Buyer shall consult with and cooperate with the other with respect to the content and timing of all press releases and other public announcements concerning this Agreement and the transactions contemplated hereby and (ii) neither the Disbursement Agent nor Buyer shall make any such release or announcement without the prior written consent and approval of the other, which consent and approval shall not be unreasonably withheld.

7.17 Services Provided by and to Alliance.

At the Closing, the Company will execute and deliver, and will cause Alliance Communications, LLC to execute and deliver, a Services Agreement substantially in the form of Exhibit 7.17 (the "Services Agreement").

7.18 Conveyance of Certain Interests Owned by the Company prior to Closing.

Buyer and the Company agree that prior to the Closing, the Company shall convey (i) its membership interests in Alliance Communications, LLC, and (ii) its direct and indirect ownership interests in R&A Management, LLC to a Person designated by the Company and that such ownership interests shall not be acquired by the Buyer as a result of the acquisition of the Purchased Interests.

ARTICLE VIII
CONDITIONS PRECEDENT TO THE OBLIGATIONS OF ALL PARTIES

The obligations of each of the parties to consummate the transaction contemplated hereby are subject to the conditions that:

8.1 Orders Prohibiting Consummation of Transactions.

At the Closing Date, there shall exist no applicable law, rule, regulation, order, judgment or injunction the effect of which is to prohibit consummation of the transactions contemplated by this Agreement, other than any rule, regulation or order relating to Franchises, which shall be governed by Section 9.8 hereof.

8.2 HSR Act.

All necessary pre-merger notification filings required under the HSR Act will have been made with the Federal Trade Commission and the United States Department of Justice and the prescribed waiting periods (and any extensions thereof) will have expired or been terminated.

ARTICLE IX
CONDITIONS PRECEDENT TO BUYER'S OBLIGATIONS

All obligations of Buyer under this Agreement are subject to the fulfillment (or waiver in whole or in part by Buyer in writing) on or before the Closing Date (or such earlier date as may be specified), of each of the following conditions:

9.1 Compliance with Agreement.

The Company and Sellers shall have performed and complied in all material respects with all of their obligations under this Agreement to be performed by them at or prior to Closing and there shall be no material uncured default of the Company or Sellers under any term of this Agreement. Without limiting the generality of the foregoing, all Purchased Interests shall have been tendered for sale to Buyer, using instruments of conveyance in form and substance reasonably satisfactory to Buyer, accompanied by all certificates, if any exist, representing certificated Purchased Interests.

9.2 Correctness of Representations and Warranties.

Each of the representations and warranties of the Company and Sellers set forth in this Agreement shall be true and correct in all respects on the Closing Date (without giving effect to the materiality or Material Adverse Effect qualifiers set forth therein) with the same force and effect as if such representations and warranties had been made on and as of such date (except to the extent such representations and warranties expressly speak as of an earlier date (other than the general qualifiers in the lead in to Articles IV, V and VI)), except for such failures to be true and correct that would not in the aggregate have a Material Adverse Effect.

9.3 No Adverse Change in Business or Properties.

Since December 31, 1998, there shall not have been a Material Adverse Effect.

9.4 Certificate of Officer.

The Company shall deliver to Buyer a certificate of an authorized executive officer of the General Partner dated the Closing Date, certifying as to the fulfillment of the conditions set forth in Sections 9.1, 9.2 and 9.3 above, together with a certified authorizing resolution and incumbency certificate.

9.5 Proceedings and Documents.

All Company Group and Seller corporate and other proceedings, taken in connection with the transactions contemplated hereby and all documents incident thereto shall be reasonably satisfactory in form and substance to Buyer and its counsel.

9.6 Opinion of Counsel.

Buyer shall have received from Baker & Hostetler LLP, a favorable opinion of such counsel, dated as of the Closing Date, substantially in the form of Exhibit 9.6 hereto.

9.7 Opinion of FCC Counsel.

Buyer shall have received from Seller's FCC counsel, Cole, Raywid, & Braverman LLP, a favorable opinion of such counsel, dated as of the Closing Date, substantially in the form of Exhibit 9.7 hereto.

9.8 Consents.

All consents, waivers, approvals or authorizations of franchisors, Governmental Authorities and other Third Parties that are Required Consents in connection with the change of control of the Company to Buyer and the other transactions contemplated by this Agreement shall have been obtained in substantially the form set forth in Exhibit 9.8 hereto, and the Company shall have delivered to Buyer copies of all such consents and approvals so obtained; provided, however, that with respect to Franchise approvals, this condition shall have been deemed to have been met if the Franchises with respect to which such consents, waivers, approvals or authorizations which have not been obtained do not cover more than five percent (5%) of the customers of the Company Group, taken as a whole.

9.9 Purchase of Partnership Interests of RAP.

The transactions contemplated by the RAP Agreement shall have been consummated, or will be consummated simultaneously with the transactions contemplated hereunder.

9.10 Services Agreement.

Alliance Communications, LLC shall have executed and delivered the Services Agreement.

ARTICLE X
CONDITIONS PRECEDENT TO SELLERS' OBLIGATIONS

All obligations of Sellers under this Agreement are subject to fulfillment (or waiver in whole or in part by Sellers in writing) on or before the Closing Date (or such earlier date as may be specified) of each of the following conditions:

10.1 Correctness of Representations and Warranties.

Each of the representations and warranties of Buyer set forth in this Agreement shall be true and correct in all respects on the Closing Date (without giving effect to the materiality or Material Adverse Effect qualifiers set forth therein) with the same force and effect as if such representations and warranties had been made on and as of such date (except to the extent such representations and warranties specifically speak as of an earlier date), except for such failures to be true and correct that would not in the aggregate materially impair Buyer's ability to perform its obligations hereunder or subject any Seller to any material liability or loss of benefit.

10.2 Compliance with Agreement.

Buyer shall have performed and complied in all material respects with all of its obligations under this Agreement to be performed by it at or prior to Closing and there shall be no material uncured default of the Buyer under any term of this Agreement.

10.3 Certificate of Officer.

Buyer shall have delivered to Sellers a certificate of an executive officer dated the Closing Date, certifying as to the fulfillment of the conditions set forth in Sections 10.1 and 10.2 above, together with a certified authorizing resolution and incumbency certificate.

10.4 Proceedings and Documents.

All Buyer corporate and other proceedings taken in connection with the transactions contemplated hereby and all documents incident thereto shall be reasonably satisfactory in form and substance to the Disbursement Agent, the Company and the Company's counsel.

10.5 Opinion of Counsel.

Seller shall have received from Buyer's counsel, Irell & Manella LLP, a favorable opinion of such counsel, dated as of the Closing Date, substantially in the form of Exhibit 10.5 hereto.

10.6 Sale of Partnership Interests of RAP.

Buyer and the RAP Sellers shall have consummated, or will simultaneously consummate, the transactions contemplated by the RAP Agreement, except that this condition shall not apply if one or more RAP Sellers have failed to deliver their interests in breach of the RAP Agreement

and Buyer and the remaining RAP Sellers have consummated, or will simultaneously consummate, the transactions contemplated thereby.

ARTICLE XI
RIGHTS TO TERMINATE; BREACH;

11.1 Termination.

(a) This Agreement may be terminated prior to the Closing:

(i) at any time by mutual consent of the Disbursement Agent (on behalf of Sellers) and Buyer;

(ii) by either the Disbursement Agent (on behalf of Sellers) or Buyer by written notice to the others, if the Closing has not occurred on or prior to December 31, 1999 (the "Outside Date"); provided further that (x) Buyer shall only be permitted to terminate this Agreement under this paragraph (ii) if Buyer is not in material breach of this Agreement or the RAP Agreement and no prior breach of either such agreement by Buyer has materially contributed to the delay in the consummation of the Closing, and (y) the Disbursement Agent (on behalf of Sellers) shall only be permitted to terminate this Agreement under this paragraph (ii) if the Company, RAP, the Sellers and RAP Sellers are not in material breach of this Agreement or the RAP Agreement and no prior breach of either such agreement by any such Person has materially contributed to the delay in the consummation of the Closing;

(iii) by Buyer, upon a breach of one or more representations or warranties of Company or Sellers herein (without giving effect to the materiality or Material Adverse Effect qualifiers set forth therein) such as would, in the aggregate, have a Material Adverse Effect, or upon any material breach of any covenant or agreement on the part of the Company or any Seller set forth in this Agreement, in each case that has not been cured within 30 days following receipt by the Company of written notice of such breach;

(iv) by the Disbursement Agent (on behalf of Sellers), upon a breach of one or more representations or warranties of Buyer herein (without giving effect to the materiality or Material Adverse Effect qualifiers set forth therein) such as would, in the aggregate, materially impair Buyer's ability to perform its obligations hereunder, or subject any Seller to any material liability or loss of benefit, or upon any material breach of any covenant or agreement on the part of Buyer set forth in this Agreement, in each case that has not been cured within 30 days following receipt by Buyer of written notice of such breach.

(b) In the event either the Disbursement Agent or Buyer shall terminate this Agreement pursuant to Section 11.1(a), the terminating party shall give prompt written notice thereof to the other parties hereto, and this Agreement shall thereupon terminate, without further action by any of the parties hereto. If the Agreement is terminated as provided herein:

(i) except as otherwise provided herein, the termination of this Agreement shall not relieve any party of any liability for breach of this Agreement prior to the date of termination; and

(ii) all filings, applications and other submissions relating to the assignment of the Purchased Interests made pursuant to this Agreement shall, to the extent practicable, be withdrawn from the agency or other Person to which made.

ARTICLE XII
INDEMNIFICATION

12.1 Indemnification by Sellers With Respect to the Company.

From and after the Closing, subject to (a), (b), and (c) below, Sellers shall indemnify Buyer against and hold it harmless from any and all Indemnifiable Damages which Buyer may suffer or incur by reason of (i) the Company's breach of any of the Company's representations and warranties contained in this Agreement or any document, certificate or agreement delivered pursuant hereto; or (ii) the Company's breach prior to the Closing of any of the Company's covenants or agreements contained in this Agreement or any document, certificate or agreement delivered by the Company pursuant hereto. However, notwithstanding anything contained in this Agreement to the contrary, if Buyer makes any claim for damages, Buyer will use reasonable efforts to mitigate the amount and nature thereof in accordance with customary industry maintenance procedures. Notwithstanding anything to the contrary herein, the foregoing obligation of Sellers to indemnify Buyer shall be subject to and limited by each of the following qualifications:

(a) All representations and warranties made by the Company in this Agreement (or any document, certificate or agreement delivered pursuant hereto) shall survive the Closing hereunder for a period of one year thereafter other than (a) the representations and warranties set forth in Section 5.8, which shall survive for the duration of the applicable statute of limitations, (b) the representations and warranties set forth in Section 5.22, which shall survive the Closing for a period of two years thereafter, and (c) the representations and warranties set forth in Section 5.4, which shall survive indefinitely. The period of survival of the respective representations and warranties provided for in this Section is referred to herein as the "Indemnity Period." No claim for indemnification for breach of a representation or warranty may be asserted after the expiration of the Indemnity Period of such representation or warranty; provided that the written assertion of any claim by a party against the other hereunder with respect to the breach or alleged breach of any representation or warranty (or a series of facts stated in

the written assertion of the claim which would support such breach) shall extend the Indemnity Period for such representation or warranty with respect to such claim through the date such claim is conclusively resolved. No investigation by either party shall relieve the other party from any liability for any misrepresentation or breach of warranty made by such other party in this Agreement or any related agreement.

(b) Other than with respect to a breach of Section 5.4 or 5.8, (i) Sellers shall have no liability to Buyer on or account of any Indemnifiable Damages provided in Section 12.1 unless and until such damages in the aggregate exceed Two Million Five Hundred Thousand Dollars ($2,500,000) (the "Threshold Amount"), in which event Buyer shall be entitled to all (subject to clause (ii) below in this paragraph) of the Indemnifiable Damages from the first dollar; and (ii) the total liability of Sellers for their indemnity obligation under this Section 12.1 shall be limited in all respects to, and shall be payable solely from, and to the extent of, the InterLink Indemnity Fund and Buyer's sole and exclusive remedy shall be recourse to the InterLink Indemnity Fund upon and subject to Buyer's compliance with the terms and conditions of the Closing Escrow Agreement; provided, however, that (1) if Section 12.1(c) Damages have been paid from the InterLink Indemnity Fund, and if the amount remaining in the InterLink Indemnity Fund is as a result insufficient to satisfy claims payable under this Section 12.1(b), then the Sellers shall pay pro rata to the Disbursement Agent and the Disbursement Agent shall pay to Buyer the lesser of (x) the amount of 12.1(c) Damages paid from the InterLink Indemnity Fund, and (y) the amount by which claims under this Section 12.1(b) exceed the InterLink Indemnity Fund, and (2) upon release of the Year Disbursement Amount, each Seller shall thereafter continue to be severally obligated to satisfy claims for breaches of Section 5.22 brought during the relevant Indemnity Period, in an aggregate amount no greater than the portion of the Year Disbursement Amount actually received by such Seller.

(c) With respect to any indemnification sought for a breach of Sections 5.4 and 5.8, each Seller shall be obligated to indemnify Buyer in respect of its Indemnifiable Damages pro rata in accordance with the percentages set forth on the Purchase Price Allocation Schedule. Notwithstanding paragraph (b) above, such indemnification for breaches of Section 5.4 and 5.8 (i) shall not be subject to the Threshold Amount set forth in (b) (i) above and (ii) shall not be limited by the amount of the InterLink Indemnity Fund. In the event Sellers are obligated to indemnify Buyer in respect of Indemnifiable Damages for breaches of Section 5.4 or 5.8 ("Section 12.1(c) Damages"), such obligation will be paid first from the InterLink Indemnity Fund to the extent of any amounts remaining in the InterLink Indemnity Fund, and if insufficient funds remain in the Indemnity Fund, then each Seller shall be obligated for, and shall pay to the Disbursement Agent, its pro rata share of such shortfall, and the Disbursement Agent shall pay the amount of the shortfall to Buyer.

(d) With respect to any claim for indemnification hereunder that may reasonably be covered by the indemnification provisions set forth in the Scott Agreement or Omega Agreement, Buyer will use commercially reasonable efforts to pursue claims

under those agreements before pursuing a claim hereunder; provided, however, that (i) during its pendency, any such claim shall be deemed a pending claim for purposes of determining the amount of the InterLink Indemnity Fund to be released pursuant to Section 2.5 hereof, (ii) with respect to any claim brought hereunder for Indemnifiable Damages not fully recovered under the Scott Agreement or the Omega Agreement, the date on which such claim is first made (whether under the Scott Agreement, the Omega Agreement or hereunder) shall determine whether such claim has been brought during the applicable Indemnity Period, and (iii) Buyer shall provide the Disbursement Agent with a copy of any claim for indemnification made on or after the Closing Date under the Scott Agreement or the Omega Agreement at the time such claim is first made.

(e) Each Seller makes, constitutes and appoints the Disbursement Agent as its true and lawful attorney-in-fact, and authorizes it to take any and all such actions with regard to the disposition and settlement of any claims for indemnification pursuant to this Section 12.1, on behalf of such Sellers and grants to Disbursement Agent full power and authority to do and perform each and every act as the Disbursement Agent may deem necessary or advisable to carry out fully the intent of the foregoing as such Seller might or could do personally.

12.2 Indemnification by Sellers for Seller Breaches.

From and after the Closing, each Seller shall indemnify Buyer against and hold it harmless from any and all Indemnifiable Damages which Buyer may suffer or incur by reason of (i) inaccuracy of any of the representations or warranties of such Seller contained in Article IV of this Agreement; or (ii) such Seller's breach of any of its covenants or agreements contained in this Agreement or any document, certificate or agreement delivered by such Seller pursuant hereto. Notwithstanding anything contained in this Section 12.2 to the contrary, if there is a claim for damages, Buyer will use commercially reasonable efforts to mitigate the amount and nature of such damages in accordance with customary industry maintenance procedures. The foregoing obligation of each Seller to indemnify Buyer shall be subject to and limited by each of the following qualifications:

(a) Each of the representations, warranties, covenants and agreements made by such Seller in this Agreement or in any documents or instruments delivered by such Seller pursuant hereto shall survive the Closing for a period of one (1) year thereafter, other than the representations and warranties set forth in Section 4.1, which shall survive indefinitely. Any claims made by Buyer pursuant to this Section 12.2 shall not be subject to the Threshold Amount. In addition, each Seller shall be directly liable for all amounts required to be paid by such Seller under this Section 12.2, and such amounts shall not be paid from, nor subject to the limits of, the InterLink Indemnity Fund.

(b) Each such Seller individually, and not jointly, will indemnify Buyer and hold it harmless with respect to Indemnifiable Damages required to be paid by such Seller under this Section 12.2. Upon the occurrence of an event to which an individual Seller's indemnity obligation under this Section 12.2 applies, Buyer shall seek indemnification

with respect to such Seller's liability for such event only from such Seller, and not from any other Seller(s).

12.3 Indemnification by Buyer.

From and after the Closing, Buyer shall indemnify Sellers against and hold them harmless from any and all Indemnifiable Damages which any of the Sellers may suffer or incur by reason of (i) Buyer's breach of any of Buyer's representations and warranties contained in this Agreement or any document, certificate or agreement delivered by the Buyer pursuant hereto; (ii) Buyer's breach of any of Buyer's covenants, or agreements contained in this Agreement or any document, certificate or agreement delivered pursuant hereto; or (iii) any liability for claims made by third parties against any of the Sellers arising out of the operation of the Systems by Buyer after the Closing Date. Without limiting the generality of the foregoing, with respect to the measurement of Indemnifiable Damages, Sellers shall have the right to be put in the same financial position as they would have been in had Buyer not breached the respective representation, warranty, covenant or agreement. The foregoing obligation of Buyer to indemnify Sellers shall be subject to and limited by the qualification that each of the representations and warranties made by Buyer in this Agreement shall survive for a period of one (1) year from and after the Closing Date, unless a claim shall have been commenced prior to such time in which case the applicable representations and warranties shall survive with respect to such claim until such claim has been resolved, and thereafter all such representations and warranties shall be extinguished, and no action for the enforcement of the foregoing obligation may be commenced with respect to any claim made more than one year following the Closing Date.

12.4 Effect of Materiality Qualifiers.

For purposes of this Article XII, the determination of whether any breach of any representation or warranty in Articles IV, V and VI has occurred, as well as the determination of the Indemnifiable Damages therefrom, shall be made without regard to any materiality or Material Adverse Effect qualifiers therein.

12.5 Notice and Right to Defend Third Party Claims.

Promptly upon receipt of notice of any claim, demand or assessment made by any Third Party or the commencement of any suit, action or proceeding brought by any Third Party in respect of which indemnity may be sought under any provision of Article XII hereof, the party seeking indemnification (the "Indemnitee") will give written notice thereof to the party from whom indemnification is sought (the "Indemnitor") promptly and in any event within sufficient time to enable the Indemnitor to respond to such claim, demand, or assessment or answer or otherwise plead in such suit, action or proceeding. The failure or omission of such Indemnitee to so notify promptly the Indemnitor of any such Third Party claim, demand, assessment, suit, action or proceeding shall not relieve such Indemnitor from any liability which it may have to such Indemnitee in connection therewith, on account of any indemnity agreement contained in Article XII hereof, except to the extent that the Indemnitor shall have been actually prejudiced thereby. In case any Third Party claim, demand or assessment shall be asserted or Third Party

suit, action or proceeding commenced against an Indemnitee, and such Indemnitee shall notify the Indemnitor of the commencement thereof, the Indemnitor shall be entitled to participate therein, and, to the extent that it may wish, to assume the defense, conduct or settlement thereof, with counsel reasonably satisfactory to the Indemnitee by providing the Indemnitee with written notice within 10 business days after the Indemnitor's receipt of the Indemnitee's notice of the claim, demand, assessment, suit, action or proceeding. After notice from the Indemnitor to the Indemnitee of its election so to assume the defense, conduct or settlement thereof within such 10-business day period, the Indemnitor will not be liable to the Indemnitee for any legal or other expenses subsequently incurred by the Indemnitee in connection with the defense, conduct or settlement thereof. The Indemnitee, at Indemnitor's cost and expense, will cooperate with the Indemnitor in connection with any such claim, and make personnel, books and records relevant to the claim available to the Indemnitor. Neither party shall settle such claim, demand, assessment, suit, action or proceeding without the consent of the other party, which shall not be unreasonably withheld provided that in no event shall either party be obligated to consent to any settlement which (i) arises from or is part of any criminal action, suit or proceeding, (ii) contains a stipulation to, confession of judgment with respect to, or admission or acknowledgment of, any liability or wrongdoing on the part of such party, (iii) provides for injunctive relief, or other relief or finding other than money damages, which is binding on such party, or (iv) does not contain an unconditional release of such party.

12.6 Exclusive Remedy; Limitation of Liability.

From and after the Closing Date, the sole and exclusive remedy of any party hereto for any claim arising under this Agreement (or any certificate, document or agreement delivered pursuant hereto) against any other party shall be the indemnification rights provided in this Article XII, provided that nothing herein shall relieve any party from any liability for actual fraud. Notwithstanding anything to contrary in Sections 12.1 and 12.2, no Seller shall be liable to Buyer for Indemnifiable Damages in excess of the pro rata portion of the Purchase Price received by such Seller.

ARTICLE XIII
MISCELLANEOUS

13.1 Seller Liability Several and not Joint.

Buyer acknowledges and agrees that the obligations of the Sellers under this Agreement are several and not joint, and wherever this Agreement refers to the several liability of the Sellers or a Seller's "pro rata portion" of any amount, such liability or portion shall be determined based on the respective percentage interest of such Seller in the InterLink Equity Value set forth on the Purchase Price Allocation Schedule.

13.2 Appointment of Sellers' Representative.

Each of Sellers hereby irrevocably appoints Disbursement Agent as the agent and attorney-in-fact of such Seller, with full power of substitution and resubstitution to do such things and to take such actions (including without limitation to execute on such Seller's behalf

the Closing Escrow Agreement regarding Buyer's retention of a portion of the InterLink Indemnity Fund in certain circumstances), in the name and on behalf of such Seller, as this Agreement provides may be done or taken on behalf of Sellers. Each of Sellers acknowledges and agrees that this appointment and power of attorney is irrevocable during the term of this Agreement and is coupled with an interest. Each of Sellers hereby agrees to indemnify and hold harmless Disbursement Agent for all actions or inactions of Disbursement Agent taken or not taken in good faith in connection with, and permitted under, this Agreement.

13.3 Expenses.

Except as otherwise provided in this Agreement, each party shall pay its own expenses, taxes and other costs incident to or resulting from this Agreement whether or not the transactions contemplated hereby are consummated. Buyer's costs include, but are not limited to, fees for the filing or recording of instruments of transfer. The Sellers and Buyer shall each pay one-half of any sales or use tax arising out of or resulting from this Agreement, with the Sellers' portion being paid pro rata in accordance with the percentages indicated on the Purchase Price Allocation Schedule.

13.4 Knowledge.

For purposes of this Agreement, the Company shall be deemed to have knowledge of and be aware of all facts, circumstances and information of which Monroe M. Rifkin, Kevin B. Allen, Jeffrey D. Bennis, Dale D. Wagner, Peter N. Smith and Stephen E. Hattrup have knowledge or are aware.

13.5 Assignment.

Neither this Agreement, nor any right hereunder, may be assigned by any of the parties hereto, except that at any time, Buyer may upon at least seven (7) days prior written notice to the Company at any time prior to the first filing of Forms 394 with franchisors assign all of its rights hereunder to an entity owned and controlled by Paul G. 13.6 Successors.

This Agreement shall be binding upon and inure to the benefit of Buyer and its heirs, successors or assigns, and Sellers and their respective heirs, successors or permitted assigns, subject in all respects to Section 13.5 hereof.

13.7 Entire Agreement.

This Agreement, including the Schedules and Exhibits hereto, constitutes the entire agreement of the parties, and supersedes all prior documents, agreements (including, without limitation, that certain letter of intent between the Company and Buyer dated February 8, 1999), promises, covenants, arrangements, communications, representations or warranties, whether oral

or written, by or on behalf of either party hereto or any officer, employee, representative or agent of either party hereto.

13.12 Certain Provisions Relating to R&A Management LLC's 401(k) Plan.

(a) As of the Closing Date, the Company or any Affiliate thereof shall cause the account balances in the Rifkin & Associates, Inc. 401(k) Retirement Savings Plan, a plan qualified and exempt under Sections 401(a), 401(k) and 501(a) of the Internal Revenue Code of 1986, as amended ("Company's 401(k) Plan") of all participants who continue to be employees of the Company after the Closing Date ("Continuing Employees") to become fully vested and nonforfeitable. Each Continuing Employee's period of service with Company or its Affiliates before the Closing shall be counted in determining eligibility for, and vesting of, benefits under each employee benefit plan maintained or sponsored by the Company, Buyer or their Affiliates after the Closing, or to which the Company, Buyer or their Affiliates contribute after the Closing. Each Continuing Employee shall be covered as of the Closing under any employee benefit plan maintained or sponsored by the Company, Buyer or their Affiliates, or to which the Company, Buyer, or their Affiliates contribute, providing health care benefits (whether or

not through insurance) without regard to any waiting period or any condition or exclusion based on any pre-existing conditions, medical history, claims experience, evidence of insurability, or genetic factors. After the Closing, R&A Management, LLC and its Affiliates will continue to provide continuation coverage under Section 4980B of the Code to "qualified beneficiaries" who had "qualifying events" (as such terms are defined in Section 4980B of the Code) on or before the Closing Date.

(b) As soon as reasonably practicable following the Closing Date, an amount in cash equal to the aggregate value of the account balances in the Company's 401(k) Plan attributable to Continuing Employees, which account balances shall include any employer matching contributions in respect of employee contributions made prior to the Closing Date and shall be valued, to the extent administratively feasible, so as to include earnings and losses to a date not more than thirty (30) days prior to the date of transfer, will be transferred to the Charter Communications, Inc. 401(k) Plan (the "Charter Plan"), along with corresponding liabilities to Persons entitled to payment of benefits pursuant to the terms of Company's 401(k) Plan; provided, however, that Buyer shall have no obligation to cause the Charter Plan to accept such a transfer if such a transfer (i) would violate Section 414(l) of the Code, (ii) could not be accomplished unless the Charter Plan were amended to provide any form of benefit distribution not available as of the Closing Date under the Charter Plan, or (iii) would not be commercially reasonable or administratively practicable. After the aforesaid transfer of account balances, the payment of benefits under Charter Plan for Continuing Employees shall be the sole responsibility of Buyer or any Affiliate thereof, and Buyer acknowledges and warrants to the Company that neither it nor any Affiliate thereof shall have any responsibility or obligation whatsoever therefor.

(c) As soon as reasonably practicable following the later of the Closing Date or the date of the receipt by the Rifkin & Associates, Inc. Et Al Defined Contribution Transfer Plan (the "Rifkin Transfer Plan") of a favorable determination letter from the Internal Revenue Service, Charter shall establish a plan similar to the Rifkin Transfer Plan (the "Charter Transfer Plan"), and an amount in cash equal to the aggregate value of the account balances in the Rifkin Transfer Plan attributable to Continuing Employees, which account balances shall be valued, to the extent administratively feasible, so as to include earnings and losses to a date not more than thirty (30) days prior to the date of transfer, will be transferred to the Charter Transfer Plan, along with corresponding liabilities to Persons entitled to payment of benefits pursuant to the terms of the Rifkin Transfer Plan. After the aforesaid transfer of account balances, the payment of benefits under the Charter Transfer Plan for Continuing Employees shall be the sole responsibility of Buyer or any Affiliate thereof, and Buyer acknowledges and warrants to the Company that neither it nor any Affiliate thereof shall have any responsibility or obligation whatsoever therefor.

The Secretary shall perform such other duties as may be prescribed from time to time by the Manager or the Board.

iv) The Treasurer. The Treasurer shall have custody of the Company funds and securities and shall keep or cause to be kept full and accurate accounts of receipts and disbursements in books of the Company to be maintained for such purpose; shall deposit all moneys and other valuable effects of the Company in the name and to the credit of the Company in depositories designated by the Manager or the Board; and shall disburse the funds of the Company as may be ordered by the Manager or the Board.

v) The Chairmen. Each Chairman, if any, shall perform such duties as shall be assigned, and shall exercise such powers as may be granted to him or her by the Manager or the Board.

SECTION 6. Members.

(a) The members of the Company shall be set forth on Exhibit B hereto. Other persons may be admitted as members from time to time pursuant to the provisions of this Agreement.

(b) No member shall be liable for the debts, liabilities and obligations of the Company, including any debts, liabilities and obligations under a judgment, decree or order of a court.

(c) Neither a member nor any of its affiliates, partners, members, directors, managers, officers or employees shall be expressly or impliedly restricted or prohibited by virtue of this Agreement or the relationships created hereby from engaging in other activities or business ventures of any kind or character whatsoever. Except as otherwise agreed in writing, each member and its affiliates, partners, members, directors, managers, officers and employees shall have the right to conduct, or to possess a direct or indirect ownership interest in, activities and business ventures of every type and description, including activities and business ventures in direct competition with the Company.

SECTION 7. Percentage Interests. CCI has contributed all of its right, title and interest in and to its 100% membership interests in the following entities to the capital of the Company in exchange for its membership interest: CharterComm Holdings, LLC, Charter Communications Properties Holdings, LLC, CCT Holdings, LLC, CCA Holdings, LLC, and Charter Communications Long Beach, LLC. The Percentage Interests or number of membership units held by each Member are as set forth in Exhibit B attached hereto.

SECTION 8. Distributions. The Company may from time to time distribute to the members such amounts in cash and other assets as shall be determined by the members. Each such distribution, including liquidating distributions, shall be divided among the members in accordance with their Percentage Interests.

SECTION 9. Allocations. The profits and losses of the Company shall be allocated to the members in accordance with their Percentage Interests or number of membership units.

SECTION 10. Dissolution; Winding Up.

(a) The Company shall be dissolved upon (i) the adoption of a plan of dissolution by the members or (ii) the occurrence of any event required to cause the dissolution of the Company under the Delaware Limited Liability Company Act.

(b) Any dissolution of the Company shall be effective as of the date on which the event occurs giving rise to such dissolution, but the Company shall not terminate unless and until all its affairs have been wound up and its assets distributed in accordance with the provisions of the Delaware Limited Liability Company Act.

(c) Upon dissolution of the Company, the Company shall continue solely for the purposes of winding up its business and affairs as soon as reasonably practicable. Promptly after the dissolution of the Company, the Manager shall immediately commence to wind up the affairs of the Company in accordance with the provisions of this Agreement and the Delaware Limited Liability Company Act. In winding up the business and affairs of the Company, the Manager may take any and all actions that they determine in its sole discretion to be in the best interests of the members, including, but not limited to, any actions relating to (i) causing written notice by registered or certified mail of the Company's intention to dissolve to be mailed to each known creditor of and claimant against the Company, (ii) the payment, settlement or compromise of existing claims against the Company, (iii) the making of reasonable provisions for payment of contingent claims against the Company and (iv) the sale or disposition of the properties and assets of the Company. It is expressly understood and agreed that a reasonable time shall be allowed for the orderly liquidation of the assets of the Company and the satisfaction of claims against the Company so as to enable the Manager to minimize the losses that may result from a liquidation.

SECTION 11. Transfer. If the Company has more than one member, no member shall transfer (whether by sale, assignment, gift, pledge, hypothecation, mortgage, exchange or otherwise) all or any part of his, her or its limited liability company interest in the Company to any other person without the prior written consent of each of the other members; provided, however, that this Section 11 shall not restrict the ability of any member to transfer (at any time) all or a portion of its limited liability company interest in the Company to another member. Upon the transfer of a member's limited liability company interest, the Manager shall provide notice of such transfer to each of the other members and shall amend Exhibit B hereto to reflect the transfer.

SECTION 12. Admission of Additional Members. The admission of additional members to the Company shall be accomplished by the amendment of this Agreement and, if required by the Delaware Limited Liability Company Act.

SECTION 13. Tax Matters. The members agree that, so long as the Company is a sole member entity, it is intended that for federal income tax purposes its assets be deemed to be owned by the sole member in accordance with the applicable Treasury Regulations. In the event that the Company becomes an entity that has more than one member, it is intended that the Company shall be treated as a partnership for purposes of United States federal, state and local income tax laws, and further agree not to take any position or make any election, in a tax return or otherwise, inconsistent therewith. So long as the Company is a partnership for federal income tax purposes, the "tax matters partner" of the Company (the "Tax Matters Member") for purposes of section 6231(a)(7) of the Internal Revenue Code of 1986, as amended, shall be as set forth in Exhibit B, attached hereto. The Tax Matters Member shall have the power to manage and control, on behalf of the Company, any administrative proceeding at the Company level with the Internal Revenue Service relating to the determination of any item of Company income, gain, loss, deduction or credit for federal income tax purposes.

SECTION 14. Exculpation and Indemnification.

(a) Neither the members, the Manager, the directors, their affiliates, nor any person who at any time shall serve, or shall have served, as a director, officer, employee or other agent of any member or any such affiliate and who, in such capacity, shall engage, or shall have engaged, in activities on behalf of the Company (a "Specified Agent") shall be liable, in damages or otherwise, to the Company or to any member for, and neither the Company nor any member shall take any action against such members, their affiliates or any Specified Agent, in respect of any loss which arises out of any acts or omissions performed or omitted by it pursuant to the authority granted by this Agreement, or otherwise performed on behalf of the Company, if such member, such affiliate, or such Specified Agent, as applicable, in good faith, determined that such course of conduct was in the best interests of the Company. Each member shall look solely to the assets of the Company for return of his, her or its investment, and if the property of the Company remaining after the discharge of the debts and liabilities of the Company is insufficient to return such investment, each member shall have no recourse against the Company, the other members or their affiliates, except as expressly provided herein; provided, however, that the foregoing shall not relieve any member of any fiduciary duty or duty of fair dealing to the other members that it may have under applicable law.

(b) In any threatened, pending or completed claim, action, suit or proceeding to which a member, any of such member's affiliates, or any Specified Agent was or is a party or is threatened to be made a party by reason of the fact that such person is or was engaged in activities on behalf of the Company, including without limitation any action or proceeding brought under the Securities Act of 1933, as amended, against a member, any of such member's affiliates, or any Specified Agent relating to the Company, the Company shall indemnify and hold harmless the members, any such affiliates, and any such Specified Agents against losses, damages, expenses (including attorneys' fees), judgments and amounts paid in settlement actually and reasonably incurred by or in connection with such

claim, action, suit or proceeding; provided, however, that none of the members, any of their affiliates or any Specified Agent shall be indemnified for actions constituting bad faith, willful misconduct, or fraud. Any act or omission by any member, any of such member's affiliates or any Specified Agent, if done in reliance upon the opinion of independent legal counsel or public accountants selected with reasonable care by such member, such affiliate or such Specified Agent, as applicable, shall not constitute bad faith, willful misconduct, or fraud on the part of such member, affiliate or Specified Agent.

(c) The termination of any claim, action, suit or proceeding by judgment, order or settlement shall not, of itself, create a presumption that any act or failure to act by a member, such member's affiliate or any Specified Agent constituted bad faith, willful misconduct or fraud under this Agreement.

(d) Any such indemnification under this Section 13 shall be recoverable only out of the assets of the Company and not from the members.

SECTION 15. Miscellaneous.

(a) A member's limited liability company interest may be evidenced by a certificate of limited liability company interest executed by the Manager or an officer and in substantially the form attached hereto as Exhibit C (or in such other form as the Manager may approve).

(b) The terms and provisions set forth in this Agreement may be amended, and compliance with any term or provision set forth herein may be waived, only by a written instrument executed by each member. No failure or delay on the part of any member in exercising any right, power or privilege granted hereunder shall operate as a waiver thereof, nor shall any single or partial exercise of any such right, power or privilege preclude any other or further exercise thereof or the exercise of any other right, power or privilege granted hereunder.

(c) This Agreement shall be binding upon and inure to the benefit of the members and their respective successors and assigns.

(d) This Agreement shall be governed by, and construed in accordance with, the laws of the State of Delaware, without regard to any conflicts of law principles that would require the application of the laws of any other jurisdiction.

(e) In the event that any provision contained in this Agreement shall be held to be invalid, illegal or unenforceable for any reason, the invalidity, illegality or unenforceability thereof shall not affect any other provision hereof.

(f) This Agreement may be executed in one or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument.

IN WITNESS WHEREOF, the party has caused this Agreement to be duly executed on the date first above written.

1.02 OTHER OFFICES.

The Corporation may also have other offices, either within or without the State of Delaware, at such place or places as the Board of Directors (the "Board") may from time to time appoint or the business of the Corporation may require.

ARTICLE II - MEETINGS OF STOCKHOLDERS

2.01 ANNUAL MEETING.

The date of the annual meeting of the stockholders for the election of directors and for the transaction of such other business as properly may come before such meeting shall be determined by resolution of the Board to be a specific day in each year, if not a legal holiday, and, if a legal holiday, on the next succeeding business day, at the time and place and within or without the State of Delaware as may be designed by the Board and set forth in the notice of the meeting or a duly executed waiver of notice thereof, provided, however, that in any year, in advance of the date specified for the annual meeting, the Board may act to change the meeting date for that year.

2.02 SPECIAL MEETINGS.

Special meetings of the stockholders for any proper purpose or purposes may be called at any time by the Board or an Executive Officer, to be held on the date, at the time

and place within or without the State of Delaware as the Board or an Executive Officer, whichever has called the meeting, shall direct. A special meeting of the stockholders also shall be called whenever stockholders owning a majority of the shares of the Corporation then issued and outstanding and entitled to vote on all of the matters to be submitted to stockholders of the Corporation at such special meeting shall make written application to an Executive Officer. Any such written request shall state a proper purpose or purposes of the meeting and shall be delivered to an Executive Officer.

2.03 NOTICE OF MEETING.

Notice, signed by the Secretary of the Corporation or an Executive Officer, of every annual or special meeting of stockholders shall be prepared in writing and personally delivered; mailed, postage prepaid; or sent by facsimile transmission to each stockholder entitled to vote at such meeting not less than ten (10) nor more than sixty (60) days before the meeting, except as otherwise provided by statute. Every notice of a meeting of the stockholders shall state the place, date and hour of the meeting, and in the case of a special meeting, shall also state the purpose or purposes for which the meeting is called. If mailed, such notice shall be directed to a stockholder at his address as it shall appear on the stock record book of the Corporation, unless the stockholder shall have filed with the Secretary a written request that notice intended for him or her be mailed to some other address, in which case it shall be mailed to the address designated in such request. Notice shall be deemed given when personally delivered or deposited in the United States mail, as the case may be; provided, however, that such notice may also be given by telegram, facsimile or other means of electronically transmitted written copy and in such case shall be deemed given when ordered or, if a delayed delivery is ordered, as of such delayed delivery time.

2.04 LIST OF STOCKHOLDERS.

A complete list of the stockholders entitled to vote at each meeting of stockholders, arranged in alphabetical order and showing the address of each such stockholder and the number of shares registered in the name of each such stockholder, shall be open to the examination of any stockholder, for any purpose germane to such meeting, during ordinary business hours, for a period of at least ten (10) days prior to the meeting, either at a place within the city where the meeting is to be held, which place shall be specified in the notice of such meeting, or, if not specified, at the place where the meeting is to be held. The list shall also be produced and kept at the time and place of the meeting and during the whole time thereof, and may be inspected by any stockholder who is present.

2.05 QUORUM.

The presence at any meeting, in person or by proxy, of the holders of record of a majority of the shares then issued and outstanding and entitled to vote shall be necessary and sufficient to constitute a quorum for the transaction of business, except where otherwise provided by statute.

2.06 ADJOURNMENTS.

In the absence of a quorum, stockholders representing a majority of the shares then issued and outstanding and entitled to vote, present in person or by proxy, or, if no stockholder entitled to vote is present in person or by proxy, any officer entitled to preside at or act as secretary of such meeting, may adjourn the meeting from time to time without notice other than announcement at the meeting, until a quorum shall be present or represented. At such adjourned meeting at which a quorum shall be present or represented, any business may be transacted which might have been transacted at the meeting originally noticed. If the adjournment is for more than thirty (30) days, or if after the adjournment a new record date is fixed for the adjourned meeting, a notice of the adjourned meeting shall be given to each stockholder of record entitled to vote at the meeting.

2.07 VOTING.

(a) At each meeting of the stockholders, each stockholder shall be entitled to vote in person or by proxy each share or fractional share of the stock of the Corporation which has voting rights on the matter in question and which shall have been held by him or her and registered in his name on the books of the Corporation:

(i) on the date fixed pursuant to Section 10.02 of these Bylaws as the record date for the determination of stockholders entitled to notice of and to vote at such meeting, or

(ii) if no such record date shall have been so fixed, then (x) at the close of business on the day next preceding the day on which notice of the meeting shall be given or (y) if notice of the meeting shall be waived, at the close of business on the day next preceding the day on which the meeting shall be held.

(b) Shares of its own stock belonging to the Corporation or to another corporation, if a majority of the shares entitled to vote in the election of directors in such other corporation is held, directly or indirectly, by the Corporation, shall neither be entitled to vote nor be counted for quorum purposes. Persons holding stock of the Corporation in a fiduciary capacity shall be entitled to vote such stock. Persons whose stock is pledged shall be entitled to vote, unless in the transfer by the pledgor on the books of the Corporation he or she shall have expressly empowered the pledgee to vote thereon, in which case only the pledgee, or his or her proxy, may represent such stock and vote thereon. Stock having voting power standing of record in the names of two or more persons, whether fiduciaries, members of a partnership, joint tenants, tenants in common, tenants by the entirety or otherwise, or with respect to which two or more persons have the same fiduciary relationship, shall be voted in accordance with the provisions of the General Corporation Law of Delaware.

(c) At any meeting of the stockholders all matters except as otherwise provided in the Certificate of Incorporation, in these Bylaws, or by law, shall be decided by the vote of a majority in voting interest of the stockholders present in person or by proxy and entitled to vote thereat and thereon. The vote at any meeting of the stockholders on any question need not be by ballot, unless so directed by the chairman of the meeting. On a

vote by ballot, each ballot shall be signed by the stockholder voting, or by his proxy if there be such proxy, and it shall state the number of shares voted.

2.08 PROXIES.

Any stockholder is entitled to vote by proxy, provided that the instrument authorizing such proxy to act shall have been executed in writing (which shall include telegram, facsimile or other means of electronically transmitted written copy) by the stockholder himself or herself or by his or her duly authorized attorney-in-fact and delivered to the secretary of the meeting. No proxy shall be voted or acted upon after three years from its date, unless the proxy provides for a longer period.

The attendance at any meeting of a stockholder who may theretofore have given a proxy shall not have the effect of revoking the same unless he shall in writing so notify the secretary of the meeting prior to the voting of the proxy.

2.09 JUDGES OF ELECTION.

The Board may appoint judges of election to serve at any election of directors and at balloting on any other matter that may properly come before a meeting of stockholders. If no such appointment shall be made, or if any of the judges so appointed shall fail to attend, or refuse or be unable to serve, then such appointment may be made by the presiding officer of the meeting at the meeting.

2.10 WRITTEN CONSENT.

Any action which may be taken at any annual or special meeting of stockholders may be taken without a meeting and without a vote, if a consent in writing, setting forth the action so taken, shall be signed by the holders of outstanding stock having not less than the minimum number of votes that would be necessary to authorize or take such action at a meeting at which all shares entitled to vote thereon were present and voted. Whenever any such action is taken without a meeting by less than unanimous consent, all stockholders who have not consented in writing must be promptly informed in writing of such action.

ARTICLE III - BOARD

3.01 NUMBER.

The number of directors which shall constitute the whole Board shall be fixed at three (3) persons, until changed from time to time by resolution of the Board or stockholders at the annual meeting or any special meeting called for that purpose.

3.03 VACANCIES AND ADDITIONAL DIRECTORSHIPS.

If any vacancy shall occur among the directors by reason of death, resignation, or removal, or as the result of an increase in the number of directorships, the directors then in office shall continue to act and may fill any such vacancy by a vote of the majority of directors then in office, though less than a quorum, and each director so chosen shall hold office until the next annual election of directors and until his or her successor shall be duly elected and shall qualify, or until his or her earlier death, resignation or removal.

3.04 POWERS.

The business of the Corporation shall be managed by its Board, which may exercise all powers of the Corporation and do all lawful acts and things as are not by law or by the Certificate of Incorporation or these Bylaws reserved to the stockholders.

3.05 RESIGNATION OF DIRECTORS.

Any director may resign at any time by giving written notice of such resignation to the Board or an Executive Officer. Any such resignation shall take effect at the time specified therein or, if no time be specified, upon receipt thereof by the Board or an Executive Officer; and unless specified therein, the acceptance of such resignation shall not be necessary to make it effective.

3.06 REMOVAL OF DIRECTORS.

At the annual meeting or any special meeting of the stockholders, duly called as provided in these Bylaws, any director or directors may, by the affirmative vote of the holders of a majority of the shares of stock issued and outstanding and entitled to vote for the election of directors, be removed from office, either with or without cause. At such meeting a successor or successors may be elected by a majority of the votes cast, or if any

such vacancy is not so filled, it may be filled by the directors as provided in Section 3.03 of this Article III.

3.07 COMPENSATION OF DIRECTORS.

Directors may receive such reasonable compensation for their services, whether in the form of salary or a fixed fee for attendance at Board or Board committee meetings, with expenses, if any, as the Board may from time to time determine. Nothing herein contained shall be construed to preclude any director from serving the Corporation in any other capacity and receiving compensation therefor.

3.08 RELIANCE ON ACCOUNTS AND REPORTS, ETC.

A director, or a member of any committee designed by the Board shall, in the performance of his duties, be fully protected in relying in good faith upon the records of the Corporation and upon information, opinions, reports or statements presented to the Corporation by any of the Corporation's officers or employees, or committees designated by the Board, or by any other person as to the matters the director or member reasonably believes are within such other person's professional or expert competence and who has been selected with reasonable care by or on behalf of the Corporation.

ARTICLE IV - MEETINGS OF THE BOARD

4.01 PLACE.

The Board of the Corporation may hold meetings, both regular and special, either within or without the State of Delaware.

4.02 REGULAR MEETINGS.

The Board by resolution may provide for the holding of regular meetings and may fix the times and places at which such meetings shall be held. Notice of regular meetings shall not be required to be given if the time and place has been fixed by Board resolution, provided that whenever the time or place of regular meetings shall be fixed or changed, notice of such action shall be mailed promptly to each director who shall not have been present at the meeting at which such action was taken. Except as otherwise required by statute, notice of each special meeting shall be given to each director, if by mail, when addressed to him or her at his or her residence or usual place of business, unless he or she shall have filed with the Secretary a request that notices intended for him or her be mailed to some other address, in which case it shall be mailed to the address designated in such request, at least 72 hours before, or shall be sent to him or her at such place by telegram, facsimile, telephone or other means of electronically transmitted written copy, or delivered to him or her personally, at least 48 hours before the date on which the meeting is to be held. Such notice shall state the time and place of such meeting, but need not state the purposes thereof, unless otherwise required by statute, the Certificate of Incorporation of the Corporation or these Bylaws.

4.04 QUORUM.

At any meeting of the Board two-thirds (2/3) of the whole Board shall constitute a quorum for the transaction of business, and the act of the majority of those present at any meeting at which a quorum is present shall be sufficient for the act of the Board, except as may be otherwise specifically provided by statute or by the Certificate of Incorporation of the Corporation.

4.05 ADJOURNED MEETINGS.

If a quorum shall not be present at a meeting of the Board, the directors present thereat may adjourn the meeting from time to time, until a quorum shall be present. Seventy-two (72) hours' notice of any such adjournment shall be given personally to each director who was not present at the meeting at which such adjournment was taken, and unless announced at the meeting, to the other directors; provided, that then ten (10) days' notice shall be given if notice is given by mail.

4.06 WRITTEN CONSENT.

Any action required or permitted to be taken at any meeting of the Board may be taken without a meeting if all the members of the Board consent thereto in writing, and the writing or writings are filed with the minutes of the proceedings of the Board.

4.07 COMMUNICATIONS EQUIPMENT.

Any one or more members of the Board may participate in any meeting of the Board by means of conference telephone or similar communications equipment by means of which all persons participating in the meeting can hear each other, and participation by such means shall be deemed to constitute presence in person at such meeting.

proceeding, had no reasonable cause to believe his conduct was unlawful. The termination of any action, suit or proceeding by judgment, order, settlement, conviction, or upon a plea of nolo contendere or its equivalent, shall not, of itself, create a presumption that the person did not act in good faith and in a manner which he reasonably believed to be in, or not opposed to, the best interests of the Corporation, and, with respect to any criminal action or proceeding, that he had reasonable cause to believe that his conduct was unlawful.

7.02 ACTIONS BY OR IN THE RIGHT OF THE CORPORATION.

The Corporation shall indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action or suit by or in the right of the Corporation to procure a judgment in its favor by reason of the fact that he is or was or has agreed to become a director, officer, employee or agent of the Corporation, or is or was serving at the request of the Corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, or as a member of any committee or similar body, against expenses (including attorneys' fees) actually and reasonably incurred by him in connection with the defense or settlement of such action or suit if he acted in good faith and in a manner he reasonably believed to be in, or not opposed to, the best interests of the Corporation, except that no indemnification shall be made in respect of any claim, issue or matter as to which such person shall have been adjudged to be liable to the Corporation unless and only to the extent that the Court of Chancery or the court in which such action or suit was brought shall determine upon application that, despite the adjudication of liability but in view of all the circumstances of the case, such person is fairly and reasonably entitled to indemnity for such expenses which the Court of Chancery or such other court shall deem proper.

7.03 DETERMINATION OF RIGHT OF INDEMNIFICATION.

Any indemnification under Section 7.01 or 7.02 of these Bylaws (unless ordered by a court) shall be made by the Corporation only as authorized in the specific case upon a determination that indemnification of the director, officer, employee or agent is proper in the circumstances because he has met the applicable standard of conduct set forth in Sections 7.01 and 7.02 of these Bylaws. Such determination shall be made (a) by the Board by a majority vote of a quorum consisting of directors who were not parties to such action, suit or proceeding, or (b) if such a quorum is not obtainable, or, even if obtainable, a quorum of disinterested directors so directs, by independent legal counsel in a written opinion, or (c) by the stockholders.

7.04 INDEMNIFICATION AGAINST EXPENSES OF SUCCESSFUL PARTY.

Notwithstanding the other provisions of this Article VII, to the extent that a director, officer, employee or agent of the Corporation has been successful on the merits or otherwise in defense of any action, suit or proceeding referred to in Section 7.01 or 7.02 of these Bylaws, or in defense of any claim, issue or matter therein, he shall be indemnified against expenses (including attorneys' fees) actually and reasonably incurred by him in connection therewith.

Expenses (including attorneys' fees) incurred by an officer or director in defending a civil or criminal action, suit or proceeding may be paid by the Corporation in advance of the final disposition of such action, suit or proceeding as authorized by the Board upon receipt of an undertaking by or on behalf of the director or officer, to repay such amount if it shall ultimately be determined that he is not entitled to be indemnified by the Corporation as authorized in this Article VII. Upon resolution passed by the Board, the Corporation may purchase and maintain insurance on behalf of any person who is or was a director, officer, employee or agent of the Corporation, or is or was serving at the request of the Corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise or as a member of any committee or similar body against any liability asserted against him and incurred by him in any such capacity, or arising out of his status as such, whether or not the Corporation would have the power to indemnify him against such liability under the provisions of this Article VII.

7.08 CONSTITUENT CORPORATIONS.

For the purposes of this Article VII, references to "the Corporation" include in addition to the resulting corporation, any constituent corporation (including any constituent of a constituent) absorbed in a consolidation or merger which, if its separate existence had continued, would have had power and authority to indemnify its directors, officers and employees or agents, so that any person who is or was a director, officer, employee or agent of such constituent corporation or is or was serving at the request of such constituent corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise or as a member of any committee or similar body, shall stand in the same position under the provisions of this Article VII with respect to the resulting or surviving corporation as he would have with respect to such constituent corporation if its separate existence had continued.

7.09 EMPLOYEE BENEFIT PLANS.

For the purposes of this Article VII, references to "other enterprises" shall include employee benefit plans; references to "fines" shall include any excise taxes assessed on a person with respect to any employee benefit plan; and references to "serving at the request of the Corporation" shall include any service as a director, officer, employee or agent of the Corporation which imposes duties on, or involves services by, such director, officer, employee or agent with respect to an employee benefit plan, its participants or beneficiaries; and a person who acted in good faith and in a manner he reasonably believed to be in the interest of the participants and beneficiaries of an employee benefit plan shall be deemed to have acted in a manner "not opposed to the best interests of the 'Corporation' " as referred to in this Article VII.

7.10 BROADEST LAWFUL INDEMNIFICATION.

In addition to the foregoing, the Corporation shall, to the broadest and maximum extent permitted by Delaware law, as the same exists from time to time (but, in case of any amendment to or change in Delaware law, only to the extent that such amendment or change permits the Corporation to provide broader rights of indemnification than is permitted to the Corporation prior to such amendment or change), indemnify each person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative by reason of the fact that he is or was a director or officer of the Corporation, or is or was serving at the request of the Corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, against expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by him in connection with such action, suit or proceeding. In addition, the Corporation shall, to the broadest and maximum extent permitted by Delaware law, as the same may exist from time to time (but, in case of any amendment to or change in Delaware law, only to the extent that such amendment or change permits the Corporation to provide broader rights of payment of expenses incurred in advance of the final disposition of an action, suit or proceeding than is permitted to the Corporation prior to such amendment or change), pay to such person any and all expenses (including attorneys' fees) incurred in defending or settling any such action, suit or proceeding in advance of the final disposition of such action, suit or proceeding upon receipt of an undertaking by or on behalf of the director or officer, to repay such amount if it shall ultimately be determined by a final judgment or other final adjudication that he is not entitled to be indemnified by the Corporation as authorized in this Section 7.10. The first sentence of this Section 7.10 to the contrary notwithstanding, the Corporation shall not indemnify any such person with respect to any of the following matters: (a) remuneration paid to such person if it shall be determined by a final judgment or other final adjudication that such remuneration was in violation of law; or (b) any accounting of profits made from the purchase or sale by such person of the Corporation's securities within the meaning of Section 16(b) of the Securities Exchange Act of 1934 and amendments thereto or similar provisions of any federal, state or local statutory law; or (c) actions brought about or contributed to by the dishonesty of such person, if a final judgment or other final adjudication adverse to such person establishes that acts of active and deliberate dishonesty were committed or attempted by such person

with actual dishonest purpose and intent and were material to the adjudication; or (d) actions based on or attributable to such person having gained any personal profit or advantage to which he was not entitled, in the event that a final judgment or other final adjudication adverse to such person establishes that such person in fact gained such personal profit or other advantage to which he was not entitled; or (e) any matter in respect of which a final decision by a court with competent jurisdiction shall determine that indemnification is unlawful; provided, however, that the Corporation shall perform its obligations under the second sentence of this Section 7.10 on behalf of such person until such time as it shall be ultimately determined by a final judgment or other final adjudication that he is not entitled to be indemnified by the Corporation as authorized by the first sentence of this Section 7.10 by virtue of any of the preceding clauses (a) (b) (c) (d) or (e).

7.11 TERM.

The indemnification and advancement of expenses provided by, or granted pursuant to, this Article VII shall, unless otherwise provided when authorized or ratified, continue as to a person who has ceased to be a director, officer, employee or agent and shall inure to the benefit of the heirs, executors and administrators of such a person.

7.12 SEVERABILITY.

If any part of this Article VII shall be found, in any action, suit or proceeding or appeal therefrom or in any other circumstances or as to any particular officer, director, employee or agent to be unenforceable, ineffective or invalid for any reason, the enforceability, effect and validity of the remaining parts or of such parts in other circumstances shall not be affected, except as otherwise required by applicable law.

7.13 AMENDMENTS.

The foregoing provisions of this Article VII shall be deemed to constitute an agreement between the Corporation and each of the persons entitled to indemnification hereunder, for as long as such provisions remain in effect. Any amendment to the foregoing provisions of this Article VII which limits or otherwise adversely affects the scope of indemnification or rights of any such persons hereunder shall, as to such persons, apply only to claims arising, or causes of action based on actions or events occurring, after such amendment and delivery of notice of such amendment is given to the person or persons so affected. Until notice of such amendment is given to the person or persons whose rights hereunder are adversely affected, such amendment shall have no effect on such rights of such persons hereunder. Any person entitled to indemnification under the foregoing provisions of this Article VII shall, as to any act or omission occurring prior to the date of receipt of such notice, be entitled to indemnification to the same extent as had such provisions continued as Bylaws of the Corporation without such amendment.

A proper purpose shall mean a purpose reasonably related to such person's interest as a stockholder. In every instance where an attorney or other agent shall be the person who seeks the right to inspection, the demand under oath shall be accompanied by a power of attorney or such other writing which authorized the attorney or other agent to so act on behalf of the stockholder. The demand under oath shall be directed to the Corporation at its registered office in Delaware or at its principal place of business.

THE NOTES

Section 2.01. Form and Dating.

(a) General. The Notes and the Trustee's certificate of authentication shall be substantially in the form of Exhibit A hereto. The Notes may have notations, legends or endorsements required by law, stock exchange rule or usage. Each Note shall be dated the date of its authentication. The Notes shall be in denominations of $1,000 and integral multiples thereof.

The terms and provisions contained in the Notes shall constitute, and are hereby expressly made, a part of this Indenture and the Issuers and the Trustee, by their execution and delivery of this Indenture, expressly agree to such terms and provisions and to be bound thereby. However, to the extent any provision of any Note conflicts with the express provisions of this Indenture, the provisions of this Indenture shall govern and be controlling.

(b) Global Notes. Notes issued in global form shall be substantially in the form of Exhibit A attached hereto (including the Global Note Legend thereon and the "Schedule of Exchanges of Interests in the Global Note" attached thereto). Notes issued in definitive form shall be substantially in the form of Exhibit A attached hereto (but without the Global Note Legend thereon and without the "Schedule of Exchanges of Interests in the Global Note" attached thereto). Each Global Note shall represent such of the outstanding Notes as shall be specified therein and each shall provide that it shall represent the aggregate principal amount of outstanding Notes from time to time endorsed thereon and that the aggregate principal amount of outstanding Notes represented thereby may from time to time be reduced or increased, as appropriate, to reflect exchanges and redemptions. Any endorsement of a Global Note to reflect the amount of any increase or decrease in the aggregate principal amount of outstanding Notes represented thereby shall be made by the Trustee or the custodian, at the direction of the Trustee, in accordance with instructions given by the Holder thereof as required by Section 2.06.

(c) Euroclear and Cedel Procedures Applicable. The provisions of the "Operating Procedures of the Euroclear System" and "Terms and Conditions Governing Use of Euroclear" and the "General Terms and Conditions of Cedel Bank" and "Customer Handbook" of Cedel Bank shall be applicable to transfers of beneficial interests in the Regulation S Global Notes that are held by Participants through Euroclear or Cedel Bank.

Section 2.02. Execution and Authentication.

Two Officers shall sign the Notes for each Issuer by manual or facsimile signature. The Guarantor shall execute the Guarantee in the manner set forth in Article 10.

If an Officer whose signature is on a Note no longer holds that office at the time a Note is authenticated, the Note shall nevertheless be valid.

A Note shall not be valid until authenticated by the manual signature of the Trustee. The signature shall be conclusive evidence that the Note has been authenticated under this Indenture.

The Trustee shall, upon a written order of the Issuers signed by an Officer of each of the Issuers (an "Authentication Order"), authenticate Notes for original issue in the aggregate principal amount of $600,000,000. The aggregate principal amount of Notes outstanding at any time may not exceed such amount except as provided in Section 2.07. On the Issue Date, the Issuers will issue $600,000,000 aggregate principal amount of Notes.

The Trustee may appoint an authenticating agent acceptable to the Issuers to authenticate Notes. An authenticating agent may authenticate Notes whenever the Trustee may do so. Each reference in this Indenture to authentication by the Trustee includes authentication by such agent. An authenticating agent has the same rights as an Agent to deal with Holders or an Affiliate of the Issuers.

Section 2.03. Registrar and Paying Agent.

The Issuers shall maintain an office or agency where Notes may be presented for registration of transfer or for exchange ("Registrar") and an office or agency where Notes may be presented for payment ("Paying Agent"). The Registrar shall keep a register of the Notes and of their transfer and exchange. The Issuers may appoint one or more co-registrars and one or more additional paying agents. The term "Registrar" includes any co-registrar and the term "Paying Agent" includes any additional paying agent. The Issuers may change any Paying Agent or Registrar without notice to any Holder. The Issuers shall notify the Trustee in writing of the name and address of any Agent not a party to this Indenture. If the Issuers fail to appoint or maintain another entity as Registrar or Paying Agent, the Trustee shall act as such. The Issuers or any of their Subsidiaries may act as Paying Agent or Registrar.

The Issuers initially appoint The Depository Trust Company ("DTC") to act as Depositary with respect to the Global Notes.

The Issuers initially appoint the Trustee to act as the Registrar and Paying Agent and to act as Custodian with respect to the Global Notes.

Section 2.04. Paying Agent to Hold Money in Trust.

The Issuers shall require each Paying Agent other than the Trustee to agree in writing that the Paying Agent shall hold in trust for the benefit of Holders or the Trustee all money held by the Paying Agent for the payment of principal, premium, if any, or interest on the Notes, and shall notify the Trustee of any default by the Issuers in making any such payment. While any such default continues, the Trustee may require a Paying Agent to pay all money held by it to the Trustee. The Issuers at any time may require a Paying Agent to pay all money held by it to the Trustee. Upon payment over to the Trustee, the Paying Agent (if other than the Issuers or a Subsidiary) shall have no further liability for the money. If the Issuers or a Subsidiary acts as Paying Agent, it shall segregate and hold in a separate trust fund for

the benefit of the Holders all money held by it as Paying Agent. Upon any bankruptcy or reorganization proceedings relating to the Issuers, the Trustee shall serve as Paying Agent for the Notes.

Section 2.05. Holder Lists.

The Trustee shall preserve in as current a form as is reasonably practicable the most recent list available to it of the names and addresses of all Holders and shall otherwise comply with TIA ss. 312(a). If the Trustee is not the Registrar, the Issuers shall furnish to the Trustee at least seven Business Days before each interest payment date and at such other times as the Trustee may request in writing, a list in such form and as of such date as the Trustee may reasonably require of the names and addresses of the Holders of Notes and the Issuers shall otherwise comply with TIA ss. 312(a).

Section 2.06. Transfer and Exchange.

(a) Transfer and Exchange of Global Notes. A Global Note may not be transferred as a whole except by the Depositary to a nominee of the Depositary, by a nominee of the Depositary to the Depositary or to another nominee of the Depositary, or by the Depositary or any such nominee to a successor Depositary or a nominee of such successor Depositary. All Global Notes shall be exchanged by the Company for Definitive Notes if:

(i) the Issuers deliver to the Trustee notice from the Depositary that it is unwilling or unable to continue to act as Depositary or that it is no longer a clearing agency registered under the Exchange Act and, in either case, a successor Depositary is not appointed by the Issuers within 120 days after the date of such notice from the Depositary; or

(ii) the Issuers in their sole discretion determine that the Global Notes (in whole but not in part) should be exchanged for Definitive Notes and deliver a written notice to such effect to the Trustee; or

(iii) there shall have occurred and be continuing a Default or Event of Default with respect to the Notes.

Upon the occurrence of any of the preceding events in (i), (ii) or (iii) above, Definitive Notes shall be issued in such names as the Depositary shall instruct the Trustee. Global Notes also may be exchanged or replaced, in whole or in part, as provided in Sections 2.07 and 2.10. Every Note authenticated and delivered in exchange for, or in lieu of, a Global Note or any portion thereof, pursuant to this Section 2.06 or Section 2.07 or 2.10, shall be authenticated and delivered in the form of, and shall be, a Global Note. A Global Note may not be exchanged for another Note other than as provided in this Section 2.06(a); however, beneficial interests in a Global Note may be transferred and exchanged as provided in Section 2.06(b), (c) or (f).

(b) Transfer and Exchange of Beneficial Interests in the Global Notes. The transfer and exchange of beneficial interests in the Global Notes shall be effected through the Depositary, in accordance with the provisions of this Indenture and the Applicable Procedures. No written orders or instructions shall be required to be delivered to the Registrar to effect the transfers described in this Section 2.06(b)(i).

(ii) All Other Transfers and Exchanges of Beneficial Interests in Global Notes. In connection with all transfers and exchanges of beneficial interests that are not subject to Section 2.06(b)(i) above, the transferor of such beneficial interest must deliver to the Registrar either:

(A)(1) a written order from a Participant or an Indirect Participant given to the Depositary in accordance with the Applicable Procedures directing the Depositary to credit or cause to be credited a beneficial interest in another Global Note in an amount equal to the beneficial interest to be transferred or exchanged; and

(A)(2) instructions given in accordance with the Applicable Procedures containing information regarding the Participant account to be credited with such increase; or

Upon consummation of an Exchange Offer by the Issuers in accordance with Section 2.06(f), the requirements of this Section 2.06(b)(ii) shall be deemed to have been satisfied upon receipt by the Registrar of the instructions contained in the Letter of Transmittal delivered by the holder of such beneficial interests in the Restricted Global Notes. Upon satisfaction of all of the requirements for transfer or exchange of beneficial interests in Global Notes contained in this Indenture and the Notes or otherwise applicable under the Securities Act, the Trustee shall adjust the principal amount of the relevant Global Note(s) pursuant to Section 2.06(h).

(iii) Transfer of Beneficial Interests to Another Restricted Global Note. A beneficial interest in any Restricted Global Note may be transferred to a Person who takes delivery thereof in the form of a beneficial interest in another Restricted Global Note if the transfer complies with the requirements of Section 2.06(b)(ii) above and the Registrar receives the following:

(A) if the transferee will take delivery in the form of a beneficial interest in the 144A Global Note, then the transferor must deliver a certificate in the form of Exhibit B hereto, including the certifications in item (1) thereof; and

and, in each such case set forth in this subparagraph (D), if the Registrar so requests or if the Applicable Procedures so require, an Opinion of Counsel in form reasonably acceptable to the Registrar to the effect that such exchange or transfer is in compliance with the Securities Act and that the restrictions on transfer contained herein and in the Private Placement Legend are no longer required in order to maintain compliance with the Securities Act.

If any such transfer is effected pursuant to subparagraph (B) or (D) above at a time when an Unrestricted Global Note has not yet been issued, the Issuers shall issue (and, in the case of the Guarantee, the Guarantor shall issue) and, upon receipt of an Authentication Order in accordance with Section 2.02, the Trustee shall authenticate one or more Unrestricted Global Notes (with corresponding Guarantees) in an aggregate

principal amount equal to the aggregate principal amount of beneficial interests transferred pursuant to subparagraph (B) or (D) above.

(h) Cancellation and/or Adjustment of Global Notes. At such time as all beneficial interests in a particular Global Note have been exchanged for Definitive Notes or a particular Global Note has been redeemed, repurchased or canceled in whole and not in part, each such Global Note shall be returned to or retained and canceled by the Trustee in accordance with Section 2.11. At any time prior to such cancellation, if any beneficial interest in a Global Note is exchanged for or transferred to a Person who will take delivery thereof in the form of a beneficial interest in another Global Note or for Definitive Notes, the principal amount of Notes represented by such Global Note shall be reduced accordingly and an endorsement shall be made on such Global Note by the Trustee or by the Depositary at the direction of the Trustee to reflect such reduction; and if the beneficial interest is being exchanged for or transferred to a Person who will take delivery thereof in the form of a beneficial interest in another Global Note, such other Global Note shall be increased accordingly and an endorsement shall be made on such Global Note by the Trustee or by the Depositary at the direction of the Trustee to reflect such increase.

(i) General Provisions Relating to Transfers and Exchanges.

(i) To permit registrations of transfers and exchanges, the Issuers shall execute (and, in the case of the Guarantee, the Guarantor shall execute) and the Trustee shall authenticate Global Notes and Definitive Notes (each with corresponding Guarantees) upon the Issuers' order or at the Registrar's request.

(ii) No service charge shall be made to a holder of a beneficial interest in a Global Note or to a Holder of a Definitive Note for any registration of transfer or exchange, but the Issuers may require payment of a sum sufficient to cover any transfer tax or similar governmental charge payable in connection therewith (other than any such transfer taxes or similar governmental charge payable upon exchange or transfer pursuant to Sections 2.10, 3.06, 3.09, 4.11, 4.16 and 9.05).

(iii) The Registrar shall not be required to register the transfer of or exchange any Note selected for redemption in whole or in part, except the unredeemed portion of any Note being redeemed in part.

(iv) All Global Notes and Definitive Notes issued upon any registration of transfer or exchange of Global Notes or Definitive Notes shall be the valid obligations of the Issuers (and the Guarantor, in the case of the Guarantee), evidencing the same debt, and entitled to the same benefits under this Indenture, as the Global Notes or Definitive Notes (each with a corresponding Guarantee) surrendered upon such registration of transfer or exchange.

(v) The Issuers shall not be required (A) to issue, to register the transfer of or to exchange any Notes during a period beginning at the opening of business 15 days before the day of any selection of Notes for redemption under Section 3.02 and ending at the close of business on the day of selection, (B) to register the transfer of or to exchange any Note so selected for redemption in whole or in part, except the unredeemed portion of any Note being redeemed in part or (C) to register the transfer of or to exchange a Note between a record date and the next succeeding Interest Payment Date.

(vi) Prior to due presentment for the registration of a transfer of any Note, the Trustee, any Agent and the Issuers may deem and treat the Person in whose name any Note is registered as the absolute owner of such Note for the purpose of receiving payment of principal of and interest on such Notes and for all other purposes, and none of the Trustee, any Agent or the Issuers shall be affected by notice to the contrary.

(vii) The Trustee shall authenticate Global Notes and Definitive Notes in accordance with the provisions of Section 2.02.

(viii) All certifications, certificates and Opinions of Counsel required to be submitted to the Registrar pursuant to this Section 2.06 to effect a registration of transfer or exchange may be submitted by facsimile.

Section 2.07. Replacement Notes.

If any mutilated Note is surrendered to the Trustee or the Issuers and the Trustee receives evidence to its satisfaction of the destruction, loss or theft of any Note, the Issuers shall issue (and, in the case of the Guarantee, the Guarantor shall issue) and the Trustee, upon receipt of an Authentication Order, shall authenticate a replacement Note (with corresponding Guarantee) if the Trustee's requirements are met. If required by the Trustee or the Issuers, an indemnity bond must be supplied by the Holder that is sufficient in the judgment of the Trustee and the Issuers to protect the Issuers, the Trustee, any Agent and any authenticating agent from any loss that any of them may suffer if a Note is replaced. The Issuers may charge for their expenses in replacing a Note.

Every replacement Note (with corresponding Guarantee) is an additional obligation of the Issuers and the Guarantor and shall be entitled to all of the benefits of this Indenture equally and proportionately with all other Notes (with corresponding Guarantees) duly issued hereunder.

Section 2.08. Outstanding Notes.

The Notes outstanding at any time are all the Notes authenticated by the Trustee except for those canceled by it, those delivered to it for cancellation, those reductions in the interest in a Global Note effected by the Trustee in accordance with the provisions, and those described in this Section as not outstanding. Except as set forth in Section 2.09, a Note does not cease to be outstanding because either of the Issuers, the Guarantor or an Affiliate of the Issuers or the Guarantor holds the Note; however, Notes held by an Issuer, the Guarantor or a Subsidiary of an Issuer or the Guarantor shall not be deemed to be outstanding for purposes of Section 3.07(b).

If a Note is replaced pursuant to Section 2.07, it ceases to be outstanding unless the Trustee receives proof satisfactory to it that the replaced Note is held by a bona fide purchaser.

If the principal amount of any Note is considered paid under Section 4.01, it ceases to be outstanding and interest on it ceases to accrue.

If the Paying Agent (other than an Issuer, a Subsidiary or an Affiliate of any thereof) holds, on a redemption date or maturity date, money sufficient to pay Notes payable on that date, then on and after that date such Notes shall be deemed to be no longer outstanding and shall cease to accrue interest.

Section 2.09. Treasury Notes.

In determining whether the Holders of the required principal amount of Notes have concurred in any direction, waiver or consent, Notes owned by an Issuer, or by any Person directly or indirectly controlling or controlled by or under direct or indirect common control with an Issuer, shall be considered as though not outstanding, except that for the purposes of determining whether the Trustee shall be protected in relying on any such direction, waiver or consent, only Notes that a Responsible Officer of the Trustee knows are so owned shall be so disregarded.

Section 2.10. Temporary Notes.

Until certificates representing Notes are ready for delivery, the Issuers may prepare (and, in the case of the Guarantee, the Guarantor may prepare) and the Trustee, upon receipt of an Authentication Order, shall authenticate temporary Notes (with corresponding Guarantees). Temporary Notes shall be substantially in the form of certificated Notes but may have variations that the Issuers considers appropriate for temporary Notes and as shall be reasonably acceptable to the Trustee. Without unreasonable delay, the Issuers shall prepare (and, in the case of the Guarantee, the Guarantor shall prepare) and the Trustee shall authenticate definitive Notes (with corresponding Guarantees) in exchange for temporary Notes.

Holders of temporary Notes shall be entitled to all of the benefits of this Indenture.

Section 2.11. Cancellation.

The Issuers at any time may deliver Notes to the Trustee for cancellation. The Registrar and Paying Agent shall forward to the Trustee any Notes surrendered to them for registration of transfer, exchange or payment. The Trustee and no one else shall cancel all Notes surrendered for registration of transfer, exchange, payment, replacement or cancellation and shall destroy canceled Notes. Certification of the destruction of all canceled Notes shall be delivered to the Issuers. The Issuers may not issue new Notes to replace Notes that they have paid or that have been delivered to the Trustee for cancellation.

Section 2.12. Defaulted Interest.

If the Issuers default in a payment of interest on the Notes, they shall pay the defaulted interest in any lawful manner plus, to the extent lawful, interest payable on the defaulted interest, to the Persons who are Holders on a subsequent special record date, in each case at the rate provided in the Notes and in Section 4.01. The Issuers shall notify the Trustee in writing of the amount of defaulted interest proposed to be paid on each Note and the date of the proposed payment. The Issuers shall fix or cause to be fixed each such special record date and payment date; provided that no such special record date shall be less than 10 days prior to the related payment date for such defaulted interest. At least 15 days before the special record date, the Issuers (or, upon the written request of the Issuers, the Trustee in the name and at the expense of the Issuers) shall mail or cause to be mailed to Holders a notice that states the special record date, the related payment date and the amount of such interest to be paid.

ARTICLE 3
REDEMPTION AND PREPAYMENT

Section 3.01. Notices to Trustee.

If the Issuers elect to redeem Notes pursuant to the optional redemption provisions of Section 3.07, it shall furnish to the Trustee, at least 30 days but not more than 60 days before a redemption date, an Officers' Certificate setting forth (i) the clause of this Indenture pursuant to which the redemption shall occur, (ii) the redemption date, (iii) the principal amount of Notes to be redeemed and (iv) the redemption price.

Section 3.02. Selection of Notes to Be Redeemed.

If less than all of the Notes are to be redeemed or purchased in an offer to purchase at any time, the Trustee shall select the Notes to be redeemed or purchased among the Holders of the Notes in compliance with the requirements of the principal national securities exchange, if any, on which the Notes are listed or, if the Notes are not so listed, on a pro rata basis, by lot or in accordance with any other method the Trustee considers fair and appropriate. In the event of partial redemption by lot, the particular Notes to be redeemed shall be selected, unless otherwise provided herein, not less than 30 nor more than 60 days prior to the redemption date by the Trustee from the outstanding Notes not previously called for redemption.

The Trustee shall promptly notify the Issuers in writing of the Notes selected for redemption and, in the case of any Note selected for partial redemption, the principal amount thereof to be redeemed. Notes and portions of Notes selected shall be in amounts of $1,000 or whole multiples of $1,000; except that if all of the Notes of a Holder are to be redeemed, the entire outstanding amount of Notes held by such Holder, even if not a multiple of $1,000, shall be redeemed. Except as provided in the preceding sentence, provisions of this Indenture that apply to Notes called for redemption also apply to portions of Notes called for redemption.

Section 3.03. Notice of Redemption.

Subject to the provisions of Section 3.09, at least 30 days but not more than 60 days before a redemption date, the Issuers shall mail or cause to be mailed, by first class mail, a notice of redemption to each Holder whose Notes are to be redeemed at its registered address.

The notice shall identify the Notes to be redeemed and shall state:

(a) the redemption date;

(b) the redemption price;

(c) if any Note is being redeemed in part, the portion of the principal amount of such Note to be redeemed and that, after the redemption date upon surrender of such Note, a new Note or Notes in principal amount equal to the unredeemed portion shall be issued upon cancellation of the original Note;

(d) the name and address of the Paying Agent;

(e) that Notes called for redemption must be surrendered to the Paying Agent to collect the redemption price;

(f) that, unless the Issuers default in making such redemption payment, interest on Notes called for redemption ceases to accrue on and after the redemption date;

(g) the paragraph of the Notes and/or Section of this Indenture pursuant to which the Notes called for redemption are being redeemed; and

(h) that no representation is made as to the correctness or accuracy of the CUSIP number, if any, listed in such notice or printed on the Notes.

At the Issuers' request, the Trustee shall give the notice of redemption in the Issuers' name and at their expense; provided, however, that each of the Issuers shall have delivered to the Trustee, at least 45 days prior to the redemption date, an Officers' Certificate requesting that the Trustee give such notice and setting forth the information to be stated in such notice as provided in the preceding paragraph.

Section 3.04. Effect of Notice of Redemption.

Once notice of redemption is mailed in accordance with Section 3.03, Notes called for redemption become irrevocably due and payable on the redemption date at the redemption price. A notice of redemption may not be conditional.

Section 3.05. Deposit of Redemption Price.

At or prior to 10:00 a.m., New York City time, on the redemption date, the Issuers shall deposit with the Trustee or with the Paying Agent money sufficient to pay the redemption price of and accrued interest on all Notes to be redeemed on that date. The Trustee or the Paying Agent shall promptly return to the Issuers any money deposited with the Trustee or the Paying Agent by the Issuers in excess of the amounts necessary to pay the redemption price of, and accrued interest on, all Notes to be redeemed.

If the Issuers comply with the provisions of the preceding paragraph, on and after the redemption date, interest shall cease to accrue on the Notes or the portions of Notes called for redemption. If a Note is redeemed on or after an interest record date but on or prior to the related interest payment date, then any accrued and unpaid interest shall be paid to the Person in whose name such Note was registered at the close of business on such record date. If any Note called for redemption shall not be so paid upon surrender for redemption because of the failure of the Issuers to comply with the preceding paragraph, interest shall be paid on the unpaid principal, from the redemption date until such principal is paid, and to the extent lawful on any interest not paid on such unpaid principal, in each case at the rate provided in the Notes and in Section 4.01.

Section 3.06. Notes Redeemed in Part.

Upon surrender of a Note that is redeemed in part, the Issuers shall issue and, upon the Issuers' written request, the Trustee shall authenticate for the Holder at the expense of the Issuers a new Note equal in principal amount to the unredeemed portion of the Note surrendered.

Section 3.07. Optional Redemption.

The Notes will not be redeemable at the Issuers' option prior to maturity

Section 3.08. Mandatory Redemption.

Except as otherwise provided in Section 4.11 or Section 4.16 below, the Issuers shall not be required to make mandatory redemption payments with respect to the Notes.

Section 3.09. Offer to Purchase by Application of Excess Proceeds.

In the event that the Issuers shall be required to commence an offer to all Holders to purchase Notes pursuant to Section 4.11 (an "Asset Sale Offer"), they shall follow the procedures specified below.

The Asset Sale Offer shall remain open for a period of 20 Business Days following its commencement and no longer, except to the extent that a longer period is required by applicable law (the "Offer Period"). No later than five Business Days after the termination of the Offer Period (the "Purchase Date"), the Issuers shall purchase the principal amount of Notes required to be purchased pursuant to Section 4.11 (the "Offer Amount") or, if less than the Offer Amount has been tendered, all Notes tendered in response to the Asset Sale Offer. Payment for any Notes so purchased shall be made in the same manner as interest payments are made.

If the Purchase Date is on or after an interest record date and on or before the related interest payment date, any accrued and unpaid interest shall be paid to the Person in whose name a Note is registered at the close of business on such record date, and no Special Interest shall be payable to Holders who tender Notes pursuant to the Asset Sale Offer.

Upon the commencement of an Asset Sale Offer the Issuers shall send, by first class mail, a notice to the Trustee and each of the Holders, with a copy to the Trustee. The notice shall contain all instructions and materials necessary to enable such Holders to tender Notes pursuant to the Asset Sale Offer. The Asset Sale Offer shall be made to all Holders. The notice, which shall govern the terms of the Asset Sale Offer, shall state:

(a) that the Asset Sale Offer is being made pursuant to this Section 3.09 and Section 4.11 and the length of time the Asset Sale Offer shall remain open;

(b) the Offer Amount, the purchase price and the Purchase Date;

(c) that any Note not tendered or accepted for payment shall continue to accrue interest;

(d) that, unless the Issuers default in making such payment, any Note accepted for payment pursuant to the Asset Sale Offer shall cease to accrue interest after the Purchase Date;

(e) that Holders electing to have a Note purchased pursuant to an Asset Sale Offer or may elect to have Notes purchased in integral multiples of $1,000 only;

(f) that Holders electing to have a Note purchased pursuant to any Asset Sale Offer shall be required to surrender the Note, with the form entitled "Option of Holder to Elect Purchase" on the reverse of the Note completed, or transfer by book-entry transfer, to the Issuers, a depositary, if appointed by the Issuers, or a Paying Agent at the address specified in the notice at least three days before the Purchase Date;

(g) that Holders shall be entitled to withdraw their election if the Issuers, the depositary or the Paying Agent, as the case may be, receives, not later than the expiration of the Offer Period, a telegram, telex, facsimile transmission or letter setting forth the name of the Holder, the principal amount

of the Note the Holder delivered for purchase and a statement that such Holder is withdrawing his election to have such Note purchased;

(h) that, if the aggregate principal amount of Notes surrendered by Holders exceeds the Offer Amount, the Issuers shall select the Notes to be purchased on a pro rata basis (with such adjustments as may be deemed appropriate by the Issuers so that only Notes in denominations of $1,000, or integral multiples thereof, shall be purchased); and

(i) that Holders whose Notes were purchased only in part shall be issued new Notes equal in principal amount to the unpurchased portion of the Notes surrendered (or transferred by book-entry transfer).

On or before the Purchase Date, the Issuers shall, to the extent lawful, accept for payment, on a pro rata basis to the extent necessary, the Offer Amount of Notes or portions thereof tendered pursuant to the Asset Sale Offer or if less than the Offer Amount has been tendered, all Notes tendered, and shall deliver to the Trustee an Officers' Certificate stating that such Notes or portions thereof were accepted for payment by the Issuers in accordance with the terms of this Section 3.09. The Issuers, the Depositary or the Paying Agent, as the case may be, shall promptly (but in any case not later than five days after the Purchase Date) mail or deliver to each tendering Holder an amount equal to the purchase price of the Notes tendered by such Holder and accepted by the Issuers for purchase, and the Issuers shall promptly issue a new Note, and the Trustee, upon written request from the Issuers shall authenticate and mail or deliver such new Note to such Holder, in a principal amount equal to any unpurchased portion of the Note surrendered. Any Note not so accepted shall be promptly mailed or delivered by the Issuers to the Holder thereof. The Issuers shall publicly announce the results of the Asset Sale Offer on the Purchase Date.

Other than as specifically provided in this Section 3.09, any purchase pursuant to this Section 3.09 shall be made pursuant to the provisions of Sections 3.01 through 3.06.

ARTICLE 4
COVENANTS

Section 4.01. Payment of Notes.

The Issuers shall pay or cause to be paid the principal of, premium, if any, and interest on the Notes on the dates and in the manner provided in the Notes. Principal, premium, if any, and interest shall be considered paid on the date due if the Paying Agent, if other than the Issuers or a Subsidiary thereof, holds as of 10:00 a.m. New York City time on the due date money deposited by the Issuers in immediately available funds and designated for and sufficient to pay all principal, premium, if any, and interest then due. The Issuers shall pay all Special Interest, if any, in the same manner on the dates and in the amounts set forth in the Registration Rights Agreement.

The Issuers shall pay interest (including post-petition interest in any proceeding under any Bankruptcy Law) on overdue principal at the rate equal to 1% per annum in excess of the then applicable interest rate on the Notes to the extent lawful; they shall pay interest (including post-petition interest in any proceeding under any Bankruptcy Law) on overdue installments of interest (without regard to any applicable grace period) at the same rate to the extent lawful.

Section 4.02. Maintenance of Office or Agency.

The Issuers shall maintain in the Borough of Manhattan, the City of New York, an office or agency (which may be an office of the Trustee or an affiliate of the Trustee, Registrar or co-registrar) where Notes may be surrendered for registration of transfer or for exchange and where notices and demands to or upon the Issuers in respect of the Notes and this Indenture may be served. The Issuers shall give prompt written notice to the Trustee of the location, and any change in the location, of such office or agency. If at any time the Issuers shall fail to maintain any such required office or agency or shall fail to furnish the Trustee with the address thereof, such presentations, surrenders, notices and demands may be made or served at the Corporate Trust Office of the Trustee.

The Issuers may also from time to time designate one or more other offices or agencies where the Notes may be presented or surrendered for any or all such purposes and may from time to time rescind such designations; provided, however, that no such designation or rescission shall in any manner relieve the Issuers of their obligation to maintain an office or agency in the Borough of Manhattan, the City of New York for such purposes. The Issuers shall give prompt written notice to the Trustee of any such designation or rescission and of any change in the location of any such other office or agency.

The Issuers hereby designate the Harris Trust Company of New York, an affiliate of the Trustee, as one such office or agency of the Issuers in accordance with Section 2.03.

Section 4.03. Reports.

Whether or not required by the Commission, so long as any Notes are outstanding, the Issuers and the Guarantor shall furnish to the Holders of Notes, within the time periods specified in the Commission's rules and regulations:

(1) all quarterly and annual financial information that would be required to be contained in a filing with the Commission on Forms 10-Q and 10-K if the Issuers and the Guarantor were required to file such Forms, including a "Management's Discussion and Analysis of Financial Condition and Results of Operations" and, with respect to the annual information only, a report on the annual financial statements by the Issuers' certified independent accountants and the Guarantor's certified independent accountants; and

(2) all current reports that would be required to be filed with the Commission on Form 8-K if the Issuers or the Guarantor were required to file such reports.

If the Issuers or the Guarantor has designated any of its Subsidiaries as Unrestricted Subsidiaries, then the quarterly and annual financial information required by the preceding paragraph shall include a reasonably detailed presentation, either on the face of the financial statements or in the footnotes thereto, and in Management's Discussion and Analysis of Financial Condition and Results of Operations, of the financial condition and results of operations of the Issuers or the Guarantor, as the case may be, and their respective Restricted Subsidiaries separate from the financial condition and results of operations of the Unrestricted Subsidiaries of the Issuers or the Guarantor, as the case may be.

In addition, whether or not required by the Commission, the Issuers or the Guarantor shall file a copy of all of the information and reports referred to in clauses (1) and (2) above with the Commission for public availability within the time periods specified in the Commission's rules and regulations (unless the Commission will not accept such a filing) and make such information available to securities analysts and prospective investors upon request.

Section 4.04. Compliance Certificate.

(a) Each of the Company and the Guarantor shall deliver to the Trustee, within 90 days after the end of each fiscal year, an Officers' Certificate stating that a review of the activities of the Company and its Subsidiaries and the Guarantor and its Subsidiaries, respectively, during the preceding fiscal year have been made under the supervision of the signing Officers with a view to determining whether the Company or the Guarantor, as the case may be, has kept, observed, performed and fulfilled its obligations under this Indenture, and further stating, as to each such Officer signing such certificate, that to the best of his or her knowledge the Company or the Guarantor, as the case may be, has kept, observed, performed and fulfilled each and every covenant contained in this Indenture and is not in default in the performance or observance of any of the terms, provisions and conditions of this Indenture (or, if a Default or Event of Default shall have occurred, describing all such Defaults or Events of Default of which he or she may have knowledge and what action the Company or the Guarantor, as the case may be, is taking or proposes to take with respect thereto) and that to the best of his or her knowledge no event has occurred and remains in existence by reason of which payments on account of the principal of or interest, if any, on the Notes is prohibited or if such event has occurred, a description of the event and what action the Company or the Guarantor, as the case may be, is taking or proposes to take with respect thereto.

(b) So long as not contrary to the then current recommendations of the American Institute of Certified Public Accountants, the year-end financial statements delivered pursuant to Section 4.03 above shall be accompanied by a written statement of the Company's independent public accountants or the Guarantor's independent public accountants, as the case may be, (each of whom shall be a firm of established national reputation) that in making the examination necessary for certification of such financial statements, nothing has come to their attention that would lead them to believe that the Company or the Guarantor, as the case may be, has violated any provisions of Article 4 or Article 5 or, if any such violation has occurred, specifying the nature and period of existence thereof, it being understood that such accountants shall not be liable directly or indirectly to any Person for any failure to obtain knowledge of any such violation. In the event that, after the Company or the Guarantor, as the case may be, has used its reasonable best efforts to obtain the written statement of the Company's independent public accountants or the Guarantor's independent public accountants, as the case may be, required by the provisions of this paragraph, such statement cannot be obtained, the Company or the Guarantor, as the case may be, shall deliver, in satisfaction of its obligations under this Section 4.04, an Officers' Certificate (A) certifying that it has used its reasonable best efforts to obtain such required statement but was unable to do so and (B) attaching the written statement of the Company's accountants or the Guarantor's accountants, as the case may be, that the Company or the Guarantor, as the case may be, received in lieu thereof.

(c) Each of the Company and the Guarantor shall, so long as any of the Notes are outstanding, deliver to the Trustee, forthwith upon any Officer becoming aware of any Default or Event of Default, an Officers' Certificate specifying such Default or Event of Default and what action the Company or the Guarantor, as the case may be, is taking or proposes to take with respect thereto.

Section 4.05. Taxes.

Each of the Company and the Guarantor shall pay, and shall cause each of their Subsidiaries to pay, prior to delinquency, all material taxes, assessments, and governmental levies except such as are contested in good faith and by appropriate proceedings or where the failure to effect such payment is not adverse in any material respect to the Holders of the Notes.

Section 4.06. Stay, Extension and Usury Laws.

Each of the Issuers and the Guarantor covenants (to the extent that it may lawfully do so) that it shall not at any time insist upon, plead, or in any manner whatsoever claim or take the benefit or advantage of, any stay, extension or usury law wherever enacted, now or at any time hereafter in force, that may affect the covenants or the performance of this Indenture; and each of the Issuers and the Guarantor (to the extent that it may lawfully do so) hereby expressly waives all benefit or advantage of any such law, and covenants that it shall not, by resort to any such law, hinder, delay or impede the execution of any power herein granted to the Trustee, but shall suffer and permit the execution of every such power as though no such law has been enacted.

Section 4.07. Restricted Payments.

The Company shall not, and shall not permit any of its Restricted Subsidiaries to, and the Guarantor shall not and shall not permit any of its Restricted Subsidiaries to, directly or indirectly:

(a) declare or pay any dividend or make any other payment or distribution on account of the Company's, the Guarantor's or any of their Restricted Subsidiaries' Equity Interests (including, without limitation, any payment in connection with any merger or consolidation involving the Company, the Guarantor or any of their Restricted Subsidiaries) or to the direct or indirect holders of the Company's, the Guarantor's or any of their Restricted Subsidiaries' Equity Interests in their capacity as such (other than dividends or distributions payable in Equity Interests (other than Disqualified Stock) of the Company or the Guarantor or, in the case of the Company and its Restricted Subsidiaries, to the Company or a Restricted Subsidiary of the Company or in the case of the Guarantor and its Restricted Subsidiaries, to the Company, the Guarantor or a Restricted Subsidiary of the Company or the Guarantor);

(b) purchase, redeem or otherwise acquire or retire for value (including, without limitation, in connection with any merger or consolidation involving the Company) any Equity Interests of the Company or the Guarantor or any direct or indirect parent of the Company or the Guarantor or any Restricted Subsidiary of the Company or the Guarantor (other than, in the case of the Company and its Restricted Subsidiaries, any such Equity Interests owned by the Company or any Restricted Subsidiary of the Company or, in the case of the Guarantor and its Restricted Subsidiaries, any such Equity Interests owned by the Company, the Guarantor or any Restricted Subsidiary of the Company or the Guarantor); or

(c) make any payment on or with respect to, or purchase, redeem, defease or otherwise acquire or retire for value any Indebtedness that is subordinated to the Notes or the Guarantees (other than the Notes or the Guarantees), except a payment of interest or principal at the Stated Maturity thereof

(all such payments and other actions set forth in clauses (a) through (c) above being collectively referred to as "Restricted Payments"), unless, at the time of and after giving effect to such Restricted Payment:

(1) no Default or Event of Default shall have occurred and be continuing or would occur as a consequence thereof; and

(2) the Company would, at the time of such Restricted Payment and after giving pro forma effect thereto as if such Restricted Payment had been made at the beginning of the

applicable quarter period, have been permitted to incur at least $1.00 of additional Indebtedness pursuant to the Leverage Ratio test set forth in the first paragraph of Section 4.10; and

(3) such Restricted Payment, together with the aggregate amount of all other Restricted Payments made by the Company, the Guarantor and each of their Restricted Subsidiaries after the date of this Indenture (excluding Restricted Payments permitted by clauses (2), (3), (4), (5), (6), (7) and (8) of the next succeeding paragraph), shall not exceed, at the date of determination, the sum of:

(a) an amount equal to 100% of the combined Consolidated EBITDA of the Company and the Guarantor since the date of this Indenture to the end of the Company's and the Guarantor's most recently ended full fiscal quarter for which internal financial statements are available, taken as a single accounting period, less the product of 1.2 times the combined Consolidated Interest Expense of the Company and the Guarantor since the date of this Indenture to the end of the Company's and the Guarantor's most recently ended full fiscal quarter for which internal financial statements are available, taken as a single accounting period, plus

(b) an amount equal to 100% of Capital Stock Sale Proceeds less any such Capital Stock Sale Proceeds used in connection with (i) an Investment made pursuant to clause (6) of the definition of "Permitted Investments" or (ii) the incurrence of Indebtedness pursuant to clause (10) of Section 4.10, plus

(c) $100.0 million.

So long as no Default has occurred and is continuing or would be caused thereby, the preceding provisions shall not prohibit:

(1) the payment of any dividend within 60 days after the date of declaration thereof, if at said date of declaration such payment would have complied with the provisions of this Indenture;

(2) the redemption, repurchase, retirement, defeasance or other acquisition of any subordinated Indebtedness of the Company or the Guarantor in exchange for, or out of the net proceeds of the substantially concurrent sale (other than to a Subsidiary of the Company or the Guarantor) of, Equity Interests of the Company or the Guarantor (other than Disqualified Stock); provided that the amount of any such net cash proceeds that are utilized for any such redemption, repurchase, retirement, defeasance or other acquisition shall be excluded from clause (3) (b) of the preceding paragraph;

(3) the defeasance, redemption, repurchase or other acquisition of subordinated Indebtedness of the Company, the Guarantor or any of their Restricted Subsidiaries with the net cash proceeds from an incurrence of Permitted Refinancing Indebtedness;

(4) regardless of whether a Default then exists, the payment of any dividend or distribution to the extent necessary to permit direct or indirect beneficial owners of shares of Capital Stock of the Company or the Guarantor to pay federal, state or local income tax liabilities that would arise solely from income of the Company or the Guarantor or any of their Restricted Subsidiaries, as the case may be, for the relevant taxable period and attributable to them solely as a result of the Company or the Guarantor (and any intermediate entity through which the Holder

owns such shares) or any of its Restricted Subsidiaries being a limited liability company, partnership or similar entity for federal income tax purposes;

(5) regardless of whether a Default then exists, the payment of any dividend by a Restricted Subsidiary of the Company or the Guarantor to the holders of its common Equity Interests on a pro rata basis;

(6) the payment of any dividend on the Company Preferred Stock or the redemption, repurchase, retirement or other acquisition of the Company Preferred Stock in an amount not in excess of its aggregate liquidation value;

(7) the repurchase, redemption or other acquisition or retirement for value of any Equity Interests of the Company or the Guarantor held by any member of the Company's or the Guarantor's management pursuant to any management equity subscription agreement or stock option agreement in effect as of the date of this Indenture; provided that the aggregate price paid for all such repurchased, redeemed, acquired or retired Equity Interests shall not exceed $10 million in any fiscal year; and

(8) payment of fees in connection with any acquisition, merger or similar transaction in an amount that does not exceed an amount equal to 1.25% of the transaction value of such acquisition, merger or similar transaction.

The amount of all Restricted Payments (other than cash) shall be the fair market value on the date of the Restricted Payment of the asset(s) or securities proposed to be transferred or issued by the Company, the Guarantor or any of their Restricted Subsidiaries pursuant to the Restricted Payment. The fair market value of any assets or securities that are required to be valued by this covenant shall be determined by the Board of Directors of the Company or the Guarantor, as the case may be, whose resolution with respect thereto shall be delivered to the Trustee. Such Board of Director's determination must be based upon an opinion or appraisal issued by an accounting, appraisal or investment banking firm of national standing if the fair market value exceeds $100 million. Not later than the date of making any Restricted Payment, the Company or the Guarantor, as the case may be shall deliver to the Trustee an Officers' Certificate stating that such Restricted Payment is permitted and setting forth the basis upon which the calculations required by this Section 4.07 were computed, together with a copy of any fairness opinion or appraisal required by this Indenture.

Section 4.08. Investments.

The Company shall not, and shall not permit any of its Restricted Subsidiaries to, and the Guarantor shall not, and shall not permit any of its Restricted Subsidiaries to, directly or indirectly:

(1) make any Restricted Investment; or

(2) allow any Restricted Subsidiary of the Company or the Guarantor to become an Unrestricted Subsidiary,

unless, in each case:

(1) no Default or Event of Default shall have occurred and be continuing or would occur as a consequence thereof; and

(2) the Company would, at the time of, and after giving effect to, such Restricted Investment or such designation of a Restricted Subsidiary as an Unrestricted Subsidiary, have been permitted to incur at least $1.00 of additional Indebtedness pursuant to the Leverage Ratio test set forth in the first paragraph of Section 4.10.

Any designation of a Subsidiary of the Company or the Guarantor as an Unrestricted Subsidiary shall be evidenced to the Trustee by filing with the Trustee a certified copy of the Board Resolution giving effect to such designation and an Officers' Certificate certifying that such designation complied with the preceding conditions and was permitted by this Section 4.08. If, at any time, any Unrestricted Subsidiary would fail to meet the requirements as an Unrestricted Subsidiary described in the definition of "Unrestricted Subsidiary," it shall thereafter cease to be an Unrestricted Subsidiary for purposes of this Indenture and any Indebtedness of such Subsidiary shall be deemed to be incurred by a Restricted Subsidiary of the Company or the Guarantor as of such date and, if such Indebtedness is not permitted to be incurred as of such date under Section 4.10, the Company or the Guarantor, as the case may be, shall be in default. The Board of Directors of the Company and the Guarantor may at any time designate any Unrestricted Subsidiary to be a Restricted Subsidiary; provided that such designation shall be deemed to be an incurrence of Indebtedness by a Restricted Subsidiary of the Company or the Guarantor, respectively, of any outstanding Indebtedness of such Unrestricted Subsidiary and such designation shall only be permitted if (1) such Indebtedness is permitted under the covenant described under Section 4.10 calculated on a pro forma basis as if such designation had occurred at the beginning of the Reference Period; and (2) no Default or Event of Default would be in existence following such designation.

Section 4.09. Dividend and Other Payment Restrictions Affecting Subsidiaries.

The Company and the Guarantor shall not, directly or indirectly, create or permit to exist or become effective any encumbrance or restriction on the ability of any Restricted Subsidiary of the Company or the Guarantor, as the case may be, to:

(1) pay dividends or make any other distributions on its Capital Stock to the Company or any of its Restricted Subsidiaries or to the Guarantor or any of its Restricted Subsidiaries, or with respect to any other interest or participation in, or measured by, its profits, or pay any indebtedness owed to the Company or any of its Restricted Subsidiaries or to the Guarantor or any of its Restricted Subsidiaries;

(2) make loans or advances to the Company or any of its Restricted Subsidiaries or to the Guarantor or any of its Restricted Subsidiaries; or

(3) transfer any of its properties or assets to the Company or any of its Restricted Subsidiaries or to the Guarantor or any of its Restricted Subsidiaries.

However, the preceding restrictions shall not apply to encumbrances or restrictions existing under or by reason of:

(1) Existing Indebtedness as in effect on the date of this Indenture (including, without limitation, the Credit Facilities) and any amendments, modifications, restatements, renewals, increases, supplements, refundings, replacements or refinancings thereof, provided that such amendments, modifications, restatements, renewals, increases, supplements, refinancings, replacements or refinancings are no more restrictive, taken as a whole, with respect to such dividend and other payment restrictions than those contained in such Existing Indebtedness, as in effect on the date of this Indenture;

(2) this Indenture, the Notes and the Other Notes;

(3) applicable law;

(4) any instrument governing Indebtedness or Capital Stock of a Person acquired by the Company or any of its Restricted Subsidiaries or to the Guarantor or any of its Restricted Subsidiaries as in effect at the time of such acquisition (except to the extent such Indebtedness was incurred in connection with or in contemplation of such acquisition), which encumbrance or restriction is not applicable to any Person, or the properties or assets of any Person, other than the Person, or the property or assets of the Person, so acquired; provided that, in the case of Indebtedness, such Indebtedness was permitted by the terms of the Indenture to be incurred;

(5) customary non-assignment provisions in leases entered into in the ordinary course of business and consistent with past practices;

(6) purchase money obligations for property acquired in the ordinary course of business that impose restrictions on the property so acquired of the nature described in clause (3) of the preceding paragraph;

(7) any agreement for the sale or other disposition of a Restricted Subsidiary of either the Company or the Guarantor that restricts distributions by such Restricted Subsidiary pending its sale or other disposition;

(8) Permitted Refinancing Indebtedness; provided that the restrictions contained in the agreements governing such Permitted Refinancing Indebtedness are no more restrictive, taken as a whole, than those contained in the agreements governing the Indebtedness being refinanced;

(9) Liens securing Indebtedness otherwise permitted to be incurred pursuant to the provisions of the covenant described above under Section 4.14 that limit the right of the Company or any of its Restricted Subsidiaries or the Guarantor or any of its Restricted Subsidiaries to dispose of the assets subject to such Lien;

(10) provisions with respect to the disposition or distribution of assets or property in joint venture agreements and other similar agreements entered into in the ordinary course of business;

(11) restrictions on cash or other deposits or net worth imposed by customers under contracts entered into in the ordinary course of business;

(12) restrictions contained in the terms of Indebtedness permitted to be incurred under Section 4.10; provided that such restrictions are no more restrictive than the terms contained in the Credit Facilities as in effect on the Issue Date; and

(13) restrictions that are not materially more restrictive than customary provisions in comparable financings and the management of the Company determines that such restrictions will not materially impair the Company's ability to make payments as required under the Notes.

Section 4.10. Incurrence of Indebtedness and Issuance of Preferred Stock.

The Company shall not, and shall not permit any of its Restricted Subsidiaries to, and the Guarantor shall not, and shall not permit any of its Restricted Subsidiaries to, directly or indirectly, create, incur, issue, assume, guarantee or otherwise become directly or indirectly liable, contingently or otherwise, with respect to (collectively, "incur") any Indebtedness (including Acquired Debt), and the Company and the Guarantor shall not issue any Disqualified Stock and shall not permit any of their Restricted Subsidiaries to issue any shares of preferred stock unless the Leverage Ratio would have been not greater than 8.75 to 1.0 determined on a pro forma basis (including a pro forma application of the net proceeds therefrom), as if the additional Indebtedness had been incurred, or the Disqualified Stock had been issued, as the case may be, at the beginning of the most recently ended fiscal quarter.

So long as no Default shall have occurred and be continuing or would be caused thereby, the first paragraph of this covenant shall not prohibit the incurrence of any of the following items of Indebtedness (collectively, "Permitted Debt"):

(1) the incurrence by the Company and its Restricted Subsidiaries and the Guarantor and its Restricted Subsidiaries of Indebtedness under the Credit Facilities; provided that the aggregate principal amount of all Indebtedness of the Company and its Restricted Subsidiaries and the Guarantor and its Restricted Subsidiaries outstanding under all Credit Facilities after giving effect to such incurrence does not exceed an amount equal to $3.5 billion less the aggregate amount of all Net Proceeds of Asset Sales applied by the Company or any of its Subsidiaries or the Guarantor or any of its Subsidiaries, as the case may be, in the case of an Asset Sale since the date of this Indenture to repay Indebtedness under a Credit Facility pursuant to Section 4.11;

(2) the incurrence by the Company and its Restricted Subsidiaries and the Guarantor and its Restricted Subsidiaries of Existing Indebtedness (other than the Credit Facilities);

(3) the incurrence on the Issue Date by the Company and its Restricted Subsidiaries and the Guarantor and its Restricted Subsidiaries of Indebtedness represented by the Notes, the Other Notes and the related Guarantees;

(4) the incurrence by the Company or any of its Restricted Subsidiaries or the Guarantor or any of its Restricted Subsidiaries of Indebtedness represented by Capital Lease Obligations, mortgage financings or purchase money obligations, in each case, incurred for the purpose of financing all or any part of the purchase price or cost of construction or improvement (including, without limitation, the cost of design, development, construction, acquisition, transportation, installation, improvement, and migration) of Productive Assets of the Company or any of its Restricted Subsidiaries or the Guarantor or any of its Restricted Subsidiaries, in an aggregate principal amount not to exceed $75 million at any time outstanding;

(5) the incurrence by the Company or any of its Restricted Subsidiaries or the Guarantor or any of its Restricted Subsidiaries of Permitted Refinancing Indebtedness in exchange for, or the net proceeds of which are used to refund, refinance or replace, in whole or in part, Indebtedness (other than intercompany Indebtedness) that was permitted by this Indenture to be incurred under the first paragraph of this covenant or clauses (2) or (3) of this paragraph;

(6) the incurrence by the Company or any of its Restricted Subsidiaries or the Guarantor or any of its Restricted Subsidiaries, as the case may be, of intercompany Indebtedness between

or among the Company and any of its Wholly Owned Restricted Subsidiaries, or the Guarantor or any of its Restricted Subsidiaries, respectively; provided that except for the Mirror Note, this clause does not permit Indebtedness between the Company or any of its Restricted Subsidiaries, as creditor or debtor, as the case may be, and the Guarantor or any of its Restricted Subsidiaries, as debtor or creditor, as the case may be, unless otherwise permitted by the Indentures; provided, further, that:

(a) if the Company or the Guarantor is the obligor on such Indebtedness, such Indebtedness must be expressly subordinated to the prior payment in full in cash of all Obligations with respect to the Notes in the case of the Company, or the Guarantee of such Guarantor, in the case of the Guarantor; and

(b)(i) any subsequent issuance or transfer of Equity Interests that results in any such Indebtedness being held by a Person other than the Company or a Wholly Owned Restricted Subsidiary thereof or the Guarantor or a Wholly Owned Restricted Subsidiary thereof and (ii) any sale or other transfer of any such Indebtedness to a Person that is not either the Company or a Wholly Owned Restricted Subsidiary thereof or the Guarantor or a Wholly Owned Restricted Subsidiary thereof, shall be deemed, in each case, to constitute an incurrence of such Indebtedness by the Company or any of its Restricted Subsidiaries or the Guarantor or any of its Restricted Subsidiaries, respectively, as the case may be, that was not permitted by this clause (6);

(7) the incurrence by the Company or any of its Restricted Subsidiaries or the Guarantor or any of its Restricted Subsidiaries, of Hedging Obligations that are incurred for the purpose of fixing or hedging interest rate risk with respect to any floating rate Indebtedness that is permitted by the terms of the Indentures to be outstanding;

(8) the guarantee by the Company or the Guarantor of Indebtedness of the Company or a Restricted Subsidiary of the Company, or Indebtedness of the Guarantor or a Restricted Subsidiary of the Guarantor, that was permitted to be incurred by another provision of this Section 4.10;

(9) the incurrence by the Company or any of its Restricted Subsidiaries, or the Guarantor or any of its Restricted Subsidiaries of additional Indebtedness in an aggregate principal amount at any time outstanding, not to exceed $300 million;

(10) the incurrence by the Company or any of its Restricted Subsidiaries, or the Guarantor or any of its Restricted Subsidiaries, of additional Indebtedness in an aggregate principal amount at any time outstanding, not to exceed 200% of the net cash proceeds received by the Company from the sale of its Equity Interests (other than Disqualified Stock) after the date of this Indenture to the extent such net cash proceeds have not been applied to make Restricted Payments or to effect other transactions pursuant to Section 4.07 or to make Permitted Investments pursuant to clause (6) of the definition thereof;

(11) the accretion or amortization of original issue discount and the write up of Indebtedness in accordance with purchase accounting; and

(12) Indebtedness under the Mirror Note.

For purposes of determining compliance with this Section 4.10, in the event that an item of proposed Indebtedness meets the criteria of more than one of the categories of Permitted Debt described in clauses (1) through (12) above, or is entitled to be incurred pursuant to the first paragraph of this covenant, the Company or the Guarantor, as the case may be, shall be permitted to classify and from time to time to reclassify such item of Indebtedness on the date of its incurrence in any manner that complies with this covenant. For avoidance of doubt, Indebtedness incurred pursuant to a single agreement, instrument, program, facility or line of credit may be classified as Indebtedness arising in part under one of the clauses listed above, and in part under any one or more of the clauses listed above, to the extent that such Indebtedness satisfies the criteria for such clauses.

Notwithstanding the foregoing, in no event shall any Restricted Subsidiary of the Company or the Guarantor consummate a Subordinated Debt Financing or a Preferred Stock Financing. A "Subordinated Debt Financing" or a "Preferred Stock Financing", as the case may be, with respect to any Restricted Subsidiary of the Company or the Guarantor shall mean a public offering or private placement (whether pursuant to Rule 144A under the Securities Act or otherwise) of Subordinated Notes or preferred stock (whether or not such preferred stock constitutes Disqualified Stock), as the case may be, of such Restricted Subsidiary to one or more purchasers (other than to one or more Affiliates of the Company or the Guarantor). "Subordinated Notes" with respect to any Restricted Subsidiary of the Company or the Guarantor shall mean Indebtedness of such Restricted Subsidiary that is contractually subordinated in right of payment to any other Indebtedness of such Restricted Subsidiary (including, without limitation, Indebtedness under the Credit Facilities). The foregoing limitation shall not apply to (i) any Indebtedness or preferred stock of any Person existing at the time such Person is merged with or into or became a Subsidiary of the Company or the Guarantor; provided that such Indebtedness or preferred stock was not incurred or issued in connection with, or in contemplation of, such Person merging with or into, or becoming a Subsidiary of, the Company or the Guarantor and (ii) any Indebtedness or preferred stock of a Restricted Subsidiary issued in connection with, and as part of the consideration for, an acquisition, whether by stock purchase, asset sale, merger or otherwise, in each case involving such Restricted Subsidiary, which Indebtedness or preferred stock is issued to the seller or sellers of such stock or assets; provided that such Restricted Subsidiary is not obligated to register such Indebtedness or preferred stock under the Securities Act or obligated to provide information pursuant to Rule 144A under the Securities Act.

Section 4.11. Limitation on Asset Sales

The Company shall not, and shall not permit any of its Restricted Subsidiaries to, and the Guarantor shall not, and shall not permit any of its Restricted Subsidiaries to, consummate an Asset Sale unless:

(1) the Company, the Guarantor or a Restricted Subsidiary of the Company or the Guarantor, as the case may be, receives consideration at the time of such Asset Sale at least equal to the fair market value of the assets or Equity Interests issued or sold or otherwise disposed of;

(2) such fair market value is determined by the Company's or the Guarantor's Board of Directors, as the case may be, and evidenced by a resolution of such Board of Directors set forth in an Officers' Certificate delivered to the Trustee; and

(3) at least 75% of the consideration therefor received by the Company, the Guarantor or such Restricted Subsidiary is in the form of cash, Cash Equivalents or readily marketable securities.

For purposes of this Section 4.11, each of the following shall be deemed to be cash:

(a) any liabilities (as shown on the Company's, the Guarantor's or such Restricted Subsidiary's most recent balance sheet) of the Company, the Guarantor or any Restricted Subsidiary (other than contingent liabilities and liabilities that are by their terms subordinated to the Notes or the Guarantees) that are assumed by the transferee of any such assets pursuant to a customary novation agreement that releases the Company, the Guarantor or such Restricted Subsidiary from further liability;

(b) any securities, notes or other obligations received by the Company, the Guarantor or any such Restricted Subsidiary from such transferee that are converted by the Company, the Guarantor or such Restricted Subsidiary into cash, Cash Equivalents or readily marketable securities within 60 days after receipt thereof (to the extent of the cash, Cash Equivalents or readily marketable securities received in that conversion); and

(c) Productive Assets.

Within 365 days after the receipt of any Net Proceeds from an Asset Sale, the Company, the Guarantor or a Restricted Subsidiary of the Company or the Guarantor, as the case may be, may apply such Net Proceeds at its option:

(1) to repay debt under the Credit Facilities or any other Indebtedness of the Restricted Subsidiaries of the Company (other than Indebtedness represented by a guarantee of a Restricted Subsidiary of the Company or the Guarantor); or

(2) to invest in Productive Assets; provided that any Net Proceeds which the Company, the Guarantor or a Restricted Subsidiary of the Company or the Guarantor, as the case may be, has committed to invest in Productive Assets within 365 days of the applicable Asset Sale may be invested in Productive Assets within two years of such Asset Sale.

Any Net Proceeds from Asset Sales that are not applied or invested as provided in the preceding paragraph shall constitute "Excess Proceeds." When the aggregate amount of Excess Proceeds exceeds $25.0 million, the Issuers shall make an Asset Sale Offer to all Holders of Notes and all holders of other Indebtedness that is pari passu with the Notes containing provisions requiring offers to purchase or redeem with the proceeds of sales of assets to purchase the maximum principal amount of Notes and such other pari passu Indebtedness that may be purchased out of the Excess Proceeds (which amount includes the entire amount of the Net Proceeds). The offer price in any Asset Sale Offer shall be payable in cash and equal to 100% of principal amount plus accrued and unpaid interest, if any, to the date of purchase. If any Excess Proceeds remain after consummation of an Asset Sale Offer, the Company may use such Excess Proceeds for any purpose not otherwise prohibited by this Indenture. If the aggregate principal amount of Notes and such other pari passu Indebtedness tendered into such Asset Sale Offer exceeds the amount of Excess Proceeds, the Trustee shall select the Notes and such other pari passu Indebtedness to be purchased on a pro rata basis. Upon completion of each Asset Sale Offer, the amount of Excess Proceeds shall be reset at zero.

In the event that the Issuers shall be required to commence an offer to Holders to purchase Notes pursuant to this Section 4.11, they shall follow the procedures specified in Section 3.09.

Section 4.12. Sale and Leaseback Transactions.

The Company shall not, and shall not permit any of its Restricted Subsidiaries to, and the Guarantor shall not, and shall not permit any of its Restricted Subsidiaries to, enter into any sale and leaseback transaction; provided that the Company or the Guarantor may enter into a sale and leaseback transaction if:

(1) the Company or the Guarantor, as applicable, could have (a) incurred Indebtedness in an amount equal to the Attributable Debt relating to such sale and leaseback transaction under the Leverage Ratio test in the first paragraph of Section 4.10 and (b) incurred a Lien to secure such Indebtedness pursuant to Section 4.14; and

(2) the transfer of assets in that sale and leaseback transaction is permitted by, and the Company or the Guarantor, as the case may be, applies the proceeds of such transaction in compliance with, the covenant described above under Section 4.11.

The foregoing restrictions do not apply to a sale and leaseback transaction if the lease is for a period, including renewal rights, of not in excess of three years.

Section 4.13. Transactions with Affiliates.

The Company shall not, and shall not permit any of its Restricted Subsidiaries to, and the Guarantor shall not, and shall not permit any of its Restricted Subsidiaries to, make any payment to, or sell, lease, transfer or otherwise dispose of any of its properties or assets to, or purchase any property or assets from, or enter into or make or amend any transaction, contract, agreement, understanding, loan, advance or guarantee with, or for the benefit of, any Affiliate (each, an "Affiliate Transaction"), unless:

(1) such Affiliate Transaction is on terms that are no less favorable to the Company or the relevant Restricted Subsidiary or to the Guarantor or the relevant Restricted Subsidiary, than those that would have been obtained in a comparable transaction by the Company or such Restricted Subsidiary or the Guarantor or such Restricted Subsidiary, as the case may be, with an unrelated Person; and

(2) the Company, or the Guarantor, as the case may be, delivers to the Trustee:

(a) with respect to any Affiliate Transaction or series of related Affiliate Transactions involving aggregate consideration in excess of $15.0 million, a resolution of the Board of Directors of the Company or a resolution of the Board of Directors of the Guarantor, as the case may be, set forth in an Officers' Certificate certifying that such Affiliate Transaction complies with this covenant and that such Affiliate Transaction has been approved by a majority of the members of such Board of Directors; and

(b) with respect to any Affiliate Transaction or series of related Affiliate Transactions involving aggregate consideration in excess of $50.0 million, an opinion as to the fairness to the Holders of such Affiliate Transaction from a financial point of view issued by an accounting, appraisal or investment banking firm of national standing.

The following items shall not be deemed to be Affiliate Transactions and, therefore, shall not be subject to the provisions of the prior paragraph:

(1) existing employment agreement entered into by the Company, the Guarantor or any of their Subsidiaries and any employment agreement entered into by the Company or any of its Restricted Subsidiaries, or any employment agreement entered into by the Guarantor or any of its Restricted Subsidiaries in the ordinary course of business and consistent with the past practice of the Company or such Restricted Subsidiary or the Guarantor or such Restricted Subsidiary, as the case may be;

(2) transactions between or among the Company and/or its Restricted Subsidiaries and the transactions between or among the Guarantor and/or its Restricted Subsidiaries;

(3) payment of reasonable directors fees to Persons who are not otherwise Affiliates of the Company or the Guarantor, as the case may be, and customary indemnification and insurance arrangements in favor of directors, regardless of affiliation with the Company, the Guarantor or any of their Restricted Subsidiaries;

(4) payment of management fees pursuant to management agreements either (A) existing on the Issue Date or (B) entered into after the Issue Date, to the extent that such management agreements provide for percentage fees no higher than the percentage fees existing under the management agreements existing on the Issue Date;

(5) Restricted Payments that are permitted by Section 4.07; and

(6) Permitted Investments.

Section 4.14. Liens.

The Company and the Guarantor shall not, directly or indirectly, create, incur, assume or suffer to exist any Lien of any kind securing Indebtedness, Attributable Debt or trade payables on any asset now owned or hereafter acquired, except Permitted Liens.

Section 4.15. Corporate Existence.

Subject to Article 5, each of the Company and the Guarantor shall do or cause to be done all things necessary to preserve and keep in full force and effect (i) its corporate existence, and the corporate, partnership or other existence of each of its Subsidiaries, in accordance with the respective organizational documents (as the same may be amended from time to time) of the Company, the Guarantor or any such Subsidiary and (ii) the rights (charter and statutory), licenses and franchises of the Company, the Guarantor and their Subsidiaries; provided, however, that neither the Company nor the Guarantor shall be required to preserve any such right, license or franchise, or the corporate, partnership or other existence of any of their Subsidiaries (other than Charter Capital), if the Board of Directors shall determine that the preservation thereof is no longer desirable in the conduct of the business of the Company and its Subsidiaries and the Guarantor and its Subsidiaries, taken as a whole, and that the loss thereof is not adverse in any material respect to the Holders of the Notes.

Section 4.16. Repurchase at the Option of Holders upon a Change of Control.

If a Change of Control occurs, each Holder of Notes shall have the right to require the Issuers to repurchase all or any part (equal to $1,000 or an integral multiple thereof) of that Holder's Notes pursuant to a Change of Control Offer. In the Change of Control Offer, the Issuers shall offer (a "Change of Control Offer") a payment (the "Change of Control Payment") in cash equal to 101% of the aggregate

principal amount of Notes repurchased plus accrued and unpaid interest thereon, if any, to the date of purchase.

Within ten days following any Change of Control, the Issuers shall mail a notice to each Holder (with a copy to the Trustee) describing the transaction or transactions that constitute the Change of Control and stating:

(a) the purchase price and the purchase date, which shall not exceed 30 Business Days from the date such notice is mailed (the "Change of Control Payment Date");

(b) that any Note not tendered shall continue to accrue interest;

(c) that, unless the Issuers default in the payment of the Change of Control Payment, all Notes accepted for payment pursuant to the Change of Control Offer shall cease to accrue interest after the Change of Control Payment Date;

(d) that Holders electing to have any Notes purchased pursuant to a Change of Control Offer shall be required to surrender the Notes, with the form entitled "Option of Holder to Elect Purchase" on the reverse of the Notes completed, to the Paying Agent at the address specified in the notice prior to the close of business on the third Business Day preceding the Change of Control Payment Date;

(e) that Holders shall be entitled to withdraw their election if the Paying Agent receives, not later than the close of business on the second Business Day preceding the Change of Control Payment Date, a telegram, telex, facsimile transmission or letter setting forth the name of the Holder, the principal amount of Notes delivered for purchase, and a statement that such Holder is withdrawing his election to have the Notes purchased; and

(f) that Holders whose Notes are being purchased only in part shall be issued new Notes equal in principal amount to the unpurchased portion of the Notes surrendered, which unpurchased portion must be equal to $1,000 in principal amount or an integral multiple thereof.

The Issuers shall comply with the requirements of Rule 14e-1 under the Exchange Act (or any successor rules) and any other securities laws and regulations thereunder to the extent such laws and regulations are applicable in connection with the repurchase of the Notes as a result of a Change of Control.

On the Change of Control Payment Date, the Issuers shall, to the extent lawful:

(a) accept for payment all Notes or portions thereof properly tendered pursuant to the Change of Control Offer;

(b) deposit with the Paying Agent an amount equal to the Change of Control Payment in respect of all Notes or portions thereof so tendered; and

(c) deliver or cause to be delivered to the Trustee the Notes so accepted together with an Officers' Certificate stating the aggregate principal amount of Notes or portions thereof being purchased by the Issuers.

The Paying Agent shall promptly pay to each Holder of Notes so tendered the Change of Control Payment for such Notes, and the Trustee shall promptly authenticate and mail (or cause to be transferred by book entry) to each Holder a new Note equal in principal amount to any unpurchased portion of the

Notes surrendered, if any; provided that each such new Note shall be in a principal amount of $1,000 or an integral multiple thereof. The Company shall publicly announce the results of the Change of Control Offer on or as soon as practicable after the Change of Control Payment Date.

The provisions described above that require the Issuers to make a Change of Control Offer following a Change of Control shall be applicable regardless of whether or not any other provisions in this Indenture are applicable. Except as described above with respect to a Change of Control, this Indenture does not contain provisions that permit the Holders of the Notes to require that the Issuers repurchase or redeem the Notes in the event of a takeover, recapitalization or similar transaction.

Notwithstanding any other provision of this Section 4.16, the Issuers shall not be required to make a Change of Control Offer upon a Change of Control if a third party makes the Change of Control Offer in the manner, at the times and otherwise in compliance with the requirements set forth in this Indenture applicable to a Change of Control Offer made by the Issuers and purchases all Notes validly tendered and not withdrawn under such Change of Control Offer.

Section 4.17. Limitations on Issuances of Guarantees of Indebtedness.

The Company shall not permit any of its Restricted Subsidiaries, directly or indirectly, and the Guarantor shall not permit any of its Restricted Subsidiaries, directly or indirectly, to Guarantee or pledge any assets to secure the payment of any other Indebtedness of the Company or the Guarantor, as the case may be, except in respect of the Credit Facilities (the "Guaranteed Indebtedness") unless (i) such Restricted Subsidiary of the Company or the Guarantor, as the case may be, simultaneously executes and delivers a supplemental indenture providing for the Guarantee (a "Subsidiary Guarantee") of the payment of the Notes by such Restricted Subsidiary and (ii) until one year after all the Notes have been paid in full in cash, such Restricted Subsidiary waives and will not in any manner whatsoever claim or take the benefit or advantage of, any rights of reimbursement, indemnity or subrogation or any other rights against the Company, the Guarantor or any other Restricted Subsidiary of the Company or the Guarantor as a result of any payment by such Restricted Subsidiary under its Subsidiary Guarantee; provided that this paragraph shall not be applicable to any Guarantee or any Restricted Subsidiary that existed at the time such Person became a Restricted Subsidiary and was not Incurred in connection with, or in contemplation of, such Person becoming a Restricted Subsidiary. If the Guaranteed Indebtedness is subordinated to the Notes, then the Guarantee of such Guaranteed Indebtedness shall be subordinated to the Subsidiary Guarantee at least to the extent that the Guaranteed Indebtedness is subordinated to the Notes.

Section 4.18. Payments for Consent.

The Company shall not, and shall not permit any of its Subsidiaries to, and the Guarantor shall not, and shall not permit any of its Subsidiaries to, directly or indirectly, pay or cause to be paid any consideration to or for the benefit of any Holder of Notes for or as an inducement to any consent, waiver or amendment of any of the terms or provisions of this Indenture or the Notes unless such consideration is offered to be paid and is paid to all Holders of the Notes that consent, waive or agree to amend in the time frame set forth in the solicitation documents relating to such consent, waiver or agreement.

Section 4.19. Application of Fall-Away Covenants.

During any period of time that (a) the Notes have Investment Grade Ratings from both Rating Agencies and (b) no Default or Event of Default has occurred and is continuing, the Company and its Restricted Subsidiaries and the Guarantor and its Restricted Subsidiaries shall not be subject to the

provisions of Sections 4.07, 4.08, 4.09, 4.10, 4.11, 4.12, 4.13 and clause (4) of the first paragraph of Section 5.01 (collectively, the "Suspended Covenants"). In the event that the Company and its Restricted Subsidiaries are not subject to the Suspended Covenants for any period of time as a result of the preceding sentence and, subsequently, one or both of the Rating Agencies withdraws its ratings or downgrades the ratings assigned to the Notes below the required Investment Grade Ratings or a Default or Event of Default occurs and is continuing, then the Company and its Restricted Subsidiaries and the Guarantor and its Restricted Subsidiaries shall thereafter again be subject to the Suspended Covenants and compliance with the Suspended Covenants with respect to the Restricted Payments made after the time of such withdrawal, downgrade, Default or Event of Default will be calculated in accordance with the terms of Section 4.07 as though such covenant had been in effect during the entire period of time from the Issue Date.

Section 4.20. Impairment of Security Interest.

Neither the Company, the Guarantor nor any of their Subsidiaries shall take or omit to take any action which action or omission would have the result of adversely affecting or impairing the security interest in favor of the Trustee, on behalf of itself and the Holders, with respect to the Collateral, and neither the Company, the Guarantor nor any of their Subsidiaries shall grant to any Person, or suffer any Person (other than the Trustee with respect to the Collateral securing the obligations under the Notes and the Company with respect to the Collateral securing the obligations under the Mirror Note) to have any interest whatsoever in the Collateral other than Liens permitted by the Pledge Documents. Neither the Company nor any of its Subsidiaries shall enter into any agreement or instrument that by its terms requires the proceeds received from any sale of Collateral to be applied to repay, redeem, defease or otherwise acquire or retire any Indebtedness of any Person, other than pursuant to this Indenture, the Notes and the Pledge Documents.

Section 4.21. Security Interest.

The Company and the Guarantor shall, and shall cause each of their Restricted Subsidiaries to, undertake to deliver or cause to be delivered to the Trustee from time to time such other documentation, consents, authorizations, approvals and orders in form and substance reasonably satisfactory to the Trustee as the Trustee shall deem necessary or advisable to perfect or maintain the security interest in the Collateral for the benefit of the Trustee on behalf of the Holders until any such Collateral is released in accordance with the terms of this Indenture.

SUCCESSORS

Section 5.01. Merger, Consolidation, or Sale of Assets.

Neither of the Issuers nor the Guarantor may, directly or indirectly: (1) consolidate or merge with or into another Person (whether or not such Issuer, or the Guarantor, as the case may be, is the surviving corporation); or (2) sell, assign, transfer, convey or otherwise dispose of all or substantially all of its properties or assets, in one or more related transactions, to another Person; unless:

(1) either: (a) such Issuer, or the Guarantor, as the case may be, is the surviving corporation; or (b) the Person formed by or surviving any such consolidation or merger (if other than such Issuer, or the Guarantor, as the case may be) or to which such sale, assignment, transfer, conveyance or other disposition shall have been made is a Person organized or existing

under the laws of the United States, any state thereof or the District of Columbia (provided that if the Person formed by or surviving any such consolidation or merger with either Issuer is a limited liability company or other Person other than a corporation, a corporate co-issuer shall also be an obligor with respect to the Notes);

(2) the Person formed by or surviving any such consolidation or merger (if other than the Company, or the Guarantor, as the case may be) or the Person to which such sale, assignment, transfer, conveyance or other disposition shall have been made assumes all the obligations of the Company, or the Guarantor, as the case may be, under the Notes in the case of the Company, or under the Guarantee, in the case of the Guarantor, and this Indenture pursuant to agreements reasonably satisfactory to the Trustee;

(3) immediately after such transaction no Default or Event of Default exists; and

(4) the Company, or the Guarantor, as the case may be, or the Person formed by or surviving any such consolidation or merger (if other than the Company, or the Guarantor, as the case may be) will, on the date of such transaction after giving pro forma effect thereto and any related financing transactions as if the same had occurred at the beginning of the applicable four-quarter period, either (A) be permitted to incur at least $1.00 of additional Indebtedness pursuant to the Leverage Ratio test set forth in the first paragraph of Section 4.10 or (B) have a Leverage Ratio immediately after giving effect to such consolidation or merger no greater than the Leverage Ratio immediately prior to such consolidation or merger.

In addition, the Company may not, directly or indirectly, and the Guarantor may not, directly or indirectly, lease all or substantially all of its properties or assets, in one or more related transactions, to any other Person. This Section 5.01 shall not apply to a sale, assignment, transfer, conveyance or other disposition of assets between or among the Company and any of its Wholly-Owned Subsidiaries, or the Guarantor and any of its Wholly-Owned Subsidiaries, as the case may be.

Section 5.02. Successor Corporation Substituted.

Upon any consolidation or merger, or any sale, assignment, transfer, lease, conveyance or other disposition of all or substantially all of the assets of either Issuer or the Guarantor, as the case may be, in accordance with Section 5.01, the successor Person formed by such consolidation or into which either Issuer or the Guarantor, as the case may be, is merged or to which such transfer is made shall succeed to and (except in the case of a lease) be substituted for, and may exercise every right and power of, such Issuer or the Guarantor, as the case may be, under this Indenture with the same effect as if such successor Person had been named therein as such Issuer or the Guarantor, as the case may be, and (except in the case of a lease) such Issuer or the Guarantor, as the case may be, shall be released from the obligations under the Notes (or the Guarantee, in the case of the Guarantor) and this Indenture, except with respect to any obligations that arise from, or are related to, such transaction.

ARTICLE 6
DEFAULTS AND REMEDIES

Section 6.01. Events of Default.

An "Event of Default" occurs if:

(a) the Issuers default in the payment when due of interest on the Notes and such default continues for a period of 30 days;

(b) the Issuers default in payment when due of the principal of or premium, if any, on the Notes;

(c) the Company or any of its Restricted Subsidiaries, or the Guarantor or any of its Restricted Subsidiaries, fails to comply with any of the provisions of Sections 4.16 or 5.01;

(d) the Company or any of its Restricted Subsidiaries, or the Guarantor or any of its Restricted Subsidiaries, fails to comply with any of their other covenants or agreements in this Indenture for 30 days after written notice thereof has been given to the Company by the Trustee or to the Company and the Trustee by Holders of at least 25% of the aggregate principal amount of the Notes outstanding;

(e) the Company or any of its Restricted Subsidiaries, or the Guarantor or any of its Restricted Subsidiaries, defaults under any mortgage, indenture or instrument under which there may be issued or by which there may be secured or evidenced any Indebtedness for money borrowed (or the payment of which is guaranteed by the Company or any of its Restricted Subsidiaries or by the Guarantor or any of its Restricted Subsidiaries) whether such Indebtedness or guarantee now exists or is created after the date of this Indenture, if that default:

(1) is caused by a failure to pay at final stated maturity the principal amount on such Indebtedness prior to the expiration of the grace period provided in such Indebtedness on the date of such default (a "Payment Default"); or

(2) results in the acceleration of such Indebtedness prior to its express maturity,

and, in each case, the principal amount of any such Indebtedness, together with the principal amount of any other such Indebtedness under which there has been a Payment Default or the maturity of which has been so accelerated, aggregates $100.0 million or more;

(f) the Company or any of its Restricted Subsidiaries, or the Guarantor or any of its Restricted Subsidiaries, fails to pay final judgments which are non-appealable aggregating in excess of $100.0 million (net of applicable insurance which has not been denied in writing by the insurer), which judgments are not paid, discharged or stayed for a period of 60 days;

(g) the Company, the Guarantor or any of their Significant Subsidiaries pursuant to or within the meaning of Bankruptcy Law:

(i) commences a voluntary case,

(ii) consents to the entry of an order for relief against it in an involuntary case,

(iii) consents to the appointment of a custodian of it or for all or substantially all of its property, or

(iv) makes a general assignment for the benefit of its creditors; or

(h) a court of competent jurisdiction enters an order or decree under any Bankruptcy Law that:

(i) is for relief against the Company, the Guarantor or any of their Significant Subsidiaries in an involuntary case;

(ii) appoints a custodian of the Company, the Guarantor or any of their Significant Subsidiaries or for all or substantially all of the property of the Company, the Guarantor or any of their Significant Subsidiaries; or

(iii) orders the liquidation of the Company, the Guarantor or any of their Significant Subsidiaries;

and the order or decree remains unstayed and in effect for 60 consecutive days.

(i) except as permitted by this Indenture, the Guarantee of the Guarantor shall be held in any judicial proceeding to be unenforceable or invalid or shall cease for any reason to be in full force and effect or the Guarantor, or any Person acting on behalf of the Guarantor, shall deny or disaffirm its obligations under the Guarantee;

(j) except as permitted by this Indenture, any of the Pledge Documents cease to be in full force and effect (other than in accordance with their respective terms or the terms of the Indenture), or any of the Pledge Documents cease to give the Trustee or the Company, as the case may be, the Liens purported to be created thereby, or any Pledge Document is declared null and void, or the Company or the Guarantor shall repudiate or deny in writing that it has any liability or obligation under any Pledge Document.

Section 6.02. Acceleration.

In the case of an Event of Default arising from clause (g) or (h) of Section 6.01, with respect to the Company or the Guarantor, all outstanding Notes shall become due and payable immediately without further action or notice. If any other Event of Default occurs and is continuing, the Trustee by notice to the Issuers or the Holders of at least 25% in principal amount of the then outstanding Notes by notice to the Issuers and the Trustee may declare all the Notes to be due and payable immediately. The Holders of a majority in aggregate principal amount of the Notes then outstanding by written notice to the Trustee may on behalf of all of the Holders rescind an acceleration and its consequences if the rescission would not conflict with any judgment or decree and if all existing Events of Default (except nonpayment of principal, interest or premium that has become due solely because of the acceleration) have been cured or waived.

Section 6.03. Other Remedies.

If an Event of Default occurs and is continuing, the Trustee may pursue any available remedy to collect the payment of principal, premium, if any, and interest on the Notes or to enforce the performance of any provision of the Notes or this Indenture.

The Trustee may maintain a proceeding even if it does not possess any of the Notes or does not produce any of them in the proceeding. A delay or omission by the Trustee or any Holder of a Note in exercising any right or remedy accruing upon an Event of Default shall not impair the right or remedy or

constitute a waiver of or acquiescence in the Event of Default. All remedies are cumulative to the extent permitted by law.

Section 6.04. Waiver of Existing Defaults.

Holders of not less than a majority in aggregate principal amount of the then outstanding Notes by notice to the Trustee may on behalf of the Holders of all of the Notes waive an existing Default or Event of Default and its consequences hereunder, except a continuing Default or Event of Default in the payment of the principal of, premium, if any, or interest on, the Notes (including in connection with an offer to purchase) (provided, however, that the Holders of a majority in aggregate principal amount of the then outstanding Notes may rescind an acceleration and its consequences, including any related payment default that resulted from such acceleration). Upon any such waiver, such Default shall cease to exist, and any Event of Default arising therefrom shall be deemed to have been cured for every purpose of this Indenture; but no such waiver shall extend to any subsequent or other Default or impair any right consequent thereon.

Section 6.05. Control by Majority.

Holders of a majority in principal amount of the then outstanding Notes may direct the time, method and place of conducting any proceeding for exercising any remedy available to the Trustee or exercising any trust or power conferred on it. However, the Trustee may refuse to follow any direction that conflicts with law or this Indenture that the Trustee determines may be unduly prejudicial to the rights of other Holders of Notes or that may involve the Trustee in personal liability. The Trustee may take any other action which it deems proper that is not inconsistent with any such directive.

Section 6.06. Limitation on Suits.

A Holder of a Note may pursue a remedy with respect to this Indenture or the Notes only if:

(a) the Holder of a Note gives to the Trustee written notice of a continuing Event of Default;

(b) the Holders of at least 25% in principal amount of the then outstanding Notes make a written request to the Trustee to pursue the remedy;

(c) such Holder of a Note or Holders of Notes offer and, if requested, provide to the Trustee indemnity satisfactory to the Trustee against any loss, liability or expense;

(d) the Trustee does not comply with the request within 60 days after receipt of the request and the offer and, if requested, the provision of indemnity; and

(e) during such 60-day period the Holders of a majority in principal amount of the then outstanding Notes do not give the Trustee a direction inconsistent with the request.

A Holder of a Note may not use this Indenture to prejudice the rights of another Holder of a Note or to obtain a preference or priority over another Holder of a Note.

Section 6.07. Rights of Holders of Notes to Receive Payment.

Notwithstanding any other provision of this Indenture, the right of any Holder of a Note to receive payment of principal, premium, if any, and interest on the Note, on or after the respective due

dates expressed in the Note (including in connection with an offer to purchase), or to bring suit for the enforcement of any such payment on or after such respective dates, shall not be impaired or affected without the consent of such Holder.

Section 6.08. Collection Suit by Trustee.

If an Event of Default specified in Section 6.01(a) or (b) occurs and is continuing, the Trustee is authorized to recover judgment in its own name and as trustee of an express trust against the Issuers for the whole amount of principal of, premium, if any, and interest remaining unpaid on the Notes and interest on overdue principal and, to the extent lawful, interest and such further amount as shall be sufficient to cover the costs and expenses of collection, including the reasonable compensation, expenses, disbursements and advances of the Trustee, its agents and counsel.

Section 6.09. Trustee May File Proofs of Claim.

The Trustee is authorized to file such proofs of claim and other papers or documents as may be necessary or advisable in order to have the claims of the Trustee (including any claim for the reasonable compensation, expenses, disbursements and advances of the Trustee, its agents and counsel) and the Holders of the Notes allowed in any judicial proceedings relative to the Issuers (or any other obligor upon the Notes), their creditors or their property and shall be entitled and empowered to collect, receive and distribute any money or other property payable or deliverable on any such claims and any custodian in any such judicial proceeding is hereby authorized by each Holder to make such payments to the Trustee, and in the event that the Trustee shall consent to the making of such payments directly to the Holders, to pay to the Trustee any amount due to it for the reasonable compensation, expenses, disbursements and advances of the Trustee, its agents and counsel, and any other amounts due the Trustee under Section 7.07. To the extent that the payment of any such compensation, expenses, disbursements and advances of the Trustee, its agents and counsel, and any other amounts due the Trustee under Section 7.07 out of the estate in any such proceeding, shall be denied for any reason, payment of the same shall be secured by a Lien on, and shall be paid out of, any and all distributions, dividends, money, securities and other properties that the Holders may be entitled to receive in such proceeding whether in liquidation or under any plan of reorganization or arrangement or otherwise. Nothing herein contained shall be deemed to authorize the Trustee to authorize or consent to or accept or adopt on behalf of any Holder any plan of reorganization, arrangement, adjustment or composition affecting the Notes or the rights of any Holder, or to authorize the Trustee to vote in respect of the claim of any Holder in any such proceeding.

Section 6.10. Priorities.

If the Trustee collects any money pursuant to this Article, it shall pay out the money in the following order:

First: to the Trustee, its agents and attorneys for amounts due under Section 7.07, including payment of all compensation, expense and liabilities incurred, and all advances made, by the Trustee and the costs and expenses of collection;

Second: to Holders of Notes for amounts due and unpaid on the Notes for principal, premium, if any, and interest, ratably, without preference or priority of any kind, according to the amounts due and payable on the Notes for principal, premium, if any and interest, respectively; and

Third: to the Issuers or to such party as a court of competent jurisdiction shall direct.

The Trustee may fix a record date and payment date for any payment to Holders of Notes pursuant to this Section 6.10.

Section 6.11. Undertaking for Costs.

In any suit for the enforcement of any right or remedy under this Indenture or in any suit against the Trustee for any action taken or omitted by it as a Trustee, a court in its discretion may require the filing by any party litigant in the suit of an undertaking to pay the costs of the suit, and the court in its discretion may assess reasonable costs, including reasonable attorneys' fees, against any party litigant in the suit, having due regard to the merits and good faith of the claims or defenses made by the party litigant. This Section does not apply to a suit by the Trustee, a suit by a Holder of a Note pursuant to Section 6.07, or a suit by Holders of more than 10% in principal amount of the then outstanding Notes.

ARTICLE 7
TRUSTEE

Section 7.01. Duties of Trustee.

(a) If an Event of Default has occurred and is continuing, the Trustee shall exercise such of the rights and powers vested in it by this Indenture, and use the same degree of care and skill in its exercise, as a prudent person would exercise or use under the circumstances in the conduct of such person's own affairs.

(b) Except during the continuance of an Event of Default:

(i) the duties of the Trustee shall be determined solely by the express provisions of this Indenture and the Trustee need perform only those duties that are specifically set forth in this Indenture and no others, and no implied covenants or obligations shall be read into this Indenture against the Trustee; and

(ii) in the absence of bad faith on its part, the Trustee may conclusively rely, as to the truth of the statements and the correctness of the opinions expressed therein, upon certificates or opinions furnished to the Trustee and conforming to the requirements of this Indenture. However, the Trustee shall examine the certificates and opinions to determine whether or not they conform to the requirements of this Indenture.

(c) The Trustee may not be relieved from liabilities for its own gross negligent action, its own gross negligent failure to act, or its own willful misconduct, except that:

(i) this paragraph does not limit the effect of paragraph (b) of this Section;

(ii) the Trustee shall not be liable for any error of judgment made in good faith by a Responsible Officer, unless it is proved that the Trustee was grossly negligent in ascertaining the pertinent facts; and

(iii) the Trustee shall not be liable with respect to any action it takes or omits to take in good faith in accordance with a direction received by it pursuant to Section 6.05.

(d) Whether or not therein expressly so provided, every provision of this Indenture that in any way relates to the Trustee is subject to paragraphs (a), (b), and (c) of this Section 7.01.

(e) No provision of this Indenture shall require the Trustee to expend or risk its own funds or incur any liability. The Trustee shall be under no obligation to exercise any of its rights and powers under this Indenture at the request of any Holders, unless such Holder shall have offered to the Trustee security and indemnity satisfactory to it against any loss, liability or expense.

(f) The Trustee shall not be liable for interest on any money received by it except as the Trustee may agree in writing with the Issuers. Money held in trust by the Trustee need not be segregated from other funds except to the extent required by law.

(g) The Trustee shall not be bound to make any investigation into the facts or matters stated in any resolution, certificate, statement, instrument, opinion, report, notice, request, direction, consent, order, bond, debenture or other paper or documents.

Section 7.02. Rights of Trustee.

(a) The Trustee may conclusively rely upon any document believed by it to be genuine and to have been signed or presented by the proper Person. The Trustee need not investigate any fact or matter stated in the document.

(b) Before the Trustee acts or refrains from acting, it may require an Officers' Certificate or an Opinion of Counsel or both. The Trustee shall not be liable for any action it takes or omits to take in good faith in reliance on such Officers' Certificate or Opinion of Counsel. The Trustee may consult with counsel and the written advice of such counsel or any Opinion of Counsel shall be full and complete authorization and protection from liability in respect of any action taken, suffered or omitted by it hereunder in good faith and in reliance thereon.

(c) The Trustee may act through its attorneys and agents and shall not be responsible for the misconduct or negligence of any agent appointed with due care.

(d) The Trustee shall not be liable for any action it takes or omits to take in good faith that it believes to be authorized or within the rights or powers conferred upon it by this Indenture.

(e) Unless otherwise specifically provided in this Indenture, any demand, request, direction or notice from either of the Issuers shall be sufficient if signed by an Officer of such Issuer.

(f) The Trustee shall be under no obligation to exercise any of the rights or powers vested in it by this Indenture at the request or direction of any of the Holders unless such Holders shall have offered to the Trustee reasonable security or indemnity against the costs, expenses and liabilities that might be incurred by it in compliance with such request or direction.

(g) The Trustee shall not be charged with knowledge of any Default or Event of Default unless either (i) a Responsible Officer of the Trustee shall have actual knowledge of such Default or Event of Default or (ii) written notice of such Default or Event of Default shall have been given to the Trustee by the Issuers or any Holder.

Section 7.03. Individual Rights of Trustee.

The Trustee in its individual or any other capacity may become the owner or pledgee of Notes and may otherwise deal with the Issuers, the Guarantor or any Affiliate of either of the Issuers or the Guarantor with the same rights it would have if it were not Trustee. However, in the event that the Trustee acquires any conflicting interest it must eliminate such conflict within 90 days, apply to the SEC for permission to continue as trustee or resign. Any Agent may do the same with like rights and duties. The Trustee is also subject to Sections 7.10 and 7.11.

Section 7.04. Trustee's Disclaimer.

The Trustee shall not be responsible for and makes no representation as to the validity or adequacy of this Indenture or the Notes, it shall not be accountable for the Issuers' use of the proceeds from the Notes or any money paid to the Issuers or upon the Issuers' direction under any provision of this Indenture, it shall not be responsible for the use or application of any money received by any Paying Agent other than the Trustee, and it shall not be responsible for any statement or recital herein or any statement in the Notes or any other document in connection with the sale of the Notes or pursuant to this Indenture other than its certificate of authentication.

Section 7.05. Notice of Defaults.

If a Default or Event of Default occurs and is continuing and if it is known to the Trustee, the Trustee shall mail to Holders of Notes a notice of the Default or Event of Default within 90 days after the Trustee acquires knowledge thereof. Except in the case of a Default or Event of Default in payment of principal of, premium, if any, or interest on any Note, the Trustee may withhold the notice if and so long as a committee of its Responsible Officers in good faith determines that withholding the notice is in the interests of the Holders of the Notes.

Section 7.06. Reports by Trustee to Holders of the Notes.

Within 60 days after each May 15 beginning with the May 15 following the date of this Indenture, and for so long as Notes remain outstanding, the Trustee shall mail to the Holders of the Notes a brief report dated as of such reporting date that complies with TIA ss. 313(a) (but if no event described in TIA ss. 313(a) has occurred within the twelve months preceding the reporting date, no report need be transmitted). The Trustee also shall comply with TIA ss. 313(b)(2). The Trustee shall also transmit by mail all reports as required by TIA ss. 313(c).

A copy of each report at the time of its mailing to the Holders of Notes shall be mailed to the Company and filed with the SEC and each stock exchange on which the Notes are listed in accordance with TIA ss. 313(d). The Issuers shall promptly notify the Trustee when the Notes are listed on any stock exchange.

Section 7.07. Compensation and Indemnity.

The Issuers shall pay to the Trustee from time to time reasonable compensation for its acceptance of this Indenture and services hereunder. The Trustee's compensation shall not be limited by any law on compensation of a trustee of an express trust. The Issuers shall reimburse the Trustee promptly upon request for all reasonable disbursements, advances and expenses incurred or made by it in addition to the compensation for its services. Such expenses shall include the reasonable compensation, disbursements and expenses of the Trustee's agents and counsel.

The Issuers and the Guarantor shall, jointly and severally, indemnify the Trustee against any and all losses, liabilities or expenses incurred by it arising out of or in connection with the acceptance or administration of its duties under this Indenture, including the costs and expenses of enforcing this Indenture against the Issuers and the Guarantor (including this Section 7.07) and defending itself against any claim (whether asserted by the Issuers or the Guarantor or any Holder or any other person) or liability in connection with the exercise or performance of any of its powers or duties hereunder, except to the extent any such loss, liability or expense may be attributable to its gross negligence or willful misconduct. The Trustee shall notify the Issuers promptly of any claim for which it may seek indemnity. Failure by the Trustee to so notify the Issuers shall not relieve the Issuers or the Guarantor of their obligations hereunder. The Issuers and the Guarantor shall defend the claim and the Trustee shall cooperate in the defense. The Trustee may have separate counsel and the Issuers shall pay the reasonable fees and expenses of such counsel. The Issuers and the Guarantor need not pay for any settlement made without their consent, which consent shall not be unreasonably withheld.

The obligations of the Issuers and the Guarantor under this Section 7.07 shall survive resignation or removal of the Trustee and the satisfaction and discharge of this Indenture.

To secure the Issuers' payment obligations in this Section, the Trustee shall have a Lien prior to the Notes on all money or property held or collected by the Trustee, except that held in trust to pay principal and interest on particular Notes. Such Lien shall survive the resignation or removal of the Trustee and the satisfaction and discharge of this Indenture.

When the Trustee incurs expenses or renders services after an Event of Default specified in Section 6.01(g) or (h) occurs, the expenses and the compensation for the services (including the fees and expenses of its agents and counsel) are intended to constitute expenses of administration under any Bankruptcy Law.

The Trustee shall comply with the provisions of TIA ss. 313(b)(2) to the extent applicable.

Section 7.08. Replacement of Trustee.

A resignation or removal of the Trustee and appointment of a successor Trustee shall become effective only upon the successor Trustee's acceptance of appointment as provided in this Section.

The Trustee may resign in writing at any time and be discharged from the trust hereby created by so notifying the Issuers. The Holders of a majority in principal amount of the then outstanding Notes may remove the Trustee by so notifying the Trustee and the Issuers in writing. The Issuers may remove the Trustee if:

(a) the Trustee fails to comply with Section 7.10;

(b) the Trustee is adjudged a bankrupt or an insolvent or an order for relief is entered with respect to the Trustee under any Bankruptcy Law;

(c) a custodian or public officer takes charge of the Trustee or its property; or

(d) the Trustee becomes incapable of acting.

If the Trustee resigns or is removed or if a vacancy exists in the office of Trustee for any reason, the Issuers shall promptly appoint a successor Trustee. Within one year after the successor Trustee takes

office, the Holders of a majority in principal amount of the then outstanding Notes may appoint a successor Trustee to replace the successor Trustee appointed by the Issuers.

If a successor Trustee does not take office within 60 days after the retiring Trustee resigns or is removed, the retiring Trustee, the Issuers, or the Holders of at least 10% in principal amount of the then outstanding Notes may petition any court of competent jurisdiction for the appointment of a successor Trustee.

If the Trustee, after written request by any Holder who has been a Holder for at least six months, fails to comply with Section 7.10, such Holder may petition any court of competent jurisdiction for the removal of the Trustee and the appointment of a successor Trustee.

A successor Trustee shall deliver a written acceptance of its appointment to the retiring Trustee and to the Issuers. Thereupon, the resignation or removal of the retiring Trustee shall become effective, and the successor Trustee shall have all the rights, powers and duties of the Trustee under this Indenture. The successor Trustee shall mail a notice of its succession to Holders. The retiring Trustee shall promptly transfer all property held by it as Trustee to the successor Trustee; provided all sums owing to the Trustee hereunder have been paid and subject to the Lien provided for in Section 7.07. Notwithstanding replacement of the Trustee pursuant to this Section 7.08, the Issuers' and the Guarantor's obligations under Section 7.07 shall continue for the benefit of the retiring Trustee.

Section 7.09. Successor Trustee by Merger, etc.

If the Trustee consolidates, merges or converts into, or transfers all or substantially all of its corporate trust business to, another corporation, the successor corporation without any further act shall be the successor Trustee.

Section 7.10. Eligibility; Disqualification.

There shall at all times be a Trustee hereunder that is a corporation organized and doing business under the laws of the United States of America or of any state thereof that is authorized under such laws to exercise corporate trustee power, that is subject to supervision or examination by federal or state authorities and that has a combined capital and surplus of at least $100 million as set forth in its most recent published annual report of condition.

This Indenture shall always have a Trustee who satisfies the requirements of TIA ss. 310(a)(1), (2) and (5). The Trustee is subject to TIA ss. 310(b).

Section 7.11. Preferential Collection of Claims Against the Issuers.

The Trustee is subject to TIA ss. 311(a), excluding any creditor relationship listed in TIA ss. 311(b). A Trustee who has resigned or been removed shall be subject to TIA ss. 311(a) to the extent indicated therein.

ARTICLE 8
LEGAL DEFEASANCE AND COVENANT DEFEASANCE

Section 8.01. Option to Effect Legal Defeasance or Covenant Defeasance.

The Issuers may, at the option of their respective Boards of Directors evidenced by a resolution set forth in an Officers' Certificate of each of the Issuers, at any time, elect to have either Section 8.02 or 8.03 be applied to all outstanding Notes upon compliance with the conditions set forth below in this Article 8.

Section 8.02. Legal Defeasance and Discharge.

Upon the Issuers' exercise under Section 8.01 of the option applicable to this Section 8.02, the Issuers and the Guarantor shall, subject to the satisfaction of the conditions set forth in Section 8.04, be deemed to have been discharged from their obligations with respect to all outstanding Notes and Guarantees thereof on the date the conditions set forth below are satisfied (hereinafter, "Legal Defeasance"). For this purpose, Legal Defeasance means that the Issuers shall be deemed to have paid and discharged the entire Indebtedness represented by the outstanding Notes, which shall thereafter be deemed to be "outstanding" only for the purposes of Section 8.05 and the other Sections of this Indenture referred to in (a) and (b) below, and to have satisfied all their other obligations under such Notes and this Indenture (and the Trustee, on demand of and at the expense of the Issuers, shall execute proper instruments acknowledging the same), except for the following provisions which shall survive until otherwise terminated or discharged hereunder:

(a) the rights of Holders of outstanding Notes to receive payments in respect of the principal of, premium, if any, and interest on such Notes when such payments are due from the trust referred to below;

(b) the Issuers' obligations with respect to the Notes concerning issuing temporary Notes, registration of Notes, mutilated, destroyed, lost or stolen Notes and the maintenance of an office or agency for payment and money for security payments held in trust;

(c) the rights, powers, trusts, duties and immunities of the Trustee, and the Issuers' and the Guarantor's obligations in connection therewith; and

(d) the Legal Defeasance provisions of this Indenture;

Subject to compliance with this Article 8, the Issuers may exercise their option under this Section 8.02 notwithstanding the prior exercise of their option under Section 8.03.

Section 8.03. Covenant Defeasance.

Upon the Issuers' exercise under Section 8.01 of the option applicable to this Section 8.03, the Issuers and the Guarantor shall, subject to the satisfaction of the conditions set forth in Section 8.04, be released from their obligations under the covenants contained in Article 5 and Sections 4.03, 4.07, 4.08, 4.09, 4.10, 4.11, 4.12, 4.13, 4.14, 4.16, 4.17 and 4.19 with respect to the outstanding Notes and Guarantees thereof on and after the date the conditions set forth in Section 8.04 are satisfied (hereinafter, "Covenant Defeasance"), and the Notes and Guarantees thereof shall thereafter be deemed not "outstanding" for the purposes of any direction, waiver, consent or declaration or act of Holders (and the consequences of any thereof) in connection with such covenants, but shall continue to be deemed

"outstanding" for all other purposes hereunder (it being understood that such Notes shall not be deemed outstanding for accounting purposes). For this purpose, Covenant Defeasance means that, with respect to the outstanding Notes, the Issuers and the Guarantor may omit to comply with and shall have no liability in respect of any term, condition or limitation set forth in any such covenant, whether directly or indirectly, by reason of any reference elsewhere herein to any such covenant or by reason of any reference in any such covenant to any other provision herein or in any other document and such omission to comply shall not constitute a Default or an Event of Default under Section 6.01, but, except as specified above, the remainder of this Indenture and such Notes and the Guarantees thereof shall be unaffected thereby. In addition, upon the Issuers' exercise under Section 8.01 of the option applicable to this Section 8.03, subject to the satisfaction of the conditions set forth in Section 8.04, Sections 6.01(c) through 6.01(f) shall not constitute Events of Default.

Section 8.04. Conditions to Legal or Covenant Defeasance.

The following shall be the conditions to the application of either Section 8.02 or 8.03 to the outstanding Notes:

In order to exercise either Legal Defeasance or Covenant Defeasance:

(1) the Company must irrevocably deposit with the Trustee, in trust, for the benefit of the Holders of the Notes, cash in U.S. dollars, non-callable Government Securities, or a combination thereof, in such amounts as will be sufficient, in the opinion of a nationally recognized firm of independent public accountants, to pay the principal of, premium, if any, and interest on the outstanding Notes on the stated maturity or on the applicable redemption date, as the case may be, and the Company must specify whether the Notes are being defeased to maturity or to a particular redemption date;

(2) in the case of Legal Defeasance, the Company shall have delivered to the Trustee an Opinion of Counsel reasonably acceptable to the Trustee confirming that (a) the Company has received from, or there has been published by, the Internal Revenue Service a ruling or (b) since the date of this Indenture, there has been a change in the applicable federal income tax law, in either case to the effect that, and based thereon such opinion of counsel shall confirm that, the Holders of the outstanding Notes will not recognize income, gain or loss for federal income tax purposes as a result of such Legal Defeasance and will be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Legal Defeasance had not occurred;

(3) in the case of Covenant Defeasance, the Company shall have delivered to the Trustee an Opinion of Counsel reasonably acceptable to the Trustee confirming that the Holders of the outstanding Notes will not recognize income, gain or loss for federal income tax purposes as a result of such Covenant Defeasance and will be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Covenant Defeasance had not occurred;

(4) no Default or Event of Default shall have occurred and be continuing either: (a) on the date of such deposit (other than a Default or Event of Default resulting from the borrowing of funds to be applied to such deposit); or (b) or insofar as Events of Default from bankruptcy or insolvency events are concerned, at any time in the period ending on the 91st day after the date of deposit;

(5) such Legal Defeasance or Covenant Defeasance will not result in a breach or violation of, or constitute a default under any material agreement or instrument (other than this Indenture) to which the Company or any of the Restricted Subsidiaries is a party or by which the Company or any of the Restricted Subsidiaries is bound;

(6) the Company must have delivered to the applicable Trustee an opinion of counsel to the effect that after the 91st day assuming no intervening bankruptcy, that no Holder is an insider of either of the Issuers following the deposit and that such deposit would not be deemed by a court of competent jurisdiction a transfer for the benefit of the Guarantor or either co-Issuer in its capacity as such, the trust funds will not be subject to the effect of any applicable bankruptcy, insolvency, reorganization or similar laws affecting creditors' rights generally;

(7) the Company must deliver to the Trustee an Officers' Certificate stating that the deposit was not made by the Company with the intent of preferring the Holders of Notes over the other creditors of the Company with the intent of defeating, hindering, delaying or defrauding creditors of the Company or others; and

(8) the Company must deliver to the Trustee an Officers' Certificate and an opinion of counsel, each stating that all conditions precedent relating to the Legal Defeasance or the Covenant Defeasance have been complied with.

Notwithstanding the foregoing, the opinion of counsel required by clause (2) above with respect to a Legal Defeasance need not be delivered if all Notes not theretofore delivered to the Trustee for cancellation (i) have become due and payable or (ii) will become due and payable on the maturity date within one year, by their terms or under arrangements satisfactory to the Trustee for the giving of notice of redemption by the Trustee in the name, and at the expense, of the Issuers.

Section 8.05. Deposited Money and Government Securities to Be Held in Trust; Other Miscellaneous Provisions.

Subject to Section 8.06, all money and non-callable Government Securities (including the proceeds thereof) deposited with the Trustee (or other qualifying trustee, collectively for purposes of this Section 8.05, the "Trustee") pursuant to Section 8.04 in respect of the outstanding Notes shall be held in trust and applied by the Trustee, in accordance with the provisions of such Notes and this Indenture, to the payment, either directly or through any Paying Agent (including the Issuers acting as Paying Agent) as the Trustee may determine, to the Holders of such Notes of all sums due and to become due thereon in respect of principal, premium, if any, and interest, but such money need not be segregated from other funds except to the extent required by law.

The Issuers and the Guarantor shall pay and indemnify the Trustee against any tax, fee or other charge imposed on or assessed against the cash or non-callable Government Securities deposited pursuant to Section 8.04 or the principal and interest received in respect thereof other than any such tax, fee or other charge which by law is for the account of the Holders of the outstanding Notes.

Anything in this Article 8 to the contrary notwithstanding, the Trustee shall deliver or pay to the Issuers from time to time upon the request of the Issuers any money or non-callable Government Securities held by it as provided in Section 8.04 which, in the opinion of a nationally recognized firm of independent public accountants expressed in a written certification thereof delivered to the Trustee (which may be the opinion delivered under Section 8.04(a)), are in excess of the amount thereof that

would then be required to be deposited to effect an equivalent Legal Defeasance or Covenant Defeasance.

Section 8.06. Repayment to Issuers.

Any money deposited with the Trustee or any Paying Agent, or then held by the Issuers, in trust for the payment of the principal of, premium, if any, or interest on any Note and remaining unclaimed for two years after such principal, and premium, if any, or interest has become due and payable shall be paid to the Issuers on their request or (if then held by the Issuers) shall be discharged from such trust; and the Holder of such Note shall thereafter look only to the Issuers for payment thereof, and all liability of the Trustee or such Paying Agent with respect to such trust money, and all liability of the Issuers as trustee thereof, shall thereupon cease; provided, however, that the Trustee or such Paying Agent, before being required to make any such repayment, may at the expense of the Issuers cause to be published once, in the New York Times and The Wall Street Journal (national edition), notice that such money remains unclaimed and that, after a date specified therein, which shall not be less than 30 days from the date of such notification or publication, any unclaimed balance of such money then remaining shall be repaid to the Issuers.

Section 8.07. Reinstatement.

If the Trustee or Paying Agent is unable to apply any United States dollars or non-callable Government Securities in accordance with Section 8.02 or 8.03, as the case may be, by reason of any order or judgment of any court or governmental authority enjoining, restraining or otherwise prohibiting such application, then the Issuers' and the Guarantor's obligations under this Indenture, the Notes and the Guarantee, as the case may be, shall be revived and reinstated as though no deposit had occurred pursuant to Section 8.02 or 8.03 until such time as the Trustee or Paying Agent is permitted to apply all such money in accordance with Section 8.02 or 8.03, as the case may be; provided, however, that, if the Issuers make any payment of principal of, premium, if any, or interest on any Note following the reinstatement of their obligations, the Issuers or the Guarantor, as the case may be, shall be subrogated to the rights of the Holders of such Notes to receive such payment from the money held by the Trustee or Paying Agent.

ARTICLE 9
AMENDMENT, SUPPLEMENT AND WAIVER

Section 9.01. Without Consent of Holders of Notes.

Notwithstanding Section 9.02 of this Indenture, the Issuers, the Guarantor and the Trustee may amend or supplement this Indenture or the Notes without the consent of any Holder of a Note:

(a) to cure any ambiguity, defect or inconsistency;

(b) to provide for uncertificated Notes in addition to or in place of certificated Notes;

(c) to provide for the assumption of an Issuer's or the Guarantor's obligations, as the case may be, to Holders of Notes in the case of a merger or consolidation or sale of all or substantially all of the assets of either Issuer or the Guarantor, as the case may be, pursuant to Article 5;

(d) to make any change that would provide any additional rights or benefits to the Holders of Notes or that does not adversely affect the legal rights under this Indenture of any such Holder; or

(e) to comply with requirements of the SEC in order to effect or maintain the qualification of this Indenture under the TIA or otherwise as necessary to comply with applicable law.

Upon the request of the Issuers accompanied by a resolution of their respective Boards of Directors authorizing the execution of any such amended or supplemental Indenture, and upon receipt by the Trustee of the documents described in Section 7.02, the Trustee shall join with the Issuers and the Guarantor in the execution of any amended or supplemental Indenture authorized or permitted by the terms of this Indenture and to make any further appropriate agreements and stipulations that may be therein contained, but the Trustee shall not be obligated to enter into such amended or supplemental Indenture that affects its own rights, duties or immunities under this Indenture or otherwise.

Section 9.02. With Consent of Holders of Notes.

Except as provided below in this Section 9.02, this Indenture (including Sections 4.11 and 4.16) or the Notes may be amended or supplemented with the consent of the Holders of at least a majority in principal amount of the Notes then outstanding (including, without limitation, consents obtained in connection with a purchase of, or a tender offer or exchange offer for, Notes) and, subject to Sections 6.04 and 6.07, any existing Default or compliance with any provision of this Indenture or the Notes may be waived with the consent of the Holders of a majority in principal amount of the Notes then outstanding (including, without limitation, consents obtained in connection with a purchase of, or a tender offer or exchange offer for, Notes). Section 2.08 shall determine which Notes are considered to be "outstanding" for purposes of this Section 9.02.

Upon the request of the Issuers accompanied by a resolution of their respective Boards of Directors authorizing the execution of any such amended or supplemental Indenture, and upon the filing with the Trustee of evidence satisfactory to the Trustee of the consent of the Holders of Notes as aforesaid, and upon receipt by the Trustee of the documents described in Section 7.02, the Trustee shall join with the Issuers and the Guarantor in the execution of such amended or supplemental Indenture unless such amended or supplemental Indenture directly affects the Trustee's own rights, duties or immunities under this Indenture or otherwise, in which case the Trustee may in its discretion, but shall not be obligated to, enter into such amended or supplemental Indenture.

It shall not be necessary for the consent of the Holders of Notes under this Section 9.02 to approve the particular form of any proposed amendment or waiver, but it shall be sufficient if such consent approves the substance thereof.

After an amendment, supplement or waiver under this Section 9.02 becomes effective, the Company shall mail to the Holders of Notes affected thereby a notice briefly describing the amendment, supplement or waiver. Any failure of the Company to mail such notice, or any defect therein, shall not, however, in any way impair or affect the validity of any such amended or supplemental Indenture or waiver. Subject to Sections 6.04 and 6.07, the Holders of a majority in aggregate principal amount of the Notes then outstanding may waive compliance in a particular instance by the Issuers with any provision of this Indenture or the Notes. However, without the consent of each Holder affected, an amendment, supplement or waiver under this Section 9.02 may not (with respect to any Notes held by a non-consenting Holder):

(a) reduce the principal amount of Notes whose Holders must consent to an amendment, supplement or waiver;

(b) reduce the principal of or change the fixed maturity of any Note or alter the payment provisions with respect to the redemption of the Notes (other than provisions relating to Sections 4.11 and 4.16);

(c) reduce the rate of or extend the time for payment of interest on any Note;

(d) waive a Default or Event of Default in the payment of principal of or premium, if any, or interest on the Notes (except a rescission of acceleration of the Notes by the Holders of at least a majority in aggregate principal amount of the Notes and a waiver of the payment default that resulted from such acceleration);

(e) make any Note payable in money other than that stated in the Notes;

(f) make any change in the provisions of this Indenture relating to waivers of past Defaults or the rights of Holders of Notes to receive payments of principal of or premium, if any, or interest on the Notes;

(g) waive a redemption payment with respect to any Note (other than a payment required by one of the covenants described in Sections 4.11 and 4.16);

(h) amend any provision or release the Guarantee of the Guarantor except pursuant to the Marcus Combination; or

(i) make any change in this Section 9.02.

Section 9.03. Compliance with Trust Indenture Act.

Every amendment or supplement to this Indenture or the Notes shall be set forth in a amended or supplemental Indenture that complies with the TIA as then in effect.

Section 9.04. Revocation and Effect of Consents.

Until an amendment, supplement or waiver becomes effective, a consent to it by a Holder of a Note is a continuing consent by the Holder of a Note and every subsequent Holder of a Note or portion of a Note that evidences the same debt as the consenting Holder's Note, even if notation of the consent is not made on any Note. However, any such Holder of a Note or subsequent Holder of a Note may revoke the consent as to its Note if the Trustee receives written notice of revocation before the date the waiver, supplement or amendment becomes effective. An amendment, supplement or waiver becomes effective in accordance with its terms and thereafter binds every Holder.

Section 9.05. Notation on or Exchange of Notes.

The Trustee may place an appropriate notation about an amendment, supplement or waiver on any Note thereafter authenticated. The Issuers in exchange for all Notes may issue and the Trustee shall, upon receipt of an Authentication Order, authenticate new Notes that reflect the amendment, supplement or waiver.

Failure to make the appropriate notation or issue a new Note shall not affect the validity and effect of such amendment, supplement or waiver.

Section 9.06. Trustee to Sign Amendments, etc.

The Trustee shall sign any amended or supplemental Indenture authorized pursuant to this Article 9 if the amendment or supplement does not adversely affect the rights, duties, liabilities or immunities of the Trustee. The Issuers and the Guarantor may not sign an amendment or supplemental Indenture until their respective Boards of Directors approve it. In executing any amended or supplemental indenture, the Trustee shall be entitled to receive and (subject to Section 7.01) shall be fully protected in relying upon, in addition to the documents required by Section 12.04, an Officer's Certificate and an Opinion of Counsel, in each case from each of the Issuers, stating that the execution of such amended or supplemental indenture is authorized or permitted by this Indenture.

ARTICLE 10
GUARANTEE OF NOTES

Section 10.01. Unconditional Guarantee.

Subject to the provisions of this Article Ten, the Guarantor hereby unconditionally and irrevocably guarantees, on a senior basis to each Holder of a Note authenticated and delivered by the Trustee and to the Trustee and its successors and assigns, irrespective of the validity and enforceability of this Indenture, the Notes or the obligations of the Issuers to the Holders or the Trustee hereunder or thereunder, that: (a) the principal of, premium, if any, and interest on the Notes (and any Special Interest payable thereon) shall be duly and punctually paid in full when due, whether at maturity, upon redemption at the option of Holders pursuant to the provisions of the Notes relating thereto, by acceleration or otherwise, and interest on the overdue principal and (to the extent permitted by law) interest, if any, on the Notes and all other obligations of the Issuers to the Holders or the Trustee hereunder or thereunder (including amounts due the Trustee under Section 7.07) and all other obligations shall be promptly paid in full or performed, all in accordance with the terms hereof and thereof; and (b) in case of any extension of time of payment or renewal of any Notes or any of such other obligations, the same shall be promptly paid in full when due or performed in accordance with the terms of the extension or renewal, whether at maturity, by acceleration or otherwise. Failing payment when due of any amount so guaranteed, or failing performance of any other obligation of the Issuers to the Holders under this Indenture or under the Notes, for whatever reason, the Guarantor shall be obligated to pay, or to perform or cause the performance of, the same immediately. An Event of Default under this Indenture or the Notes shall constitute an event of default under this Guarantee, and shall entitle the Holders of Notes to accelerate the obligations of the Guarantor hereunder in the same manner and to the same extent as the obligations of the Issuers.

The Guarantor hereby agrees that its obligations hereunder shall be unconditional, irrespective of the validity, regularity or enforceability of the Notes or this Indenture, the absence of any action to enforce the same, any waiver or consent by any Holder of the Notes with respect to any provisions hereof or thereof, the recovery of any judgment against the Issuers, any action to enforce the same, whether or not this Guarantee is affixed to any particular Note, or any other circumstance which might otherwise constitute a legal or equitable discharge or defense of the Guarantor. The Guarantor hereby waives the benefit of diligence, presentment, demand of payment, filing of claims with a court in the event of insolvency or bankruptcy of either Issuer, any right to require a proceeding first against either Issuer, protest, notice and all demands whatsoever and covenants that its Guarantee shall not be discharged

except by complete performance of the obligations contained in the Notes, this Indenture and this Guarantee or except as otherwise permitted by this Indenture. This Guarantee is a guarantee of payment and not of collection. If any Holder or the Trustee is required by any court or otherwise to return to either Issuer or to the Guarantor, or any custodian, trustee, liquidator or other similar official acting in relation to either Issuer or the Guarantor, any amount paid by either Issuer or the Guarantor to the Trustee or such Holder, this Guarantee, to the extent theretofore discharged, shall be reinstated in full force and effect. The Guarantor further agrees that, as between it, on the one hand, and the Holders of Notes and the Trustee, on the other hand, (a) subject to this Article Ten, the maturity of the obligations guaranteed hereby may be accelerated as provided in Article Six for the purposes of this Guarantee, notwithstanding any stay, injunction or other prohibition preventing such acceleration in respect of the obligations guaranteed hereby, and (b) in the event of any acceleration of such obligations as provided in Article Six, such obligations (whether or not due and payable) shall forthwith become due and payable by the Guarantor for the purpose of this Guarantee.

No stockholder, member, officer, director, employee or incorporator, past, present or future, of the Guarantor , as such, shall have any personal liability under this Guarantee by reason of his, her or its status as such stockholder, officer, director, employee or incorporator.

Section 10.02. Limitations on this Guarantee.

The obligations of the Guarantor under its Guarantee are limited to the maximum amount which, after giving effect to all other contingent and fixed liabilities of the Guarantor will result in the obligations of the Guarantor under the Guarantee not constituting a fraudulent conveyance or fraudulent transfer under any laws of the United States, any state of the United States or the District of Columbia.

Section 10.03. Execution and Delivery of this Guarantee.

To further evidence the Guarantee set forth in Section 10.01, the Guarantor hereby agrees that a notation of such Guarantee, substantially in the form of Exhibit F, shall be endorsed on each Note authenticated and delivered by the Trustee. Such Guarantee shall be executed on behalf of the Guarantor by either manual or facsimile signature of two Officers of the Guarantor, each of whom, in each case, shall have been duly authorized to so execute by all requisite corporate action. The validity and enforceability of the Guarantee set forth in Section 10.01 shall not be affected by the fact that it is not affixed to any particular Note. The Guarantor hereby agrees that its Guarantee set forth in Section 10.01 shall remain in full force and effect notwithstanding any failure to endorse on each Note a notation of such Guarantee.

If an Officer of the Guarantor whose signature is on this Indenture or a Guarantee no longer holds that office at the time the Trustee authenticates the Note on which such Guarantee is endorsed or at any time thereafter, the Guarantor's Guarantee of such Note shall be valid nevertheless.

The delivery of any Note by the Trustee, after the authentication thereof hereunder, shall constitute due delivery of any Guarantee set forth in this Indenture on behalf of the Guarantor.

Section 10.04. Release of Guarantor.

(a) Upon the consummation of the Marcus Combination, the Guarantor's Guarantee shall be released, and the Guarantor shall be deemed released from all obligations under this Article Ten and this Indenture without any further action required on the part of the Guarantor, the Trustee or any Holder. If the Marcus Combination is not consummated, the Guarantor will not be so released and the Guarantor or

any entity surviving the Guarantor, as applicable, shall remain or be liable under its Guarantee as provided in this Article Ten.

(b) The Trustee shall deliver an appropriate instrument evidencing the release of the Guarantor upon receipt of a request by the Company or the Guarantor accompanied by an Officers' Certificate and an Opinion of Counsel certifying as to the compliance with this Section 10.04; provided the legal counsel delivering such Opinion of Counsel may rely as to matters of fact on one or more Officers Certificates of the Company or the Guarantor.

The Trustee shall execute any documents reasonably requested by the Company or the Guarantor in order to evidence the release of the Guarantor from its obligations under its Guarantee endorsed on the Notes, under this Article Ten and under this Indenture.

Section 10.05. Waiver of Subrogation.

Until this Indenture is discharged and all of the Notes are discharged and paid in full, the Guarantor hereby irrevocably waives and agrees not to exercise any claim or other rights which it may now or hereafter acquire against either Issuer that arise from the existence, payment, performance or enforcement of the Issuers' obligations under the Notes or this Indenture and the Guarantor's obligations under this Guarantee and this Indenture, in any such instance including, without limitation, any right of subrogation, reimbursement, exoneration, contribution, indemnification, and any right to participate in any claim or remedy of the Holders against either Issuer, whether or not such claim, remedy or right arises in equity, or under contract, statute or common law, including, without limitation, the right to take or receive from either Issuer, directly or indirectly, in cash or other property or by set-off or in any other manner, payment or security on account of such claim or other rights. If any amount shall be paid to the Guarantor in violation of the preceding sentence and any amounts owing to the Trustee or the Holders of Notes under the Notes, this Indenture, or any other document or instrument delivered under or in connection with such agreements or instruments, shall not have been paid in full, such amount shall have been deemed to have been paid to the Guarantor for the benefit of, and held in trust for the benefit of, the Trustee or the Holders and shall forthwith be paid to the Trustee for the benefit of itself or such Holders to be credited and applied to the obligations in favor of the Trustee or the Holders, as the case may be, whether matured or unmatured, in accordance with the terms of this Indenture. The Guarantor acknowledges that it will receive direct and indirect benefits from the financing arrangements contemplated by this Indenture and that the waiver set forth in this Section 10.05 is knowingly made in contemplation of such benefits.

Section 10.06. Immediate Payment.

The Guarantor agrees to make immediate payment to the Trustee on behalf of the Holders of all obligations under the Notes and this Indenture owing or payable to the respective Holders upon receipt of a demand for payment therefor by the Trustee to such Guarantor in writing.

Section 10.07. Obligations Continuing.

The obligations of the Guarantor hereunder shall be continuing and shall remain in full force and effect until all the obligations have been paid and satisfied in full. The Guarantor agrees with the Trustee that it will from time to time deliver to the Trustee suitable acknowledgments of this continued liability hereunder.

Section 10.08. Obligations Reinstated.

The obligations of the Guarantor hereunder shall continue to be effective or shall be reinstated, as the case may be, if at any time any payment which would otherwise have reduced the obligations of the Guarantor hereunder (whether such payment shall have been made by or on behalf of either Issuer or by or on behalf of the Guarantor) is rescinded or reclaimed from any of the Holders upon the insolvency, bankruptcy, liquidation or reorganization of either Issuer or the Guarantor or otherwise, all as though such payment had not been made. If demand for, or acceleration of the time for, payment by either Issuer is stayed upon the insolvency, bankruptcy, liquidation or reorganization of either Issuer, all such Indebtedness otherwise subject to demand for payment or acceleration shall nonetheless be payable by the Guarantor as provided herein.

Section 10.09. Obligations Not Affected.

The obligations of the Guarantor hereunder shall not be affected, impaired or diminished in any way by any act, omission, matter or thing whatsoever, occurring before, upon or after any demand for payment hereunder (and whether or not known or consented to by the Guarantor or any of the Holders) which, but for this provision, might constitute a whole or partial defense to a claim against the Guarantor hereunder or might operate to release or otherwise exonerate the Guarantor from any of its obligations hereunder or otherwise affect such obligations, whether occasioned by default of any of the Holders or otherwise.

Section 10.10. Waiver.

Without in any way limiting the provisions of Section 10.01 hereof, the Guarantor hereby waives notice or proof of reliance by the Holders upon the obligations of the Guarantor hereunder, and diligence, presentment, demand for payment on the Issuers, protest or notice of dishonor of any of the obligations under the Note and this Indenture, or other notice or formalities to the Issuers of any kind whatsoever.

Section 10.11. No Obligation To Take Action Against Either Issuer.

Neither the Trustee nor any other Person shall have any obligation to enforce or exhaust any rights or remedies or to take any other steps under any security for the obligations under the Notes and this Indenture or against either Issuer or any other Person or any property of either Issuer or any other Person before the Trustee is entitled to demand payment and performance by the Guarantor of its liabilities and obligations under its Guarantees or under this Indenture.

Section 10.12. Dealing With The Company and Others.

The Holders, without releasing, discharging, limiting or otherwise affecting in whole or in part the obligations and liabilities of the Guarantor hereunder and without the consent of or notice to the Guarantor, may

(a) grant time, renewals, extensions, compromises, concessions, waivers, releases, discharges and other indulgences to either Issuer or any other Person;

(b) take or abstain from taking security or collateral from the Issuers or from perfecting security or collateral of the Issuers;

(c) release, discharge, compromise, realize, enforce or otherwise deal with or do any act or thing in respect of (with or without consideration) any and all collateral, mortgages or other security given by the Issuers or any third party with respect to the obligations or matters contemplated by this Indenture or the Notes;

(d) accept compromises or arrangements from either Issuer;

(e) apply all monies at any time received from either Issuer or from any security upon such part of the obligations under the Notes or this Indenture as the Holders may see fit or change any such application in whole or in part from time to time as the Holders may see fit; and

(f) otherwise deal with, or waive or modify their right to deal with, either Issuer and all other Persons and any security as the Holders or the Trustee may see fit.

Section 10.13. Default and Enforcement.

If the Guarantor fails to pay in accordance with Section 10.06, the Trustee may proceed in its name as trustee hereunder in the enforcement of the Guarantee of the Guarantor and the Guarantor's obligations thereunder and hereunder by any remedy provided by law, whether by legal proceedings or otherwise, and to recover from the Guarantor the obligations.

Section 10.14. Amendment, Etc.

No amendment, modification or waiver of any provision of this Indenture relating to the Guarantor or consent to any departure by the Guarantor or any other Person from any such provision will in any event be effective unless it is signed by the Guarantor, the Issuers and the Trustee.

Section 10.15. Acknowledgement.

The Guarantor hereby acknowledges communication of the terms of this Indenture and the Notes and consents to and approves of the same.

Section 10.16. Costs and Expenses.

The Guarantor shall pay on demand by the Trustee any and all costs, fees and expenses (including, without limitation, legal fees on a solicitor and client basis) incurred by the Trustee, its agents, advisors and counsel or any of the Holders in enforcing any of their rights under the Guarantee.

Section 10.17. No Waiver; Cumulative Remedies.

No failure to exercise and no delay in exercising, on the part of the Trustee or the Holders, any right, remedy, power or privilege hereunder or under this Indenture or the Notes, shall operate as a waiver thereof; nor shall any single or partial exercise of any right, remedy, power or privilege hereunder or under this Indenture or the Notes preclude any other or further exercise thereof or the exercise of any other right, remedy, power or privilege. The rights, remedies, powers and privileges in the Guarantee and under this Indenture, the Notes and any other document or instrument between the Guarantor and/or the Issuers and the Trustee are cumulative and not exclusive of any rights, remedies, powers and privilege provided by law.

Section 10.18. Effect of Offset or Counterclaim.

The obligations of the Guarantor hereunder shall be enforceable against the Guarantor without regard to and without giving effect to any right of offset or counterclaim available to or which may be asserted by the Company or the Guarantor.

Section 10.19. Guarantee in Addition to Other Obligations.

The obligations of the Guarantor under its Guarantee and this Indenture are in addition to and not in substitution for any other obligations to the Trustee or to any of the Holders in relation to this Indenture or the Notes (including the Purchase Agreement and the Registration Rights Agreement).

Section 10.20. Severability.

Any provision of this Article Ten which is prohibited or unenforceable in any jurisdiction shall not invalidate the remaining provisions and any such prohibition or unenforceability in any jurisdiction shall not invalidate or render unenforceable such provision in any other jurisdiction unless its removal would substantially defeat the basic intent, spirit and purpose of this Indenture and this Article Ten.

Section 10.21. Successors and Assigns.

Each Guarantee shall be binding upon and inure to the benefit of the Guarantor, the Issuers, the Trustee and the Holders and their respective successors and permitted assigns, except that the Guarantor may not assign any of its obligations hereunder or thereunder.

ARTICLE 11
SECURITY

Section 11.01. Security.

In order to secure the due and punctual payment of the principal of, premium, if any, and interest, and Special Interest, if any, on the Notes when and as the same shall be due and payable, whether on an interest payment date, at maturity, by acceleration, call for redemption or otherwise, and interest on the overdue principal and interest, if any, of the Notes and performance of all other obligations of the Issuers, to the Holders or the Trustee under this Indenture and the Notes, according to the terms hereof or thereof, the Company will make an assignment of its right, title and interest in and to the Collateral to the Trustee pursuant to the Pledge Documents and to the extent therein provided, no later than the date of the first issuance of the Notes hereunder. At the time the Pledge Documents are executed, the Company will have full right, power and lawful authority to grant, bargain, sell, release, convey, hypothecate, assign, mortgage, transfer and confirm, absolutely, the property constituting the Collateral in the manner and form done, or intended to be done, in the Pledge Documents, free and clear of all Liens whatsoever, except to the extent otherwise provided therein, and (a) will for so long as any Notes are outstanding, warrant and defend the title to the same against the claims of all Persons whatsoever, (b) will execute, acknowledge and deliver to the Trustee such further assignments, transfers, assurances or other instruments as the Trustee may require or request and (c) will do or cause to be done all such acts and things as may be necessary or proper, or as may be required by the Trustee, to assure and confirm to the Trustee the security interest in the Collateral contemplated hereby and by the Pledge Documents, or any part thereof, as from time to time constituted, so as to render the same available for the security and benefit of this Indenture and of the Notes secured hereby, according to the intent and

purposes herein expressed. The Pledge Documents will create a direct and valid Lien on the property constituting the Collateral as set forth in the Pledge Documents.

Section 11.02. Recording and Opinions.

The Company will cause, at its own expense, the Pledge Documents, this Indenture and all amendments or supplements thereto and UCC-1 financing statements and other applicable documents relating thereto to be registered, recorded and filed or re-recorded, refiled and renewed in such manner and in such place or places if any, as may be required by law in order fully to preserve and protect the Liens created by the Pledge Documents on all parts of the Collateral and to effectuate and preserve the security of the Holders and all rights of the Trustee.

The Company shall furnish to the Trustee:

(a) promptly after the execution and delivery of the Pledge Documents, an Opinion of Counsel either (a) stating that, in the opinion of such counsel, this Indenture and the assignment of the Collateral intended to be made by the Pledge Documents and all other instruments of further assurance or amendment have been properly recorded, registered and filed to the extent necessary to make effective the Lien intended to be created by the Pledge Documents, and reciting the details of such action or referring to prior opinions of counsel in which such details are given, and stating that as to the Pledge Documents such recordings, registering and filings are sufficient to give notice thereof and that no re-recordings, re-registerings or refilings are necessary to maintain such notice, and further stating that all financing statements and continuation statements have been executed and filed that are necessary fully to preserve and protect the rights of the Holders and the Trustee hereunder and under the Pledge Documents, or (b) stating that, in the opinion of such counsel, no such action is necessary to make such Lien and assignment effective; and

(b) within 30 days after April 1 in each year beginning with April 1, 2000, an Opinion of Counsel, dated as of such date, either (a) stating that, in the opinion of such counsel, such action has been taken with respect to the recording, registering, filing, re-recording, re-registering and refiling of all supplemental indentures, financing statements, continuation statements or other instruments of further assurance as is necessary to maintain the Lien of the Pledge Documents and reciting the details of such action or referring to prior opinions of counsel in which such details are given, and stating that all financing statements and continuation statements have been executed and filed that are necessary fully to preserve and protect the rights of the Holders and the Trustee hereunder and under the Pledge Documents, or (b) stating that, in the opinion of such counsel, no such action is necessary to maintain such lien and assignment.

Section 11.03. Release of Collateral.

Upon the consummation of the Marcus Combination, the security interest in the Collateral in favor of the Trustee for the benefit of the Holders will be immediately released.

To the extent applicable, the Company shall cause TIA ss. 314(d) relating the release of property from the Lien of the Pledge Documents to be complied with. Any certificate or opinion required by TIA ss. 314(d) may be made by an officer of the Company, except in cases in which TIA ss. 314(d) requires that such certificate or opinion be made by an independent Person.

Section 11.04. Authorization of Actions To Be Taken by the Trustee.

Subject to the provisions of the Pledge Documents, the Trustee shall have power to institute and to maintain such suits and proceedings as it may deem expedient to prevent any impairment of the Collateral by any acts which may be unlawful or in violation of the Pledge Documents, or this Indenture, and such suits and proceedings as the Trustee may deem expedient to preserve or protect its interests and the interests of the Holders in the Collateral (including power to institute and maintain suits or proceedings to restrain the enforcement of or compliance with any legislative or governmental enactment, rule, or order that may be unconstitutional or otherwise invalid if the enforcement of, or compliance with, such enactment, rule or order would impair the security hereunder or be prejudicial to the interest of the Trustee).

(1) This paragraph should be included only if the Notes is issued in global form.

(2) This paragraph should be removed upon the exchange of Notes for Exchange in the Exchange Offer or upon the registration of the Notes pursuant to the terms of the Registration Rights Agreements.

Capitalized terms used herein shall have the meanings assigned to them in the Indenture referred to below unless otherwise indicated.

1. INTEREST. Charter Communications Holdings, LLC, a Delaware limited liability company (the "Company"), and Charter Communications Holdings Capital Corporation, a Delaware corporation ("Charter Capital" and, together with the Company, the "Issuers"), promise to pay interest on the principal amount of this Note at the rate of 8.25% per annum from March 17, 1999 until maturity. The interest rate on the Notes is subject to increase pursuant to the provisions of the Registration Rights Agreement. The Issuers will pay interest semi-annually in arrears on April 1 and October 1 of each year (each an "Interest Payment Date"), or if any such day is not a Business Day, on the next succeeding Business Day. Interest on the Notes will accrue from the most recent date to which interest has been paid or, if no interest has been paid, from the date of issuance; provided that if there is no existing Default in the payment of interest, and if this Note is authenticated between a record date referred to on the face and the next succeeding Interest Payment Date, interest shall accrue from such next succeeding Interest Payment Date; provided, further, that the first Interest Payment Date shall be October 1, 1999. The Issuers shall pay interest (including post-petition interest in any proceeding under any Bankruptcy Law) on overdue principal and premium, if any, from time to time on demand at a rate that is 1% per annum in excess of the rate then in effect; they shall pay interest (including post-petition interest in any proceeding under any Bankruptcy Law) on overdue installments of interest (without regard to any applicable grace periods) from time to time on demand at the same rate to the extent lawful. Interest will be computed on the basis of a 360-day year of twelve 30-day months.

2. METHOD OF PAYMENT. The Issuers shall pay interest on the Notes (except defaulted interest) to the Persons who are registered Holders of Notes at the close of business on the March 15 or September 15 next preceding the Interest Payment Date, even if such Notes are canceled after such record date and on or before such Interest Payment Date, except as provided in Section 2.12 of the Indenture with respect to defaulted interest. The Notes will be payable as to principal, premium, if any, and interest at the office or agency of the Issuers maintained for such purpose within or without the City and State of New York, or, at the option of the Issuers, payment of interest may be made by check mailed to the Holders at their addresses set forth in the register of Holders, and provided that payment by wire transfer of immediately available funds will be required with respect to principal of and interest and premium on all Global Notes and all other Notes the Holders of which shall have provided wire transfer instructions to the Issuers or the Paying Agent. Such payment shall be in such coin or currency of the United States of America as at the time of payment is legal tender for payment of public and private debts.

3. PAYING AGENT AND REGISTRAR. Initially, Harris Trust and Savings Bank, the Trustee under the Indenture, will act as Paying Agent and Registrar. The Issuers may change any Paying Agent or Registrar without notice to any Holder. The Company or any of its Subsidiaries may act in any such capacity.

4. INDENTURE. The Issuers issued the Notes under an Indenture dated as of March 17, 1999 ("Indenture") between the Issuers, Marcus Cable Holdings, LLC (the "Guarantor") and the Trustee. The terms of the Notes include those stated in the Indenture and those made part of the Indenture by reference to the Trust Indenture Act of 1939, as amended (15 U.S. Code ss.ss. 77aaa-77bbbb). The Notes are subject to all such terms, and Holders are referred to the Indenture and such Act for a statement of such terms. To the extent any provision of this Note conflicts with the express provisions of the Indenture, the provisions of the Indenture shall govern and be controlling. The Notes are obligations of the Issuers limited to $600 million in aggregate principal amount, of which all $600 million in aggregate principal amount of Notes were issued on the Issue Date. The Notes are guaranteed on a senior basis by the Guarantor.

5. OPTIONAL REDEMPTION.

The Notes will not be redeemable at the Issuers' option prior to maturity.

6. MANDATORY REDEMPTION.

Except as otherwise provided in Paragraph 7 below, the Issuers shall not be required to make mandatory redemption payments with respect to the Notes.

7. REPURCHASE AT OPTION OF HOLDER.

(a) If there is a Change of Control, the Issuers shall make an offer (a "Change of Control Offer") to repurchase all or any part (equal to $1,000 or an integral multiple thereof) of each Holder's Notes at a purchase price equal to 101% of the aggregate principal amount thereof plus accrued and unpaid interest thereon, if any, to the date of purchase (the "Change of Control Payment"). Within 10 days following any Change of Control, the Issuers shall mail a notice to each Holder describing the transaction or transactions that constitute the Change of Control and offering to repurchase Notes on the Change of Control Payment Date specified in such notice, pursuant to the procedures required by the Indenture and described in such notice.

(b) If the Company or a Restricted Subsidiary consummates any Asset Sale, when the aggregate amount of Excess Proceeds exceeds $25.0 million, the Issuers shall commence an offer (an "Asset Sale Offer") pursuant to Section 4.11 of the Indenture to all Holders of Notes and all holders of other Indebtedness that is pari passu with the Notes containing provisions requiring offers to purchase or redeem with the proceeds of sales of assets to purchase the maximum principal amount of Notes and such other pari passu Indebtedness that may be purchased out of the Excess Proceeds (which amount includes the entire amount of the Net Proceeds). The offer price in any Asset Sale Offer will be payable in cash and equal to 100% of principal amount plus accrued and unpaid interest, if any, to the date of purchase. If any Excess Proceeds remain after consummation of an Asset Sale Offer, the Company may use such Excess Proceeds for any purpose not otherwise prohibited by the Indenture. If the aggregate principal amount of Notes and such other pari passu Indebtedness tendered into such Asset Sale Offer exceeds the amount of Excess Proceeds, the Trustee shall select the Notes and such other pari passu Indebtedness to be purchased on a pro rata basis. Upon completion of each Asset Sale Offer, the amount of Excess Proceeds shall be reset at zero. Holders of Notes that are the subject of an offer to purchase will receive an Asset Sale Offer from the Company prior to any related purchase date and may elect to have such Notes purchased by completing the form entitled "Option of Holder to Elect Purchase" on the reverse of the Notes.

8. NOTICE OF REDEMPTION. Notice of redemption will be mailed by first class mail at least 30 days but not more than 60 days before the redemption date to each Holder whose Notes are to be redeemed at its registered address. Notices of redemption may not be conditional. No Notes of $1,000 or less may be redeemed in part. Notes in denominations larger than $1,000 may be redeemed in part but only in whole multiples of $1,000, unless all of the Notes held by a Holder are to be redeemed. On and after the redemption date interest ceases to accrue on Notes or portions thereof called for redemption.

9. DENOMINATIONS, TRANSFER, EXCHANGE. The Notes are in registered form without coupons in denominations of $1,000 and integral multiples of $1,000. The transfer of Notes may be registered and Notes may be exchanged as provided in the Indenture. The Registrar and the Trustee may require a Holder, among other things, to furnish appropriate endorsements and transfer documents and the Issuers may require a Holder to pay any taxes and fees required by law or permitted by the Indenture. The Issuers need not exchange or register the transfer of any Note or portion of a Note selected for redemption, except for the unredeemed portion of any Note being redeemed in part. Also, the Issuers

need not exchange or register the transfer of any Notes for a period of 15 days before a selection of Notes to be redeemed or during the period between a record date and the corresponding Interest Payment Date.

10. PERSONS DEEMED OWNERS. The registered Holder of a Note may be treated as its owner for all purposes, other than with respect to the payment of Additional Amounts.

11. AMENDMENT, SUPPLEMENT AND WAIVER. Subject to certain exceptions, the Indenture or the Notes may be amended or supplemented with the consent of the Holders of at least a majority in principal amount of the Notes then outstanding (including, without limitation, consents obtained in connection with a purchase of, or tender offer or exchange offer for, Notes), and any existing default or compliance with any provision of the Indenture or the Notes may be waived with the consent of the Holders of a majority in principal amount of the Notes then outstanding (including, without limitation, consents obtained in connection with a purchase of, or tender offer or exchange offer for, Notes). Without the consent of any Holder of a Note, the Issuers and the Trustee may amend or supplement the Indenture or the Notes to cure any ambiguity, defect or inconsistency, to provide for uncertificated Notes in addition to or in place of certificated Notes, to provide for the assumption of an Issuers' or the Guarantor's obligations, as the case may be, to Holders of Notes in the case of a merger or consolidation or sale of all or substantially all of the assets of either Issuer or the Guarantor, as the case may be, to make any change that would provide any additional rights or benefits to the Holders of Notes or that does not adversely affect the legal rights under the Indenture of any such Holder, or to comply with the requirements of the SEC in order to effect or maintain the qualification of the Indenture under the TIA or otherwise as necessary to comply with applicable law.

12. DEFAULTS AND REMEDIES. Each of the following is an Event of Default: (i) default for 30 days in the payment when due of interest on the Notes, (ii) default in payment when due of the principal of or premium, if any, on the Notes, (iii) failure by the Company or any of its Restricted Subsidiaries, or the Guarantor or any of its Restricted Subsidiaries, to comply with Sections 4.16 and 5.01 of the Indenture, (iv) failure by the Company or any of its Restricted Subsidiaries, or the Guarantor or any of its Restricted Subsidiaries, for 30 days after written notice thereof has been given to the Company by the Trustee or to the Company and the Trustee by the Holders of at least 25% of the aggregate principal amount of the Notes outstanding to comply with any of their other covenants or agreements in the Indenture, (v) default under any mortgage, indenture or instrument under which there may be issued or by which there may be secured or evidenced any Indebtedness for money borrowed by the Company or any of its Restricted Subsidiaries, or by the Guarantor or any of its Restricted Subsidiaries, (or the payment of which is guaranteed by the Company or any of its Restricted Subsidiaries, or by the Guarantor or any of its Restricted Subsidiaries), whether such Indebtedness or guarantee now exists or is created after the date of the Indenture, if that default: (a) is caused by a failure to pay at final stated maturity the principal amount of such Indebtedness prior to the expiration of the grace period provided in such Indebtedness on the date of such default (a "Payment Default"); or (b) results in the acceleration of such Indebtedness prior to its express maturity, and, in each case, the principal amount of any such Indebtedness, together with the principal amount of any other such Indebtedness under which there has been a Payment Default or the maturity of which has been so accelerated, aggregates $100.0 million or more, (vi) failure by the Company or any of its Restricted Subsidiaries, or by the Guarantor or any of its Restricted Subsidiaries, to pay final judgments which are non-appealable aggregating in excess of $100.0 million (net of applicable insurance which has not been denied in writing by the insurer), which judgments are not paid, discharged or stayed for a period of 60 days, (vii) certain events of bankruptcy or insolvency with respect to the Company, the Guarantor or any of their Significant Subsidiaries, (viii) except as permitted by the Indenture, the Guarantee of the Guarantor being held in any judicial proceeding to be unenforceable or invalid or ceasing for any reason to be in full force and effect or is caused by the Guarantor's, or any Person's (such Person acting on behalf of the Guarantor), denial or disaffirmation of its obligations under the Guarantee or (ix) except as

permitted by the Indenture, any of the Pledge Documents cease to be in full force and effect (other than in accordance with their respective terms or the terms of the Indenture), or any of the Pledge Documents cease to give the Trustee or the Company, as the case may be, the Liens purported to be created thereby, or any Pledge Document is declared null and void. In the case of an Event of Default arising from certain events of bankruptcy or insolvency with respect to the Company, all outstanding Notes will become due and payable without further action or notice. If any other Event of Default occurs and is continuing, the Trustee by notice to the Issuers or the Holders of at least 25% in principal amount of the then outstanding Notes by notice to the Issuers and the Trustee may declare all the Notes to be due and payable. Holders may not enforce the Indenture or the Notes except as provided in the Indenture. Subject to certain limitations, Holders of a majority in principal amount of the then outstanding Notes may direct the Trustee in its exercise of any trust or power. The Trustee may withhold from Holders of the Notes notice of any continuing Default or Event of Default (except a Default or Event of Default relating to the payment of principal or interest) if it determines that withholding notice is in their interest. The Holders of a majority in aggregate principal amount of the Notes then outstanding by notice to the Trustee may on behalf of the Holders of all of the Notes waive any existing Default or Event of Default and its consequences under the Indenture except a continuing Default or Event of Default in the payment of interest on, or the principal of, the Notes. The Company is required to deliver to the Trustee annually a statement regarding compliance with the Indenture. 2. Registration Under the Securities Act.

(a) Except as set forth in Section 2(b) below, the Issuers agree to file under the Securities Act, as soon as practicable, but no later than 90 days after the Closing Date, a registration statement relating to an offer to exchange (such registration statement, the "Exchange Offer Registration Statement", and such offer, the "Exchange Offer") any and all of the Notes guaranteed by the Guarantor for a like aggregate principal amount of notes issued by the Issuers and guaranteed by the Guarantor, which notes and guarantee are substantially identical in all material respects to the Notes and Guarantee (and are entitled to the benefits of a trust indenture which has terms identical in all material respects to the Indenture or is the Indenture and which has been qualified under the Trust Indenture Act), except that they have been registered pursuant to an effective registration statement under the Securities Act and do not contain provisions for the additional interest contemplated in Section 2(c) below (such notes hereinafter called "Exchange Notes"). The Issuers agree to use their reasonable best efforts to cause the Exchange Offer Registration Statement to become effective under the Securities Act as soon as practicable, but no later than 150 days after the Closing Date. The Exchange Offer will be registered under the Securities Act on the appropriate form and will comply with all applicable tender offer rules and regulations under the Exchange Act. The Issuers further agree to use their reasonable best efforts to complete the Exchange Offer promptly, but no later than 30 business days or longer, if required by the federal securities laws, after such registration statement has become effective, hold the Exchange Offer open for at least 30 days and exchange Exchange Notes for all Registrable Securities that have been properly tendered and not withdrawn on or prior to the expiration of the Exchange Offer. The Exchange Offer will be deemed to have been "completed" only if the notes received by holders other than Restricted Holders, in the Exchange Offer for Registrable Securities are, upon receipt, transferable by each such holder without restriction under the Securities Act and the Exchange Act and without material restrictions under the blue sky or securities laws of a substantial majority of the States of the United States of America. The Exchange Offer shall be deemed to have been completed upon the earlier to occur of (i) the Issuers having exchanged the Exchange Notes for all outstanding Registrable Securities pursuant to the Exchange Offer and (ii) the Issuers having exchanged, pursuant to the Exchange Offer, Exchange Notes for all Registrable Securities that have been properly tendered and not withdrawn before the expiration of the Exchange Offer, which shall be on a date that is at least 30 business days following the commencement of the Exchange Offer. The Issuers agree (x) to include in the Exchange Offer Registration Statement a prospectus for use in any resales by any holder of Exchange Notes that is a broker-dealer and (y) to keep such Exchange Offer Registration Statement effective for a period (the "Resale Period") beginning when Exchange Notes are first issued in the Exchange Offer and ending upon the earlier of the expiration of the 180th day after the Exchange Offer has been completed or such time as such broker-dealers no longer own any

Registrable Securities. With respect to such Exchange Offer Registration Statement, such holders shall have the benefit of the rights of indemnification and contribution set forth in Sections 6(a), (c), (d) and (e) hereof.

(b) If (i) on or prior to the time the Exchange Offer is completed existing law or Commission policy or interpretations are changed such that the Exchange Notes received by holders, other than Restricted Holders in the Exchange Offer in exchange for Registrable Securities are not or would not be, upon receipt, transferable by each such holder without restriction under the Securities Act, (ii) the Exchange Offer has not been completed within 180 days following the Closing Date or (iii) the Exchange Offer is not available to any holder of the Notes, the Issuers shall, in lieu of (or, in the case of clause (iii), in addition to) conducting the Exchange Offer contemplated by Section 2(a), file under the Securities Act on or prior to 30 business days after the time such obligation to file arises, a "shelf" registration statement providing for the registration of, and the sale on a continuous or delayed basis by the holders of, all of the Registrable Securities, pursuant to Rule 415 or any similar rule that may be adopted by the Commission (such filing, the "Shelf Registration" and such registration statement, the "Shelf Registration Statement"). The Issuers agree to use their reasonable best efforts (x) to cause the Shelf Registration Statement to become or be declared effective by the Commission no later than 90 days after such obligation to file arises and to keep such Shelf Registration Statement continuously effective for a period ending on the earlier of (i) the second anniversary of the Effective Time or (ii) such time as there are no longer any Registrable Securities outstanding; provided, however, that no holder shall be entitled to be named as a selling securityholder in the Shelf Registration Statement or to use the prospectus forming a part thereof for resales of Registrable Securities unless such holder is an Electing Holder, and (y) after the Effective Time of the Shelf Registration Statement, promptly upon the request of any holder of Registrable Securities that is not then an Electing Holder, to take any action reasonably necessary to enable such holder to use the prospectus forming a part thereof for resales of Registrable Securities, including, without limitation, any action necessary to identify such holder as a selling securityholder in the Shelf Registration Statement, provided, however, that nothing in this clause (y) shall relieve any such holder of the obligation to return a completed and signed Notice and Questionnaire to the Issuers in accordance with Section 3(d)(iii) hereof. The Issuers further agree to supplement or make amendments to the Shelf Registration Statement, as and when required by the rules, regulations or instructions applicable to the registration form used by the Issuers for such Shelf Registration Statement or by the Securities Act or rules and regulations thereunder for shelf registration, and the Issuers agree to furnish to each Electing Holder copies of any such supplement or amendment prior to its being used or promptly following its filing with the Commission.

(c) In the event that (i) the Issuers have not filed the Exchange Offer Registration Statement or Shelf Registration Statement on or before the date on which such registration statement is required to be filed pursuant to Section 2(a) or 2(b), respectively, or (ii) such Exchange Offer Registration Statement or Shelf Registration Statement to become effec-

tive or been declared effective by the Commission on or before the date on which such registration statement is required to become or be declared effective pursuant to Section 2(a) or 2(b), respectively, or (iii) the Exchange Offer has not been completed within 30 business days after the initial effective date of the Exchange Offer Registration Statement relating to the Exchange Offer (if the Exchange Offer is then required to be made) or (iv) any Exchange Offer Registration Statement or Shelf Registration Statement required by Section 2(a) or 2(b) hereof is filed and declared effective but shall thereafter either be withdrawn by the Issuers or shall become subject to an effective stop order issued pursuant to Section 8(d) of the Securities Act suspending the effectiveness of such registration statement (except as specifically permitted herein) without being succeeded immediately by an additional registration statement filed and declared effective (each such event referred to in clauses (i) through (iv), a "Registration Default" and each period during which a Registration Default has occurred and is continuing, a "Registration Default Period"), then, as liquidated damages for such Registration Default, subject to the provisions of Section 9(b), special interest ("Special Interest"), in addition to the Base Interest, shall accrue on the aggregate principal amount of the outstanding Notes at a per annum rate of 0.25% for the first 90 days of the Registration Default Period, at a per annum rate of 0.50% for the second 90 days of the Registration Default Period, at a per annum rate of 0.75% for the third 90 days of the Registration Default Period and at a per annum rate of 1.0% thereafter for the remaining portion of the Registration Default Period. All accrued Special Interest shall be paid in cash by the Issuers on each Interest Payment Date (as defined in the Indenture).

(d) The Issuers shall use their reasonable best efforts to take all actions necessary or advisable to be taken by them to ensure that the transactions contemplated herein are effected as so contemplated in Section 2(a) or 2(b) hereof.

(e) Any reference herein to a registration statement as of any time shall be deemed to include any document incorporated, or deemed to be incorporated, therein by reference as of such time and any reference herein to any post-effective amendment to a registration statement as of any time shall be deemed to include any document incorporated, or deemed to be incorporated, therein by reference as of such time.

3. Registration Procedures.

If the Issuers file a registration statement pursuant to Section 2(a) or Section 2(b), the following provisions shall apply:

(a) At or before the Effective Time of the Exchange Offer or the Shelf Registration, as the case may be, the Issuers shall cause the Indenture to be qualified under the Trust Indenture Act of 1939.

(b) In the event that such qualification would require the appointment of a new trustee under the Indenture, the Issuers shall appoint a new trustee thereunder pursuant to the applicable provisions of the Indenture.

(c) In connection with the Issuers' obligations with respect to the registration of Exchange Notes as contemplated by Section 2(a) (the "Exchange Offer Registration"), if applicable, the Issuers shall, as soon as practicable (or as otherwise specified):

(i) prepare and file with the Commission, as soon as practicable but no later than 90 days after the Closing Date, an Exchange Offer Registration Statement on any form which may be utilized by the Issuers and which shall permit the Exchange Offer and resales of Exchange Notes by broker-dealers during the Resale Period to be effected as contemplated by Section 2(a), and use their reasonable best efforts to cause such Exchange Offer Registration Statement to become effective as soon as practicable thereafter, but no later than 150 days after the Closing Date;

(ii) as soon as practicable prepare and file with the Commission such amendments and supplements to such Exchange Offer Registration Statement and the prospectus included therein as may be necessary to effect and maintain the effectiveness of such Exchange Offer Registration Statement for the periods and purposes contemplated in Section 2(a) hereof and as may be required by the applicable rules and regulations of the Commission and the instructions applicable to the form of such Exchange Offer Registration Statement, and promptly provide each broker-dealer holding Exchange Notes with such number of copies of the prospectus included therein (as then amended or supplemented), in conformity in all material respects with the requirements of the Securities Act and the Trust Indenture Act and the rules and regulations of the Commission thereunder, as such broker-dealer reasonably may request prior to the expiration of the Resale Period, for use in connection with resales of Exchange Notes;

(iii) promptly notify each broker-dealer that has requested or received copies of the prospectus included in such registration statement, and confirm such advice in writing, (A) when such Exchange Offer Registration Statement or the prospectus included therein or any prospectus amendment or supplement or post-effective amendment has been filed, and, with respect to such Exchange Offer Registration Statement or any post-effective amendment, when the same has become effective, (B) of any comments by the Commission and by the blue sky or securities commissioner or regulator of any state with respect thereto, or any request by the Commission for amendments or supplements to such Exchange Offer Registration Statement or prospectus or for additional informa-

tion, (C) of the issuance by the Commission of any stop order suspending the effectiveness of such Exchange Offer Registration Statement or the initiation or, to the knowledge of the Issuers, threatening of any proceedings for that purpose, (D) if at any time the representations and warranties of the Issuers contemplated by Section 5 hereof cease to be true and correct in all material respects, (E) of the receipt by the Issuers of any notification with respect to the suspension of the qualification of the Exchange Notes for sale in any jurisdiction or the initiation or, to the knowledge of the Issuers, threatening of any proceeding for such purpose, or (F) at any time during the Resale Period when a prospectus is required to be delivered under the Securities Act, that such Exchange Offer Registration Statement, prospectus, prospectus amendment or supplement or post-effective amendment does not conform in all material respects to the applicable requirements of the Securities Act and the Trust Indenture, Act and the rules and regulations of the Commission thereunder, or contains an untrue statement of a material fact or omits to state any material fact required to be stated therein or necessary to make the statements therein not misleading in light of the circumstances then existing;

(iv) in the event that the Issuers would be required, pursuant to Section 3(e)(iii)(F) above, to notify any broker-dealers holding Exchange Notes, the Issuers shall prepare and furnish to each such holder a reasonable number of copies of a prospectus supplemented or amended so that, as thereafter delivered to purchasers of such Exchange Notes during the Resale Period, such prospectus conforms in all material respects to the applicable requirements of the Securities Act and the Trust Indenture Act and the rules and regulations of the Commission thereunder and shall not contain an untrue statement of a material fact or omit to state a material fact required to be stated therein or necessary to make the statements therein not misleading in light of the circumstances then existing;

(v) use their reasonable best efforts to obtain the withdrawal of any order suspending the effectiveness of such Exchange Offer Registration Statement or any post-effective amendment thereto as soon as practicable;

(vi) use their reasonable best efforts to (A) register or qualify the Exchange Notes under the securities laws or blue sky laws of such jurisdictions as are contemplated by Section 2(a) no later than the commencement of the Exchange Offer, (B) keep such registrations or qualifications in effect and comply with such laws so as to permit the continuance of offers, sales and dealings therein in such jurisdictions until the expiration of the Resale Period and (C) take any and all other actions as may be reasonably necessary or advisable to enable each broker-dealer holding Exchange Notes to consummate the disposi-

tion thereof in such jurisdictions; provided, however, that none of the Issuers shall be required for any such purpose to (1) qualify as a foreign corporation or limited liability company, as the case may be, in any jurisdiction wherein it would not otherwise be required to qualify but for the requirements of this Section 3(c)(vi), (2) consent to general service of process in any such jurisdiction or (3) make any changes to its certificate of incorporation or by-laws (or other organizational document) or any agreement between it and holders of its ownership interests;

(vii) use their reasonable best efforts to obtain the consent or approval of each governmental agency or authority, whether federal, state or local, which may be required to effect the Exchange Offer Registration, the Exchange Offer and the offering and sale of Exchange Notes by broker-dealers during the Resale Period;

(x) if requested by any managing underwriter or underwriters, any placement or sales agent or any Electing Holder, promptly incorporate in a prospectus supplement or post-effective amendment such information as is required by the applicable rules and regulations of the Commission, and as such managing underwriter or underwriters, such agent or such Electing Holder specifies should be included therein relating to the terms of the sale of such Registrable Securities, including information (i) with respect to the principal amount of Registrable Securities being sold by such Electing Holder or agent or to any underwriters, the name and description of such Electing Holder, agent or underwriter, the offering price of such Registrable Securities, and any discount, commission or other compensation payable in respect thereof and the purchase price being paid therefor by such underwriters and (ii) with respect to any other material terms of the offering of the Registrable Securities to be sold by such Electing Holder or agent or to such underwriters; and make all required filings of such prospectus supplement or post-effective amendment upon notification of the matters to be incorporated in such prospectus supplement or post-effective amendment;

(xviii) notify in writing each holder of Registrable Securities of any proposal by the Issuers to amend or waive any provision of this Exchange and Registration Rights Agreement pursuant to Section 9(h) hereof and of any

amendment or waiver effected pursuant thereto, each of which notices shall contain the substance of the amendment or waiver proposed or effected, as the case may be;

(xix) in the event that any broker-dealer registered under the Exchange Act shall underwrite any Registrable Securities or participate as a member of an underwriting syndicate or selling group or "assist in the distribution" (within the meaning of the Conduct Rules (the "Conduct Rules") of the National Association of Securities Dealers, Inc. ("NASD") or any successor thereto, as amended from time to time) thereof, whether as a holder of such Registrable Securities or as an underwriter, a placement or sales agent or a broker or dealer in respect thereof, or otherwise, assist such broker-dealer in complying with the requirements of such Conduct Rules, including by (A) if such Conduct Rules shall so require, engaging a "qualified independent underwriter" (as defined in such Conduct Rules) to participate in the preparation of the Shelf Registration Statement relating to such Registrable Securities, to exercise usual standards of due diligence in respect thereto and, if any portion of the offering contemplated by such Shelf Registration Statement is an underwritten offering or is made through a placement or sales agent, to recommend the yield of such Registrable Securities, (B) indemnifying any such qualified independent underwriter to the extent of the indemnification of underwriters provided in Section 6 hereof (or to such other customary extent as may be requested by such underwriter), and (C) providing such information to such broker-dealer as may be required in order for such broker-dealer to comply with the requirements of the Conduct Rules; and

(xx) comply with all applicable rules and regulations of the Commission, and make generally available to its securityholders as soon as practicable but in any event not later than eighteen months after the effective date of such Shelf Registration Statement, an earning statement of the Company and its subsidiaries complying with Section 11(a) of the Securities Act (including, at the option of the Company, Rule 158 thereunder).

(e) In the event that the Issuers would be required, pursuant to Section 3(d)(viii)(F) above, to notify the Electing Holders, the placement or sales agent, if any, therefor and the managing underwriters, if any, thereof, the Issuers shall prepare and furnish to each of the Electing Holders, to each placement or sales agent, if any, and to each such underwriter, if any, a reasonable number of copies of a prospectus supplemented or amended so that, as thereafter delivered to purchasers of Registrable Securities, such prospectus conforms in all material respects to the applicable requirements of the Securities Act and the Trust Indenture Act, and the rules and regulations of the Commission thereunder, and shall not contain an untrue statement of a material fact or omit to state a material fact required to be stated

therein or necessary to make the statements therein not misleading in light of the circumstances then existing. Each Electing Holder agrees that upon receipt of any notice from the Issuers pursuant to Section 3(d)(viii)(F) hereof, such Electing Holder shall forthwith discontinue the disposition of Registrable Securities pursuant to the Shelf Registration Statement applicable to such Registrable Securities until such Electing Holder shall have received copies of such amended or supplemented prospectus, and if so directed by the Issuers, such Electing Holder shall deliver to the Issuers (at the Issuers' expense) all copies, other than permanent file copies, then in such Electing Holder's possession of the prospectus covering such Registrable Securities at the time of receipt of such notice.

(f) In the event of a Shelf Registration, in addition to the information required to be provided by each Electing Holder in its Notice and Questionnaire, the Issuers may require such Electing Holder to furnish to the Issuers such additional information regarding such Electing Holder and such Electing Holder's intended method of distribution of Registrable Securities as may be required in order to comply with the Securities Act. Each such Electing Holder agrees to notify the Issuers as promptly as practicable of any inaccuracy or change in information previously furnished by such Electing Holder to the Issuers or of the occurrence of any event in either case as a result of which any prospectus relating to such Shelf Registration contains or would contain an untrue statement of a material fact regarding such Electing Holder or such Electing Holder's intended method of disposition of such Registrable Securities or omits to state any material fact regarding such Electing Holder or such Electing Holder's intended method of disposition of such Registrable Securities required to be stated therein or necessary to make the statements therein not misleading in light of the circumstances then existing, and promptly to furnish to the Issuers any additional information required to correct and update any previously furnished information or required so that such prospectus shall not contain, with respect to such Electing Holder or the disposition of such Registrable Securities, an untrue statement of a material fact or omit to state a material fact required to be stated therein or necessary to make the statements therein not misleading in light of the circumstances then existing.

4. Registration Expenses.

The Issuers agree, subject to the last sentence of this Section, to bear and to pay or cause to be paid promptly all expenses incident to the Issuers' performance of or compliance with this Exchange and Registration Rights Agreement, including (a) all Commission and any NASD registration, filing and review fees and expenses including fees and disbursements of counsel for the placement or sales agent or underwriters in connection with such registration, filing and review, (b) all fees and expenses in connection with the qualification of the Notes for offering and sale under the securities laws and blue sky laws referred to in Section 3(d)(xii) hereof and determination of their eligibility for investment under the laws of such jurisdictions as any managing underwriters or the Electing Holders may designate, including any fees and disbursements of counsel for the Electing Holders or underwriters in

connection with such qualification and determination, (c) all expenses relating to the preparation, printing, production, distribution and reproduction of each registration statement required to be filed hereunder, each prospectus included therein or prepared for distribution pursuant hereto, each amendment or supplement to the foregoing, the expenses of preparing the Notes for delivery and the expenses of printing or producing any underwriting agreements, agreements among underwriters, selling agreements and blue sky or legal investment memoranda and all other documents in connection with the offering, sale or delivery of Notes to be disposed of (including certificates representing the Notes), (d) messenger, telephone and delivery expenses relating to the offering, sale or delivery of Notes and the preparation of documents referred in clause (c) above, (e) fees and expenses of the Trustee under the Indenture, any agent of the Trustee and any reasonable fees and expenses for counsel for the Trustee and of any collateral agent or custodian, (f) internal expenses (including all salaries and expenses of the Issuers' officers and employees performing legal or accounting duties), (g) fees, disbursements and expenses of counsel and independent certified public accountants of the Issuers (including the expenses of any opinions or "cold comfort" letters required by or incident to such performance and compliance), (h) fees, disbursements and expenses of any "qualified independent underwriter" engaged pursuant to Section 3(d)(xix) hereof, (i) reasonable fees, disbursements and expenses of one counsel for the Electing Holders retained in connection with a Shelf Registration, as selected by the Electing Holders of at least a majority in aggregate principal amount of the Registrable Securities held by Electing Holders (which counsel shall be reasonably satisfactory to the Issuers), (j) any fees charged by securities rating services for rating the Notes, and (k) reasonable fees, expenses and disbursements of any other persons, including special experts, retained by the Issuers in connection with such registration (collectively, the "Registration Expenses"). To the extent that any Registration Expenses are incurred, assumed or paid by any holder of Registrable Securities or any placement or sales agent therefor or underwriter thereof, the Issuers shall reimburse such person for the full amount of the Registration Expenses so incurred, assumed or paid promptly after receipt of a request therefor. Notwithstanding the foregoing, the holders of the Registrable Securities being registered shall pay all agency fees and commissions and underwriting discounts and commissions attributable to the sale of such Registrable Securities and the fees and disbursements of any counsel or other advisors or experts retained by such holders (severally or jointly), other than the counsel and experts specifically referred to above.

5. Representations, Warranties and Covenants.

Except with respect to clauses (a) and (b) below, the Issuers represent and warrant to, and agree with, each Purchaser and each of the holders from time to time of Registrable Securities the information set forth in this Section 5.

With respect to clauses (a) and (b) below, the Issuers covenant that:

(a) Each registration statement covering Registrable Securities and each prospectus (including any preliminary or summary prospectus) contained therein or furnished pursuant to Section 3(d) or Section 3(c) hereof and any further amendments or supplements to any such registration statement or prospectus, when it becomes effective or is filed with the Commission, as the case may be, and, in the case of an underwritten offering of Registrable Securities, at the time of the closing under the underwriting agreement relating thereto, will conform in all material respects to the requirements of the Securities Act and the Trust Indenture Act and the rules and regulations of the Commission thereunder and will not contain an untrue statement of a material fact or omit to state a material fact required to be stated therein or necessary to make the statements therein not misleading; and at all times subsequent to the Effective Time when a prospectus would be required to be delivered under the Securities Act, other than from (i) such time as a notice has been given to holders of Registrable Securities pursuant to Section 3(d)(viii)(F) or Section 3(c)(iii)(F) hereof until (ii) such time as the Issuers furnishes an amended or supplemented prospectus pursuant to Section 3(e) or Section 3(c)(iv) hereof, each such registration statement, and each prospectus (including any summary prospectus) contained therein or furnished pursuant to Section 3(d) or Section 3(c) hereof, as then amended or supplemented, will conform in all material respects to the requirements of the Securities Act and the Trust Indenture Act and the rules and regulations of the Commission thereunder and will not contain an untrue statement of a material fact or omit to state a material fact required to be stated therein or necessary to make the statements therein not misleading in the light of the circumstances then existing; provided, however, that this covenant shall not apply to any statements or omissions made in reliance upon and in conformity with information furnished in writing to the Issuers by a holder of Registrable Securities expressly for use therein.

(b) Any documents incorporated by reference in any prospectus referred to in Section 5(a) hereof, when they become or became effective or are or were filed with the Commission, as the case may be, will conform or conformed in all material respects to the requirements of the Securities Act or the Exchange Act, as applicable, and none of such documents will contain or contained an untrue statement of a material fact or will omit or omitted to state a material fact required to be stated therein or necessary to make the statements therein not misleading; provided, however, that this covenant shall not apply to any statements or omissions made in reliance upon and in conformity with information furnished in writing to the Issuers by a holder of Registrable Securities expressly for use therein.

(c) The compliance by the Issuers with all of the provisions of this Exchange and Registration Rights Agreement and the consummation of the transactions herein contemplated will not conflict with or result in a material breach of any of the terms or provisions of, or constitute a default under, any indenture, mortgage, deed of trust, loan agreement, lease, license, franchise agreement, permit or other material agreement or instrument to which either of the Issuers or any of their subsidiaries is a party or by which either of the Issuers or any of their subsidiaries is bound or to which any of the property or assets of the Issuers or

any of their subsidiaries is subject, nor will such action result in any violation of the provisions of the certificate of incorporation, charter, or the by-laws (or other organizational document) of the Issuers or any statute or any order, rule or regulation of any court or governmental agency or body, including without limitation, the Federal Communications Act of 1934, as amended, the Cable Communications Policy Act of 1984, the Cable Television Consumer Protection and Competition Act of 1992 and the Telecommunications Reform Act of 1996 (collectively, the "Cable Acts") or any order, rule or regulation of the Federal Communications Commission (the "FCC") having jurisdiction over the Issuers or any of their subsidiaries or any of their properties, except for any such violation which would not materially impair the Issuers' ability to comply herewith; and no consent, approval, authorization, order, registration or qualification of or with any such court or governmental agency or body is required, including, without limitation, under the Cable Acts or any order, rule or regulation of the FCC, for the consummation by the Issuers of the transactions contemplated by this Exchange and Registration Rights Agreement, except the registration under the Securities Act of the Notes, qualification of the Indenture under the Trust Indenture Act and such consents, approvals, authorizations, registrations or qualifications as may be required under State Notes or blue sky laws in connection with the offering and distribution of the Notes.

(d) This Exchange and Registration Rights Agreement has been duly authorized, executed and delivered by the Issuers.

6. Indemnification.

(a) Indemnification by the Issuers and the Guarantor. The Issuers and the Guarantor (i) will indemnify and hold harmless each of the holders of Registrable Securities included in an Exchange Offer Registration Statement, each of the Electing Holders of Registrable Securities included in a Shelf Registration Statement and each person who participates as a placement or sales agent or as an underwriter in any offering or sale of such Registrable Securities against any losses, claims, damages or liabilities, joint or several, to which such holder, agent or underwriter may become subject under the Securities Act or otherwise, insofar as such losses, claims, damages or liabilities (or actions in respect thereof) arise out of or are based upon an untrue statement or alleged untrue statement of a material fact contained in any Exchange Offer Registration Statement or Shelf Registration Statement, as the case may be, under which such Registrable Securities were registered under the Securities Act, or any preliminary, final or summary prospectus contained therein or furnished by the Issuers to any such holder, Electing Holder, agent or underwriter, or any amendment or supplement thereto, or arise out of or are based upon the omission or alleged omission to state therein a material fact required to be stated therein or necessary to make the statements therein not misleading, and (ii) will reimburse such holder, such Electing Holder, such agent and such underwriter for any legal or other expenses reasonably incurred by them in connection with investigating or defending any such action or claim as such expenses are incurred; provided, however, that none of the Issuers shall be liable to any such persons in any such case to the extent that any

such loss, claim, damage or liability arises out of or is based upon an untrue statement or alleged untrue statement or omission or alleged omission made in such registration statement, or preliminary, final or summary prospectus, or amendment or supplement thereto, in reliance upon and in conformity with written information furnished to the Issuers by such persons expressly for use therein.

(b) Indemnification by the Holders and any Agents and Underwriters. The Issuers may require, as a condition to including any Registrable Securities in any registration statement filed pursuant to Section 2(b) hereof and to entering into any underwriting agreement or similar agreement with respect thereto, that the Issuers shall have received an undertaking reasonably satisfactory to them from the Electing Holder of such Registrable Securities included in a Shelf Registration Statement and from each underwriter or agent named in any such underwriting agreement or similar agreement, severally and not jointly, to (i) indemnify and hold harmless the Issuers, the Guarantor and all other holders of Registrable Securities, against any losses, claims, damages or liabilities to which the Issuers, the Guarantor or such other holders of Registrable Securities may become subject, under the Securities Act or otherwise, insofar as such losses, claims, damages or liabilities (or actions in respect thereof) arise out of or are based upon an untrue statement or alleged untrue statement of a material fact contained in such registration statement, or any preliminary, final or summary prospectus contained therein or furnished by the Issuers to any such Electing Holder, agent or underwriter, or any amendment or supplement thereto, or arise out of or are based upon the omission or alleged omission to state therein a material fact required to be stated therein or necessary to make the statements therein not misleading, in each case to the extent, but only to the extent, that such untrue statement or alleged untrue statement or omission or alleged omission was made in reliance upon and in conformity with written information furnished to the Issuers or the Guarantor by such Electing Holder or underwriter expressly for use therein, and (ii) reimburse the Issuers and the Guarantor for any legal or other expenses reasonably incurred by the Issuers and the Guarantor in connection with investigating or defending any such action or claim as such expenses are incurred; provided, however, that no such Electing Holder shall be required to undertake liability to any person under this Section 6(b) for any amounts in excess of the dollar amount of the proceeds to be received by such Electing Holder from the sale of such Electing Holder's Registrable Securities pursuant to such registration.

(c) Notices of Claims, Etc. Promptly after receipt by an indemnified party under subsection (a) or (b) above of written notice of the commencement of any action, such indemnified party shall, if a claim in respect thereof is to be made against an indemnifying party pursuant to the indemnification provisions of or contemplated by this Section 6, notify such indemnifying party in writing of the commencement of such action; but the omission so to notify the indemnifying party shall not relieve it from any liability which it may have to any indemnified party otherwise than under the indemnification provisions of or contemplated by Section 6(a) or 6(b) hereof. In case any such action shall be brought against any indemnified party and it shall notify an indemnifying party of the commencement thereof, such indemni-

fying party shall be entitled to participate therein and, to the extent that it shall wish, jointly with any other indemnifying party similarly notified, to assume the defense thereof, with counsel reasonably satisfactory to such indemnified party (who shall not, except with the consent of the indemnified party, be counsel to the indemnifying party), and, after notice from the indemnifying party to such indemnified party of its election so to assume the defense thereof, such indemnifying party shall not be liable to such indemnified party for any legal expenses of other counsel or any other expenses, in each case subsequently incurred by such indemnified party, in connection with the defense thereof other than reasonable costs of investigation. No indemnifying party shall, without the written consent of the indemnified party, effect the settlement or compromise of, or consent to the entry of any judgment with respect to, any pending or threatened action or claim in respect of which indemnification or contribution may be sought hereunder (whether or not the indemnified party is an actual or potential party to such action or claim) unless such settlement, compromise or judgment (i) includes an unconditional release of the indemnified party from all liability arising out of such action or claim and (ii) does not include a statement as to or an admission of fault, culpability or a failure to act by or on behalf of any indemnified party.

(d) Contribution. If for any reason the indemnification provisions contemplated by Section 6(a) or Section 6(b) are unavailable to or insufficient to hold harmless an indemnified party in respect of any losses, claims, damages or liabilities (or actions in respect thereof) referred to therein, then each indemnifying party shall contribute to the amount paid or payable by such indemnified party as a result of such losses, claims, damages or liabilities (or actions in respect thereof) in such proportion as is appropriate to reflect the relative fault of the indemnifying party and the indemnified party in connection with the statements or omissions which resulted in such losses, claims, damages or liabilities (or actions in respect thereof), as well as any other relevant equitable considerations. The relative fault of such indemnifying party and indemnified party shall be determined by reference to, among other things, whether the untrue or alleged untrue statement of a material fact or omission or alleged omission to state a material fact relates to information supplied by such indemnifying party or by such indemnified party, and the parties' relative intent, knowledge, access to information and opportunity to correct or prevent such statement or omission. The parties hereto agree that it would not be just and equitable if contributions pursuant to this Section 6(d) were determined by pro rata allocation (even if the holders or any agents or underwriters or all of them were treated as one entity for such purpose) or by any other method of allocation which does not take account of the equitable considerations referred to in this Section 6(d). The amount paid or payable by an indemnified party as a result of the losses, claims, damages, or liabilities (or actions in respect thereof) referred to above shall be deemed to include any legal or other fees or expenses reasonably incurred by such indemnified party in connection with investigating or defending any such action or claim. Notwithstanding the provisions of this Section 6(d), no holder shall be required to contribute any amount in excess of the amount by which the dollar amount of the proceeds received by such holder from the sale of any Registrable Securities (after deducting any fees, discounts and commissions applicable thereto) exceeds

the amount of any damages which such holder has otherwise been required to pay by reason of such untrue or alleged untrue statement or omission or alleged omission, and no underwriter shall be required to contribute any amount in excess of the amount by which the total price at which the Registrable Securities underwritten by it and distributed to the public were offered to the public exceeds the amount of any damages which such underwriter has otherwise been required to pay by reason of such untrue or alleged untrue statement or omission or alleged omission. No person guilty of fraudulent misrepresentation (within the meaning of Section 11(f) of the Securities Act) shall be entitled to contribution from any person who was not guilty of such fraudulent misrepresentation. The holders' and any underwriters' obligations in this Section 6(d) to contribute shall be several in proportion to the principal amount of Registrable Securities registered or underwritten, as the case may be, by them and not joint.

(e) The obligations of the Issuers and the Guarantor under this Section 6 shall be in addition to any liability which the Issuers and the Guarantor may otherwise have and shall extend, upon the same terms and conditions, to each officer, director and partner of each holder, agent and underwriter and each person, if any, who controls any holder, agent or underwriter within the meaning of the Securities Act; and the obligations of the holders and any agents or underwriters contemplated by this Section 6 shall be in addition to any liability which the respective holder, agent or underwriter may otherwise have and shall extend, upon the same terms and conditions, to each officer (including any officer who signed any registration statement), director, employee, representative or agent of the Issuers and the Guarantor and to each person, if any, who controls the Issuers or the Guarantor within the meaning of the Securities Act.

7. Underwritten Offerings.

(a) Selection of Underwriters. If any of the Registrable Securities covered by the Shelf Registration are to be sold pursuant to an underwritten offering, the managing underwriter or underwriters thereof shall be designated by Electing Holders holding at least a majority in aggregate principal amount of the Registrable Securities to be included in such offering, provided that such designated managing underwriter or underwriters is or are reasonably acceptable to the Issuers.

(b) Participation by Holders. Each holder of Registrable Securities hereby agrees with each other such holder that no such holder may participate in any underwritten offering hereunder unless such holder (i) agrees to sell such holder's Registrable Securities on the basis provided in any underwriting arrangements approved by the persons entitled hereunder to approve such arrangements and (ii) completes and executes all questionnaires, powers of attorney, indemnities, underwriting agreements and other documents reasonably required under the terms of such underwriting arrangements.

8. Rule 144.

Each of the Issuers covenants to the holders of Registrable Securities that to the extent it shall be required to do so under the Exchange Act, it shall timely file the reports required to be filed by it under the Exchange Act or the Securities Act (including the reports under Section 13 and 15(d) of the Exchange Act referred to in subparagraph (c)(1) of Rule 144 adopted by the Commission under the Securities Act) and the rules and regulations adopted by the Commission thereunder, and shall take such further action as any holder of Registrable Securities may reasonably request, all to the extent required from time to time to enable such holder to sell Registrable Securities without registration under the Securities Act within the limitations of the exemption provided by Rule 144 under the Securities Act, as such Rule may be amended from time to time, or any similar or successor rule or regulation hereafter adopted by the Commission. Upon the request of any holder of Registrable Securities in connection with that holder's sale pursuant to Rule 144, the Issuers shall deliver to such holder a written statement as to whether it has complied with such requirements.

9. Miscellaneous.

(a) No Inconsistent Agreements. The Issuers represent, warrant, covenant and agree that they have not granted, and shall not grant, registration rights with respect to Registrable Securities or any other Notes which would be inconsistent with the terms contained in this Exchange and Registration Rights Agreement.

(b) Specific Performance. The parties hereto acknowledge that there would be no adequate remedy at law if the Issuers fail to perform any of their obligations hereunder and that the Purchasers and the holders from time to time of the Registrable Securities may be irreparably harmed by any such failure, and accordingly agree that the Purchasers and such holders, in addition to any other remedy to which they may be entitled at law or in equity, shall be entitled to compel specific performance of the obligations of the Issuers under this Exchange and Registration Rights Agreement in accordance with the terms and conditions of this Exchange and Registration Rights Agreement, in any court of the United States or any State thereof having jurisdiction.

(c) Notices. All notices, requests, claims, demands, waivers and other communications hereunder shall be in writing and shall be deemed to have been duly given (i) when delivered by hand, if delivered personally or by courier, (ii) when sent by facsimile (with written confirmation of receipt), provided that a copy is mailed by registered or certified mail, return receipt requested or (iii) three days after being deposited in the mail (registered or certified mail, postage prepaid, return receipt requested) as follows: If to the Issuers, c/o Charter Communications, Inc., 12444 Powerscourt Drive, Suite 100, St. Louis, Missouri, 63131, Attention: Secretary, and if to a holder, to the address of such holder set forth in the security register or other records of the Issuers, or to such other address as the Issuers or any

such holder may have furnished to the other in writing in accordance herewith, except that notices of change of address shall be effective only upon receipt.

(d) Parties in Interest. All the terms and provisions of this Exchange and Registration Rights Agreement shall be binding upon, shall inure to the benefit of and shall be enforceable by the parties hereto and the holders from time to time of the Registrable Securities and the respective successors and assigns of the parties hereto and such holders. In the event that any transferee of any holder of Registrable Securities shall acquire Registrable Securities, in any manner, whether by gift, bequest, purchase, operation of law or otherwise, such transferee shall, without any further writing or action of any kind, be deemed a beneficiary hereof for all purposes and such Registrable Securities shall be held subject to all of the terms of this Exchange and Registration Rights Agreement, and by taking and holding such Registrable Securities such transferee shall be entitled to receive the benefits of, and be conclusively deemed to have agreed to be bound by all of the applicable terms and provisions of this Exchange and Registration Rights Agreement. If the Issuers shall so request, any such successor, assign or transferee shall agree in writing to acquire and hold the Registrable Securities subject to all of the applicable terms hereof.

(e) Survival. The respective indemnities, agreements, representations, warranties and each other provision set forth in this Exchange and Registration Rights Agreement or made pursuant hereto shall remain in full force and effect regardless of any investigation (or statement as to the results thereof) made by or on behalf of any holder of Registrable Securities, any director, officer or partner of such holder, any agent or underwriter or any director, officer or partner thereof, or any controlling person of any of the foregoing, and shall survive delivery of and payment for the Registrable Securities pursuant to the Purchase Agreement and the transfer and registration of Registrable Securities by such holder and the consummation of an Exchange Offer.

(f) Governing Law. This Exchange and Registration Rights Agreement shall be governed by and construed in accordance with the laws of the State of New York, without giving effect to any provisions relating to conflicts of law.

(g) Headings. The descriptive headings of the several Sections and paragraphs of this Exchange and Registration Rights Agreement are inserted for convenience only, do not constitute a part of this Exchange and Registration Rights Agreement and shall not affect in any way the meaning or interpretation of this Exchange and Registration Rights Agreement.

(h) Entire Agreement; Amendments. This Exchange and Registration Rights Agreement and the other writings referred to herein (including the Indenture and the form of Notes) or delivered pursuant hereto which form a part hereof contain the entire understanding of the parties with respect to its subject matter. This Exchange and Registration Rights Agreement supersedes all prior agreements and understandings between the parties

with respect to its subject matter. This Exchange and Registration Rights Agreement may be amended and the observance of any term of this Exchange and Registration Rights Agreement may be waived (either generally or in a particular instance and either retroactively or prospectively) only by a written instrument duly executed by the Issuers and the holders of at least a majority in aggregate principal amount of the Registrable Securities at the time outstanding. Each holder of any Registrable Securities at the time or thereafter outstanding shall be bound by any amendment or waiver effected pursuant to this Section 9(h), whether or not any notice, writing or marking indicating such amendment or waiver appears on such Registrable Securities or is delivered to such holder.

(i) Inspection. For so long as this Exchange and Registration Rights Agreement shall be in effect, this Exchange and Registration Rights Agreement and a complete list of the names and addresses of all the holders of Registrable Securities shall be made available for inspection and copying, upon reasonable prior notice, on any business day during normal business hours by any holder of Registrable Securities for proper purposes only (which shall include any purpose related to the rights of the holders of Registrable Securities under the Notes, the Indenture and this Agreement) at the offices of the Issuers at the address thereof set forth in Section 9(c) above and at the office of the Trustee under the Indenture.

(j) Counterparts. This agreement may be executed by the parties in counterparts, each of which shall be deemed to be an original, but all such respective counterparts shall together constitute one and the same instrument.

If the foregoing is in accordance with your understanding, please sign and return to us counterparts hereof, and upon the acceptance hereof by you, on behalf of each of the Purchasers, this letter and such acceptance hereof shall constitute a binding agreement between each of the Purchasers and the Issuers. It is understood that your acceptance of this letter on behalf of each of the Purchasers is pursuant to the authority set forth in a form of Agreement among Purchasers, the form of which shall be submitted to the Issuers for examination upon request, but without warranty on your part as to the authority of the signers thereof.

The Notes shall be in denominations of $1,000 and integral multiples thereof.

The terms and provisions contained in the Notes shall constitute, and are hereby expressly made, a part of this Indenture and the Issuers and the Trustee, by their execution and delivery of this Indenture, expressly agree to such terms and provisions and to be bound thereby. However, to the extent any provision of any Note conflicts with the express provisions of this Indenture, the provisions of this Indenture shall govern and be controlling.

(b) Global Notes. Notes issued in global form shall be substantially in the form of Exhibit A attached hereto (including the Global Note Legend thereon and the "Schedule of Exchanges of Interests in the Global Note" attached thereto). Notes issued in definitive form shall be substantially in the form of Exhibit A attached hereto (but without the Global Note Legend thereon and without the "Schedule of Exchanges of Interests in the Global Note" attached thereto). Each Global Note shall represent such of the outstanding Notes as shall be specified therein and each shall provide that it shall represent the aggregate principal amount of outstanding Notes from time to time endorsed thereon and that the aggregate principal amount of outstanding Notes represented thereby may from time to time be reduced or increased, as appropriate, to reflect exchanges and redemptions. Any endorsement of a Global Note to reflect the amount of any increase or decrease in the aggregate principal amount of outstanding Notes represented thereby shall be made by the Trustee or the custodian, at the direction of the Trustee, in accordance with instructions given by the Holder thereof as required by Section 2.06.

While any such default continues, the Trustee may require a Paying Agent to pay all money held by it to the Trustee. The Issuers at any time may require a Paying Agent to pay all money held by it to the Trustee. Upon payment over to the Trustee, the Paying Agent (if other than the Issuers or a Subsidiary) shall have no further liability for the money. If the Issuers or a Subsidiary acts as Paying Agent, it shall segregate and hold in a separate trust fund for

(d) Transfer and Exchange of Definitive Notes for Beneficial Interests in Global Notes.

(i) Restricted Definitive Notes to Beneficial Interests in Restricted Global Notes. If any Holder of a Restricted Definitive Note proposes to exchange such Note for a beneficial interest in a Restricted Global Note or to transfer such Restricted Definitive Notes to a Person who takes delivery thereof in the form of a beneficial interest in a Restricted Global Note, then, upon receipt by the Registrar of the following documentation:

(A) if the Holder of such Restricted Definitive Note proposes to exchange such Note for a beneficial interest in a Restricted Global Note, a certificate from such Holder in the form of Exhibit C hereto, including the certifications in item (2)(b) thereof;

(B) if such Restricted Definitive Note is being transferred to a QIB in accordance with Rule 144A under the Securities Act, a certificate to the effect set forth in Exhibit B hereto, including the certifications in item (1) thereof;

(C) if such Restricted Definitive Note is being transferred to a Non-U.S. Person in an offshore transaction in accordance with Rule 903 or Rule 904 under the Securities Act, a certificate to the effect set forth in Exhibit B hereto, including the certifications in item (2) thereof;

(D) if such Restricted Definitive Note is being transferred pursuant to an exemption from the registration requirements of the Securities Act in accordance with Rule 144 under the Securities Act, a certificate to the effect set forth in Exhibit B hereto, including the certifications in item (3)(a) thereof;

(E) if such Restricted Definitive Note is being transferred to an Institutional Accredited Investor in reliance on an exemption from the registration requirements of the Securities Act other than those listed in subparagraphs (B) through (D) above, a certificate to the effect set forth in Exhibit B hereto, including the certifications, certificates and Opinion of Counsel required by item (3) thereof, if applicable;

(F) if such Restricted Definitive Note is being transferred to the Company or any of its Subsidiaries, a certificate to the effect set forth in Exhibit B hereto, including the certifications in item (3)(b) thereof; or

(G) if such Restricted Definitive Note is being transferred pursuant to an effective registration statement under the Securities Act, a certificate to the effect set forth in Exhibit B hereto, including the certifications in item (3)(c) thereof,

the Trustee shall cancel the Restricted Definitive Note, increase or cause to be increased the aggregate principal amount of, in the case of clause (A) above, the appropriate Restricted Global Note, in the case of clause (B) above, the 144A Global Note, in the case of clause (C) above, the Regulation S Global Note.

(ii) Restricted Definitive Notes to Beneficial Interests in Unrestricted Global Notes. A Holder of a Restricted Definitive Note may exchange such Note for a beneficial interest in an Unrestricted Global Note or transfer such Restricted Definitive Note to a Person who takes delivery thereof in the form of a beneficial interest in an Unrestricted Global Note only if:

(A) such exchange or transfer is effected pursuant to the Exchange Offer in accordance with the Registration Rights Agreement and the Holder, in the case of an exchange, or the transferee, in the case of a transfer, certifies in the applicable Letter of Transmittal that it is not (1) a broker-dealer, (2) a Person participating in the distribution of the Exchange Notes or (3) a Person who is an affiliate (as defined in Rule 144) of the Issuers;

(B) such transfer is effected pursuant to the Shelf Registration Statement in accordance with the Registration Rights Agreement;

(C) such transfer is effected by a broker-dealer pursuant to the Exchange Registration Statement in accordance with the Registration Rights Agreement; or

(D) the Registrar receives the following:

(1) if the Holder of such Definitive Notes proposes to exchange such Notes for a beneficial interest in the Unrestricted Global Note, a certificate from such Holder in the form of Exhibit C hereto, including the certifications in item (1)(c) thereof; or

(2) if the Holder of such Definitive Notes proposes to transfer such Notes to a Person who shall take delivery thereof in the form of a beneficial interest in the Unrestricted Global Note, a certificate from such Holder in the form of Exhibit B hereto, including the certifications in item (4) thereof;

and, in each such case set forth in this subparagraph (D), if the Registrar so requests or if the Applicable Procedures so require, an Opinion of Counsel in form reasonably acceptable to the Registrar to the effect that such exchange or transfer is in compliance with the Securities Act and that the restrictions on transfer contained herein and in the Private Placement Legend are no longer required in order to maintain compliance with the Securities Act.

Upon satisfaction of the conditions of any of the subparagraphs in this Section 2.06(d)(ii), the Trustee shall cancel the Definitive Notes and increase or cause to be increased the aggregate principal amount of the Unrestricted Global Note.

(iii) Unrestricted Definitive Notes to Beneficial Interests in Unrestricted Global Notes. A Holder of an Unrestricted Definitive Note may exchange such Note for a beneficial interest in an Unrestricted Global Note or transfer such Definitive Notes to a Person who takes delivery thereof in the form of a beneficial interest in an Unrestricted Global Note at any time. Upon receipt of a request for such an exchange or transfer, the Trustee shall cancel the applicable Unrestricted Definitive Note and increase or cause to be increased the aggregate principal amount of one of the Unrestricted Global Notes.

If any such exchange or transfer from a Definitive Note to a beneficial interest is effected pursuant to subparagraphs (ii)(B), (ii)(D) or (iii) above at a time when an Unrestricted Global Note has not yet been issued, the Issuers shall issue (and, in the case of the Guarantee, the Guarantor shall issue) and, upon receipt of an Authentication Order in accordance with Section 2.02, the Trustee shall authenticate one or more Unrestricted Global Notes (with corresponding Guarantees) in an aggregate principal amount equal to the principal amount of Definitive Notes so transferred.

(e) Transfer and Exchange of Definitive Notes for Definitive Notes. Upon request by a Holder of Definitive Notes and such Holder's compliance with the provisions of this Section 2.06(e), the Registrar shall register the transfer or exchange of Definitive Notes. Prior to such registration of transfer or exchange, the requesting Holder shall present or surrender to the Registrar the Definitive Notes duly endorsed or accompanied by a written instruction of transfer in form satisfactory to the Registrar duly executed by such Holder or by its attorney, duly authorized in writing. In addition, the requesting Holder shall provide any additional certifications, documents and information, as applicable, required pursuant to the following provisions of this Section 2.06(e).

(i) Restricted Definitive Notes to Restricted Definitive Notes. Any Restricted Definitive Note may be transferred to and registered in the name of Persons who take delivery thereof in the form of a Restricted Definitive Note if the Registrar receives the following:

(A) if the transfer will be made pursuant to Rule 144A under the Securities Act, then the transferor must deliver a certificate in the form of Exhibit B hereto, including the certifications in item (1) thereof;

(B) if the transfer will be made pursuant to Rule 903 or Rule 904, then the transferor must deliver a certificate in the form of Exhibit B hereto, including the certifications in item (2) thereof; and

(C) if the transfer will be made pursuant to any other exemption from the registration requirements of the Securities Act, then the transferor must deliver a certificate in the form of Exhibit B hereto, including the certifications, certificates and Opinion of Counsel required by item (3) thereof, if applicable.

(ii) Restricted Definitive Notes to Unrestricted Definitive Notes. Any Restricted Definitive Note may be exchanged by the Holder thereof for an Unrestricted

Definitive Note or transferred to a Person or Persons who take delivery thereof in the form of an Unrestricted Definitive Note if:

(A) such exchange or transfer is effected pursuant to the Exchange Offer in accordance with the Registration Rights Agreement and the Holder, in the case of an exchange, or the transferee, in the case of a transfer, certifies in the applicable Letter of Transmittal that it is not (1) a broker-dealer, (2) a Person participating in the distribution of the Exchange Notes or (3) a Person who is an affiliate (as defined in Rule 144) of the Issuers;

(B) any such transfer is effected pursuant to the Shelf Registration Statement in accordance with the Registration Rights Agreement;

(C) any such transfer is effected by a broker-dealer pursuant to the Exchange Registration Statement in accordance with the Registration Rights Agreement; or

(D) the Registrar receives the following:

(1) if the Holder of such Restricted Definitive Notes proposes to exchange such Notes for an Unrestricted Definitive Note, a certificate from such Holder in the form of Exhibit C hereto, including the certifications in item (1)(d) thereof; or

(2) if the Holder of such Restricted Definitive Notes proposes to transfer such Notes to a Person who shall take delivery thereof in the form of an Unrestricted Definitive Note, a certificate from such Holder in the form of Exhibit B hereto, including the certifications in item (4) thereof;

and, in each such case set forth in this subparagraph (D), if the Registrar so requests, an Opinion of Counsel in form reasonably acceptable to the Issuers to the effect that such exchange or transfer is in compliance with the Securities Act and that the restrictions on transfer contained herein and in the Private Placement Legend are no longer required in order to maintain compliance with the Securities Act.

(iii) Unrestricted Definitive Notes to Unrestricted Definitive Notes. A Holder of Unrestricted Definitive Notes may transfer such Notes to a Person who takes delivery thereof in the form of an Unrestricted Definitive Note. Upon receipt of a request to register such a transfer, the Registrar shall register the Unrestricted Definitive Notes pursuant to the instructions from the Holder thereof.

(f) Exchange Offer. Upon the occurrence of the Exchange Offer in accordance with the Registration Rights Agreement, the Issuers shall issue and, upon receipt of an Authentication Order in accordance with Section 2.02, the Trustee shall authenticate (i) one or more Unrestricted Global Notes in an aggregate principal amount equal to the principal amount of the beneficial interests in the Restricted Global Notes tendered for acceptance by Persons that certify in the applicable Letters of Transmittal that (x) they are not broker-dealers, (y) they are not participating in a distribution of the Exchange Notes and (z) they are not affiliates (as defined in Rule 144) of the Issuers, and accepted for exchange in the Exchange Offer and (ii) Definitive Notes in an aggregate principal amount equal to the principal amount of the Restricted Definitive Notes accepted for exchange in the Exchange Offer. Concurrently with the issuance of such Notes, the Trustee shall cause the aggregate principal amount of the applicable Restricted Global Notes to be reduced accordingly, and the Issuers shall execute and the Trustee shall

authenticate and deliver to the Persons designated by the Holders of Definitive Notes so accepted Definitive Notes in the appropriate principal amount.

(g) Legends. The following legends shall appear on the face of all Global Notes and Definitive Notes issued under this Indenture unless specifically stated otherwise in the applicable provisions of this Indenture.

(i) Private Placement Legend.

(A) Except as permitted by subparagraph (B) below, each Global Note and each Definitive Note (and all Notes issued in exchange therefor or substitution thereof) shall bear the legend in substantially the following form:

"THE NOTES EVIDENCED HEREBY HAVE NOT BEEN REGISTERED UNDER THE UNITED STATES SECURITIES ACT OF 1933 (THE "SECURITIES ACT") AND MAY NOT BE OFFERED, SOLD, PLEDGED OR OTHERWISE TRANSFERRED EXCEPT (A)(1) TO A PERSON WHO THE SELLER REASONABLY BELIEVES IS A QUALIFIED INSTITUTIONAL BUYER WITHIN THE MEANING OF RULE 144A UNDER THE SECURITIES ACT PURCHASING FOR ITS OWN ACCOUNT OR FOR THE ACCOUNT OF A QUALIFIED INSTITUTIONAL BUYER IN A TRANSACTION MEETING THE REQUIREMENTS OF RULE 144A, (2) IN AN OFFSHORE TRANSACTION COMPLYING WITH RULE 903 OR RULE 904 OF REGULATION S UNDER THE SECURITIES ACT, (3) TO AN INSTITUTIONAL ACCREDITED INVESTOR IN A TRANSACTION EXEMPT FROM THE REGISTRATION REQUIREMENTS OF THE SECURITIES ACT, (4) PURSUANT TO AN EXEMPTION FROM REGISTRATION UNDER THE SECURITIES ACT PROVIDED BY RULE 144 THEREUNDER (IF AVAILABLE) OR (5) PURSUANT TO AN EFFECTIVE REGISTRATION STATEMENT UNDER THE SECURITIES ACT AND (B) IN ACCORDANCE WITH ALL APPLICABLE SECURITIES LAWS OF THE STATES OF THE UNITED STATES."

(B) Notwithstanding the foregoing, any Global Note or Definitive Note issued pursuant to subparagraphs (b)(iv), (c)(ii), (c)(iii), (d)(ii), (d)(iii), (e)(ii), (e)(iii) or (f) to this Section 2.06 (and all Notes issued in exchange therefor or substitution thereof) shall not bear the Private Placement Legend.

(ii) Global Note Legend. Each Global Note shall bear a legend in substantially the following form:

"THIS GLOBAL NOTE IS HELD BY THE DEPOSITARY (AS DEFINED IN THE INDENTURE GOVERNING THIS NOTE) OR ITS NOMINEE IN CUSTODY FOR THE BENEFIT OF THE BENEFICIAL OWNERS HEREOF, AND IS NOT TRANSFERABLE TO ANY PERSON UNDER ANY CIRCUMSTANCES EXCEPT THAT (I) THE TRUSTEE MAY MAKE SUCH NOTATIONS HEREON AS MAY BE REQUIRED PURSUANT TO SECTION 2.07 OF THE INDENTURE, (II) THIS GLOBAL NOTE MAY BE EXCHANGED IN WHOLE BUT NOT IN PART PURSUANT TO SECTION 2.06(a) OF THE INDENTURE, (III) THIS GLOBAL NOTE MAY BE DELIVERED TO THE TRUSTEE FOR CANCELLATION PURSUANT TO SECTION 2.11 OF THE INDENTURE AND (III) THIS GLOBAL

NOTE MAY BE TRANSFERRED TO A SUCCESSOR DEPOSITARY WITH THE PRIOR WRITTEN CONSENT OF THE ISSUERS."

(h) Cancellation and/or Adjustment of Global Notes. At such time as all beneficial interests in a particular Global Note have been exchanged for Definitive Notes or a particular Global Note has been redeemed, repurchased or canceled in whole and not in part, each such Global Note shall be returned to or retained and canceled by the Trustee in accordance with Section 2.11. At any time prior to such cancellation, if any beneficial interest in a Global Note is exchanged for or transferred to a Person who will take delivery thereof in the form of a beneficial interest in another Global Note or for Definitive Notes, the principal amount of Notes represented by such Global Note shall be reduced accordingly and an endorsement shall be made on such Global Note by the Trustee or by the Depositary at the direction of the Trustee to reflect such reduction; and if the beneficial interest is being exchanged for or transferred to a Person who will take delivery thereof in the form of a beneficial interest in another Global Note, such other Global Note shall be increased accordingly and an endorsement shall be made on such Global Note by the Trustee or by the Depositary at the direction of the Trustee to reflect such increase.

(i) General Provisions Relating to Transfers and Exchanges.

(i) To permit registrations of transfers and exchanges, the Issuers shall execute (and in the case of the Guarantee, the Guarantor shall execute) and the Trustee shall authenticate Global Notes and Definitive Notes (each with corresponding Guarantees) upon the Issuers' order or at the Registrar's request.

(ii) No service charge shall be made to a holder of a beneficial interest in a Global Note or to a Holder of a Definitive Note for any registration of transfer or exchange, but the Issuers may require payment of a sum sufficient to cover any transfer tax or similar governmental charge payable in connection therewith (other than any such transfer taxes or similar governmental charge payable upon exchange or transfer pursuant to Sections 2.10, 3.06, 3.09, 4.11, 4.16 and 9.05).

(iii) The Registrar shall not be required to register the transfer of or exchange any Note selected for redemption in whole or in part, except the unredeemed portion of any Note being redeemed in part.

(iv) All Global Notes and Definitive Notes issued upon any registration of transfer or exchange of Global Notes or Definitive Notes shall be the valid obligations of the Issuers (and the Guarantor, in the case of the Guarantee), evidencing the same debt, and entitled to the same benefits under this Indenture, as the Global Notes or Definitive Notes (each with a corresponding Guarantee) surrendered upon such registration of transfer or exchange.

(v) The Issuers shall not be required (A) to issue, to register the transfer of or to exchange any Notes during a period beginning at the opening of business 15 days before the day of any selection of Notes for redemption under Section 3.02 and ending at the close of business on the day of selection, (B) to register the transfer of or to exchange any Note so selected for redemption in whole or in part, except the unredeemed portion of any Note being redeemed in part or (C) to register the transfer of or to exchange a Note between a record date and the next succeeding Interest Payment Date.

(vi) Prior to due presentment for the registration of a transfer of any Note, the Trustee, any Agent and the Issuers may deem and treat the Person in whose name any Note is registered as the absolute owner of such Note for the purpose of receiving payment of principal of and interest on such Notes and for all other purposes, and none of the Trustee, any Agent or the Issuers shall be affected by notice to the contrary.

(vii) The Trustee shall authenticate Global Notes and Definitive Notes in accordance with the provisions of Section 2.02.

(viii) All certifications, certificates and Opinions of Counsel required to be submitted to the Registrar pursuant to this Section 2.06 to effect a registration of transfer or exchange may be submitted by facsimile.

Section 2.07. Replacement Notes.

If any mutilated Note is surrendered to the Trustee or the Issuers and the Trustee receives evidence to its satisfaction of the destruction, loss or theft of any Note, the Issuers shall issue (and, in the case of the Guarantee, the Guarantor shall issue) and the Trustee, upon receipt of an Authentication Order, shall authenticate a replacement Note (with a corresponding Guarantee) if the Trustee's requirements are met. If required by the Trustee or the Issuers, an indemnity bond must be supplied by the Holder that is sufficient in the judgment of the Trustee and the Issuers to protect the Issuers, the Trustee, any Agent and any authenticating agent from any loss that any of them may suffer if a Note is replaced. The Issuers may charge for their expenses in replacing a Note.

Every replacement Note (with corresponding Guarantee) is an additional obligation of the Issuers and the Guarantor and shall be entitled to all of the benefits of this Indenture equally and proportionately with all other Notes (with corresponding Guarantees) duly issued hereunder.

Section 2.08. Outstanding Notes.

The Notes outstanding at any time are all the Notes authenticated by the Trustee except for those canceled by it, those delivered to it for cancellation, those reductions in the interest in a Global Note effected by the Trustee in accordance with the provisions, and those described in this Section as not outstanding. Except as set forth in Section 2.09, a Note does not cease to be outstanding because either of the Issuers, the Guarantor or an Affiliate of the Issuers or the Guarantor holds the Note; however, Notes held by an Issuer, the Guarantor or a Subsidiary of an Issuer or the Guarantor shall not be deemed to be outstanding for purposes of Section 3.07(b).

If a Note is replaced pursuant to Section 2.07, it ceases to be outstanding unless the Trustee receives proof satisfactory to it that the replaced Note is held by a bona fide purchaser.

If the principal amount of any Note is considered paid under Section 4.01, it ceases to be outstanding and interest on it ceases to accrue.

If the Paying Agent (other than an Issuer, a Subsidiary or an Affiliate of any thereof) holds, on a redemption date or maturity date, money sufficient to pay Notes payable on that date, then on and after that date such Notes shall be deemed to be no longer outstanding and shall cease to accrue interest.

Section 2.09. Treasury Notes.

In determining whether the Holders of the required principal amount of Notes have concurred in any direction, waiver or consent, Notes owned by an Issuer, or by any Person directly or indirectly controlling or controlled by or under direct or indirect common control with an Issuer, shall be considered as though not outstanding, except that for the purposes of determining whether the Trustee shall be protected in relying on any such direction, waiver or consent, only Notes that a Responsible Officer of the Trustee knows are so owned shall be so disregarded.

Section 2.10. Temporary Notes.

Until certificates representing Notes are ready for delivery, the Issuers may prepare (and, in the case of the Guarantee, the Guarantor may prepare) and the Trustee, upon receipt of an Authentication Order, shall authenticate temporary Notes (with corresponding Guarantees). Temporary Notes shall be substantially in the form of certificated Notes but may have variations that the Issuers considers appropriate for temporary Notes and as shall be reasonably acceptable to the Trustee. Without unreasonable delay, the Issuers shall prepare (and, in the case of the Guarantee, the Guarantor shall prepare) and the Trustee shall authenticate definitive Notes (with corresponding Guarantees) in exchange for temporary Notes.

Holders of temporary Notes shall be entitled to all of the benefits of this Indenture.

Section 2.11. Cancellation.

The Issuers at any time may deliver Notes to the Trustee for cancellation. The Registrar and Paying Agent shall forward to the Trustee any Notes surrendered to them for registration of transfer, exchange or payment. The Trustee and no one else shall cancel all Notes surrendered for registration of transfer, exchange, payment, replacement or cancellation and shall destroy canceled Notes. Certification of the destruction of all canceled Notes shall be delivered to the Issuers. The Issuers may not issue new Notes to replace Notes that they have paid or that have been delivered to the Trustee for cancellation.

Section 2.12. Defaulted Interest.

If the Issuers default in a payment of interest on the Notes, they shall pay the defaulted interest in any lawful manner plus, to the extent lawful, interest payable on the defaulted interest, to the Persons who are Holders on a subsequent special record date, in each case at the rate provided in the Notes and in Section 4.01. The Issuers shall notify the Trustee in writing of the amount of defaulted interest proposed to be paid on each Note and the date of the proposed payment. The Issuers shall fix or cause to be fixed each such special record date and payment date; provided that no such special record date shall be less than 10 days prior to the related payment date for such defaulted interest. At least 15 days before the special record date, the Issuers (or, upon the written request of the Issuers, the Trustee in the name and at the expense of the Issuers) shall mail or cause to be mailed to Holders a notice that states the special record date, the related payment date and the amount of such interest to be paid.

ARTICLE 3
REDEMPTION AND PREPAYMENT

Section 3.01. Notices to Trustee.

If the Issuers elect to redeem Notes pursuant to the optional redemption provisions of Section 3.07, it shall furnish to the Trustee, at least 30 days but not more than 60 days before a redemption date, an Officers' Certificate setting forth (i) the clause of this Indenture pursuant to which the redemption shall occur, (ii) the redemption date, (iii) the principal amount of Notes to be redeemed and (iv) the redemption price.

Section 3.02. Selection of Notes to Be Redeemed.

If less than all of the Notes are to be redeemed or purchased in an offer to purchase at any time, the Trustee shall select the Notes to be redeemed or purchased among the Holders of the Notes in compliance with the requirements of the principal national securities exchange, if any, on which the Notes are listed or, if the Notes are not so listed, on a pro rata basis, by lot or in accordance with any other method the Trustee considers fair and appropriate. In the event of partial redemption by lot, the particular Notes to be redeemed shall be selected, unless otherwise provided herein, not less than 30 nor more than 60 days prior to the redemption date by the Trustee from the outstanding Notes not previously called for redemption.

The Trustee shall promptly notify the Issuers in writing of the Notes selected for redemption and, in the case of any Note selected for partial redemption, the principal amount thereof to be redeemed. Notes and portions of Notes selected shall be in amounts of $1,000 or whole multiples of $1,000; except that if all of the Notes of a Holder are to be redeemed, the entire outstanding amount of Notes held by such Holder, even if not a multiple of $1,000, shall be redeemed. Except as provided in the preceding sentence, provisions of this Indenture that apply to Notes called for redemption also apply to portions of Notes called for redemption.

Section 3.03. Notice of Redemption.

Subject to the provisions of Section 3.09, at least 30 days but not more than 60 days before a redemption date, the Issuers shall mail or cause to be mailed, by first class mail, a notice of redemption to each Holder whose Notes are to be redeemed at its registered address.

The notice shall identify the Notes to be redeemed and shall state:

(a) the redemption date;

(b) the redemption price;

(c) if any Note is being redeemed in part, the portion of the principal amount of such Note to be redeemed and that, after the redemption date upon surrender of such Note, a new Note or Notes in principal amount equal to the unredeemed portion shall be issued upon cancellation of the original Note;

(d) the name and address of the Paying Agent;

(e) that Notes called for redemption must be surrendered to the Paying Agent to collect the redemption price;

(f) that, unless the Issuers default in making such redemption payment, interest on Notes called for redemption ceases to accrue on and after the redemption date;

(g) the paragraph of the Notes and/or Section of this Indenture pursuant to which the Notes called for redemption are being redeemed; and

(h) that no representation is made as to the correctness or accuracy of the CUSIP number, if any, listed in such notice or printed on the Notes.

At the Issuers' request, the Trustee shall give the notice of redemption in the Issuers' name and at their expense; provided, however, that each of the Issuers shall have delivered to the Trustee, at least 45 days prior to the redemption date, an Officers' Certificate requesting that the Trustee give such notice and setting forth the information to be stated in such notice as provided in the preceding paragraph.

Section 3.04. Effect of Notice of Redemption.

Once notice of redemption is mailed in accordance with Section 3.03, Notes called for redemption become irrevocably due and payable on the redemption date at the redemption price. A notice of redemption may not be conditional.

Section 3.05. Deposit of Redemption Price.

At or prior to 10:00 a.m., New York City time, on the redemption date, the Issuers shall deposit with the Trustee or with the Paying Agent money sufficient to pay the redemption price of and accrued interest on all Notes to be redeemed on that date. The Trustee or the Paying Agent shall promptly return to the Issuers any money deposited with the Trustee or the Paying Agent by the Issuers in excess of the amounts necessary to pay the redemption price of, and accrued interest on, all Notes to be redeemed.

If the Issuers comply with the provisions of the preceding paragraph, on and after the redemption date, interest shall cease to accrue on the Notes or the portions of Notes called for redemption. If a Note is redeemed on or after an interest record date but on or prior to the related interest payment date, then any accrued and unpaid interest shall be paid to the Person in whose name such Note was registered at the close of business on such record date. If any Note called for redemption shall not be so paid upon surrender for redemption because of the failure of the Issuers to comply with the preceding paragraph, interest shall be paid on the unpaid principal, from the redemption date until such principal is paid, and to the extent lawful on any interest not paid on such unpaid principal, in each case at the rate provided in the Notes and in Section 4.01.

Section 3.06. Notes Redeemed in Part.

Upon surrender of a Note that is redeemed in part, the Issuers shall issue and, upon the Issuers' written request, the Trustee shall authenticate for the Holder at the expense of the Issuers a new Note equal in principal amount to the unredeemed portion of the Note surrendered.

Section 3.07. Optional Redemption.

(a) Except as set forth in clause (b) of this Section 3.07, the Issuers shall not have the option to redeem the Notes pursuant to this Section 3.07 prior to April 1, 2004. Thereafter, the Issuers shall have the option to redeem the Notes, in whole or in part, upon not less than 30 nor more than 60 days' notice, at the redemption prices (expressed as percentages of principal amount) set forth below plus

accrued and unpaid interest thereon, if any, to the applicable redemption date, if redeemed during the twelve-month period beginning on April 1 of the years indicated below:

Year	Percentage
2004..................	104.313%
2005..................	102.875%
2006..................	101.438%
2007 and thereafter...	100.000%

(b) Notwithstanding the provisions of clause (a) of this Section 3.07, at any time prior to April 1, 2002, the Issuers may, on any one or more occasions, redeem up to 35% of the aggregate principal amount of the Notes originally issued under this Indenture on a pro rata basis (or nearly as pro rata as practicable) at a redemption price of 108.625% of the principal amount thereof, plus accrued and unpaid interest to the redemption date, with the net cash proceeds of one or more Equity Offerings; provided that

(1) at least 65% of the aggregate principal amount of Notes originally issued under this Indenture remains outstanding immediately after the occurrence of such redemption (excluding Notes held by the Company and its Subsidiaries and the Guarantor and its Subsidiaries); and

(2) the redemption must occur within 60 days of the date of the closing of such Equity Offering.

(c) Any redemption pursuant to this Section 3.07 shall be made pursuant to the provisions of Section 3.01 through 3.06.

Section 3.08. Mandatory Redemption.

Except as otherwise provided in Section 4.11 or Section 4.16 below, the Issuers shall not be required to make mandatory redemption payments with respect to the Notes.

Section 3.09. Offer to Purchase by Application of Excess Proceeds.

In the event that the Issuers shall be required to commence an offer to all Holders to purchase Notes pursuant to Section 4.11 (an "Asset Sale Offer"), they shall follow the procedures specified below.

The Asset Sale Offer shall remain open for a period of 20 Business Days following its commencement and no longer, except to the extent that a longer period is required by applicable law (the "Offer Period"). No later than five Business Days after the termination of the Offer Period (the "Purchase Date"), the Issuers shall purchase the principal amount of Notes required to be purchased pursuant to Section 4.11 (the "Offer Amount") or, if less than the Offer Amount has been tendered, all Notes tendered in response to the Asset Sale Offer. Payment for any Notes so purchased shall be made in the same manner as interest payments are made.

If the Purchase Date is on or after an interest record date and on or before the related interest payment date, any accrued and unpaid interest shall be paid to the Person in whose name a Note is registered at the close of business on such record date, and no Special Interest shall be payable to Holders who tender Notes pursuant to the Asset Sale Offer.

Upon the commencement of an Asset Sale Offer the Issuers shall send, by first class mail, a notice to the Trustee and each of the Holders, with a copy to the Trustee. The notice shall contain all instructions and materials necessary to enable such Holders to tender Notes pursuant to the Asset Sale Offer. The Asset Sale Offer shall be made to all Holders. The notice, which shall govern the terms of the Asset Sale Offer, shall state:

(a) that the Asset Sale Offer is being made pursuant to this Section 3.09 and Section 4.11 and the length of time the Asset Sale Offer shall remain open;

(b) the Offer Amount, the purchase price and the Purchase Date;

(c) that any Note not tendered or accepted for payment shall continue to accrue interest;

(d) that, unless the Issuers default in making such payment, any Note accepted for payment pursuant to the Asset Sale Offer shall cease to accrue interest after the Purchase Date;

(e) that Holders electing to have a Note purchased pursuant to an Asset Sale Offer or may elect to have Notes purchased in integral multiples of $1,000 only;

(f) that Holders electing to have a Note purchased pursuant to any Asset Sale Offer shall be required to surrender the Note, with the form entitled "Option of Holder to Elect Purchase" on the reverse of the Note completed, or transfer by book-entry transfer, to the Issuers, a depositary, if appointed by the Issuers, or a Paying Agent at the address specified in the notice at least three days before the Purchase Date;

(g) that Holders shall be entitled to withdraw their election if the Issuers, the depositary or the Paying Agent, as the case may be, receives, not later than the expiration of the Offer Period, a telegram, telex, facsimile transmission or letter setting forth the name of the Holder, the principal amount of the Note the Holder delivered for purchase and a statement that such Holder is withdrawing his election to have such Note purchased;

(h) that, if the aggregate principal amount of Notes surrendered by Holders exceeds the Offer Amount, the Issuers shall select the Notes to be purchased on a pro rata basis (with such adjustments as may be deemed appropriate by the Issuers so that only Notes in denominations of $1,000, or integral multiples thereof, shall be purchased); and

(i) that Holders whose Notes were purchased only in part shall be issued new Notes equal in principal amount to the unpurchased portion of the Notes surrendered (or transferred by book-entry transfer).

On or before the Purchase Date, the Issuers shall, to the extent lawful, accept for payment, on a pro rata basis to the extent necessary, the Offer Amount of Notes or portions thereof tendered pursuant to the Asset Sale Offer or if less than the Offer Amount has been tendered, all Notes tendered, and shall deliver to the Trustee an Officers' Certificate stating that such Notes or portions thereof were accepted for payment by the Issuers in accordance with the terms of this Section 3.09. The Issuers, the Depositary or the Paying Agent, as the case may be, shall promptly (but in any case not later than five days after the Purchase Date) mail or deliver to each tendering Holder an amount equal to the purchase price of the Notes tendered by such Holder and accepted by the Issuers for purchase, and the Issuers shall promptly issue a new Note, and the Trustee, upon written request from the Issuers shall authenticate and mail or deliver such new Note to such Holder, in a principal amount equal to any unpurchased portion of the Note surrendered. Any Note not so accepted shall be promptly mailed or delivered by the Issuers to the

Holder thereof. The Issuers shall publicly announce the results of the Asset Sale Offer on the Purchase Date.

Other than as specifically provided in this Section 3.09, any purchase pursuant to this Section 3.09 shall be made pursuant to the provisions of Sections 3.01 through 3.06.

ARTICLE 4
COVENANTS

Section 4.01. Payment of Notes.

The Issuers shall pay or cause to be paid the principal of, premium, if any, and interest on the Notes on the dates and in the manner provided in the Notes. Principal, premium, if any, and interest shall be considered paid on the date due if the Paying Agent, if other than the Issuers or a Subsidiary thereof, holds as of 10:00 a.m. New York City time on the due date money deposited by the Issuers in immediately available funds and designated for and sufficient to pay all principal, premium, if any, and interest then due. The Issuers shall pay all Special Interest, if any, in the same manner on the dates and in the amounts set forth in the Registration Rights Agreement.

The Issuers shall pay interest (including post-petition interest in any proceeding under any Bankruptcy Law) on overdue principal at the rate equal to 1% per annum in excess of the then applicable interest rate on the Notes to the extent lawful; they shall pay interest (including post-petition interest in any proceeding under any Bankruptcy Law) on overdue installments of interest (without regard to any applicable grace period) at the same rate to the extent lawful.

Section 4.02. Maintenance of Office or Agency.

The Issuers shall maintain in the Borough of Manhattan, the City of New York, an office or agency (which may be an office of the Trustee or an affiliate of the Trustee, Registrar or co-registrar) where Notes may be surrendered for registration of transfer or for exchange and where notices and demands to or upon the Issuers in respect of the Notes and this Indenture may be served. The Issuers shall give prompt written notice to the Trustee of the location, and any change in the location, of such office or agency. If at any time the Issuers shall fail to maintain any such required office or agency or shall fail to furnish the Trustee with the address thereof, such presentations, surrenders, notices and demands may be made or served at the Corporate Trust Office of the Trustee.

The Issuers may also from time to time designate one or more other offices or agencies where the Notes may be presented or surrendered for any or all such purposes and may from time to time rescind such designations; provided, however, that no such designation or rescission shall in any manner relieve the Issuers of their obligation to maintain an office or agency in the Borough of Manhattan, the City of New York for such purposes. The Issuers shall give prompt written notice to the Trustee of any such designation or rescission and of any change in the location of any such other office or agency.

The Issuers hereby designate the Harris Trust Company of New York, an affiliate of the Trustee as one such office or agency of the Issuers in accordance with Section 2.03.

Section 4.03. Reports.

Whether or not required by the Commission, so long as any Notes are outstanding, the Issuers and the Guarantor shall furnish to the Holders of Notes, within the time periods specified in the Commission's rules and regulations:

(1) all quarterly and annual financial information that would be required to be contained in a filing with the Commission on Forms 10-Q and 10-K if the Issuers and the Guarantor were required to file such Forms, including a "Management's Discussion and Analysis of Financial Condition and Results of Operations" and, with respect to the annual information only, a report on the annual financial statements by the Issuers' certified independent accountants and the Guarantor's certified independent accountants; and

(2) all current reports that would be required to be filed with the Commission on Form 8-K if the Issuers or the Guarantor were required to file such reports.

If the Issuers or the Guarantor has designated any of its Subsidiaries as Unrestricted Subsidiaries, then the quarterly and annual financial information required by the preceding paragraph shall include a reasonably detailed presentation, either on the face of the financial statements or in the footnotes thereto, and in Management's Discussion and Analysis of Financial Condition and Results of Operations, of the financial condition and results of operations of the Issuers or the Guarantor, as the case may be, and their respective Restricted Subsidiaries separate from the financial condition and results of operations of the Unrestricted Subsidiaries of the Issuers or the Guarantor, as the case may be.

In addition, whether or not required by the Commission, the Issuers and the Guarantor shall file a copy of all of the information and reports referred to in clauses (1) and (2) above with the Commission for public availability within the time periods specified in the Commission's rules and regulations (unless the Commission will not accept such a filing) and make such information available to securities analysts and prospective investors upon request.

Section 4.04. Compliance Certificate.

(a) Each of the Company and the Guarantor shall deliver to the Trustee, within 90 days after the end of each fiscal year, an Officers' Certificate stating that a review of the activities of the Company and its Subsidiaries and the Guarantor and its Subsidiaries, respectively, during the preceding fiscal year have been made under the supervision of the signing Officers with a view to determining whether the Company or the Guarantor, as the case may be, has kept, observed, performed and fulfilled its obligations under this Indenture, and further stating, as to each such Officer signing such certificate, that to the best of his or her knowledge the Company or the Guarantor, as the case may be, has kept, observed, performed and fulfilled each and every covenant contained in this Indenture and is not in default in the performance or observance of any of the terms, provisions and conditions of this Indenture (or, if a Default or Event of Default shall have occurred, describing all such Defaults or Events of Default of which he or she may have knowledge and what action the Company or the Guarantor, as the case may be, is taking or proposes to take with respect thereto) and that to the best of his or her knowledge no event has occurred and remains in existence by reason of which payments on account of the principal of or interest, if any, on the Notes is prohibited or if such event has occurred, a description of the event and what action the Company or the Guarantor, as the case may be, is taking or proposes to take with respect thereto.

(b) So long as not contrary to the then current recommendations of the American Institute of Certified Public Accountants, the year-end financial statements delivered pursuant to Section 4.03 above shall be accompanied by a written statement of the Company's independent public accountants or the Guarantor's independent public accountants, as the case may be, (each of whom shall be a firm of established national reputation) that in making the examination necessary for certification of such financial statements, nothing has come to their attention that would lead them to believe that the Company or the Guarantor, as the case may be, has violated any provisions of Article 4 or Article 5 or, if any such violation has occurred, specifying the nature and period of existence thereof, it being understood that such accountants shall not be liable directly or indirectly to any Person for any failure to obtain knowledge of any such violation. In the event that, after the Company or the Guarantor, as the case may be, has used its reasonable best efforts to obtain the written statement of the Company's independent public accountants or the Guarantor's independent public accountants, as the case may be, required by the provisions of this paragraph, such statement cannot be obtained, the Company or the Guarantor, as the case may be, shall deliver, in satisfaction of its obligations under this Section 4.04, an Officers' Certificate (A) certifying that it has used its reasonable best efforts to obtain such required statement but was unable to do so and (B) attaching the written statement of the Company's accountants or the Guarantor's accountants, as the case may be, that the Company or the Guarantor, as the case may be, received in lieu thereof.

(c) Each of the Company and the Guarantor shall, so long as any of the Notes are outstanding, deliver to the Trustee, forthwith upon any Officer becoming aware of any Default or Event of Default, an Officers' Certificate specifying such Default or Event of Default and what action the Company or the Guarantor, as the case may be, is taking or proposes to take with respect thereto.

Section 4.05. Taxes.

Each of the Company and the Guarantor shall pay, and shall cause each of their Subsidiaries to pay, prior to delinquency, all material taxes, assessments, and governmental levies except such as are contested in good faith and by appropriate proceedings or where the failure to effect such payment is not adverse in any material respect to the Holders of the Notes.

Section 4.06. Stay, Extension and Usury Laws.

Each of the Issuers and the Guarantor covenants (to the extent that it may lawfully do so) that it shall not at any time insist upon, plead, or in any manner whatsoever claim or take the benefit or advantage of, any stay, extension or usury law wherever enacted, now or at any time hereafter in force, that may affect the covenants or the performance of this Indenture; and each of the Issuers and the Guarantor (to the extent that it may lawfully do so) hereby expressly waives all benefit or advantage of any such law, and covenants that it shall not, by resort to any such law, hinder, delay or impede the execution of any power herein granted to the Trustee, but shall suffer and permit the execution of every such power as though no such law has been enacted.

Section 4.07. Restricted Payments.

The Company shall not, and shall not permit any of its Restricted Subsidiaries to, and the Guarantor shall not and shall not permit any of its Restricted Subsidiaries to, directly or indirectly:

(a) declare or pay any dividend or make any other payment or distribution on account of the Company's, the Guarantor's or any of their Restricted Subsidiaries' Equity Interests (including, without limitation, any payment in connection with any merger or

consolidation involving the Company, the Guarantor or any of their Restricted Subsidiaries) or to the direct or indirect holders of the Company's, the Guarantor's or any of their Restricted Subsidiaries' Equity Interests in their capacity as such (other than dividends or distributions payable in Equity Interests (other than Disqualified Stock) of the Company or the Guarantor or, in the case of the Company and its Restricted Subsidiaries, to the Company or a Restricted Subsidiary of the Company or in the case of the Guarantor and its Restricted Subsidiaries, to the Company, the Guarantor or a Restricted Subsidiary of the Company or the Guarantor);

(b) purchase, redeem or otherwise acquire or retire for value (including, without limitation, in connection with any merger or consolidation involving the Company) any Equity Interests of the Company or the Guarantor or any direct or indirect parent of the Company or the Guarantor or any Restricted Subsidiary of the Company or the Guarantor (other than, in the case of the Company and its Restricted Subsidiaries, any such Equity Interests owned by the Company or any Restricted Subsidiary of the Company or, in the case of the Guarantor and its Restricted Subsidiaries, any such Equity Interests owned by the Company, the Guarantor or any Restricted Subsidiary of the Company or the Guarantor); or

(c) make any payment on or with respect to, or purchase, redeem, defease or otherwise acquire or retire for value any Indebtedness that is subordinated to the Notes or the Guarantees (other than the Notes or the Guarantees), except a payment of interest or principal at the Stated Maturity thereof (all such payments and other actions set forth in clauses (a) through (c) above being collectively referred to as "Restricted Payments"), unless, at the time of and after giving effect to such Restricted Payment:

(1) no Default or Event of Default shall have occurred and be continuing or would occur as a consequence thereof; and

(2) the Company would, at the time of such Restricted Payment and after giving pro forma effect thereto as if such Restricted Payment had been made at the beginning of the applicable quarter period, have been permitted to incur at least $1.00 of additional Indebtedness pursuant to the Leverage Ratio test set forth in the first paragraph of Section 4.10; and

(3) such Restricted Payment, together with the aggregate amount of all other Restricted Payments made by the Company, the Guarantor and each of their Restricted Subsidiaries after the date of this Indenture (excluding Restricted Payments permitted by clauses (2), (3), (4), (5), (6), (7) and (8) of the next succeeding paragraph), shall not exceed, at the date of determination, the sum of:

(a) an amount equal to 100% of the combined Consolidated EBITDA of the Company and the Guarantor since the date of this Indenture to the end of the Company's and the Guarantor's most recently ended full fiscal quarter for which internal financial statements are available, taken as a single accounting period, less the product of 1.2 times the combined Consolidated Interest Expense of the Company and the Guarantor since the date of this Indenture to the end of the Company's and the Guarantor's most recently ended full fiscal quarter for which internal financial statements are available, taken as a single accounting period, plus

(b) an amount equal to 100% of Capital Stock Sale Proceeds less any such Capital Stock Sale Proceeds used in connection with (i) an Investment made pursuant to

clause (6) of the definition of "Permitted Investments" or (ii) the incurrence of Indebtedness pursuant to clause (10) of Section 4.10, plus

(c) $100.0 million.

So long as no Default has occurred and is continuing or would be caused thereby, the preceding provisions shall not prohibit:

(1) the payment of any dividend within 60 days after the date of declaration thereof, if at said date of declaration such payment would have complied with the provisions of this Indenture;

(2) the redemption, repurchase, retirement, defeasance or other acquisition of any subordinated Indebtedness of the Company or the Guarantor in exchange for, or out of the net proceeds of the substantially concurrent sale (other than to a Subsidiary of the Company or the Guarantor) of, Equity Interests of the Company or the Guarantor (other than Disqualified Stock); provided that the amount of any such net cash proceeds that are utilized for any such redemption, repurchase, retirement, defeasance or other acquisition shall be excluded from clause (3) (b) of the preceding paragraph;

(3) the defeasance, redemption, repurchase or other acquisition of subordinated Indebtedness of the Company, the Guarantor or any of their Restricted Subsidiaries with the net cash proceeds from an incurrence of Permitted Refinancing Indebtedness;

(4) regardless of whether a Default then exists, the payment of any dividend or distribution to the extent necessary to permit direct or indirect beneficial owners of shares of Capital Stock of the Company or the Guarantor to pay federal, state or local income tax liabilities that would arise solely from income of the Company or the Guarantor or any of their Restricted Subsidiaries, as the case may be, for the relevant taxable period and attributable to them solely as a result of the Company or the Guarantor (and any intermediate entity through which the Holder owns such shares) or any of its Restricted Subsidiaries being a limited liability company, partnership or similar entity for federal income tax purposes;

(5) regardless of whether a Default then exists, the payment of any dividend by a Restricted Subsidiary of the Company or the Guarantor to the holders of its common Equity Interests on a pro rata basis;

(6) the payment of any dividend on the Company Preferred Stock or the redemption, repurchase, retirement or other acquisition of the Company Preferred Stock in an amount not in excess of its aggregate liquidation value;

(7) the repurchase, redemption or other acquisition or retirement for value of any Equity Interests of the Company or the Guarantor held by any member of the Company's or the Guarantor's management pursuant to any management equity subscription agreement or stock option agreement in effect as of the date of this Indenture; provided that the aggregate price paid for all such repurchased, redeemed, acquired or retired Equity Interests shall not exceed $10 million in any fiscal year; and

(8) payment of fees in connection with any acquisition, merger or similar transaction in an amount that does not exceed an amount equal to 1.25% of the transaction value of such acquisition, merger or similar transaction.

The amount of all Restricted Payments (other than cash) shall be the fair market value on the date of the Restricted Payment of the asset(s) or securities proposed to be transferred or issued by the Company, the Guarantor or any of their Restricted Subsidiaries pursuant to the Restricted Payment. The fair market value of any assets or securities that are required to be valued by this covenant shall be determined by the Board of Directors of the Company or the Guarantor, as the case may be, whose resolution with respect thereto shall be delivered to the Trustee. Such Board of Director's determination must be based upon an opinion or appraisal issued by an accounting, appraisal or investment banking firm of national standing if the fair market value exceeds $100 million. Not later than the date of making any Restricted Payment, the Company or the Guarantor, as the case may be shall deliver to the Trustee an Officers' Certificate stating that such Restricted Payment is permitted and setting forth the basis upon which the calculations required by this Section 4.07 were computed, together with a copy of any fairness opinion or appraisal required by this Indenture.

Section 4.08. Investments.

The Company shall not, and shall not permit any of its Restricted Subsidiaries to, and the Guarantor shall not, and shall not permit any of its Restricted Subsidiaries to, directly or indirectly:

(1) make any Restricted Investment; or

(2) allow any Restricted Subsidiary of the Company or the Guarantor to become an Unrestricted Subsidiary,

unless, in each case:

(1) no Default or Event of Default shall have occurred and be continuing or would occur as a consequence thereof; and

(2) the Company would, at the time of, and after giving effect to, such Restricted Investment or such designation of a Restricted Subsidiary as an Unrestricted Subsidiary, have been permitted to incur at least $1.00 of additional Indebtedness pursuant to the Leverage Ratio test set forth in the first paragraph of Section 4.10.

Any designation of a Subsidiary of the Company or the Guarantor as an Unrestricted Subsidiary shall be evidenced to the Trustee by filing with the Trustee a certified copy of the Board Resolution giving effect to such designation and an Officers' Certificate certifying that such designation complied with the preceding conditions and was permitted by this Section 4.08. If, at any time, any Unrestricted Subsidiary would fail to meet the requirements as an Unrestricted Subsidiary described in the definition of "Unrestricted Subsidiary," it shall thereafter cease to be an Unrestricted Subsidiary for purposes of this Indenture and any Indebtedness of such Subsidiary shall be deemed to be incurred by a Restricted Subsidiary of the Company or the Guarantor as of such date and, if such Indebtedness is not permitted to be incurred as of such date under Section 4.10, the Company or the Guarantor, as the case may be, shall be in default. The Board of Directors of the Company and the Guarantor may at any time designate any Unrestricted Subsidiary to be a Restricted Subsidiary; provided that such designation shall be deemed to be an incurrence of Indebtedness by a Restricted Subsidiary of the Company or the Guarantor, respectively, of any outstanding Indebtedness of such Unrestricted Subsidiary and such designation shall

only be permitted if (1) such Indebtedness is permitted under the covenant described under Section 4.10 calculated on a pro forma basis as if such designation had occurred at the beginning of the Reference Period; and (2) no Default or Event of Default would be in existence following such designation.

Section 4.09. Dividend and Other Payment Restrictions Affecting Subsidiaries.

The Company and the Guarantor shall not, directly or indirectly, create or permit to exist or become effective any encumbrance or restriction on the ability of any Restricted Subsidiary of the Company or the Guarantor, as the case may be, to:

(1) pay dividends or make any other distributions on its Capital Stock to the Company or any of its Restricted Subsidiaries or to the Guarantor or any of its Restricted Subsidiaries, or with respect to any other interest or participation in, or measured by, its profits, or pay any indebtedness owed to the Company or any of its Restricted Subsidiaries or to the Guarantor or any of its Restricted Subsidiaries;

(2) make loans or advances to the Company or any of its Restricted Subsidiaries or to the Guarantor or any of its Restricted Subsidiaries; or

(3) transfer any of its properties or assets to the Company or any of its Restricted Subsidiaries or to the Guarantor or any of its Restricted Subsidiaries.

However, the preceding restrictions shall not apply to encumbrances or restrictions existing under or by reason of:

(1) Existing Indebtedness as in effect on the date of this Indenture (including, without limitation, the Credit Facilities) and any amendments, modifications, restatements, renewals, increases, supplements, refundings, replacements or refinancings thereof; provided that such amendments, modifications, restatements, renewals, increases, supplements, refinancings, replacements or refinancings are no more restrictive, taken as a whole, with respect to such dividend and other payment restrictions than those contained in such Existing Indebtedness, as in effect on the date of this Indenture;

(2) this Indenture, the Notes and the Other Notes;

(3) applicable law;

(4) any instrument governing Indebtedness or Capital Stock of a Person acquired by the Company or any of its Restricted Subsidiaries or to the Guarantor or any of its Restricted Subsidiaries as in effect at the time of such acquisition (except to the extent such Indebtedness was incurred in connection with or in contemplation of such acquisition), which encumbrance or restriction is not applicable to any Person, or the properties or assets of any Person, other than the Person, or the property or assets of the Person, so acquired; provided that, in the case of Indebtedness, such Indebtedness was permitted by the terms of the Indenture to be incurred;

(5) customary non-assignment provisions in leases entered into in the ordinary course of business and consistent with past practices;

(6) purchase money obligations for property acquired in the ordinary course of business that impose restrictions on the property so acquired of the nature described in clause (3) of the preceding paragraph;

(7) any agreement for the sale or other disposition of a Restricted Subsidiary of either the Company or the Guarantor that restricts distributions by such Restricted Subsidiary pending its sale or other disposition;

(8) Permitted Refinancing Indebtedness; provided that the restrictions contained in the agreements governing such Permitted Refinancing Indebtedness are no more restrictive, taken as a whole, than those contained in the agreements governing the Indebtedness being refinanced;

(9) Liens securing Indebtedness otherwise permitted to be incurred pursuant to the provisions of the covenant described above under Section 4.14 that limit the right of the Company or any of its Restricted Subsidiaries or the Guarantor or any of its Restricted Subsidiaries to dispose of the assets subject to such Lien;

(10) provisions with respect to the disposition or distribution of assets or property in joint venture agreements and other similar agreements entered into in the ordinary course of business;

(11) restrictions on cash or other deposits or net worth imposed by customers under contracts entered into in the ordinary course of business;

(12) restrictions contained in the terms of Indebtedness permitted to be incurred under Section 4.10; provided that such restrictions are no more restrictive than the terms contained in the Credit Facilities as in effect on the Issue Date; and

(13) restrictions that are not materially more restrictive than customary provisions in comparable financings and the management of the Company determines that such restrictions will not materially impair the Company's ability to make payments as required under the Notes.

Section 4.10. Incurrence of Indebtedness and Issuance of Preferred Stock.

The Company shall not, and shall not permit any of its Restricted Subsidiaries to, and the Guarantor shall not, and shall not permit any of its Restricted Subsidiaries to, directly or indirectly, create, incur, issue, assume, guarantee or otherwise become directly or indirectly liable, contingently or otherwise, with respect to (collectively, "incur") any Indebtedness (including Acquired Debt), and the Company and the Guarantor shall not issue any Disqualified Stock and shall not permit any of their Restricted Subsidiaries to issue any shares of preferred stock unless the Leverage Ratio would have been not greater than 8.75 to 1.0 determined on a pro forma basis (including a pro forma application of the net proceeds therefrom), as if the additional Indebtedness had been incurred, or the Disqualified Stock had been issued, as the case may be, at the beginning of the most recently ended fiscal quarter.

So long as no Default shall have occurred and be continuing or would be caused thereby, the first paragraph of this covenant shall not prohibit the incurrence of any of the following items of Indebtedness (collectively, "Permitted Debt"):

(1) the incurrence by the Company and its Restricted Subsidiaries and the Guarantor and its Restricted Subsidiaries of Indebtedness under the Credit Facilities; provided that the aggregate principal amount of all Indebtedness of the Company and its Restricted Subsidiaries and the Guarantor and its Restricted Subsidiaries outstanding under all Credit Facilities after giving effect to such incurrence does not exceed an amount equal to $3.5 billion less the aggregate amount of all Net Proceeds of Asset Sales applied by the Company or any of its

Subsidiaries or the Guarantor or any of its Subsidiaries, as the case may be, in the case of an Asset Sale since the date of this Indenture to repay Indebtedness under a Credit Facility pursuant to Section 4.11;

(2) the incurrence by the Company and its Restricted Subsidiaries and the Guarantor and its Restricted Subsidiaries of Existing Indebtedness (other than the Credit Facilities);

(3) the incurrence on the Issue Date by the Company and its Restricted Subsidiaries and the Guarantor and its Restricted Subsidiaries of Indebtedness represented by the Notes, the Other Notes and the related Guarantees;

(4) the incurrence by the Company or any of its Restricted Subsidiaries or the Guarantor or any of its Restricted Subsidiaries of Indebtedness represented by Capital Lease Obligations, mortgage financings or purchase money obligations, in each case, incurred for the purpose of financing all or any part of the purchase price or cost of construction or improvement (including, without limitation, the cost of design, development, construction, acquisition, transportation, installation, improvement, and migration) of Productive Assets of the Company or any of its Restricted Subsidiaries or the Guarantor or any of its Restricted Subsidiaries, in an aggregate principal amount not to exceed $75 million at any time outstanding;

(5) the incurrence by the Company or any of its Restricted Subsidiaries or the Guarantor or any of its Restricted Subsidiaries of Permitted Refinancing Indebtedness in exchange for, or the net proceeds of which are used to refund, refinance or replace, in whole or in part, Indebtedness (other than intercompany Indebtedness) that was permitted by this Indenture to be incurred under the first paragraph of this covenant or clauses (2) or (3) of this paragraph;

(6) the incurrence by the Company or any of its Restricted Subsidiaries or the Guarantor or any of its Restricted Subsidiaries, as the case may be, of intercompany Indebtedness between or among the Company and any of its Wholly Owned Restricted Subsidiaries, or the Guarantor or any of its Restricted Subsidiaries, respectively; provided that except for the Mirror Note, this clause does not permit Indebtedness between the Company or any of its Restricted Subsidiaries, as creditor or debtor, as the case may be, and the Guarantor or any of its Restricted Subsidiaries, as debtor or creditor, as the case may be, unless otherwise permitted by the Indentures; provided, further, that:

(a) if the Company or the Guarantor is the obligor on such Indebtedness, such Indebtedness must be expressly subordinated to the prior payment in full in cash of all Obligations with respect to the Notes in the case of the Company, or the Guarantee of such Guarantor, in the case of the Guarantor; and

(b) (i) any subsequent issuance or transfer of Equity Interests that results in any such Indebtedness being held by a Person other than the Company or a Wholly Owned Restricted Subsidiary thereof or the Guarantor or a Wholly Owned Restricted Subsidiary thereof and (ii) any sale or other transfer of any such Indebtedness to a Person that is not either the Company or a Wholly Owned Restricted Subsidiary thereof or the Guarantor or a Wholly Owned Restricted Subsidiary thereof, shall be deemed, in each case, to constitute an incurrence of such Indebtedness by the Company or any of its Restricted Subsidiaries or the Guarantor or any of its Restricted Subsidiaries, respectively, as the case may be, that was not permitted by this clause (6);

(7) the incurrence by the Company or any of its Restricted Subsidiaries, or the Guarantor or any of its Restricted Subsidiaries, of Hedging Obligations that are incurred for the purpose of fixing or hedging interest rate risk with respect to any floating rate Indebtedness that is permitted by the terms of the Indentures to be outstanding;

(8) the guarantee by the Company or the Guarantor of Indebtedness of the Company or a Restricted Subsidiary of the Company, or Indebtedness of the Guarantor or a Restricted Subsidiary of the Guarantor, that was permitted to be incurred by another provision of this Section 4.10;

(9) the incurrence by the Company or any of its Restricted Subsidiaries, or the Guarantor or any of its Restricted Subsidiaries of additional Indebtedness in an aggregate principal amount at any time outstanding, not to exceed $300 million;

(10) the incurrence by the Company or any of its Restricted Subsidiaries, or the Guarantor or any of its Restricted Subsidiaries, of additional Indebtedness in an aggregate principal amount at any time outstanding, not to exceed 200% of the net cash proceeds received by the Company from the sale of its Equity Interests (other than Disqualified Stock) after the date of this Indenture to the extent such net cash proceeds have not been applied to make Restricted Payments or to effect other transactions pursuant to Section 4.07 or to make Permitted Investments pursuant to clause (6) of the definition thereof;

(11) the accretion or amortization of original issue discount and the write up of Indebtedness in accordance with purchase accounting; and

(12) Indebtedness under the Mirror Note.

For purposes of determining compliance with this Section 4.10, in the event that an item of proposed Indebtedness meets the criteria of more than one of the categories of Permitted Debt described in clauses (1) through (12) above, or is entitled to be incurred pursuant to the first paragraph of this covenant, the Company or the Guarantor, as the case may be, shall be permitted to classify and from time to time to reclassify such item of Indebtedness on the date of its incurrence in any manner that complies with this covenant. For avoidance of doubt, Indebtedness incurred pursuant to a single agreement, instrument, program, facility or line of credit may be classified as Indebtedness arising in part under one of the clauses listed above, and in part under any one or more of the clauses listed above, to the extent that such Indebtedness satisfies the criteria for such clauses.

Notwithstanding the foregoing, in no event shall any Restricted Subsidiary of the Company or the Guarantor consummate a Subordinated Debt Financing or a Preferred Stock Financing. A "Subordinated Debt Financing" or a "Preferred Stock Financing", as the case may be, with respect to any Restricted Subsidiary of the Company or the Guarantor shall mean a public offering or private placement (whether pursuant to Rule 144A under the Securities Act or otherwise) of Subordinated Notes or preferred stock (whether or not such preferred stock constitutes Disqualified Stock), as the case may be, of such Restricted Subsidiary to one or more purchasers (other than to one or more Affiliates of the Company or the Guarantor). "Subordinated Notes" with respect to any Restricted Subsidiary of the Company or the Guarantor shall mean Indebtedness of such Restricted Subsidiary that is contractually subordinated in right of payment to any other Indebtedness of such Restricted Subsidiary (including, without limitation, Indebtedness under the Credit Facilities). The foregoing limitation shall not apply to (i) any Indebtedness or preferred stock of any Person existing at the time such Person is merged with or into or became a Subsidiary of the Company or the Guarantor; provided that such Indebtedness or

preferred stock was not incurred or issued in connection with, or in contemplation of, such Person merging with or into, or becoming a Subsidiary of, the Company or the Guarantor and (ii) any Indebtedness or preferred stock of a Restricted Subsidiary issued in connection with, and as part of the consideration for, an acquisition, whether by stock purchase, asset sale, merger or otherwise, in each case involving such Restricted Subsidiary, which Indebtedness or preferred stock is issued to the seller or sellers of such stock or assets; provided that such Restricted Subsidiary is not obligated to register such Indebtedness or preferred stock under the Securities Act or obligated to provide information pursuant to Rule 144A under the Securities Act.

Section 4.11. Limitation on Asset Sales.

The Company shall not, and shall not permit any of its Restricted Subsidiaries to, and the Guarantor shall not, and shall not permit any of its Restricted Subsidiaries to, consummate an Asset Sale unless:

(1) the Company, the Guarantor or a Restricted Subsidiary of the Company or the Guarantor, as the case may be, receives consideration at the time of such Asset Sale at least equal to the fair market value of the assets or Equity Interests issued or sold or otherwise disposed of;

(2) such fair market value is determined by the Company's or the Guarantor's Board of Directors, as the case may be, and evidenced by a resolution of such Board of Directors set forth in an Officers' Certificate delivered to the Trustee; and

(3) at least 75% of the consideration therefor received by the Company, the Guarantor or such Restricted Subsidiary is in the form of cash, Cash Equivalents or readily marketable securities.

For purposes of this Section 4.11, each of the following shall be deemed to be cash:

(a) any liabilities (as shown on the Company's, the Guarantor's or such Restricted Subsidiary's most recent balance sheet) of the Company, the Guarantor or any Restricted Subsidiary (other than contingent liabilities and liabilities that are by their terms subordinated to the Notes or the Guarantees) that are assumed by the transferee of any such assets pursuant to a customary novation agreement that releases the Company, the Guarantor or such Restricted Subsidiary from further liability;

(b) any securities, notes or other obligations received by the Company, the Guarantor or any such Restricted Subsidiary from such transferee that are converted by the Company, the Guarantor or such Restricted Subsidiary into cash, Cash Equivalents or readily marketable securities within 60 days after receipt thereof (to the extent of the cash, Cash Equivalents or readily marketable securities received in that conversion); and

(c) Productive Assets.

Within 365 days after the receipt of any Net Proceeds from an Asset Sale, the Company, the Guarantor or a Restricted Subsidiary of the Company or the Guarantor, as the case may be, may apply such Net Proceeds at its option:

(1) to repay debt under the Credit Facilities or any other Indebtedness of the Restricted Subsidiaries of the Company (other than Indebtedness represented by a guarantee of a Restricted Subsidiary of the Company or the Guarantor); or

(2) to invest in Productive Assets; provided that any Net Proceeds which the Company, the Guarantor, or a Restricted Subsidiary of the Company or the Guarantor, as the case may be, has committed to invest in Productive Assets within 365 days of the applicable Asset Sale may be invested in Productive Assets within two years of such Asset Sale.

Any Net Proceeds from Asset Sales that are not applied or invested as provided in the preceding paragraph shall constitute "Excess Proceeds." When the aggregate amount of Excess Proceeds exceeds $25.0 million, the Issuers shall make an Asset Sale Offer to all Holders of Notes and all holders of other Indebtedness that is pari passu with the Notes containing provisions requiring offers to purchase or redeem with the proceeds of sales of assets to purchase the maximum principal amount of Notes and such other pari passu Indebtedness that may be purchased out of the Excess Proceeds (which amount includes the entire amount of the Net Proceeds). The offer price in any Asset Sale Offer shall be payable in cash and equal to 100% of principal amount plus accrued and unpaid interest, if any, to the date of purchase. If any Excess Proceeds remain after consummation of an Asset Sale Offer, the Company may use such Excess Proceeds for any purpose not otherwise prohibited by this Indenture. If the aggregate principal amount of Notes and such other pari passu Indebtedness tendered into such Asset Sale Offer exceeds the amount of Excess Proceeds, the Trustee shall select the Notes and such other pari passu Indebtedness to be purchased on a pro rata basis. Upon completion of each Asset Sale Offer, the amount of Excess Proceeds shall be reset at zero.

In the event that the Issuers shall be required to commence an offer to Holders to purchase Notes pursuant to this Section 4.11, they shall follow the procedures specified in Section 3.09.

Section 4.12. Sale and Leaseback Transactions.

The Company shall not, and shall not permit any of its Restricted Subsidiaries to, and the Guarantor shall not, and shall not permit any of its Restricted Subsidiaries to, enter into any sale and leaseback transaction; provided that the Company or the Guarantor may enter into a sale and leaseback transaction if:

(1) the Company or the Guarantor, as applicable, could have (a) incurred Indebtedness in an amount equal to the Attributable Debt relating to such sale and leaseback transaction under the Leverage Ratio test in the first paragraph of Section 4.10 and (b) incurred a Lien to secure such Indebtedness pursuant to Section 4.14; and

(2) the transfer of assets in that sale and leaseback transaction is permitted by, and the Company or the Guarantor, as the case may be, applies the proceeds of such transaction in compliance with, the covenant described above under Section 4.11.

The foregoing restrictions do not apply to a sale and leaseback transaction if the lease is for a period, including renewal rights, of not in excess of three years.

Section 4.13. Transactions with Affiliates.

The Company shall not, and shall not permit any of its Restricted Subsidiaries to, and the Guarantor shall not, and shall not permit any of its Restricted Subsidiaries to, make any payment to, or

sell, lease, transfer or otherwise dispose of any of its properties or assets to, or purchase any property or assets from, or enter into or make or amend any transaction, contract, agreement, understanding, loan, advance or guarantee with, or for the benefit of, any Affiliate (each, an "Affiliate Transaction"), unless:

(1) such Affiliate Transaction is on terms that are no less favorable to the Company or the relevant Restricted Subsidiary or to the Guarantor or the relevant Restricted Subsidiary, than those that would have been obtained in a comparable transaction by the Company or such Restricted Subsidiary or the Guarantor or such Restricted Subsidiary, as the case may be, with an unrelated Person; and

(2) the Company, or the Guarantor, as the case may be, delivers to the Trustee:

(a) with respect to any Affiliate Transaction or series of related Affiliate Transactions involving aggregate consideration in excess of $15.0 million, a resolution of the Board of Directors of the Company or a resolution of the Board of Directors of the Guarantor, as the case may be, set forth in an Officers' Certificate certifying that such Affiliate Transaction complies with this covenant and that such Affiliate Transaction has been approved by a majority of the members of such Board of Directors; and

(b) with respect to any Affiliate Transaction or series of related Affiliate Transactions involving aggregate consideration in excess of $50.0 million, an opinion as to the fairness to the Holders of such Affiliate Transaction from a financial point of view issued by an accounting, appraisal or investment banking firm of national standing.

The following items shall not be deemed to be Affiliate Transactions and, therefore, shall not be subject to the provisions of the prior paragraph:

(1) existing employment agreement entered into by the Company, the Guarantor or any of their Subsidiaries and any employment agreement entered into by the Company or any of its Restricted Subsidiaries or, any employment agreement entered into by the Guarantor or any of its Restricted Subsidiaries in the ordinary course of business and consistent with the past practice of the Company or such Restricted Subsidiary or the Guarantor or such Restricted Subsidiary, as the case may be;

(2) transactions between or among the Company and/or its Restricted Subsidiaries and the transactions between or among the Guarantor and/or its Restricted Subsidiaries;

(3) payment of reasonable directors fees to Persons who are not otherwise Affiliates of the Company or the Guarantor, as the case may be, and customary indemnification and insurance arrangements in favor of directors, regardless of affiliation with the Company, the Guarantor or any of their Restricted Subsidiaries;

(4) payment of management fees pursuant to management agreements either (A) existing on the Issue Date or (B) entered into after the Issue Date, to the extent that such management agreements provide for percentage fees no higher than the percentage fees existing under the management agreements existing on the Issue Date;

(5) Restricted Payments that are permitted by Section 4.07; and

(6) Permitted Investments.

Section 4.14. Liens.

The Company and the Guarantor shall not, directly or indirectly, create, incur, assume or suffer to exist any Lien of any kind securing Indebtedness, Attributable Debt or trade payables on any asset now owned or hereafter acquired, except Permitted Liens.

Section 4.15. Corporate Existence.

Subject to Article 5, each of the Company and the Guarantor shall do or cause to be done all things necessary to preserve and keep in full force and effect (i) its corporate existence, and the corporate, partnership or other existence of each of its Subsidiaries, in accordance with the respective organizational documents (as the same may be amended from time to time) of the Company, the Guarantor or any such Subsidiary and (ii) the rights (charter and statutory), licenses and franchises of the Company, the Guarantor and their Subsidiaries; provided, however, that neither the Company nor the Guarantor shall be required to preserve any such right, license or franchise, or the corporate, partnership or other existence of any of their Subsidiaries (other than Charter Capital), if the Board of Directors shall determine that the preservation thereof is no longer desirable in the conduct of the business of the Company and its Subsidiaries and the Guarantor and its Subsidiaries, taken as a whole, and that the loss thereof is not adverse in any material respect to the Holders of the Notes.

Section 4.16. Repurchase at the Option of Holders upon a Change of Control.

If a Change of Control occurs, each Holder of Notes shall have the right to require the Issuers to repurchase all or any part (equal to $1,000 or an integral multiple thereof) of that Holder's Notes pursuant to a Change of Control Offer. In the Change of Control Offer, the Issuers shall offer (a "Change of Control Offer") a payment (the "Change of Control Payment") in cash equal to 101% of the aggregate principal amount of Notes repurchased plus accrued and unpaid interest thereon, if any, to the date of purchase.

Within ten days following any Change of Control, the Issuers shall mail a notice to each Holder (with a copy to the Trustee) describing the transaction or transactions that constitute the Change of Control and stating:

(a) the purchase price and the purchase date, which shall not exceed 30 Business Days from the date such notice is mailed (the "Change of Control Payment Date");

(b) that any Note not tendered shall continue to accrue interest;

(c) that, unless the Issuers default in the payment of the Change of Control Payment, all Notes accepted for payment pursuant to the Change of Control Offer shall cease to accrue interest after the Change of Control Payment Date;

(d) that Holders electing to have any Notes purchased pursuant to a Change of Control Offer shall be required to surrender the Notes, with the form entitled "Option of Holder to Elect Purchase" on the reverse of the Notes completed, to the Paying Agent at the address specified in the notice prior to the close of business on the third Business Day preceding the Change of Control Payment Date;

(e) that Holders shall be entitled to withdraw their election if the Paying Agent receives, not later than the close of business on the second Business Day preceding the Change

of Control Payment Date, a telegram, telex, facsimile transmission or letter setting forth the name of the Holder, the principal amount of Notes delivered for purchase, and a statement that such Holder is withdrawing his election to have the Notes purchased; and

(f) that Holders whose Notes are being purchased only in part shall be issued new Notes equal in principal amount to the unpurchased portion of the Notes surrendered, which unpurchased portion must be equal to $1,000 in principal amount or an integral multiple thereof.

The Issuers shall comply with the requirements of Rule 14e-1 under the Exchange Act (or any successor rules) and any other securities laws and regulations thereunder to the extent such laws and regulations are applicable in connection with the repurchase of the Notes as a result of a Change of Control.

On the Change of Control Payment Date, the Issuers shall, to the extent lawful:

(a) accept for payment all Notes or portions thereof properly tendered pursuant to the Change of Control Offer;

(b) deposit with the Paying Agent an amount equal to the Change of Control Payment in respect of all Notes or portions thereof so tendered; and

(c) deliver or cause to be delivered to the Trustee the Notes so accepted together with an Officers' Certificate stating the aggregate principal amount of Notes or portions thereof being purchased by the Issuers.

The Paying Agent shall promptly pay to each Holder of Notes so tendered the Change of Control Payment for such Notes, and the Trustee shall promptly authenticate and mail (or cause to be transferred by book entry) to each Holder a new Note equal in principal amount to any unpurchased portion of the Notes surrendered, if any; provided that each such new Note shall be in a principal amount of $1,000 or an integral multiple thereof. The Company shall publicly announce the results of the Change of Control Offer on or as soon as practicable after the Change of Control Payment Date.

The provisions described above that require the Issuers to make a Change of Control Offer following a Change of Control shall be applicable regardless of whether or not any other provisions in this Indenture are applicable. Except as described above with respect to a Change of Control, this Indenture does not contain provisions that permit the Holders of the Notes to require that the Issuers repurchase or redeem the Notes in the event of a takeover, recapitalization or similar transaction.

Notwithstanding any other provision of this Section 4.16, the Issuers shall not be required to make a Change of Control Offer upon a Change of Control if a third party makes the Change of Control Offer in the manner, at the times and otherwise in compliance with the requirements set forth in this Indenture applicable to a Change of Control Offer made by the Issuers and purchases all Notes validly tendered and not withdrawn under such Change of Control Offer.

Section 4.17. Limitations on Issuances of Guarantees of Indebtedness.

The Company shall not permit any of its Restricted Subsidiaries, directly or indirectly, and the Guarantor shall not permit any of its Restricted Subsidiaries, directly or indirectly, to Guarantee or pledge any assets to secure the payment of any other Indebtedness of the Company or the Guarantor, as the case may be, except in respect of the Credit Facilities (the "Guaranteed Indebtedness") unless (i) such Restricted Subsidiary of the Company or the Guarantor, as the case may be, simultaneously executes and delivers a supplemental indenture providing for the Guarantee (a "Subsidiary Guarantee") of the payment

of the Notes by such Restricted Subsidiary and (ii) until one year after all the Notes have been paid in full in cash, such Restricted Subsidiary waives and will not in any manner whatsoever claim or take the benefit or advantage of, any rights of reimbursement, indemnity or subrogation or any other rights against the Company, the Guarantor or any other Restricted Subsidiary of the Company or the Guarantor as a result of any payment by such Restricted Subsidiary under its Subsidiary Guarantee; provided that this paragraph shall not be applicable to any Guarantee or any Restricted Subsidiary that existed at the time such Person became a Restricted Subsidiary and was not Incurred in connection with, or in contemplation of, such Person becoming a Restricted Subsidiary. If the Guaranteed Indebtedness is subordinated to the Notes, then the Guarantee of such Guaranteed Indebtedness shall be subordinated to the Subsidiary Guarantee at least to the extent that the Guaranteed Indebtedness is subordinated to the Notes.

Section 4.18. Payments for Consent.

The Company shall not, and shall not permit any of its Subsidiaries to, and the Guarantor shall not, and shall not permit any of its Subsidiaries to, directly or indirectly, pay or cause to be paid any consideration to or for the benefit of any Holder of Notes for or as an inducement to any consent, waiver or amendment of any of the terms or provisions of this Indenture or the Notes unless such consideration is offered to be paid and is paid to all Holders of the Notes that consent, waive or agree to amend in the time frame set forth in the solicitation documents relating to such consent, waiver or agreement.

Section 4.19. Application of Fall-Away Covenants.

During any period of time that (a) the Notes have Investment Grade Ratings from both Rating Agencies and (b) no Default or Event of Default has occurred and is continuing, the Company and its Restricted Subsidiaries and the Guarantor and its Restricted Subsidiaries shall not be subject to the provisions of Sections 4.07, 4.08, 4.09, 4.10, 4.11, 4.12, 4.13 and clause (4) of the first paragraph of Section 5.01 (collectively, the "Suspended Covenants"). In the event that the Company and its Restricted Subsidiaries are not subject to the Suspended Covenants for any period of time as a result of the preceding sentence and, subsequently, one or both of the Rating Agencies withdraws its ratings or downgrades the ratings assigned to the Notes below the required Investment Grade Ratings or a Default or Event of Default occurs and is continuing, then the Company and its Restricted Subsidiaries and the Guarantor and its Restricted Subsidiaries shall thereafter again be subject to the Suspended Covenants and compliance with the Suspended Covenants with respect to the Restricted Payments made after the time of such withdrawal, downgrade, Default or Event of Default will be calculated in accordance with the terms of Section 4.07 as though such covenant had been in effect during the entire period of time from the Issue Date.

Section 4.20. Impairment of Security Interest.

Neither the Company, the Guarantor nor any of their Subsidiaries shall take or omit to take any action which action or omission would have the result of adversely affecting or impairing the security interest in favor of the Trustee, on behalf of itself and the Holders, with respect to the Collateral, and neither the Company, the Guarantor nor any of their Subsidiaries shall grant to any Person, or suffer any Person (other than the Trustee with respect to the Collateral securing the obligations under the Notes and the Company with respect to the Collateral securing the obligations under the Mirror Note) to have any interest whatsoever in the Collateral other than Liens permitted by the Pledge Documents. Neither the Company nor any of its Subsidiaries shall enter into any agreement or instrument that by its terms requires the proceeds received from any sale of Collateral to be applied to repay, redeem, defease or

otherwise acquire or retire any Indebtedness of any Person, other than pursuant to this Indenture, the Notes and the Pledge Documents.

Section 4.21. Security Interest.

The Company and the Guarantor shall, and shall cause each of their Restricted Subsidiaries to, undertake to deliver or cause to be delivered to the Trustee from time to time such other documentation, consents, authorizations, approvals and orders in form and substance reasonably satisfactory to the Trustee as the Trustee shall deem necessary or advisable to perfect or maintain the security interest in the Collateral for the benefit of the Trustee on behalf of the Holders until any such Collateral is released in accordance with the terms of this Indenture.

ARTICLE 5
SUCCESSORS

Section 5.01. Merger, Consolidation, or Sale of Assets.

Neither of the Issuers nor the Guarantor may, directly or indirectly: (1) consolidate or merge with or into another Person (whether or not such Issuer, or the Guarantor, as the case may be, is the surviving corporation); or (2) sell, assign, transfer, convey or otherwise dispose of all or substantially all of its properties or assets, in one or more related transactions, to another Person; unless:

(1) either: (a) such Issuer, or the Guarantor, as the case may be, is the surviving corporation; or (b) the Person formed by or surviving any such consolidation or merger (if other than such Issuer, or the Guarantor, as the case may be) or to which such sale, assignment, transfer, conveyance or other disposition shall have been made is a Person organized or existing under the laws of the United States, any state thereof or the District of Columbia (provided that if the Person formed by or surviving any such consolidation or merger with either Issuer is a limited liability company or other Person other than a corporation, a corporate co-issuer shall also be an obligor with respect to the Notes);

(2) the Person formed by or surviving any such consolidation or merger (if other than the Company, or the Guarantor, as the case may be) or the Person to which such sale, assignment, transfer, conveyance or other disposition shall have been made assumes all the obligations of the Company, or the Guarantor, as the case may be, under the Notes in the case of the Company, or under the Guarantee, in the case of the Guarantor, and this Indenture pursuant to agreements reasonably satisfactory to the Trustee;

(3) immediately after such transaction no Default or Event of Default exists; and

(4) the Company, or the Guarantor, as the case may be, or the Person formed by or surviving any such consolidation or merger (if other than the Company, or the Guarantor, as the case may be) will, on the date of such transaction after giving pro forma effect thereto and any related financing transactions as if the same had occurred at the beginning of the applicable four-quarter period, either (A) be permitted to incur at least $1.00 of additional Indebtedness pursuant to the Leverage Ratio test set forth in the first paragraph of Section 4.10 or (B) have a Leverage Ratio immediately after giving effect to such consolidation or merger no greater than the Leverage Ratio immediately prior to such consolidation or merger.

In addition, the Company may not, directly or indirectly, and the Guarantor may not, directly or indirectly, lease all or substantially all of its properties or assets, in one or more related transactions, to any other Person. This Section 5.01 shall not apply to a sale, assignment, transfer, conveyance or other disposition of assets between or among the Company and any of its Wholly-Owned Subsidiaries, or the Guarantor and any of its Wholly-Owned Subsidiaries, as the case may be.

Section 5.02. Successor Corporation Substituted.

Upon any consolidation or merger, or any sale, assignment, transfer, lease, conveyance or other disposition of all or substantially all of the assets of either Issuer or the Guarantor, as the case may be, in accordance with Section 5.01, the successor Person formed by such consolidation or into which either Issuer or the Guarantor, as the case may be, is merged or to which such transfer is made shall succeed to and (except in the case of a lease) be substituted for, and may exercise every right and power of, such Issuer or the Guarantor, as the case may be, under this Indenture with the same effect as if such successor Person had been named therein as such Issuer or the Guarantor, as the case may be, and (except in the case of a lease) such Issuer or the Guarantor, as the case may be, shall be released from the obligations under the Notes (or the Guarantee, in the case of the Guarantor) and this Indenture, except with respect to any obligations that arise from, or are related to, such transaction.

ARTICLE 6
DEFAULTS AND REMEDIES

Section 6.01. Events of Default.

An "Event of Default" occurs if:

(a) the Issuers default in the payment when due of interest on the Notes and such default continues for a period of 30 days;

(b) the Issuers default in payment when due of the principal of or premium, if any, on the Notes;

(c) the Company or any of its Restricted Subsidiaries, or the Guarantor or any of its Restricted Subsidiaries, fails to comply with any of the provisions of Sections 4.16 or 5.01;

(d) the Company or any of its Restricted Subsidiaries, or the Guarantor or any of its Restricted Subsidiaries, fails to comply with any of their other covenants or agreements in this Indenture for 30 days after written notice thereof has been given to the Company by the Trustee or to the Company and the Trustee by Holders of at least 25% of the aggregate principal amount of the Notes outstanding;

(e) the Company or any of its Restricted Subsidiaries, or the Guarantor or any of its Restricted Subsidiaries, defaults under any mortgage, indenture or instrument under which there may be issued or by which there may be secured or evidenced any Indebtedness for money borrowed (or the payment of which is guaranteed by the Company or any of its Restricted Subsidiaries or by the Guarantor or any of its Restricted Subsidiaries) whether such Indebtedness or guarantee now exists or is created after the date of this Indenture, if that default:

(1) is caused by a failure to pay at final stated maturity the principal amount on such Indebtedness prior to the expiration of the grace period provided in such Indebtedness on the date of such default (a "Payment Default"); or

(2) results in the acceleration of such Indebtedness prior to its express maturity,

and, in each case, the principal amount of any such Indebtedness, together with the principal amount of any other such Indebtedness under which there has been a Payment Default or the maturity of which has been so accelerated, aggregates $100.0 million or more;

(f) the Company or any of its Restricted Subsidiaries, or the Guarantor or any of its Restricted Subsidiaries, fails to pay final judgments which are non-appealable aggregating in excess of $100.0 million (net of applicable insurance which has not been denied in writing by the insurer), which judgments are not paid, discharged or stayed for a period of 60 days;

(g) the Company, the Guarantor or any of their Significant Subsidiaries pursuant to or within the meaning of Bankruptcy Law:

(i) commences a voluntary case,

(ii) consents to the entry of an order for relief against it in an involuntary case,

(iii) consents to the appointment of a custodian of it or for all or substantially all of its property, or

(iv) makes a general assignment for the benefit of its creditors; or

(h) a court of competent jurisdiction enters an order or decree under any Bankruptcy Law that:

(i) is for relief against the Company, the Guarantor or any of their Significant Subsidiaries in an involuntary case;

(ii) appoints a custodian of the Company, the Guarantor or any of their Significant Subsidiaries or for all or substantially all of the property of the Company, the Guarantor or any of their Significant Subsidiaries; or

(iii) orders the liquidation of the Company, the Guarantor or any of their Significant Subsidiaries;

and the order or decree remains unstayed and in effect for 60 consecutive days;

(i) except as permitted by this Indenture, the Guarantee of the Guarantor shall be held in any judicial proceeding to be unenforceable or invalid or shall cease for any reason to be in full force and effect or the Guarantor, or any Person acting on behalf of the Guarantor, shall deny or disaffirm its obligations under the Guarantee; or

(j) except as permitted by this Indenture, any of the Pledge Documents cease to be in full force and effect (other than in accordance with their respective terms or the terms of the

Indenture), or any of the Pledge Documents cease to give the Trustee or the Company, as the case may be, the Liens purported to be created thereby, or any Pledge Document is declared null and void, or the Company or the Guarantor shall repudiate or deny in writing that it has any liability or obligation under any Pledge Document.

Section 6.02. Acceleration.

In the case of an Event of Default arising from clause (g) or (h) of Section 6.01, with respect to the Company or the Guarantor, all outstanding Notes shall become due and payable immediately without further action or notice. If any other Event of Default occurs and is continuing, the Trustee by notice to the Issuers or the Holders of at least 25% in principal amount of the then outstanding Notes by notice to the Issuers and the Trustee may declare all the Notes to be due and payable immediately. The Holders of a majority in aggregate principal amount of the Notes then outstanding by written notice to the Trustee may on behalf of all of the Holders rescind an acceleration and its consequences if the rescission would not conflict with any judgment or decree and if all existing Events of Default (except nonpayment of principal, interest or premium that has become due solely because of the acceleration) have been cured or waived.

Section 6.03. Other Remedies.

If an Event of Default occurs and is continuing, the Trustee may pursue any available remedy to collect the payment of principal, premium, if any, and interest on the Notes or to enforce the performance of any provision of the Notes or this Indenture.

The Trustee may maintain a proceeding even if it does not possess any of the Notes or does not produce any of them in the proceeding. A delay or omission by the Trustee or any Holder of a Note in exercising any right or remedy accruing upon an Event of Default shall not impair the right or remedy or constitute a waiver of or acquiescence in the Event of Default. All remedies are cumulative to the extent permitted by law.

Section 6.04. Waiver of Existing Defaults.

Holders of not less than a majority in aggregate principal amount of the then outstanding Notes by notice to the Trustee may on behalf of the Holders of all of the Notes waive an existing Default or Event of Default and its consequences hereunder, except a continuing Default or Event of Default in the payment of the principal of, premium, if any, or interest on, the Notes (including in connection with an offer to purchase) (provided, however, that the Holders of a majority in aggregate principal amount of the then outstanding Notes may rescind an acceleration and its consequences, including any related payment default that resulted from such acceleration). Upon any such waiver, such Default shall cease to exist, and any Event of Default arising therefrom shall be deemed to have been cured for every purpose of this Indenture; but no such waiver shall extend to any subsequent or other Default or impair any right consequent thereon.

Section 6.05. Control by Majority.

Holders of a majority in principal amount of the then outstanding Notes may direct the time, method and place of conducting any proceeding for exercising any remedy available to the Trustee or exercising any trust or power conferred on it. However, the Trustee may refuse to follow any direction that conflicts with law or this Indenture that the Trustee determines may be unduly prejudicial to the

rights of other Holders of Notes or that may involve the Trustee in personal liability. The Trustee may take any other action which it deems proper that is not inconsistent with any such directive.

Section 6.06. Limitation on Suits.

A Holder of a Note may pursue a remedy with respect to this Indenture or the Notes only if:

(a) the Holder of a Note gives to the Trustee written notice of a continuing Event of Default;

(b) the Holders of at least 25% in principal amount of the then outstanding Notes make a written request to the Trustee to pursue the remedy;

(c) such Holder of a Note or Holders of Notes offer and, if requested, provide to the Trustee indemnity satisfactory to the Trustee against any loss, liability or expense;

(d) the Trustee does not comply with the request within 60 days after receipt of the request and the offer and, if requested, the provision of indemnity; and

(e) during such 60-day period the Holders of a majority in principal amount of the then outstanding Notes do not give the Trustee a direction inconsistent with the request.

A Holder of a Note may not use this Indenture to prejudice the rights of another Holder of a Note or to obtain a preference or priority over another Holder of a Note.

Section 6.07. Rights of Holders of Notes to Receive Payment.

Notwithstanding any other provision of this Indenture, the right of any Holder of a Note to receive payment of principal, premium, if any, and interest on the Note, on or after the respective due dates expressed in the Note (including in connection with an offer to purchase), or to bring suit for the enforcement of any such payment on or after such respective dates, shall not be impaired or affected without the consent of such Holder.

Section 6.08. Collection Suit by Trustee.

If an Event of Default specified in Section 6.01(a) or (b) occurs and is continuing, the Trustee is authorized to recover judgment in its own name and as trustee of an express trust against the Issuers for the whole amount of principal of, premium, if any, and interest remaining unpaid on the Notes and interest on overdue principal and, to the extent lawful, interest and such further amount as shall be sufficient to cover the costs and expenses of collection, including the reasonable compensation, expenses, disbursements and advances of the Trustee, its agents and counsel.

Section 6.09. Trustee May File Proofs of Claim.

The Trustee is authorized to file such proofs of claim and other papers or documents as may be necessary or advisable in order to have the claims of the Trustee (including any claim for the reasonable compensation, expenses, disbursements and advances of the Trustee, its agents and counsel) and the Holders of the Notes allowed in any judicial proceedings relative to the Issuers (or any other obligor upon the Notes), their creditors or their property and shall be entitled and empowered to collect, receive and distribute any money or other property payable or deliverable on any such claims and any custodian in any such judicial proceeding is hereby authorized by each Holder to make such payments to the

Trustee, and in the event that the Trustee shall consent to the making of such payments directly to the Holders, to pay to the Trustee any amount due to it for the reasonable compensation, expenses, disbursements and advances of the Trustee, its agents and counsel, and any other amounts due the Trustee under Section 7.07. To the extent that the payment of any such compensation, expenses, disbursements and advances of the Trustee, its agents and counsel, and any other amounts due the Trustee under Section 7.07 out of the estate in any such proceeding, shall be denied for any reason, payment of the same shall be secured by a Lien on, and shall be paid out of, any and all distributions, dividends, money, securities and other properties that the Holders may be entitled to receive in such proceeding whether in liquidation or under any plan of reorganization or arrangement or otherwise. Nothing herein contained shall be deemed to authorize the Trustee to authorize or consent to or accept or adopt on behalf of any Holder any plan of reorganization, arrangement, adjustment or composition affecting the Notes or the rights of any Holder, or to authorize the Trustee to vote in respect of the claim of any Holder in any such proceeding.

Section 6.10. Priorities.

If the Trustee collects any money pursuant to this Article, it shall pay out the money in the following order:

First: to the Trustee, its agents and attorneys for amounts due under Section 7.07, including payment of all compensation, expense and liabilities incurred, and all advances made, by the Trustee and the costs and expenses of collection;

Second: to Holders of Notes for amounts due and unpaid on the Notes for principal, premium, if any, and interest, ratably, without preference or priority of any kind, according to the amounts due and payable on the Notes for principal, premium, if any and interest, respectively; and

Third: to the Issuers or to such party as a court of competent jurisdiction shall direct.

The Trustee may fix a record date and payment date for any payment to Holders of Notes pursuant to this Section 6.10.

Section 6.11. Undertaking for Costs.

In any suit for the enforcement of any right or remedy under this Indenture or in any suit against the Trustee for any action taken or omitted by it as a Trustee, a court in its discretion may require the filing by any party litigant in the suit of an undertaking to pay the costs of the suit, and the court in its discretion may assess reasonable costs, including reasonable attorneys' fees, against any party litigant in the suit, having due regard to the merits and good faith of the claims or defenses made by the party litigant. This Section does not apply to a suit by the Trustee, a suit by a Holder of a Note pursuant to Section 6.07, or a suit by Holders of more than 10% in principal amount of the then outstanding Notes.

ARTICLE 7
TRUSTEE

Section 7.01. Duties of Trustee.

(a) If an Event of Default has occurred and is continuing, the Trustee shall exercise such of the rights and powers vested in it by this Indenture, and use the same degree of care and skill in its exercise, as a prudent person would exercise or use under the circumstances in the conduct of such person's own affairs.

(b) Except during the continuance of an Event of Default:

(i) the duties of the Trustee shall be determined solely by the express provisions of this Indenture and the Trustee need perform only those duties that are specifically set forth in this Indenture and no others, and no implied covenants or obligations shall be read into this Indenture against the Trustee; and

(ii) in the absence of bad faith on its part, the Trustee may conclusively rely, as to the truth of the statements and the correctness of the opinions expressed therein, upon certificates or opinions furnished to the Trustee and conforming to the requirements of this Indenture. However, the Trustee shall examine the certificates and opinions to determine whether or not they conform to the requirements of this Indenture.

(c) The Trustee may not be relieved from liabilities for its own gross negligent action, its own gross negligent failure to act, or its own willful misconduct, except that:

(i) this paragraph does not limit the effect of paragraph (b) of this Section;

(ii) the Trustee shall not be liable for any error of judgment made in good faith by a Responsible Officer, unless it is proved that the Trustee was grossly negligent in ascertaining the pertinent facts; and

(iii) the Trustee shall not be liable with respect to any action it takes or omits to take in good faith in accordance with a direction received by it pursuant to Section 6.05.

(d) Whether or not therein expressly so provided, every provision of this Indenture that in any way relates to the Trustee is subject to paragraphs (a), (b), and (c) of this Section 7.01.

(e) No provision of this Indenture shall require the Trustee to expend or risk its own funds or incur any liability. The Trustee shall be under no obligation to exercise any of its rights and powers under this Indenture at the request of any Holders, unless such Holder shall have offered to the Trustee security and indemnity satisfactory to it against any loss, liability or expense.

(f) The Trustee shall not be liable for interest on any money received by it except as the Trustee may agree in writing with the Issuers. Money held in trust by the Trustee need not be segregated from other funds except to the extent required by law.

(g) The Trustee shall not be bound to make any investigation into the facts or matters stated in any resolution, certificate, statement, instrument, opinion, report, notice, request, direction, consent, order, bond, debenture or other paper or documents.

Section 7.02. Rights of Trustee.

(a) The Trustee may conclusively rely upon any document believed by it to be genuine and to have been signed or presented by the proper Person. The Trustee need not investigate any fact or matter stated in the document.

(b) Before the Trustee acts or refrains from acting, it may require an Officers' Certificate or an Opinion of Counsel or both. The Trustee shall not be liable for any action it takes or omits to take in good faith in reliance on such Officers' Certificate or Opinion of Counsel. The Trustee may consult with counsel and the written advice of such counsel or any Opinion of Counsel shall be full and complete authorization and protection from liability in respect of any action taken, suffered or omitted by it hereunder in good faith and in reliance thereon.

(c) The Trustee may act through its attorneys and agents and shall not be responsible for the misconduct or negligence of any agent appointed with due care.

(d) The Trustee shall not be liable for any action it takes or omits to take in good faith that it believes to be authorized or within the rights or powers conferred upon it by this Indenture.

(e) Unless otherwise specifically provided in this Indenture, any demand, request, direction or notice from either of the Issuers shall be sufficient if signed by an Officer of such Issuer.

(f) The Trustee shall be under no obligation to exercise any of the rights or powers vested in it by this Indenture at the request or direction of any of the Holders unless such Holders shall have offered to the Trustee reasonable security or indemnity against the costs, expenses and liabilities that might be incurred by it in compliance with such request or direction.

(g) The Trustee shall not be charged with knowledge of any Default or Event of Default unless either (i) a Responsible Officer of the Trustee shall have actual knowledge of such Default or Event of Default or (ii) written notice of such Default or Event of Default shall have been given to the Trustee by the Issuers or any Holder.

Section 7.03. Individual Rights of Trustee.

The Trustee in its individual or any other capacity may become the owner or pledgee of Notes and may otherwise deal with the Issuers, the Guarantor or any Affiliate of either of the Issuers or the Guarantor with the same rights it would have if it were not Trustee. However, in the event that the Trustee acquires any conflicting interest it must eliminate such conflict within 90 days, apply to the SEC for permission to continue as trustee or resign. Any Agent may do the same with like rights and duties. The Trustee is also subject to Sections 7.10 and 7.11.

Section 7.04. Trustee's Disclaimer.

The Trustee shall not be responsible for and makes no representation as to the validity or adequacy of this Indenture or the Notes, it shall not be accountable for the Issuers' use of the proceeds from the Notes or any money paid to the Issuers or upon the Issuers' direction under any provision of this Indenture, it shall not be responsible for the use or application of any money received by any Paying Agent other than the Trustee, and it shall not be responsible for any statement or recital herein or any statement in the Notes or any other document in connection with the sale of the Notes or pursuant to this Indenture other than its certificate of authentication.

Section 7.05. Notice of Defaults.

If a Default or Event of Default occurs and is continuing and if it is known to the Trustee, the Trustee shall mail to Holders of Notes a notice of the Default or Event of Default within 90 days after the Trustee acquires knowledge thereof. Except in the case of a Default or Event of Default in payment of principal of, premium, if any, or interest on any Note, the Trustee may withhold the notice if and so long as a committee of its Responsible Officers in good faith determines that withholding the notice is in the interests of the Holders of the Notes.

Section 7.06. Reports by Trustee to Holders of the Notes.

Within 60 days after each May 15 beginning with the May 15 following the date of this Indenture, and for so long as Notes remain outstanding, the Trustee shall mail to the Holders of the Notes a brief report dated as of such reporting date that complies with TIA ss. 313(a) (but if no event described in TIA ss. 313(a) has occurred within the twelve months preceding the reporting date, no report need be transmitted). The Trustee also shall comply with TIA ss. 313(b)(2). The Trustee shall also transmit by mail all reports as required by TIA ss. 313(c).

A copy of each report at the time of its mailing to the Holders of Notes shall be mailed to the Company and filed with the SEC and each stock exchange on which the Notes are listed in accordance with TIA ss. 313(d). The Issuers shall promptly notify the Trustee when the Notes are listed on any stock exchange.

Section 7.07. Compensation and Indemnity.

The Issuers shall pay to the Trustee from time to time reasonable compensation for its acceptance of this Indenture and services hereunder. The Trustee's compensation shall not be limited by any law on compensation of a trustee of an express trust. The Issuers shall reimburse the Trustee promptly upon request for all reasonable disbursements, advances and expenses incurred or made by it in addition to the compensation for its services. Such expenses shall include the reasonable compensation, disbursements and expenses of the Trustee's agents and counsel.

The Issuers and the Guarantor shall, jointly and severally, indemnify the Trustee against any and all losses, liabilities or expenses incurred by it arising out of or in connection with the acceptance or administration of its duties under this Indenture, including the costs and expenses of enforcing this Indenture against the Issuers and the Guarantor (including this Section 7.07) and defending itself against any claim (whether asserted by the Issuers or the Guarantor or any Holder or any other person) or liability in connection with the exercise or performance of any of its powers or duties hereunder, except to the extent any such loss, liability or expense may be attributable to its gross negligence or willful misconduct. The Trustee shall notify the Issuers promptly of any claim for which it may seek indemnity. Failure by the Trustee to so notify the Issuers shall not relieve the Issuers or the Guarantor of their obligations hereunder. The Issuers and the Guarantor shall defend the claim and the Trustee shall cooperate in the defense. The Trustee may have separate counsel and the Issuers shall pay the reasonable fees and expenses of such counsel. The Issuers and the Guarantor need not pay for any settlement made without their consent, which consent shall not be unreasonably withheld.

The obligations of the Issuers and the Guarantor under this Section 7.07 shall survive resignation or removal of the Trustee and the satisfaction and discharge of this Indenture.

To secure the Issuers' payment obligations in this Section, the Trustee shall have a Lien prior to the Notes on all money or property held or collected by the Trustee, except that held in trust to pay principal and interest on particular Notes. Such Lien shall survive the resignation or removal of the Trustee and the satisfaction and discharge of this Indenture.

When the Trustee incurs expenses or renders services after an Event of Default specified in Section 6.01(g) or (h) occurs, the expenses and the compensation for the services (including the fees and expenses of its agents and counsel) are intended to constitute expenses of administration under any Bankruptcy Law.

The Trustee shall comply with the provisions of TIA ss. 313(b)(2) to the extent applicable.

Section 7.08. Replacement of Trustee.

A resignation or removal of the Trustee and appointment of a successor Trustee shall become effective only upon the successor Trustee's acceptance of appointment as provided in this Section.

The Trustee may resign in writing at any time and be discharged from the trust hereby created by so notifying the Issuers. The Holders of a majority in principal amount of the then outstanding Notes may remove the Trustee by so notifying the Trustee and the Issuers in writing. The Issuers may remove the Trustee if:

(a) the Trustee fails to comply with Section 7.10;

(b) the Trustee is adjudged a bankrupt or an insolvent or an order for relief is entered with respect to the Trustee under any Bankruptcy Law;

(c) a custodian or public officer takes charge of the Trustee or its property; or

(d) the Trustee becomes incapable of acting.

If the Trustee resigns or is removed or if a vacancy exists in the office of Trustee for any reason, the Issuers shall promptly appoint a successor Trustee. Within one year after the successor Trustee takes office, the Holders of a majority in principal amount of the then outstanding Notes may appoint a successor Trustee to replace the successor Trustee appointed by the Issuers.

If a successor Trustee does not take office within 60 days after the retiring Trustee resigns or is removed, the retiring Trustee, the Issuers, or the Holders of at least 10% in principal amount of the then outstanding Notes may petition any court of competent jurisdiction for the appointment of a successor Trustee.

If the Trustee, after written request by any Holder who has been a Holder for at least six months, fails to comply with Section 7.10, such Holder may petition any court of competent jurisdiction for the removal of the Trustee and the appointment of a successor Trustee.

A successor Trustee shall deliver a written acceptance of its appointment to the retiring Trustee and to the Issuers. Thereupon, the resignation or removal of the retiring Trustee shall become effective, and the successor Trustee shall have all the rights, powers and duties of the Trustee under this Indenture. The successor Trustee shall mail a notice of its succession to Holders. The retiring Trustee shall promptly transfer all property held by it as Trustee to the successor Trustee; provided all sums owing to the Trustee hereunder have been paid and subject to the Lien provided for in Section 7.07.

Notwithstanding replacement of the Trustee pursuant to this Section 7.08, the Issuers' and the Guarantor's obligations under Section 7.07 shall continue for the benefit of the retiring Trustee.

Section 7.09. Successor Trustee by Merger, etc.

If the Trustee consolidates, merges or converts into, or transfers all or substantially all of its corporate trust business to, another corporation, the successor corporation without any further act shall be the successor Trustee.

Section 7.10. Eligibility; Disqualification.

There shall at all times be a Trustee hereunder that is a corporation organized and doing business under the laws of the United States of America or of any state thereof that is authorized under such laws to exercise corporate trustee power, that is subject to supervision or examination by federal or state authorities and that has a combined capital and surplus of at least $100 million as set forth in its most recent published annual report of condition.

This Indenture shall always have a Trustee who satisfies the requirements of TIA ss. 310(a)(1), (2) and (5). The Trustee is subject to TIA ss. 310(b).

Section 7.11. Preferential Collection of Claims Against the Issuers.

The Trustee is subject to TIA ss. 311(a), excluding any creditor relationship listed in TIA ss. 311(b). A Trustee who has resigned or been removed shall be subject to TIA ss. 311(a) to the extent indicated therein.

ARTICLE 8
LEGAL DEFEASANCE AND COVENANT DEFEASANCE

Section 8.01. Option to Effect Legal Defeasance or Covenant Defeasance.

The Issuers may, at the option of their respective Boards of Directors evidenced by a resolution set forth in an Officers' Certificate of each of the Issuers, at any time, elect to have either Section 8.02 or 8.03 be applied to all outstanding Notes upon compliance with the conditions set forth below in this Article 8.

Section 8.02. Legal Defeasance and Discharge.

Upon the Issuers' exercise under Section 8.01 of the option applicable to this Section 8.02, the Issuers and the Guarantor shall, subject to the satisfaction of the conditions set forth in Section 8.04, be deemed to have been discharged from their obligations with respect to all outstanding Notes and Guarantees thereof on the date the conditions set forth below are satisfied (hereinafter, "Legal Defeasance"). For this purpose, Legal Defeasance means that the Issuers shall be deemed to have paid and discharged the entire Indebtedness represented by the outstanding Notes, which shall thereafter be deemed to be "outstanding" only for the purposes of Section 8.05 and the other Sections of this Indenture referred to in (a) and (b) below, and to have satisfied all their other obligations under such Notes and this Indenture (and the Trustee, on demand of and at the expense of the Issuers, shall execute proper instruments acknowledging the same), except for the following provisions which shall survive until otherwise terminated or discharged hereunder:

(a) the rights of Holders of outstanding Notes to receive payments in respect of the principal of, premium, if any, and interest on such Notes when such payments are due from the trust referred to below;

(b) the Issuers' obligations with respect to the Notes concerning issuing temporary Notes, registration of Notes, mutilated, destroyed, lost or stolen Notes and the maintenance of an office or agency for payment and money for security payments held in trust;

(c) the rights, powers, trusts, duties and immunities of the Trustee, and the Issuers' and the Guarantor's obligations in connection therewith; and

(d) the Legal Defeasance provisions of this Indenture.

Subject to compliance with this Article 8, the Issuers may exercise their option under this Section 8.02 notwithstanding the prior exercise of their option under Section 8.03.

Section 8.03. Covenant Defeasance.

Upon the Issuers' exercise under Section 8.01 of the option applicable to this Section 8.03, the Issuers and the Guarantor shall, subject to the satisfaction of the conditions set forth in Section 8.04, be released from their obligations under the covenants contained in Article 5 and Sections 4.03, 4.07, 4.08, 4.09, 4.10, 4.11, 4.12, 4.13, 4.14, 4.16, 4.17 and 4.19 with respect to the outstanding Notes and Guarantees thereof on and after the date the conditions set forth in Section 8.04 are satisfied (hereinafter, "Covenant Defeasance"), and the Notes and Guarantees thereof shall thereafter be deemed not "outstanding" for the purposes of any direction, waiver, consent or declaration or act of Holders (and the consequences of any thereof) in connection with such covenants, but shall continue to be deemed "outstanding" for all other purposes hereunder (it being understood that such Notes shall not be deemed outstanding for accounting purposes). For this purpose, Covenant Defeasance means that, with respect to the outstanding Notes, the Issuers and the Guarantor may omit to comply with and shall have no liability in respect of any term, condition or limitation set forth in any such covenant, whether directly or indirectly, by reason of any reference elsewhere herein to any such covenant or by reason of any reference in any such covenant to any other provision herein or in any other document and such omission to comply shall not constitute a Default or an Event of Default under Section 6.01, but, except as specified above, the remainder of this Indenture and such Notes and the Guarantees thereof shall be unaffected thereby. In addition, upon the Issuers' exercise under Section 8.01 of the option applicable to this Section 8.03, subject to the satisfaction of the conditions set forth in Section 8.04, Sections 6.01(c) through 6.01(f) shall not constitute Events of Default.

Section 8.04. Conditions to Legal or Covenant Defeasance.

The following shall be the conditions to the application of either Section 8.02 or 8.03 to the outstanding Notes:

In order to exercise either Legal Defeasance or Covenant Defeasance:

(1) the Company must irrevocably deposit with the Trustee, in trust, for the benefit of the Holders of the Notes, cash in U.S. dollars, non-callable Government Securities, or a combination thereof, in such amounts as will be sufficient, in the opinion of a nationally recognized firm of independent public accountants, to pay the principal of, premium, if any, and interest on the outstanding Notes on the stated maturity or on the applicable redemption date, as

the case may be, and the Company must specify whether the Notes are being defeased to maturity or to a particular redemption date;

(2) in the case of Legal Defeasance, the Company shall have delivered to the Trustee an Opinion of Counsel reasonably acceptable to the Trustee confirming that (a) the Company has received from, or there has been published by, the Internal Revenue Service a ruling or (b) since the date of this Indenture, there has been a change in the applicable federal income tax law, in either case to the effect that, and based thereon such opinion of counsel shall confirm that, the Holders of the outstanding Notes will not recognize income, gain or loss for federal income tax purposes as a result of such Legal Defeasance and will be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Legal Defeasance had not occurred;

(3) in the case of Covenant Defeasance, the Company shall have delivered to the Trustee an Opinion of Counsel reasonably acceptable to the Trustee confirming that the Holders of the outstanding Notes will not recognize income, gain or loss for federal income tax purposes as a result of such Covenant Defeasance and will be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Covenant Defeasance had not occurred;

(4) no Default or Event of Default shall have occurred and be continuing either: (a) on the date of such deposit (other than a Default or Event of Default resulting from the borrowing of funds to be applied to such deposit); or (b) or insofar as Events of Default from bankruptcy or insolvency events are concerned, at any time in the period ending on the 91st day after the date of deposit;

(5) such Legal Defeasance or Covenant Defeasance will not result in a breach or violation of, or constitute a default under any material agreement or instrument (other than this Indenture) to which the Company or any of the Restricted Subsidiaries is a party or by which the Company or any of the Restricted Subsidiaries is bound;

(6) the Company must have delivered to the applicable Trustee an opinion of counsel to the effect that after the 91st day assuming no intervening bankruptcy, that no Holder is an insider of either of the Issuers following the deposit and that such deposit would not be deemed by a court of competent jurisdiction a transfer for the benefit of the Guarantor or either co-Issuer in its capacity as such, the trust funds will not be subject to the effect of any applicable bankruptcy, insolvency, reorganization or similar laws affecting creditors' rights generally;

(7) the Company must deliver to the Trustee an Officers' Certificate stating that the deposit was not made by the Company with the intent of preferring the Holders of Notes over the other creditors of the Company with the intent of defeating, hindering, delaying or defrauding creditors of the Company or others; and

(8) the Company must deliver to the Trustee an Officers' Certificate and an opinion of counsel, each stating that all conditions precedent relating to the Legal Defeasance or the Covenant Defeasance have been complied with.

Notwithstanding the foregoing, the opinion of counsel required by clause (2) above with respect to a Legal Defeasance need not be delivered if all Notes not theretofore delivered to the Trustee for cancellation (i) have become due and payable or (ii) will become due and payable on the maturity date

within one year, by their terms or under arrangements satisfactory to the Trustee for the giving of notice of redemption by the Trustee in the name, and at the expense, of the Issuers.

Section 8.05. Deposited Money and Government Securities to Be Held in Trust; Other Miscellaneous Provisions.

Subject to Section 8.06, all money and non-callable Government Securities (including the proceeds thereof) deposited with the Trustee (or other qualifying trustee, collectively for purposes of this Section 8.05, the "Trustee") pursuant to Section 8.04 in respect of the outstanding Notes shall be held in trust and applied by the Trustee, in accordance with the provisions of such Notes and this Indenture, to the payment, either directly or through any Paying Agent (including the Issuers acting as Paying Agent) as the Trustee may determine, to the Holders of such Notes of all sums due and to become due thereon in respect of principal, premium, if any, and interest, but such money need not be segregated from other funds except to the extent required by law.

The Issuers and the Guarantor shall pay and indemnify the Trustee against any tax, fee or other charge imposed on or assessed against the cash or non-callable Government Securities deposited pursuant to Section 8.04 or the principal and interest received in respect thereof other than any such tax, fee or other charge which by law is for the account of the Holders of the outstanding Notes.

Anything in this Article 8 to the contrary notwithstanding, the Trustee shall deliver or pay to the Issuers from time to time upon the request of the Issuers any money or non-callable Government Securities held by it as provided in Section 8.04 which, in the opinion of a nationally recognized firm of independent public accountants expressed in a written certification thereof delivered to the Trustee (which may be the opinion delivered under Section 8.04(a)), are in excess of the amount thereof that would then be required to be deposited to effect an equivalent Legal Defeasance or Covenant Defeasance.

Section 8.06. Repayment to Issuers.

Any money deposited with the Trustee or any Paying Agent, or then held by the Issuers, in trust for the payment of the principal of, premium, if any, or interest on any Note and remaining unclaimed for two years after such principal, and premium, if any, or interest has become due and payable shall be paid to the Issuers on their request or (if then held by the Issuers) shall be discharged from such trust; and the Holder of such Note shall thereafter look only to the Issuers for payment thereof, and all liability of the Trustee or such Paying Agent with respect to such trust money, and all liability of the Issuers as trustee thereof, shall thereupon cease; provided, however, that the Trustee or such Paying Agent, before being required to make any such repayment, may at the expense of the Issuers cause to be published once, in the New York Times and The Wall Street Journal (national edition), notice that such money remains unclaimed and that, after a date specified therein, which shall not be less than 30 days from the date of such notification or publication, any unclaimed balance of such money then remaining shall be repaid to the Issuers.

Section 8.07. Reinstatement.

If the Trustee or Paying Agent is unable to apply any United States dollars or non-callable Government Securities in accordance with Section 8.02 or 8.03, as the case may be, by reason of any order or judgment of any court or governmental authority enjoining, restraining or otherwise prohibiting such application, then the Issuers' and the Guarantor's obligations under this Indenture, the Notes and the Guarantee, as the case may be, shall be revived and reinstated as though no deposit had occurred

pursuant to Section 8.02 or 8.03 until such time as the Trustee or Paying Agent is permitted to apply all such money in accordance with Section 8.02 or 8.03, as the case may be; provided, however, that, if the Issuers make any payment of principal of, premium, if any, or interest on any Note following the reinstatement of their obligations, the Issuers or the Guarantor, as the case may be, shall be subrogated to the rights of the Holders of such Notes to receive such payment from the money held by the Trustee or Paying Agent.

ARTICLE 9
AMENDMENT, SUPPLEMENT AND WAIVER

Section 9.01. Without Consent of Holders of Notes.

Notwithstanding Section 9.02 of this Indenture, the Issuers, the Guarantor and the Trustee may amend or supplement this Indenture or the Notes without the consent of any Holder of a Note:

(a) to cure any ambiguity, defect or inconsistency;

(b) to provide for uncertificated Notes in addition to or in place of certificated Notes;

(c) to provide for the assumption of an Issuer's or the Guarantor's, obligations, as the case may be, to Holders of Notes in the case of a merger or consolidation or sale of all or substantially all of the assets of either Issuer or the Guarantor, as the case may be, pursuant to Article 5;

(d) to make any change that would provide any additional rights or benefits to the Holders of Notes or that does not adversely affect the legal rights under this Indenture of any such Holder; or

(e) to comply with requirements of the SEC in order to effect or maintain the qualification of this Indenture under the TIA or otherwise as necessary to comply with applicable law.

Upon the request of the Issuers accompanied by a resolution of their respective Boards of Directors authorizing the execution of any such amended or supplemental Indenture, and upon receipt by the Trustee of the documents described in Section 7.02, the Trustee shall join with the Issuers and the Guarantor in the execution of any amended or supplemental Indenture authorized or permitted by the terms of this Indenture and to make any further appropriate agreements and stipulations that may be therein contained, but the Trustee shall not be obligated to enter into such amended or supplemental Indenture that affects its own rights, duties or immunities under this Indenture or otherwise.

Section 9.02. With Consent of Holders of Notes.

Except as provided below in this Section 9.02, this Indenture (including Sections 4.11 and 4.16) or the Notes may be amended or supplemented with the consent of the Holders of at least a majority in principal amount of the Notes then outstanding (including, without limitation, consents obtained in connection with a purchase of, or a tender offer or exchange offer for, Notes) and, subject to Sections 6.04 and 6.07, any existing Default or compliance with any provision of this Indenture or the Notes may be waived with the consent of the Holders of a majority in principal amount of the Notes then outstanding (including, without limitation, consents obtained in connection with a purchase of, or a

tender offer or exchange offer for, Notes). Section 2.08 shall determine which Notes are considered to be "outstanding" for purposes of this Section 9.02.

Upon the request of the Issuers accompanied by a resolution of their respective Boards of Directors authorizing the execution of any such amended or supplemental Indenture, and upon the filing with the Trustee of evidence satisfactory to the Trustee of the consent of the Holders of Notes as aforesaid, and upon receipt by the Trustee of the documents described in Section 7.02, the Trustee shall join with the Issuers and the Guarantor in the execution of such amended or supplemental Indenture unless such amended or supplemental Indenture directly affects the Trustee's own rights, duties or immunities under this Indenture or otherwise, in which case the Trustee may in its discretion, but shall not be obligated to, enter into such amended or supplemental Indenture.

It shall not be necessary for the consent of the Holders of Notes under this Section 9.02 to approve the particular form of any proposed amendment or waiver, but it shall be sufficient if such consent approves the substance thereof.

After an amendment, supplement or waiver under this Section 9.02 becomes effective, the Company shall mail to the Holders of Notes affected thereby a notice briefly describing the amendment, supplement or waiver. Any failure of the Company to mail such notice, or any defect therein, shall not, however, in any way impair or affect the validity of any such amended or supplemental Indenture or waiver. Subject to Sections 6.04 and 6.07, the Holders of a majority in aggregate principal amount of the Notes then outstanding may waive compliance in a particular instance by the Issuers with any provision of this Indenture or the Notes. However, without the consent of each Holder affected, an amendment, supplement or waiver under this Section 9.02 may not (with respect to any Notes held by a non-consenting Holder):

(a) reduce the principal amount of Notes whose Holders must consent to an amendment, supplement or waiver;

(b) reduce the principal of or change the fixed maturity of any Note or alter the payment provisions with respect to the redemption of the Notes (other than provisions relating to Sections 4.11 and 4.16);

(c) reduce the rate of or extend the time for payment of interest on any Note;

(d) waive a Default or Event of Default in the payment of principal of or premium, if any, or interest on the Notes (except a rescission of acceleration of the Notes by the Holders of at least a majority in aggregate principal amount of the Notes and a waiver of the payment default that resulted from such acceleration);

(e) make any Note payable in money other than that stated in the Notes;

(f) make any change in the provisions of this Indenture relating to waivers of past Defaults or the rights of Holders of Notes to receive payments of principal of or premium, if any, or interest on the Notes;

(g) waive a redemption payment with respect to any Note (other than a payment required by one of the covenants described in Sections 4.11 and 4.16);

(h) amend any provision or release the Guarantee of the Guarantor except pursuant to the Marcus Combination; or

(i) make any change in this Section 9.02.

Section 9.03. Compliance with Trust Indenture Act.

Every amendment or supplement to this Indenture or the Notes shall be set forth in a amended or supplemental Indenture that complies with the TIA as then in effect.

Section 9.04. Revocation and Effect of Consents.

Until an amendment, supplement or waiver becomes effective, a consent to it by a Holder of a Note is a continuing consent by the Holder of a Note and every subsequent Holder of a Note or portion of a Note that evidences the same debt as the consenting Holder's Note, even if notation of the consent is not made on any Note. However, any such Holder of a Note or subsequent Holder of a Note may revoke the consent as to its Note if the Trustee receives written notice of revocation before the date the waiver, supplement or amendment becomes effective. An amendment, supplement or waiver becomes effective in accordance with its terms and thereafter binds every Holder.

Section 9.05. Notation on or Exchange of Notes.

The Trustee may place an appropriate notation about an amendment, supplement or waiver on any Note thereafter authenticated. The Issuers in exchange for all Notes may issue and the Trustee shall, upon receipt of an Authentication Order, authenticate new Notes that reflect the amendment, supplement or waiver.

Failure to make the appropriate notation or issue a new Note shall not affect the validity and effect of such amendment, supplement or waiver.

Section 9.06. Trustee to Sign Amendments, etc.

The Trustee shall sign any amended or supplemental Indenture authorized pursuant to this Article 9 if the amendment or supplement does not adversely affect the rights, duties, liabilities or immunities of the Trustee. The Issuers and the Guarantor may not sign an amendment or supplemental Indenture until their respective Boards of Directors approve it. In executing any amended or supplemental indenture, the Trustee shall be entitled to receive and (subject to Section 7.01) shall be fully protected in relying upon, in addition to the documents required by Section 12.04, an Officer's Certificate and an Opinion of Counsel, in each case from each of the Issuers, stating that the execution of such amended or supplemental indenture is authorized or permitted by this Indenture.

ARTICLE 10
GUARANTEE OF NOTES

Section 10.01. Unconditional Guarantee.

Subject to the provisions of this Article Ten, the Guarantor hereby unconditionally and irrevocably guarantees, on a senior basis to each Holder of a Note authenticated and delivered by the Trustee and to the Trustee and its successors and assigns, irrespective of the validity and enforceability of this Indenture, the Notes or the obligations of the Issuers to the Holders or the Trustee hereunder or thereunder, that: (a) the principal of, premium, if any, and interest on the Notes (and any Special Interest payable thereon) shall be duly and punctually paid in full when due, whether at maturity, upon

redemption at the option of Holders pursuant to the provisions of the Notes relating thereto, by acceleration or otherwise, and interest on the overdue principal and (to the extent permitted by law) interest, if any, on the Notes and all other obligations of the Issuers to the Holders or the Trustee hereunder or thereunder (including amounts due the Trustee under Section 7.07) and all other obligations shall be promptly paid in full or performed, all in accordance with the terms hereof and thereof; and (b) in case of any extension of time of payment or renewal of any Notes or any of such other obligations, the same shall be promptly paid in full when due or performed in accordance with the terms of the extension or renewal, whether at maturity, by acceleration or otherwise. Failing payment when due of any amount so guaranteed, or failing performance of any other obligation of the Issuers to the Holders under this Indenture or under the Notes, for whatever reason, the Guarantor shall be obligated to pay, or to perform or cause the performance of, the same immediately. An Event of Default under this Indenture or the Notes shall constitute an event of default under this Guarantee, and shall entitle the Holders of Notes to accelerate the obligations of the Guarantor hereunder in the same manner and to the same extent as the obligations of the Issuers.

The Guarantor hereby agrees that its obligations hereunder shall be unconditional, irrespective of the validity, regularity or enforceability of the Notes or this Indenture, the absence of any action to enforce the same, any waiver or consent by any Holder of the Notes with respect to any provisions hereof or thereof, the recovery of any judgment against the Issuers, any action to enforce the same, whether or not this Guarantee is affixed to any particular Note, or any other circumstance which might otherwise constitute a legal or equitable discharge or defense of the Guarantor. The Guarantor hereby waives the benefit of diligence, presentment, demand of payment, filing of claims with a court in the event of insolvency or bankruptcy of either Issuer, any right to require a proceeding first against either Issuer, protest, notice and all demands whatsoever and covenants that its Guarantee shall not be discharged except by complete performance of the obligations contained in the Notes, this Indenture and this Guarantee or except as otherwise permitted by this Indenture. This Guarantee is a guarantee of payment and not of collection. If any Holder or the Trustee is required by any court or otherwise to return to either Issuer or to the Guarantor, or any custodian, trustee, liquidator or other similar official acting in relation to either Issuer or the Guarantor, any amount paid by either Issuer or the Guarantor to the Trustee or such Holder, this Guarantee, to the extent theretofore discharged, shall be reinstated in full force and effect. The Guarantor further agrees that, as between it, on the one hand, and the Holders of Notes and the Trustee, on the other hand, (a) subject to this Article Ten, the maturity of the obligations guaranteed hereby may be accelerated as provided in Article Six for the purposes of this Guarantee, notwithstanding any stay, injunction or other prohibition preventing such acceleration in respect of the obligations guaranteed hereby, and (b) in the event of any acceleration of such obligations as provided in Article Six, such obligations (whether or not due and payable) shall forthwith become due and payable by the Guarantor for the purpose of this Guarantee.

No stockholder, member, officer, director, employee or incorporator, past, present or future, of the Guarantor , as such, shall have any personal liability under this Guarantee by reason of his, her or its status as such stockholder, officer, director, employee or incorporator.

Section 10.02. Limitations on this Guarantee.

The obligations of the Guarantor under its Guarantee are limited to the maximum amount which, after giving effect to all other contingent and fixed liabilities of the Guarantor will result in the obligations of the Guarantor under the Guarantee not constituting a fraudulent conveyance or fraudulent transfer under any laws of the United States, any state of the United States or the District of Columbia.

Section 10.03. Execution and Delivery of this Guarantee.

To further evidence the Guarantee set forth in Section 10.01, the Guarantor hereby agrees that a notation of such Guarantee, substantially in the form of Exhibit F, shall be endorsed on each Note authenticated and delivered by the Trustee. Such Guarantee shall be executed on behalf of the Guarantor by either manual or facsimile signature of two Officers of the Guarantor, each of whom, in each case, shall have been duly authorized to so execute by all requisite corporate action. The validity and enforceability of the Guarantee set forth in Section 10.01 shall not be affected by the fact that it is not affixed to any particular Note. The Guarantor hereby agrees that its Guarantee set forth in Section 10.01 shall remain in full force and effect notwithstanding any failure to endorse on each Note a notation of such Guarantee.

If an Officer of the Guarantor whose signature is on this Indenture or a Guarantee no longer holds that office at the time the Trustee authenticates the Note on which such Guarantee is endorsed or at any time thereafter, the Guarantor's Guarantee of such Note shall be valid nevertheless.

The delivery of any Note by the Trustee, after the authentication thereof hereunder, shall constitute due delivery of any Guarantee set forth in this Indenture on behalf of the Guarantor.

Section 10.04. Release of Guarantor.

(a) Upon the consummation of the Marcus Combination, the Guarantor's Guarantee shall be released, and the Guarantor shall be deemed released from all obligations under this Article Ten and this Indenture without any further action required on the part of the Guarantor, the Trustee or any Holder. If the Marcus Combination is not consummated, the Guarantor will not be so released and the Guarantor or any entity surviving the Guarantor, as applicable, shall remain or be liable under its Guarantee as provided in this Article Ten.

(b) The Trustee shall deliver an appropriate instrument evidencing the release of the Guarantor upon receipt of a request by the Company or the Guarantor accompanied by an Officers' Certificate and an Opinion of Counsel certifying as to the compliance with this Section 10.04; provided the legal counsel delivering such Opinion of Counsel may rely as to matters of fact on one or more Officers Certificates of the Company or the Guarantor.

The Trustee shall execute any documents reasonably requested by the Company or the Guarantor in order to evidence the release of the Guarantor from its obligations under its Guarantee endorsed on the Notes, under this Article Ten and under this Indenture.

Section 10.05. Waiver of Subrogation.

Until this Indenture is discharged and all of the Notes are discharged and paid in full, the Guarantor hereby irrevocably waives and agrees not to exercise any claim or other rights which it may now or hereafter acquire against either Issuer that arise from the existence, payment, performance or enforcement of the Issuers' obligations under the Notes or this Indenture and the Guarantor's obligations under this Guarantee and this Indenture, in any such instance including, without limitation, any right of subrogation, reimbursement, exoneration, contribution, indemnification, and any right to participate in any claim or remedy of the Holders against either Issuer, whether or not such claim, remedy or right arises in equity, or under contract, statute or common law, including, without limitation, the right to take or receive from either Issuer, directly or indirectly, in cash or other property or by set-off or in any other manner, payment or security on account of such claim or other rights. If any amount shall be paid to the

Guarantor in violation of the preceding sentence and any amounts owing to the Trustee or the Holders of Notes under the Notes, this Indenture, or any other document or instrument delivered under or in connection with such agreements or instruments, shall not have been paid in full, such amount shall have been deemed to have been paid to the Guarantor for the benefit of, and held in trust for the benefit of, the Trustee or the Holders and shall forthwith be paid to the Trustee for the benefit of itself or such Holders to be credited and applied to the obligations in favor of the Trustee or the Holders, as the case may be, whether matured or unmatured, in accordance with the terms of this Indenture. The Guarantor acknowledges that it will receive direct and indirect benefits from the financing arrangements contemplated by this Indenture and that the waiver set forth in this Section 10.05 is knowingly made in contemplation of such benefits.

Section 10.06. Immediate Payment.

The Guarantor agrees to make immediate payment to the Trustee on behalf of the Holders of all obligations under the Notes and this Indenture owing or payable to the respective Holders upon receipt of a demand for payment therefor by the Trustee to such Guarantor in writing.

Section 10.07. Obligations Continuing.

The obligations of the Guarantor hereunder shall be continuing and shall remain in full force and effect until all the obligations have been paid and satisfied in full. The Guarantor agrees with the Trustee that it will from time to time deliver to the Trustee suitable acknowledgments of this continued liability hereunder.

Section 10.08. Obligations Reinstated.

The obligations of the Guarantor hereunder shall continue to be effective or shall be reinstated, as the case may be, if at any time any payment which would otherwise have reduced the obligations of the Guarantor hereunder (whether such payment shall have been made by or on behalf of either Issuer or by or on behalf of the Guarantor) is rescinded or reclaimed from any of the Holders upon the insolvency, bankruptcy, liquidation or reorganization of either Issuer or the Guarantor or otherwise, all as though such payment had not been made. If demand for, or acceleration of the time for, payment by either Issuer is stayed upon the insolvency, bankruptcy, liquidation or reorganization of either Issuer, all such Indebtedness otherwise subject to demand for payment or acceleration shall nonetheless be payable by the Guarantor as provided herein.

Section 10.09. Obligations Not Affected.

The obligations of the Guarantor hereunder shall not be affected, impaired or diminished in any way by any act, omission, matter or thing whatsoever, occurring before, upon or after any demand for payment hereunder (and whether or not known or consented to by the Guarantor or any of the Holders) which, but for this provision, might constitute a whole or partial defense to a claim against the Guarantor hereunder or might operate to release or otherwise exonerate the Guarantor from any of its obligations hereunder or otherwise affect such obligations, whether occasioned by default of any of the Holders or otherwise.

Section 10.10. Waiver.

Without in any way limiting the provisions of Section 10.01 hereof, the Guarantor hereby waives notice or proof of reliance by the Holders upon the obligations of the Guarantor hereunder, and diligence,

presentment, demand for payment on the Issuers, protest or notice of dishonor of any of the obligations under the Note and this Indenture, or other notice or formalities to the Issuers of any kind whatsoever.

Section 10.11. No Obligation To Take Action Against Either Issuer.

Neither the Trustee nor any other Person shall have any obligation to enforce or exhaust any rights or remedies or to take any other steps under any security for the obligations under the Notes and this Indenture or against either Issuer or any other Person or any property of either Issuer or any other Person before the Trustee is entitled to demand payment and performance by the Guarantor of its liabilities and obligations under its Guarantees or under this Indenture.

Section 10.12. Dealing With The Company and Others.

The Holders, without releasing, discharging, limiting or otherwise affecting in whole or in part the obligations and liabilities of the Guarantor hereunder and without the consent of or notice to the Guarantor, may

(a) grant time, renewals, extensions, compromises, concessions, waivers, releases, discharges and other indulgences to either Issuer or any other Person;

(b) take or abstain from taking security or collateral from the Issuers or from perfecting security or collateral of the Issuers;

(c) release, discharge, compromise, realize, enforce or otherwise deal with or do any act or thing in respect of (with or without consideration) any and all collateral, mortgages or other security given by the Issuers or any third party with respect to the obligations or matters contemplated by this Indenture or the Notes;

(d) accept compromises or arrangements from either Issuer;

(e) apply all monies at any time received from either Issuer or from any security upon such part of the obligations under the Notes or this Indenture as the Holders may see fit or change any such application in whole or in part from time to time as the Holders may see fit; and

(f) otherwise deal with, or waive or modify their right to deal with, either Issuer and all other Persons and any security as the Holders or the Trustee may see fit.

Section 10.13. Default and Enforcement.

If the Guarantor fails to pay in accordance with Section 10.06, the Trustee may proceed in its name as trustee hereunder in the enforcement of the Guarantee of the Guarantor and the Guarantor's obligations thereunder and hereunder by any remedy provided by law, whether by legal proceedings or otherwise, and to recover from the Guarantor the obligations.

Section 10.14. Amendment, Etc.

No amendment, modification or waiver of any provision of this Indenture relating to the Guarantor or consent to any departure by the Guarantor or any other Person from any such provision will in any event be effective unless it is signed by the Guarantor, the Issuers and the Trustee.

Section 10.15. Acknowledgement.

The Guarantor hereby acknowledges communication of the terms of this Indenture and the Notes and consents to and approves of the same.

Section 10.16. Costs and Expenses.

The Guarantor shall pay on demand by the Trustee any and all costs, fees and expenses (including, without limitation, legal fees on a solicitor and client basis) incurred by the Trustee, the agents, advisors and counsel or any of the Holders in enforcing any of their rights under its Guarantee.

Section 10.17. No Waiver; Cumulative Remedies.

No failure to exercise and no delay in exercising, on the part of the Trustee or the Holders, any right, remedy, power or privilege hereunder or under this Indenture or the Notes, shall operate as a waiver thereof; nor shall any single or partial exercise of any right, remedy, power or privilege hereunder or under this Indenture or the Notes preclude any other or further exercise thereof or the exercise of any other right, remedy, power or privilege. The rights, remedies, powers and privileges in the Guarantee and under this Indenture, the Notes and any other document or instrument between the Guarantor and/or the Issuers and the Trustee are cumulative and not exclusive of any rights, remedies, powers and privilege provided by law.

Section 10.18. Effect of Offset or Counterclaim.

The obligations of the Guarantor hereunder shall be enforceable against the Guarantor without regard to and without giving effect to any right of offset or counterclaim available to or which may be asserted by the Company or the Guarantor.

Section 10.19. Guarantee in Addition to Other Obligations.

The obligations of the Guarantor under its Guarantee and this Indenture are in addition to and not in substitution for any other obligations to the Trustee or to any of the Holders in relation to this Indenture or the Notes (including the Purchase Agreement and the Registration Rights Agreement).

Section 10.20. Severability.

Any provision of this Article Ten which is prohibited or unenforceable in any jurisdiction shall not invalidate the remaining provisions and any such prohibition or unenforceability in any jurisdiction shall not invalidate or render unenforceable such provision in any other jurisdiction unless its removal would substantially defeat the basic intent, spirit and purpose of this Indenture and this Article Ten.

Section 10.21. Successors and Assigns.

Each Guarantee shall be binding upon and inure to the benefit of the Guarantor, the Issuers, the Trustee and the Holders and their respective successors and permitted assigns, except that the Guarantor may not assign any of its obligations hereunder or thereunder.

ARTICLE 11
SECURITY

Section 11.01. Security.

In order to secure the due and punctual payment of the principal of, premium, if any, and interest, and Special Interest, if any, on the Notes when and as the same shall be due and payable, whether on an interest payment date, at maturity, by acceleration, call for redemption or otherwise, and interest on the overdue principal and interest, if any, of the Notes and performance of all other obligations of the Issuers, to the Holders or the Trustee under this Indenture and the Notes, according to the terms hereof or thereof, the Company will make an assignment of its right, title and interest in and to the Collateral to the Trustee pursuant to the Pledge Documents and to the extent therein provided, no later than the date of the first issuance of the Notes hereunder. At the time the Pledge Documents are executed, the Company will have full right, power and lawful authority to grant, bargain, sell, release, convey, hypothecate, assign, mortgage, transfer and confirm, absolutely, the property constituting the Collateral in the manner and form done, or intended to be done, in the Pledge Documents, free and clear of all Liens whatsoever, except to the extent otherwise provided therein, and (a) will for so long as any Notes are outstanding, warrant and defend the title to the same against the claims of all Persons whatsoever, (b) will execute, acknowledge and deliver to the Trustee such further assignments, transfers, assurances or other instruments as the Trustee may require or request and (c) will do or cause to be done all such acts and things as may be necessary or proper, or as may be required by the Trustee, to assure and confirm to the Trustee the security interest in the Collateral contemplated hereby and by the Pledge Documents, or any part thereof, as from time to time constituted, so as to render the same available for the security and benefit of this Indenture and of the Notes secured hereby, according to the intent and purposes herein expressed. The Pledge Documents will create a direct and valid Lien on the property constituting the Collateral as set forth in the Pledge Documents.

Section 11.02. Recording and Opinions.

The Company will cause, at its own expense, the Pledge Documents, this Indenture and all amendments or supplements thereto and UCC-1 financing statements and other applicable documents relating thereto to be registered, recorded and filed or re-recorded, refiled and renewed in such manner and in such place or places if any, as may be required by law in order fully to preserve and protect the Liens created by the Pledge Documents on all parts of the Collateral and to effectuate and preserve the security of the Holders and all rights of the Trustee.

The Company shall furnish to the Trustee:

(a) promptly after the execution and delivery of the Pledge Documents, an Opinion of Counsel either (a) stating that, in the opinion of such counsel, this Indenture and the assignment of the Collateral intended to be made by the Pledge Documents and all other instruments of further assurance or amendment have been properly recorded, registered and filed to the extent necessary to make effective the Lien intended to be created by the Pledge Documents, and reciting the details of such action or referring to prior opinions of counsel in which such details are given, and stating that as to the Pledge Documents such recordings, registering and filings are sufficient to give notice thereof and that no re-recordings, re-registerings or refilings are necessary to maintain such notice, and further stating that all financing statements and continuation statements have been executed and filed that are necessary fully to preserve and protect the rights of the Holders and the Trustee hereunder and under the Pledge Documents, or

(b) stating that, in the opinion of such counsel, no such action is necessary to make such Lien and assignment effective; and

(b) within 30 days after April 1 in each year beginning with April 1, 2000, an Opinion of Counsel, dated as of such date, either (a) stating that, in the opinion of such counsel, such action has been taken with respect to the recording, registering, filing, re-recording, re-registering and refiling of all supplemental indentures, financing statements, continuation statements or other instruments of further assurance as is necessary to maintain the Lien of the Pledge Documents and reciting the details of such action or referring to prior opinions of counsel in which such details are given, and stating that all financing statements and continuation statements have been executed and filed that are necessary fully to preserve and protect the rights of the Holders and the Trustee hereunder and under the Pledge Documents, or (b) stating that, in the opinion of such counsel, no such action is necessary to maintain such lien and assignment.

Section 11.03. Release of Collateral.

Upon the consummation of the Marcus Combination, the security interest in the Collateral in favor of the Trustee for the benefit of the Holders will be immediately released.

To the extent applicable, the Company shall cause TIA ss. 314(d) relating the release of property from the Lien of the Pledge Documents to be complied with. Any certificate or opinion required by TIA ss. 314(d) may be made by an officer of the Company, except in cases in which TIA ss. 314(d) requires that such certificate or opinion be made by an independent Person.

Section 11.04. Authorization of Actions To Be Taken by the Trustee.

Subject to the provisions of the Pledge Documents, the Trustee shall have power to institute and to maintain such suits and proceedings as it may deem expedient to prevent any impairment of the Collateral by any acts which may be unlawful or in violation of the Pledge Documents, or this Indenture, and such suits and proceedings as the Trustee may deem expedient to preserve or protect its interests and the interests of the Holders in the Collateral (including power to institute and maintain suits or proceedings to restrain the enforcement of or compliance with any legislative or governmental enactment, rule, or order that may be unconstitutional or otherwise invalid if the enforcement of, or compliance with, such enactment, rule or order would impair the security hereunder or be prejudicial to the interest of the Trustee).

Section 11.05. Acknowledgment that Collateral Secures the Other Notes.

The Collateral is secured for the equal and ratable benefit of the holders of the Notes and the holders of the Other Notes.

This Indenture shall cease to be of further effect (except as to any surviving rights of registration of transfer or exchange of Notes herein expressly provided for), and the Trustee, on demand of and at the expense of the Issuers, shall execute proper instruments acknowledging satisfaction and discharge of this Indenture, when

(1) either

(A) all Notes theretofore authenticated and delivered (other than (i) Notes which have been destroyed, lost or stolen and which have been replaced or paid as provided in Section 2.07 and (ii) Notes for whose payment money has theretofore been deposited in trust or segregated and held in trust by the Issuers and thereafter repaid to the Issuers or discharged from such trust,) have been delivered to the Trustee for cancellation; or

The interest rate on the Notes is subject to increase pursuant to the provisions of the Registration Rights Agreement. The Issuers will pay interest semi-annually in arrears on April 1 and October 1 of each year (each an "Interest Payment Date"), or if any such day is not a Business Day, on the next succeeding Business Day. Interest on the Notes will accrue from the most recent date to which interest has been paid or, if no interest has been paid, from the date of issuance; provided that if there is no existing Default in the payment of interest, and if this Note is authenticated between a record date referred to on the face and the next succeeding Interest Payment Date, interest shall accrue from such next succeeding Interest Payment Date; provided, further, that the first Interest Payment Date shall be October 1, 1999. The Issuers shall pay interest (including post-petition interest in any proceeding under any Bankruptcy Law) on overdue principal and premium, if any, from time to time on demand at a rate that is 1% per annum in excess of the rate then in effect; they shall pay interest (including post-petition interest in any proceeding under any Bankruptcy Law) on overdue installments of interest (without regard to any applicable grace periods) from time to time on demand at the same rate to the extent lawful. Interest will be computed on the basis of a 360-day year of twelve 30-day months.

2. METHOD OF PAYMENT. The Issuers shall pay interest on the Notes (except defaulted interest) to the Persons who are registered Holders of Notes at the close of business on the March 15 or September 15 next preceding the Interest Payment Date, even if such Notes are canceled after such record date and on or before such Interest Payment Date, except as provided in Section 2.12 of the Indenture with respect to defaulted interest. The Notes will be payable as to principal, premium, if any, and interest at the office or agency of the Issuers maintained for such purpose within or without the City and State of New York, or, at the option of the Issuers, payment of interest may be made by check mailed to the Holders at their addresses set forth in the register of Holders, and provided that payment by wire transfer of immediately available funds will be required with respect to principal of and interest and premium on all Global Notes and all other Notes the Holders of which shall have provided wire transfer instructions to the Issuers or the Paying Agent. Such payment shall be in such coin or currency of the United States of America as at the time of payment is legal tender for payment of public and private debts.

3. PAYING AGENT AND REGISTRAR. Initially, Harris Trust and Savings Bank, the Trustee under the Indenture, will act as Paying Agent and Registrar. The Issuers may change any Paying Agent or Registrar without notice to any Holder. The Company or any of its Subsidiaries may act in any such capacity.

4. INDENTURE. The Issuers issued the Notes under an Indenture dated as of March 17, 1999 ("Indenture") between the Issuers, Marcus Cable Holdings, LLC (the "Guarantor") and the Trustee. The terms of the Notes include those stated in the Indenture and those made part of the Indenture by reference to the Trust Indenture Act of 1939, as amended (15 U.S. Code ss.ss. 77aaa-77bbbb). The Notes are subject to all such terms, and Holders are referred to the Indenture and such Act for a statement of such terms. To the extent any provision of this Note conflicts with the express provisions of the Indenture, the provisions of the Indenture shall govern and be controlling. The Notes are obligations of the Issuers limited to $1.5 billion in aggregate principal amount, of which all $1.5 billion in aggregate principal amount of Notes were issued on the Issue Date. The Notes are guaranteed on a senior basis by the Guarantor.

5. OPTIONAL REDEMPTION.

(a) Except as set forth in clauses (b) of this Paragraph 5, the Issuers shall not have the option to redeem the Notes prior to April 1, 2004. Thereafter, the Issuers shall have the option to redeem the Notes, in whole or in part, upon not less than 30 nor more than 60 days' notice, at the redemption prices (expressed as percentages of principal amount) set forth below plus accrued and unpaid interest thereon, if any, to the applicable redemption date, if redeemed during the twelve-month period beginning on April 1 of the years indicated below:

Year	Percentage
2004	104.313%
2005	102.875%
2006	101.438%
2007 and thereafter	100.000%

(b) Notwithstanding the provisions of clause (a) of this Paragraph 5, at any time prior to April 1, 2002, the Issuers may on any one or more occasions redeem up to 35% of the aggregate principal amount of the Notes originally issued under the Indenture on a pro rata basis (or as nearly pro rata as practicable), at a redemption price of 108.625% of the principal amount thereof, plus accrued and unpaid interest to the redemption date, with the net cash proceeds of one or more Equity Offerings; provided that

(1) at least 65% of the aggregate principal amount of Notes originally issued under the Indenture remains outstanding immediately after the occurrence of such redemption (excluding Notes held by the Company and its Subsidiaries); and

(2) the redemption must occur within 60 days of the date of the closing of such Equity Offering.

6. MANDATORY REDEMPTION.

Except as otherwise provided in Paragraph 7 below, the Issuers shall not be required to make mandatory redemption payments with respect to the Notes.

7. REPURCHASE AT OPTION OF HOLDER.

(a) If there is a Change of Control, the Issuers shall make an offer (a "Change of Control Offer") to repurchase all or any part (equal to $1,000 or an integral multiple thereof) of each Holder's Notes at a purchase price equal to 101% of the aggregate principal amount thereof plus accrued and unpaid interest thereon, if any, to the date of purchase (the "Change of Control Payment"). Within 10 days following any Change of Control, the Issuers shall mail a notice to each Holder describing the transaction or transactions that constitute the Change of Control and offering to repurchase Notes on the Change of Control Payment Date specified in such notice, pursuant to the procedures required by the Indenture and described in such notice.

(b) If the Company or a Restricted Subsidiary consummates any Asset Sale, when the aggregate amount of Excess Proceeds exceeds $25.0 million, the Issuers shall commence an offer (an "Asset Sale Offer") pursuant to Section 4.11 of the Indenture to all Holders of Notes and all holders of other Indebtedness that is pari passu with the Notes containing provisions requiring offers to purchase or redeem with the proceeds of sales of assets to purchase the maximum principal amount of Notes and such other pari passu Indebtedness that may be purchased out of the Excess Proceeds (which amount

includes the entire amount of the Net Proceeds). The offer price in any Asset Sale Offer will be payable in cash and equal to 100% of principal amount plus accrued and unpaid interest, if any, to the date of purchase. If any Excess Proceeds remain after consummation of an Asset Sale Offer, the Company may use such Excess Proceeds for any purpose not otherwise prohibited by the Indenture. If the aggregate principal amount of Notes and such other pari passu Indebtedness tendered into such Asset Sale Offer exceeds the amount of Excess Proceeds, the Trustee shall select the Notes and such other pari passu Indebtedness to be purchased on a pro rata basis. Upon completion of each Asset Sale Offer, the amount of Excess Proceeds shall be reset at zero. Holders of Notes that are the subject of an offer to purchase will receive an Asset Sale Offer from the Company prior to any related purchase date and may elect to have such Notes purchased by completing the form entitled "Option of Holder to Elect Purchase" on the reverse of the Notes.

8. NOTICE OF REDEMPTION. Notice of redemption will be mailed by first class mail at least 30 days but not more than 60 days before the redemption date to each Holder whose Notes are to be redeemed at its registered address. Notices of redemption may not be conditional. No Notes of $1,000 or less may be redeemed in part. Notes in denominations larger than $1,000 may be redeemed in part but only in whole multiples of $1,000, unless all of the Notes held by a Holder are to be redeemed. On and after the redemption date interest ceases to accrue on Notes or portions thereof called for redemption.

9. DENOMINATIONS, TRANSFER, EXCHANGE. The Notes are in registered form without coupons in denominations of $1,000 and integral multiples of $1,000. The transfer of Notes may be registered and Notes may be exchanged as provided in the Indenture. The Registrar and the Trustee may require a Holder, among other things, to furnish appropriate endorsements and transfer documents and the Issuers may require a Holder to pay any taxes and fees required by law or permitted by the Indenture. The Issuers need not exchange or register the transfer of any Note or portion of a Note selected for redemption, except for the unredeemed portion of any Note being redeemed in part. Also, the Issuers need not exchange or register the transfer of any Notes for a period of 15 days before a selection of Notes to be redeemed or during the period between a record date and the corresponding Interest Payment Date.

10. PERSONS DEEMED OWNERS. The registered Holder of a Note may be treated as its owner for all purposes, other than with respect to the payment of Additional Amounts.

11. AMENDMENT, SUPPLEMENT AND WAIVER. Subject to certain exceptions, the Indenture or the Notes may be amended or supplemented with the consent of the Holders of at least a majority in principal amount of the Notes then outstanding (including, without limitation, consents obtained in connection with a purchase of, or tender offer or exchange offer for, Notes), and any existing default or compliance with any provision of the Indenture or the Notes may be waived with the consent of the Holders of a majority in principal amount of the Notes then outstanding (including, without limitation, consents obtained in connection with a purchase of, or tender offer or exchange offer for, Notes). Without the consent of any Holder of a Note, the Issuers and the Trustee may amend or supplement the Indenture or the Notes to cure any ambiguity, defect or inconsistency, to provide for uncertificated Notes in addition to or in place of certificated Notes, to provide for the assumption of an Issuers' or the Guarantor's, as the case may be, obligations to Holders of Notes in the case of a merger or consolidation or sale of all or substantially all of the assets of either Issuer or the Guarantor, as the case may be, to make any change that would provide any additional rights or benefits to the Holders of Notes or that does not adversely affect the legal rights under the Indenture of any such Holder, or to comply with the requirements of the SEC in order to effect or maintain the qualification of the Indenture under the TIA or otherwise as necessary to comply with applicable law.

12. DEFAULTS AND REMEDIES. Each of the following is an Event of Default: (i) default for 30 days in the payment when due of interest on the Notes, (ii) default in payment when due of the principal of or premium, if any, on the Notes, (iii) failure by the Company or any of its Restricted

Subsidiaries, or the Guarantor or any of its Restricted Subsidiaries, to comply with Sections 4.16 and 5.01 of the Indenture, (iv) failure by the Company or any of its Restricted Subsidiaries, or the Guarantor or any of its Restricted Subsidiaries, for 30 days after written notice thereof has been given to the Company by the Trustee or to the Company and the Trustee by the Holders of at least 25% of the aggregate principal amount of the Notes outstanding to comply with any of their other covenants or agreements in the Indenture, (v) default under any mortgage, indenture or instrument under which there may be issued or by which there may be secured or evidenced any Indebtedness for money borrowed by the Company or any of its Restricted Subsidiaries, or by the Guarantor or any of its Restricted Subsidiaries, (or the payment of which is guaranteed by the Company or any of its Restricted Subsidiaries, or by the Guarantor or any of its Restricted Subsidiaries), whether such Indebtedness or guarantee now exists or is created after the date of the Indenture, if that default: (a) is caused by a failure to pay at final stated maturity the principal amount of such Indebtedness prior to the expiration of the grace period provided in such Indebtedness on the date of such default (a "Payment Default"); or (b) results in the acceleration of such Indebtedness prior to its express maturity, and, in each case, the principal amount of any such Indebtedness, together with the principal amount of any other such Indebtedness under which there has been a Payment Default or the maturity of which has been so accelerated, aggregates $100.0 million or more, (vi) failure by the Company or any of its Restricted Subsidiaries, or by the Guarantor or any of its Restricted Subsidiaries, to pay final judgments which are non-appealable aggregating in excess of $100.0 million (net of applicable insurance which has not been denied in writing by the insurer), which judgments are not paid, discharged or stayed for a period of 60 days, (vii) certain events of bankruptcy or insolvency with respect to the Company or the Guarantor or any of their Significant Subsidiaries, (viii) except as permitted by the Indenture, the Guarantee of the Guarantor being held in any judicial proceeding to be unenforceable or invalid or ceasing for any reason to be in full force and effect or is caused by the Guarantor's, or any Person's (such Person acting on behalf of the Guarantor), denial or disaffirmation of its obligations under the Guarantee or (ix) except as permitted by the Indenture, any of the Pledge Documents cease to be in full force and effect (other than in accordance with their respective terms or the terms of the Indenture), or any of the Pledge Documents cease to give the Trustee or the Company, as the case may be, the Liens purported to be created thereby, or any Pledge Document is declared null and void. In the case of an Event of Default arising from certain events of bankruptcy or insolvency with respect to the Company, all outstanding Notes will become due and payable without further action or notice. If any other Event of Default occurs and is continuing, the Trustee by notice to the Issuers or the Holders of at least 25% in principal amount of the then outstanding Notes by notice to the Issuers and the Trustee may declare all the Notes to be due and payable. Holders may not enforce the Indenture or the Notes except as provided in the Indenture. Subject to certain limitations, Holders of a majority in principal amount of the then outstanding Notes may direct the Trustee in its exercise of any trust or power. The Trustee may withhold from Holders of the Notes notice of any continuing Default or Event of Default (except a Default or Event of Default relating to the payment of principal or interest) if it determines that withholding notice is in their interest. The Holders of a majority in aggregate principal amount of the Notes then outstanding by notice to the Trustee may on behalf of the Holders of all of the Notes waive any existing Default or Event of Default and its consequences under the Indenture except a continuing Default or Event of Default in the payment of interest on, or the principal of, the Notes. The Company is required to deliver to the Trustee annually a statement regarding compliance with the Indenture. Upon becoming aware of any Default or Event of Default, the Company is required to deliver to the Trustee a statement specifying such Default or Event of Default.

13. TRUSTEE DEALINGS WITH ISSUERS. The Trustee, in its individual or any other capacity, may make loans to, accept deposits from, and perform services for the Issuers, the Guarantor or their Affiliates, and may otherwise deal with the Issuers, the Guarantor or their Affiliates, as if it were not the Trustee.

14. NO RECOURSE AGAINST OTHERS. A director, officer, employee, incorporator, member or stockholder of either of the Issuers or the Guarantor, as such, shall not have any liability for any obligations of the Issuers under the Notes or the Indenture or for any claim based on, in respect of, or by reason of, such obligations or their creation. Each Holder by accepting a Note waives and releases all such liability. The waiver and release are part of the consideration for the issuance of the Notes.

15. GUARANTEES. Until the consummation of the Marcus Combination, this Note will be entitled to the benefits of certain Guarantees, if any, made for the benefit of the Holders. Reference is hereby made to the Indenture for a statement of the respective rights, limitations of rights, duties and obligations thereunder of the Guarantor, the Trustee and the Holders.

16. GOVERNING LAW. This Note and the Indenture shall be governed by and construed in accordance with the laws of the State of New York, as applied to contracts made and performed within the State of New York, without regard to principles of conflict of laws. Each of the parties hereto and the holders agree to submit to the jurisdiction of the courts of the State of New York in any action or proceeding arising out of or relating to this Note.

17. AUTHENTICATION. This Note shall not be valid until authenticated by the manual signature of the Trustee or an authenticating agent.

In addition to the rights provided to Holders of Notes under the Indenture, Holders of Restricted Global Notes and Restricted Definitive Notes shall have all the rights set forth in the Exchange and Registration Rights Agreement dated as of March 17, 1999, among the Issuers, the Guarantor and the initial purchasers named therein (the "Registration Rights Agreement").

20. CUSIP NUMBERS. Pursuant to a recommendation promulgated by the Committee on Uniform Security Identification Procedures, the Issuers have caused CUSIP numbers to be printed on the Notes and the Trustee may use CUSIP numbers in notices of redemption as a convenience to Holders. No representation is made as to the accuracy of such numbers either as printed on the Notes or as contained in any notice of redemption and reliance may be placed only on the other identification numbers placed thereon.

2. Registration Under the Securities Act.

(a) Except as set forth in Section 2(b) below, the Issuers agree to file under the Securities Act, as soon as practicable, but no later than 90 days after the Closing Date, a registration statement relating to an offer to exchange (such registration statement, the "Exchange Offer Registration Statement", and such offer, the "Exchange Offer") any and all of the Notes guaranteed by the Guarantor for a like aggregate principal amount of notes issued by the Issuers and guaranteed by the Guarantor, which notes and guarantee are substantially identical in all material respects to the Notes and Guarantee (and are entitled to the benefits of a trust indenture which has terms identical in all material respects to the Indenture or is the Indenture and which has been qualified under the Trust Indenture Act), except that they have been registered pursuant to an effective registration statement under the Securities Act and do not contain provisions for the additional interest contemplated in Section 2(c) below (such notes hereinafter called "Exchange Notes"). The Issuers agree to use their reasonable best efforts to cause the Exchange Offer Registration Statement to become effective under the Securities Act as soon as practicable, but no later than 150 days after the Closing Date. The Exchange Offer will be registered under the Securities Act on the appropriate form and will comply with all applicable tender offer rules and regulations under the Exchange Act. The Issuers further agree to use their reasonable best efforts to complete the Exchange Offer promptly, but no later than 30 business days or longer, if required by the federal securities laws, after such registration statement has become effective, hold the Exchange Offer open for at least 30 days and exchange Exchange Notes for all Registrable Securities that have been properly tendered and not withdrawn on or prior to the expiration of the Exchange Offer. The Exchange Offer will be deemed to have been "completed" only if the notes received by holders other than Restricted Holders in the Exchange Offer for Registrable Securities are, upon receipt, transferable by each such holder without restriction under the Securities Act and the Exchange Act and without material restrictions under the blue sky or securities laws of a substantial majority of the States of the United States of America. The Exchange Offer shall be deemed to have been completed upon the earlier to occur of (i) the Issuers having exchanged the Exchange Notes for all outstanding Registrable Securities pursuant to the Exchange Offer and (ii) the Issuers having exchanged, pursuant to the Exchange Offer, Exchange Notes for all Registrable Securities that have been properly tendered and not withdrawn before the expiration of the Exchange Offer, which shall be on a date that is at least 30 business days following the commencement of the Exchange Offer. The Issuers agree (x) to include in the Exchange Offer Registration Statement a prospectus for use in any resales by any holder of Exchange Notes that is a broker-dealer and (y) to keep such Exchange Offer Registration Statement effective for a period (the "Resale Period") beginning when Exchange Notes are first issued in the Exchange Offer and ending upon the earlier of the expiration of the 180th day after the Exchange Offer has been completed or such time as such broker-dealers no longer own any

Registrable Securities. With respect to such Exchange Offer Registration Statement, such holders shall have the benefit of the rights of indemnification and contribution set forth in Sections 6(a), (c), (d) and (e) hereof.

(b) If (i) on or prior to the time the Exchange Offer is completed existing law or Commission policy or interpretations are changed such that the Exchange Notes received by holders, other than Restricted Holders in the Exchange Offer in exchange for Registrable Securities are not or would not be, upon receipt, transferable by each such holder without restriction under the Securities Act, (ii) the Exchange Offer has not been completed within 180 days following the Closing Date or (iii) the Exchange Offer is not available to any holder of the Notes, the Issuers shall, in lieu of (or, in the case of clause (iii), in addition to) conducting the Exchange Offer contemplated by Section 2(a), file under the Securities Act on or prior to 30 business days after the time such obligation to file arises, a "shelf" registration statement providing for the registration of, and the sale on a continuous or delayed basis by the holders of, all of the Registrable Securities, pursuant to Rule 415 or any similar rule that may be adopted by the Commission (such filing, the "Shelf Registration" and such registration statement, the "Shelf Registration Statement"). The Issuers agree to use their reasonable best efforts (x) to cause the Shelf Registration Statement to become or be declared effective by the Commission no later than 90 days after such obligation to file arises and to keep such Shelf Registration Statement continuously effective for a period ending on the earlier of (i) the second anniversary of the Effective Time or (ii) such time as there are no longer any Registrable Securities outstanding, provided, however, that no holder shall be entitled to be named as a selling securityholder in the Shelf Registration Statement or to use the prospectus forming a part thereof for resales of Registrable Securities unless such holder is an Electing Holder, and (y) after the Effective Time of the Shelf Registration Statement, promptly upon the request of any holder of Registrable Securities that is not then an Electing Holder, to take any action reasonably necessary to enable such holder to use the prospectus forming a part thereof for resales of Registrable Securities, including, without limitation, any action necessary to identify such holder as a selling securityholder in the Shelf Registration Statement, provided, however, that nothing in this clause (y) shall relieve any such holder of the obligation to return a completed and signed Notice and Questionnaire to the Issuers in accordance with Section 3(d)(iii) hereof. The Issuers further agree to supplement or make amendments to the Shelf Registration Statement, as and when required by the rules, regulations or instructions applicable to the registration form used by the Issuers for such Shelf Registration Statement or by the Securities Act or rules and regulations thereunder for shelf registration, and the Issuers agree to furnish to each Electing Holder copies of any such supplement or amendment prior to its being used or promptly following its filing with the Commission.

(c) In the event that (i) the Issuers have not filed the Exchange Offer Registration Statement or Shelf Registration Statement on or before the date on which such registration statement is required to be filed pursuant to Section 2(a) or 2(b), respectively, or (ii) such Exchange Offer Registration Statement or Shelf Registration Statement to become effective or been declared effec-

tive by the Commission on or before the date on which such registration statement is required to become or be declared effective pursuant to Section 2(a) or 2(b), respectively, or (iii) the Exchange Offer has not been completed within 30 business days after the initial effective date of the Exchange Offer Registration Statement relating to the Exchange Offer (if the Exchange Offer is then required to be made) or (iv) any Exchange Offer Registration Statement or Shelf Registration Statement required by Section 2(a) or 2(b) hereof is filed and declared effective but shall thereafter either be withdrawn by the Issuers or shall become subject to an effective stop order issued pursuant to Section 8(d) of the Securities Act suspending the effectiveness of such registration statement (except as specifically permitted herein) without being succeeded immediately by an additional registration statement filed and declared effective (each such event referred to in clauses (i) through (iv), a "Registration Default" and each period during which a Registration Default has occurred and is continuing, a "Registration Default Period"), then, as liquidated damages for such Registration Default, subject to the provisions of Section 9(b), special interest ("Special Interest"), in addition to the Base Interest, shall accrue on the aggregate principal amount of the outstanding Notes at a per annum rate of 0.25% for the first 90 days of the Registration Default Period, at a per annum rate of 0.50% for the second 90 days of the Registration Default Period, at a per annum rate of 0.75% for the third 90 days of the Registration Default Period and at a per annum rate of 1.0% thereafter for the remaining portion of the Registration Default Period. All accrued Special Interest shall be paid in cash by the Issuers on each Interest Payment Date (as defined in the Indenture).

(d) The Issuers shall use their reasonable best efforts to take all actions necessary or advisable to be taken by them to ensure that the transactions contemplated herein are effected as so contemplated in Section 2(a) or 2(b) hereof.

(e) Any reference herein to a registration statement as of any time shall be deemed to include any document incorporated, or deemed to be incorporated, therein by reference as of such time and any reference herein to any post-effective amendment to a registration statement as of any time shall be deemed to include any document incorporated, or deemed to be incorporated, therein by reference as of such time.

3. Registration Procedures.

If the Issuers file a registration statement pursuant to Section 2(a) or Section 2(b), the following provisions shall apply:

(a) At or before the Effective Time of the Exchange Offer or the Shelf Registration, as the case may be, the Issuers shall cause the Indenture to be qualified under the Trust Indenture Act of 1939.

(b) In the event that such qualification would require the appointment of a new trustee under the Indenture, the Issuers shall appoint a new trustee thereunder pursuant to the applicable provisions of the Indenture.

(c) In connection with the Issuers' obligations with respect to the registration of Exchange Notes as contemplated by Section 2(a) (the "Exchange Offer Registration"), if applicable, the Issuers shall, as soon as practicable (or as otherwise specified):

(i) prepare and file with the Commission, as soon as practicable but no later than 90 days after the Closing Date, an Exchange Offer Registration Statement on any form which may be utilized by the Issuers and which shall permit the Exchange Offer and resales of Exchange Notes by broker-dealers during the Resale Period to be effected as contemplated by Section 2(a), and use their reasonable best efforts to cause such Exchange Offer Registration Statement to become effective as soon as practicable thereafter, but no later than 150 days after the Closing Date;

(ii) as soon as practicable prepare and file with the Commission such amendments and supplements to such Exchange Offer Registration Statement and the prospectus included therein as may be necessary to effect and maintain the effectiveness of such Exchange Offer Registration Statement for the periods and purposes contemplated in Section 2(a) hereof and as may be required by the applicable rules and regulations of the Commission and the instructions applicable to the form of such Exchange Offer Registration Statement, and promptly provide each broker-dealer holding Exchange Notes with such number of copies of the prospectus included therein (as then amended or supplemented), in conformity in all material respects with the requirements of the Securities Act and the Trust Indenture Act and the rules and regulations of the Commission thereunder, as such broker-dealer reasonably may request prior to the expiration of the Resale Period, for use in connection with resales of Exchange Notes;

(iii) promptly notify each broker-dealer that has requested or received copies of the prospectus included in such registration statement, and confirm such advice in writing, (A) when such Exchange Offer Registration Statement or the prospectus included therein or any prospectus amendment or supplement or post-effective amendment has been filed, and, with respect to such Exchange Offer Registration Statement or any post-effective amendment, when the same has become effective, (B) of any comments by the Commission and by the blue sky or securities commissioner or regulator of any state with respect thereto or any request by the Commission for amendments or supplements to such Exchange Offer Registration Statement or prospectus or for additional informa-

tion, (C) of the issuance by the Commission of any stop order suspending the effectiveness of such Exchange Offer Registration Statement or the initiation or, to the knowledge of the Issuers, threatening of any proceedings for that purpose, (D) if at any time the representations and warranties of the Issuers contemplated by Section 5 hereof cease to be true and correct in all material respects, (E) of the receipt by the Issuers of any notification with respect to the suspension of the qualification of the Exchange Notes for sale in any jurisdiction or the initiation or, to the knowledge of the Issuers, threatening of any proceeding for such purpose, or (F) at any time during the Resale Period when a prospectus is required to be delivered under the Securities Act, that such Exchange Offer Registration Statement, prospectus, prospectus amendment or supplement or post-effective amendment does not conform in all material respects to the applicable requirements of the Securities Act and the Trust Indenture Act, and the rules and regulations of the Commission thereunder or contains an untrue statement of a material fact or omits to state any material fact required to be stated therein or necessary to make the statements therein not misleading in light of the circumstances then existing;

such loss, claim, damage or liability arises out of or is based upon an untrue statement or alleged untrue statement or omission or alleged omission made in such registration statement, or preliminary, final or summary prospectus, or amendment or supplement thereto, in reliance upon and in conformity with written information furnished to the Issuers by such persons expressly for use therein.

(b) Indemnification by the Holders and any Agents and Underwriters. The Issuers may require, as a condition to including any Registrable Securities in any registration statement filed pursuant to Section 2(b) hereof and to entering into any underwriting agreement or similar agreement with respect thereto, that the Issuers shall have received an undertaking reasonably satisfactory to them from the Electing Holder of such Registrable Securities included in a Shelf Registration Statement and from each underwriter or agent named in any such underwriting agreement or similar agreement, severally and not jointly, to (i) indemnify and hold harmless the Issuers, the Guarantor and all other holders of Registrable Securities, against any losses, claims, damages or liabilities to which the Issuers, the Guarantor or such other holders of Registrable Securities may become subject, under the Securities Act or otherwise, insofar as such losses, claims, damages or liabilities (or actions in respect thereof) arise out of or are based upon an untrue statement or alleged untrue statement of a material fact contained in such registration statement, or any preliminary, final or summary prospectus contained therein or furnished by the Issuers to any such Electing Holder, agent or underwriter, or any amendment or supplement thereto, or arise out of or are based upon the omission or alleged omission to state therein a material fact required to be stated therein or necessary to make the statements therein not misleading, in each case to the extent, but only to the extent, that such untrue statement or alleged untrue statement or omission or alleged omission was made in reliance upon and in conformity with written information furnished to the Issuers or the Guarantor by such Electing Holder or underwriter expressly for use therein, and (ii) reimburse the Issuers and the Guarantor for any legal or other expenses reasonably incurred by the Issuers and the Guarantor in connection with investigating or defending any such action or claim as such expenses are incurred; provided, however, that no such Electing Holder shall be required to undertake liability to any person under this Section 6(b) for any amounts in excess of the dollar amount of the proceeds to be received by such Electing Holder from the sale of such Electing Holder's Registrable Securities pursuant to such registration.

(c) Notices of Claims, Etc. Promptly after receipt by an indemnified party under subsection (a) or (b) above of written notice of the commencement of any action, such indemnified party shall, if a claim in respect thereof is to be made against an indemnifying party pursuant to the indemnification provisions of or contemplated by this Section 6, notify such indemnifying party in writing of the commencement of such action; but the omission so to notify the indemnifying party shall not relieve it from any liability which it may have to any indemnified party otherwise than under the indemnification provisions of or contemplated by Section 6(a) or 6(b) hereof. In case any such action shall be brought against any indemnified party and it shall notify an indemnifying party of the commencement thereof, such indemni-

fying party shall be entitled to participate therein and, to the extent that it shall wish, jointly with any other indemnifying party similarly notified, to assume the defense thereof, with counsel reasonably satisfactory to such indemnified party (who shall not, except with the consent of the indemnified party, be counsel to the indemnifying party), and, after notice from the indemnifying party to such indemnified party of its election so to assume the defense thereof, such indemnifying party shall not be liable to such indemnified party for any legal expenses of other counsel or any other expenses, in each case subsequently incurred by such indemnified party, in connection with the defense thereof other than reasonable costs of investigation. No indemnifying party shall, without the written consent of the indemnified party, effect the settlement or compromise of, or consent to the entry of any judgment with respect to, any pending or threatened action or claim in respect of which indemnification or contribution may be sought hereunder (whether or not the indemnified party is an actual or potential party to such action or claim) unless such settlement, compromise or judgment (i) includes an unconditional release of the indemnified party from all liability arising out of such action or claim and (ii) does not include a statement as to or an admission of fault, culpability or a failure to act by or on behalf of any indemnified party.

(d) Contribution. If for any reason the indemnification provisions contemplated by Section 6(a) or Section 6(b) are unavailable to or insufficient to hold harmless an indemnified party in respect of any losses, claims, damages or liabilities (or actions in respect thereof) referred to therein, then each indemnifying party shall contribute to the amount paid or payable by such indemnified party as a result of such losses, claims, damages or liabilities (or actions in respect thereof) in such proportion as is appropriate to reflect the relative fault of the indemnifying party and the indemnified party in connection with the statements or omissions which resulted in such losses, claims, damages or liabilities (or actions in respect thereof), as well as any other relevant equitable considerations. The relative fault of such indemnifying party and indemnified party shall be determined by reference to, among other things, whether the untrue or alleged untrue statement of a material fact or omission or alleged omission to state a material fact relates to information supplied by such indemnifying party or by such indemnified party, and the parties' relative intent, knowledge, access to information and opportunity to correct or prevent such statement or omission. The parties hereto agree that it would not be just and equitable if contributions pursuant to this Section 6(d) were determined by pro rata allocation (even if the holders or any agents or underwriters or all of them were treated as one entity for such purpose) or by any other method of allocation which does not take account of the equitable considerations referred to in this Section 6(d). The amount paid or payable by an indemnified party as a result of the losses, claims, damages, or liabilities (or actions in respect thereof) referred to above shall be deemed to include any legal or other fees or expenses reasonably incurred by such indemnified party in connection with investigating or defending any such action or claim. Notwithstanding the provisions of this Section 6(d), no holder shall be required to contribute any amount in excess of the amount by which the dollar amount of the proceeds received by such holder from the sale of any Registrable Securities (after deducting any fees, discounts and commissions applicable thereto) exceeds

the amount of any damages which such holder has otherwise been required to pay by reason of such untrue or alleged untrue statement or omission or alleged omission, and no underwriter shall be required to contribute any amount in excess of the amount by which the total price at which the Registrable Securities underwritten by it and distributed to the public were offered to the public exceeds the amount of any damages which such underwriter has otherwise been required to pay by reason of such untrue or alleged untrue statement or omission or alleged omission. No person guilty of fraudulent misrepresentation (within the meaning of Section 11(f) of the Securities Act) shall be entitled to contribution from any person who was not guilty of such fraudulent misrepresentation. The holders' and any underwriters' obligations in this Section 6(d) to contribute shall be several in proportion to the principal amount of Registrable Securities registered or underwritten, as the case may be, by them and not joint.

(e) The obligations of the Issuers and the Guarantor under this Section 6 shall be in addition to any liability which the Issuers and the Guarantor may otherwise have and shall extend, upon the same terms and conditions, to each officer, director and partner of each holder, agent and underwriter and each person, if any, who controls any holder, agent or underwriter within the meaning of the Securities Act; and the obligations of the holders and any agents or underwriters contemplated by this Section 6 shall be in addition to any liability which the respective holder, agent or underwriter may otherwise have and shall extend, upon the same terms and conditions, to each officer (including any officer who signed any registration statement), director, employee, representative or agent of the Issuers and the Guarantor and to each person, if any, who controls the Issuers or the Guarantor within the meaning of the Securities Act.

7. Underwritten Offerings.

(a) Selection of Underwriters. If any of the Registrable Securities covered by the Shelf Registration are to be sold pursuant to an underwritten offering, the managing underwriter or underwriters thereof shall be designated by Electing Holders holding at least a majority in aggregate principal amount of the Registrable Securities to be included in such offering, provided that such designated managing underwriter or underwriters is or are reasonably acceptable to the Issuers.

(b) Participation by Holders. Each holder of Registrable Securities hereby agrees with each other such holder that no such holder may participate in any underwritten offering hereunder unless such holder (i) agrees to sell such holder's Registrable Securities on the basis provided in any underwriting arrangements approved by the persons entitled hereunder to approve such arrangements and (ii) completes and executes all questionnaires, powers of attorney, indemnities, underwriting agreements and other documents reasonably required under the terms of such underwriting arrangements.

8. Rule 144.

Each of the Issuers covenants to the holders of Registrable Securities that to the extent it shall be required to do so under the Exchange Act, it shall timely file the reports required to be filed by it under the Exchange Act or the Securities Act (including the reports under Section 13 and 15(d) of the Exchange Act referred to in subparagraph (c)(1) of Rule 144 adopted by the Commission under the Securities Act) and the rules and regulations adopted by the Commission thereunder, and shall take such further action as any holder of Registrable Securities may reasonably request, all to the extent required from time to time to enable such holder to sell Registrable Securities without registration under the Securities Act within the limitations of the exemption provided by Rule 144 under the Securities Act, as such Rule may be amended from time to time, or any similar or successor rule or regulation hereafter adopted by the Commission. Upon the request of any holder of Registrable Securities in connection with that holder's sale pursuant to Rule 144, the Issuers shall deliver to such holder a written statement as to whether it has complied with such requirements.

9. Miscellaneous.

(a) No Inconsistent Agreements. The Issuers represent, warrant, covenant and agree that they have not granted, and shall not grant, registration rights with respect to Registrable Securities or any other Notes which would be inconsistent with the terms contained in this Exchange and Registration Rights Agreement.

(b) Specific Performance. The parties hereto acknowledge that there would be no adequate remedy at law if the Issuers fail to perform any of their obligations hereunder and that the Purchasers and the holders from time to time of the Registrable Securities may be irreparably harmed by any such failure, and accordingly agree that the Purchasers and such holders, in addition to any other remedy to which they may be entitled at law or in equity, shall be entitled to compel specific performance of the obligations of the Issuers under this Exchange and Registration Rights Agreement in accordance with the terms and conditions of this Exchange and Registration Rights Agreement, in any court of the United States or any State thereof having jurisdiction.

(c) Notices. All notices, requests, claims, demands, waivers and other communications hereunder shall be in writing and shall be deemed to have been duly given (i) when delivered by hand, if delivered personally or by courier, (ii) when sent by facsimile (with written confirmation of receipt), provided that a copy is mailed by registered or certified mail, return receipt requested or (iii) three days after being deposited in the mail (registered or certified mail, postage prepaid, return receipt requested) as follows: If to the Issuers, c/o Charter Communications, Inc., 12444 Powerscourt Drive, Suite 100, St. Louis, Missouri, 63131, Attention: Secretary, and if to a holder, to the address of such holder set forth in the security register or other records of the Issuers, or to such other address as the Issuers or any

such holder may have furnished to the other in writing in accordance herewith, except that notices of change of address shall be effective only upon receipt.

(d) Parties in Interest. All the terms and provisions of this Exchange and Registration Rights Agreement shall be binding upon, shall inure to the benefit of and shall be enforceable by the parties hereto and the holders from time to time of the Registrable Securities and the respective successors and assigns of the parties hereto and such holders. In the event that any transferee of any holder of Registrable Securities shall acquire Registrable Securities, in any manner, whether by gift, bequest, purchase, operation of law or otherwise, such transferee shall, without any further writing or action of any kind, be deemed a beneficiary hereof for all purposes and such Registrable Securities shall be held subject to all of the terms of this Exchange and Registration Rights Agreement, and by taking and holding such Registrable Securities such transferee shall be entitled to receive the benefits of, and be conclusively deemed to have agreed to be bound by all of the applicable terms and provisions of this Exchange and Registration Rights Agreement. If the Issuers shall so request, any such successor, assign or transferee shall agree in writing to acquire and hold the Registrable Securities subject to all of the applicable terms hereof.

(e) Survival. The respective indemnities, agreements, representations, warranties and each other provision set forth in this Exchange and Registration Rights Agreement or made pursuant hereto shall remain in full force and effect regardless of any investigation (or statement as to the results thereof) made by or on behalf of any holder of Registrable Securities, any director, officer or partner of such holder, any agent or underwriter or any director, officer or partner thereof, or any controlling person of any of the foregoing, and shall survive delivery of and payment for the Registrable Securities pursuant to the Purchase Agreement and the transfer and registration of Registrable Securities by such holder and the consummation of an Exchange Offer.

(f) Governing Law. This Exchange and Registration Rights Agreement shall be governed by and construed in accordance with the laws of the State of New York, without giving effect to any provisions relating to conflicts of law.

(g) Headings. The descriptive headings of the several Sections and paragraphs of this Exchange and Registration Rights Agreement are inserted for convenience only, do not constitute a part of this Exchange and Registration Rights Agreement and shall not affect in any way the meaning or interpretation of this Exchange and Registration Rights Agreement.

(h) Entire Agreement; Amendments. This Exchange and Registration Rights Agreement and the other writings referred to herein (including the Indenture and the form of Notes) or delivered pursuant hereto which form a part hereof contain the entire understanding of the parties with respect to its subject matter. This Exchange and Registration Rights Agreement supersedes all prior agreements and understandings between the parties

with respect to its subject matter. This Exchange and Registration Rights Agreement may be amended and the observance of any term of this Exchange and Registration Rights Agreement may be waived (either generally or in a particular instance and either retroactively or prospectively) only by a written instrument duly executed by the Issuers and the holders of at least a majority in aggregate principal amount of the Registrable Securities at the time outstanding. Each holder of any Registrable Securities at the time or thereafter outstanding shall be bound by any amendment or waiver effected pursuant to this Section 9(h), whether or not any notice, writing or marking indicating such amendment or waiver appears on such Registrable Securities or is delivered to such holder.

(i) Inspection. For so long as this Exchange and Registration Rights Agreement shall be in effect, this Exchange and Registration Rights Agreement and a complete list of the names and addresses of all the holders of Registrable Securities shall be made available for inspection and copying, upon reasonable prior notice, on any business day during normal business hours by any holder of Registrable Securities for proper purposes only (which shall include any purpose related to the rights of the holders of Registrable Securities under the Notes, the Indenture and this Agreement) at the offices of the Issuers at the address thereof set forth in Section 9(c) above and at the office of the Trustee under the Indenture.

(j) Counterparts. This agreement may be executed by the parties in counterparts, each of which shall be deemed to be an original, but all such respective counterparts shall together constitute one and the same instrument.

If the foregoing is in accordance with your understanding, please sign and return to us counterparts hereof, and upon the acceptance hereof by you, on behalf of each of the Purchasers, this letter and such acceptance hereof shall constitute a binding agreement between each of the Purchasers and the Issuers. It is understood that your acceptance of this letter on behalf of each of the Purchasers is pursuant to the authority set forth in a form of Agreement among Purchasers, the form of which shall be submitted to the Issuers for examination upon request, but without warranty on your part as to the authority of the signers thereof.

The Notes may have notations, legends or endorsements required by law, stock exchange rule or usage. Each Note shall be dated the date of its authentication. The Notes shall be in denominations of $1,000 principal amount at maturity and integral multiples thereof.

The terms and provisions contained in the Notes shall constitute, and are hereby expressly made, a part of this Indenture and the Issuers and the Trustee, by their execution and delivery of this Indenture, expressly agree to such terms and provisions and to be bound thereby. However, to the extent any provision of any Note conflicts with the express provisions of this Indenture, the provisions of this Indenture shall govern and be controlling.

(b) Global Notes. Notes issued in global form shall be substantially in the form of Exhibit A attached hereto (including the Global Note Legend thereon and the "Schedule of Exchanges of Interests in the Global Note" attached thereto). Notes issued in definitive form shall be substantially in the form of Exhibit A attached hereto (but without the Global Note Legend thereon and without the "Schedule of Exchanges of Interests in the Global Note" attached thereto). Each Global Note shall represent such of the outstanding Notes as shall be specified therein and each shall provide that it shall represent the aggregate principal amount at maturity of outstanding Notes from time to time endorsed thereon and that the aggregate principal amount at maturity of outstanding Notes represented thereby may from time to time be reduced or increased, as appropriate, to reflect exchanges and redemptions. Any endorsement of a Global Note to reflect the amount of any increase or decrease in the aggregate principal amount at maturity of outstanding Notes represented thereby shall be made by the Trustee or the custodian, at the direction of the Trustee, in accordance with instructions given by the Holder thereof as required by Section 2.06.

(c) Euroclear and Cedel Procedures Applicable. The provisions of the "Operating Procedures of the Euroclear System" and "Terms and Conditions Governing Use of Euroclear" and the "General Terms and Conditions of Cedel Bank" and "Customer Handbook" of Cedel Bank shall be applicable to transfers of beneficial interests in the Regulation S Global Notes that are held by Participants through Euroclear or Cedel Bank.

Section 2.02. Execution and Authentication.

Two Officers shall sign the Notes for each Issuer by manual or facsimile signature. The Guarantor shall execute the Guarantee in the manner set forth in Article 10.

If an Officer whose signature is on a Note no longer holds that office at the time a Note is authenticated, the Note shall nevertheless be valid.

A Note shall not be valid until authenticated by the manual signature of the Trustee. The signature shall be conclusive evidence that the Note has been authenticated under this Indenture.

The Trustee shall, upon a written order of the Issuers signed by an Officer of each of the Issuers (an "Authentication Order"), authenticate Notes for original issue in the aggregate principal amount at maturity of $1,475,000,000. The aggregate principal amount at maturity of Notes outstanding at any time may not exceed such amount except as provided in Section 2.07. On the Issue Date, the Issuers will issue $1,475,000,000 aggregate principal amount at maturity of Notes.

The Trustee may appoint an authenticating agent acceptable to the Issuers to authenticate Notes. An authenticating agent may authenticate Notes whenever the Trustee may do so. Each reference in this Indenture to authentication by the Trustee includes authentication by such agent. An authenticating agent has the same rights as an Agent to deal with Holders or an Affiliate of the Issuers.

Section 2.03. Registrar and Paying Agent.

The Issuers shall maintain an office or agency where Notes may be presented for registration of transfer or for exchange ("Registrar") and an office or agency where Notes may be pre-

sented for payment ("Paying Agent"). The Registrar shall keep a register of the Notes and of their transfer and exchange. The Issuers may appoint one or more co-registrars and one or more additional paying agents. The term "Registrar" includes any co-registrar and the term "Paying Agent" includes any additional paying agent. The Issuers may change any Paying Agent or Registrar without notice to any Holder. The Issuers shall notify the Trustee in writing of the name and address of any Agent not a party to this Indenture. If the Issuers fail to appoint or maintain another entity as Registrar or Paying Agent, the Trustee shall act as such. The Issuers or any of their Subsidiaries may act as Paying Agent or Registrar.

The Issuers initially appoint The Depository Trust Company ("DTC") to act as Depositary with respect to the Global Notes.

The Issuers initially appoint the Trustee to act as the Registrar and Paying Agent and to act as Custodian with respect to the Global Notes.

Section 2.04. Paying Agent to Hold Money in Trust.

The Issuers shall require each Paying Agent other than the Trustee to agree in writing that the Paying Agent shall hold in trust for the benefit of Holders or the Trustee all money held by the Paying Agent for the payment of Accreted Value, premium, if any, or interest on the Notes, and shall notify the Trustee of any default by the Issuers in making any such payment. While any such default continues, the Trustee may require a Paying Agent to pay all money held by it to the Trustee. The Issuers at any time may require a Paying Agent to pay all money held by it to the Trustee. Upon payment over to the Trustee, the Paying Agent (if other than the Issuers or a Subsidiary) shall have no further liability for the money. If the Issuers or a Subsidiary acts as Paying Agent, it shall segregate and hold in a separate trust fund for the benefit of the Holders all money held by it as Paying Agent. Upon any bankruptcy or reorganization proceedings relating to the Issuers, the Trustee shall serve as Paying Agent for the Notes.

Section 2.05. Holder Lists.

The Trustee shall preserve in as current a form as is reasonably practicable the most recent list available to it of the names and addresses of all Holders and shall otherwise comply with TIA ss. 312(a). If the Trustee is not the Registrar, the Issuers shall furnish to the Trustee at least seven Business Days before each interest payment date and at such other times as the Trustee may request in writing, a list in such form and as of such date as the Trustee may reasonably require of the names and addresses of the Holders of Notes and the Issuers shall otherwise comply with TIA ss. 312(a).

Section 2.06. Transfer and Exchange.

(a) Transfer and Exchange of Global Notes. A Global Note may not be transferred as a whole except by the Depositary to a nominee of the Depositary, by a nominee of the Depositary to the Depositary or to another nominee of the Depositary, or by the Depositary or any such nominee to a successor Depositary or a nominee of such successor Depositary. All Global Notes shall be exchanged by the Company for Definitive Notes if:

(i) the Issuers deliver to the Trustee notice from the Depositary that it is unwilling or unable to continue to act as Depositary or that it is no longer a clearing agency registered under the Exchange Act and, in either case, a successor Depositary is not appointed by the Issuers within 120 days after the date of such notice from the Depositary; or

(ii) the Issuers in their sole discretion determine that the Global Notes (in whole but not in part) should be exchanged for Definitive Notes and deliver a written notice to such effect to the Trustee; or

(iii) there shall have occurred and be continuing a Default or Event of Default with respect to the Notes.

Upon the occurrence of any of the preceding events in (i), (ii) or (iii) above, Definitive Notes shall be issued in such names as the Depositary shall instruct the Trustee. Global Notes also may be exchanged or replaced, in whole or in part, as provided in Sections 2.07 and 2.10. Every Note authenticated and delivered in exchange for, or in lieu of, a Global Note or any portion thereof, pursuant to this Section 2.06 or Section 2.07 or 2.10, shall be authenticated and delivered in the form of, and shall be, a Global Note. A Global Note may not be exchanged for another Note other than as provided in this Section 2.06(a); however, beneficial interests in a Global Note may be transferred and exchanged as provided in Section 2.06(b), (c) or (f).

(b) Transfer and Exchange of Beneficial Interests in the Global Notes. The transfer and exchange of beneficial interests in the Global Notes shall be effected through the Depositary, in accordance with the provisions of this Indenture and the Applicable Procedures. Beneficial interests in the Restricted Global Notes shall be subject to restrictions on transfer comparable to those set forth herein to the extent required by the Securities Act. Transfers of beneficial interests in the Global Notes also shall require compliance with either subparagraph (i) or (ii) below, as applicable, as well as one or more of the other following subparagraphs, as applicable:

(i) Transfer of Beneficial Interests in the Same Global Note. Beneficial interests in any Restricted Global Note may be transferred to Persons who take delivery thereof in the form of a beneficial interest in the same Restricted Global Note in accordance with the transfer restrictions set forth in the Private Placement Legend. Beneficial interests in any Unrestricted Global Note may be transferred to Persons who take delivery thereof in the form of a beneficial interest in an Unrestricted Global Note. No written orders or instructions shall be required to be delivered to the Registrar to effect the transfers described in this Section 2.06(b)(i).

(ii) All Other Transfers and Exchanges of Beneficial Interests in Global Notes. In connection with all transfers and exchanges of beneficial interests that are not subject to Section 2.06(b)(i) above, the transferor of such beneficial interest must deliver to the Registrar either:

(A)(1) a written order from a Participant or an Indirect Participant given to the Depositary in accordance with the Applicable Procedures directing the Depositary

to credit or cause to be credited a beneficial interest in another Global Note in an amount equal to the beneficial interest to be transferred or exchanged; and

(A)(2) instructions given in accordance with the Applicable Procedures containing information regarding the Participant account to be credited with such increase; or

(B)(1) a written order from a Participant or an Indirect Participant given to the Depositary in accordance with the Applicable Procedures directing the Depositary to cause to be issued a Definitive Note in an amount equal to the beneficial interest to be transferred or exchanged; and

(B)(2) instructions given by the Depositary to the Registrar containing information regarding the Person in whose name such Definitive Note shall be registered to effect the transfer or exchange referred to in (1) above.

Upon consummation of an Exchange Offer by the Issuers in accordance with Section 2.06(f), the requirements of this Section 2.06(b)(ii) shall be deemed to have been satisfied upon receipt by the Registrar of the instructions contained in the Letter of Transmittal delivered by the holder of such beneficial interests in the Restricted Global Notes. Upon satisfaction of all of the requirements for transfer or exchange of beneficial interests in Global Notes contained in this Indenture and the Notes or otherwise applicable under the Securities Act, the Trustee shall adjust the principal amount at maturity of the relevant Global Note(s) pursuant to Section 2.06(h).

(iii) Transfer of Beneficial Interests to Another Restricted Global Note. A beneficial interest in any Restricted Global Note may be transferred to a Person who takes delivery thereof in the form of a beneficial interest in another Restricted Global Note if the transfer complies with the requirements of Section 2.06(b)(ii) above and the Registrar receives the following:

(A) if the transferee will take delivery in the form of a beneficial interest in the 144A Global Note, then the transferor must deliver a certificate in the form of Exhibit B hereto, including the certifications in item (1) thereof; and

(B) if the transferee will take delivery in the form of a beneficial interest in the Regulation S Global Note, then the transferor must deliver a certificate in the form of Exhibit B hereto, including the certifications in item (2) thereof.

(iv) Transfer and Exchange of Beneficial Interests in a Restricted Global Note for Beneficial Interests in the Unrestricted Global Note. A beneficial interest in any Restricted Global Note may be exchanged by any holder thereof for a beneficial interest in an Unrestricted Global Note or transferred to a Person who takes delivery thereof in the form of a beneficial interest in an Unrestricted Global Note if the exchange or transfer complies with the requirements of Section 2.06(b)(ii) above and:

(A) such exchange or transfer is effected pursuant to the Exchange Offer in accordance with the Registration Rights Agreement and the holder of the beneficial interest to be transferred, in the case of an exchange, or the transferee, in the case of a transfer, certifies in the applicable Letter of Transmittal that it is not (1) a broker-dealer, (2) a Person participating in the distribution of the Exchange Notes or (3) a Person who is an affiliate (as defined in Rule 144) of the Issuers;

and, in each such case set forth in this subparagraph (D), if the Registrar so requests or if the Applicable Procedures so require, an Opinion of Counsel in form reasonably acceptable to the Registrar to the effect that such exchange or transfer is in compliance with the Securities Act and that the restrictions on transfer contained herein and in the Private Placement Legend are no longer required in order to maintain compliance with the Securities Act.

If any such transfer is effected pursuant to subparagraph (B) or (D) above at a time when an Unrestricted Global Note has not yet been issued, the Issuers shall issue (and, in the case of the Guarantee, the Guarantor shall issue) and, upon receipt of an Authentication Order in accordance with Section 2.02, the Trustee shall authenticate one or more Unrestricted Global Notes (with corresponding Guarantees) in an aggregate principal amount at maturity equal to the aggregate principal amount at maturity of beneficial interests transferred pursuant to subparagraph (B) or (D) above.

Beneficial interests in an Unrestricted Global Note cannot be exchanged for, or transferred to Persons who take delivery thereof in the form of, a beneficial interest in a Restricted Global Note.

(h) Cancellation and/or Adjustment of Global Notes. At such time as all beneficial interests in a particular Global Note have been exchanged for Definitive Notes or a particular Global Note has been redeemed, repurchased or canceled in whole and not in part, each such Global Note shall be returned to or retained and canceled by the Trustee in accordance with Section 2.11. At any time prior to such cancellation, if any beneficial interest in a Global Note is exchanged for or transferred to a Person who will take delivery thereof in the form of a beneficial interest in another Global Note or for Definitive Notes, the principal amount at maturity of Notes represented by such Global Note shall be reduced accordingly and an endorsement shall be made on such Global Note by the Trustee or by the Depositary at the direction of the Trustee to reflect such reduction; and if the beneficial interest is being exchanged for or transferred to a Person who will take delivery thereof in the form of a beneficial interest in another Global Note, such other Global Note shall be increased accordingly and an endorsement shall be made on such Global Note by the Trustee or by the Depositary at the direction of the Trustee to reflect such increase.

(i) General Provisions Relating to Transfers and Exchanges.

(i) To permit registrations of transfers and exchanges, the Issuers shall execute (and in the case of the Guarantee, the Guarantor shall execute) and the Trustee shall authenticate Global Notes and Definitive Notes (each with corresponding Guarantees) upon the Issuers' order or at the Registrar's request.

(ii) No service charge shall be made to a holder of a beneficial interest in a Global Note or to a Holder of a Definitive Note for any registration of transfer or exchange, but the Issuers may require payment of a sum sufficient to cover any transfer tax or similar governmental charge payable in connection therewith (other than any such transfer taxes or similar governmental charge payable upon exchange or transfer pursuant to Sections 2.10, 3.06, 3.09, 4.11, 4.16 and 9.05).

(iii) The Registrar shall not be required to register the transfer of or exchange any Note selected for redemption in whole or in part, except the unredeemed portion of any Note being redeemed in part.

(iv) All Global Notes and Definitive Notes issued upon any registration of transfer or exchange of Global Notes or Definitive Notes shall be the valid obligations of the Issuers (and the Guarantor, in the case of the Guarantee), evidencing the same debt, and entitled to the same benefits under this Indenture, as the Global Notes or Definitive Notes (each with a corresponding Guarantee) surrendered upon such registration of transfer or exchange.

(v) The Issuers shall not be required (A) to issue, to register the transfer of or to exchange any Notes during a period beginning at the opening of business 15 days before the day of any selection of Notes for redemption under Section 3.02 and ending at the close of business on the day of selection, (B) to register the transfer of or to exchange any Note so selected for redemption in whole or in part, except the unredeemed portion of any Note being redeemed in part or (C) to register the transfer of or to exchange a Note between a record date and the next succeeding Interest Payment Date.

(vi) Prior to due presentment for the registration of a transfer of any Note, the Trustee, any Agent and the Issuers may deem and treat the Person in whose name any Note is registered as the absolute owner of such Note for the purpose of receiving payment of principal of and interest on such Notes and for all other purposes, and none of the Trustee, any Agent or the Issuers shall be affected by notice to the contrary.

(vii) The Trustee shall authenticate Global Notes and Definitive Notes in accordance with the provisions of Section 2.02.

(viii) All certifications, certificates and Opinions of Counsel required to be submitted to the Registrar pursuant to this Section 2.06 to effect a registration of transfer or exchange may be submitted by facsimile.

Section 2.07. Replacement Notes.

If any mutilated Note is surrendered to the Trustee or the Issuers and the Trustee receives evidence to its satisfaction of the destruction, loss or theft of any Note, the Issuers shall issue (and, in the case of the Guarantee, the Guarantor shall issue) and the Trustee, upon receipt of an Authentication Order, shall authenticate a replacement Note (with a corresponding Guarantee) if the Trustee's requirements are met. If required by the Trustee or the Issuers, an indemnity bond must be supplied by the Holder that is sufficient in the judgment of the Trustee and the Issuers to protect the Issuers, the Trustee, any Agent and any authenticating agent from any loss that any of them may suffer if a Note is replaced. The Issuers may charge for their expenses in replacing a Note.

Every replacement Note (with corresponding Guarantee) is an additional obligation of the Issuers and the Guarantor and shall be entitled to all of the benefits of this Indenture equally and proportionately with all other Notes (with corresponding Guarantees) duly issued hereunder.

Section 2.08. Outstanding Notes.

The Notes outstanding at any time are all the Notes authenticated by the Trustee except for those canceled by it, those delivered to it for cancellation, those reductions in the interest in a Global Note effected by the Trustee in accordance with the provisions, and those described in this Section as not outstanding. Except as set forth in Section 2.09, a Note does not cease to be outstanding because either of the Issuers, the Guarantor or an Affiliate of the Issuers or the Guarantor holds the Note; however, Notes held by an Issuer, the Guarantor or a Subsidiary of an Issuer or the Guarantor shall not be deemed to be outstanding for purposes of Section 3.07(b).

If a Note is replaced pursuant to Section 2.07, it ceases to be outstanding unless the Trustee receives proof satisfactory to it that the replaced Note is held by a bona fide purchaser.

If the Accreted Value of any Note is considered paid under Section 4.01, it ceases to be outstanding and interest on it ceases to accrue.

If the Paying Agent (other than an Issuer, a Subsidiary or an Affiliate of any thereof) holds, on a redemption date or maturity date, money sufficient to pay Notes payable on that date, then on and after that date such Notes shall be deemed to be no longer outstanding and shall cease to accrue interest.

Section 2.09. Treasury Notes.

In determining whether the Holders of the required principal amount at maturity of Notes have concurred in any direction, waiver or consent, Notes owned by an Issuer, or by any Person directly or indirectly controlling or controlled by or under direct or indirect common control with an Issuer, shall be considered as though not outstanding, except that for the purposes of determining whether the Trustee shall be protected in relying on any such direction, waiver or consent, only Notes that a Responsible Officer of the Trustee knows are so owned shall be so disregarded.

Section 2.10. Temporary Notes.

Until certificates representing Notes are ready for delivery, the Issuers may prepare (and, in the case of the Guarantee, the Guarantor may prepare) and the Trustee, upon receipt of an Authentication Order, shall authenticate temporary Notes (with corresponding Guarantees). Temporary Notes shall be substantially in the form of certificated Notes but may have variations that the Issuers considers appropriate for temporary Notes and as shall be reasonably acceptable to the Trustee. Without unreasonable delay, the Issuers shall prepare (and, in the case of the Guarantee, the Guarantor shall prepare) and the Trustee shall authenticate definitive Notes (with corresponding Guarantees) in exchange for temporary Notes.

Holders of temporary Notes shall be entitled to all of the benefits of this Indenture.

Section 2.11. Cancellation.

The Issuers at any time may deliver Notes to the Trustee for cancellation. The Registrar and Paying Agent shall forward to the Trustee any Notes surrendered to them for registration of

transfer, exchange or payment. The Trustee and no one else shall cancel all Notes surrendered for registration of transfer, exchange, payment, replacement or cancellation and shall destroy canceled Notes. Certification of the destruction of all canceled Notes shall be delivered to the Issuers. The Issuers may not issue new Notes to replace Notes that they have paid or that have been delivered to the Trustee for cancellation.

Section 2.12. Defaulted Interest.

If the Issuers default in a payment of interest on the Notes, they shall pay the defaulted interest in any lawful manner plus, to the extent lawful, interest payable on the defaulted interest, to the Persons who are Holders on a subsequent special record date, in each case at the rate provided in the Notes and in Section 4.01. The Issuers shall notify the Trustee in writing of the amount of defaulted interest proposed to be paid on each Note and the date of the proposed payment. The Issuers shall fix or cause to be fixed each such special record date and payment date; provided that no such special record date shall be less than 10 days prior to the related payment date for such defaulted interest. At least 15 days before the special record date, the Issuers (or, upon the written request of the Issuers, the Trustee in the name and at the expense of the Issuers) shall mail or cause to be mailed to Holders a notice that states the special record date, the related payment date and the amount of such interest to be paid.

ARTICLE 3
REDEMPTION AND PREPAYMENT

Section 3.01. Notices to Trustee.

If the Issuers elect to redeem Notes pursuant to the optional redemption provisions of Section 3.07, it shall furnish to the Trustee, at least 30 days but not more than 60 days before a redemption date, an Officers' Certificate setting forth (i) the clause of this Indenture pursuant to which the redemption shall occur, (ii) the redemption date, (iii) the Accreted Value of Notes to be redeemed and (iv) the redemption price.

Section 3.02. Selection of Notes to Be Redeemed.

If less than all of the Notes are to be redeemed or purchased in an offer to purchase at any time, the Trustee shall select the Notes to be redeemed or purchased among the Holders of the Notes in compliance with the requirements of the principal national securities exchange, if any, on which the Notes are listed or, if the Notes are not so listed, on a pro rata basis, by lot or in accordance with any other method the Trustee considers fair and appropriate. In the event of partial redemption by lot, the particular Notes to be redeemed shall be selected, unless otherwise provided herein, not less than 30 nor more than 60 days prior to the redemption date by the Trustee from the outstanding Notes not previously called for redemption.

The Trustee shall promptly notify the Issuers in writing of the Notes selected for redemption and, in the case of any Note selected for partial redemption, the Accreted Value thereof to be redeemed. Notes and portions of Notes selected shall be in amounts of $1,000 principal amount at

maturity or whole multiples of $1,000 principal amount at maturity; except that if all of the Notes of a Holder are to be redeemed, the entire outstanding amount of Notes held by such Holder, even if not a multiple of $1,000 principal amount at maturity, shall be redeemed. Except as provided in the preceding sentence, provisions of this Indenture that apply to Notes called for redemption also apply to portions of Notes called for redemption.

Section 3.03. Notice of Redemption.

Subject to the provisions of Section 3.09, at least 30 days but not more than 60 days before a redemption date, the Issuers shall mail or cause to be mailed, by first class mail, a notice of redemption to each Holder whose Notes are to be redeemed at its registered address.

The notice shall identify the Notes to be redeemed and shall state:

(a) the redemption date;

(b) the redemption price;

(c) if any Note is being redeemed in part, the portion of the Accreted Value or the principal amount at maturity of such Note to be redeemed and that, after the redemption date upon surrender of such Note, a new Note or Notes in principal amount at maturity equal to the unredeemed portion shall be issued upon cancellation of the original Note;

(d) the name and address of the Paying Agent;

(e) that Notes called for redemption must be surrendered to the Paying Agent to collect the redemption price;

(f) that, unless the Issuers default in making such redemption payment, interest on Notes called for redemption ceases to accrue, or the Accreted Value on the Notes ceases to increase, as the case may be, on and after the redemption date;

(g) the paragraph of the Notes and/or Section of this Indenture pursuant to which the Notes called for redemption are being redeemed; and

(h) that no representation is made as to the correctness or accuracy of the CUSIP number, if any, listed in such notice or printed on the Notes.

At the Issuers' request, the Trustee shall give the notice of redemption in the Issuers' name and at their expense; provided, however, that each of the Issuers shall have delivered to the Trustee, at least 45 days prior to the redemption date, an Officers' Certificate requesting that the Trustee give such notice and setting forth the information to be stated in such notice as provided in the preceding paragraph.

Section 3.04. Effect of Notice of Redemption.

Once notice of redemption is mailed in accordance with Section 3.03, Notes called for redemption become irrevocably due and payable on the redemption date at the redemption price. A notice of redemption may not be conditional.

Section 3.05. Deposit of Redemption Price.

At or prior to 10:00 a.m., New York City time, on the redemption date, the Issuers shall deposit with the Trustee or with the Paying Agent money sufficient to pay the redemption price of and accrued interest on all Notes to be redeemed on that date. The Trustee or the Paying Agent shall promptly return to the Issuers any money deposited with the Trustee or the Paying Agent by the Issuers in excess of the amounts necessary to pay the redemption price of, and accrued interest on, all Notes to be redeemed.

If the Issuers comply with the provisions of the preceding paragraph, on and after the redemption date, interest shall cease to accrue on the Notes or the portions of Notes called for redemption. If a Note is redeemed on or after an interest record date but on or prior to the related interest payment date, then any accrued and unpaid interest shall be paid to the Person in whose name such Note was registered at the close of business on such record date. If any Note called for redemption shall not be so paid upon surrender for redemption because of the failure of the Issuers to comply with the preceding paragraph, interest shall be paid on the unpaid principal, from the redemption date until such principal is paid, and to the extent lawful on any interest not paid on such unpaid principal, in each case at the rate provided in the Notes and in Section 4.01.

Section 3.06. Notes Redeemed in Part.

Upon surrender of a Note that is redeemed in part, the Issuers shall issue and, upon the Issuers' written request, the Trustee shall authenticate for the Holder at the expense of the Issuers a new Note equal in principal amount at maturity to the unredeemed portion of the Note surrendered.

Section 3.07. Optional Redemption.

(a) Except as set forth in clause (b) of this Section 3.07, the Issuers shall not have the option to redeem the Notes pursuant to this Section 3.07 prior to April 1, 2004. Thereafter, the Issuers shall have the option to redeem the Notes, in whole or in part, upon not less than 30 nor more than 60 days' notice, at the redemption prices (expressed as percentages of principal amount at maturity) set forth below plus accrued and unpaid interest thereon, if any, to the applicable redemption date, if redeemed during the twelve-month period beginning on April 1 of the years indicated below:

Year	Percentage
2004	104.960%
2005	103.307%
2006	101.653%
2007 and thereafter	100.000%

(b) Notwithstanding the provisions of clause (a) of this Section 3.07, at any time prior to April 1, 2002, the Issuers may, on any one or more occasions, redeem up to 35% of the aggregate principal amount at maturity of the Notes originally issued under this Indenture on a pro rata basis (or nearly as pro rata as practicable) at a redemption price of 109.92% of the Accreted Value thereof, plus, after the Full Accretion Date, accrued and unpaid interest to the redemption date, with the net cash proceeds of one or more Equity Offerings; provided that

(1) at least 65% of the aggregate principal amount at maturity of Notes originally issued under this Indenture remains outstanding immediately after the occurrence of such redemption (excluding Notes held by the Company and its Subsidiaries and the Guarantor and its Subsidiaries); and

(2) the redemption must occur within 60 days of the date of the closing of such Equity Offering.

(c) Any redemption pursuant to this Section 3.07 shall be made pursuant to the provisions of Section 3.01 through 3.06.

Section 3.08. Mandatory Redemption.

Except as otherwise provided in Section 4.11 or Section 4.16 below, the Issuers shall not be required to make mandatory redemption payments with respect to the Notes.

Section 3.09. Offer to Purchase by Application of Excess Proceeds.

In the event that the Issuers shall be required to commence an offer to all Holders to purchase Notes pursuant to Section 4.11 (an "Asset Sale Offer"), they shall follow the procedures specified below.

The Asset Sale Offer shall remain open for a period of 20 Business Days following its commencement and no longer, except to the extent that a longer period is required by applicable law (the "Offer Period"). No later than five Business Days after the termination of the Offer Period (the "Purchase Date"), the Issuers shall purchase the principal amount at maturity of Notes required to be purchased pursuant to Section 4.11 (the "Offer Amount") or, if less than the Offer Amount has been tendered, all Notes tendered in response to the Asset Sale Offer. Payment for any Notes so purchased shall be made in the same manner as interest payments are made.

If the Purchase Date is on or after an interest record date and on or before the related interest payment date, any accrued and unpaid interest shall be paid to the Person in whose name a Note is registered at the close of business on such record date, and no Special Interest shall be payable to Holders who tender Notes pursuant to the Asset Sale Offer.

Upon the commencement of an Asset Sale Offer the Issuers shall send, by first class mail, a notice to the Trustee and each of the Holders, with a copy to the Trustee. The notice shall contain all instructions and materials necessary to enable such Holders to tender Notes pursuant to the Asset Sale Offer. The Asset Sale Offer shall be made to all Holders. The notice, which shall govern the terms of the Asset Sale Offer, shall state:

(a) that the Asset Sale Offer is being made pursuant to this Section 3.09 and Section 4.11 and the length of time the Asset Sale Offer shall remain open;

(b) the Offer Amount, the purchase price and the Purchase Date;

(c) that any Note not tendered or accepted for payment shall continue to accrue interest;

(d) that, unless the Issuers default in making such payment, any Note accepted for payment pursuant to the Asset Sale Offer shall cease to accrue interest after the Purchase Date;

(e) that Holders electing to have a Note purchased pursuant to an Asset Sale Offer or may elect to have Notes purchased in integral multiples of $1,000 principal amount at maturity only;

(f) that Holders electing to have a Note purchased pursuant to any Asset Sale Offer shall be required to surrender the Note, with the form entitled "Option of Holder to Elect Purchase" on the reverse of the Note completed, or transfer by book-entry transfer, to the Issuers, a depositary, if appointed by the Issuers, or a Paying Agent at the address specified in the notice at least three days before the Purchase Date;

(g) that Holders shall be entitled to withdraw their election if the Issuers, the depositary or the Paying Agent, as the case may be, receives, not later than the expiration of the Offer Period, a telegram, telex, facsimile transmission or letter setting forth the name of the Holder, the principal amount at maturity of the Note the Holder delivered for purchase and a statement that such Holder is withdrawing his election to have such Note purchased;

(h) that, if the aggregate Accreted Value of Notes surrendered by Holders exceeds the Offer Amount, the Issuers shall select the Notes to be purchased on a pro rata basis (with such adjustments as may be deemed appropriate by the Issuers so that only Notes in denominations of $1,000 principal amount at maturity, or integral multiples thereof, shall be purchased); and

(i) that Holders whose Notes were purchased only in part shall be issued new Notes equal in principal amount at maturity to the unpurchased portion of the Notes surrendered (or transferred by book-entry transfer).

On or before the Purchase Date, the Issuers shall, to the extent lawful, accept for payment, on a pro rata basis to the extent necessary, the Offer Amount of Notes or portions thereof tendered pursuant to the Asset Sale Offer or if less than the Offer Amount has been tendered, all Notes tendered, and shall deliver to the Trustee an Officers' Certificate stating that such Notes or portions thereof were accepted for payment by the Issuers in accordance with the terms of this Section 3.09. The Issuers, the Depositary or the Paying Agent, as the case may be, shall promptly (but in any case not later than five days after the Purchase Date) mail or deliver to each tendering Holder an amount equal to the purchase price of the Notes tendered by such Holder and accepted by the Issuers for purchase, and the Issuers shall promptly issue a new Note, and the Trustee, upon written request

from the Issuers shall authenticate and mail or deliver such new Note to such Holder, in a principal amount at maturity equal to any unpurchased portion of the Note surrendered. Any Note not so accepted shall be promptly mailed or delivered by the Issuers to the Holder thereof. The Issuers shall publicly announce the results of the Asset Sale Offer on the Purchase Date.

Other than as specifically provided in this Section 3.09, any purchase pursuant to this Section 3.09 shall be made pursuant to the provisions of Sections 3.01 through 3.06.

ARTICLE 4
COVENANTS

Section 4.01. Payment of Notes.

The Issuers shall pay or cause to be paid the Accreted Value of, premium, if any, and interest on the Notes on the dates and in the manner provided in the Notes. Accreted Value, premium, if any, and interest shall be considered paid on the date due if the Paying Agent, if other than the Issuers or a Subsidiary thereof, holds as of 10:00 a.m. New York City time on the due date money deposited by the Issuers in immediately available funds and designated for and sufficient to pay all Accreted Value, premium, if any, and interest then due. The Issuers shall pay all Special Interest, if any, in the same manner on the dates and in the amounts set forth in the Registration Rights Agreement.

The Issuers shall pay interest (including post-petition interest in any proceeding under any Bankruptcy Law) on overdue principal at the rate equal to 1% per annum in excess of the then applicable interest rate on the Notes to the extent lawful; they shall pay interest (including post-petition interest in any proceeding under any Bankruptcy Law) on overdue installments of interest (without regard to any applicable grace period) at the same rate to the extent lawful.

Section 4.02. Maintenance of Office or Agency.

The Issuers shall maintain in the Borough of Manhattan, the City of New York, an office or agency (which may be an office of the Trustee or an affiliate of the Trustee, Registrar or co-registrar) where Notes may be surrendered for registration of transfer or for exchange and where notices and demands to or upon the Issuers in respect of the Notes and this Indenture may be served. The Issuers shall give prompt written notice to the Trustee of the location, and any change in the location, of such office or agency. If at any time the Issuers shall fail to maintain any such required office or agency or shall fail to furnish the Trustee with the address thereof, such presentations, surrenders, notices and demands may be made or served at the Corporate Trust Office of the Trustee.

The Issuers may also from time to time designate one or more other offices or agencies where the Notes may be presented or surrendered for any or all such purposes and may from time to time rescind such designations; provided, however, that no such designation or rescission shall in any manner relieve the Issuers of their obligation to maintain an office or agency in the Borough of Manhattan, the City of New York for such purposes. The Issuers shall give prompt written notice to

the Trustee of any such designation or rescission and of any change in the location of any such other office or agency.

The Issuers hereby designate the Harris Trust Company of New York, an affiliate of the Trustee, as one such office or agency of the Issuers in accordance with Section 2.03.

Section 4.03. Reports.

Whether or not required by the Commission, so long as any Notes are outstanding, the Issuers and the Guarantor shall furnish to the Holders of Notes, within the time periods specified in the Commission's rules and regulations:

(1) all quarterly and annual financial information that would be required to be contained in a filing with the Commission on Forms 10-Q and 10-K if the Issuers and the Guarantor were required to file such Forms, including a "Management's Discussion and Analysis of Financial Condition and Results of Operations" and, with respect to the annual information only, a report on the annual financial statements by the Issuers' certified independent accountants and the Guarantor's certified independent accountants; and

(2) all current reports that would be required to be filed with the Commission on Form 8-K if the Issuers or the Guarantor were required to file such reports.

If the Issuers or the Guarantor has designated any of its Subsidiaries as Unrestricted Subsidiaries, then the quarterly and annual financial information required by the preceding paragraph shall include a reasonably detailed presentation, either on the face of the financial statements or in the footnotes thereto, and in Management's Discussion and Analysis of Financial Condition and Results of Operations, of the financial condition and results of operations of the Issuers or the Guarantor, as the case may be, and their respective Restricted Subsidiaries separate from the financial condition and results of operations of the Unrestricted Subsidiaries of the Issuers or the Guarantor, as the case may be.

In addition, whether or not required by the Commission, the Issuers and the Guarantor shall file a copy of all of the information and reports referred to in clauses (1) and (2) above with the Commission for public availability within the time periods specified in the Commission's rules and regulations (unless the Commission will not accept such a filing) and make such information available to securities analysts and prospective investors upon request.

Section 4.04. Compliance Certificate.

(a) Each of the Company and the Guarantor shall deliver to the Trustee, within 90 days after the end of each fiscal year, an Officers' Certificate stating that a review of the activities of the Company and its Subsidiaries and the Guarantor and its Subsidiaries, respectively, during the preceding fiscal year have been made under the supervision of the signing Officers with a view to determining whether the Company or the Guarantor, as the case may be, has kept, observed, performed and fulfilled its obligations under this Indenture, and further stating, as to each such Officer signing such certificate, that to the best of his or her knowledge the Company or the Guarantor, as the case may be, has kept, observed, performed and fulfilled each and every covenant contained in this Inden-

ture and is not in default in the performance or observance of any of the terms, provisions and conditions of this Indenture (or, if a Default or Event of Default shall have occurred, describing all such Defaults or Events of Default of which he or she may have knowledge and what action the Company or the Guarantor, as the case may be, is taking or proposes to take with respect thereto) and that to the best of his or her knowledge no event has occurred and remains in existence by reason of which payments on account of the principal of or interest, if any, on the Notes is prohibited or if such event has occurred, a description of the event and what action the Company or the Guarantor, as the case may be, is taking or proposes to take with respect thereto.

(b) So long as not contrary to the then current recommendations of the American Institute of Certified Public Accountants, the year-end financial statements delivered pursuant to Section 4.03 above shall be accompanied by a written statement of the Company's independent public accountants or the Guarantor's independent public accountants, as the case may be, (each of whom shall be a firm of established national reputation) that in making the examination necessary for certification of such financial statements, nothing has come to their attention that would lead them to believe that the Company or the Guarantor, as the case may be, has violated any provisions of Article 4 or Article 5 or, if any such violation has occurred, specifying the nature and period of existence thereof, it being understood that such accountants shall not be liable directly or indirectly to any Person for any failure to obtain knowledge of any such violation. In the event that, after the Company or the Guarantor, as the case may be, has used its reasonable best efforts to obtain the written statement of the Company's independent public accountants or the Guarantor's independent public accountants, as the case may be, required by the provisions of this paragraph, such statement cannot be obtained, the Company or the Guarantor, as the case may be, shall deliver, in satisfaction of its obligations under this Section 4.04, an Officers' Certificate (A) certifying that it has used its reasonable best efforts to obtain such required statement but was unable to do so and (B) attaching the written statement of the Company's accountants or the Guarantor's accountants, as the case may be, that the Company or the Guarantor, as the case may be, received in lieu thereof.

(c) Each of the Company and the Guarantor shall, so long as any of the Notes are outstanding, deliver to the Trustee, forthwith upon any Officer becoming aware of any Default or Event of Default, an Officers' Certificate specifying such Default or Event of Default and what action the Company or the Guarantor, as the case may be, is taking or proposes to take with respect thereto.

Section 4.05. Taxes.

Each of the Company and the Guarantor shall pay, and shall cause each of its Subsidiaries to pay, prior to delinquency, all material taxes, assessments, and governmental levies except such as are contested in good faith and by appropriate proceedings or where the failure to effect such payment is not adverse in any material respect to the Holders of the Notes.

Section 4.06. Stay, Extension and Usury Laws.

Each of the Issuers and the Guarantor covenants (to the extent that it may lawfully do so) that it shall not at any time insist upon, plead, or in any manner whatsoever claim or take the benefit or advantage of, any stay, extension or usury law wherever enacted, now or at any time hereafter in force, that may affect the covenants or the performance of this Indenture; and each of the Is-

suers and the Guarantor (to the extent that it may lawfully do so) hereby expressly waives all benefit or advantage of any such law, and covenants that it shall not, by resort to any such law, hinder, delay or impede the execution of any power herein granted to the Trustee, but shall suffer and permit the execution of every such power as though no such law has been enacted.

Section 4.07. Restricted Payments.

The Company shall not, and shall not permit any of its Restricted Subsidiaries to, and the Guarantor shall not and shall not permit any of its Restricted Subsidiaries to, directly or indirectly:

(a) declare or pay any dividend or make any other payment or distribution on account of the Company's, the Guarantor's or any of their Restricted Subsidiaries' Equity Interests (including, without limitation, any payment in connection with any merger or consolidation involving the Company, the Guarantor or any of their Restricted Subsidiaries) or to the direct or indirect holders of the Company's, the Guarantor's or any of their Restricted Subsidiaries' Equity Interests in their capacity as such (other than dividends or distributions payable in Equity Interests (other than Disqualified Stock) of the Company or the Guarantor or, in the case of the Company and its Restricted Subsidiaries, to the Company or a Restricted Subsidiary of the Company or in the case of the Guarantor and its Restricted Subsidiaries, to the Company, the Guarantor or a Restricted Subsidiary of the Company or the Guarantor);

(b) purchase, redeem or otherwise acquire or retire for value (including, without limitation, in connection with any merger or consolidation involving the Company) any Equity Interests of the Company or the Guarantor or any direct or indirect parent of the Company or the Guarantor or any Restricted Subsidiary of the Company or the Guarantor (other than, in the case of the Company and its Restricted Subsidiaries, any such Equity Interests owned by the Company or any Restricted Subsidiary of the Company or, in the case of the Guarantor and its Restricted Subsidiaries, any such Equity Interests owned by the Company, the Guarantor or any Restricted Subsidiary of the Company or the Guarantor); or

(c) make any payment on or with respect to, or purchase, redeem, defease or otherwise acquire or retire for value any Indebtedness that is subordinated to the Notes or the Guarantees (other than the Notes or the Guarantees), except a payment of interest or principal at the Stated Maturity thereof

(all such payments and other actions set forth in clauses (a) through (c) above being collectively referred to as "Restricted Payments"), unless, at the time of and after giving effect to such Restricted Payment:

(1) no Default or Event of Default shall have occurred and be continuing or would occur as a consequence thereof; and

(2) the Company would, at the time of such Restricted Payment and after giving pro forma effect thereto as if such Restricted Payment had been made at the beginning of the applicable quarter period, have been permitted to incur at least $1.00 of additional Indebtedness pursuant to the Leverage Ratio test set forth in the first paragraph of Section 4.10; and

(3) such Restricted Payment, together with the aggregate amount of all other Restricted Payments made by the Company, the Guarantor and each of their Restricted Subsidiaries after the date of this Indenture (excluding Restricted Payments permitted by clauses (2), (3), (4), (5), (6), (7) and (8) of the next succeeding paragraph), shall not exceed, at the date of determination, the sum of:

(a) an amount equal to 100% of the combined Consolidated EBITDA of the Company and the Guarantor since the date of this Indenture to the end of the Company's and the Guarantor's most recently ended full fiscal quarter for which internal financial statements are available, taken as a single accounting period, less the product of 1.2 times the combined Consolidated Interest Expense of the Company and the Guarantor since the date of this Indenture to the end of the Company's and the Guarantor's most recently ended full fiscal quarter for which internal financial statements are available, taken as a single accounting period, plus

(b) an amount equal to 100% of Capital Stock Sale Proceeds less any such Capital Stock Sale Proceeds used in connection with (i) an Investment made pursuant to clause (6) of the definition of "Permitted Investments" or (ii) the incurrence of Indebtedness pursuant to clause (10) of Section 4.10, plus

(c) $100.0 million.

So long as no Default has occurred and is continuing or would be caused thereby, the preceding provisions shall not prohibit:

(1) the payment of any dividend within 60 days after the date of declaration thereof, if at said date of declaration such payment would have complied with the provisions of this Indenture;

(2) the redemption, repurchase, retirement, defeasance or other acquisition of any subordinated Indebtedness of the Company or the Guarantor in exchange for, or out of the net proceeds of the substantially concurrent sale (other than to a Subsidiary of the Company or the Guarantor) of, Equity Interests of the Company or the Guarantor (other than Disqualified Stock); provided that the amount of any such net cash proceeds that are utilized for any such redemption, repurchase, retirement, defeasance or other acquisition shall be excluded from clause (3) (b) of the preceding paragraph;

(3) the defeasance, redemption, repurchase or other acquisition of subordinated Indebtedness of the Company, the Guarantor or any of their Restricted Subsidiaries with the net cash proceeds from an incurrence of Permitted Refinancing Indebtedness;

(4) regardless of whether a Default then exists, the payment of any dividend or distribution to the extent necessary to permit direct or indirect beneficial owners of shares of Capital Stock of the Company or the Guarantor to pay federal, state or local income tax liabilities that would arise solely from income of the Company or the Guarantor or any of their Restricted Subsidiaries, as the case may be, for the relevant taxable period and attributable to

them solely as a result of the Company or the Guarantor (and any intermediate entity through which the Holder owns such shares) or any of its Restricted Subsidiaries being a limited liability company, partnership or similar entity for federal income tax purposes;

(5) regardless of whether a Default then exists, the payment of any dividend by a Restricted Subsidiary of the Company or the Guarantor to the holders of its common Equity Interests on a pro rata basis;

(6) the payment of any dividend on the Company Preferred Stock or the redemption, repurchase, retirement or other acquisition of the Company Preferred Stock in an amount not in excess of its aggregate liquidation value;

(7) the repurchase, redemption or other acquisition or retirement for value of any Equity Interests of the Company or the Guarantor held by any member of the Company's or the Guarantor's management pursuant to any management equity subscription agreement or stock option agreement in effect as of the date of this Indenture; provided that the aggregate price paid for all such repurchased, redeemed, acquired or retired Equity Interests shall not exceed $10 million in any fiscal year; and

(8) payment of fees in connection with any acquisition, merger or similar transaction in an amount that does not exceed an amount equal to 1.25% of the transaction value of such acquisition, merger or similar transaction.

The amount of all Restricted Payments (other than cash) shall be the fair market value on the date of the Restricted Payment of the asset(s) or securities proposed to be transferred or issued by the Company, the Guarantor or any of their Restricted Subsidiaries pursuant to the Restricted Payment. The fair market value of any assets or securities that are required to be valued by this covenant shall be determined by the Board of Directors of the Company or the Guarantor, as the case may be, whose resolution with respect thereto shall be delivered to the Trustee. Such Board of Director's determination must be based upon an opinion or appraisal issued by an accounting, appraisal or investment banking firm of national standing if the fair market value exceeds $100 million. Not later than the date of making any Restricted Payment, the Company or the Guarantor, as the case may be, shall deliver to the Trustee an Officers' Certificate stating that such Restricted Payment is permitted and setting forth the basis upon which the calculations required by this Section 4.07 were computed, together with a copy of any fairness opinion or appraisal required by this Indenture.

Section 4.08. Investments.

The Company shall not, and shall not permit any of its Restricted Subsidiaries to, and the Guarantor shall not, and shall not permit any of its Restricted Subsidiaries to, directly or indirectly:

(1) make any Restricted Investment; or

(2) allow any Restricted Subsidiary of the Company or the Guarantor to become an Unrestricted Subsidiary,

unless, in each case:

(1) no Default or Event of Default shall have occurred and be continuing or would occur as a consequence thereof; and

(2) the Company would, at the time of, and after giving effect to, such Restricted Investment or such designation of a Restricted Subsidiary as an Unrestricted Subsidiary, have been permitted to incur at least $1.00 of additional Indebtedness pursuant to the Leverage Ratio test set forth in the first paragraph of Section 4.10.

Any designation of a Subsidiary of the Company or the Guarantor as an Unrestricted Subsidiary shall be evidenced to the Trustee by filing with the Trustee a certified copy of the Board Resolution giving effect to such designation and an Officers' Certificate certifying that such designation complied with the preceding conditions and was permitted by this Section 4.08. If, at any time, any Unrestricted Subsidiary would fail to meet the requirements as an Unrestricted Subsidiary described in the definition of "Unrestricted Subsidiary," it shall thereafter cease to be an Unrestricted Subsidiary for purposes of this Indenture and any Indebtedness of such Subsidiary shall be deemed to be incurred by a Restricted Subsidiary of the Company or the Guarantor as of such date and, if such Indebtedness is not permitted to be incurred as of such date under Section 4.10, the Company or the Guarantor, as the case may be, shall be in default. The Board of Directors of the Company and the Guarantor may at any time designate any Unrestricted Subsidiary to be a Restricted Subsidiary; provided that such designation shall be deemed to be an incurrence of Indebtedness by a Restricted Subsidiary of the Company or the Guarantor, respectively, of any outstanding Indebtedness of such Unrestricted Subsidiary and such designation shall only be permitted if (1) such Indebtedness is permitted under the covenant described under Section 4.10 calculated on a pro forma basis as if such designation had occurred at the beginning of the Reference Period; and (2) no Default or Event of Default would be in existence following such designation.

Section 4.09. Dividend and Other Payment Restrictions Affecting Subsidiaries.

The Company and the Guarantor shall not, directly or indirectly, create or permit to exist or become effective any encumbrance or restriction on the ability of any Restricted Subsidiary of the Company or the Guarantor, as the case may be, to:

(1) pay dividends or make any other distributions on its Capital Stock to the Company or any of its Restricted Subsidiaries or to the Guarantor or any of its Restricted Subsidiaries, or with respect to any other interest or participation in, or measured by, its profits, or pay any indebtedness owed to the Company or any of its Restricted Subsidiaries or to the Guarantor or any of its Restricted Subsidiaries;

(2) make loans or advances to the Company or any of its Restricted Subsidiaries or to the Guarantor or any of its Restricted Subsidiaries; or

(3) transfer any of its properties or assets to the Company or any of its Restricted Subsidiaries or to the Guarantor or any of its Restricted Subsidiaries.

However, the preceding restrictions shall not apply to encumbrances or restrictions existing under or by reason of:

(1) Existing Indebtedness as in effect on the date of this Indenture (including, without limitation, the Credit Facilities) and any amendments, modifications, restatements, renewals, increases, supplements, refundings, replacements or refinancings thereof; provided that such amendments, modifications, restatements, renewals, increases, supplements, refinancings, replacements or refinancings are no more restrictive, taken as a whole, with respect to such dividend and other payment restrictions than those contained in such Existing Indebtedness, as in effect on the date of this Indenture;

(2) this Indenture, the Notes and the Other Notes;

(3) applicable law;

(4) any instrument governing Indebtedness or Capital Stock of a Person acquired by the Company or any of its Restricted Subsidiaries or to the Guarantor or any of its Restricted Subsidiaries as in effect at the time of such acquisition (except to the extent such Indebtedness was incurred in connection with or in contemplation of such acquisition), which encumbrance or restriction is not applicable to any Person, or the properties or assets of any Person, other than the Person, or the property or assets of the Person, so acquired; provided that, in the case of Indebtedness, such Indebtedness was permitted by the terms of the Indenture to be incurred;

(5) customary non-assignment provisions in leases entered into in the ordinary course of business and consistent with past practices;

(6) purchase money obligations for property acquired in the ordinary course of business that impose restrictions on the property so acquired of the nature described in clause (3) of the preceding paragraph;

(7) any agreement for the sale or other disposition of a Restricted Subsidiary of either the Company or the Guarantor that restricts distributions by such Restricted Subsidiary pending its sale or other disposition;

(8) Permitted Refinancing Indebtedness; provided that the restrictions contained in the agreements governing such Permitted Refinancing Indebtedness are no more restrictive, taken as a whole, than those contained in the agreements governing the Indebtedness being refinanced;

(9) Liens securing Indebtedness otherwise permitted to be incurred pursuant to the provisions of the covenant described above under Section 4.14 that limit the right of the Company or any of its Restricted Subsidiaries or the Guarantor or any of its Restricted Subsidiaries to dispose of the assets subject to such Lien;

(10) provisions with respect to the disposition or distribution of assets or property in joint venture agreements and other similar agreements entered into in the ordinary course of business;

(11) restrictions on cash or other deposits or net worth imposed by customers under contracts entered into in the ordinary course of business;

(12) restrictions contained in the terms of Indebtedness permitted to be incurred under Section 4.10; provided that such restrictions are no more restrictive than the terms contained in the Credit Facilities as in effect on the Issue Date; and

(13) restrictions that are not materially more restrictive than customary provisions in comparable financings and the management of the Company determines that such restrictions will not materially impair the Company's ability to make payments as required under the Notes.

Section 4.10. Incurrence of Indebtedness and Issuance of Preferred Stock.

The Company shall not, and shall not permit any of its Restricted Subsidiaries to, and the Guarantor shall not, and shall not permit any of its Restricted Subsidiaries to, directly or indirectly, create, incur, issue, assume, guarantee or otherwise become directly or indirectly liable, contingently or otherwise, with respect to (collectively, "incur") any Indebtedness (including Acquired Debt), and the Company and the Guarantor shall not issue any Disqualified Stock and shall not permit any of their Restricted Subsidiaries to issue any shares of preferred stock unless the Leverage Ratio would have been not greater than 8.75 to 1.0 determined on a pro forma basis (including a pro forma application of the net proceeds therefrom), as if the additional Indebtedness had been incurred, or the Disqualified Stock had been issued, as the case may be, at the beginning of the most recently ended fiscal quarter.

So long as no Default shall have occurred and be continuing or would be caused thereby, the first paragraph of this covenant shall not prohibit the incurrence of any of the following items of Indebtedness (collectively, "Permitted Debt"):

(1) the incurrence by the Company and its Restricted Subsidiaries and the Guarantor and its Restricted Subsidiaries of Indebtedness under the Credit Facilities; provided that the aggregate principal amount of all Indebtedness of the Company and its Restricted Subsidiaries and the Guarantor and its Restricted Subsidiaries outstanding under all Credit Facilities after giving effect to such incurrence does not exceed an amount equal to $3.5 billion less the aggregate amount of all Net Proceeds of Asset Sales applied by the Company or any of its Subsidiaries or the Guarantor or any of its Subsidiaries, as the case may be, in the case of an Asset Sale since the date of this Indenture to repay Indebtedness under a Credit Facility pursuant to Section 4.11;

(2) the incurrence by the Company and its Restricted Subsidiaries and the Guarantor and its Restricted Subsidiaries of Existing Indebtedness (other than the Credit Facilities);

(3) the incurrence on the Issue Date by the Company and its Restricted Subsidiaries and the Guarantor and its Restricted Subsidiaries of Indebtedness represented by the Notes, the Other Notes and the related Guarantees;

(4) the incurrence by the Company or any of its Restricted Subsidiaries or the Guarantor or any of its Restricted Subsidiaries of Indebtedness represented by Capital Lease Obligations, mortgage financings or purchase money obligations, in each case, incurred for the purpose of financing all or any part of the purchase price or cost of construction or improvement (including, without limitation, the cost of design, development, construction, acquisition, transportation, installation, improvement, and migration) of Productive Assets of the Company or any of its Restricted Subsidiaries or the Guarantor or any of its Restricted Subsidiaries, in an aggregate principal amount not to exceed $75 million at any time outstanding;

(5) the incurrence by the Company or any of its Restricted Subsidiaries or the Guarantor or any of its Restricted Subsidiaries of Permitted Refinancing Indebtedness in exchange for, or the net proceeds of which are used to refund, refinance or replace, in whole or in part, Indebtedness (other than intercompany Indebtedness) that was permitted by this Indenture to be incurred under the first paragraph of this covenant or clauses (2) or (3) of this paragraph;

(6) the incurrence by the Company or any of its Restricted Subsidiaries or the Guarantor or any of its Restricted Subsidiaries, as the case may be, of intercompany Indebtedness between or among the Company and any of its Wholly Owned Restricted Subsidiaries, or the Guarantor or any of its Restricted Subsidiaries, respectively; provided that except for the Mirror Note, this clause does not permit Indebtedness between the Company or any of its Restricted Subsidiaries, as creditor or debtor, as the case may be, and the Guarantor or any of its Restricted Subsidiaries, as debtor or creditor, as the case may be, unless otherwise permitted by the Indentures; provided, further, that:

(a) if the Company or the Guarantor is the obligor on such Indebtedness, such Indebtedness must be expressly subordinated to the prior payment in full in cash of all Obligations with respect to the Notes in the case of the Company, or the Guarantee of such Guarantor, in the case of the Guarantor; and

(b)(i) any subsequent issuance or transfer of Equity Interests that results in any such Indebtedness being held by a Person other than the Company or a Wholly Owned Restricted Subsidiary thereof or the Guarantor or a Wholly Owned Restricted Subsidiary thereof and (ii) any sale or other transfer of any such Indebtedness to a Person that is not either the Company or a Wholly Owned Restricted Subsidiary thereof, or the Guarantor or a Wholly Owned Restricted Subsidiary thereof, shall be deemed, in each case, to constitute an incurrence of such Indebtedness by the Company or any of its Restricted Subsidiaries or the Guarantor or any of its Restricted Subsidiaries, respectively, as the case may be, that was not permitted by this clause (6);

(7) the incurrence by the Company or any of its Restricted Subsidiaries, or the Guarantor or any of its Restricted Subsidiaries, of Hedging Obligations that are incurred for the purpose of fixing or hedging interest rate risk with respect to any floating rate Indebtedness that is permitted by the terms of the Indentures to be outstanding;

(8) the guarantee by the Company or the Guarantor of Indebtedness of the Company or a Restricted Subsidiary of the Company, or Indebtedness of the Guarantor or a Restricted Subsidiary of the Guarantor that was permitted to be incurred by another provision of this Section 4.10;

(9) the incurrence by the Company or any of its Restricted Subsidiaries, or the Guarantor or any of its Restricted Subsidiaries of additional Indebtedness in an aggregate principal amount at any time outstanding, not to exceed $300 million;

(10) the incurrence by the Company or any of its Restricted Subsidiaries, or the Guarantor or any of its Restricted Subsidiaries, of additional Indebtedness in an aggregate principal amount at any time outstanding, not to exceed 200% of the net cash proceeds received by the Company from the sale of its Equity Interests (other than Disqualified Stock) after the date of this Indenture to the extent such net cash proceeds have not been applied to make Restricted Payments or to effect other transactions pursuant to Section 4.07 or to make Permitted Investments pursuant to clause (6) of the definition thereof;

(11) the accretion or amortization of original issue discount and the write up of Indebtedness in accordance with purchase accounting; and

(12) Indebtedness under the Mirror Note.

For purposes of determining compliance with this Section 4.10, in the event that an item of proposed Indebtedness meets the criteria of more than one of the categories of Permitted Debt described in clauses (1) through (12) above, or is entitled to be incurred pursuant to the first paragraph of this covenant, the Company or the Guarantor, as the case may be, shall be permitted to classify and from time to time to reclassify such item of Indebtedness on the date of its incurrence in any manner that complies with this covenant. For avoidance of doubt, Indebtedness incurred pursuant to a single agreement, instrument, program, facility or line of credit may be classified as Indebtedness arising in part under one of the clauses listed above, and in part under any one or more of the clauses listed above, to the extent that such Indebtedness satisfies the criteria for such clauses.

Notwithstanding the foregoing, in no event shall any Restricted Subsidiary of the Company or the Guarantor consummate a Subordinated Debt Financing or a Preferred Stock Financing. A "Subordinated Debt Financing" or a "Preferred Stock Financing", as the case may be, with respect to any Restricted Subsidiary of the Company or the Guarantor shall mean a public offering or private placement (whether pursuant to Rule 144A under the Securities Act or otherwise) of Subordinated Notes or preferred stock (whether or not such preferred stock constitutes Disqualified Stock), as the case may be, of such Restricted Subsidiary to one or more purchasers (other than to one or more Affiliates of the Company or the Guarantor). "Subordinated Notes" with respect to any Restricted Subsidiary of the Company or the Guarantor shall mean Indebtedness of such Restricted Subsidiary

that is contractually subordinated in right of payment to any other Indebtedness of such Restricted Subsidiary (including, without limitation, Indebtedness under the Credit Facilities). The foregoing limitation shall not apply to (i) any Indebtedness or preferred stock of any Person existing at the time such Person is merged with or into or became a Subsidiary of the Company or the Guarantor; provided that such Indebtedness or preferred stock was not incurred or issued in connection with, or in contemplation of, such Person merging with or into, or becoming a Subsidiary of, the Company or the Guarantor and (ii) any Indebtedness or preferred stock of a Restricted Subsidiary issued in connection with, and as part of the consideration for, an acquisition, whether by stock purchase, asset sale, merger or otherwise, in each case involving such Restricted Subsidiary, which Indebtedness or preferred stock is issued to the seller or sellers of such stock or assets; provided that such Restricted Subsidiary is not obligated to register such Indebtedness or preferred stock under the Securities Act or obligated to provide information pursuant to Rule 144A under the Securities Act.

Section 4.11. Limitation on Asset Sales.

The Company shall not, and shall not permit any of its Restricted Subsidiaries to, and the Guarantor shall not, and shall not permit any of its Restricted Subsidiaries to, consummate an Asset Sale unless:

(1) the Company, the Guarantor or a Restricted Subsidiary of the Company or the Guarantor, as the case may be, receives consideration at the time of such Asset Sale at least equal to the fair market value of the assets or Equity Interests issued or sold or otherwise disposed of;

(2) such fair market value is determined by the Company's or the Guarantor's Board of Directors, as the case may be, and evidenced by a resolution of such Board of Directors set forth in an Officers' Certificate delivered to the Trustee; and

(3) at least 75% of the consideration therefor received by the Company, the Guarantor or such Restricted Subsidiary is in the form of cash, Cash Equivalents or readily marketable securities.

For purposes of this Section 4.11, each of the following shall be deemed to be cash:

(a) any liabilities (as shown on the Company's, the Guarantor's or such Restricted Subsidiary's most recent balance sheet) of the Company, the Guarantor or any Restricted Subsidiary (other than contingent liabilities and liabilities that are by their terms subordinated to the Notes or the Guarantees) that are assumed by the transferee of any such assets pursuant to a customary novation agreement that releases the Company, the Guarantor or such Restricted Subsidiary from further liability;

(b) any securities, notes or other obligations received by the Company, the Guarantor or any such Restricted Subsidiary from such transferee that are converted by the Company, the Guarantor or such Restricted Subsidiary into cash, Cash Equivalents or readily marketable securities within 60 days after receipt thereof (to the extent of the cash, Cash Equivalents or readily marketable securities received in that conversion); and

(c) Productive Assets.

Within 365 days after the receipt of any Net Proceeds from an Asset Sale, the Company, the Guarantor or a Restricted Subsidiary of the Company or the Guarantor, as the case may be, may apply such Net Proceeds at its option:

(1) to repay debt under the Credit Facilities or any other Indebtedness of the Restricted Subsidiaries of the Company (other than Indebtedness represented by a guarantee of a Restricted Subsidiary of the Company or the Guarantor); or

(2) to invest in Productive Assets; provided that any Net Proceeds which the Company, the Guarantor, or a Restricted Subsidiary of the Company or the Guarantor, as the case may be, has committed to invest in Productive Assets within 365 days of the applicable Asset Sale may be invested in Productive Assets within two years of such Asset Sale.

Any Net Proceeds from Asset Sales that are not applied or invested as provided in the preceding paragraph shall constitute "Excess Proceeds." When the aggregate amount of Excess Proceeds exceeds $25.0 million, the Issuers shall make an Asset Sale Offer to all Holders of Notes and all holders of other Indebtedness that is pari passu with the Notes containing provisions requiring offers to purchase or redeem with the proceeds of sales of assets to purchase the maximum principal amount at maturity of Notes and such other pari passu Indebtedness that may be purchased out of the Excess Proceeds (which amount includes the entire amount of the Net Proceeds). The offer price in any Asset Sale Offer shall be payable in cash and equal to 100% of the Accreted Value thereof plus, after the Full Accretion Date, accrued and unpaid interest, if any, to the date of purchase. If any Excess Proceeds remain after consummation of an Asset Sale Offer, the Company may use such Excess Proceeds for any purpose not otherwise prohibited by this Indenture. If the aggregate Accreted Value of Notes and such other pari passu Indebtedness tendered into such Asset Sale Offer exceeds the amount of Excess Proceeds, the Trustee shall select the Notes and such other pari passu Indebtedness to be purchased on a pro rata basis. Upon completion of each Asset Sale Offer, the amount of Excess Proceeds shall be reset at zero.

In the event that the Issuers shall be required to commence an offer to Holders to purchase Notes pursuant to this Section 4.11, they shall follow the procedures specified in Section 3.09.

Section 4.12. Sale and Leaseback Transactions.

The Company shall not, and shall not permit any of its Restricted Subsidiaries to, and the Guarantor shall not, and shall not permit any of its Restricted Subsidiaries to, enter into any sale and leaseback transaction; provided that the Company or the Guarantor may enter into a sale and leaseback transaction if:

(1) the Company or the Guarantor, as applicable, could have (a) incurred Indebtedness in an amount equal to the Attributable Debt relating to such sale and leaseback transaction under the Leverage Ratio test in the first paragraph of Section 4.10 and (b) incurred a Lien to secure such Indebtedness pursuant to Section 4.14; and

(2) the transfer of assets in that sale and leaseback transaction is permitted by, and the Company or the Guarantor, as the case may be, applies the proceeds of such transaction in compliance with, the covenant described above under Section 4.11.

The foregoing restrictions do not apply to a sale and leaseback transaction if the lease is for a period, including renewal rights, of not in excess of three years.

Section 4.13. Transactions with Affiliates.

The Company shall not, and shall not permit any of its Restricted Subsidiaries to, and the Guarantor shall not, and shall not permit any of its Restricted Subsidiaries to, make any payment to, or sell, lease, transfer or otherwise dispose of any of its properties or assets to, or purchase any property or assets from, or enter into or make or amend any transaction, contract, agreement, understanding, loan, advance or guarantee with, or for the benefit of, any Affiliate (each, an "Affiliate Transaction"), unless:

(1) such Affiliate Transaction is on terms that are no less favorable to the Company or the relevant Restricted Subsidiary or to the Guarantor or the relevant Restricted Subsidiary, than those that would have been obtained in a comparable transaction by the Company or such Restricted Subsidiary or the Guarantor or such Restricted Subsidiary, as the case may be, with an unrelated Person; and

(2) the Company, or the Guarantor, as the case may be, delivers to the Trustee:

(a) with respect to any Affiliate Transaction or series of related Affiliate Transactions involving aggregate consideration in excess of $15.0 million, a resolution of the Board of Directors of the Company or a resolution of the Board of Directors of the Guarantor, as the case may be, set forth in an Officers' Certificate certifying that such Affiliate Transaction complies with this covenant and that such Affiliate Transaction has been approved by a majority of the members of such Board of Directors; and

(b) with respect to any Affiliate Transaction or series of related Affiliate Transactions involving aggregate consideration in excess of $50.0 million, an opinion as to the fairness to the Holders of such Affiliate Transaction from a financial point of view issued by an accounting, appraisal or investment banking firm of national standing.

The following items shall not be deemed to be Affiliate Transactions and, therefore, shall not be subject to the provisions of the prior paragraph:

(1) existing employment agreement entered into by the Company, the Guarantor or any of their Subsidiaries and any employment agreement entered into by the Company or any of its Restricted Subsidiaries, or any employment agreement entered into by the Guarantor or any of its Restricted Subsidiaries in the ordinary course of business and consistent with the past practice of the Company or such Restricted Subsidiary or the Guarantor or such Restricted Subsidiary, as the case may be;

(2) transactions between or among the Company and/or its Restricted Subsidiaries and the transactions between or among the Guarantor and/or its Restricted Subsidiaries;

(3) payment of reasonable directors fees to Persons who are not otherwise Affiliates of the Company or the Guarantor, as the case may be, and customary indemnification and insurance arrangements in favor of directors, regardless of affiliation with the Company, the Guarantor or any of their Restricted Subsidiaries;

(4) payment of management fees pursuant to management agreements either (A) existing on the Issue Date or (B) entered into after the Issue Date, to the extent that such management agreements provide for percentage fees no higher than the percentage fees existing under the management agreements existing on the Issue Date;

(5) Restricted Payments that are permitted by Section 4.07; and

(6) Permitted Investments.

Section 4.14. Liens.

The Company and the Guarantor shall not, directly or indirectly, create, incur, assume or suffer to exist any Lien of any kind securing Indebtedness, Attributable Debt or trade payables on any asset now owned or hereafter acquired, except Permitted Liens.

Section 4.15. Corporate Existence.

Subject to Article 5, each of the Company and the Guarantor shall do or cause to be done all things necessary to preserve and keep in full force and effect (i) its corporate existence, and the corporate, partnership or other existence of each of its Subsidiaries, in accordance with the respective organizational documents (as the same may be amended from time to time) of the Company, the Guarantor or any such Subsidiary and (ii) the rights (charter and statutory), licenses and franchises of the Company, the Guarantor and their Subsidiaries; provided, however, that neither the Company nor the Guarantor shall be required to preserve any such right, license or franchise, or the corporate, partnership or other existence of any of their Subsidiaries (other than Charter Capital), if the Board of Directors shall determine that the preservation thereof is no longer desirable in the conduct of the business of the Company and its Subsidiaries and the Guarantor and its Subsidiaries, taken as a whole, and that the loss thereof is not adverse in any material respect to the Holders of the Notes.

Section 4.16. Repurchase at the Option of Holders upon a Change of Control.

If a Change of Control occurs, each Holder of Notes shall have the right to require the Issuers to repurchase all or any part (equal to $1,000 principal amount at maturity or an integral multiple thereof) of that Holder's Notes pursuant to a Change of Control Offer. In the Change of Control Offer, the Issuers shall offer (a "Change of Control Offer") a payment (the "Change of Control Payment") in cash equal to 101% of the Accreted Value plus, for any Change of Control Offer occurring after the Full Accretion Date, accrued and unpaid interest thereon, if any, to the date of purchase.

Within ten days following any Change of Control, the Issuers shall mail a notice to each Holder (with a copy to the Trustee) describing the transaction or transactions that constitute the Change of Control and stating:

(a) the purchase price and the purchase date, which shall not exceed 30 Business Days from the date such notice is mailed (the "Change of Control Payment Date");

(b) that any Note not tendered shall continue to accrete in value or accrue interest;

(c) that, unless the Issuers default in the payment of the Change of Control Payment, all Notes accepted for payment pursuant to the Change of Control Offer shall cease to accrete in value or accrue interest after the Change of Control Payment Date;

(d) that Holders electing to have any Notes purchased pursuant to a Change of Control Offer shall be required to surrender the Notes, with the form entitled "Option of Holder to Elect Purchase" on the reverse of the Notes completed, to the Paying Agent at the address specified in the notice prior to the close of business on the third Business Day preceding the Change of Control Payment Date;

(e) that Holders shall be entitled to withdraw their election if the Paying Agent receives, not later than the close of business on the second Business Day preceding the Change of Control Payment Date, a telegram, telex, facsimile transmission or letter setting forth the name of the Holder, the principal amount at maturity of Notes delivered for purchase, and a statement that such Holder is withdrawing his election to have the Notes purchased; and

(f) that Holders whose Notes are being purchased only in part shall be issued new Notes equal in principal amount at maturity to the unpurchased portion of the Notes surrendered, which unpurchased portion must be equal to $1,000 in principal amount at maturity or an integral multiple thereof.

The Issuers shall comply with the requirements of Rule 14e-1 under the Exchange Act (or any successor rules) and any other securities laws and regulations thereunder to the extent such laws and regulations are applicable in connection with the repurchase of the Notes as a result of a Change of Control.

On the Change of Control Payment Date, the Issuers shall, to the extent lawful:

(a) accept for payment all Notes or portions thereof properly tendered pursuant to the Change of Control Offer;

(b) deposit with the Paying Agent an amount equal to the Change of Control Payment in respect of all Notes or portions thereof so tendered; and

(c) deliver or cause to be delivered to the Trustee the Notes so accepted together with an Officers' Certificate stating the aggregate principal amount at maturity of Notes or portions thereof being purchased by the Issuers.

The Paying Agent shall promptly pay to each Holder of Notes so tendered the Change of Control Payment for such Notes, and the Trustee shall promptly authenticate and mail (or cause to be transferred by book entry) to each Holder a new Note equal in principal amount at maturity to any unpurchased portion of the Notes surrendered, if any; provided that each such new Note shall be in a principal amount at maturity of $1,000 or an integral multiple thereof. The Company shall publicly announce the results of the Change of Control Offer on or as soon as practicable after the Change of Control Payment Date.

The provisions described above that require the Issuers to make a Change of Control Offer following a Change of Control shall be applicable regardless of whether or not any other provisions in this Indenture are applicable. Except as described above with respect to a Change of Control, this Indenture does not contain provisions that permit the Holders of the Notes to require that the Issuers repurchase or redeem the Notes in the event of a takeover, recapitalization or similar transaction.

Notwithstanding any other provision of this Section 4.16, the Issuers shall not be required to make a Change of Control Offer upon a Change of Control if a third party makes the Change of Control Offer in the manner, at the times and otherwise in compliance with the requirements set forth in this Indenture applicable to a Change of Control Offer made by the Issuers and purchases all Notes validly tendered and not withdrawn under such Change of Control Offer.

Section 4.17. Limitations on Issuances of Guarantees of Indebtedness.

The Company shall not permit any of its Restricted Subsidiaries, directly or indirectly, and the Guarantor shall not permit any of its Restricted Subsidiaries, directly or indirectly, to Guarantee or pledge any assets to secure the payment of any other Indebtedness of the Company or the Guarantor, as the case may be, except in respect of the Credit Facilities (the "Guaranteed Indebtedness") unless (i) such Restricted Subsidiary of the Company or the Guarantor, as the case may be, simultaneously executes and delivers a supplemental indenture providing for the Guarantee (a "Subsidiary Guarantee") of the payment of the Notes by such Restricted Subsidiary and (ii) until one year after all the Notes have been paid in full in cash, such Restricted Subsidiary waives and will not in any manner whatsoever claim or take the benefit or advantage of, any rights of reimbursement, indemnity or subrogation or any other rights against the Company, the Guarantor or any other Restricted Subsidiary of the Company or the Guarantor as a result of any payment by such Restricted Subsidiary under its Subsidiary Guarantee; provided that this paragraph shall not be applicable to any Guarantee or any Restricted Subsidiary that existed at the time such Person became a Restricted Subsidiary and was not Incurred in connection with, or in contemplation of, such Person becoming a Restricted Subsidiary. If the Guaranteed Indebtedness is subordinated to the Notes, then the Guarantee of such Guaranteed Indebtedness shall be subordinated to the Subsidiary Guarantee at least to the extent that the Guaranteed Indebtedness is subordinated to the Notes.

Section 4.18. Payments for Consent.

The Company shall not, and shall not permit any of its Subsidiaries to, and the Guarantor shall not, and shall not permit any of its Subsidiaries to, directly or indirectly, pay or cause to be paid any consideration to or for the benefit of any Holder of Notes for or as an inducement to any

consent, waiver or amendment of any of the terms or provisions of this Indenture or the Notes unless such consideration is offered to be paid and is paid to all Holders of the Notes that consent, waive or agree to amend in the time frame set forth in the solicitation documents relating to such consent, waiver or agreement.

Section 4.19. Application of Fall-Away Covenants.

During any period of time that (a) the Notes have Investment Grade Ratings from both Rating Agencies and (b) no Default or Event of Default has occurred and is continuing, the Company and its Restricted Subsidiaries and the Guarantor and its Restricted Subsidiaries shall not be subject to the provisions of Sections 4.07, 4.08, 4.09, 4.10, 4.11, 4.12, 4.13 and clause (4) of the first paragraph of Section 5.01 (collectively, the "Suspended Covenants"). In the event that the Company and its Restricted Subsidiaries are not subject to the Suspended Covenants for any period of time as a result of the preceding sentence and, subsequently, one or both of the Rating Agencies withdraws its ratings or downgrades the ratings assigned to the Notes below the required Investment Grade Ratings or a Default or Event of Default occurs and is continuing, then the Company and its Restricted Subsidiaries and the Guarantor and its Restricted Subsidiaries shall thereafter again be subject to the Suspended Covenants and compliance with the Suspended Covenants with respect to the Restricted Payments made after the time of such withdrawal, downgrade, Default or Event of Default will be calculated in accordance with the terms of Section 4.07 as though such covenant had been in effect during the entire period of time from the Issue Date.

Section 4.20. Impairment of Security Interest.

Neither the Company, the Guarantor nor any of their Subsidiaries shall take or omit to take any action which action or omission would have the result of adversely affecting or impairing the security interest in favor of the Trustee, on behalf of itself and the Holders, with respect to the Collateral, and neither the Company, the Guarantor nor any of their Subsidiaries shall grant to any Person, or suffer any Person (other than the Trustee with respect to the Collateral securing the obligations under the Notes and the Company with respect to the Collateral securing the obligations under the Mirror Note) to have any interest whatsoever in the Collateral other than Liens permitted by the Pledge Documents. Neither the Company nor any of its Subsidiaries shall enter into any agreement or instrument that by its terms requires the proceeds received from any sale of Collateral to be applied to repay, redeem, defease or otherwise acquire or retire any Indebtedness of any Person, other than pursuant to this Indenture, the Notes and the Pledge Documents.

Section 4.21. Security Interest.

The Company and the Guarantor shall, and shall cause each of their Restricted Subsidiaries to, undertake to deliver or cause to be delivered to the Trustee from time to time such other documentation, consents, authorizations, approvals and orders in form and substance reasonably satisfactory to the Trustee as the Trustee shall deem necessary or advisable to perfect or maintain the security interest in the Collateral for the benefit of the Trustee on behalf of the Holders until any such Collateral is released in accordance with the terms of this Indenture.

ARTICLE 5
SUCCESSORS

Section 5.01. Merger, Consolidation, or Sale of Assets.

Neither of the Issuers nor the Guarantor may, directly or indirectly: (1) consolidate or merge with or into another Person (whether or not such Issuer, or the Guarantor, as the case may be, is the surviving corporation); or (2) sell, assign, transfer, convey or otherwise dispose of all or substantially all of its properties or assets, in one or more related transactions, to another Person; unless:

(1) either: (a) such Issuer, or the Guarantor, as the case may be, is the surviving corporation; or (b) the Person formed by or surviving any such consolidation or merger (if other than such Issuer, or the Guarantor, as the case may be) or to which such sale, assignment, transfer, conveyance or other disposition shall have been made is a Person organized or existing under the laws of the United States, any state thereof or the District of Columbia (provided that if the Person formed by or surviving any such consolidation or merger with either Issuer is a limited liability company or other Person other than a corporation, a corporate co-issuer shall also be an obligor with respect to the Notes);

(2) the Person formed by or surviving any such consolidation or merger (if other than the Company, or the Guarantor, as the case may be) or the Person to which such sale, assignment, transfer, conveyance or other disposition shall have been made assumes all the obligations of the Company, or the Guarantor, as the case may be, under the Notes in the case of the Company, or under the Guarantee, in the case of the Guarantor, and this Indenture pursuant to agreements reasonably satisfactory to the Trustee;

(3) immediately after such transaction no Default or Event of Default exists; and

(4) the Company, or the Guarantor, as the case may be, or the Person formed by or surviving any such consolidation or merger (if other than the Company, or the Guarantor, as the case may be) will, on the date of such transaction after giving pro forma effect thereto and any related financing transactions as if the same had occurred at the beginning of the applicable four-quarter period, either (A) be permitted to incur at least $1.00 of additional Indebtedness pursuant to the Leverage Ratio test set forth in the first paragraph of Section 4.10 or (B) have a Leverage Ratio immediately after giving effect to such consolidation or merger no greater than the Leverage Ratio immediately prior to such consolidation or merger.

In addition, the Company may not, directly or indirectly, and the Guarantor may not, directly or indirectly, lease all or substantially all of its properties or assets, in one or more related transactions, to any other Person. This Section 5.01 shall not apply to a sale, assignment, transfer, conveyance or other disposition of assets between or among the Company and any of its Wholly-Owned Subsidiaries, or the Guarantor and any of its Wholly-Owned Subsidiaries, as the case may be.

Section 5.02. Successor Corporation Substituted.

Upon any consolidation or merger, or any sale, assignment, transfer, lease, conveyance or other disposition of all or substantially all of the assets of either Issuer or the Guarantor, as the case may be, in accordance with Section 5.01, the successor Person formed by such consolidation or into which either Issuer or the Guarantor, as the case may be, is merged or to which such transfer is made shall succeed to and (except in the case of a lease) be substituted for, and may exercise every right and power of, such Issuer or the Guarantor, as the case may be, under this Indenture with the same effect as if such successor Person had been named therein as such Issuer or the Guarantor, as the case may be, and (except in the case of a lease) such Issuer or the Guarantor, as the case may be, shall be released from the obligations under the Notes (or the Guarantee, in the case of the Guarantor) and this Indenture, except with respect to any obligations that arise from, or are related to, such transaction.

ARTICLE 6
DEFAULTS AND REMEDIES

Section 6.01. Events of Default.

An "Event of Default" occurs if:

(a) the Issuers default in the payment when due of interest on the Notes and such default continues for a period of 30 days;

(b) the Issuers default in payment when due of the Accreted Value of, or premium, if any, on the Notes;

(c) the Company or any of its Restricted Subsidiaries, or the Guarantor or any of its Restricted Subsidiaries, fails to comply with any of the provisions of Sections 4.16 or 5.01;

(d) the Company or any of its Restricted Subsidiaries, or the Guarantor or any of its Restricted Subsidiaries, fails to comply with any of their other covenants or agreements in this Indenture for 30 days after written notice thereof has been given to the Company by the Trustee or to the Company and the Trustee by Holders of at least 25% of the aggregate principal amount at maturity of the Notes outstanding;

(e) the Company or any of its Restricted Subsidiaries, or the Guarantor or any of its Restricted Subsidiaries, defaults under any mortgage, indenture or instrument under which there may be issued or by which there may be secured or evidenced any Indebtedness for money borrowed (or the payment of which is guaranteed by the Company or any of its Restricted Subsidiaries or by the Guarantor or any of its Restricted Subsidiaries) whether such Indebtedness or guarantee now exists or is created after the date of this Indenture, if that default:

(1) is caused by a failure to pay at final stated maturity the principal amount on such Indebtedness prior to the expiration of the grace period provided in such Indebtedness on the date of such default (a "Payment Default"); or

(2) results in the acceleration of such Indebtedness prior to its express maturity,

and, in each case, the principal amount of any such Indebtedness, together with the principal amount of any other such Indebtedness under which there has been a Payment Default or the maturity of which has been so accelerated, aggregates $100.0 million or more;

(f) the Company or any of its Restricted Subsidiaries, or the Guarantor or any of its Restricted Subsidiaries, fails to pay final judgments which are non-appealable aggregating in excess of $100.0 million (net of applicable insurance which has not been denied in writing by the insurer), which judgments are not paid, discharged or stayed for a period of 60 days;

(g) the Company, the Guarantor or any of their Significant Subsidiaries pursuant to or within the meaning of Bankruptcy Law:

(i) commences a voluntary case,

(ii) consents to the entry of an order for relief against it in an involuntary case,

(iii) consents to the appointment of a custodian of it or for all or substantially all of its property, or

(iv) makes a general assignment for the benefit of its creditors; or

(h) a court of competent jurisdiction enters an order or decree under any Bankruptcy Law that:

(i) is for relief against the Company, the Guarantor or any of their Significant Subsidiaries in an involuntary case;

(ii) appoints a custodian of the Company, the Guarantor or any of their Significant Subsidiaries or for all or substantially all of the property of the Company, the Guarantor or any of their Significant Subsidiaries; or

(iii) orders the liquidation of the Company, the Guarantor or any of their Significant Subsidiaries;

and the order or decree remains unstayed and in effect for 60 consecutive days;

(i) except as permitted by this Indenture, the Guarantee of the Guarantor shall be held in any judicial proceeding to be unenforceable or invalid or shall cease for any reason to

be in full force and effect or the Guarantor, or any Person acting on behalf of the Guarantor, shall deny or disaffirm its obligations under the Guarantee; or

(j) except as permitted by this Indenture, any of the Pledge Documents cease to be in full force and effect (other than in accordance with their respective terms or the terms of the Indenture), or any of the Pledge Documents cease to give the Trustee or the Company, as the case may be, the Liens purported to be created thereby, or any Pledge Document is declared null and void, or the Company or the Guarantor shall repudiate or deny in writing that it has any liability or obligation under any Pledge Document.

Section 6.02. Acceleration.

In the case of an Event of Default arising from clause (g) or (h) of Section 6.01, with respect to the Company or the Guarantor, all outstanding Notes shall become due and payable immediately without further action or notice. If any other Event of Default occurs and is continuing, the Trustee by notice to the Issuers or the Holders of at least 25% in aggregate principal amount at maturity of the then outstanding Notes by notice to the Issuers and the Trustee may declare all the Notes to be due and payable immediately in an amount equal to (x) the Accreted Value of the Notes outstanding on the date of acceleration, if such declaration is made prior to the Full Accretion Date or (y) the entire principal amount at maturity of all the Notes outstanding on the date of acceleration plus accrued interest, if any, to the date of acceleration, if such declaration is made after the Full Accretion Date. The Holders of a majority in aggregate principal amount at maturity of the Notes then outstanding by written notice to the Trustee may on behalf of all of the Holders rescind an acceleration and its consequences if the rescission would not conflict with any judgment or decree and if all existing Events of Default (except nonpayment of Accreted Value, interest or premium that has become due solely because of the acceleration) have been cured or waived.

Section 6.03. Other Remedies.

If an Event of Default occurs and is continuing, the Trustee may pursue any available remedy to collect the payment of Accreted Value, premium, if any, and interest on the Notes or to enforce the performance of any provision of the Notes or this Indenture.

The Trustee may maintain a proceeding even if it does not possess any of the Notes or does not produce any of them in the proceeding. A delay or omission by the Trustee or any Holder of a Note in exercising any right or remedy accruing upon an Event of Default shall not impair the right or remedy or constitute a waiver of or acquiescence in the Event of Default. All remedies are cumulative to the extent permitted by law.

Section 6.04. Waiver of Existing Defaults.

Holders of not less than a majority in aggregate principal amount at maturity of the then outstanding Notes by notice to the Trustee may on behalf of the Holders of all of the Notes waive an existing Default or Event of Default and its consequences hereunder, except a continuing Default or Event of Default in the payment of the Accreted Value of, premium, if any, or interest on, the Notes (including in connection with an offer to purchase) (provided, however, that the Holders of

a majority in aggregate principal amount at maturity of the then outstanding Notes may rescind an acceleration and its consequences, including any related payment default that resulted from such acceleration). Upon any such waiver, such Default shall cease to exist, and any Event of Default arising therefrom shall be deemed to have been cured for every purpose of this Indenture; but no such waiver shall extend to any subsequent or other Default or impair any right consequent thereon.

Section 6.05. Control by Majority.

Holders of a majority in aggregate principal amount at maturity of the then outstanding Notes may direct the time, method and place of conducting any proceeding for exercising any remedy available to the Trustee or exercising any trust or power conferred on it. However, the Trustee may refuse to follow any direction that conflicts with law or this Indenture that the Trustee determines may be unduly prejudicial to the rights of other Holders of Notes or that may involve the Trustee in personal liability. The Trustee may take any other action which it deems proper that is not inconsistent with any such directive.

Section 6.06. Limitation on Suits.

A Holder of a Note may pursue a remedy with respect to this Indenture or the Notes only if:

(a) the Holder of a Note gives to the Trustee written notice of a continuing Event of Default;

(b) the Holders of at least 25% in aggregate principal amount at maturity of the then outstanding Notes make a written request to the Trustee to pursue the remedy;

(c) such Holder of a Note or Holders of Notes offer and, if requested, provide to the Trustee indemnity satisfactory to the Trustee against any loss, liability or expense;

(d) the Trustee does not comply with the request within 60 days after receipt of the request and the offer and, if requested, the provision of indemnity; and

(e) during such 60-day period the Holders of a majority in aggregate principal amount at maturity of the then outstanding Notes do not give the Trustee a direction inconsistent with the request.

A Holder of a Note may not use this Indenture to prejudice the rights of another Holder of a Note or to obtain a preference or priority over another Holder of a Note.

Section 6.07. Rights of Holders of Notes to Receive Payment.

Notwithstanding any other provision of this Indenture, the right of any Holder of a Note to receive payment of Accreted Value, premium, if any, and interest on the Note, on or after the respective due dates expressed in the Note (including in connection with an offer to purchase), or to bring suit for the enforcement of any such payment on or after such respective dates, shall not be impaired or affected without the consent of such Holder.

Section 6.08. Collection Suit by Trustee.

If an Event of Default specified in Section 6.01(a) or (b) occurs and is continuing, the Trustee is authorized to recover judgment in its own name and as trustee of an express trust against the Issuers for the whole amount of Accreted Value of, premium, if any, and interest remaining unpaid on the Notes and interest on overdue Accreted Value and, to the extent lawful, interest and such further amount as shall be sufficient to cover the costs and expenses of collection, including the reasonable compensation, expenses, disbursements and advances of the Trustee, its agents and counsel.

Section 6.09. Trustee May File Proofs of Claim.

The Trustee is authorized to file such proofs of claim and other papers or documents as may be necessary or advisable in order to have the claims of the Trustee (including any claim for the reasonable compensation, expenses, disbursements and advances of the Trustee, its agents and counsel) and the Holders of the Notes allowed in any judicial proceedings relative to the Issuers (or any other obligor upon the Notes), their creditors or their property and shall be entitled and empowered to collect, receive and distribute any money or other property payable or deliverable on any such claims and any custodian in any such judicial proceeding is hereby authorized by each Holder to make such payments to the Trustee, and in the event that the Trustee shall consent to the making of such payments directly to the Holders, to pay to the Trustee any amount due to it for the reasonable compensation, expenses, disbursements and advances of the Trustee, its agents and counsel, and any other amounts due the Trustee under Section 7.07. To the extent that the payment of any such compensation, expenses, disbursements and advances of the Trustee, its agents and counsel, and any other amounts due the Trustee under Section 7.07 out of the estate in any such proceeding, shall be denied for any reason, payment of the same shall be secured by a Lien on, and shall be paid out of, any and all distributions, dividends, money, securities and other properties that the Holders may be entitled to receive in such proceeding whether in liquidation or under any plan of reorganization or arrangement or otherwise. Nothing herein contained shall be deemed to authorize the Trustee to authorize or consent to or accept or adopt on behalf of any Holder any plan of reorganization, arrangement, adjustment or composition affecting the Notes or the rights of any Holder, or to authorize the Trustee to vote in respect of the claim of any Holder in any such proceeding.

Section 6.10. Priorities.

If the Trustee collects any money pursuant to this Article, it shall pay out the money in the following order:

First: to the Trustee, its agents and attorneys for amounts due under Section 7.07, including payment of all compensation, expense and liabilities incurred, and all advances made, by the Trustee and the costs and expenses of collection;

Second: to Holders of Notes for amounts due and unpaid on the Notes for Accreted Value, premium, if any, and interest, ratably, without preference or priority of any kind, according to the amounts due and payable on the Notes for Accreted Value, premium, if any and interest, respectively; and

Third: to the Issuers or to such party as a court of competent jurisdiction shall direct.

The Trustee may fix a record date and payment date for any payment to Holders of Notes pursuant to this Section 6.10.

Section 6.11. Undertaking for Costs.

In any suit for the enforcement of any right or remedy under this Indenture or in any suit against the Trustee for any action taken or omitted by it as a Trustee, a court in its discretion may require the filing by any party litigant in the suit of an undertaking to pay the costs of the suit, and the court in its discretion may assess reasonable costs, including reasonable attorneys' fees, against any party litigant in the suit, having due regard to the merits and good faith of the claims or defenses made by the party litigant. This Section does not apply to a suit by the Trustee, a suit by a Holder of a Note pursuant to Section 6.07, or a suit by Holders of more than 10% in aggregate principal amount at maturity of the then outstanding Notes.

ARTICLE 7
TRUSTEE

Section 7.01. Duties of Trustee.

(a) If an Event of Default has occurred and is continuing, the Trustee shall exercise such of the rights and powers vested in it by this Indenture, and use the same degree of care and skill in its exercise, as a prudent person would exercise or use under the circumstances in the conduct of such person's own affairs.

(b) Except during the continuance of an Event of Default:

(i) the duties of the Trustee shall be determined solely by the express provisions of this Indenture and the Trustee need perform only those duties that are specifically set forth in this Indenture and no others, and no implied covenants or obligations shall be read into this Indenture against the Trustee; and

(ii) in the absence of bad faith on its part, the Trustee may conclusively rely, as to the truth of the statements and the correctness of the opinions expressed therein, upon certificates or opinions furnished to the Trustee and conforming to the requirements of this Indenture. However, the Trustee shall examine the certificates and opinions to determine whether or not they conform to the requirements of this Indenture.

(c) The Trustee may not be relieved from liabilities for its own gross negligent action, its own gross negligent failure to act, or its own willful misconduct, except that:

(i) this paragraph does not limit the effect of paragraph (b) of this Section;

(ii) the Trustee shall not be liable for any error of judgment made in good faith by a Responsible Officer, unless it is proved that the Trustee was grossly negligent in ascertaining the pertinent facts; and

(iii) the Trustee shall not be liable with respect to any action it takes or omits to take in good faith in accordance with a direction received by it pursuant to Section 6.05.

(d) Whether or not therein expressly so provided, every provision of this Indenture that in any way relates to the Trustee is subject to paragraphs (a), (b), and (c) of this Section 7.01.

(e) No provision of this Indenture shall require the Trustee to expend or risk its own funds or incur any liability. The Trustee shall be under no obligation to exercise any of its rights and powers under this Indenture at the request of any Holders, unless such Holder shall have offered to the Trustee security and indemnity satisfactory to it against any loss, liability or expense.

(f) The Trustee shall not be liable for interest on any money received by it except as the Trustee may agree in writing with the Issuers. Money held in trust by the Trustee need not be segregated from other funds except to the extent required by law.

(g) The Trustee shall not be bound to make any investigation into the facts or matters stated in any resolution, certificate, statement, instrument, opinion, report, notice, request, direction, consent, order, bond, debenture or other paper or documents.

Section 7.02. Rights of Trustee.

(a) The Trustee may conclusively rely upon any document believed by it to be genuine and to have been signed or presented by the proper Person. The Trustee need not investigate any fact or matter stated in the document.

(b) Before the Trustee acts or refrains from acting, it may require an Officers' Certificate or an Opinion of Counsel or both. The Trustee shall not be liable for any action it takes or omits to take in good faith in reliance on such Officers' Certificate or Opinion of Counsel. The Trustee may consult with counsel and the written advice of such counsel or any Opinion of Counsel shall be full and complete authorization and protection from liability in respect of any action taken, suffered or omitted by it hereunder in good faith and in reliance thereon.

(c) The Trustee may act through its attorneys and agents and shall not be responsible for the misconduct or negligence of any agent appointed with due care.

(d) The Trustee shall not be liable for any action it takes or omits to take in good faith that it believes to be authorized or within the rights or powers conferred upon it by this Indenture.

(e) Unless otherwise specifically provided in this Indenture, any demand, request, direction or notice from either of the Issuers shall be sufficient if signed by an Officer of such Issuer.

(f) The Trustee shall be under no obligation to exercise any of the rights or powers vested in it by this Indenture at the request or direction of any of the Holders unless such Holders shall have offered to the Trustee reasonable security or indemnity against the costs, expenses and liabilities that might be incurred by it in compliance with such request or direction.

(g) The Trustee shall not be charged with knowledge of any Default or Event of Default unless either (i) a Responsible Officer of the Trustee shall have actual knowledge of such Default or Event of Default or (ii) written notice of such Default or Event of Default shall have been given to the Trustee by the Issuers or any Holder.

Section 7.03. Individual Rights of Trustee.

The Trustee in its individual or any other capacity may become the owner or pledgee of Notes and may otherwise deal with the Issuers, the Guarantor or any Affiliate of either of the Issuers or the Guarantor with the same rights it would have if it were not Trustee. However, in the event that the Trustee acquires any conflicting interest it must eliminate such conflict within 90 days, apply to the SEC for permission to continue as trustee or resign. Any Agent may do the same with like rights and duties. The Trustee is also subject to Sections 7.10 and 7.11.

Section 7.04. Trustee's Disclaimer.

The Trustee shall not be responsible for and makes no representation as to the validity or adequacy of this Indenture or the Notes, it shall not be accountable for the Issuers' use of the proceeds from the Notes or any money paid to the Issuers or upon the Issuers' direction under any provision of this Indenture, it shall not be responsible for the use or application of any money received by any Paying Agent other than the Trustee, and it shall not be responsible for any statement or recital herein or any statement in the Notes or any other document in connection with the sale of the Notes or pursuant to this Indenture other than its certificate of authentication.

Section 7.05. Notice of Defaults.

If a Default or Event of Default occurs and is continuing and if it is known to the Trustee, the Trustee shall mail to Holders of Notes a notice of the Default or Event of Default within 90 days after the Trustee acquires knowledge thereof. Except in the case of a Default or Event of Default in payment of Accreted Value of, premium, if any, or interest on any Note, the Trustee may withhold the notice if and so long as a committee of its Responsible Officers in good faith determines that withholding the notice is in the interests of the Holders of the Notes.

Section 7.06. Reports by Trustee to Holders of the Notes.

Within 60 days after each May 15 beginning with the May 15 following the date of this Indenture, and for so long as Notes remain outstanding, the Trustee shall mail to the Holders of the Notes a brief report dated as of such reporting date that complies with TIA ss. 313(a) (but if no event described in TIA ss. 313(a) has occurred within the twelve months preceding the reporting date, no report need be transmitted). The Trustee also shall comply with TIA ss. 313(b)(2). The Trustee shall also transmit by mail all reports as required by TIA ss. 313(c).

A copy of each report at the time of its mailing to the Holders of Notes shall be mailed to the Company and filed with the SEC and each stock exchange on which the Notes are listed in accordance with TIA ss. 313(d). The Issuers shall promptly notify the Trustee when the Notes are listed on any stock exchange.

Section 7.07. Compensation and Indemnity.

The Issuers shall pay to the Trustee from time to time reasonable compensation for its acceptance of this Indenture and services hereunder. The Trustee's compensation shall not be limited by any law on compensation of a trustee of an express trust. The Issuers shall reimburse the Trustee promptly upon request for all reasonable disbursements, advances and expenses incurred or made by it in addition to the compensation for its services. Such expenses shall include the reasonable compensation, disbursements and expenses of the Trustee's agents and counsel.

The Issuers and the Guarantor shall, jointly and severally, indemnify the Trustee against any and all losses, liabilities or expenses incurred by it arising out of or in connection with the acceptance or administration of its duties under this Indenture, including the costs and expenses of enforcing this Indenture against the Issuers and the Guarantor (including this Section 7.07) and defending itself against any claim (whether asserted by the Issuers or the Guarantor or any Holder or any other person) or liability in connection with the exercise or performance of any of its powers or duties hereunder, except to the extent any such loss, liability or expense may be attributable to its gross negligence or willful misconduct. The Trustee shall notify the Issuers promptly of any claim for which it may seek indemnity. Failure by the Trustee to so notify the Issuers shall not relieve the Issuers or the Guarantor of their obligations hereunder. The Issuers and the Guarantor shall defend the claim and the Trustee shall cooperate in the defense. The Trustee may have separate counsel and the Issuers shall pay the reasonable fees and expenses of such counsel. The Issuers need not pay for any settlement made without their consent, which consent shall not be unreasonably withheld.

The obligations of the Issuers and the Guarantor under this Section 7.07 shall survive resignation or removal of the Trustee and the satisfaction and discharge of this Indenture.

To secure the Issuers' payment obligations in this Section, the Trustee shall have a Lien prior to the Notes on all money or property held or collected by the Trustee, except that held in trust to pay principal and interest on particular Notes. Such Lien shall survive the resignation or removal of the Trustee and the satisfaction and discharge of this Indenture.

When the Trustee incurs expenses or renders services after an Event of Default specified in Section 6.01(g) or (h) occurs, the expenses and the compensation for the services (including the fees and expenses of its agents and counsel) are intended to constitute expenses of administration under any Bankruptcy Law.

The Trustee shall comply with the provisions of TIA ss. 313(b)(2) to the extent applicable.

Section 7.08. Replacement of Trustee.

A resignation or removal of the Trustee and appointment of a successor Trustee shall become effective only upon the successor Trustee's acceptance of appointment as provided in this Section.

The Trustee may resign in writing at any time and be discharged from the trust hereby created by so notifying the Issuers. The Holders of a majority in aggregate principal amount at maturity of the then outstanding Notes may remove the Trustee by so notifying the Trustee and the Issuers in writing. The Issuers may remove the Trustee if:

(a) the Trustee fails to comply with Section 7.10;

(b) the Trustee is adjudged a bankrupt or an insolvent or an order for relief is entered with respect to the Trustee under any Bankruptcy Law;

(c) a custodian or public officer takes charge of the Trustee or its property; or

(d) the Trustee becomes incapable of acting.

If the Trustee resigns or is removed or if a vacancy exists in the office of Trustee for any reason, the Issuers shall promptly appoint a successor Trustee. Within one year after the successor Trustee takes office, the Holders of a majority in aggregate principal amount at maturity of the then outstanding Notes may appoint a successor Trustee to replace the successor Trustee appointed by the Issuers.

If a successor Trustee does not take office within 60 days after the retiring Trustee resigns or is removed, the retiring Trustee, the Issuers, or the Holders of at least 10% in aggregate principal amount at maturity of the then outstanding Notes may petition any court of competent jurisdiction for the appointment of a successor Trustee.

If the Trustee, after written request by any Holder who has been a Holder for at least six months, fails to comply with Section 7.10, such Holder may petition any court of competent jurisdiction for the removal of the Trustee and the appointment of a successor Trustee.

A successor Trustee shall deliver a written acceptance of its appointment to the retiring Trustee and to the Issuers. Thereupon, the resignation or removal of the retiring Trustee shall become effective, and the successor Trustee shall have all the rights, powers and duties of the Trustee under this Indenture. The successor Trustee shall mail a notice of its succession to Holders. The retiring Trustee shall promptly transfer all property held by it as Trustee to the successor Trustee; provided all sums owing to the Trustee hereunder have been paid and subject to the Lien provided for in Section 7.07. Notwithstanding replacement of the Trustee pursuant to this Section 7.08, the Issuers' and the Guarantor's obligations under Section 7.07 shall continue for the benefit of the retiring Trustee.

Section 7.09. Successor Trustee by Merger, etc.

If the Trustee consolidates, merges or converts into, or transfers all or substantially all of its corporate trust business to, another corporation, the successor corporation without any further act shall be the successor Trustee.

Section 7.10. Eligibility; Disqualification.

There shall at all times be a Trustee hereunder that is a corporation organized and doing business under the laws of the United States of America or of any state thereof that is authorized under such laws to exercise corporate trustee power, that is subject to supervision or examination by federal or state authorities and that has a combined capital and surplus of at least $100 million as set forth in its most recent published annual report of condition.

This Indenture shall always have a Trustee who satisfies the requirements of TIA ss. 310(a)(1), (2) and (5). The Trustee is subject to TIA ss. 310(b).

Section 7.11. Preferential Collection of Claims Against the Issuers.

The Trustee is subject to TIA ss. 311(a), excluding any creditor relationship listed in TIA ss. 311(b). A Trustee who has resigned or been removed shall be subject to TIA ss. 311(a) to the extent indicated therein.

ARTICLE 8
LEGAL DEFEASANCE AND COVENANT DEFEASANCE

Section 8.01. Option to Effect Legal Defeasance or Covenant Defeasance.

The Issuers may, at the option of their respective Boards of Directors evidenced by a resolution set forth in an Officers' Certificate of each of the Issuers, at any time, elect to have either Section 8.02 or 8.03 be applied to all outstanding Notes upon compliance with the conditions set forth below in this Article 8.

Section 8.02. Legal Defeasance and Discharge.

Upon the Issuers' exercise under Section 8.01 of the option applicable to this Section 8.02, the Issuers and the Guarantor shall, subject to the satisfaction of the conditions set forth in Section 8.04, be deemed to have been discharged from their obligations with respect to all outstanding Notes and Guarantees thereof on the date the conditions set forth below are satisfied (hereinafter, "Legal Defeasance"). For this purpose, Legal Defeasance means that the Issuers shall be deemed to have paid and discharged the entire Indebtedness represented by the outstanding Notes, which shall thereafter be deemed to be "outstanding" only for the purposes of Section 8.05 and the other Sections of this Indenture referred to in (a) and (b) below, and to have satisfied all their other obligations under such Notes and this Indenture (and the Trustee, on demand of and at the expense of the Issuers, shall

execute proper instruments acknowledging the same), except for the following provisions which shall survive until otherwise terminated or discharged hereunder:

(a) the rights of Holders of outstanding Notes to receive payments in respect of the Accreted Value of, premium, if any, and interest on such Notes when such payments are due from the trust referred to below;

(b) the Issuers' obligations with respect to the Notes concerning issuing temporary Notes, registration of Notes, mutilated, destroyed, lost or stolen Notes and the maintenance of an office or agency for payment and money for security payments held in trust;

(c) the rights, powers, trusts, duties and immunities of the Trustee, and the Issuers' and the Guarantor's obligations in connection therewith; and

(d) the Legal Defeasance provisions of this Indenture.

Subject to compliance with this Article 8, the Issuers may exercise their option under this Section 8.02 notwithstanding the prior exercise of their option under Section 8.03.

Section 8.03. Covenant Defeasance.

Upon the Issuers' exercise under Section 8.01 of the option applicable to this Section 8.03, the Issuers and the Guarantor shall, subject to the satisfaction of the conditions set forth in Section 8.04, be released from their obligations under the covenants contained in Article 5 and Sections 4.03, 4.07, 4.08, 4.09, 4.10, 4.11, 4.12, 4.13, 4.14, 4.16, 4.17 and 4.19 with respect to the outstanding Notes and Guarantees thereof on and after the date the conditions set forth in Section 8.04 are satisfied (hereinafter, "Covenant Defeasance"), and the Notes and Guarantees thereof shall thereafter be deemed not "outstanding" for the purposes of any direction, waiver, consent or declaration or act of Holders (and the consequences of any thereof) in connection with such covenants, but shall continue to be deemed "outstanding" for all other purposes hereunder (it being understood that such Notes shall not be deemed outstanding for accounting purposes). For this purpose, Covenant Defeasance means that, with respect to the outstanding Notes, the Issuers and the Guarantor may omit to comply with and shall have no liability in respect of any term, condition or limitation set forth in any such covenant, whether directly or indirectly, by reason of any reference elsewhere herein to any such covenant or by reason of any reference in any such covenant to any other provision herein or in any other document and such omission to comply shall not constitute a Default or an Event of Default under Section 6.01, but, except as specified above, the remainder of this Indenture and such Notes and the Guarantees thereof shall be unaffected thereby. In addition, upon the Issuers' exercise under Section 8.01 of the option applicable to this Section 8.03, subject to the satisfaction of the conditions set forth in Section 8.04, Sections 6.01(c) through 6.01(f) shall not constitute Events of Default.

Section 8.04. Conditions to Legal or Covenant Defeasance.

The following shall be the conditions to the application of either Section 8.02 or 8.03 to the outstanding Notes:

In order to exercise either Legal Defeasance or Covenant Defeasance:

(1) the Company must irrevocably deposit with the Trustee, in trust, for the benefit of the Holders of the Notes, cash in U.S. dollars, non-callable Government Securities, or a combination thereof, in such amounts as will be sufficient, in the opinion of a nationally recognized firm of independent public accountants, to pay the principal of, premium, if any, and interest on the outstanding Notes on the stated maturity or on the applicable redemption date, as the case may be, and the Company must specify whether the Notes are being defeased to maturity or to a particular redemption date;

(2) in the case of Legal Defeasance, the Company shall have delivered to the Trustee an Opinion of Counsel reasonably acceptable to the Trustee confirming that (a) the Company has received from, or there has been published by, the Internal Revenue Service a ruling or (b) since the date of this Indenture, there has been a change in the applicable federal income tax law, in either case to the effect that, and based thereon such opinion of counsel shall confirm that, the Holders of the outstanding Notes will not recognize income, gain or loss for federal income tax purposes as a result of such Legal Defeasance and will be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Legal Defeasance had not occurred;

(3) in the case of Covenant Defeasance, the Company shall have delivered to the Trustee an Opinion of Counsel reasonably acceptable to the Trustee confirming that the Holders of the outstanding Notes will not recognize income, gain or loss for federal income tax purposes as a result of such Covenant Defeasance and will be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Covenant Defeasance had not occurred;

(4) no Default or Event of Default shall have occurred and be continuing either: (a) on the date of such deposit (other than a Default or Event of Default resulting from the borrowing of funds to be applied to such deposit); or (b) or insofar as Events of Default from bankruptcy or insolvency events are concerned, at any time in the period ending on the 91st day after the date of deposit;

(5) such Legal Defeasance or Covenant Defeasance will not result in a breach or violation of, or constitute a default under any material agreement or instrument (other than this Indenture) to which the Company or any of the Restricted Subsidiaries is a party or by which the Company or any of the Restricted Subsidiaries is bound;

(6) the Company must have delivered to the applicable Trustee an opinion of counsel to the effect that after the 91st day assuming no intervening bankruptcy, that no Holder is an insider of either of the Issuers following the deposit and that such deposit would not be deemed by a court of competent jurisdiction a transfer for the benefit of the Guarantor or either co-Issuer in its capacity as such, the trust funds will not be subject to the effect of any applicable bankruptcy, insolvency, reorganization or similar laws affecting creditors' rights generally;

(7) the Company must deliver to the Trustee an Officers' Certificate stating that the deposit was not made by the Company with the intent of preferring the Holders of Notes

over the other creditors of the Company with the intent of defeating, hindering, delaying or defrauding creditors of the Company or others; and

(8) the Company must deliver to the Trustee an Officers' Certificate and an opinion of counsel, each stating that all conditions precedent relating to the Legal Defeasance or the Covenant Defeasance have been complied with.

Notwithstanding the foregoing, the opinion of counsel required by clause (2) above with respect to a Legal Defeasance need not be delivered if all Notes not theretofore delivered to the Trustee for cancellation (i) have become due and payable or (ii) will become due and payable on the maturity date within one year, by their terms or under arrangements satisfactory to the Trustee for the giving of notice of redemption by the Trustee in the name, and at the expense, of the Issuers.

Section 8.05. Deposited Money and Government Securities to Be Held in Trust; Other Miscellaneous Provisions.

Subject to Section 8.06, all money and non-callable Government Securities (including the proceeds thereof) deposited with the Trustee (or other qualifying trustee, collectively for purposes of this Section 8.05, the "Trustee") pursuant to Section 8.04 in respect of the outstanding Notes shall be held in trust and applied by the Trustee, in accordance with the provisions of such Notes and this Indenture, to the payment, either directly or through any Paying Agent (including the Issuers acting as Paying Agent) as the Trustee may determine, to the Holders of such Notes of all sums due and to become due thereon in respect of principal, premium, if any, and interest, but such money need not be segregated from other funds except to the extent required by law.

The Issuers and the Guarantor shall pay and indemnify the Trustee against any tax, fee or other charge imposed on or assessed against the cash or non-callable Government Securities deposited pursuant to Section 8.04 or the principal and interest received in respect thereof other than any such tax, fee or other charge which by law is for the account of the Holders of the outstanding Notes.

Anything in this Article 8 to the contrary notwithstanding, the Trustee shall deliver or pay to the Issuers from time to time upon the request of the Issuers any money or non-callable Government Securities held by it as provided in Section 8.04 which, in the opinion of a nationally recognized firm of independent public accountants expressed in a written certification thereof delivered to the Trustee (which may be the opinion delivered under Section 8.04(a)), are in excess of the amount thereof that would then be required to be deposited to effect an equivalent Legal Defeasance or Covenant Defeasance.

Section 8.06. Repayment to Issuers.

Any money deposited with the Trustee or any Paying Agent, or then held by the Issuers, in trust for the payment of the Accreted Value of, premium, if any, or interest on any Note and remaining unclaimed for two years after such principal, and premium, if any, or interest has become due and payable shall be paid to the Issuers on their request or (if then held by the Issuers) shall be discharged from such trust; and the Holder of such Note shall thereafter look only to the Issuers for

payment thereof, and all liability of the Trustee or such Paying Agent with respect to such trust money, and all liability of the Issuers as trustee thereof, shall thereupon cease; provided, however, that the Trustee or such Paying Agent, before being required to make any such repayment, may at the expense of the Issuers cause to be published once, in the New York Times and The Wall Street Journal (national edition), notice that such money remains unclaimed and that, after a date specified therein, which shall not be less than 30 days from the date of such notification or publication, any unclaimed balance of such money then remaining shall be repaid to the Issuers.

Section 8.07. Reinstatement.

If the Trustee or Paying Agent is unable to apply any United States dollars or non-callable Government Securities in accordance with Section 8.02 or 8.03, as the case may be, by reason of any order or judgment of any court or governmental authority enjoining, restraining or otherwise prohibiting such application, then the Issuers' and the Guarantor's obligations under this Indenture, the Notes and the Guarantee, as the case may be, shall be revived and reinstated as though no deposit had occurred pursuant to Section 8.02 or 8.03 until such time as the Trustee or Paying Agent is permitted to apply all such money in accordance with Section 8.02 or 8.03, as the case may be; provided, however, that, if the Issuers make any payment of Accreted Value of, premium, if any, or interest on any Note following the reinstatement of their obligations, the Issuers or the Guarantor, as the case may be, shall be subrogated to the rights of the Holders of such Notes to receive such payment from the money held by the Trustee or Paying Agent.

ARTICLE 9
AMENDMENT, SUPPLEMENT AND WAIVER

Section 9.01. Without Consent of Holders of Notes.

Notwithstanding Section 9.02 of this Indenture, the Issuers, the Guarantor and the Trustee may amend or supplement this Indenture or the Notes without the consent of any Holder of a Note:

(a) to cure any ambiguity, defect or inconsistency;

(b) to provide for uncertificated Notes in addition to or in place of certificated Notes;

(c) to provide for the assumption of an Issuer's or the Guarantor's obligations, as the case may be, to Holders of Notes in the case of a merger or consolidation or sale of all or substantially all of the assets of either Issuer or the Guarantor, as the case may be, pursuant to Article 5;

(d) to make any change that would provide any additional rights or benefits to the Holders of Notes or that does not adversely affect the legal rights under this Indenture of any such Holder; or

(e) to comply with requirements of the SEC in order to effect or maintain the qualification of this Indenture under the TIA or otherwise as necessary to comply with applicable law.

Upon the request of the Issuers accompanied by a resolution of their respective Boards of Directors authorizing the execution of any such amended or supplemental Indenture, and upon receipt by the Trustee of the documents described in Section 7.02, the Trustee shall join with the Issuers and the Guarantor in the execution of any amended or supplemental Indenture authorized or permitted by the terms of this Indenture and to make any further appropriate agreements and stipulations that may be therein contained, but the Trustee shall not be obligated to enter into such amended or supplemental Indenture that affects its own rights, duties or immunities under this Indenture or otherwise.

Section 9.02. With Consent of Holders of Notes.

Except as provided below in this Section 9.02, this Indenture (including Sections 4.11 and 4.16) or the Notes may be amended or supplemented with the consent of the Holders of at least a majority in aggregate principal amount at maturity of the Notes then outstanding (including, without limitation, consents obtained in connection with a purchase of, or a tender offer or exchange offer for, Notes) and, subject to Sections 6.04 and 6.07, any existing Default or compliance with any provision of this Indenture or the Notes may be waived with the consent of the Holders of a majority in aggregate principal amount at maturity of the Notes then outstanding (including, without limitation, consents obtained in connection with a purchase of, or a tender offer or exchange offer for, Notes). Section 2.08 shall determine which Notes are considered to be "outstanding" for purposes of this Section 9.02.

Upon the request of the Issuers accompanied by a resolution of their respective Boards of Directors authorizing the execution of any such amended or supplemental Indenture, and upon the filing with the Trustee of evidence satisfactory to the Trustee of the consent of the Holders of Notes as aforesaid, and upon receipt by the Trustee of the documents described in Section 7.02, the Trustee shall join with the Issuers and the Guarantor in the execution of such amended or supplemental Indenture unless such amended or supplemental Indenture directly affects the Trustee's own rights, duties or immunities under this Indenture or otherwise, in which case the Trustee may in its discretion, but shall not be obligated to, enter into such amended or supplemental Indenture.

It shall not be necessary for the consent of the Holders of Notes under this Section 9.02 to approve the particular form of any proposed amendment or waiver, but it shall be sufficient if such consent approves the substance thereof.

After an amendment, supplement or waiver under this Section becomes effective, the Company shall mail to the Holders of Notes affected thereby a notice briefly describing the amendment, supplement or waiver. Any failure of the Company to mail such notice, or any defect therein, shall not, however, in any way impair or affect the validity of any such amended or supplemental Indenture or waiver. Subject to Sections 6.04 and 6.07, the Holders of a majority in aggregate principal amount at maturity of the Notes then outstanding may waive compliance in a particular instance by the Issuers with any provision of this Indenture or the Notes. However, without the consent of each

Holder affected, an amendment, supplement or waiver under this Section 9.02 may not (with respect to any Notes held by a non-consenting Holder):

(a) reduce the principal amount at maturity of Notes whose Holders must consent to an amendment, supplement or waiver;

(b) reduce the Accreted Value of or change the fixed maturity of any Note or alter the payment provisions with respect to the redemption of the Notes (other than provisions relating to Sections 4.11 and 4.16);

(c) reduce the rate of or extend the time for payment of interest on any Note;

(d) waive a Default or Event of Default in the payment of Accreted Value of or premium, if any, or interest on the Notes (except a rescission of acceleration of the Notes by the Holders of at least a majority in aggregate principal amount at maturity of the Notes and a waiver of the payment default that resulted from such acceleration);

(e) make any Note payable in money other than that stated in the Notes;

(f) make any change in the provisions of this Indenture relating to waivers of past Defaults or the rights of Holders of Notes to receive payments of Accreted Value of, or premium, if any, or interest on the Notes;

(g) waive a redemption payment with respect to any Note (other than a payment required by one of the covenants described in Sections 4.11 and 4.16);

(h) amend any provision or release the Guarantee of the Guarantor except pursuant to the Marcus Combination; or

(i) make any change in this Section 9.02.

Section 9.03. Compliance with Trust Indenture Act.

Every amendment or supplement to this Indenture or the Notes shall be set forth in a amended or supplemental Indenture that complies with the TIA as then in effect.

Section 9.04. Revocation and Effect of Consents.

Until an amendment, supplement or waiver becomes effective, a consent to it by a Holder of a Note is a continuing consent by the Holder of a Note and every subsequent Holder of a Note or portion of a Note that evidences the same debt as the consenting Holder's Note, even if notation of the consent is not made on any Note. However, any such Holder of a Note or subsequent Holder of a Note may revoke the consent as to its Note if the Trustee receives written notice of revocation before the date the waiver, supplement or amendment becomes effective. An amendment, supplement or waiver becomes effective in accordance with its terms and thereafter binds every Holder.

Section 9.05. Notation on or Exchange of Notes.

The Trustee may place an appropriate notation about an amendment, supplement or waiver on any Note thereafter authenticated. The Issuers in exchange for all Notes may issue and the Trustee shall, upon receipt of an Authentication Order, authenticate new Notes that reflect the amendment, supplement or waiver.

Failure to make the appropriate notation or issue a new Note shall not affect the validity and effect of such amendment, supplement or waiver.

Section 9.06. Trustee to Sign Amendments, etc.

The Trustee shall sign any amended or supplemental Indenture authorized pursuant to this Article 9 if the amendment or supplement does not adversely affect the rights, duties, liabilities or immunities of the Trustee. The Issuers and the Guarantor may not sign an amendment or supplemental Indenture until their respective Boards of Directors approve it. In executing any amended or supplemental indenture, the Trustee shall be entitled to receive and (subject to Section 7.01) shall be fully protected in relying upon, in addition to the documents required by Section 12.04, an Officer's Certificate and an Opinion of Counsel, in each case from each of the Issuers, stating that the execution of such amended or supplemental indenture is authorized or permitted by this Indenture.

ARTICLE 10
GUARANTEE OF NOTES

Section 10.01. Unconditional Guarantee.

Subject to the provisions of this Article Ten, the Guarantor hereby unconditionally and irrevocably guarantees, on a senior basis to each Holder of a Note authenticated and delivered by the Trustee and to the Trustee and its successors and assigns, irrespective of the validity and enforceability of this Indenture, the Notes or the obligations of the Issuers to the Holders or the Trustee hereunder or thereunder, that: (a) the principal of, premium, if any, and interest on the Notes (and any Special Interest payable thereon) shall be duly and punctually paid in full when due, whether at maturity, upon redemption at the option of Holders pursuant to the provisions of the Notes relating thereto, by acceleration or otherwise, and interest on the overdue principal and (to the extent permitted by law) interest, if any, on the Notes and all other obligations of the Issuers to the Holders or the Trustee hereunder or thereunder (including amounts due the Trustee under Section 7.07) and all other obligations shall be promptly paid in full or performed, all in accordance with the terms hereof and thereof; and (b) in case of any extension of time of payment or renewal of any Notes or any of such other obligations, the same shall be promptly paid in full when due or performed in accordance with the terms of the extension or renewal, whether at maturity, by acceleration or otherwise. Failing payment when due of any amount so guaranteed, or failing performance of any other obligation of the Issuers to the Holders under this Indenture or under the Notes, for whatever reason, the Guarantor shall be obligated to pay, or to perform or cause the performance of, the same immediately. An Event of Default under this Indenture or the Notes shall constitute an event of default under this Guarantee,

and shall entitle the Holders of Notes to accelerate the obligations of the Guarantor hereunder in the same manner and to the same extent as the obligations of the Issuers.

The Guarantor hereby agrees that its obligations hereunder shall be unconditional, irrespective of the validity, regularity or enforceability of the Notes or this Indenture, the absence of any action to enforce the same, any waiver or consent by any Holder of the Notes with respect to any provisions hereof or thereof, the recovery of any judgment against the Issuers, any action to enforce the same, whether or not this Guarantee is affixed to any particular Note, or any other circumstance which might otherwise constitute a legal or equitable discharge or defense of the Guarantor. The Guarantor hereby waives the benefit of diligence, presentment, demand of payment, filing of claims with a court in the event of insolvency or bankruptcy of either Issuer, any right to require a proceeding first against either Issuer, protest, notice and all demands whatsoever and covenants that its Guarantee shall not be discharged except by complete performance of the obligations contained in the Notes, this Indenture and this Guarantee or except as otherwise permitted by this Indenture. This Guarantee is a guarantee of payment and not of collection. If any Holder or the Trustee is required by any court or otherwise to return to either Issuer or to the Guarantor, or any custodian, trustee, liquidator or other similar official acting in relation to either Issuer or the Guarantor, any amount paid by either Issuer or the Guarantor to the Trustee or such Holder, this Guarantee, to the extent theretofore discharged, shall be reinstated in full force and effect. The Guarantor further agrees that, as between it, on the one hand, and the Holders of Notes and the Trustee, on the other hand, (a) subject to this Article Ten, the maturity of the obligations guaranteed hereby may be accelerated as provided in Article Six for the purposes of this Guarantee, notwithstanding any stay, injunction or other prohibition preventing such acceleration in respect of the obligations guaranteed hereby, and (b) in the event of any acceleration of such obligations as provided in Article Six, such obligations (whether or not due and payable) shall forthwith become due and payable by the Guarantor for the purpose of this Guarantee.

No stockholder, member, officer, director, employee or incorporator, past, present or future, of the Guarantor , as such, shall have any personal liability under this Guarantee by reason of his, her or its status as such stockholder, officer, director, employee or incorporator.

Section 10.02. Limitations on this Guarantee.

The obligations of the Guarantor under its Guarantee are limited to the maximum amount which, after giving effect to all other contingent and fixed liabilities of the Guarantor will result in the obligations of the Guarantor under the Guarantee not constituting a fraudulent conveyance or fraudulent transfer under any laws of the United States, any state of the United States or the District of Columbia.

Section 10.03. Execution and Delivery of this Guarantee.

To further evidence the Guarantee set forth in Section 10.01, the Guarantor hereby agrees that a notation of such Guarantee, substantially in the form of Exhibit F, shall be endorsed on each Note authenticated and delivered by the Trustee. Such Guarantee shall be executed on behalf of the Guarantor by either manual or facsimile signature of two Officers of the Guarantor, each of whom, in each case, shall have been duly authorized to so execute by all requisite corporate action.

The validity and enforceability of the Guarantee set forth in Section 10.01 shall not be affected by the fact that it is not affixed to any particular Note. The Guarantor hereby agrees that its Guarantee set forth in Section 10.01 shall remain in full force and effect notwithstanding any failure to endorse on each Note a notation of such Guarantee.

If an Officer of the Guarantor whose signature is on this Indenture or a Guarantee no longer holds that office at the time the Trustee authenticates the Note on which such Guarantee is endorsed or at any time thereafter, the Guarantor's Guarantee of such Note shall be valid nevertheless.

The delivery of any Note by the Trustee, after the authentication thereof hereunder, shall constitute due delivery of any Guarantee set forth in this Indenture on behalf of the Guarantor.

Section 10.04. Release of Guarantor.

(a) Upon the consummation of the Marcus Combination, the Guarantor's Guarantee shall be released, and the Guarantor shall be deemed released from all obligations under this Article Ten and this Indenture without any further action required on the part of the Guarantor, the Trustee or any Holder. If the Marcus Combination is not consummated, the Guarantor will not be so released and the Guarantor or any entity surviving the Guarantor, as applicable, shall remain or be liable under its Guarantee as provided in this Article Ten.

(b) The Trustee shall deliver an appropriate instrument evidencing the release of the Guarantor upon receipt of a request by the Company or the Guarantor accompanied by an Officers' Certificate and an Opinion of Counsel certifying as to the compliance with this Section 10.04; provided the legal counsel delivering such Opinion of Counsel may rely as to matters of fact on one or more Officers Certificates of the Company or the Guarantor.

The Trustee shall execute any documents reasonably requested by the Company or the Guarantor in order to evidence the release of the Guarantor from its obligations under its Guarantee endorsed on the Notes, under this Article Ten and under this Indenture.

Section 10.05. Waiver of Subrogation.

Until this Indenture is discharged and all of the Notes are discharged and paid in full, the Guarantor hereby irrevocably waives and agrees not to exercise any claim or other rights which it may now or hereafter acquire against either Issuer that arise from the existence, payment, performance or enforcement of the Issuers' obligations under the Notes or this Indenture and the Guarantor's obligations under this Guarantee and this Indenture, in any such instance including, without limitation, any right of subrogation, reimbursement, exoneration, contribution, indemnification, and any right to participate in any claim or remedy of the Holders against either Issuer, whether or not such claim, remedy or right arises in equity, or under contract, statute or common law, including, without limitation, the right to take or receive from either Issuer, directly or indirectly, in cash or other property or by set-off or in any other manner, payment or security on account of such claim or other rights. If any amount shall be paid to the Guarantor in violation of the preceding sentence and any amounts owing to the Trustee or the Holders of Notes under the Notes, this Indenture, or any other document or instrument delivered under or in connection with such agreements or instruments, shall

not have been paid in full, such amount shall have been deemed to have been paid to the Guarantor for the benefit of, and held in trust for the benefit of, the Trustee or the Holders and shall forthwith be paid to the Trustee for the benefit of itself or such Holders to be credited and applied to the obligations in favor of the Trustee or the Holders, as the case may be, whether matured or unmatured, in accordance with the terms of this Indenture. The Guarantor acknowledges that it will receive direct and indirect benefits from the financing arrangements contemplated by this Indenture and that the waiver set forth in this Section 10.05 is knowingly made in contemplation of such benefits.

Section 10.06. Immediate Payment.

The Guarantor agrees to make immediate payment to the Trustee on behalf of the Holders of all obligations under the Notes and this Indenture owing or payable to the respective Holders upon receipt of a demand for payment therefor by the Trustee to such Guarantor in writing.

Section 10.07. Obligations Continuing.

The obligations of the Guarantor hereunder shall be continuing and shall remain in full force and effect until all the obligations have been paid and satisfied in full. The Guarantor agrees with the Trustee that it will from time to time deliver to the Trustee suitable acknowledgments of this continued liability hereunder.

Section 10.08. Obligations Reinstated.

The obligations of the Guarantor hereunder shall continue to be effective or shall be reinstated, as the case may be, if at any time any payment which would otherwise have reduced the obligations of the Guarantor hereunder (whether such payment shall have been made by or on behalf of either Issuer or by or on behalf of the Guarantor) is rescinded or reclaimed from any of the Holders upon the insolvency, bankruptcy, liquidation or reorganization of either Issuer or the Guarantor or otherwise, all as though such payment had not been made. If demand for, or acceleration of the time for, payment by either Issuer is stayed upon the insolvency, bankruptcy, liquidation or reorganization of either Issuer, all such Indebtedness otherwise subject to demand for payment or acceleration shall nonetheless be payable by the Guarantor as provided herein.

Section 10.09. Obligations Not Affected.

The obligations of the Guarantor hereunder shall not be affected, impaired or diminished in any way by any act, omission, matter or thing whatsoever, occurring before, upon or after any demand for payment hereunder (and whether or not known or consented to by the Guarantor or any of the Holders) which, but for this provision, might constitute a whole or partial defense to a claim against the Guarantor hereunder or might operate to release or otherwise exonerate the Guarantor from any of its obligations hereunder or otherwise affect such obligations, whether occasioned by default of any of the Holders or otherwise.

Section 10.10. Waiver.

Without in any way limiting the provisions of Section 10.01 hereof, the Guarantor hereby waives notice or proof of reliance by the Holders upon the obligations of the Guarantor

hereunder, and diligence, presentment, demand for payment on the Issuers, protest or notice of dishonor of any of the obligations under the Note and this Indenture, or other notice or formalities to the Issuers of any kind whatsoever.

Section 10.11. No Obligation To Take Action Against Either Issuer.

Neither the Trustee nor any other Person shall have any obligation to enforce or exhaust any rights or remedies or to take any other steps under any security for the obligations under the Notes and this Indenture or against either Issuer or any other Person or any property of either Issuer or any other Person before the Trustee is entitled to demand payment and performance by the Guarantor of its liabilities and obligations under its Guarantees or under this Indenture.

Section 10.12. Dealing With The Company and Others.

The Holders, without releasing, discharging, limiting or otherwise affecting in whole or in part the obligations and liabilities of the Guarantor hereunder and without the consent of or notice to the Guarantor, may

(a) grant time, renewals, extensions, compromises, concessions, waivers, releases, discharges and other indulgences to either Issuer or any other Person;

(b) take or abstain from taking security or collateral from the Issuers or from perfecting security or collateral of the Issuers;

(c) release, discharge, compromise, realize, enforce or otherwise deal with or do any act or thing in respect of (with or without consideration) any and all collateral, mortgages or other security given by the Issuers or any third party with respect to the obligations or matters contemplated by this Indenture or the Notes;

(d) accept compromises or arrangements from either Issuer;

(e) apply all monies at any time received from either Issuer or from any security upon such part of the obligations under the Notes or this Indenture as the Holders may see fit or change any such application in whole or in part from time to time as the Holders may see fit; and

(f) otherwise deal with, or waive or modify their right to deal with, either Issuer and all other Persons and any security as the Holders or the Trustee may see fit.

Section 10.13. Default and Enforcement.

If the Guarantor fails to pay in accordance with Section 10.06, the Trustee may proceed in its name as trustee hereunder in the enforcement of the Guarantee of the Guarantor and the Guarantor's obligations thereunder and hereunder by any remedy provided by law, whether by legal proceedings or otherwise, and to recover from the Guarantor the obligations.

Section 10.14. Amendment, Etc.

No amendment, modification or waiver of any provision of this Indenture relating to the Guarantor or consent to any departure by the Guarantor or any other Person from any such provision will in any event be effective unless it is signed by the Guarantor, the Issuers and the Trustee.

Section 10.15. Acknowledgement.

The Guarantor hereby acknowledges communication of the terms of this Indenture and the Notes and consents to and approves of the same.

Section 10.16. Costs and Expenses.

The Guarantor shall pay on demand by the Trustee any and all costs, fees and expenses (including, without limitation, legal fees on a solicitor and client basis) incurred by the Trustee, its agents, advisors and counsel or any of the Holders in enforcing any of their rights under its Guarantee.

Section 10.17. No Waiver; Cumulative Remedies.

No failure to exercise and no delay in exercising, on the part of the Trustee or the Holders, any right, remedy, power or privilege hereunder or under this Indenture or the Notes, shall operate as a waiver thereof; nor shall any single or partial exercise of any right, remedy, power or privilege hereunder or under this Indenture or the Notes preclude any other or further exercise thereof or the exercise of any other right, remedy, power or privilege. The rights, remedies, powers and privileges in the Guarantee and under this Indenture, the Notes and any other document or instrument between the Guarantor and/or the Issuers and the Trustee are cumulative and not exclusive of any rights, remedies, powers and privilege provided by law.

Section 10.18. Effect of Offset or Counterclaim.

The obligations of the Guarantor hereunder shall be enforceable against the Guarantor without regard to and without giving effect to any right of offset or counterclaim available to or which may be asserted by the Company or the Guarantor.

Section 10.19. Guarantee in Addition to Other Obligations.

(1) This paragraph should be included only if the Note is issued in global form.

(2) This paragraph should be removed upon the exchange of Notes for Exchange Notes in the Exchange Offer or upon the registration of the Notes pursuant to the terms of the Registration Rights Agreement.

Capitalized terms used herein shall have the meanings assigned to them in the Indenture referred to below unless otherwise indicated.

1. INTEREST. Charter Communications Holdings, LLC, a Delaware limited liability company (the "Company"), and Charter Communications Holdings Capital Corporation, a Delaware corporation ("Charter Capital" and, together with the Company, the "Issuers"), promise to pay interest on the principal amount at maturity of this Note at the rate of 9.92% per annum. The interest rate on the Notes is subject to increase pursuant to the provisions of the Registration Rights Agreement. The Issuers will pay interest semi-annually in arrears on April 1 and October 1 of each year (each an "Interest Payment Date"), or if any such day is not a Business Day, on the next succeeding Business Day, commencing on October 1, 2004. The principal amount at maturity of this Note will not bear or accrue cash interest until April 1, 2004. Cash interest on the Notes will accrue from the most recent date to which interest has been paid or, if no interest has been paid, from April 1, 2004; provided that if there is no existing Default in the payment of interest, and if this Note is authenticated between a record date referred to on the face and the next succeeding Interest Payment Date, interest shall accrue from such next succeeding Interest Payment Date. The Issuers shall pay interest (including post-petition interest in any proceeding under any Bankruptcy Law) on overdue Accreted Value and premium, if any, from time to time on demand at a rate that is 1% per annum in excess of the rate then in effect; they shall pay interest (including post-petition interest in any proceeding under any Bankruptcy Law) on overdue installments of interest (without regard to any applicable grace periods) from time to time on demand at the same rate to the extent lawful. Interest will be computed on the basis of a 360-day year of twelve 30-day months.

2. METHOD OF PAYMENT. The Issuers shall pay interest on the Notes (except defaulted interest) to the Persons who are registered Holders of Notes at the close of business on the March 15 or September 15 next preceding the Interest Payment Date, even if such Notes are canceled after such record date and on or before such Interest Payment Date, except as provided in Section 2.12 of the Indenture with respect to defaulted interest. The Notes will be payable as to Accreted Value, premium, if any, and interest at the office or agency of the Issuers maintained for such purpose within or without the City and State of New York, or, at the option of the Issuers, payment of interest may be made by check mailed to the Holders at their addresses set forth in the register of Holders, and provided that payment by wire transfer of immediately available funds will be required with respect to Accreted Value of and interest and premium on all Global Notes and all other Notes the Holders of which shall have provided wire transfer instructions to the Issuers or the Paying Agent. Such payment shall be in such coin or currency of the United States of America as at the time of payment is legal tender for payment of public and private debts.

3. PAYING AGENT AND REGISTRAR. Initially, Harris Trust and Savings Bank, the Trustee under the Indenture, will act as Paying Agent and Registrar. The Issuers may change any Paying Agent or Registrar without notice to any Holder. The Company or any of its Subsidiaries may act in any such capacity.

4. INDENTURE. The Issuers issued the Notes under an Indenture dated as of March 17, 1999 ("Indenture") between the Issuers, Marcus Cable Holdings, LLC (the "Guarantor") and the Trustee. The terms of the Notes include those stated in the Indenture and those made part of

the Indenture by reference to the Trust Indenture Act of 1939, as amended (15 U.S. Code ss.ss. 77aaa-77bbbb). The Notes are subject to all such terms, and Holders are referred to the Indenture and such Act for a statement of such terms. To the extent any provision of this Note conflicts with the express provisions of the Indenture, the provisions of the Indenture shall govern and be controlling. The Notes are obligations of the Issuers limited to $1.475 billion in aggregate principal amount at maturity, of which all $1.475 billion in aggregate principal amount at maturity of Notes were issued on the Issue Date. The Notes are guaranteed on a senior basis by the Guarantor.

5. OPTIONAL REDEMPTION.

(a) Except as set forth in clause (b) of this Paragraph 5, the Issuers shall not have the option to redeem the Notes prior to April 1, 2004. Thereafter, the Issuers shall have the option to redeem the Notes, in whole or in part, upon not less than 30 nor more than 60 days' notice, at the redemption prices (expressed as percentages of principal amount at maturity) set forth below plus accrued and unpaid interest thereon, if any, to the applicable redemption date, if redeemed during the twelve-month period beginning on April 1 of the years indicated below:

Year	Percentage
2004.......................	104.960%
2005.......................	103.307%
2006.......................	101.653%
2007 and thereafter........	100.000%

(b) Notwithstanding the provisions of clause (a) of this Paragraph 5, at any time prior to April 1, 2002, the Issuers may on any one or more occasions redeem up to 35% of the aggregate principal amount at maturity of the Notes originally issued under the Indenture on a pro rata basis (or as nearly pro rata as practicable), at a redemption price of 109.920% of the Accreted Value thereof, plus, after the Full Accretion Date, accrued and unpaid interest to the redemption date, with the net cash proceeds of one or more Equity Offerings; provided that

(1) at least 65% of the aggregate principal amount at maturity of Notes originally issued under the Indenture remains outstanding immediately after the occurrence of such redemption (excluding Notes held by the Company and its Subsidiaries); and

(2) the redemption must occur within 60 days of the date of the closing of such Equity Offering.

6. MANDATORY REDEMPTION.

Except as otherwise provided in Paragraph 7 below, the Issuers shall not be required to make mandatory redemption payments with respect to the Notes.

7. REPURCHASE AT OPTION OF HOLDER

(a) If there is a Change of Control, the Issuers shall make an offer (a "Change of Control Offer") to repurchase all or any part (equal to $1,000 principal amount at maturity or an integral multiple thereof) of each Holder's Notes at a purchase price equal to 101% of the Accreted Value thereof plus, for any Change of Control Offer occurring after the Full Accretion Date, accrued and unpaid interest thereon, if any, to the date of purchase (the "Change of Control Payment"). Within 10 days following any Change of Control, the Issuers shall mail a notice to each Holder describing the transaction or transactions that constitute the Change of Control and offering to repurchase Notes on the Change of Control Payment Date specified in such notice, pursuant to the procedures required by the Indenture and described in such notice.

(b) If the Company or a Restricted Subsidiary consummates any Asset Sale, when the aggregate amount of Excess Proceeds exceeds $25.0 million, the Issuers shall commence an offer (an "Asset Sale Offer") pursuant to Section 4.11 of the Indenture to all Holders of Notes and all holders of other Indebtedness that is pari passu with the Notes containing provisions requiring offers to purchase or redeem with the proceeds of sales of assets to purchase the maximum principal amount of Notes and such other pari passu Indebtedness that may be purchased out of the Excess Proceeds (which amount includes the entire amount of the Net Proceeds). The offer price in any Asset Sale Offer will be payable in cash and equal to 100% of the Accreted Value thereof plus, after the Full Accretion Date, accrued and unpaid interest, if any, to the date of purchase. If any Excess Proceeds remain after consummation of an Asset Sale Offer, the Company may use such Excess Proceeds for any purpose not otherwise prohibited by the Indenture. If the aggregate principal amount of Notes and such other pari passu Indebtedness tendered into such Asset Sale Offer exceeds the amount of Excess Proceeds, the Trustee shall select the Notes and such other pari passu Indebtedness to be purchased on a pro rata basis. Upon completion of each Asset Sale Offer, the amount of Excess Proceeds shall be reset at zero. Holders of Notes that are the subject of an offer to purchase will receive an Asset Sale Offer from the Company prior to any related purchase date and may elect to have such Notes purchased by completing the form entitled "Option of Holder to Elect Purchase" on the reverse of the Notes.

8. NOTICE OF REDEMPTION. Notice of redemption will be mailed by first class mail at least 30 days but not more than 60 days before the redemption date to each Holder whose Notes are to be redeemed at its registered address. Notices of redemption may not be conditional. No Notes of $1,000 principal amount at maturity or less may be redeemed in part. Notes in denominations larger than $1,000 principal amount at maturity may be redeemed in part but only in whole multiples of $1,000 principal amount at maturity, unless all of the Notes held by a Holder are to be redeemed. On and after the redemption date Accreted Value ceases to accrete and interest ceases to accrue, as the case may be, on Notes or portions thereof called for redemption.

9. DENOMINATIONS, TRANSFER, EXCHANGE. The Notes are in registered form without coupons in denominations of $1,000 principal amount at maturity and integral multiples of $1,000 principal amount at maturity. The transfer of Notes may be registered and Notes may be exchanged as provided in the Indenture. The Registrar and the Trustee may require

a Holder, among other things, to furnish appropriate endorsements and transfer documents and the Issuers may require a Holder to pay any taxes and fees required by law or permitted by the Indenture. The Issuers need not exchange or register the transfer of any Note or portion of a Note selected for redemption, except for the unredeemed portion of any Note being redeemed in part. Also, the Issuers need not exchange or register the transfer of any Notes for a period of 15 days before a selection of Notes to be redeemed or during the period between a record date and the corresponding Interest Payment Date.

10. PERSONS DEEMED OWNERS. The registered Holder of a Note may be treated as its owner for all purposes, other than with respect to the payment of Additional Amounts.

11. AMENDMENT, SUPPLEMENT AND WAIVER. Subject to certain exceptions, the Indenture or the Notes may be amended or supplemented with the consent of the Holders of at least a majority in aggregate principal amount at maturity of the Notes then outstanding (including, without limitation, consents obtained in connection with a purchase of, or tender offer or exchange offer for, Notes), and any existing default or compliance with any provision of the Indenture or the Notes may be waived with the consent of the Holders of a majority in aggregate principal amount at maturity of the Notes then outstanding (including, without limitation, consents obtained in connection with a purchase of, or tender offer or exchange offer for, Notes). Without the consent of any Holder of a Note, the Issuers and the Trustee may amend or supplement the Indenture or the Notes to cure any ambiguity, defect or inconsistency, to provide for uncertificated Notes in addition to or in place of certificated Notes, to provide for the assumption of an Issuers' or the Guarantor's, as the case may be, obligations to Holders of Notes in the case of a merger or consolidation or sale of all or substantially all of the assets of either Issuer or the Guarantor, as the case may be, to make any change that would provide any additional rights or benefits to the Holders of Notes or that does not adversely affect the legal rights under the Indenture of any such Holder, or to comply with the requirements of the SEC in order to effect or maintain the qualification of the Indenture under the TIA or otherwise as necessary to comply with applicable law.

12. DEFAULTS AND REMEDIES. Each of the following is an Event of Default: (i) default for 30 days in the payment when due of interest on the Notes, (ii) default in payment when due of the Accreted Value of, or premium, if any, on the Notes, (iii) failure by the Company or any of its Restricted Subsidiaries, or the Guarantor or any of its Restricted Subsidiaries, to comply with Sections 4.16 and 5.01 of the Indenture, (iv) failure by the Company or any of its Restricted Subsidiaries, or the Guarantor or any of its Restricted Subsidiaries, for 30 days after written notice thereof has been given to the Company by the Trustee or to the Company and the Trustee by the Holders of at least 25% of the aggregate principal amount at maturity of the Notes outstanding to comply with any of their other covenants or agreements in the Indenture, (v) default under any mortgage, indenture or instrument under which there may be issued or by which there may be secured or evidenced any Indebtedness for money borrowed by the Company or any of its Restricted Subsidiaries, or by the Guarantor or any of its Restricted Subsidiaries, (or the payment of which is guaranteed by the Company or any of its Restricted Subsidiaries, or by the Guarantor or any of its Restricted Subsidiaries), whether such Indebtedness or guarantee now exists or is created after the date of the Indenture, if that default: (a) is caused by a failure to pay at final stated maturity the principal amount of such Indebtedness prior to the expiration of the grace period provided in such Indebtedness on the date of such default (a "Payment Default"); or (b) results in the acceleration of such Indebtedness prior to its express maturity, and, in each case, the principal amount of any such Indebtedness, together with the principal

amount of any other such Indebtedness under which there has been a Payment Default or the maturity of which has been so accelerated, aggregates $100.0 million or more, (vi) failure by the Company or any of its Restricted Subsidiaries, or by the Guarantor or any of its Restricted Subsidiaries to pay final judgments which are non-appealable aggregating in excess of $100.0 million (net of applicable insurance which has not been denied in writing by the insurer), which judgments are not paid, discharged or stayed for a period of 60 days, (vii) certain events of bankruptcy or insolvency with respect to the Company or the Guarantor or any of their Significant Subsidiaries, (viii) except as permitted by the Indenture the Guarantee of the Guarantor being held in any judicial proceeding to be unenforceable or invalid or ceasing for any reason to be in full force and effect or is caused by the Guarantor's, or any Person's (such Person acting on behalf of the Guarantor), denial or disaffirmation of its obligations under the Guarantee or (ix) except as permitted by the Indenture any of the Pledge Documents cease to be in full force and effect (other than in accordance with their respective terms or the terms of the Indenture), or any of the Pledge Documents cease to give the Trustee or the Company, as the case may be, the Liens purported to be created thereby, or any Pledge Document is declared null and void. In the case of an Event of Default arising from certain events of bankruptcy or insolvency with respect to the Company, all outstanding Notes will become due and payable without further action or notice. If any other Event of Default occurs and is continuing, the Trustee by notice to the Issuers or the Holders of at least 25% in aggregate principal amount at maturity of the then outstanding Notes by notice to the Issuers and the Trustee may declare all the Notes to be due and payable in an amount equal to (x) the Accreted Value of the Notes outstanding on the date of acceleration, if such declaration is made prior to the Full Accretion Date or (y) the entire principal amount at maturity of all the Notes outstanding on the date of acceleration, plus accrued interest, if any, to the date of acceleration, if such declaration is made after the Full Accretion Date. Holders may not enforce the Indenture or the Notes except as provided in the Indenture. Subject to certain limitations, Holders of a majority in aggregate principal amount at maturity of the then outstanding Notes may direct the Trustee in its exercise of any trust or power. The Trustee may withhold from Holders of the Notes notice of any continuing Default or Event of Default (except a Default or Event of Default relating to the payment of principal or interest) if it determines that withholding notice is in their interest. The Holders of a majority in aggregate principal amount at maturity of the Notes then outstanding by notice to the Trustee may on behalf of the Holders of all of the Notes waive any existing Default or Event of Default and its consequences under the Indenture except a continuing Default or Event of Default in the payment of interest on, or the Accreted Value of, the Notes. The Company is required to deliver to the Trustee annually a statement regarding compliance with the Indenture. Upon becoming aware of any Default or Event of Default, the Company is required to deliver to the Trustee a statement specifying such Default or Event of Default.

13. TRUSTEE DEALINGS WITH ISSUERS. The Trustee, in its individual or any other capacity, may make loans to, accept deposits from, and perform services for the Issuers, the Guarantor or their Affiliates, and may otherwise deal with the Issuers, the Guarantor or their Affiliates, as if it were not the Trustee.

14. NO RECOURSE AGAINST OTHERS. A director, officer, employee, incorporator, member or stockholder of either of the Issuers or the Guarantor, as such, shall not have any liability for any obligations of the Issuers under the Notes or the Indenture or for any claim based on, in respect of, or by reason of, such obligations or their creation. Each Holder by accepting a Note waives

and releases all such liability. The waiver and release are part of the consideration for the issuance of the Notes.

The Borrower will pay interest semi-annually in arrears on April 1 and October 1 of each year (each an "Interest Payment Date"), or if any such day is not a Business Day, on the next succeeding Business Day. Interest on the Notes will accrue from the most recent date to which interest has been paid or, if no interest has been paid, from the date of issuance; provided, further, that the first Interest Payment Date shall be October 1, 1999. The principal amount on which the Borrower will pay interest on each Interest Payment Day will be the principal amount of this Note outstanding from time to time during the 6-month period prior to such Interest Payment Date. The Borrower shall pay interest (including post-petition interest in any proceeding under any Bankruptcy Law) on overdue principal and premium, if any, from time to time on demand at a rate that is 1% per annum in excess of the rate then in effect; it shall pay interest (including post-petition interest in any proceeding under Bankruptcy Law) on overdue installments of interest (without regard to any applicable grace periods) from time to time on demand at the same rate to the extent lawful. Interest will be computed on the basis of a 360-day year of twelve 30-day months.

2. METHOD OF PAYMENT. The Borrower will pay interest on this Note to Lender. This Note will be payable as to principal, premium, if any, and interest by check mailed to Lender at 12444 Powerscourt Drive, Suite 100, St. Louis, Missouri 63131 or such other address as Lender shall have notified the Borrower in writing, and provided that payment by wire transfer of immediately available funds will be required with respect to principal of and interest on this Note if Lender shall have provided wire transfer instructions to the Borrower. Such payment shall be in such coin or currency of the United States of America as at the time of payment is legal tender for payment of public and private debts.

3. DEFINED TERMS. Capitalized terms used herein shall have the meanings assigned to them in the Indenture dated as of March 17, 1999 (the "Indenture") between the Lender, Charter Communications Holdings Capital Corporation, a company incorporated under the laws of Delaware, the Borrower, and Harris Trust and Savings Bank, as trustee, relating to the 8.625% Senior Notes due 2009.

4. PREPAYMENT OF NOTE. This Note may be prepaid in whole or in part at any time without penalty or premium.

5. REPAYMENT AT OPTION OF HOLDER. Upon the occurrence of (i) a Change of Control or (ii) an Asset Sale, in each case under the Indenture, Lender may require Borrower to prepay this Note in whole or in part.

6. DEFAULTS AND REMEDIES. Events of Default include: (i) default for 30 days in the payment when due of interest on this Note, (ii) default in payment when due of principal on this Note, and (iii) any event which constitutes an Event of Default under the Indenture. If any

Event of Default occurs and is continuing, Lender may declare this Note to be due and payable. Notwithstanding the foregoing, upon the occurrence of an Event of Default pursuant to Section 6.01(g) or (h) of the Indenture, this Note will become due and payable without further action or notice. Lender may waive any existing Default or Event of Default and its consequences except a continuing Default or Event of Default in the payment of interest on, or the principal of, this Note. The Borrower is required upon becoming aware of any Default or Event of Default to deliver to Lender a statement specifying such Default or Event of Default.

7. NO RECOURSE AGAINST OTHERS. A director, officer, employee, incorporator, member or stockholder, of the Borrower, as such, shall not have any liability for any obligations of the Borrower under this Note or for any claim based on, in respect of, or by reason of, such obligation or its creation. Lender by accepting this Note waives and releases all such liability. The waiver and release are part of the consideration for the issuance of this Note.

8. GOVERNING LAW. This Note shall be governed by and construed in accordance with the laws of the State of New York, as applied to contracts made and performed within the State of New York, without regard to principles of conflict of laws. Each of the parties hereto and the holders agree to submit to the jurisdiction of the courts of the State of New York in any action or proceeding arising out of or relating to this Note.

2. Registration Under the Securities Act.

(a) Except as set forth in Section 2(b) below, the Issuers agree to file under the Securities Act, as soon as practicable, but no later than 90 days after the Closing Date, a registration statement relating to an offer to exchange (such registration statement, the "Exchange Offer Registration Statement", and such offer, the "Exchange Offer") any and all of the Notes guaranteed by the Guarantor for a like aggregate principal amount of notes issued by the Issuers and guaranteed by the Guarantor, which notes and guarantee are substantially identical in all material respects to the Notes and Guarantee (and are entitled to the benefits of a trust indenture which has terms identical in all material respects to the Indenture or is the Indenture and which has been qualified under the Trust Indenture Act), except that they have been registered pursuant to an effective registration statement under the Securities Act and do not contain provisions for the additional interest contemplated in Section 2(c) below (such notes hereinafter called "Exchange Notes"). The Issuers agree to use their reasonable best efforts to cause the Exchange Offer Registration Statement to become effective under the Securities Act as soon as practicable, but no later than 150 days after the Closing Date. The Exchange Offer will be registered under the Securities Act on the appropriate form and will comply with all applicable tender offer rules and regulations under the Exchange Act. The Issuers further agree to use their reasonable best efforts to complete the Exchange Offer promptly, but no later than 30 business days or longer, if required by the federal securities laws, after such registration statement has become effective, hold the Exchange Offer open for at least 30 days and exchange Exchange Notes for all Registrable Securities that have been properly tendered and not withdrawn on or prior to the expiration of the Exchange Offer. The Exchange Offer will be deemed to have been "completed" only if the notes received by holders other than Restricted Holders in the Exchange Offer for Registrable Securities are, upon receipt, transferable by each such holder without restriction under the Securities Act and the Exchange Act and without material restrictions under the blue sky or securities laws of a substantial majority of the States of the United States of America. The Exchange Offer shall be deemed to have been completed upon the earlier to occur of (i) the Issuers having exchanged the Exchange Notes for all outstanding Registrable Securities pursuant to the Exchange Offer and (ii) the Issuers having exchanged, pursuant to the Exchange Offer, Exchange Notes for all Registrable Securities that have been properly tendered and not withdrawn before the expiration of the Exchange Offer, which shall be on a date that is at least 30 business days following the commencement of the Exchange Offer. The Issuers agree (x) to include in the Exchange Offer Registration Statement a prospectus for use in any resales by any holder of Exchange Notes that is a broker-dealer and (y) to keep such Exchange Offer Registration Statement effective for a period (the "Resale Period") beginning when Exchange Notes are first issued in the Exchange Offer and ending upon the earlier of the expiration of the 180th day after the Exchange Offer has been completed or such time as such broker-dealers no longer own any

Registrable Securities. With respect to such Exchange Offer Registration Statement, such holders shall have the benefit of the rights of indemnification and contribution set forth in Sections 6(a), (c), (d) and (e) hereof.

(b) If (i) on or prior to the time the Exchange Offer is completed existing law or Commission policy or interpretations are changed such that the Exchange Notes received by holders, other than Restricted Holders in the Exchange Offer in exchange for Registrable Securities are not or would not be, upon receipt, transferable by each such holder without restriction under the Securities Act, (ii) the Exchange Offer has not been completed within 180 days following the Closing Date or (iii) the Exchange Offer is not available to any holder of the Notes, the Issuers shall, in lieu of (or, in the case of clause (iii), in addition to) conducting the Exchange Offer contemplated by Section 2(a), file under the Securities Act on or prior to 30 business days after the time such obligation to file arises, a "shelf" registration statement providing for the registration of, and the sale on a continuous or delayed basis by the holders of, all of the Registrable Securities, pursuant to Rule 415 or any similar rule that may be adopted by the Commission (such filing, the "Shelf Registration" and such registration statement, the "Shelf Registration Statement"). The Issuers agree to use their reasonable best efforts (x) to cause the Shelf Registration Statement to become or be declared effective by the Commission no later than 90 days after such obligation to file arises and to keep such Shelf Registration Statement continuously effective for a period ending on the earlier of (i) the second anniversary of the Effective Time or (ii) such time as there are no longer any Registrable Securities outstanding, provided, however, that no holder shall be entitled to be named as a selling securityholder in the Shelf Registration Statement or to use the prospectus forming a part thereof for resales of Registrable Securities unless such holder is an Electing Holder, and (y) after the Effective Time of the Shelf Registration Statement, promptly upon the request of any holder of Registrable Securities that is not then an Electing Holder, to take any action reasonably necessary to enable such holder to use the prospectus forming a part thereof for resales of Registrable Securities, including, without limitation, any action necessary to identify such holder as a selling securityholder in the Shelf Registration Statement, provided, however, that nothing in this clause (y) shall relieve any such holder of the obligation to return a completed and signed Notice and Questionnaire to the Issuers in accordance with Section 3(d)(iii) hereof. The Issuers further agree to supplement or make amendments to the Shelf Registration Statement, as and when required by the rules, regulations or instructions applicable to the registration form used by the Issuers for such Shelf Registration Statement or by the Securities Act or rules and regulations thereunder for shelf registration, and the Issuers agree to furnish to each Electing Holder copies of any such supplement or amendment prior to its being used or promptly following its filing with the Commission.

(c) In the event that (i) the Issuers have not filed the Exchange Offer Registration Statement or Shelf Registration Statement on or before the date on which such registration statement is required to be filed pursuant to Section 2(a) or 2(b), respectively, or (ii) such Exchange Offer Registration Statement or Shelf Registration Statement to become effec-

tive or been declared effective by the Commission on or before the date on which such registration statement is required to become or be declared effective pursuant to Section 2(a) or 2(b), respectively, or (iii) the Exchange Offer has not been completed within 30 business days after the initial effective date of the Exchange Offer Registration Statement relating to the Exchange Offer (if the Exchange Offer is then required to be made) or (iv) any Exchange Offer Registration Statement or Shelf Registration Statement required by Section 2(a) or 2(b) hereof is filed and declared effective but shall thereafter either be withdrawn by the Issuers or shall become subject to an effective stop order issued pursuant to Section 8(d) of the Securities Act suspending the effectiveness of such registration statement (except as specifically permitted herein) without being succeeded immediately by an additional registration statement filed and declared effective (each such event referred to in clauses (i) through (iv), a "Registration Default" and each period during which a Registration Default has occurred and is continuing, a "Registration Default Period"), then, as liquidated damages for such Registration Default, subject to the provisions of Section 9(b), special interest ("Special Interest"), in addition to the Base Interest, shall accrue on the average Accreted Value (as defined in the Indenture) of the outstanding Notes at a per annum rate of 0.25% for the first 90 days of the Registration Default Period, at a per annum rate of 0.50% for the second 90 days of the Registration Default Period, at a per annum rate of 0.75% for the third 90 days of the Registration Default Period and at a per annum rate of 1.0% thereafter for the remaining portion of the Registration Default Period. All accrued Special Interest shall be paid in cash by the Issuers on each Interest Payment Date (as defined in the Indenture).

(d) The Issuers shall use their reasonable best efforts to take all actions necessary or advisable to be taken by them to ensure that the transactions contemplated herein are effected as so contemplated in Section 2(a) or 2(b) hereof.

(e) Any reference herein to a registration statement as of any time shall be deemed to include any document incorporated, or deemed to be incorporated, therein by reference as of such time and any reference herein to any post-effective amendment to a registration statement as of any time shall be deemed to include any document incorporated, or deemed to be incorporated, therein by reference as of such time.

3. Registration Procedures.

If the Issuers file a registration statement pursuant to Section 2(a) or Section 2(b), the following provisions shall apply:

(a) At or before the Effective Time of the Exchange Offer or the Shelf Registration, as the case may be, the Issuers shall cause the Indenture to be qualified under the Trust Indenture Act of 1939.

(b) In the event that such qualification would require the appointment of a new trustee under the Indenture, the Issuers shall appoint a new trustee thereunder pursuant to the applicable provisions of the Indenture.

(c) In connection with the Issuers' obligations with respect to the registration of Exchange Notes as contemplated by Section 2(a) (the "Exchange Offer Registration"), if applicable, the Issuers shall, as soon as practicable (or as otherwise specified):

(i) prepare and file with the Commission, as soon as practicable but no later than 90 days after the Closing Date, an Exchange Offer Registration Statement on any form which may be utilized by the Issuers and which shall permit the Exchange Offer and resales of Exchange Notes by broker-dealers during the Resale Period to be effected as contemplated by Section 2(a), and use their reasonable best efforts to cause such Exchange Offer Registration Statement to become effective as soon as practicable thereafter, but no later than 150 days after the Closing Date;

(ii) as soon as practicable prepare and file with the Commission such amendments and supplements to such Exchange Offer Registration Statement and the prospectus included therein as may be necessary to effect and maintain the effectiveness of such Exchange Offer Registration Statement for the periods and purposes contemplated in Section 2(a) hereof and as may be required by the applicable rules and regulations of the Commission and the instructions applicable to the form of such Exchange Offer Registration Statement, and promptly provide each broker-dealer holding Exchange Notes with such number of copies of the prospectus included therein (as then amended or supplemented), in conformity in all material respects with the requirements of the Securities Act and the Trust Indenture Act and the rules and regulations of the Commission thereunder, as such broker-dealer reasonably may request prior to the expiration of the Resale Period, for use in connection with resales of Exchange Notes;

(iii) promptly notify each broker-dealer that has requested or received copies of the prospectus included in such registration statement, and confirm such advice in writing, (A) when such Exchange Offer Registration Statement or the prospectus included therein or any prospectus amendment or supplement or post-effective amendment has been filed, and, with respect to such Exchange Offer Registration Statement or any post-effective amendment, when the same has become effective, (B) of any comments by the Commission and by the blue sky or securities commissioner or regulator of any state with respect thereto or any request by the Commission for amendments or supplements to such Exchange Offer Registration Statement or prospectus or for additional informa-

tion, (C) of the issuance by the Commission of any stop order suspending the effectiveness of such Exchange Offer Registration Statement or the initiation or, to the knowledge of the Issuers, threatening of any proceedings for that purpose, (D) if at any time the representations and warranties of the Issuers contemplated by Section 5 hereof cease to be true and correct in all material respects, (E) of the receipt by the Issuers of any notification with respect to the suspension of the qualification of the Exchange Notes for sale in any jurisdiction or the initiation or, to the knowledge of the Issuers, threatening of any proceeding for such purpose, or (F) at any time during the Resale Period when a prospectus is required to be delivered under the Securities Act, that such Exchange Offer Registration Statement, prospectus, prospectus amendment or supplement or post-effective amendment does not conform in all material respects to the applicable requirements of the Securities Act and the Trust Indenture Act, and the rules and regulations of the Commission thereunder, or contains an untrue statement of a material fact or omits to state any material fact required to be stated therein or necessary to make the statements therein not misleading in light of the circumstances then existing;

(iv) in the event that the Issuers would be required, pursuant to Section 3(e)(iii)(F) above, to notify any broker-dealers holding Exchange Notes, the Issuers shall prepare and furnish to each such holder a reasonable number of copies of a prospectus supplemented or amended so that, as thereafter delivered to purchasers of such Exchange Notes during the Resale Period, such prospectus conforms in all material respects to the applicable requirements of the Securities Act and the Trust Indenture Act and the rules and regulations of the Commission thereunder and shall not contain an untrue statement of a material fact or omit to state a material fact required to be stated therein or necessary to make the statements therein not misleading in light of the circumstances then existing;

(v) use their reasonable best efforts to obtain the withdrawal of any order suspending the effectiveness of such Exchange Offer Registration Statement or any post-effective amendment thereto as soon as practicable;

(vi) use their reasonable best efforts to (A) register or qualify the Exchange Notes under the securities laws or blue sky laws of such jurisdictions as are contemplated by Section 2(a) no later than the commencement of the Exchange Offer, (B) keep such registrations or qualifications in effect and comply with such laws so as to permit the continuance of offers, sales and dealings therein in such jurisdictions until the expiration of the Resale Period and (C) take any and all other actions as may be reasonably necessary or advisable to enable each broker-dealer holding Exchange Notes to consummate the disposi-

tion thereof in such jurisdictions; provided, however, that none of the Issuers shall be required for any such purpose to (1) qualify as a foreign corporation or limited liability company, as the case may be, in any jurisdiction wherein it would not otherwise be required to qualify but for the requirements of this Section 3(c)(vi), (2) consent to general service of process in any such jurisdiction or (3) make any changes to its certificate of incorporation or by-laws (or other organizational document) or any agreement between it and holders of its ownership interests;

(vii) use their reasonable best efforts to obtain the consent or approval of each governmental agency or authority, whether federal, state or local, which may be required to effect the Exchange Offer Registration, the Exchange Offer and the offering and sale of Exchange Notes by broker-dealers during the Resale Period;

(viii) provide a CUSIP number for all Exchange Notes, not later than the applicable Effective Time;

(ix) comply with all applicable rules and regulations of the Commission, and make generally available to its securityholders as soon as practicable but no later than eighteen months after the effective date of such Exchange Offer Registration Statement, an earning statement of the Company and its subsidiaries complying with Section 11(a) of the Securities Act (including, at the option of the Company, Rule 158 thereunder).

(d) In connection with the Issuers' obligations with respect to the Shelf Registration, if applicable, the Issuers shall, as soon as practicable (or as otherwise specified):

(i) prepare and file with the Commission within the time periods specified in Section 2(b), a Shelf Registration Statement on any form which may be utilized by the Issuers and which shall register all of the Registrable Securities for resale by the holders thereof in accordance with such method or methods of disposition as may be specified by such of the holders as, from time to time, may be Electing Holders and use their reasonable best efforts to cause such Shelf Registration Statement to become effective within the time periods specified in Section 2(b);

(ii) not less than 30 calendar days prior to the Effective Time of the Shelf Registration Statement, mail the Notice and Questionnaire to the holders of Registrable Securities; no holder shall be entitled to be named as a selling securityholder in the Shelf Registration Statement as of the Effective Time, and no holder shall be entitled to use the prospectus forming a part thereof for resales of Registrable Securities at any time, unless such holder has returned a

completed and signed Notice and Questionnaire to the Issuers by the deadline for response set forth therein; provided, however, holders of Registrable Securities shall have at least 28 calendar days from the date on which the Notice and Questionnaire is first mailed to such holders to return a completed and signed Notice and Questionnaire to the Issuers;

(iii) after the Effective Time of the Shelf Registration Statement, upon the request of any holder of Registrable Securities that is not then an Electing Holder, promptly send a Notice and Questionnaire to such holder; provided that the Issuers shall not be required to take any action to name such holder as a selling securityholder in the Shelf Registration Statement or to enable such holder to use the prospectus forming a part thereof for resales of Registrable Securities until such holder has returned a completed and signed Notice and Questionnaire to the Issuers;

(iv) as soon as practicable prepare and file with the Commission such amendments and supplements to such Shelf Registration Statement and the prospectus included therein as may be necessary to effect and maintain the effectiveness of such Shelf Registration Statement for the period specified in Section 2(b) hereof and as may be required by the applicable rules and regulations of the Commission and the instructions applicable to the form of such Shelf Registration Statement, and furnish to the Electing Holders copies of any such supplement or amendment simultaneously with or prior to its being used or filed with the Commission;

amendment or waiver effected pursuant thereto, each of which notices shall contain the substance of the amendment or waiver proposed or effected, as the case may be;

(xix) in the event that any broker-dealer registered under the Exchange Act shall underwrite any Registrable Securities or participate as a member of an underwriting syndicate or selling group or "assist in the distribution" (within the meaning of the Conduct Rules (the "Conduct Rules") of the National Association of Securities Dealers, Inc. ("NASD") or any successor thereto, as amended from time to time) thereof, whether as a holder of such Registrable Securities or as an underwriter, a placement or sales agent or a broker or dealer in respect thereof, or otherwise, assist such broker-dealer in complying with the requirements of such Conduct Rules, including by (A) if such Conduct Rules shall so require, engaging a "qualified independent underwriter" (as defined in such Conduct Rules) to participate in the preparation of the Shelf Registration Statement relating to such Registrable Securities, to exercise usual standards of due diligence in respect thereto and, if any portion of the offering contemplated by such Shelf Registration Statement is an underwritten offering or is made through a placement or sales agent, to recommend the yield of such Registrable Securities, (B) indemnifying any such qualified independent underwriter to the extent of the indemnification of underwriters provided in Section 6 hereof (or to such other customary extent as may be requested by such underwriter), and (C) providing such information to such broker-dealer as may be required in order for such broker-dealer to comply with the requirements of the Conduct Rules; and

(xx) comply with all applicable rules and regulations of the Commission, and make generally available to its securityholders as soon as practicable but in any event not later than eighteen months after the effective date of such Shelf Registration Statement, an earning statement of the Company and its subsidiaries complying with Section 11(a) of the Securities Act (including, at the option of the Company, Rule 158 thereunder).

(e) In the event that the Issuers would be required, pursuant to Section 3(d)(viii)(F) above, to notify the Electing Holders, the placement or sales agent, if any, therefor and the managing underwriters, if any, thereof, the Issuers shall prepare and furnish to each of the Electing Holders, to each placement or sales agent, if any, and to each such underwriter, if any, a reasonable number of copies of a prospectus supplemented or amended so that, as thereafter delivered to purchasers of Registrable Securities, such prospectus conforms in all material respects to the applicable requirements of the Securities Act and the Trust Indenture Act and the rules and regulations of the Commission thereunder and shall not contain an untrue statement of a material fact or omit to state a material fact required to be stated

(f) In the event of a Shelf Registration, in addition to the information required to be provided by each Electing Holder in its Notice and Questionnaire, the Issuers may require such Electing Holder to furnish to the Issuers such additional information regarding such Electing Holder and such Electing Holder's intended method of distribution of Registrable Securities as may be required in order to comply with the Securities Act. Each such Electing Holder agrees to notify the Issuers as promptly as practicable of any inaccuracy or change in information previously furnished by such Electing Holder to the Issuers or of the occurrence of any event in either case as a result of which any prospectus relating to such Shelf Registration contains or would contain an untrue statement of a material fact regarding such Electing Holder or such Electing Holder's intended method of disposition of such Registrable Securities or omits to state any material fact regarding such Electing Holder or such Electing Holder's intended method of disposition of such Registrable Securities required to be stated therein or necessary to make the statements therein not misleading in light of the circumstances then existing, and promptly to furnish to the Issuers any additional information required to correct and update any previously furnished information or required so that such prospectus shall not contain, with respect to such Electing Holder or the disposition of such Registrable Securities, an untrue statement of a material fact or omit to state a material fact required to be stated therein or necessary to make the statements therein not misleading in light of the circumstances then existing.

4. Registration Expenses.

The Issuers agree, subject to the last sentence of this Section, to bear and to pay or cause to be paid promptly all expenses incident to the Issuers' performance of or compliance with this Exchange and Registration Rights Agreement, including (a) all Commission and any NASD registration, filing and review fees and expenses including fees and disbursements of counsel for the placement or sales agent or underwriters in connection with such registration, filing and review, (b) all fees and expenses in connection with the qualification of the Notes for offering and sale under the securities laws and blue sky laws referred to in Section 3(d)(xii) hereof and determination of their eligibility for investment under the laws of such jurisdictions as any managing underwriters or the Electing Holders may designate, including any fees and disbursements of counsel for the Electing Holders or underwriters in

connection with such qualification and determination, (c) all expenses relating to the preparation, printing, production, distribution and reproduction of each registration statement required to be filed hereunder, each prospectus included therein or prepared for distribution pursuant hereto, each amendment or supplement to the foregoing, the expenses of preparing the Notes for delivery and the expenses of printing or producing any underwriting agreements, agreements among underwriters, selling agreements and blue sky or legal investment memoranda and all other documents in connection with the offering, sale or delivery of Notes to be disposed of (including certificates representing the Notes), (d) messenger, telephone and delivery expenses relating to the offering, sale or delivery of Notes and the preparation of documents referred in clause (c) above, (e) fees and expenses of the Trustee under the Indenture, any agent of the Trustee and any reasonable fees and expenses for counsel for the Trustee and of any collateral agent or custodian, (f) internal expenses (including all salaries and expenses of the Issuers' officers and employees performing legal or accounting duties), (g) fees, disbursements and expenses of counsel and independent certified public accountants of the Issuers (including the expenses of any opinions or "cold comfort" letters required by or incident to such performance and compliance), (h) fees, disbursements and expenses of any "qualified independent underwriter" engaged pursuant to Section 3(d)(xix) hereof, (i) reasonable fees, disbursements and expenses of one counsel for the Electing Holders retained in connection with a Shelf Registration, as selected by the Electing Holders of at least a majority in aggregate principal amount of the Registrable Securities held by Electing Holders (which counsel shall be reasonably satisfactory to the Issuers), (j) any fees charged by securities rating services for rating the Notes, and (k) reasonable fees, expenses and disbursements of any other persons, including special experts, retained by the Issuers in connection with such registration (collectively, the "Registration Expenses"). To the extent that any Registration Expenses are incurred, assumed or paid by any holder of Registrable Securities or any placement or sales agent therefor or underwriter thereof, the Issuers shall reimburse such person for the full amount of the Registration Expenses so incurred, assumed or paid promptly after receipt of a request therefor. Notwithstanding the foregoing, the holders of the Registrable Securities being registered shall pay all agency fees and commissions and underwriting discounts and commissions attributable to the sale of such Registrable Securities and the fees and disbursements of any counsel or other advisors or experts retained by such holders (severally or jointly), other than the counsel and experts specifically referred to above.

5. Representations, Warranties and Covenants.

Except with respect to clauses (a) and (b) below, the Issuers represent and warrant to, and agree with, each Purchaser and each of the holders from time to time of Registrable Securities the information set forth in this Section 5.

With respect to clauses (a) and (b) below, the Issuers covenant that:

(a) Each registration statement covering Registrable Securities and each prospectus (including any preliminary or summary prospectus) contained therein or furnished pursuant to Section 3(d) or Section 3(c) hereof and any further amendments or supplements to any such registration statement or prospectus, when it becomes effective or is filed with the Commission, as the case may be, and, in the case of an underwritten offering of Registrable Securities, at the time of the closing under the underwriting agreement relating thereto, will conform in all material respects to the requirements of the Securities Act and the Trust Indenture Act and the rules and regulations of the Commission thereunder and will not contain an untrue statement of a material fact or omit to state a material fact required to be stated therein or necessary to make the statements therein not misleading; and at all times subsequent to the Effective Time when a prospectus would be required to be delivered under the Securities Act, other than from (i) such time as a notice has been given to holders of Registrable Securities pursuant to Section 3(d)(viii)(F) or Section 3(c)(iii)(F) hereof until (ii) such time as the Issuers furnishes an amended or supplemented prospectus pursuant to Section 3(e) or Section 3(c)(iv) hereof, each such registration statement, and each prospectus (including any summary prospectus) contained therein or furnished pursuant to Section 3(d) or Section 3(c) hereof, as then amended or supplemented, will conform in all material respects to the requirements of the Securities Act and the Trust Indenture Act and the rules and regulations of the Commission thereunder and will not contain an untrue statement of a material fact or omit to state a material fact required to be stated therein or necessary to make the statements therein not misleading in the light of the circumstances then existing; provided, however, that this covenant shall not apply to any statements or omissions made in reliance upon and in conformity with information furnished in writing to the Issuers by a holder of Registrable Securities expressly for use therein.

(b) Any documents incorporated by reference in any prospectus referred to in Section 5(a) hereof, when they become or became effective or are or were filed with the Commission, as the case may be, will conform or conformed in all material respects to the requirements of the Securities Act or the Exchange Act, as applicable, and none of such documents will contain or contained an untrue statement of a material fact or will omit or omitted to state a material fact required to be stated therein or necessary to make the statements therein not misleading; provided, however, that this covenant shall not apply to any statements or omissions made in reliance upon and in conformity with information furnished in writing to the Issuers by a holder of Registrable Securities expressly for use therein.

(c) The compliance by the Issuers with all of the provisions of this Exchange and Registration Rights Agreement and the consummation of the transactions herein contemplated will not conflict with or result in a material breach of any of the terms or provisions of, or constitute a default under, any indenture, mortgage, deed of trust, loan agreement, lease, license, franchise agreement, permit or other material agreement or instrument to which either of the Issuers or any of their subsidiaries is a party or by which either of the Issuers or any of their subsidiaries is bound or to which any of the property or assets of the Issuers or

any of their subsidiaries is subject, nor will such action result in any violation of the provisions of the certificate of incorporation, charter, or the by-laws (or other organizational document) of the Issuers or any statute or any order, rule or regulation of any court or governmental agency or body, including without limitation, the Federal Communications Act of 1934, as amended, the Cable Communications Policy Act of 1984, the Cable Television Consumer Protection and Competition Act of 1992 and the Telecommunications Reform Act of 1996 (collectively, the "Cable Acts") or any order, rule or regulation of the Federal Communications Commission (the "FCC") having jurisdiction over the Issuers or any of their subsidiaries or any of their properties, except for any such violation which would not materially impair the Issuers' ability to comply herewith; and no consent, approval, authorization, order, registration or qualification of or with any such court or governmental agency or body is required, including, without limitation, under the Cable Acts or any order, rule or regulation of the FCC, for the consummation by the Issuers of the transactions contemplated by this Exchange and Registration Rights Agreement, except the registration under the Securities Act of the Notes, qualification of the Indenture under the Trust Indenture Act and such consents, approvals, authorizations, registrations or qualifications as may be required under State Notes or blue sky laws in connection with the offering and distribution of the Notes.

(d) This Exchange and Registration Rights Agreement has been duly authorized, executed and delivered by the Issuers.

6. Indemnification.

(a) Indemnification by the Issuers and the Guarantor. The Issuers and the Guarantor (i) will indemnify and hold harmless each of the holders of Registrable Securities included in an Exchange Offer Registration Statement, each of the Electing Holders of Registrable Securities included in a Shelf Registration Statement and each person who participates as a placement or sales agent or as an underwriter in any offering or sale of such Registrable Securities against any losses, claims, damages or liabilities, joint or several, to which such holder, agent or underwriter may become subject under the Securities Act or otherwise, insofar as such losses, claims, damages or liabilities (or actions in respect thereof) arise out of or are based upon an untrue statement or alleged untrue statement of a material fact contained in any Exchange Offer Registration Statement or Shelf Registration Statement, as the case may be, under which such Registrable Securities were registered under the Securities Act, or any preliminary, final or summary prospectus contained therein or furnished by the Issuers to any such holder, Electing Holder, agent or underwriter, or any amendment or supplement thereto, or arise out of or are based upon the omission or alleged omission to state therein a material fact required to be stated therein or necessary to make the statements therein not misleading, and (ii) will reimburse such holder, such Electing Holder, such agent and such underwriter for any legal or other expenses reasonably incurred by them in connection with investigating or defending any such action or claim as such expenses are incurred; provided, however, that none of the Issuers shall be liable to any such persons in any such case to the extent that any

such loss, claim, damage or liability arises out of or is based upon an untrue statement or alleged untrue statement or omission or alleged omission made in such registration statement, or preliminary, final or summary prospectus, or amendment or supplement thereto, in reliance upon and in conformity with written information furnished to the Issuers by such persons expressly for use therein.

(b) Indemnification by the Holders and any Agents and Underwriters. The Issuers may require, as a condition to including any Registrable Securities in any registration statement filed pursuant to Section 2(b) hereof and to entering into any underwriting agreement or similar agreement with respect thereto, that the Issuers shall have received an undertaking reasonably satisfactory to them from the Electing Holder of such Registrable Securities included in a Shelf Registration Statement and from each underwriter or agent named in any such underwriting agreement or similar agreement, severally and not jointly, to (i) indemnify and hold harmless the Issuers, the Guarantor and all other holders of Registrable Securities, against any losses, claims, damages or liabilities to which the Issuers, the Guarantor or such other holders of Registrable Securities may become subject, under the Securities Act or otherwise, insofar as such losses, claims, damages or liabilities (or actions in respect thereof) arise out of or are based upon an untrue statement or alleged untrue statement of a material fact contained in such registration statement, or any preliminary, final or summary prospectus contained therein or furnished by the Issuers to any such Electing Holder, agent or underwriter, or any amendment or supplement thereto, or arise out of or are based upon the omission or alleged omission to state therein a material fact required to be stated therein or necessary to make the statements therein not misleading, in each case to the extent, but only to the extent, that such untrue statement or alleged untrue statement or omission or alleged omission was made in reliance upon and in conformity with written information furnished to the Issuers or the Guarantor by such Electing Holder or underwriter expressly for use therein, and (ii) reimburse the Issuers and the Guarantor for any legal or other expenses reasonably incurred by the Issuers and the Guarantor in connection with investigating or defending any such action or claim as such expenses are incurred; provided, however, that no such Electing Holder shall be required to undertake liability to any person under this Section 6(b) for any amounts in excess of the dollar amount of the proceeds to be received by such Electing Holder from the sale of such Electing Holder's Registrable Securities pursuant to such registration.

(c) Notices of Claims, Etc. Promptly after receipt by an indemnified party under subsection (a) or (b) above of written notice of the commencement of any action, such indemnified party shall, if a claim in respect thereof is to be made against an indemnifying party pursuant to the indemnification provisions of or contemplated by this Section 6, notify such indemnifying party in writing of the commencement of such action; but the omission so to notify the indemnifying party shall not relieve it from any liability which it may have to any indemnified party otherwise than under the indemnification provisions of or contemplated by Section 6(a) or 6(b) hereof. In case any such action shall be brought against any indemnified party and it shall notify an indemnifying party of the commencement thereof, such indemni-

fying party shall be entitled to participate therein and, to the extent that it shall wish, jointly with any other indemnifying party similarly notified, to assume the defense thereof, with counsel reasonably satisfactory to such indemnified party (who shall not, except with the consent of the indemnified party, be counsel to the indemnifying party), and, after notice from the indemnifying party to such indemnified party of its election so to assume the defense thereof, such indemnifying party shall not be liable to such indemnified party for any legal expenses of other counsel or any other expenses, in each case subsequently incurred by such indemnified party, in connection with the defense thereof other than reasonable costs of investigation. No indemnifying party shall, without the written consent of the indemnified party, effect the settlement or compromise of, or consent to the entry of any judgment with respect to, any pending or threatened action or claim in respect of which indemnification or contribution may be sought hereunder (whether or not the indemnified party is an actual or potential party to such action or claim) unless such settlement, compromise or judgment (i) includes an unconditional release of the indemnified party from all liability arising out of such action or claim and (ii) does not include a statement as to or an admission of fault, culpability or a failure to act by or on behalf of any indemnified party.

(d) Contribution. If for any reason the indemnification provisions contemplated by Section 6(a) or Section 6(b) are unavailable to or insufficient to hold harmless an indemnified party in respect of any losses, claims, damages or liabilities (or actions in respect thereof) referred to therein, then each indemnifying party shall contribute to the amount paid or payable by such indemnified party as a result of such losses, claims, damages or liabilities (or actions in respect thereof) in such proportion as is appropriate to reflect the relative fault of the indemnifying party and the indemnified party in connection with the statements or omissions which resulted in such losses, claims, damages or liabilities (or actions in respect thereof), as well as any other relevant equitable considerations. The relative fault of such indemnifying party and indemnified party shall be determined by reference to, among other things, whether the untrue or alleged untrue statement of a material fact or omission or alleged omission to state a material fact relates to information supplied by such indemnifying party or by such indemnified party, and the parties' relative intent, knowledge, access to information and opportunity to correct or prevent such statement or omission. The parties hereto agree that it would not be just and equitable if contributions pursuant to this Section 6(d) were determined by pro rata allocation (even if the holders or any agents or underwriters or all of them were treated as one entity for such purpose) or by any other method of allocation which does not take account of the equitable considerations referred to in this Section 6(d). The amount paid or payable by an indemnified party as a result of the losses, claims, damages, or liabilities (or actions in respect thereof) referred to above shall be deemed to include any legal or other fees or expenses reasonably incurred by such indemnified party in connection with investigating or defending any such action or claim. Notwithstanding the provisions of this Section 6(d), no holder shall be required to contribute any amount in excess of the amount by which the dollar amount of the proceeds received by such holder from the sale of any Registrable Securities (after deducting any fees, discounts and commissions applicable thereto) exceeds

the amount of any damages which such holder has otherwise been required to pay by reason of such untrue or alleged untrue statement or omission or alleged omission, and no underwriter shall be required to contribute any amount in excess of the amount by which the total price at which the Registrable Securities underwritten by it and distributed to the public were offered to the public exceeds the amount of any damages which such underwriter has otherwise been required to pay by reason of such untrue or alleged untrue statement or omission or alleged omission. No person guilty of fraudulent misrepresentation (within the meaning of Section 11(f) of the Securities Act) shall be entitled to contribution from any person who was not guilty of such fraudulent misrepresentation. The holders' and any underwriters' obligations in this Section 6(d) to contribute shall be several in proportion to the principal amount of Registrable Securities registered or underwritten, as the case may be, by them and not joint.

(e) The obligations of the Issuers and the Guarantor under this Section 6 shall be in addition to any liability which the Issuers and the Guarantor may otherwise have and shall extend, upon the same terms and conditions, to each officer, director and partner of each holder, agent and underwriter and each person, if any, who controls any holder, agent or underwriter within the meaning of the Securities Act; and the obligations of the holders and any agents or underwriters contemplated by this Section 6 shall be in addition to any liability which the respective holder, agent or underwriter may otherwise have and shall extend, upon the same terms and conditions, to each officer (including any officer who signed any registration statement), director, employee, representative or agent of the Issuers and the Guarantor and to each person, if any, who controls the Issuers or the Guarantor within the meaning of the Securities Act.

7. Underwritten Offerings.

(a) Selection of Underwriters. If any of the Registrable Securities covered by the Shelf Registration are to be sold pursuant to an underwritten offering, the managing underwriter or underwriters thereof shall be designated by Electing Holders holding at least a majority in aggregate principal amount of the Registrable Securities to be included in such offering, provided that such designated managing underwriter or underwriters is or are reasonably acceptable to the Issuers.

(b) Participation by Holders. Each holder of Registrable Securities hereby agrees with each other such holder that no such holder may participate in any underwritten offering hereunder unless such holder (i) agrees to sell such holder's Registrable Securities on the basis provided in any underwriting arrangements approved by the persons entitled hereunder to approve such arrangements and (ii) completes and executes all questionnaires, powers of attorney, indemnities, underwriting agreements and other documents reasonably required under the terms of such underwriting arrangements.

8. Rule 144.

Each of the Issuers covenants to the holders of Registrable Securities that to the extent it shall be required to do so under the Exchange Act, it shall timely file the reports required to be filed by it under the Exchange Act or the Securities Act (including the reports under Section 13 and 15(d) of the Exchange Act referred to in subparagraph (c)(1) of Rule 144 adopted by the Commission under the Securities Act) and the rules and regulations adopted by the Commission thereunder, and shall take such further action as any holder of Registrable Securities may reasonably request, all to the extent required from time to time to enable such holder to sell Registrable Securities without registration under the Securities Act within the limitations of the exemption provided by Rule 144 under the Securities Act, as such Rule may be amended from time to time, or any similar or successor rule or regulation hereafter adopted by the Commission. Upon the request of any holder of Registrable Securities in connection with that holder's sale pursuant to Rule 144, the Issuers shall deliver to such holder a written statement as to whether it has complied with such requirements.

9. Miscellaneous.

(a) No Inconsistent Agreements. The Issuers represent, warrant, covenant and agree that they have not granted, and shall not grant, registration rights with respect to Registrable Securities or any other Notes which would be inconsistent with the terms contained in this Exchange and Registration Rights Agreement.

(b) Specific Performance. The parties hereto acknowledge that there would be no adequate remedy at law if the Issuers fail to perform any of their obligations hereunder and that the Purchasers and the holders from time to time of the Registrable Securities may be irreparably harmed by any such failure, and accordingly agree that the Purchasers and such holders, in addition to any other remedy to which they may be entitled at law or in equity, shall be entitled to compel specific performance of the obligations of the Issuers under this Exchange and Registration Rights Agreement in accordance with the terms and conditions of this Exchange and Registration Rights Agreement, in any court of the United States or any State thereof having jurisdiction.

(c) Notices. All notices, requests, claims, demands, waivers and other communications hereunder shall be in writing and shall be deemed to have been duly given (i) when delivered by hand, if delivered personally or by courier, (ii) when sent by facsimile (with written confirmation of receipt), provided that a copy is mailed by registered or certified mail, return receipt requested or (iii) three days after being deposited in the mail (registered or certified mail, postage prepaid, return receipt requested) as follows: If to the Issuers, c/o Charter Communications, Inc., 12444 Powerscourt Drive, Suite 100, St. Louis, Missouri, 63131, Attention: Secretary, and if to a holder, to the address of such holder set forth in the security register or other records of the Issuers, or to such other address as the Issuers or any

Each borrowing shall be in an aggregate amount equal to (x) in the case of ABR Loans, $5,000,000 or a whole multiple of $1,000,000 in excess thereof (or, if the then aggregate Available Revolving Commitments are less than $5,000,000, such lesser amount) and (y) in the case of Eurodollar Loans, $10,000,000 or a whole multiple of $1,000,000 in excess thereof; provided, that the Swingline Lender may request, on behalf of the Borrower, borrowings under the Revolving Commitments that are ABR Loans in other amounts pursuant to Section 2.5. Upon receipt of any such notice from the Borrower, the Funding Agent shall promptly notify each relevant Lender thereof. Each relevant Lender will make the amount of its pro rata share of each borrowing available to the Funding Agent for the account of the Borrower at the Funding Office prior to 11:00 A.M., Dallas time, on the Borrowing Date requested by the Borrower in funds immediately available to the Funding Agent. Such borrowing will then be made available not later than 2:00 P.M., Dallas time, to the Borrower by the Funding Agent crediting the account of the Borrower on the books of such office with the aggregate of the amounts made available to the Funding Agent by the relevant Lenders and in like funds as received by the Funding Agent.

2.3 Repayment of Loans. (a) The Tranche A Term Loans of each Tranche A Term Lender shall mature in 22 consecutive quarterly installments, commencing on June 30, 2002, each of which shall be in an amount equal to such Lender's Tranche A Term Percentage multiplied by the percentage of the Tranche A Aggregate Funded Amount set forth below opposite such installment:

(b) The Tranche B Term Loans of each Tranche B Term Lender shall mature in 24 consecutive quarterly installments (each due on the last day of each calendar quarter, except for the last such installment), commencing on June 30, 2002, each of which shall be in an amount equal to such Lender's Tranche B Term Percentage multiplied by (i) in the case of the first 23 such installments, 0.25%

of the Tranche B Aggregate Funded Amount and (ii) in the case of the last such installment (which shall be due on March 18, 2008), 94.25% of the Tranche B Aggregate Funded Amount.

(c) The Incremental Term Loans of each Incremental Term Lender shall mature in consecutive installments (which shall be no more frequent than quarterly) as specified in the Increased Facility Activation Notice pursuant to which such Incremental Term Loans were made, provided that, prior to the date that is six months after the final maturity of the Tranche B Term Loans, the aggregate amount of such installments for any four consecutive fiscal quarters shall not exceed 1% of the aggregate principal amount of such Incremental Term Loans on the date such Loans were first made.

(d) The Total Revolving Commitments shall be permanently reduced on each of the dates set forth below by an aggregate amount equal to the percentage of the Revolving Aggregate Committed Amount set forth opposite such date:

(e) Notwithstanding anything to the contrary in this Section 2.3, if any Specified Senior Notes are outstanding on the date (the "Six-Month Date") that is six months prior to the stated maturity of such Specified Senior Notes then, on such Six-Month Date, all outstanding Term Loans shall automatically become due and payable and the Revolving Commitments shall automatically be terminated. Specified Senior Notes that have been defeased in accordance with the terms thereof shall be deemed to be no longer outstanding for the purposes of this paragraph.

(f) Any reduction or termination of the Revolving Commitments pursuant to this Section 2.3 shall be accompanied by prepayment of the Revolving Loans and/or Swingline Loans to the extent that the Total Revolving Extensions of Credit exceed the amount of the Total Revolving Commitments after giving effect thereto, provided that if the aggregate principal amount of Revolving Loans and Swingline Loans then outstanding is less than the amount of such excess (because L/C Obligations constitute a portion thereof), the Borrower shall, to the extent of the balance of such excess, replace outstanding Letters of Credit and/or deposit an amount in cash in a cash collateral account established with the Funding Agent for the benefit of the Lenders on terms and conditions satisfactory to the Funding Agent. The application of any prepayment pursuant to this paragraph shall be made, first, to ABR Loans and, second, to Eurodollar Loans. Each prepayment of the Loans under this paragraph (other than ABR Loans and Swingline Loans) shall be accompanied by accrued interest to the date of such prepayment on the amount prepaid.

2.4 Swingline Commitment. Subject to the terms and conditions hereof, the Swingline Lender agrees to make a portion of the credit otherwise available to the Borrower under the Revolving Commitments from time to time during the Revolving Commitment Period by making swingline loans ("Swingline Loans") to the Borrower; provided that (a) the aggregate principal amount of Swingline Loans outstanding at any time shall not exceed the Swingline Commitment then in effect (notwithstanding that the Swingline Loans outstanding at any time, when aggregated with the Swingline Lender's other outstanding Revolving Loans hereunder, may exceed the Swingline Commitment then in effect) and (b) the Borrower shall not request, and the Swingline Lender shall not make, any Swingline Loan if, after giving effect to the making of such Swingline Loan, the aggregate amount of the Available Revolving Commitments would be less than zero. During the Revolving Commitment Period, the

Borrower may use the Swingline Commitment by borrowing, repaying and reborrowing, all in accordance with the terms and conditions hereof. Swingline Loans shall be ABR Loans only.

2.5 Procedure for Swingline Borrowing; Refunding of Swingline Loans. (a) Whenever the Borrower desires that the Swingline Lender make Swingline Loans it shall give the Swingline Lender irrevocable telephonic notice confirmed promptly in writing (which telephonic notice must be received by the Swingline Lender not later than 12:00 Noon, Dallas time, on the proposed Borrowing Date), specifying (i) the amount to be borrowed and (ii) the requested Borrowing Date (which shall be a Business Day during the Revolving Commitment Period). Each borrowing under the Swingline Commitment shall be in an amount equal to $1,000,000 or a whole multiple of $500,000 in excess thereof. Not later than 2:00 P.M., Dallas time, on the Borrowing Date specified in a notice in respect of Swingline Loans, the Swingline Lender shall make available to the Funding Agent at the Funding Office an amount in immediately available funds equal to the amount of the Swingline Loan to be made by the Swingline Lender. The Funding Agent shall make the proceeds of such Swingline Loan available to the Borrower on such Borrowing Date by depositing such proceeds in the account of the Borrower with the Funding Agent on such Borrowing Date in immediately available funds.

(b) The Swingline Lender, at any time and from time to time in its sole and absolute discretion and in consultation with the Borrower (provided that the failure to so consult shall not affect the ability of the Swingline Lender to make the following request) may, on behalf of the Borrower (which hereby irrevocably directs the Swingline Lender to act on its behalf), on one Business Day's notice given by the Swingline Lender no later than 1:00 P.M., Dallas time, request each Revolving Lender to make, and each Revolving Lender hereby agrees to make, a Revolving Loan, in an amount equal to such Revolving Lender's Revolving Percentage of the aggregate amount of the Swingline Loans (the "Refunded Swingline Loans") outstanding on the date of such notice, to repay the Swingline Lender. Each Revolving Lender shall make the amount of such Revolving Loan available to the Funding Agent at the Funding Office in immediately available funds, not later than 11:00 A.M., Dallas time, one Business Day after the date of such notice. The proceeds of such Revolving Loans shall be immediately made available by the Funding Agent to the Swingline Lender for application by the Swingline Lender to the repayment of the Refunded Swingline Loans. The Borrower irrevocably authorizes the Swingline Lender to charge the Borrower's accounts with the Funding Agent (up to the amount available in each such account) in order to immediately pay the amount of such Refunded Swingline Loans to the extent amounts received from the Revolving Lenders are not sufficient to repay in full such Refunded Swingline Loans.

(c) If prior to the time a Revolving Loan would have otherwise been made pursuant to Section 2.5(b), one of the events described in Section 8(f) shall have occurred and be continuing with respect to the Borrower or if for any other reason, as determined by the Swingline Lender in its sole discretion, Revolving Loans may not be made as contemplated by Section 2.5(b), each Revolving Lender shall, on the date such Revolving Loan was to have been made pursuant to the notice referred to in Section 2.5(b) (the "Refunding Date"), purchase for cash an undivided participating interest in the then outstanding Swingline Loans by paying to the Swingline Lender an amount (the "Swingline Participation Amount") equal to (i) such Revolving Lender's Revolving Percentage times (ii) the sum of the aggregate principal amount of Swingline Loans then outstanding that were to have been repaid with such Revolving Loans.

(d) Whenever, at any time after the Swingline Lender has received from any Revolving Lender such Lender's Swingline Participation Amount, the Swingline Lender receives any payment on account of the Swingline Loans, the Swingline Lender will distribute to such Lender its Swingline Participation Amount (appropriately adjusted, in the case of interest payments, to reflect the period of time during which such Lender's participating interest was outstanding and funded and, in the case of

principal and interest payments, to reflect such Lender's pro rata portion of such payment if such payment is not sufficient to pay the principal of and interest on all Swingline Loans then due); provided, however, that in the event that such payment received by the Swingline Lender is required to be returned, such Revolving Lender will return to the Swingline Lender any portion thereof previously distributed to it by the Swingline Lender.

(e) Each Revolving Lender's obligation to make the Loans referred to in Section 2.5(b) and to purchase participating interests pursuant to Section 2.5(c) shall be absolute and unconditional and shall not be affected by any circumstance, including (i) any setoff, counterclaim, recoupment, defense or other right that such Revolving Lender or the Borrower may have against the Swingline Lender, the Borrower or any other Person for any reason whatsoever; (ii) the occurrence or continuance of a Default or an Event of Default or the failure to satisfy any of the other conditions specified in Section 5; (iii) any adverse change in the condition (financial or otherwise) of the Borrower; (iv) any breach of this Agreement or any other Loan Document by the Borrower, any other Loan Party or any other Revolving Lender; or (v) any other circumstance, happening or event whatsoever, whether or not similar to any of the foregoing.

2.6 Commitment Fees, etc. (a) The Borrower agrees to pay to the Funding Agent for the account of each Revolving Lender and each Tranche A Term Lender a nonrefundable commitment fee for the period from and including the Stage One Closing Date to the last day of the Revolving Commitment Period or the date on which the Tranche A Term Commitments have been fully utilized or terminated, as the case may be, computed at the Commitment Fee Rate on the average daily amount of the Available Revolving Commitment or the unutilized Tranche A Term Commitment, as the case may be, of such Lender during the period for which payment is made, payable quarterly in arrears on the last day of each March, June, September and December and on the Revolving Termination Date or the date on which the Tranche A Term Commitments have been fully utilized or terminated, as the case may be, commencing on the first of such dates to occur after the date hereof.

(b) The Borrower agrees to pay to the Funding Agent the fees in the amounts and on the dates previously agreed to in writing by the Borrower and the Funding Agent.

2.7 Termination or Reduction of Revolving Commitments. The Borrower shall have the right, upon not less than three Business Days' notice to the Funding Agent, to terminate the Revolving Commitments or, from time to time, to reduce the amount of the Revolving Commitments; provided that no such termination or reduction of Revolving Commitments shall be permitted if, after giving effect thereto and to any prepayments of the Revolving Loans and Swingline Loans made on the effective date thereof, the Total Revolving Extensions of Credit would exceed the Total Revolving Commitments. Any such reduction shall be in an amount equal to $10,000,000, or a whole multiple of $1,000,000 in excess thereof, shall reduce permanently the Revolving Commitments then in effect and shall be applied pro rata to the scheduled reductions thereof.

2.8 Optional Prepayments. The Borrower may at any time and from time to time prepay the Loans, in whole or in part, without premium or penalty, upon irrevocable notice delivered to the Funding Agent at least three Business Days prior thereto in the case of Eurodollar Loans and at least one Business Day prior thereto in the case of ABR Loans, which notice shall specify the date and amount of prepayment and whether the prepayment is of Eurodollar Loans or ABR Loans; provided, that if a Eurodollar Loan is prepaid on any day other than the last day of the Interest Period applicable thereto, the Borrower shall also pay any amounts owing pursuant to Section 2.18. Upon receipt of any such notice the Funding Agent shall promptly notify each relevant Lender thereof. If any such notice is given, the amount specified in such notice shall be due and payable on the date specified therein, together with (except in the case of Revolving Loans that are ABR Loans and Swingline Loans) accrued interest to

such date on the amount prepaid. Partial prepayments of Term Loans and Revolving Loans shall be in an aggregate principal amount of $5,000,000 or a whole multiple of $1,000,000 in excess thereof. Partial prepayments of Swingline Loans shall be in an aggregate principal amount of $1,000,000 or a whole multiple of $500,000 in excess thereof.

2.9 Mandatory Prepayments. (a) Unless the Required Prepayment Lenders shall otherwise agree, if any member of the Charter Group shall receive any Net Cash Proceeds in respect of any issuance of its Equity Interests or otherwise receive Net Cash Proceeds pursuant to Section 8(k), then, within two Business Days after such receipt, the Borrower shall apply an amount equal to 50% of such Net Cash Proceeds (whether or not contributed to the Borrower or any of its Subsidiaries) toward the prepayment of the Term Loans; provided that (i) the foregoing requirement shall not apply to Paul Allen Contributions and (ii) in the case of any offering or sale of Equity Interests consummated on or prior to the date that is eighteen months after the Stage One Closing Date, the foregoing requirement shall apply only to that portion, if any, of the aggregate amount of the Net Cash Proceeds of all such offerings and sales consummated during such period in excess of $500,000,000.

(b) Unless the Required Prepayment Lenders shall otherwise agree, if on any date the Borrower or any of its Subsidiaries shall receive Net Cash Proceeds from any Asset Sale or Recovery Event then, (i) unless a Reinvestment Notice shall be delivered in respect thereof, such Net Cash Proceeds shall be applied within two Business Days after the deadline by which such Reinvestment Notice is otherwise required to be delivered in respect of such Asset Sale or Recovery Event toward the prepayment of the Term Loans (provided that the foregoing requirement shall not apply to the first $5,000,000 of aggregate Net Cash Proceeds received after the Stage One Closing Date) and (ii) on each Reinvestment Prepayment Date, an amount equal to the Reinvestment Prepayment Amount with respect to the relevant Reinvestment Event shall be applied toward the prepayment of the Term Loans.

(c) The application of any prepayment pursuant to this Section 2.9 shall be made, first, to ABR Loans and, second, to Eurodollar Loans. Each prepayment of the Loans under this Section 2.9 shall be accompanied by accrued interest to the date of such prepayment on the amount prepaid.

2.10 Conversion and Continuation Options. (a) The Borrower may elect from time to time to convert Eurodollar Loans to ABR Loans by giving the Funding Agent at least two Business Days' prior irrevocable notice of such election, provided that any such conversion of Eurodollar Loans may only be made on the last day of an Interest Period with respect thereto. The Borrower may elect from time to time to convert ABR Loans to Eurodollar Loans by giving the Funding Agent at least three Business Days' prior irrevocable notice of such election (which notice shall specify the length of the initial Interest Period therefor), provided that no ABR Loan may be converted into a Eurodollar Loan when any Event of Default has occurred and is continuing. Upon receipt of any such notice the Funding Agent shall promptly notify each relevant Lender thereof.

(b) Any Eurodollar Loan may be continued as such upon the expiration of the then current Interest Period with respect thereto by the Borrower giving irrevocable notice to the Funding Agent, in accordance with the applicable provisions of the term "Interest Period" set forth in Section 1.1, of the length of the next Interest Period to be applicable to such Loans, provided that (i) no Eurodollar Loan may be continued as such when any Event of Default has occurred and is continuing and (ii) if the Borrower shall fail to give any required notice as described above in this paragraph, the relevant Eurodollar Loans shall be automatically converted to Eurodollar Loans having a one-month Interest Period on the last day of the then expiring Interest Period. Upon receipt of any such notice the Funding Agent shall promptly notify each relevant Lender thereof.

2.11 Limitations on Eurodollar Tranches. Notwithstanding anything to the contrary in this Agreement, all borrowings, conversions and continuations of Eurodollar Loans hereunder and all selections of Interest Periods hereunder shall be in such amounts and be made pursuant to such elections so that, (a) after giving effect thereto, the aggregate principal amount of the Eurodollar Loans comprising each Eurodollar Tranche shall be equal to $10,000,000 or a whole multiple of $1,000,000 in excess thereof and (b) no more than fifteen Eurodollar Tranches shall be outstanding at any one time.

2.12 Interest Rates and Payment Dates. (a) Each Eurodollar Loan shall bear interest for each day during each Interest Period with respect thereto at a rate per annum equal to the Eurodollar Rate determined for such day plus the Applicable Margin.

(b) Each ABR Loan shall bear interest at a rate per annum equal to the ABR plus the Applicable Margin.

(c) (i) If all or a portion of the principal amount of any Loan or Reimbursement Obligation shall not be paid when due (whether at the stated maturity, by acceleration or otherwise), all outstanding Loans and Reimbursement Obligations (whether or not overdue) shall bear interest at a rate per annum equal to (x) in the case of the Loans, the rate that would otherwise be applicable thereto pursuant to the foregoing provisions of this Section plus 2% or (y) in the case of Reimbursement Obligations, the rate applicable to ABR Loans under the Revolving Facility plus 2%, and (ii) if all or a portion of any interest payable on any Loan or Reimbursement Obligation or any commitment fee or other amount payable hereunder shall not be paid when due (whether at the stated maturity, by acceleration or otherwise), such overdue amount shall bear interest at a rate per annum equal to the rate then applicable to ABR Loans under the relevant Facility plus 2% (or, in the case of any such other amounts that do not relate to a particular Facility, the rate then applicable to ABR Loans under the Revolving Facility plus 2%), in each case, with respect to clauses (i) and (ii) above, from the date of such non-payment until such amount is paid in full (as well after as before judgment).

(d) Interest shall be payable in arrears on each Interest Payment Date, provided that interest accruing pursuant to paragraph (c) of this Section shall be payable from time to time on demand.

2.13 Computation of Interest and Fees. (a) Interest and fees payable pursuant hereto shall be calculated on the basis of a 360-day year for the actual days elapsed, except that, with respect to ABR Loans the rate of interest on which is calculated on the basis of the Prime Rate, the interest thereon shall be calculated on the basis of a 365- (or 366-, as the case may be) day year for the actual days elapsed. The Funding Agent shall as soon as practicable notify the Borrower and the relevant Lenders of each determination of a Eurodollar Rate. Any change in the interest rate on a Loan resulting from a change in the ABR or the Eurocurrency Reserve Requirements shall become effective as of the opening of business on the day on which such change becomes effective. The Funding Agent shall as soon as practicable notify the Borrower and the relevant Lenders of the effective date and the amount of each such change in interest rate.

(b) Each determination of an interest rate by the Funding Agent pursuant to any provision of this Agreement shall be conclusive and binding on the Borrower and the Lenders in the absence of manifest error. The Funding Agent shall, at the request of the Borrower, deliver to the Borrower a statement showing the quotations used by the Funding Agent in determining any interest rate pursuant to Section 2.12(a).

2.14 Inability to Determine Interest Rate. If prior to the first day of any Interest Period:

(a) the Funding Agent shall have determined (which determination shall be conclusive and binding upon the Borrower) that, by reason of circumstances affecting the relevant market, adequate and reasonable means do not exist for ascertaining the Eurodollar Rate for such Interest Period, or

(b) the Funding Agent shall have received notice from the Majority Facility Lenders in respect of the relevant Facility that the Eurodollar Rate determined or to be determined for such Interest Period will not adequately and fairly reflect the cost to such Lenders (as conclusively certified by such Lenders) of making or maintaining their affected Loans during such Interest Period,

the Funding Agent shall give telecopy or telephonic notice thereof to the Borrower and the relevant Lenders as soon as practicable thereafter. If such notice is given (x) any Eurodollar Loans under the relevant Facility requested to be made on the first day of such Interest Period shall be made as ABR Loans, (y) any Loans under the relevant Facility that were to have been converted on the first day of such Interest Period to Eurodollar Loans shall be continued as ABR Loans and (z) any outstanding Eurodollar Loans under the relevant Facility shall be converted, on the last day of the then-current Interest Period, to ABR Loans. Until such notice has been withdrawn by the Funding Agent, no further Eurodollar Loans under the relevant Facility shall be made or continued as such, nor shall the Borrower have the right to convert Loans under the relevant Facility to Eurodollar Loans.

2.15 Pro Rata Treatment and Payments. (a) Except in the case of the Incremental Term Facility, each borrowing by the Borrower from the Lenders hereunder, each payment by the Borrower on account of any commitment fee and any reduction of the Commitments of the Lenders shall be made pro rata according to the respective Tranche A Term Commitments, Tranche B Term Commitments or Revolving Commitments, as the case may be, of the relevant Lenders.

(b) Each payment (including each prepayment) by the Borrower on account of principal of and interest on the Term Loans shall be made pro rata according to the respective outstanding principal amounts of the Term Loans then held by the Term Lenders (except as otherwise provided in Section 2.15(d)). The amount of each principal prepayment of the Term Loans shall be applied to reduce the then remaining installments of the Tranche A Term Loans, Tranche B Term Loans and Incremental Term Loans, as the case may be, pro rata based upon the then remaining principal amount thereof. Amounts prepaid on account of the Term Loans may not be reborrowed.

(c) Each payment (including each prepayment) by the Borrower on account of principal of and interest on the Revolving Loans shall be made pro rata according to the respective outstanding principal amounts of the Revolving Loans then held by the Revolving Lenders.

(d) Notwithstanding anything to the contrary in this Agreement, with respect to the amount of any mandatory prepayment of the Term Loans pursuant to Section 2.9 and, if the Borrower so elects in its sole discretion, any optional prepayment of the Term Loans pursuant to Section 2.8, that in any such case is allocated to Tranche B Term Loans or Incremental Term Loans (such amounts, the "Tranche B Prepayment Amount" and the "Incremental Prepayment Amount", respectively), at any time when Tranche A Term Loans remain outstanding, the Borrower will (or, in the case of optional prepayments, may), in lieu of applying such amount to the prepayment of Tranche B Term Loans and Incremental Term Loans, respectively, on the date specified in Section 2.9 or 2.8, as the case may be, for such prepayment, give the Funding Agent telephonic notice (promptly confirmed in writing) requesting that the Funding Agent prepare and provide to each Tranche B Lender and

Incremental Term Lender a notice (each, a "Prepayment Option Notice") as described below. As promptly as practicable after receiving such notice from the Borrower, the Funding Agent will send to each Tranche B Lender and Incremental Term Lender a Prepayment Option Notice, which shall be in the form of Exhibit G, and shall include an offer by the Borrower to prepay on the date (each a "Prepayment Date") that is 10 Business Days after the date of the Prepayment Option Notice, the relevant Term Loans of such Lender by an amount equal to the portion of the Prepayment Amount indicated in such Lender's Prepayment Option Notice as being applicable to such Lender's Tranche B Term Loans or Incremental Term Loans, as the case may be. On the Prepayment Date, (i) the Borrower shall pay to the relevant Tranche B Lenders and Incremental Term Lenders the aggregate amount necessary to prepay that portion of the outstanding relevant Term Loans in respect of which such Lenders have accepted prepayment as described above, (ii) the Borrower shall pay to the Tranche A Lenders an amount equal to 50% (or, in the case of optional prepayments, such percentage as shall be determined by the Borrower in its sole discretion) of the portion of the Tranche B Prepayment Amount and the Incremental Prepayment Amount not accepted by the relevant Lenders, and such amount shall be applied to the prepayment of the Tranche A Term Loans, and (iii) the Borrower shall be entitled to retain the remaining portion of the Tranche B Prepayment Amount and the Incremental Prepayment Amount not accepted by the relevant Lenders.

(e) All payments (including prepayments) to be made by the Borrower hereunder, whether on account of principal, interest, fees or otherwise, shall be made without setoff or counterclaim and shall be made prior to 12:00 Noon, Dallas time, on the due date thereof to the Funding Agent, for the account of the Lenders, at the Funding Office, in Dollars and in immediately available funds. The Funding Agent shall distribute such payments to the Lenders promptly upon receipt in like funds as received. If any payment hereunder (other than payments on the Eurodollar Loans) becomes due and payable on a day other than a Business Day, such payment shall be extended to the next succeeding Business Day. If any payment on a Eurodollar Loan becomes due and payable on a day other than a Business Day, the maturity thereof shall be extended to the next succeeding Business Day unless the result of such extension would be to extend such payment into another calendar month, in which event such payment shall be made on the immediately preceding Business Day. In the case of any extension of any payment of principal pursuant to the preceding two sentences, interest thereon shall be payable at the then applicable rate during such extension.

(f) Unless the Funding Agent shall have been notified in writing by any Lender prior to a borrowing that such Lender will not make the amount that would constitute its share of such borrowing available to the Funding Agent, the Funding Agent may assume that such Lender is making such amount available to the Funding Agent, and the Funding Agent may, in reliance upon such assumption, make available to the Borrower a corresponding amount. If such amount is not made available to the Funding Agent by the required time on the Borrowing Date therefor, such Lender shall pay to the Funding Agent, on demand, such amount with interest thereon at a rate equal to the daily average Federal Funds Effective Rate for the period until such Lender makes such amount immediately available to the Funding Agent. A certificate of the Funding Agent submitted to any Lender with respect to any amounts owing under this paragraph shall be conclusive in the absence of manifest error. If such Lender's share of such borrowing is not made available to the Funding Agent by such Lender within three Business Days of such Borrowing Date, the Funding Agent shall also be entitled to recover such amount with interest thereon at the rate per annum applicable to ABR Loans under the relevant Facility, on demand, from the Borrower.

(g) Unless the Funding Agent shall have been notified in writing by the Borrower prior to the date of any payment being made hereunder that the Borrower will not make such payment to the Funding Agent, the Funding Agent may assume that the Borrower is making such payment, and the Funding Agent may, but shall not be required to, in reliance upon such assumption, make available to the Lenders their respective pro rata shares of a corresponding amount. If such payment is not made to the Funding Agent by the Borrower within three Business Days of such required date, the Funding Agent shall be entitled to recover, on demand, from each Lender to which any amount which was made available pursuant to the preceding sentence, such amount with interest thereon at the rate per annum

equal to the daily average Federal Funds Effective Rate. Nothing herein shall be deemed to limit the rights of the Funding Agent or any Lender against the Borrower.

2.16 Requirements of Law. (a) If the adoption of or any change in any Requirement of Law or in the interpretation or application thereof or compliance by any Lender with any request or directive (whether or not having the force of law) from any central bank or other Governmental Authority made subsequent to the date hereof:

(i) shall subject any Lender to any tax of any kind whatsoever with respect to this Agreement, any Letter of Credit, any Application or any Eurodollar Loan made by it, or change the basis of taxation of payments to such Lender in respect thereof (except for Non-Excluded Taxes covered by Section 2.17 and changes in the rate of tax on the overall net income of such Lender);

(ii) shall impose, modify or hold applicable any reserve, special deposit, compulsory loan or similar requirement against assets held by, deposits or other liabilities in or for the account of, advances, loans or other extensions of credit by, or any other acquisition of funds by, any office of such Lender that is not otherwise included in the determination of the Eurodollar Rate hereunder; or

(iii) shall impose on such Lender any other condition;

and the result of any of the foregoing is to increase the cost to such Lender, by an amount that such Lender deems to be material, of making, converting into, continuing or maintaining Eurodollar Loans or issuing or participating in Letters of Credit, or to reduce any amount receivable hereunder in respect thereof, then, in any such case, the Borrower shall promptly pay such Lender, upon its demand, any additional amounts necessary to compensate such Lender for such increased cost or reduced amount receivable. If any Lender becomes entitled to claim any additional amounts pursuant to this paragraph, it shall promptly notify the Borrower (with a copy to the Funding Agent) of the event by reason of which it has become so entitled.

(b) If any Lender shall have determined that the adoption of or any change in any Requirement of Law regarding capital adequacy or in the interpretation or application thereof or compliance by such Lender or any corporation controlling such Lender with any request or directive regarding capital adequacy (whether or not having the force of law) from any Governmental Authority made subsequent to the date hereof shall have the effect of reducing the rate of return on such Lender's or such corporation's capital as a consequence of its obligations hereunder or under or in respect of any Letter of Credit to a level below that which such Lender or such corporation could have achieved but for such adoption, change or compliance (taking into consideration such Lender's or such corporation's policies with respect to capital adequacy) by an amount deemed by such Lender to be material, then from time to time, after submission by such Lender to the Borrower (with a copy to the Funding Agent) of a written request therefor, the Borrower shall pay to such Lender such additional amount or amounts as will compensate such Lender for such reduction; provided that the Borrower shall not be required to compensate a Lender pursuant to this paragraph for any amounts incurred more than six months prior to the date that such Lender notifies the Borrower of such Lender's intention to claim compensation therefor; and provided further that, if the circumstances giving rise to such claim have a retroactive effect, then such six-month period shall be extended to include the period of such retroactive effect.

(c) A certificate as to any additional amounts payable pursuant to this Section submitted by any Lender to the Borrower (with a copy to the Funding Agent) shall be conclusive in the absence of

manifest error. The obligations of the Borrower pursuant to this Section shall survive the termination of this Agreement and the payment of the Loans and all other amounts payable hereunder.

2.17 Taxes. (a) All payments made by the Borrower under this Agreement shall be made free and clear of, and without deduction or withholding for or on account of, any present or future income, stamp or other taxes, levies, imposts, duties, charges, fees, deductions or withholdings, now or hereafter imposed, levied, collected, withheld or assessed by any Governmental Authority, excluding net income taxes and franchise taxes (imposed in lieu of net income taxes) imposed on the Funding Agent or any Lender as a result of a present or former connection between the Funding Agent or such Lender and the jurisdiction of the Governmental Authority imposing such tax or any political subdivision or taxing authority thereof or therein (other than any such connection arising solely from the Funding Agent or such Lender having executed, delivered or performed its obligations or received a payment under, or enforced, this Agreement or any other Loan Document). If any such non-excluded taxes, levies, imposts, duties, charges, fees, deductions or withholdings ("Non-Excluded Taxes") or Other Taxes are required to be withheld from any amounts payable to the Funding Agent or any Lender hereunder, the amounts so payable to the Funding Agent or such Lender shall be increased to the extent necessary to yield to the Funding Agent or such Lender (after payment of all Non-Excluded Taxes and Other Taxes) interest or any such other amounts payable hereunder at the rates or in the amounts specified in this Agreement, provided, however, that the Borrower shall not be required to increase any such amounts payable to any Lender with respect to any Non-Excluded Taxes (i) that are attributable to such Lender's failure to comply with the requirements of paragraph (d) or (e) of this Section or (ii) that are United States withholding taxes imposed on amounts payable to such Lender at the time the Lender becomes a party to this Agreement, except to the extent that such Lender's assignor (if any) was entitled, at the time of assignment, to receive additional amounts from the Borrower with respect to such Non-Excluded Taxes pursuant to this paragraph.

(b) In addition, the Borrower shall pay any Other Taxes to the relevant Governmental Authority in accordance with applicable law.

(c) Whenever any Non-Excluded Taxes or Other Taxes are payable by the Borrower, as promptly as possible thereafter the Borrower shall send to the Funding Agent for its own account or for the account of the relevant Lender, as the case may be, a certified copy of an original official receipt received by the Borrower showing payment thereof. If the Borrower fails to pay any Non-Excluded Taxes or Other Taxes when due to the appropriate taxing authority or fails to remit to the Funding Agent the required receipts or other required documentary evidence, the Borrower shall indemnify the Funding Agent and the Lenders for any incremental taxes, interest or penalties that may become payable by the Funding Agent or any Lender as a result of any such failure.

(d) Each Lender (or Transferee) that is not a citizen or resident of the United States of America, a corporation, partnership or other entity created or organized in or under the laws of the United States of America (or any jurisdiction thereof), or any estate or trust that is subject to federal income taxation regardless of the source of its income (a "Non-U.S. Lender") shall deliver to the Borrower and the Funding Agent (or, in the case of a Participant, to the Lender from which the related participation shall have been purchased) two copies of either U.S. Internal Revenue Service Form 1001 or Form 4224, or, in the case of a Non-U.S. Lender claiming exemption from U.S. federal withholding tax under Section 871(h) or 881(c) of the Code with respect to payments of "portfolio interest", a statement substantially in the form of Exhibit H and a Form W-8, or any subsequent versions thereof or successors thereto, properly completed and duly executed by such Non-U.S. Lender claiming complete exemption from U.S. federal withholding tax on all payments by the Borrower under this Agreement and the other Loan Documents. Such forms shall be delivered by each Non-U.S. Lender on or before the date it becomes a party to this Agreement (or, in the case of any Participant, on or before the date such

Participant purchases the related participation). In addition, each Non-U.S. Lender shall deliver such forms promptly upon the obsolescence or invalidity of any form previously delivered by such Non-U.S. Lender. Each Non-U.S. Lender shall promptly notify the Borrower at any time it determines that it is no longer in a position to provide any previously delivered certificate to the Borrower (or any other form of certification adopted by the U.S. taxing authorities for such purpose). Notwithstanding any other provision of this paragraph, a Non-U.S. Lender shall not be required to deliver any form pursuant to this paragraph that such Non-U.S. Lender is not legally able to deliver.

(e) A Lender that is entitled to an exemption from non-U.S. withholding tax under the law of the jurisdiction in which the Borrower is located, or any treaty to which such jurisdiction is a party, with respect to payments under this Agreement shall deliver to the Borrower (with a copy to the Funding Agent), at the time or times prescribed by applicable law or reasonably requested by the Borrower, such properly completed and executed documentation prescribed by applicable law as will permit such payments to be made without withholding, provided that such Lender is legally entitled to complete, execute and deliver such documentation and in such Lender's judgment such completion, execution or submission would not materially prejudice the legal position of such Lender.

(f) The agreements in this Section shall survive the termination of this Agreement and the payment of the Loans and all other amounts payable hereunder.

2.18 Indemnity. The Borrower agrees to indemnify each Lender and to hold each Lender harmless from any loss or expense that such Lender may sustain or incur as a consequence of (a) default by the Borrower in making a borrowing of, conversion into or continuation of Eurodollar Loans after the Borrower has given a notice requesting the same in accordance with the provisions of this Agreement, (b) default by the Borrower in making any prepayment of or conversion from Eurodollar Loans after the Borrower has given a notice thereof in accordance with the provisions of this Agreement or (c) the making of a prepayment of Eurodollar Loans on a day that is not the last day of an Interest Period with respect thereto. Such indemnification may include an amount equal to the excess, if any, of (i) the amount of interest that would have accrued on the amount so prepaid, or not so borrowed, converted or continued, for the period from the date of such prepayment or of such failure to borrow, convert or continue to the last day of such Interest Period (or, in the case of a failure to borrow, convert or continue, the Interest Period that would have commenced on the date of such failure) in each case at the applicable rate of interest for such Loans provided for herein (excluding, however, the Applicable Margin included therein, if any) over (ii) the amount of interest (as reasonably determined by such Lender) that would have accrued to such Lender on such amount by placing such amount on deposit for a comparable period with leading banks in the interbank eurodollar market. A certificate as to any amounts payable pursuant to this Section submitted to the Borrower by any Lender shall be conclusive in the absence of manifest error. This covenant shall survive the termination of this Agreement and the payment of the Loans and all other amounts payable hereunder.

2.19 Change of Lending Office. Each Lender agrees that, upon the occurrence of any event giving rise to the operation of Section 2.16 or 2.17(a) with respect to such Lender, it will, if requested by the Borrower, use reasonable efforts (subject to overall policy considerations of such Lender) to designate another lending office for any Loans affected by such event with the object of avoiding the consequences of such event; provided, that such designation is made on terms that, in the sole judgment of such Lender, cause such Lender and its lending office(s) to suffer no economic, legal or regulatory disadvantage, and provided, further, that nothing in this Section shall affect or postpone any of the obligations of any Borrower or the rights of any Lender pursuant to Section 2.16 or 2.17(a).

2.20 Replacement of Lenders. The Borrower shall be permitted to replace any Lender that (a) requests reimbursement for amounts owing pursuant to Section 2.16 or 2.17(a) or (b) defaults in

its obligation to make Loans hereunder, with a replacement financial institution; provided that (i) such replacement does not conflict with any Requirement of Law, (ii) no Event of Default shall have occurred and be continuing at the time of such replacement, (iii) prior to any such replacement, such Lender shall have taken no action under Section 2.19 which has eliminated the continued need for payment of amounts owing pursuant to Section 2.16 or 2.17(a), (iv) the replacement financial institution shall purchase, at par, all Loans and other amounts owing to such replaced Lender on or prior to the date of replacement, (v) the Borrower shall be liable to such replaced Lender under Section 2.18 if any Eurodollar Loan owing to such replaced Lender shall be purchased other than on the last day of the Interest Period relating thereto, (vi) the replacement financial institution, if not already a Lender, shall be reasonably satisfactory to the Administrative Agents, (vii) the replaced Lender shall be obligated to make such replacement in accordance with the provisions of Section 10.6 (provided that the Borrower shall be obligated to pay the registration and processing fee referred to therein), (viii) until such time as such replacement shall be consummated, the Borrower shall pay all additional amounts (if any) required pursuant to Section 2.16 or 2.17(a), as the case may be, and (ix) any such replacement shall not be deemed to be a waiver of any rights that the Borrower, the Agents or any other Lender shall have against the replaced Lender.

SECTION 3. LETTERS OF CREDIT

3.1 L/C Commitment. (a) Subject to the terms and conditions hereof, each Issuing Lender, in reliance on the agreements of the other Revolving Lenders set forth in Section 3.4(a), agrees to issue letters of credit ("Letters of Credit") for the account of the Borrower on any Business Day during the Revolving Commitment Period in such form as may be approved from time to time by such Issuing Lender; provided that no Issuing Lender shall issue any Letter of Credit if, after giving effect to such issuance, (i) the L/C Obligations would exceed the L/C Commitment or (ii) the aggregate amount of the Available Revolving Commitments would be less than zero. Each Letter of Credit shall (i) be denominated in Dollars, (ii) unless otherwise agreed by the Funding Agent and the relevant Issuing Lender, have a face amount of at least $500,000 and (iii) expire no later than the earlier of (x) the first anniversary of its date of issuance and (y) the date that is five Business Days prior to the Revolving Termination Date, provided that any Letter of Credit with a one-year term may provide for the renewal thereof for additional one-year periods (which shall in no event extend beyond the date referred to in clause (y) above).

(b) No Issuing Lender shall be obligated to issue any Letter of Credit hereunder if such issuance would conflict with, or cause such Issuing Lender or any L/C Participant to exceed any limits imposed by, any applicable Requirement of Law.

3.2 Procedure for Issuance of Letter of Credit. The Borrower may from time to time request that any Issuing Lender issue a Letter of Credit by delivering to such Issuing Lender an Application therefor, completed to the satisfaction of such Issuing Lender, and such other certificates, documents and other papers and information as such Issuing Lender may request. Upon receipt of any Application, the relevant Issuing Lender will process such Application and the certificates, documents and other papers and information delivered to it in connection therewith in accordance with its customary procedures and shall promptly issue the Letter of Credit requested thereby (but in no event shall such Issuing Lender be required to issue any Letter of Credit earlier than three Business Days after its receipt of the Application therefor and all such other certificates, documents and other papers and information relating thereto) by issuing the original of such Letter of Credit to the beneficiary thereof or as otherwise may be agreed to by such Issuing Lender and the Borrower. The relevant Issuing Lender shall furnish a copy of such Letter of Credit to the Borrower promptly following the issuance thereof. The relevant Issuing Lender shall promptly furnish to the Funding Agent, which shall in turn promptly furnish to the Lenders, notice of the issuance of each Letter of Credit (including the amount thereof).

3.3 Fees and Other Charges. (a) The Borrower will pay a fee on all outstanding Letters of Credit at a per annum rate equal to the Applicable Margin then in effect with respect to Eurodollar Loans under the Revolving Facility, shared ratably among the Revolving Lenders and payable quarterly in arrears on each L/C Fee Payment Date after the issuance date. In addition, the Borrower shall pay to the relevant Issuing Lender for its own account a fronting fee of 0.25% per annum on the undrawn and unexpired amount of each Letter of Credit issued by such Issuing Lender, payable quarterly in arrears on each L/C Fee Payment Date after the Issuance Date.

(b) In addition to the foregoing fees, the Borrower shall pay or reimburse the relevant Issuing Lender for such normal and customary costs and expenses as are incurred or charged by such Issuing Lender in issuing, negotiating, effecting payment under, amending or otherwise administering any Letter of Credit.

3.4 L/C Participations. (a) Each Issuing Lender irrevocably agrees to grant and hereby grants to each L/C Participant, and, to induce the Issuing Lenders to issue Letters of Credit hereunder, each L/C Participant irrevocably agrees to accept and purchase and hereby accepts and purchases from each Issuing Lender, on the terms and conditions hereinafter stated, for such L/C Participant's own account and risk an undivided interest equal to such L/C Participant's Revolving Percentage in each Issuing Lender's obligations and rights under each Letter of Credit issued by it hereunder and the amount of each draft paid by such Issuing Lender thereunder. Each L/C Participant unconditionally and irrevocably agrees with each Issuing Lender that, if a draft is paid under any Letter of Credit issued by such Issuing Lender for which such Issuing Lender is not reimbursed in full by the Borrower in accordance with the terms of this Agreement, such L/C Participant shall pay to such Issuing Lender upon demand an amount equal to such L/C Participant's Revolving Percentage of the amount of such draft, or any part thereof, that is not so reimbursed.

(b) If any amount required to be paid by any L/C Participant to any Issuing Lender pursuant to Section 3.4(a) in respect of any unreimbursed portion of any payment made by such Issuing Lender under any Letter of Credit is paid to such Issuing Lender within three Business Days after the date such payment is due, such L/C Participant shall pay to such Issuing Lender on demand an amount equal to the product of (i) such amount, times (ii) the daily average Federal Funds Effective Rate during the period from and including the date such payment is required to the date on which such payment is immediately available to such Issuing Lender, times (iii) a fraction the numerator of which is the number of days that elapse during such period and the denominator of which is 360. If any such amount required to be paid by any L/C Participant pursuant to Section 3.4(a) is not made available to the relevant Issuing Lender by such L/C Participant within three Business Days after the date such payment is due, such Issuing Lender shall be entitled to recover from such L/C Participant, on demand, such amount with interest thereon calculated from such due date at the rate per annum applicable to ABR Loans under the Revolving Facility. A certificate of the relevant Issuing Lender submitted to any L/C Participant with respect to any amounts owing under this Section shall be conclusive in the absence of manifest error.

(c) Whenever, at any time after the relevant Issuing Lender has made payment under any Letter of Credit and has received from any L/C Participant its pro rata share of such payment in accordance with Section 3.4(a), such Issuing Lender receives any payment related to such Letter of Credit (whether directly from the Borrower or otherwise, including proceeds of collateral applied thereto by such Issuing Lender), or any payment of interest on account thereof, such Issuing Lender will distribute to such L/C Participant its pro rata share thereof; provided, however, that in the event that any such payment received by such Issuing Lender shall be required to be returned by such Issuing Lender, such L/C Participant shall return to such Issuing Lender the portion thereof previously distributed by such Issuing Lender to it.

3.5 Reimbursement Obligation of the Borrower. The Borrower agrees to reimburse the relevant Issuing Lender on each date on which such Issuing Lender notifies the Borrower of the date and amount of a draft presented under any Letter of Credit and paid by such Issuing Lender for the amount of (a) such draft so paid and (b) any taxes, fees, charges or other costs or expenses incurred by such Issuing Lender in connection with such payment. Each such payment shall be made to the relevant Issuing Lender in lawful money of the United States and in immediately available funds. Interest shall be payable on any and all amounts remaining unpaid by the Borrower under this Section from the date such amounts become payable (whether at stated maturity, by acceleration or otherwise) until payment in full at the rate set forth in (i) until the second Business Day following the date of the applicable drawing, Section 2.12(b) and (ii) thereafter, Section 2.12(c).

3.6 Obligations Absolute. The Borrower's obligations under this Section 3 shall be absolute and unconditional under any and all circumstances and irrespective of any setoff, counterclaim or defense to payment that the Borrower may have or have had against any Issuing Lender, any beneficiary of a Letter of Credit or any other Person. The Borrower also agrees with each Issuing Lender that no Issuing Lender shall be responsible for, and the Borrower's Reimbursement Obligations under Section 3.5 shall not be affected by, among other things, the validity or genuineness of documents or of any endorsements thereon, even though such documents shall in fact prove to be invalid, fraudulent or forged, or any dispute between or among the Borrower and any beneficiary of any Letter of Credit or any other party to which such Letter of Credit may be transferred or any claims whatsoever of the Borrower against any beneficiary of such Letter of Credit or any such transferee. No Issuing Lender shall be liable for any error, omission, interruption or delay in transmission, dispatch or delivery of any message or advice, however transmitted, in connection with any Letter of Credit, except for errors or omissions found by a final and nonappealable decision of a court of competent jurisdiction to have resulted from the gross negligence or willful misconduct of the relevant Issuing Lender. The Borrower agrees that any action taken or omitted by any Issuing Lender under or in connection with any Letter of Credit or the related drafts or documents, if done in the absence of gross negligence or willful misconduct and in accordance with the standards of care specified in the Uniform Commercial Code of the State of New York, shall be binding on the Borrower and shall not result in any liability of any Issuing Lender to the Borrower.

3.7 Letter of Credit Payments. If any draft shall be presented for payment under any Letter of Credit, the relevant Issuing Lender shall promptly notify the Borrower of the date and amount thereof. The responsibility of each Issuing Lender to the Borrower in connection with any draft presented for payment under any Letter of Credit shall, in addition to any payment obligation expressly provided for in such Letter of Credit, be limited to determining that the documents (including each draft) delivered under such Letter of Credit in connection with such presentment are substantially in conformity with such Letter of Credit.

3.8 Applications. To the extent that any provision of any Application related to any Letter of Credit is inconsistent with the provisions of this Section 3, the provisions of this Section 3 shall apply.

SECTION 4. REPRESENTATIONS AND WARRANTIES

To induce the Agents and the Lenders to enter into this Agreement and to make the Loans and issue or participate in the Letters of Credit, Holdings and the Borrower hereby jointly and severally represent and warrant to the Agents and each Lender that:

4.1 Financial Condition. (a) The unaudited pro forma combined balance sheet data and statement of operations of Charter Holdings (the "Pro Forma Financial Statements") are based on the financial statements of Charter Holdings, the CCA Group (as defined in Schedule 4.1) and CharterComm Holdings, L.P. identified on Schedule 4.1, as adjusted to illustrate the estimated effect of the following transactions as if they had occurred on January 1, 1998 for the statement of operations and on December 31, 1998 for the balance sheet data: certain acquisitions made during 1998 by Charter and Marcus, the combination of Charter Holdings and Marcus Holdings, the acquisitions of the Pending Acquired Entities and the making of the Loans and the issuance of the Senior Notes and the use of proceeds thereof. The Pro Forma Financial Statements have been prepared based on the best information available to Holdings and the Borrower as of the date of delivery thereof, and present fairly on a pro forma basis the financial condition of Charter Holdings, Marcus Holdings, the Pending Acquired Entities and their respective consolidated Subsidiaries for the 1998 fiscal year, and as at December 31, 1998, as the case may be.

(b) The consolidated financial statements of Marcus Holdings and CharterComm Holdings, L.P., and the combined financial statements of Charter Holdings and the CCA Group, all as identified on Schedule 4.1, have been reported on and accompanied by an unqualified report of the independent public accountant identified on Schedule 4.1. With respect to the financial statements identified on Schedule 4.1, the audited balance sheets present fairly the consolidated or combined (as the case may be) financial condition of such Person as at the date indicated, and the consolidated or combined (as the case may be) results of its operations and cash flows for the periods indicated. All such financial statements, including the related schedules and notes thereto, have been prepared in accordance with GAAP applied consistently throughout the periods involved (except as approved by the aforementioned firm of accountants and disclosed therein). Holdings, the Borrower and its Subsidiaries do not have any material Guarantee Obligations, contingent liabilities and liabilities for taxes, or any long-term leases or unusual forward or long-term commitments, including any interest rate or foreign currency swap or exchange transaction or other obligation in respect of derivatives, that are not reflected in the most recent financial statements referred to in this paragraph. During the period from December 31, 1998 to and including the date hereof there has been no Disposition by Holdings, the Borrower or any of its Subsidiaries of any material part of its business or property.

4.2 No Change. Since December 31, 1998 there has been no event, development or circumstance that has had or could reasonably be expected to have a Material Adverse Effect.

4.3 Existence; Compliance with Law. Each of Holdings, the Borrower and its Subsidiaries (a) is duly organized, validly existing and in good standing under the laws of the jurisdiction of its organization, (b) has the power and authority, and the legal right, to own and operate its property, to lease the property it operates as lessee and to conduct the business in which it is currently engaged, (c) is duly qualified as a foreign entity and in good standing under the laws of each jurisdiction where its ownership, lease or operation of property or the conduct of its business requires such qualification and (d) is in compliance with all Requirements of Law, in each case with respect to clauses (c) and (d), except as could not, in the aggregate, reasonably be expected to have a Material Adverse Effect.

4.4 Power; Authorization; Enforceable Obligations. Each Loan Party has the power and authority, and the legal right, to make, deliver and perform the Loan Documents to which it is a party and, in the case of the Borrower, to borrow hereunder. Each Loan Party has taken all necessary action to authorize the execution, delivery and performance of the Loan Documents to which it is a party and, in the case of the Borrower, to authorize the borrowings on the terms and conditions of this Agreement. No consent or authorization of, filing with, notice to or other act by or in respect of, any Governmental Authority or any other Person is required in connection with the borrowings hereunder or with the execution, delivery, performance, validity or enforceability of this Agreement or any of the Loan Documents, except the filings referred to in Section 4.20. Each Loan Document has been duly executed

and delivered on behalf of each Loan Party party thereto. This Agreement constitutes, and each other Loan Document upon execution will constitute, a legal, valid and binding obligation of each Loan Party party thereto, enforceable against each such Loan Party in accordance with its terms, except as enforceability may be limited by applicable bankruptcy, insolvency, reorganization, moratorium or similar laws affecting the enforcement of creditors' rights generally and by general equitable principles (whether enforcement is sought by proceedings in equity or at law).

4.5 No Legal Bar. The execution, delivery and performance of this Agreement and the other Loan Documents, the issuance of Letters of Credit, the borrowings hereunder and the use of the proceeds thereof will not violate any Requirement of Law or any material Contractual Obligation of Holdings, the Borrower or any of its Subsidiaries and will not result in, or require, the creation or imposition of any Lien on any of their respective properties or revenues pursuant to any Requirement of Law or any such Contractual Obligation (other than the Liens created by the Guarantee and Collateral Agreement).

4.6 Litigation. No litigation, investigation or proceeding of or before any arbitrator or Governmental Authority is pending or, to the knowledge of Holdings or the Borrower, threatened by or against Holdings, the Borrower or any of its Subsidiaries or against any of their respective properties or revenues (a) with respect to any of the Loan Documents or any of the transactions contemplated hereby or thereby, or (b) that could reasonably be expected to have a Material Adverse Effect.

4.7 No Default. Neither Holdings, the Borrower nor any of its Subsidiaries is in default under or with respect to any of its Contractual Obligations in any respect that could reasonably be expected to have a Material Adverse Effect. No Default or Event of Default has occurred and is continuing.

4.8 Ownership of Property; Liens. Each of Holdings, the Borrower and its Subsidiaries has title in fee simple to, or a valid leasehold interest in, all its material real property, and good title to, or a valid leasehold interest in, all its other material property, and none of such property is subject to any Lien except as permitted by Section 7.3.

4.9 Intellectual Property. Holdings, the Borrower and each of its Subsidiaries owns, or is licensed to use, all material Intellectual Property necessary for the conduct of its business as currently conducted. No material claim has been asserted and is pending by any Person challenging or questioning the use, validity or effectiveness of any material Intellectual Property owned or licensed by Holdings, the Borrower or any of its Subsidiaries, nor does Holdings or the Borrower know of any valid basis for any such claim. The use of Intellectual Property by Holdings, the Borrower and its Subsidiaries does not infringe on the rights of any Person in any material respect.

4.10 Taxes. Each of Holdings, the Borrower and each of its Subsidiaries has filed or caused to be filed all federal, state and other material tax returns that are required to be filed and has paid all taxes shown to be due and payable on said returns or on any assessments made against it or any of its property and all other taxes, fees or other charges imposed on it or any of its property by any Governmental Authority (other than any the amount or validity of that are currently being contested in good faith by appropriate proceedings and with respect to which reserves in conformity with GAAP have been provided on the books of Holdings, the Borrower or its Subsidiaries, as the case may be); no tax Lien has been filed, and, to the knowledge of Holdings and the Borrower, no claim is being asserted, with respect to any such tax, fee or other charge.

4.11 Federal Regulations. No part of the proceeds of any Loans will be used for "buying" or "carrying" any "margin stock" within the respective meanings of each of the quoted terms

under Regulation U as now and from time to time hereafter in effect or for any purpose that violates the provisions of the Regulations of the Board. If requested by any Lender or the Funding Agent, the Borrower will furnish to the Funding Agent and each Lender a statement to the foregoing effect in conformity with the requirements of FR Form G-3 or FR Form U-1, as applicable, referred to in Regulation U.

4.12 Labor Matters. Except as, in the aggregate, could not reasonably be expected to have a Material Adverse Effect: (a) there are no strikes or other labor disputes against Holdings, the Borrower or any of its Subsidiaries pending or, to the knowledge of Holdings or the Borrower, threatened; (b) hours worked by and payment made to employees of Holdings, the Borrower and its Subsidiaries have not been in violation of the Fair Labor Standards Act or any other applicable Requirement of Law dealing with such matters; and (c) all payments due from Holdings, the Borrower or any of its Subsidiaries on account of employee health and welfare insurance have been paid or accrued as a liability on the books of Holdings, the Borrower or the relevant Subsidiary.

4.13 ERISA. Neither a Reportable Event nor an "accumulated funding deficiency" (within the meaning of Section 412 of the Code or Section 302 of ERISA) has occurred during the five-year period prior to the date on which this representation is made or deemed made with respect to any Plan, and each Plan has complied in all material respects with the applicable provisions of ERISA and the Code. No termination of a Single Employer Plan has occurred, and no Lien in favor of the PBGC or a Plan has arisen, during such five-year period. The present value of all accrued benefits under each Single Employer Plan (based on those assumptions used to fund such Plans) did not, as of the last annual valuation date prior to the date on which this representation is made or deemed made, exceed the value of the assets of such Plan allocable to such accrued benefits by a material amount. Neither the Borrower nor any Commonly Controlled Entity has had a complete or partial withdrawal from any Multiemployer Plan that has resulted or could reasonably be expected to result in a material liability under ERISA, and neither the Borrower nor, to the Borrower's knowledge, any Commonly Controlled Entity would become subject to any material liability under ERISA if the Borrower or any such Commonly Controlled Entity were to withdraw completely from all Multiemployer Plans as of the valuation date most closely preceding the date on which this representation is made or deemed made. No such Multiemployer Plan of Holdings or any of its Subsidiaries nor, to the Borrower's knowledge, any other Multiemployer Plan, is in Reorganization or Insolvent.

4.14 Investment Company Act; Other Regulations. No Loan Party is an "investment company", or a company "controlled" by an "investment company", within the meaning of the Investment Company Act of 1940, as amended. No Loan Party is subject to regulation under any Requirement of Law (other than Regulation X of the Board) that limits its ability to incur Indebtedness.

4.15 Subsidiaries. Except as disclosed to the Funding Agent by the Borrower in writing from time to time after the Stage One Closing Date, (a) Schedule 4.15 sets forth the name and jurisdiction of organization of Holdings and each of its Subsidiaries and, as to each such Subsidiary, the percentage of each class of Equity Interests owned by any Loan Party and (b) except as set forth on Schedule 4.15, there are no outstanding subscriptions, options, warrants, calls, rights or other agreements or commitments of any nature relating to any Equity Interests of the Borrower or any of its Subsidiaries, except as created by the Loan Documents.

4.16 Use of Proceeds. The proceeds of the Loans, and the Letters of Credit, shall be used for general purposes, including to finance permitted Investments.

4.17 Environmental Matters. Except as, in the aggregate, could not reasonably be expected to have a Material Adverse Effect:

(a) the facilities and properties owned, leased or operated by Holdings, the Borrower or any of its Subsidiaries (the "Properties") do not contain, and have not previously contained, any Materials of Environmental Concern in amounts or concentrations or under circumstances that constitute or constituted a violation of, or could give rise to liability under, any Environmental Law;

(b) neither Holdings, the Borrower nor any of its Subsidiaries has received or is aware of any notice of violation, alleged violation, non-compliance, liability or potential liability regarding environmental matters or compliance with Environmental Laws with regard to any of the Properties or the business operated by Holdings, the Borrower or any of its Subsidiaries (the "Business"), nor does Holdings or the Borrower have knowledge or reason to believe that any such notice will be received or is being threatened;

(c) Materials of Environmental Concern have not been transported or disposed of from the Properties in violation of, or in a manner or to a location that could give rise to liability under, any Environmental Law, nor have any Materials of Environmental Concern been generated, treated, stored or disposed of at, on or under any of the Properties in violation of, or in a manner that could give rise to liability under, any applicable Environmental Law;

(d) no judicial proceeding or governmental or administrative action is pending or, to the knowledge of Holdings and the Borrower, threatened, under any Environmental Law to which Holdings, the Borrower or any Subsidiary is or will be named as a party with respect to the Properties or the Business, nor are there any consent decrees or other decrees, consent orders, administrative orders or other orders, or other administrative or judicial requirements outstanding under any Environmental Law with respect to the Properties or the Business;

(e) there has been no release or threat of release of Materials of Environmental Concern at or from the Properties, or arising from or related to the operations of Holdings, the Borrower or any Subsidiary in connection with the Properties or otherwise in connection with the Business, in violation of or in amounts or in a manner that could give rise to liability under Environmental Laws;

(f) the Properties and all operations at the Properties are in compliance, and have in the last five years been in compliance, with all applicable Environmental Laws, and there is no contamination at, under or about the Properties or violation of any Environmental Law with respect to the Properties or the Business; and

(g) neither Holdings, the Borrower nor any of its Subsidiaries has assumed any liability of any other Person under Environmental Laws.

4.18 Certain Cable Television Matters. Except as, in the aggregate, could not reasonably be expected to result in a Material Adverse Effect:

(a) (i) Holdings, the Borrower and its Subsidiaries possess all Authorizations necessary to own, operate and construct the CATV Systems or otherwise for the operations of their businesses and are not in violation thereof and (ii) all such Authorizations are in full force and effect and no event has occurred that permits, or after notice or lapse of time could permit, the revocation, termination or material and adverse modification of any such Authorization;

(b) neither Holdings, the Borrower nor any of its Subsidiaries is in violation of any duty or obligation required by the Communications Act of 1934, as amended, or any FCC rule or regulation applicable to the operation of any portion of any of the CATV Systems;

(c) (i) there is not pending or, to the best knowledge of Holdings or the Borrower, threatened, any action by the FCC to revoke, cancel, suspend or refuse to renew any FCC License held by Holdings, the Borrower or any of its Subsidiaries and (ii) there is not pending or, to the best knowledge of Holdings or the Borrower, threatened, any action by the FCC to modify adversely, revoke, cancel, suspend or refuse to renew any other Authorization; and

The projections and pro forma financial information contained in the materials referenced above are based upon good faith estimates and assumptions believed by management of the Borrower to be reasonable at the time made, it being recognized by the Lenders that such financial information as it relates to future events is not to be viewed as fact and that actual results during the period or periods covered by such financial information may differ from the projected results set forth therein by a material amount. There is no fact known to any Loan Party that could reasonably be expected to have a Material Adverse Effect that has not been expressly disclosed herein, in the other Loan Documents, in the Confidential Information Memorandum or in any other documents, certificates and statements furnished to the Agents and the Lenders for use in connection with the transactions contemplated hereby and by the other Loan Documents.

4.20 Security Interests. The Guarantee and Collateral Agreement is effective to create in favor of the Funding Agent, for the benefit of the Lenders, a legal, valid and enforceable security interest in the Collateral described therein and proceeds thereof. In the case of certificated Pledged Stock described in the Guarantee and Collateral Agreement, when certificates representing such Pledged Stock are delivered to the Administrative Agents, and in the case of the other Collateral described in the Guarantee and Collateral Agreement, when financing statements specified on Schedule 4.20 in appropriate form are filed in the offices specified on Schedule 4.20, the Guarantee and Collateral Agreement shall constitute a fully perfected Lien on, and security interest in, all right, title and interest of the Loan Parties in such Collateral and the proceeds thereof, as security for the Obligations (as defined in the Guarantee and Collateral Agreement), in each case prior and superior in right to any other Person.

The computer systems of Holdings, the Borrower and its Subsidiaries are and, with ordinary course upgrading and maintenance, will continue for the term of this Agreement to be, sufficient for the conduct of their business as currently conducted.

with any Lender, and no implied covenants, functions, responsibilities, duties, obligations or liabilities shall be read into this Agreement or any other Loan Document or otherwise exist against the Funding Agent.

9.2 Delegation of Duties. The Funding Agent may execute any of its duties under this Agreement and the other Loan Documents by or through agents or attorneys-in-fact and shall be entitled to advice of counsel concerning all matters pertaining to such duties. The Funding Agent shall not be responsible for the negligence or misconduct of any agents or attorneys in-fact selected by it with reasonable care.

9.3 Exculpatory Provisions. Neither any Agent nor any of their respective officers, directors, employees, agents, attorneys-in-fact or affiliates shall be (i) liable for any action lawfully taken or omitted to be taken by it or such Person under or in connection with this Agreement or any other Loan Document (except to the extent that any of the foregoing are found by a final and nonappealable decision of a court of competent jurisdiction to have resulted from its or such Person's own gross negligence or willful misconduct) or (ii) responsible in any manner to any of the Lenders for any recitals, statements, representations or warranties made by any Loan Party or any officer thereof contained in this Agreement or any other Loan Document or in any certificate, report, statement or other document referred to or provided for in, or received by the Agents under or in connection with, this Agreement or any other Loan Document or for the value, validity, effectiveness, genuineness, enforceability or sufficiency of this Agreement or any other Loan Document or for any failure of any Loan Party a party thereto to perform its obligations hereunder or thereunder. The Agents shall not be under any obligation to any Lender to ascertain or to inquire as to the observance or performance of any of the agreements contained in, or conditions of, this Agreement or any other Loan Document, or to inspect the properties, books or records of any Loan Party.

9.4 Reliance by Funding Agent. The Funding Agent shall be entitled to rely, and shall be fully protected in relying, upon any instrument, writing, resolution, notice, consent, certificate, affidavit, letter, telecopy, telex or teletype message, statement, order or other document or conversation believed by it to be genuine and correct and to have been signed, sent or made by the proper Person or Persons and upon advice and statements of legal counsel (including counsel to Holdings or the Borrower), independent accountants and other experts selected by the Funding Agent. The Funding Agent may deem and treat the payee of any Note as the owner thereof for all purposes unless a written notice of assignment, negotiation or transfer thereof shall have been filed with the Funding Agent. The Funding Agent shall be fully justified in failing or refusing to take any action under this Agreement or any other Loan Document unless it shall first receive such advice or concurrence of the Required Lenders (or, if so specified by this Agreement, all Lenders) as it deems appropriate or it shall first be indemnified to its satisfaction by the Lenders against any and all liability and expense that may be incurred by it by reason of taking or continuing to take any such action. The Funding Agent shall in all cases be fully protected in acting, or in refraining from acting, under this Agreement and the other Loan Documents in accordance with a request of the Required Lenders (or, if so specified by this Agreement, all Lenders), and such request and any action taken or failure to act pursuant thereto shall be binding upon all the Lenders and all future holders of the Loans.

9.5 Notice of Default. The Funding Agent shall not be deemed to have knowledge or notice of the occurrence of any Default or Event of Default hereunder unless the Funding Agent has received notice from a Lender, Holdings or the Borrower referring to this Agreement, describing such Default or Event of Default and stating that such notice is a "notice of default". In the event that the Funding Agent receives such a notice, the Funding Agent shall give notice thereof to the Lenders. The Funding Agent shall take such action with respect to such Default or Event of Default as shall be reasonably directed by the Required Lenders (or, if so specified by this Agreement, all Lenders);

provided that unless and until the Funding Agent shall have received such directions, the Funding Agent may (but shall not be obligated to) take such action, or refrain from taking such action, with respect to such Default or Event of Default as it shall deem advisable in the best interests of the Lenders.

9.6 Non-Reliance on Agents and Other Lenders. Each Lender expressly acknowledges that neither the Agents nor any of their respective officers, directors, employees, agents, attorneys-in-fact or affiliates have made any representations or warranties to it and that no act by any Agent hereinafter taken, including any review of the affairs of a Loan Party or any affiliate of a Loan Party, shall be deemed to constitute any representation or warranty by any Agent to any Lender. Each Lender represents to the Agents that it has, independently and without reliance upon any Agent or any other Lender, and based on such documents and information as it has deemed appropriate, made its own appraisal of and investigation into the business, operations, property, financial and other condition and creditworthiness of the Loan Parties and their affiliates and made its own decision to make its Loans hereunder and enter into this Agreement. Each Lender also represents that it will, independently and without reliance upon any Agent or any other Lender, and based on such documents and information as it shall deem appropriate at the time, continue to make its own credit analysis, appraisals and decisions in taking or not taking action under this Agreement and the other Loan Documents, and to make such investigation as it deems necessary to inform itself as to the business, operations, property, financial and other condition and creditworthiness of the Loan Parties and their affiliates. Except for notices, reports and other documents expressly required to be furnished to the Lenders by the Funding Agent hereunder, the Funding Agent shall not have any duty or responsibility to provide any Lender with any credit or other information concerning the business, operations, property, condition (financial or otherwise), prospects or creditworthiness of any Loan Party or any affiliate of a Loan Party that may come into the possession of the Funding Agent or any of its officers, directors, employees, agents, attorneys-in-fact or affiliates.

9.7 Indemnification. The Lenders agree to indemnify each Agent in its capacity as such (to the extent not reimbursed by Holdings or the Borrower and without limiting the obligation of Holdings or the Borrower to do so), ratably according to their respective Aggregate Exposure Percentages in effect on the date on which indemnification is sought under this Section (or, if indemnification is sought after the date upon which the Commitments shall have terminated and the Loans shall have been paid in full, ratably in accordance with such Aggregate Exposure Percentages immediately prior to such date), from and against any and all liabilities, obligations, losses, damages, penalties, actions, judgments, suits, costs, expenses or disbursements of any kind whatsoever that may at any time (whether before or after the payment of the Loans) be imposed on, incurred by or asserted against such Agent in any way relating to or arising out of, the Commitments, this Agreement, any of the other Loan Documents or any documents contemplated by or referred to herein or therein or the transactions contemplated hereby or thereby or any action taken or omitted by such Agent under or in connection with any of the foregoing; provided that no Lender shall be liable for the payment of any portion of such liabilities, obligations, losses, damages, penalties, actions, judgments, suits, costs, expenses or disbursements that are found by a final and nonappealable decision of a court of competent jurisdiction to have resulted from such Agent's gross negligence or willful misconduct. The agreements in this Section shall survive the payment of the Loans and all other amounts payable hereunder.

9.8 Agent in Its Individual Capacity. Each Agent and its affiliates may make loans to, accept deposits from and generally engage in any kind of business with any Loan Party as though such Agent was not an Agent. With respect to its Loans made or renewed by it and with respect to any Letter of Credit issued or participated in by it, each Agent shall have the same rights and powers under this Agreement and the other Loan Documents as any Lender and may exercise the same as though it were not an Agent, and the terms "Lender" and "Lenders" shall include each Agent in its individual capacity.

9.9 Successor Funding Agent. The Funding Agent may resign as Funding Agent upon 30 days' written notice to the Lenders and the Borrower. If the Funding Agent shall resign as Funding Agent under this Agreement and the other Loan Documents, then the Required Lenders shall appoint from among the Lenders a successor agent for the Lenders, which successor agent shall (unless an Event of Default under Section 8(a) or Section 8(f) with respect to the Borrower shall have occurred and be continuing) be subject to approval by the Borrower (which approval shall not be unreasonably withheld or delayed), whereupon such successor agent shall succeed to the rights, powers and duties of the Funding Agent, and the term "Funding Agent" shall mean such successor agent effective upon such appointment and approval, and the former Funding Agent's rights, powers and duties as Funding Agent shall be terminated, without any other or further act or deed on the part of such former Funding Agent or any of the parties to this Agreement or any holders of the Loans. If no successor agent has accepted appointment as Funding Agent by the date that is 30 days following a retiring Funding Agent's notice of resignation, the retiring Funding Agent's resignation shall nevertheless thereupon become effective and the other Administrative Agent or, in the case of any resignation of such other Administrative Agent in its capacity as Funding Agent (which shall also be subject to the 30 day notice requirement described above), the Lenders, shall assume and perform all of the duties of the Funding Agent hereunder until such time, if any, as the Required Lenders appoint a successor agent as provided for above. After any retiring Funding Agent's resignation as Funding Agent, the provisions of this Section 9 shall inure to its benefit as to any actions taken or omitted to be taken by it while it was Funding Agent under this Agreement and the other Loan Documents.

9.10 Other Agents. Notwithstanding any provision to the contrary elsewhere in this Agreement (including the circumstance that the Administrative Agents shall have certain rights regarding notification, consents and other matters, to the extent expressly provided herein), no Agent other than the Funding Agent shall have any duties or responsibilities hereunder or under any other Loan Document, or any fiduciary relationship with any Lender, and no implied covenants, functions, responsibilities, duties, obligations or liabilities shall be read into this Agreement or any other Loan Document or otherwise exist against any Agent.

SECTION 10. MISCELLANEOUS

10.1 Amendments and Waivers. Neither this Agreement, any other Loan Document, nor any terms hereof or thereof may be amended, supplemented or modified except in accordance with the provisions of this Section 10.1. The Required Lenders and each Loan Party party to the relevant Loan Document may, or, with the written consent of the Required Lenders, the Administrative Agents and each Loan Party party to the relevant Loan Document may, from time to time, (a) enter into written amendments, supplements or modifications hereto and to the other Loan Documents for the purpose of adding any provisions to this Agreement or the other Loan Documents or changing in any manner the rights of the Lenders or of the Loan Parties hereunder or thereunder or (b) waive, on such terms and conditions as the Required Lenders or the Administrative Agents, as the case may be, may specify in such instrument, any of the requirements of this Agreement or the other Loan Documents or any Default or Event of Default and its consequences; provided, however, that no such waiver and no such amendment, supplement or modification shall (i) forgive the principal amount or extend the final scheduled date of maturity of any Loan, extend the scheduled date of any amortization payment in respect of any Term Loan, reduce the stated rate of any interest or fee payable hereunder or extend the scheduled date of any payment thereof, or increase the amount or extend the expiration date of any Lender's Commitment, in each case without the consent of each Lender directly affected thereby; (ii) eliminate or reduce any voting rights under this Section 10.1 or reduce any percentage specified in the definition of Required Lenders, consent to the assignment or transfer by the Borrower of any of its rights and obligations under this Agreement and the other Loan Documents, release all or substantially all of the Collateral or release any material Guarantor from its obligations under the Guarantee and

Collateral Agreement (in each case except in connection with Dispositions consummated or approved in accordance with the other terms of this Agreement), in each case without the written consent of all Lenders; (iii) reduce the percentage specified in the definition of Majority Facility Lenders with respect to any Facility without the written consent of all Lenders under such Facility; (iv) amend, modify or waive any provision of Section 9 without the written consent of each affected Agent; (vii) amend, modify or waive any provision of Section 2.4 or 2.5 without the written consent of the Swingline Lender; or (viii) amend, modify or waive any provision of Section 3 without the written consent of each affected Issuing Lender. Any such waiver and any such amendment, supplement or modification shall apply equally to each of the Lenders and shall be binding upon the Loan Parties, the Lenders, the Agents and all future holders of the Loans. In the case of any waiver, the Loan Parties, the Lenders and the Agents shall be restored to their former position and rights hereunder and under the other Loan Documents, and any Default or Event of Default waived shall be deemed to be cured and not continuing; but no such waiver shall extend to any subsequent or other Default or Event of Default, or impair any right consequent thereon.

10.2 Notices. All notices, requests and demands to or upon the respective parties hereto to be effective shall be in writing (including by telecopy), and, unless otherwise expressly provided herein, shall be deemed to have been duly given or made when delivered, or three Business Days after being deposited in the mail, postage prepaid, or, in the case of telecopy notice, when received, addressed as follows in the case of Holdings, the Borrower, the Administrative Agents and the Funding Agent, and as set forth in an administrative questionnaire delivered to the Funding Agent in the case of the Lenders, or to such other address as may be hereafter notified by the respective parties hereto:

provided that any notice, request or demand to or upon the Funding Agent, the Administrative Agents or the Lenders shall not be effective until received.

10.3 No Waiver; Cumulative Remedies. No failure to exercise and no delay in exercising, on the part of any Agent or any Lender, any right, remedy, power or privilege hereunder or under the other Loan Documents shall operate as a waiver thereof; nor shall any single or partial exercise of any right, remedy, power or privilege hereunder preclude any other or further exercise thereof or the exercise of any other right, remedy, power or privilege. The rights, remedies, powers and privileges herein provided are cumulative and not exclusive of any rights, remedies, powers and privileges provided by law.

10.4 Survival of Representations and Warranties. All representations and warranties made hereunder, in the other Loan Documents and in any document, certificate or statement delivered pursuant hereto or in connection herewith shall survive the execution and delivery of this Agreement and the making of the Loans and other extensions of credit hereunder.

10.5 Payment of Expenses and Taxes. The Borrower agrees (a) to pay or reimburse each Administrative Agent for all its reasonable out-of-pocket costs and expenses incurred in connection with the development, preparation and execution of, and any amendment, supplement or modification to, this Agreement and the other Loan Documents and any other documents prepared in connection herewith or therewith, and the consummation and administration of the transactions contemplated hereby and thereby, including the reasonable fees and disbursements of one firm of counsel to the Administrative Agents and filing and recording fees and expenses, with statements with respect to the foregoing to be submitted to the Borrower prior to the Stage One Closing Date (in the case of amounts to be paid on the Stage One Closing Date) and from time to time thereafter on a quarterly basis or such other periodic basis as the Administrative Agents shall deem appropriate, (b) to pay or reimburse each Lender and each Agent for all its costs and expenses incurred in connection with the enforcement or preservation of any rights under this Agreement, the other Loan Documents and any such other documents, including the fees and disbursements of one firm of counsel selected by the Funding Agent and reasonably acceptable to the Administrative Agent that is not acting as Funding Agent (or, in the event that such Administrative Agent determines in good faith that issues apply to it that are not applicable to the Funding Agent or, with respect to an issue as to which another counsel is proposed to be engaged, that its interests are different from those of the Funding Agent, one additional firm of counsel selected by such Administrative Agent), together with any special or local counsel, to the Administrative Agents and not more than one other firm of counsel to the Lenders, (c) to pay, indemnify, and hold each Lender and each Agent harmless from, any and all recording and filing fees and any and all liabilities with respect to, or resulting from any delay in paying, stamp, excise and other taxes, if any, that may be payable or determined to be payable in connection with the execution and delivery of, or consummation or administration of any of the

transactions contemplated by, or any amendment, supplement or modification of, or any waiver or consent under or in respect of, this Agreement, the other Loan Documents and any such other documents, and (d) to pay, indemnify, and hold each Lender, each Agent, their affiliates and their respective officers, directors, trustees, employees, agents and controlling persons (each, an "Indemnitee") harmless from and against any and all other liabilities, obligations, losses, damages, penalties, actions, judgments, suits, costs, expenses or disbursements of any kind or nature whatsoever with respect to the execution, delivery, enforcement, performance and administration of this Agreement, the other Loan Documents and any such other documents, including any of the foregoing relating to the use of proceeds of the Loans or the violation of, noncompliance with or liability under, any Environmental Law applicable to the operations of Holdings, the Borrower any of its Subsidiaries or any of the Properties and the reasonable fees and expenses of legal counsel in connection with claims, actions or proceedings by any Indemnitee against any Loan Party under any Loan Document (all the foregoing in this clause (d), collectively, the "Indemnified Liabilities"), provided, that the Borrower shall have no obligation hereunder to any Indemnitee with respect to Indemnified Liabilities to the extent such Indemnified Liabilities are found by a final and nonappealable decision of a court of competent jurisdiction to have resulted from the gross negligence or willful misconduct of such Indemnitee. Without limiting the foregoing, and to the extent permitted by applicable law, the Borrower agrees not to assert and to cause its Subsidiaries not to assert, and hereby waives and agrees to cause its Subsidiaries to so waive, all rights for contribution or any other rights of recovery with respect to all claims, demands, penalties, fines, liabilities, settlements, damages, costs and expenses of whatever kind or nature, under or related to Environmental Laws, that any of them might have by statute or otherwise against any Indemnitee. All amounts due under this Section 10.5 shall be payable not later than 15 days after written demand therefor. Statements payable by the Borrower pursuant to this Section 10.5 shall be submitted to Kent Kalkwarf (Telephone No. 314-543-2309) (Telecopy No. 314-965-8793), at the address of the Borrower set forth in Section 10.2, or to such other Person or address as may be hereafter designated by the Borrower in a written notice to the Administrative Agents. The agreements in this Section 10.5 shall survive repayment of the Loans and all other amounts payable hereunder.

10.6 Successors and Assigns; Participations and Assignments. (a) This Agreement shall be binding upon and inure to the benefit of Holdings, the Borrower, the Lenders, the Agents, all future holders of the Loans and their respective successors and assigns, except that the Borrower may not assign or transfer any of its rights or obligations under this Agreement without the prior written consent of each Lender.

(b) Any Lender may, without the consent of the Borrower or the Funding Agent, in accordance with applicable law, at any time sell to one or more banks, financial institutions or other entities (each, a "Participant") participating interests in any Loan owing to such Lender, any Commitment of such Lender or any other interest of such Lender hereunder and under the other Loan Documents. In the event of any such sale by a Lender of a participating interest to a Participant, such Lender's obligations under this Agreement to the other parties to this Agreement shall remain unchanged, such Lender shall remain solely responsible for the performance thereof, such Lender shall remain the holder of any such Loan for all purposes under this Agreement and the other Loan Documents, and the Borrower and the Agents shall continue to deal solely and directly with such Lender in connection with such Lender's rights and obligations under this Agreement and the other Loan Documents. In no event shall any Participant under any such participation have any right to approve any amendment or waiver of any provision of any Loan Document, or any consent to any departure by any Loan Party therefrom, except to the extent that such amendment, waiver or consent would reduce the principal of, or interest on, the Loans or any fees payable hereunder, or postpone the date of the final maturity of the Loans, in each case to the extent subject to such participation. The Borrower agrees that if amounts outstanding under this Agreement and the Loans are due or unpaid, or shall have been declared or shall have become due and payable upon the occurrence of an Event of Default, each Participant shall, to the maximum extent

permitted by applicable law, be deemed to have the right of setoff in respect of its participating interest in amounts owing under this Agreement to the same extent as if the amount of its participating interest were owing directly to it as a Lender under this Agreement, provided that, in purchasing such participating interest, such Participant shall be deemed to have agreed to share with the Lenders the proceeds thereof as provided in Section 10.7(a) as fully as if it were a Lender hereunder. The Borrower also agrees that each Participant shall be entitled to the benefits of Sections 2.16, 2.17 and 2.18 with respect to its participation in the Commitments and the Loans outstanding from time to time as if it was a Lender; provided that, in the case of Section 2.17, such Participant shall have complied with the requirements of said Section and provided, further, that no Participant shall be entitled to receive any greater amount pursuant to any such Section than the transferor Lender would have been entitled to receive in respect of the amount of the participation transferred by such transferor Lender to such Participant had no such transfer occurred.

(c) Any Lender (an "Assignor") may, in accordance with applicable law, at any time and from time to time assign to any Lender, any affiliate of any Lender or any Approved Fund or, with the consent of the Borrower and the Funding Agent (which, in each case, shall not be unreasonably withheld or delayed), to an additional bank, financial institution or other entity (an "Assignee") all or any part of its rights and obligations under this Agreement pursuant to an Assignment and Acceptance, executed by such Assignee, such Assignor and any other Person whose consent is required pursuant to this paragraph, and delivered to the Funding Agent for its acceptance and recording in the Register; provided that, except in the case of an assignment of all of a Lender's interests under this Agreement, no such assignment to an Assignee (other than any Lender, any affiliate of any Lender or any Approved Fund) shall (i) be in an aggregate principal amount of less than $5,000,000 or (ii) cause the Assignor to have Aggregate Exposure of less than $3,000,000, in each case unless otherwise agreed by the Borrower and the Funding Agent. For purposes of clauses (i) and (ii) of the preceding sentence, the amounts described therein shall be aggregated in respect of each Lender and its related Approved Funds, if any. Any such assignment need not be ratable as among the Facilities. Upon such execution, delivery, acceptance and recording, from and after the effective date determined pursuant to such Assignment and Acceptance, (x) the Assignee thereunder shall be a party hereto and, to the extent provided in such Assignment and Acceptance, have the rights and obligations of a Lender hereunder with a Commitment and/or Loans as set forth therein, and (y) the Assignor thereunder shall, to the extent provided in such Assignment and Acceptance, be released from its obligations under this Agreement (and, in the case of an Assignment and Acceptance covering all of an Assignor's rights and obligations under this Agreement, such Assignor shall cease to be a party hereto). Notwithstanding any provision of this Section 10.6, the consent of the Borrower shall not be required for any assignment that occurs when an Event of Default pursuant to Section 8(a) or 8(f) shall have occurred and be continuing. On the effective date of any Assignment and Acceptance, the Funding Agent shall give notice of the terms thereof to the Administrative Agent that is not serving as Funding Agent.

(d) The Funding Agent shall, on behalf of the Borrower, maintain at its address referred to in Section 10.2 a copy of each Assignment and Acceptance delivered to it and a register (the "Register") for the recordation of the names and addresses of the Lenders and the Commitment of, and the principal amount of the Loans owing to, each Lender from time to time. The entries in the Register shall be conclusive, in the absence of manifest error, and the Borrower, each other Loan Party, the Agents and the Lenders shall treat each Person whose name is recorded in the Register as the owner of the Loans and any Notes evidencing the Loans recorded therein for all purposes of this Agreement. Any assignment of any Loan, whether or not evidenced by a Note, shall be effective only upon appropriate entries with respect thereto being made in the Register (and each Note shall expressly so provide). Any assignment or transfer of all or part of a Loan evidenced by a Note shall be registered on the Register only upon surrender for registration of assignment or transfer of the Note evidencing such Loan, accompanied by a duly executed Assignment and Acceptance, and thereupon one or more new Notes

shall be issued to the designated Assignee. The Funding Agent will promptly send a copy of the Register to the Borrower upon request.

(e) Upon its receipt of an Assignment and Acceptance executed by an Assignor, an Assignee and any other Person whose consent is required by Section 10.6(c), together with payment to the Funding Agent of a registration and processing fee of $3,500, the Funding Agent shall (i) promptly accept such Assignment and Acceptance and (ii) record the information contained therein in the Register on the effective date determined pursuant thereto.

(f) For avoidance of doubt, the parties to this Agreement acknowledge that the provisions of this Section 10.6 concerning assignments relate only to absolute assignments and that such provisions do not prohibit assignments creating security interests, including any pledge or assignment by a Lender of any Loan to any Federal Reserve Bank in accordance with applicable law.

10.7 Adjustments; Set-off. (a) Except to the extent that this Agreement expressly provides for payments to be allocated to a particular Lender or to the Lenders under a particular Facility, if any Lender (a "Benefitted Lender") shall receive any payment of all or part of the amounts owing to it hereunder, or receive any collateral in respect thereof (whether voluntarily or involuntarily, by set-off, pursuant to events or proceedings of the nature referred to in Section 8(f), or otherwise), in a greater proportion than any such payment to or collateral received by any other Lender, if any, in respect of the amounts owing to such other Lender hereunder, such Benefitted Lender shall purchase for cash from the other Lenders a participating interest in such portion of the amounts owing to each such other Lender hereunder, or shall provide such other Lenders with the benefits of any such collateral, as shall be necessary to cause such Benefitted Lender to share the excess payment or benefits of such collateral ratably with each of the Lenders; provided, however, that if all or any portion of such excess payment or benefits is thereafter recovered from such Benefitted Lender, such purchase shall be rescinded, and the purchase price and benefits returned, to the extent of such recovery, but without interest.

(b) In addition to any rights and remedies of the Lenders provided by law, each Lender shall have the right, without prior notice to Holdings or the Borrower, any such notice being expressly waived by Holdings and the Borrower to the extent permitted by applicable law, upon any amount becoming due and payable by Holdings or the Borrower hereunder (whether at the stated maturity, by acceleration or otherwise), to set off and appropriate and apply against such amount any and all deposits (general or special, time or demand, provisional or final), in any currency, and any other credits, indebtedness or claims, in any currency, in each case whether direct or indirect, absolute or contingent, matured or unmatured, at any time held or owing by such Lender or any branch or agency thereof to or for the credit or the account of Holdings or the Borrower, as the case may be. Each Lender agrees promptly to notify the Borrower and the Funding Agent after any such setoff and application made by such Lender, provided that the failure to give such notice shall not affect the validity of such setoff and application.

10.8 Counterparts. This Agreement may be executed by one or more of the parties to this Agreement on any number of separate counterparts, and all of said counterparts taken together shall be deemed to constitute one and the same instrument. Delivery of an executed signature page of this Agreement by facsimile transmission shall be effective as delivery of a manually executed counterpart hereof. A set of the copies of this Agreement signed by all the parties shall be lodged with the Borrower and the Administrative Agents.

10.9 Severability. Any provision of this Agreement that is prohibited or unenforceable in any jurisdiction shall, as to such jurisdiction, be ineffective to the extent of such prohibition or unenforceability without invalidating the remaining provisions hereof, and any such prohibition or

unenforceability in any jurisdiction shall not invalidate or render unenforceable such provision in any other jurisdiction.

10.10 Integration. This Agreement and the other Loan Documents represent the agreement of Holdings, the Borrower, the Agents and the Lenders with respect to the subject matter hereof, and there are no promises, undertakings, representations or warranties by the any Agent or any Lender relative to subject matter hereof not expressly set forth or referred to herein or in the other Loan Documents.

10.11 GOVERNING LAW. THIS AGREEMENT AND THE RIGHTS AND OBLIGATIONS OF THE PARTIES UNDER THIS AGREEMENT SHALL BE GOVERNED BY, AND CONSTRUED AND INTERPRETED IN ACCORDANCE WITH, THE LAW OF THE STATE OF NEW YORK.

10.12 Submission To Jurisdiction; Waivers. Each of Holdings and the Borrower hereby irrevocably and unconditionally:

(a) submits for itself and its property in any legal action or proceeding relating to this Agreement and the other Loan Documents to which it is a party, or for recognition and enforcement of any judgment in respect thereof, to the non-exclusive general jurisdiction of the courts of the State of New York, the courts of the United States for the Southern District of New York, and appellate courts from any thereof;

(b) consents that any such action or proceeding may be brought in such courts and waives any objection that it may now or hereafter have to the venue of any such action or proceeding in any such court or that such action or proceeding was brought in an inconvenient court and agrees not to plead or claim the same;

(c) agrees that service of process in any such action or proceeding may be effected by mailing a copy thereof by registered or certified mail (or any substantially similar form of mail), postage prepaid, to Holdings or the Borrower, as the case may be at its address set forth in Section 10.2 or at such other address of which the Funding Agent shall have been notified pursuant thereto;

(d) agrees that nothing herein shall affect the right to effect service of process in any other manner permitted by law or shall limit the right to sue in any other jurisdiction; and

(e) waives, to the maximum extent not prohibited by law, any right it may have to claim or recover in any legal action or proceeding referred to in this Section any special, exemplary, punitive or consequential damages.

10.13 Acknowledgments. Each of Holdings and the Borrower hereby acknowledges that:

(a) it has been advised by counsel in the negotiation, execution and delivery of this Agreement and the other Loan Documents;

(b) neither any Agent nor any Lender has any fiduciary relationship with or duty to Holdings or the Borrower arising out of or in connection with this Agreement or any of the other Loan Documents, and the relationship between the Agents and Lenders, on one hand, and

Holdings and the Borrower, on the other hand, in connection herewith or therewith is solely that of debtor and creditor; and

(c) no joint venture is created hereby or by the other Loan Documents or otherwise exists by virtue of the transactions contemplated hereby among the Agents and the Lenders or among Holdings, the Borrower and the Agents and the Lenders.

10.14 Releases of Guarantees and Liens. (a) Notwithstanding anything to the contrary contained herein or in any other Loan Document, the Funding Agent is hereby irrevocably authorized by each Lender (without requirement of notice to or consent of any Lender except as expressly required by Section 10.1) to take any action requested by the Borrower having the effect of releasing any Collateral or Guarantee Obligations (i) to the extent necessary to permit consummation of any transaction not prohibited by any Loan Document or that has been approved in accordance with Section 10.1 or (ii) under the circumstances described in paragraph (b) below.

(b) At such time as the Loans, the Reimbursement Obligations and the other obligations under the Loan Documents (other than obligations under or in respect of Hedge Agreements or letters of credit obtained other than pursuant to this Agreement) shall have been paid in full, the Commitments have been terminated and no Letters of Credit shall be outstanding, the Collateral shall be released from the Liens created by the Guarantee and Collateral Agreement, and the Guarantee and Collateral Agreement and all obligations (other than those expressly stated to survive such termination) of the Funding Agent and each Loan Party under the Guarantee and Collateral Agreement shall terminate, all without delivery of any instrument or performance of any act by any Person.

10.15 Confidentiality. If applicable, effective on the Full Grid Date, the rates in the Pricing Grid shall be reset based on the financial statements for the fiscal quarter ending September 30, 2000 delivered pursuant to Section 6.1. Until financial statements are first delivered pursuant to Section 6.1 after the Stage One Closing Date, the Consolidated Leverage Ratio for the purposes of the Pricing Grid shall be the Consolidated Leverage Ratio set forth in the certificate of the Borrower delivered pursuant to Section 5.1(h).
