

PROSPECTUS SUPPLEMENT
(to Prospectus dated October 30, 2023)

\$3,000,000,000

Charter Communications Operating, LLC
Charter Communications Operating Capital Corp.
6.100% Senior Secured Notes due 2029
6.550% Senior Secured Notes due 2034

Charter Communications Operating, LLC, a Delaware limited liability company (“CCO”), and Charter Communications Operating Capital Corp., a Delaware corporation (“CCO Capital” and, together with CCO, the “Issuers”), are offering \$1,500,000,000 aggregate principal amount of 6.100% Senior Secured Notes due 2029 (the “2029 Notes”) and \$1,500,000,000 aggregate principal amount of 6.550% Senior Secured Notes due 2034 (the “2034 Notes” and, together with the 2029 Notes, the “Notes”). The 2029 Notes will mature on June 1, 2029 and the 2034 Notes will mature on June 1, 2034. The Issuers will pay interest on the 2029 Notes on each June 1 and December 1, commencing December 1, 2024. The Issuers will pay interest on the 2034 Notes on each June 1 and December 1, commencing December 1, 2024.

The Issuers may redeem some or all of the 2029 Notes at any time prior to May 1, 2029 at a price equal to 100% of the principal amount of the 2029 Notes to be redeemed, plus accrued and unpaid interest, if any, to the redemption date and a “make whole” premium, as described in this prospectus supplement. The Issuers may redeem some or all of the 2029 Notes at any time on or after May 1, 2029 at a price equal to 100% of the principal amount of the 2029 Notes to be redeemed, plus accrued and unpaid interest, if any, to the redemption date, as described in this prospectus supplement. There is no sinking fund for the 2029 Notes.

The Issuers may redeem some or all of the 2034 Notes at any time prior to March 1, 2034 at a price equal to 100% of the principal amount of the 2034 Notes redeemed, plus accrued and unpaid interest, if any, to the redemption date and a “make-whole” premium, as described in this prospectus supplement. The Issuers may redeem some or all of the 2034 Notes at any time on or after March 1, 2034 at a price equal to 100% of the principal amount of the 2034 Notes to be redeemed, plus accrued and unpaid interest, if any, to the redemption date, as described in this prospectus supplement. There is no sinking fund for the 2034 Notes.

The Notes will be the Issuers’ senior secured obligations and will rank equally in right of payment with all of the Issuers’ existing and future senior debt. The Notes will be effectively senior to the Issuers’ unsecured debt to the extent of the value of the assets securing the Notes and structurally subordinated to the debt and other liabilities of the Issuers’ subsidiaries that do not guarantee the Notes. The Notes will be guaranteed (i) on a senior secured basis by all of the subsidiaries of CCO and CCO Capital that guarantee the obligations of CCO under the Credit Agreement (as defined herein) (such subsidiaries, the “Subsidiary Guarantors”) and (ii) on a senior unsecured basis by CCO Holdings, LLC, a Delaware limited liability company (“CCO Holdings”). The Notes and the guarantees will be secured by a *pari passu*, first priority security interest, subject to permitted liens, in the Issuers’ and the Subsidiary Guarantors’ assets that secure obligations under the Credit Agreement, the Existing TWC Notes and the Existing Secured Notes (each as defined below under “Certain Definitions”).

This prospectus supplement includes additional information about the terms of the Notes, including optional redemption prices and covenants.

See “Risk Factors,” which begins on page S-13 of this prospectus supplement and page 3 of the accompanying prospectus, for a discussion of certain of the risks you should consider before investing in the Notes.

ABOUT THIS PROSPECTUS SUPPLEMENT

This document is in two parts. The first part is the prospectus supplement, which describes the specific terms of the Notes and certain other matters relating to us and our financial condition. The second part, the accompanying prospectus, gives more general information about securities we, Charter Communications, Inc. (“Charter”), our indirect parent company, or other subsidiaries of Charter may offer from time to time, some of which may not apply to the Notes. You should read this prospectus supplement along with the accompanying prospectus, as well as the documents incorporated by reference. If the description of the offering varies between this prospectus supplement and the accompanying prospectus, you should rely on the information in this prospectus supplement.

CAUTIONARY STATEMENT REGARDING FORWARD-LOOKING STATEMENTS

This prospectus supplement includes forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended (the “Securities Act”) and Section 21E of the Securities Exchange Act of 1934, as amended (the “Exchange Act”) regarding, among other things, our plans, strategies and prospects, both business and financial. Although we believe that our plans, intentions and expectations as reflected in or suggested by these forward-looking statements are reasonable, we cannot assure you that we will achieve or realize these plans, intentions or expectations. Forward-looking statements are inherently subject to risks, uncertainties and assumptions, including, without limitation, the factors described in the sections entitled “Risk Factors” in this prospectus supplement and the accompanying prospectus and in the documents incorporated by reference in this prospectus supplement and the accompanying prospectus, including CCO Holdings’ Annual Report (as defined below). Many of the forward-looking statements contained in this prospectus supplement and the accompanying prospectus may be identified by the use of forward-looking words such as “believe,” “expect,” “anticipate,” “should,” “planned,” “will,” “may,” “intend,” “estimated,” “aim,” “on track,” “target,” “opportunity,” “tentative,” “positioning,” “designed,” “create,” “predict,” “project,” “initiatives,” “seek,” “would,” “could,” “continue,” “ongoing,” “upside,” “increases,” “grow,” “focused on” and “potential,” among others. Important factors that could cause actual results to differ materially from the forward-looking statements we make in this prospectus supplement are set forth in this prospectus supplement and the accompanying prospectus, in the annual reports, in the documents incorporated by reference herein and in the other periodic reports and other reports or documents that CCO Holdings files from time to time with the SEC, and include, but are not limited to:

- our ability to sustain and grow revenues and cash flow from operations by offering Internet, video, voice, mobile, advertising and other services to residential and commercial customers, to adequately meet the customer experience demands in our service areas and to maintain and grow our customer base, particularly in the face of increasingly aggressive competition, the need for innovation and the related capital expenditures;
- the impact of competition from other market participants, including but not limited to incumbent telephone companies, direct broadcast satellite operators, wireless broadband and telephone providers, digital subscriber line providers, fiber to the home providers and providers of video content over broadband Internet connections;
- general business conditions, unemployment levels and the level of activity in the housing sector and economic uncertainty or downturn;
- our ability to obtain programming at reasonable prices or to raise prices to offset, in whole or in part, the effects of higher programming costs (including retransmission consents and distribution requirements);
- our ability to develop and deploy new products and technologies including consumer services and service platforms;
- any events that disrupt our networks, information systems or properties and impair our operating activities or our reputation;
- the effects of governmental regulation on our business including subsidies to consumers, subsidies and incentives for competitors, costs, disruptions and possible limitations on operating flexibility related to, and our ability to comply with, regulatory conditions applicable to us;
- the ability to hire and retain key personnel;

- our ability to procure necessary services and equipment from our vendors in a timely manner and at reasonable costs including in connection with our network evolution and rural construction initiatives;
- the availability and access, in general, of funds to meet our debt obligations prior to or when they become due and to fund our operations and necessary capital expenditures, either through (i) cash on hand, (ii) free cash flow, or (iii) access to the capital or credit markets; and
- our ability to comply with all covenants in our indentures and credit facilities, any violation of which, if not cured in a timely manner, could trigger a default of our other obligations under cross-default provisions.

All forward-looking statements attributable to us or any person acting on our behalf are expressly qualified in their entirety by this cautionary statement. We are under no duty or obligation to update any of the forward-looking statements after the date of this prospectus supplement.

INDUSTRY AND MARKET DATA

In this prospectus supplement, we rely on and refer to information and statistics regarding our industry. We obtained this market data from independent industry publications or other publicly available information. Although we believe that these sources are reliable, we and the underwriters have not independently verified and do not guarantee the accuracy and completeness of this information.

INCORPORATION BY REFERENCE; ADDITIONAL INFORMATION

CCO Holdings files annual, quarterly, special reports and other information with the SEC. The Issuers are incorporating by reference certain information of CCO Holdings, filed with the SEC, which means that the Issuers disclose important information to you by referring you to those documents. The information incorporated by reference is an important part of this prospectus supplement, and information that we file later with the SEC will automatically update and supersede this information. Specifically, we incorporate by reference the documents listed below and any future filings of CCO Holdings made with the SEC under Section 13(a), 13(c), 14 or 15(d) of the Exchange Act (excluding any information furnished but not filed) prior to the termination of this offering (collectively, the “SEC Reports”):

- [CCO Holdings’ Annual Report on Form 10-K for the year ended December 31, 2023, filed with the SEC on February 2, 2024 \(the “Annual Report”\)](#);
- [CCO Holdings’ Quarterly Report on Form 10-Q for the three months ended March 31, 2024, filed with the SEC on April 26, 2024; and](#)
- CCO Holdings’ Current Reports on Form 8-K filed with the SEC on [February 5, 2024](#), [April 26, 2024 \(File/Film No. 001-37789 24883415\)](#) and [May 10, 2024](#) (in each case excluding any information furnished but not filed).

The information in the above filings speaks only as of the respective dates thereof or, where applicable, the dates identified therein. Any statement contained in a document incorporated or deemed to be incorporated by reference into this prospectus supplement and the accompanying prospectus will be deemed to be modified or superseded for purposes of this prospectus supplement and the accompanying prospectus to the extent that a statement contained in the prospectus, this prospectus supplement or any other subsequently filed document that is deemed to be incorporated by reference into this prospectus supplement and the accompanying prospectus modifies or supersedes the statement. Any statement so modified or superseded will not be deemed, except as so modified or superseded, to constitute a part of this prospectus supplement or the accompanying prospectus.

You may read and copy any document that we file with the SEC at the SEC's website at www.sec.gov. You may also obtain a copy of these filings at no cost by writing to or telephoning us at the following address:

Charter Communications, Inc.

SUMMARY

The following summary highlights information contained elsewhere or incorporated by reference in this prospectus supplement and the accompanying prospectus. It does not contain all the information that may be important to you in making an investment decision. You should read this entire prospectus supplement and the accompanying prospectus carefully, including the documents incorporated by reference, which are described under “Incorporation by Reference of Certain Documents” and “Where You Can Find Additional Information.” You should also carefully consider, among other things, the matters discussed in the section titled “Risk Factors.”

CCO Holdings is a direct subsidiary of CCH I Holdings, LLC, which is an indirect subsidiary of Charter. CCO Holdings is a holding company with no operations of its own and CCO and CCO Capital are direct, wholly owned subsidiaries of CCO Holdings. CCO is a holding company with no operations of its own, and CCO Capital is a company with no operations of its own and no subsidiaries. CCO Holdings and its direct and indirect subsidiaries, including CCO and its direct and indirect subsidiaries as well as CCO Capital, are managed by Charter. The Subsidiary Guarantors are direct and indirect subsidiaries of CCO. For a chart showing our current ownership structure, see page S-3.

Charter is a holding company with no operations of its own whose principal asset is a controlling equity interest in Charter Communications Holdings, LLC and an indirect owner of CCO under which all of the operations reside. Unless otherwise stated, the discussion in this prospectus supplement of our business and operations includes the business of CCO Holdings and its direct and indirect subsidiaries. Unless otherwise stated, all business data included in this summary is as of March 31, 2024.

The terms “we,” “us” and “our,” as used in this prospectus supplement refer to CCO Holdings and its direct and indirect subsidiaries on a consolidated basis. The phrase “on a pro forma basis” means, when used with respect to an amount stated in this prospectus supplement, such amounts as calculated and described under “Capitalization.”

Our Business

We are a leading broadband connectivity company and cable operator serving more than 32 million customers in 41 states through our Spectrum brand. Over an advanced communications network, we offer a full range of state-of-the-art residential and business services including Spectrum Internet[®], TV, Mobile and Voice. For small and medium-sized companies, Spectrum Business[®] delivers the same suite of broadband products and services coupled with special features and applications to enhance productivity, while for larger businesses and government entities, Spectrum Enterprise[®] provides highly customized, fiber-based solutions. Spectrum Reach[®] delivers tailored advertising and production for the modern media landscape. We also distribute award-winning news coverage and sports programming to our customers through Spectrum Networks.

During the first quarter of 2024, we lost 72,000 Internet customers while adding 486,000 mobile lines. Our Internet customer growth was challenged by the competitive environment, lower customer move rates and the restriction on adding new customers to the Federal Communications Commission’s (“FCC”) Affordable Connectivity Program (“ACP”) after February 7, 2024. Our mobile line growth continued to benefit from our Spectrum One offering, which provides a differentiated Internet connectivity experience by bringing together Spectrum Internet, Advanced WiFi and Unlimited Spectrum Mobile to offer consumers fast, reliable and secure online connections on their favorite devices at home and on the go in a high-value package.

We expect that government subsidies for our 5.0 million current ACP customers will run out in May 2024, unless the program is allocated additional funding. We expect to implement retention programs for the customers who will lose the ACP subsidy, however, we expect to see a one-time impact on customer net gains, revenue per customer and bad debt in the second and third quarters of this year.

We spent \$427 million on our subsidized rural construction initiative during the three months ended March 31, 2024, and activated approximately 73,000 subsidized rural passings. We currently offer Spectrum Internet products with speeds up to 1 Gbps across our entire footprint. Our network evolution initiative is progressing whereby we are upgrading our network to deliver symmetrical and multi-gigabit speeds across our footprint, and recently began offering symmetrical speeds in our first high split markets. We also continue

to evolve our video product and are deploying Xumo stream boxes (“Xumo”) to new video customers. Xumo combines a live TV experience with access to hundreds of content applications and features unified search and discovery along with a curated content offering based on the customer’s interests and subscriptions. In the first quarter of 2024, we began offering Disney+ and ESPN+ to customers in certain packages at no additional cost and we expect to offer additional direct-to-consumer applications in the coming months.

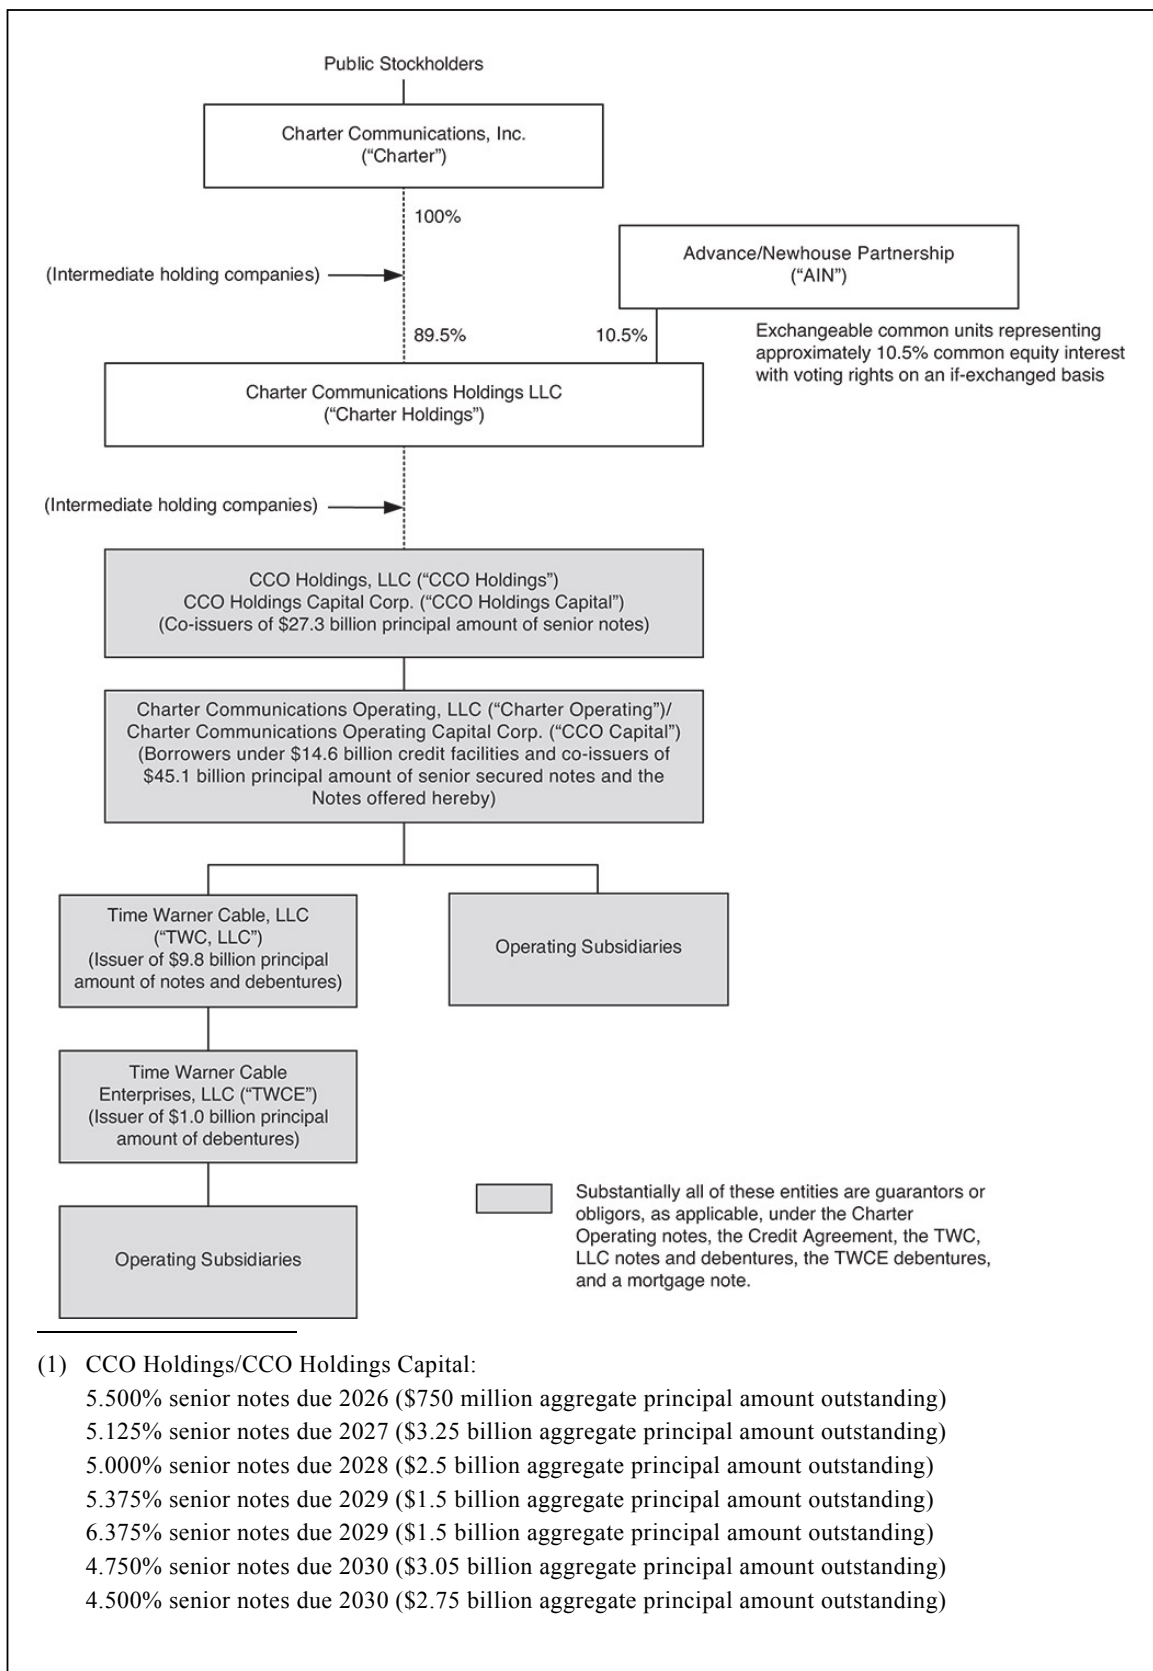

By continually improving our product set and offering consumers the opportunity to save money by switching to our services, we believe we can continue to penetrate our expanding footprint and sell additional products to our existing customers. We are beginning to see operational benefits from the targeted investments we are making in employee wages and benefits to build employee skill sets and tenure, as well as the continued investments in digitization of our customer service platforms, all with the goal of improving the customer experience, reducing transactions and driving customer growth and retention.

Our Corporate Information

Our principal executive offices are located at 400 Washington Boulevard, Stamford, Connecticut 06902. Our telephone number at that location is (203) 905-7801, and we have a website accessible at ir.charter.com. Our periodic reports and Current Reports on Form 8-K, and all amendments thereto, are available on Charter’s website free of charge as soon as reasonably practicable after they have been filed. The information posted on Charter’s website is not incorporated into this prospectus supplement or the accompanying prospectus and is not part of this prospectus supplement or the accompanying prospectus.

The Concurrent Tender Offer is being made upon the terms and conditions set forth in an Offer to Purchase dated May 9, 2024. The Concurrent Tender Offer will expire at 5:00 p.m., New York City time, on June 7, 2024 ("Expiration Time"), unless extended or earlier terminated in the Issuers' sole discretion. For 2025 Notes that have been validly tendered and not validly withdrawn at or prior to 5:00 p.m., New York City time, on May 22, 2024 (the "Early Tender Time"), and are accepted for purchase, the settlement date is expected to be the second business day following the Early Tender Time (the "Early Settlement Date"), unless extended or otherwise determined by the Issuers. For 2025 Notes that have been validly tendered after the Early Tender Time but at or prior to the Expiration Time that are accepted for purchase, the settlement date is expected to be the second business day following the Expiration Time, unless extended or otherwise determined by the Issuers, assuming the aggregate principal amount of 2025 Notes purchased on the Early Settlement Date does not exceed the Maximum Notes Purchase Price. The Issuers intend to fund the Concurrent Tender Offer with the proceeds from this offering along with borrowings under CCO's revolving credit facility. The Concurrent Tender Offer is conditioned upon the satisfaction or waiver of certain conditions, including the consummation of this offering. This offering is not conditioned upon the consummation of the Concurrent Tender Offer.

We cannot assure you that the Concurrent Tender Offer will be consummated in accordance with its terms, or at all, or that a significant principal amount of the 2025 Notes will be tendered and purchased in the Concurrent Tender Offer.

The Offering

The summary below describes the principal terms of the offering and the Notes. Some of the terms and conditions described below are subject to important limitations and exceptions. You should carefully read the “Description of Notes” for a more detailed description of the offering and the Notes.

Issuers	Charter Communications Operating, LLC and Charter Communications Operating Capital Corp.
Notes Offered	<p>\$1,500,000,000 aggregate principal amount of 6.100% Senior Secured Notes due 2029.</p> <p>\$1,500,000,000 aggregate principal amount of 6.550% Senior Secured Notes due 2034.</p>
Maturity	<p>The 2029 Notes will mature on June 1, 2029.</p> <p>The 2034 Notes will mature on June 1, 2034.</p>
Interest Payment Dates	<p>Interest will be paid on the 2029 Notes on June 1 and December 1 of each year, beginning on December 1, 2024. Interest on the 2029 Notes offered hereby will accrue from May 14, 2024.</p> <p>Interest will be paid on the 2034 Notes on June 1 and December 1 of each year, beginning on December 1, 2024. Interest on the 2034 Notes offered hereby will accrue from May 14, 2024.</p>
Ranking	<p>The Notes will be:</p> <ul style="list-style-type: none"> • senior obligations of CCO and CCO Capital; • <i>pari passu</i> in right of payment with all existing and future senior indebtedness of the Issuers, including obligations under the Credit Agreement, the Issuers’ guarantees of the Existing TWC Notes and the Existing Secured Notes; • secured by liens on the Collateral (as defined in the “Description of Notes”) on an equal and ratable basis with the obligations under the Credit Agreement, the Existing TWC Notes, the Existing Secured Notes and any other first lien obligations, subject to certain permitted liens and effectively equal with such obligations to the extent of the value of the Collateral; • effectively senior to all existing and future unsecured indebtedness of CCO and CCO Capital and any future indebtedness of CCO and CCO Capital secured by a junior lien on the Collateral, in each case to the extent of the value of the Collateral securing the obligations under the Notes; • structurally subordinated to all existing and future indebtedness and other liabilities of each subsidiary of CCO and CCO Capital that does not guarantee the Notes; and • senior in right of payment to all existing and future subordinated obligations of CCO and CCO Capital.

Guarantees

As of March 31, 2024, the total principal amount of debt of CCO and its subsidiaries, on a pro forma basis, would have totaled approximately \$70.5 billion.

The Notes will be guaranteed (the “Note Guarantees”) by (i) all of the Issuers’ subsidiaries that issue or guarantee any Equally and Ratably Secured Indebtedness (collectively, the “Subsidiary Guarantors”); and (ii) CCO Holdings (together with the Subsidiary Guarantors, the “Note Guarantors”).

Each Subsidiary Guarantor’s obligation to guarantee the Notes will be released at such time as such subsidiary ceases to, or substantially contemporaneously with the release of such subsidiary’s obligations under its Note Guarantee will cease to, or at such time does not, guarantee any Equally and Ratably Secured Indebtedness.

The Note Guarantees will be:

- senior obligations of the Note Guarantors;
- *pari passu* in right of payment with all existing and future senior indebtedness of the Note Guarantors (including guarantees of obligations under the Credit Agreement, the Existing Secured Notes and the Existing TWC Notes);
- with respect to the Note Guarantees of the Subsidiary Guarantors, secured by liens on the Collateral on an equal and ratable basis with the obligations under the Credit Agreement, the Existing TWC Notes, the Existing Secured Notes or guarantees thereof and any other first lien obligations, subject to certain permitted liens;
- with respect to CCO Holdings’ Note Guarantee, unsecured and effectively junior to any secured indebtedness of CCO Holdings to the extent of the value of the collateral securing such indebtedness;
- with respect to the Note Guarantees of the Subsidiary Guarantors, effectively senior to all existing and future unsecured indebtedness of the Subsidiary Guarantors and any future indebtedness of the Subsidiary Guarantors secured by a junior lien on the Collateral, in each case to the extent of the value of the Collateral securing the obligations under the Note Guarantees of the Subsidiary Guarantors;
- with respect to the Note Guarantees of the Subsidiary Guarantors, structurally subordinated to all existing and future indebtedness and other liabilities of each subsidiary of the Subsidiary Guarantors that does not guarantee the Notes; and
- senior in right of payment to all existing and future subordinated obligations of the Note Guarantors.

Security

The Notes and the Note Guarantees will be secured by a *pari passu* first lien security interest, subject to permitted liens, in the Issuers’ and the Subsidiary Guarantors’ assets that secure the obligations under the Credit Agreement, the Existing

Intercreditor Agreement	<p>Secured Notes and the Existing TWC Notes. The Notes will share equally in the collateral securing the obligations under the Credit Agreement, the Existing Secured Notes and the Existing TWC Notes. To the extent the collateral agent for the lenders under the Credit Agreement releases any liens in connection with foreclosure on or other exercise of remedies with respect to the Collateral, the liens on such Collateral securing the Notes and the Note Guarantees and all other Equally and Ratably Secured Indebtedness will also be released. In addition, if the liens on any Collateral securing the Credit Agreement are released, all of the liens on such Collateral securing the Notes will also be released to the extent that the liens on such Collateral securing all other Equally and Ratably Secured Indebtedness will also be released. See “Description of Notes — Collateral.”</p> <p>The collateral agent for the lenders under the Credit Agreement and the Existing TWC Notes and the collateral agent for the Notes and the Existing Secured Notes are subject to a <i>pari passu</i> intercreditor agreement as to the relative priorities of their respective security interests in the Collateral and certain other matters relating to the administration of such security interests (the “Intercreditor Agreement”). See “Description of Notes — Collateral.”</p>
Optional Redemption	<p>The Issuers may redeem some or all of the 2029 Notes at any time prior to May 1, 2029 at a price equal to 100% of the principal amount of the 2029 Notes redeemed, plus accrued and unpaid interest, if any, to the redemption date and a “make-whole” premium specified under “Description of Notes — Optional Redemption.”</p> <p>The Issuers may redeem some or all of the 2029 Notes at any time on or after May 1, 2029 at a price equal to 100% of the principal amount of the 2029 Notes to be redeemed, plus accrued and unpaid interest, if any, to the redemption date, as described in this prospectus supplement. There is no sinking fund for the 2029 Notes.</p> <p>The Issuers may redeem some or all of the 2034 Notes at any time prior to March 1, 2034 at a price equal to 100% of the principal amount of the 2034 Notes to be redeemed, plus accrued and unpaid interest, if any, to the redemption date and a “make-whole” premium specified under “Description of Notes — Optional Redemption.”</p> <p>The Issuers may redeem some or all of the 2034 Notes at any time on or after March 1, 2034 at a price equal to 100% of the principal amount of the 2034 Notes to be redeemed, plus accrued and unpaid interest, if any, to the redemption date, as described in this prospectus supplement. There is no sinking fund for the 2034 Notes.</p>
Restrictive Covenants	<p>The indenture governing the Notes, among other things, restricts the Issuers’ ability and the ability of certain subsidiaries to:</p> <ul style="list-style-type: none"> • grant liens; and

- sell all or substantially all of their assets or merge with or into other companies.

These covenants are subject to important exceptions and qualifications as described under “Description of Notes — Certain Covenants.”

Absence of Market for the Notes

Prior to this offering, there was no existing market for the Notes. The Issuers do not intend to apply for the Notes to be listed on any securities exchange or to arrange for any quotation system to quote them.

If the underwriters make a market in the Notes, they may discontinue any market making in the Notes at any time in their sole discretion. Accordingly, the Issuers cannot assure you that a liquid market for the Notes will develop for the Notes, or, if developed, that it will continue.

Use of Proceeds

The Issuers intend to use the net proceeds from this offering to prepay borrowings outstanding under CCO’s existing senior secured term loan B-1 facility (including accrued but unpaid interest related thereto), to fund the Concurrent Tender Offer and for general corporate purposes, including to fund potential buybacks of Class A common stock of Charter and common units of Charter Holdings and to pay related fees and expenses. CCO’s existing senior secured term loan B-1 facility bears interest at SOFR plus 1.75% and matures on April 30, 2025. See “Use of Proceeds.” Certain of the underwriters and/or their respective affiliates may be holders of 2025 Notes and/or lenders in respect of CCO’s existing senior secured term loan B-1 facility, and, as a result of the contemplated use of proceeds from the offering of the notes to fund the Concurrent Tender Offer and the repayment of such facility, such underwriters and/or such affiliates may receive a portion of the proceeds from this offering. See “Plan of Distribution.”

You should carefully consider all of the information in this prospectus supplement and the accompanying prospectus. In particular, you should evaluate the information under “Risk Factors” for a discussion of risks associated with an investment in the Issuers and the Notes.

For more complete information about the Notes, see “Description of Notes.”

SUMMARY RISK FACTORS**Risks Related to Our Indebtedness and the Notes**

- We have a significant amount of debt and expect to incur significant additional debt, including secured debt, in the future, which could adversely affect our financial condition and our ability to react to changes in our business.
- The agreements and instruments governing our debt contain restrictions and limitations that could significantly affect our ability to operate our business, as well as significantly affect our liquidity.
- The Notes do not impose any limitations on our ability to incur additional debt or protect against certain other types of transactions.
- Certain actions in respect of defaults taken under the indenture governing the Notes by beneficial owners with short positions in excess of their interests in the Notes will be disregarded.
- The Notes and each Note Guarantee will be structurally subordinated to present and future liabilities of non-guarantor subsidiaries of CCO.
- Holders of the Notes will not control decisions regarding the Collateral.
- Rights of the holders of the Notes in the Collateral may be adversely affected by the failure to perfect liens on certain Collateral acquired in the future.
- The ability of the collateral agent to realize upon the capital stock securing the Notes will be automatically limited to the extent the pledge of such capital stock would require the filing with the SEC of separate financial statements for any of our subsidiaries.
- Certain assets are excluded from the Collateral securing the Notes.
- It may be difficult to realize the value of the FCC license rights pledged to secure the Notes.
- The Collateral is subject to casualty risks.
- We will in most cases have control over the Collateral, and the sale of particular assets by us could reduce the pool of assets securing the Notes and the Note Guarantees.
- Security interests over certain Collateral may not be in place by the issue date of the Notes or may not be perfected by the issue date of the Notes. Creation or perfection of such security interests after the issue date of the Notes increases the risk that the liens granted by those security interests could be avoided.
- The imposition of certain permitted liens could materially adversely affect the value of the Collateral.
- Each Note Guarantee will be subject to certain limitations on enforcement and may be limited by applicable laws or subject to certain defenses that may limit its validity and enforceability.
- Any future pledge of Collateral or Note Guarantee provided after the Notes are issued might be avoided by a trustee in bankruptcy.
- Rights of the holders of the Notes in the Collateral securing the Notes may be adversely affected by bankruptcy proceedings and the holders of the Notes may not be entitled to post-petition interest in any bankruptcy proceeding.
- CCO and CCO Holdings are holding companies and will depend on subsidiaries, including non-guarantor subsidiaries, to satisfy their respective obligations under the Notes and CCO Holdings' Note Guarantee.
- Changes in our credit rating could adversely affect the market price or liquidity of the Notes.
- There is currently no public market for the Notes offered hereby, and an active trading market for the Notes offered hereby may not develop. The failure of a market to develop for the Notes offered hereby could adversely affect the liquidity and value of the Notes offered hereby.

Risks Related to Our Business

- We operate in a very competitive business environment, which affects our ability to attract and retain customers and can adversely affect our business, operations and financial results.
- We depend on third-party service providers, suppliers and licensors; thus, if we are unable to procure the necessary services, equipment, software or licenses on reasonable terms and on a timely basis, our ability to offer services could be impaired, and our growth, operations, business, financial results and financial condition could be materially adversely affected.
- We may not have the ability to pass on to our customers all of the increases in programming costs, which could adversely affect our cash flow and operating margins.
- Any failure to respond to technological developments and meet customer demand for new products and services could adversely affect our ability to compete effectively.
- Our business may be adversely affected if we cannot continue to license or enforce the intellectual property rights on which our business depends.
- Various events could disrupt or result in unauthorized access to our networks, information systems or properties and could impair our operating activities and negatively impact our reputation and financial results.
- Issues related to the development and use of AI could give rise to legal or regulatory action, damage our reputation or otherwise materially harm our business.
- Our exposure to the economic conditions of our current and potential customers, vendors and third parties could adversely affect our cash flow, results of operations and financial condition.
- If we are unable to retain key employees, our ability to manage our business could be adversely affected.

Risks Related to Ownership Position of Liberty Broadband Corporation and Advance/Newhouse Partnership

- Liberty Broadband Corporation and Advance/Newhouse Partnership have governance rights that give them influence over corporate transactions and other matters.

Risks Related to Regulatory and Legislative Matters

- Our business is subject to extensive governmental legislation and regulation, which could adversely affect our business.
- Changes to the existing legal and regulatory framework under which we operate or the regulatory programs in which we or our competitors participate, including the possible elimination of the federal broadband ACP subsidy for low-income consumers, could adversely affect our business.
- Tax legislation and administrative initiatives or challenges to our tax and fee positions could adversely affect our results of operations and financial condition.
- Our cable system franchises are subject to non-renewal or termination and are non-exclusive. The failure to renew a franchise or the grant of additional franchises in one or more service areas could adversely affect our business.

RISK FACTORS

You should carefully consider the risk factors set forth below and incorporated by reference herein, as well as the other information contained and incorporated by reference in this prospectus supplement and the accompanying prospectus, before deciding whether to invest in the Notes. Any such risks could materially and adversely affect our business, financial condition or results of operations. However, the risks described below and in documents we incorporate by reference are not the only risks facing us. Additional risks and uncertainties not currently known to us or those we currently view to be immaterial may also materially and adversely affect our business, financial condition or results of operations. In such a case, we may not be able to make payments of principal and interest on the Notes, and you may lose all or part of your original investment.

Risks Related to Our Indebtedness and the Notes

We have a significant amount of debt and expect to incur significant additional debt, including secured debt, in the future, which could adversely affect our financial condition and our ability to react to changes in our business.

We have a significant amount of debt and expect to (subject to applicable restrictions in our debt instruments) incur additional debt in the future as Charter maintains its stated objective of 4.0 to 4.5 times Adjusted EBITDA leverage (net debt divided by the last twelve months Adjusted EBITDA). As of March 31, 2024, the total principal amount of debt of CCO Holdings and its subsidiaries, on a pro forma basis, would have totaled approximately \$97.8 billion. As of March 31, 2024, \$70.5 billion of our debt was rated investment grade and \$27.3 billion was rated high yield debt on a pro forma basis. This split rating allows us to access both the investment grade and the high yield debt markets.

Our significant amount of debt could have consequences, such as:

- impact our ability to raise additional capital at reasonable rates, or at all;
- make us vulnerable to interest rate increases, in part because approximately 14% of our borrowings as of March 31, 2024 on a pro forma basis, would have been, and may continue to be, subject to variable rates of interest;
- expose us to increased interest expense to the extent we refinance existing debt with higher cost debt;
- require us to dedicate a significant portion of our cash flow from operating activities to make payments on our debt, reducing our funds available for capital expenditures and other general corporate expenses;
- limit our flexibility in planning for, or reacting to, changes in our business, the cable and telecommunications industries, and the economy at large;
- place us at a disadvantage compared to our competitors that have proportionately less debt; and
- adversely affect our relationship with customers and suppliers.

To the extent our current debt amounts increase more than expected, our business results are lower than expected, or credit rating agencies downgrade our debt thereby increasing our costs of borrowing and potentially limiting our access to investment grade markets, the related risks that we now face will intensify.

The agreements and instruments governing our debt contain restrictions and limitations that could significantly affect our ability to operate our business, as well as significantly affect our liquidity.

The indentures governing the Existing Unsecured Notes contain a number of significant covenants that could adversely affect our operations, liquidity and results of operations. These covenants restrict, among other things, CCO Holdings, CCO Holdings Capital and all of their restricted subsidiaries' ability to:

- incur additional debt;
- pay dividends on equity or repurchase equity;
- make investments;

- sell all or substantially all of their assets or merge with or into other companies;
- sell assets;
- in the case of restricted subsidiaries, create or permit to exist dividend or payment restrictions with respect to CCO Holdings, guarantee their parent companies' debt, or issue specified equity interests;
- engage in certain transactions with affiliates; and
- grant liens (with respect to only CCO Holdings).

Additionally, the Credit Agreement requires CCO to comply with a maximum total leverage covenant and a maximum first lien leverage covenant. The Credit Agreement, the Existing Secured Notes and the Existing TWC Notes include customary negative covenants, including restrictions on the ability to incur liens securing indebtedness for borrowed money and consolidating, merging or conveying or transferring substantially all of the respective obligor's assets. The breach of any covenants or obligations in our indentures or the Credit Agreement, not otherwise waived or amended, could result in a default under the applicable debt obligations and could trigger acceleration of those obligations, which in turn could trigger cross defaults under other agreements governing our long-term indebtedness. In addition, the secured lenders under the Existing Secured Notes, Existing TWC Notes and the Credit Agreement could foreclose on their collateral, which includes equity interests in substantially all of our subsidiaries, and exercise other rights of secured creditors.

The Notes do not impose any limitations on our ability to incur additional debt or protect against certain other types of transactions.

While our other outstanding indebtedness may have some or all of these limitations, the indenture that will govern the Notes does not restrict the future incurrence of unsecured indebtedness, guarantees or other obligations, nor will it limit our ability to make investments, to pay dividends and distributions, to our shareholders, to sell certain assets or to enter into "change of control" transactions. Additionally, the indenture that will govern the Notes contains only certain limitations on our ability to incur liens. However, these limitations are subject to important exceptions. See "Description of Notes — Certain Covenants — Limitation on Liens."

Certain actions in respect of defaults taken under the indenture governing the Notes by beneficial owners with short positions in excess of their interests in the Notes will be disregarded.

By acceptance of the Notes, each holder of Notes agrees, in connection with any notice of default, notice of acceleration or instruction to the trustee to provide a notice of default, notice of acceleration or take any other action (a "Noteholder Direction"), to (i) deliver a written representation to the Issuers and the trustee that such holder and any of its affiliates acting in concert with it in connection with its investment in the Notes (other than screened affiliates) are not (or, in the case such holder is DTC or its nominee, that such holder is being instructed solely by beneficial owners that (together with such affiliates) are not) Net Short (as defined under "Description of Notes") and (ii) provide the Issuers with such other information as the Issuers may reasonably request from time to time in order to verify the accuracy of such holder's representation within five business days of request therefor. These restrictions may impact a holder's ability to participate in Noteholder Directions if it is unable to make such a representation.

The Notes and each Note Guarantee will be structurally subordinated to present and future liabilities of non-guarantor subsidiaries of CCO.

Substantially all of CCO's subsidiaries will guarantee the Notes. However, the Notes will be structurally subordinated to claims against any subsidiary of CCO that does not guarantee the Notes. Generally, claims of creditors of a non-guarantor subsidiary, including trade creditors and claims of preference shareholders (if any) of the subsidiary, will have priority with respect to the assets and earnings of the subsidiary over the claims of creditors of its parent entity, including claims by holders of the Notes under the Notes or the Note Guarantees. In the event of any foreclosure, dissolution, winding up, liquidation, administration, reorganization or other insolvency or bankruptcy proceeding of any of our non-guarantor subsidiaries, holders of their indebtedness and their trade creditors will generally be entitled to payment of their claims

from the assets of those subsidiaries before any assets are made available for distribution to its parent entity as a shareholder. As such, the Notes and each Note Guarantee will each be structurally subordinated to the creditors (including trade creditors) and preference shareholders (if any) of CCO's non-guarantor subsidiaries.

Holders of the Notes will not control decisions regarding the Collateral.

The rights of the holders of the Notes with respect to the Collateral will be subject to an intercreditor agreement among all holders of obligations secured by the Collateral on a first-priority basis, including the obligations under the Credit Agreement. Under the Intercreditor Agreement, the Applicable Authorized Representative, which initially is the administrative agent under the Credit Agreement, will control substantially all matters related to the Collateral securing the Notes pursuant to the terms of the Intercreditor Agreement (see "Description of Notes — Collateral — Intercreditor Arrangements"). The Applicable Authorized Representative may, in connection with an enforcement action, dispose of, release, or foreclose on, or take other actions with respect to, the Collateral (including amendments of and waivers under the security documents) with which holders of the Notes may disagree or that may be contrary to the interests of holders of the Notes, even after a default under the Notes. To the extent Collateral is released from the lien securing the obligations under the Credit Agreement in connection with foreclosure or enforcement action, even if a default under the Notes exists, liens securing the Notes will also be released. If the liens on any Collateral securing the obligations under the Credit Agreement are released, the liens on such Collateral securing the obligations under the Notes will also be released to the extent that the liens on such Collateral securing all other Equally and Ratably Secured Indebtedness will also be released. In addition, the Intercreditor Agreement generally provides that the Applicable Authorized Representative may change, waive, modify or vary the security documents governing such liens without the consent of the holders of the Notes (except under certain limited circumstances) and that the security documents governing the liens securing the Notes will be automatically changed, waived and modified in the same manner (subject to certain limitations and exceptions).

Rights of the holders of the Notes in the Collateral may be adversely affected by the failure to perfect liens on certain Collateral acquired in the future.

Applicable law requires that certain property and rights acquired after the grant of a general security interest, such as real property, equipment subject to a certificate and certain proceeds, can only be perfected at the time such property and rights are acquired and identified. The Trustee or the collateral agent may not monitor, or we may not inform the Trustee or the collateral agent of, the future acquisitions of property and rights that constitute Collateral, and necessary action may not be taken to properly perfect the security interest in such after acquired Collateral. The collateral agent for the Notes has no obligation to monitor the acquisition of additional property or rights that constitute Collateral or the perfection of any security interest in favor of the Notes against third parties. In addition, as described further herein, even if the liens on Collateral acquired in the future are properly perfected, such liens may potentially be avoidable as a preference in any bankruptcy proceeding under certain circumstances. See "— Any future pledge of Collateral provided after the Notes are issued might be avoided by a trustee in bankruptcy."

The ability of the collateral agent to realize upon the capital stock securing the Notes will be automatically limited to the extent the pledge of such capital stock would require the filing with the SEC of separate financial statements for any of our subsidiaries.

Under Rule 3-16 of Regulation S-X, if the par value, book value as carried by us or market value (whichever is greatest) of the capital stock of any subsidiary pledged as part of the Collateral is greater than or equal to 20% of the aggregate principal amount of any class of debt securities then outstanding that are then registered or being registered, such subsidiary would be required to provide separate financial statements to the SEC. As a result, the indenture and the related security documents provide that to the extent that separate financial statements of any of our subsidiaries would be required by the rules of the SEC due to the fact that such subsidiary's capital stock secures the Notes of a series (or any other series of Equally and Ratably Secured Indebtedness that is in the form of debt securities, including each series of the Existing TWC Notes and each series of Existing Secured Notes), the pledge of such capital stock constituting Collateral securing the Notes and the Equally and Ratably Secured Indebtedness will automatically be limited such that

the value of the portion of such capital stock that the holders of the Notes may realize upon will, in the aggregate, at no time equal or exceed 20% of the aggregate principal amount of any then outstanding class of debt securities registered with the SEC (with each series of the Notes, each series of Existing TWC Notes and each series of Existing Secured Notes each constituting a separate class for such purpose). See “Description of Notes — Collateral — Excluded Property.” As a result, holders of the Notes could lose the benefit of a portion or all of the security interest securing the Notes in the capital stock or other securities of those subsidiaries. It may be more difficult, costly and time-consuming for the collateral agent to foreclose on the assets of a subsidiary than to foreclose on its capital stock or other securities, so the proceeds realized upon any such foreclosure could be significantly less than those that would have been received upon any sale of the capital stock or other securities of such subsidiary.

Certain assets are excluded from the Collateral securing the Notes.

Certain assets are excluded from the Collateral, as described under “Description of Notes — Collateral — Excluded Property.” In addition, no assets of any of our non-guarantor subsidiaries (including any capital stock owned by any such subsidiary) will constitute Collateral. Furthermore, applicable law requires that a security interest in tangible and intangible assets can only be properly perfected and its priority retained through certain actions undertaken by the secured party. The liens on the Collateral may not be perfected if the collateral agent for the Notes does not or is not able to take the actions necessary to perfect any of these liens.

It may be difficult to realize the value of the FCC license rights pledged to secure the Notes.

The Issuers’ and the Subsidiary Guarantors’ cable and telecommunication license rights constitute part of the Collateral that will initially secure the Notes and the related Note Guarantees. The ability of the collateral agent to foreclose on such Collateral on behalf of the holders of the Notes may be subject to prior approval by the FCC and other governmental authorities. In particular, the collateral agent will not be legally permitted to exercise any rights with respect to the FCC license rights upon the occurrence of an event of default if such action would constitute or result in any assignment of any FCC license or any other form of change of control (whether as a matter of law or fact) of the entity holding any FCC license lease unless any necessary prior approval of the FCC is obtained. There can be no assurance that any such required approval can be obtained on a timely basis or at all. This requirement may limit the number of potential bidders for the FCC license rights in any foreclosure and may delay sale, either of which events may have a material adverse effect on the sale price of the FCC license rights. Therefore, the practical value of realizing on the FCC license rights may, without the appropriate consents, prior approval of the FCC and related filings, be limited.

The Collateral is subject to casualty risks.

Although we maintain insurance policies to insure against losses, there are certain losses that may be either uninsurable or not economically insurable, in whole or in part. As a result, it is possible that the insurance proceeds will not compensate us fully for our losses in the event of a catastrophic loss. If there is a total or partial loss of any of the pledged Collateral, we cannot assure you that any insurance proceeds received by us will be sufficient to satisfy all the secured obligations, including the Notes.

We will in most cases have control over the Collateral, and the sale of particular assets by us could reduce the pool of assets securing the Notes and the Note Guarantees.

The security documents allow us to remain in possession of, retain exclusive control over, freely operate, and collect, invest and dispose of any income from, the Collateral securing the Notes and the Note Guarantees. For example, so long as no default or event of default under the indenture governing the Notes would result therefrom, we may, among other things, without any release or consent by the trustee, conduct ordinary course activities with respect to Collateral, such as selling, factoring, abandoning or otherwise disposing of Collateral and making ordinary course cash payments (including repayments of indebtedness).

There are circumstances other than repayment or discharge of the Notes under which the Collateral securing the Notes will be released automatically, without your consent or the consent of the trustee or the collateral agent. Under various circumstances, Collateral securing the Notes will be released automatically, including:

- a sale, transfer or other disposal of such Collateral in a transaction not prohibited under the indenture;
- with respect to Collateral held by a Note Guarantor, upon the release of such Note Guarantor from its Note Guarantee;
- with respect to Collateral that is capital stock, upon the dissolution of the issuer of such capital stock in accordance with the indenture;
- with respect to the Collateral upon any release in connection with a foreclosure or exercise of remedies with respect to that Collateral directed by the lenders under the Credit Agreement or holders of other first lien obligations during any period that such representatives control actions with respect to the Collateral pursuant to the Intercreditor Agreement; and
- in whole, upon a Collateral Release Event (as defined in the “Description of Notes”). See “Description of Notes — Collateral — Release.”

Security interests over certain Collateral may not be in place by the issue date of the Notes or may not be perfected by the issue date of the Notes. Creation or perfection of such security interests after the issue date of the Notes increases the risk that the liens granted by those security interests could be avoided.

Certain security interests in favor of the collateral agent, including mortgages on certain of our real properties, may not be in place or perfected as of the issue date of the Notes. To the extent any liens on or security interest in the Collateral securing the Notes are not perfected on or prior to such date, we will use our commercially reasonable efforts to have all such security interests perfected, to the extent required by the indenture and the related security documents, within a period of time provided for in the indenture governing the Notes and/or the related security documents. To the extent a security interest in certain Collateral is granted or perfected after the date which is 30 days following the date on which the Notes are issued, that security interest would remain at risk of being voided as a preferential transfer by the pledgor, as debtor in possession, or by its trustee in bankruptcy if we or any Note Guarantor were to file for bankruptcy within 90 days after the grant or after perfection (or, under certain circumstances, a longer period). See “— Any future pledge of Collateral or Note Guarantee provided after the Notes are issued might be avoided by a trustee in bankruptcy.”

The imposition of certain permitted liens could materially adversely affect the value of the Collateral.

The Collateral securing the Notes may also be subject to liens permitted under the terms of the indenture governing the Notes, whether arising on or after the date the Notes are issued. The existence of any permitted liens could materially adversely affect the value of the Collateral that could be realized by the holders of the Notes as well as the ability of the collateral agent to realize or foreclose on such Collateral. In addition, the imposition of certain permitted liens will cause the relevant assets to become “excluded property,” which will not secure the Notes or the Note Guarantees. See “Description of Notes — Collateral — Excluded Property” for the definition of “excluded property.”

Each Note Guarantee will be subject to certain limitations on enforcement and may be limited by applicable laws or subject to certain defenses that may limit its validity and enforceability.

Each Note Guarantor will guarantee the payment of the Notes. Each Note Guarantee will provide the relevant holders of the Notes with a direct claim against the relevant Note Guarantor. However, the indenture governing the Notes provides that each Note Guarantee will be limited to the maximum amount that can be guaranteed by the relevant Note Guarantor without rendering the relevant Note Guarantee, as it relates to that Note Guarantor, voidable or otherwise ineffective or limited under applicable law, and enforcement of each Note Guarantee would be subject to certain generally available defenses.

Enforcement of any of the Note Guarantees against any Note Guarantor will be subject to certain defenses available to Note Guarantors in the relevant jurisdiction. These laws and defenses generally include those that relate to corporate purpose or benefit, fraudulent conveyance or transfer, voidable preference, insolvency or bankruptcy challenges, financial assistance, preservation of share capital, thin capitalization, capital maintenance or similar laws, regulations or defenses affecting the rights of creditors generally. If one or more of these laws and defenses are applicable, a Note Guarantor may have no liability or decreased liability under its Note Guarantee depending on the amounts of its other obligations and applicable law.

Limitations on the enforceability of judgments obtained in New York courts in such jurisdictions could also limit the enforceability of any Note Guarantee against any Note Guarantor.

In general, under bankruptcy or insolvency law and other laws, a court could (i) avoid or invalidate all or a portion of a Note Guarantor's obligations under its Note Guarantee and/or the related security interest, (ii) direct that the holders of the Notes return any amounts paid under a Note Guarantee to the relevant Note Guarantor or to a fund for the benefit of such Note Guarantor's creditors or (iii) take other action that is detrimental to you, typically if the court found that:

- the relevant Note Guarantee and related security interest was incurred with actual intent to give preference to one creditor over another, hinder, delay or defraud creditors or shareholders of the Note Guarantor or, in certain jurisdictions, when the granting of the Note Guarantee or related security interest has the effect of giving a creditor a preference or when the recipient was aware that the Note Guarantor was insolvent when it granted the relevant Note Guarantee and related security interest;
- the Note Guarantor did not receive fair consideration or reasonably equivalent value or corporate benefit for the relevant Note Guarantee and related security interest and the Note Guarantor was:
 - (i) insolvent or rendered insolvent because of the relevant Note Guarantee or related security interest;
 - (ii) undercapitalized or became undercapitalized because of the relevant Note Guarantee; or
 - (iii) intended to incur, or believed that it would incur, indebtedness beyond its ability to pay at maturity;
- the relevant Note Guarantee was held to exceed the corporate objects of the Note Guarantor or not to be in the best interests or for the corporate benefit of the Note Guarantor; or
- the amount paid or payable under the relevant Note Guarantee was in excess of the maximum amount permitted under applicable law.

These or similar laws may also apply to any future guarantee and related security interests granted by any of our subsidiaries pursuant to the indenture (which may also potentially be avoidable as a preference in any bankruptcy proceeding under certain circumstances; see “— Any future pledge of Collateral or Note Guarantee provided after the Notes are issued might be avoided by a trustee in bankruptcy”).

As a general matter, value is given for a transfer or an obligation if, in exchange for the transfer or obligation, property is transferred or antecedent debt is secured or satisfied. A court would likely find that a Note Guarantor did not receive reasonably equivalent value or fair consideration for its Note Guarantee or the related security interest, if such Note Guarantor did not substantially benefit directly or indirectly from the issuance of the Notes.

The measures of insolvency for purposes of these fraudulent transfer laws will vary depending upon the law applied in any proceeding to determine whether a fraudulent transfer has occurred, such that we cannot assure you which standard a court would apply in determining whether a Note Guarantor was “insolvent” at the relevant time or that, regardless of method of valuation, a court would not determine that a Note Guarantor was insolvent on that date, or that a court would not determine, regardless of whether or not a Note Guarantor was insolvent on the date its Note Guarantee or related security interest was issued, that payments to holders of the Notes constituted preferences, fraudulent transfers or conveyances on other grounds.

The liability of each Note Guarantor under its Note Guarantee will be limited to the amount that will result in such Note Guarantee not constituting a preference, fraudulent conveyance or improper corporate distribution or otherwise being set aside. However, there can be no assurance as to what standard a court will apply in making a determination of the maximum liability of each Note Guarantor. Moreover, in a Florida bankruptcy case, which was reversed by a district court on other grounds and then reinstated by the applicable circuit court of appeals, this kind of provision was found to be ineffective to protect the guarantees. There is a possibility that the entire Note Guarantee may be set aside, in which case the entire liability may be extinguished.

If a court decided that a Note Guarantee (or the related security interest) was a preference, fraudulent transfer or conveyance and voided such Note Guarantee, or held it unenforceable for any other reason, you may cease to have any claim in respect of the relevant Note Guarantor and/or the benefit of the corresponding underlying Collateral, and would be a creditor solely of the Issuers and, if applicable, of any other Note Guarantor under the relevant Note Guarantee which has not been declared void. In the event that any Note Guarantee of a Subsidiary Guarantor is invalid or unenforceable, in whole or in part, or to the extent the agreed limitation of the Note Guarantee obligations apply, the Notes would be effectively subordinated to all liabilities of the applicable Subsidiary Guarantor, and if we cannot satisfy our obligations under the Notes or any Note Guarantee is found to be a preference, fraudulent transfer or conveyance or is otherwise set aside, we cannot assure you that we can ever repay in full any amounts outstanding under the Notes.

Any future pledge of Collateral or Note Guarantee provided after the Notes are issued might be avoided by a trustee in bankruptcy.

The indenture and the related security documents will require us to grant liens on certain assets that we or any Note Guarantor acquires after the issue date. Any future guarantee or additional lien in favor of the collateral agent for the benefit of the holders of the Notes might be avoidable by the grantor (as debtor-in-possession) or by its trustee in bankruptcy or other third parties if certain events or circumstances exist or occur. For instance, if the entity granting a future guarantee or additional lien was insolvent at the time of the grant and if such grant was made within 90 days before that entity commenced a bankruptcy proceeding (or one year before commencement of a bankruptcy proceeding if the creditor that benefited from the guarantee or lien is an “insider” under the U.S. Bankruptcy Code), and the granting of the future guarantee or additional lien enabled the holders of the Notes to receive more than they would if the grantor were liquidated under chapter 7 of the U.S. Bankruptcy Code, then such guarantee or lien could be avoided as a preferential transfer. Liens recorded or perfected after the issue date may be treated under bankruptcy law as if they were delivered to secure previously existing indebtedness. Thus, in any bankruptcy proceedings commenced within 90 days of lien perfection, a lien given to secure previously existing indebtedness is materially more likely to be avoided as a preference by the bankruptcy court than if delivered and promptly recorded on the issue date. Accordingly, if we or any Note Guarantor were to file for bankruptcy protection after the issue date of the outstanding Notes and any liens granted with respect to the Notes or the Note Guarantees had been perfected less than 90 days before the commencement of such bankruptcy proceeding, the liens securing the Notes or the Note Guarantees may be particularly subject to challenge as a result of having been delivered after the issue date (even if any liens granted on the issue date of the Notes were not subject to any such challenge). To the extent that such challenge succeeded, the holders of the Notes would lose the benefit of the security that the Collateral was intended to provide.

Rights of the holders of the Notes in the Collateral securing the Notes may be adversely affected by bankruptcy proceedings and the holders of the Notes may not be entitled to post-petition interest in any bankruptcy proceeding.

The right of the collateral agent for the Notes to foreclose upon, repossess and dispose of the Collateral securing the Notes and the Note Guarantees upon acceleration is likely to be significantly impaired by federal bankruptcy law if bankruptcy proceedings are commenced by or against us prior to or possibly even after the collateral agent has repossessed and disposed of the Collateral. Under the U.S. Bankruptcy Code, pursuant to the automatic stay imposed upon a bankruptcy filing, a secured creditor, such as the collateral agent for the Notes, is prohibited from foreclosing upon or repossessing its security from a debtor in a bankruptcy case, or from disposing of security repossessed from a debtor, without prior bankruptcy court approval (which

may not be given under the circumstances). Moreover, bankruptcy law permits the debtor to continue to retain and to use collateral, and the proceeds, products, rents or profits of the collateral, even though the debtor is in default under the applicable debt instruments, provided that the secured creditor is given “adequate protection.” The meaning of the term “adequate protection” may vary according to circumstances, but it is intended in general to protect the value of the secured creditor’s interest in the collateral and may include cash payments or the granting of additional or replacement security, if and at such time as the court in its discretion determines, for any diminution in the value of the collateral as a result of the stay of repossession or disposition or any use of the collateral by the debtor during the pendency of the bankruptcy case. A bankruptcy court may determine that a secured creditor may not require compensation for a diminution in the value of its collateral if the value of the collateral exceeds the debt it secures. In view of the lack of a precise definition of the term “adequate protection” and the broad discretionary powers of a bankruptcy court, it is impossible to predict whether any payments under the Notes could be made following commencement of or during a bankruptcy case or the length of any potential delay in making any such payments post-petition, whether or when the collateral agent could foreclose upon, repossess or dispose of the Collateral, or whether or to what extent the holders of the Notes would be compensated for any delay in payment or loss of value of the Collateral through the requirements of “adequate protection.”

Furthermore, in the event the bankruptcy court determines that the value of the Collateral is not sufficient to repay all amounts due on the Notes, the holders of the Notes would have “undersecured claims” as to the difference. Federal bankruptcy laws do not permit the payment or accrual of post-petition interest, costs, expenses and attorneys’ fees for “undersecured claims” during the debtor’s bankruptcy case. Other consequences of a finding of under-collateralization would be, among other things, a lack of entitlement to receive other “adequate protection” under federal bankruptcy laws with respect to the unsecured portion of the Notes. In addition, if any payments of post-petition interest had been made at the time of such a finding of under collateralization, those payments could be recharacterized by the bankruptcy court as a reduction of the principal amount of the Notes.

The Intercreditor Agreement also contains provisions restricting the holders of the Notes from filing certain objections in any future bankruptcy to, among other things, a proposed debtor-in-possession financing that satisfied various terms and conditions.

CCO and CCO Holdings are holding companies and will depend on subsidiaries, including non-guarantor subsidiaries, to satisfy their respective obligations under the Notes and CCO Holdings’ Note Guarantee.

As holding companies, CCO Holdings and CCO conduct substantially all of their operations through their direct and indirect subsidiaries, which own substantially all of our consolidated assets. Consequently, the principal source of cash to pay the obligations of CCO under the Notes and of CCO Holdings under its Note Guarantee is the cash that our subsidiaries generate from their operations. We cannot assure you that our subsidiaries will be able to, or be permitted to, make distributions to enable CCO and CCO Holdings to make payments in respect of their obligations. Each of our subsidiaries is a distinct legal entity and, under certain circumstances, applicable state laws, regulatory limitations and terms of our debt instruments may limit the ability of CCO and CCO Holdings to obtain cash from our subsidiaries. While the indentures governing certain of our existing notes limit the ability of our subsidiaries to restrict their ability to pay dividends or make other intercompany payments, these limitations are subject to certain qualifications and exceptions, which may have the effect of significantly restricting the applicability of those limits. In the event CCO or CCO Holdings does not receive distributions from our subsidiaries, CCO may be unable to make required payments under the Notes and CCO Holdings may be unable to make required payments under its Note Guarantee.

Changes in our credit rating could adversely affect the market price or liquidity of the Notes.

Credit rating agencies continually revise their ratings for the companies that they follow, including us. The credit rating agencies also evaluate our industry as a whole and may change their credit ratings for us based on their overall view of our industry. We cannot be sure that credit rating agencies will maintain their ratings on the Notes, the Existing Secured Notes, the Existing Unsecured Notes or the Existing TWC Notes. A negative change in our ratings could have an adverse effect on the price of the Notes, the Existing Secured Notes, the Existing Unsecured Notes or the Existing TWC Notes.

There is currently no public market for the Notes offered hereby, and an active trading market for the Notes offered hereby may not develop. The failure of a market to develop for the Notes offered hereby could adversely affect the liquidity and value of the Notes offered hereby.

Prior to this offering, there was no existing market for any series of the Notes offered hereby. We do not intend to apply for listing of any series of the Notes on any securities exchange or for quotation of the Notes on any automated dealer quotation system. A market may not develop for the Notes, and if a market does develop, it may not be sufficiently liquid for your purposes. If an active, liquid market does not develop for the Notes of a series, the market price and liquidity of the Notes of such series may be adversely affected. If the Notes of a series are traded after their initial issuance, they may trade at a discount from their initial offering price.

The liquidity of the trading market, if any, and future trading prices of the Notes will depend on many factors, including, among other things, prevailing interest rates, our operating results, financial performance and prospects, the market for similar securities and the overall securities market, and may be adversely affected by unfavorable changes in these factors. The market for the Notes may be subject to disruptions that could have a negative effect on the holders of the Notes, regardless of our operating results, financial performance or prospects.

USE OF PROCEEDS

We intend to use the net proceeds from this offering to prepay borrowings outstanding under CCO's existing senior secured term loan B-1 facility (including accrued but unpaid interest related thereto), to fund the Concurrent Tender Offer and for general corporate purposes, including to fund potential buybacks of Class A common stock of Charter and common units of Charter Holdings and to pay related fees and expenses. Certain of the underwriters and/or their respective affiliates may be holders of 2025 Notes and/or lenders in respect of CCO's existing senior secured term loan B-1 facility, and, as a result of the contemplated use of proceeds from the offering of the notes to fund the Concurrent Tender Offer and the repayment of such loans, such underwriters and/or such affiliates may receive a portion of the proceeds from this offering. CCO's existing senior secured term loan B-1 facility bears interest at SOFR plus 1.75% and matures on April 30, 2025. See "Plan of Distribution."

CAPITALIZATION

The following table sets forth, as of March 31, 2024, for CCO Holdings and its subsidiaries on a consolidated basis:

- cash and cash equivalents;
- the actual (historical) capitalization of CCO Holdings; and
- the capitalization of CCO Holdings on a pro forma basis to reflect the issuance and sale of the Notes offered hereby, the assumed repurchase of \$2.5 billion aggregate principal amount of the 2025 Notes in connection with the Concurrent Tender Offer and repayment of CCO's senior secured term loan B-1 facility and borrowings outstanding under CCO's revolving credit facility.

The following information should be read in conjunction with the historical consolidated financial statements and related notes included in the SEC Reports incorporated by reference herein. See also "Description of Certain Indebtedness."

The financial data is not intended to provide any indication of what our actual financial position, including actual cash balances and revolver borrowings, or results of operations would have been had the transactions described above been completed on the dates indicated or to project our results of operations for any future date.

- (a) The accreted values presented in the table above represent the principal amount of the debt adjusted for original issue discount or premium at the time of sale, deferred financing costs, and, in regards to debt assumed in acquisitions, fair value premium adjustments as a result of applying acquisition accounting plus the accretion of those amounts to the balance sheet date. However, the amount that is currently payable if the debt becomes immediately due is equal to the principal amount of the debt. In regards to the sterling senior notes, the principal amount of the debt and any premium or discount is remeasured into US dollars as of each balance sheet date. We have availability under our credit facilities of approximately \$2.9 billion as of March 31, 2024.
- (b) Principal amount for TWC's 5.750% notes due 2031 is calculated based on £625 million aggregate principal amount outstanding, remeasured at \$789 million as of March 31, 2024 and using the exchange rate at such date. Principal amount for TWC's 5.250% notes due 2042 is calculated based on £650 million aggregate principal amount outstanding, remeasured at \$820 million as of March 31, 2024 using the exchange rate at such date.

- (a) The accreted values presented in the table above represent the principal amount of the debt adjusted for original issue discount or premium at the time of sale, deferred financing costs, and, in regards to debt assumed in acquisitions, fair value premium adjustments as a result of applying acquisition accounting plus the accretion of those amounts to the balance sheet date. However, the amount that is currently payable if the debt becomes immediately due is equal to the principal amount of the debt. In regards to the sterling notes, the principal amount of the debt and any premium or discount is remeasured into US dollars as of each balance sheet date. We have availability under our credit facilities of approximately \$2.9 billion as of March 31, 2024.
- (b) Principal amount for TWC's 5.750% notes due 2031 is calculated based on £625 million aggregate principal amount outstanding, remeasured at \$789 million as of March 31, 2024 using the exchange rate at such date.
- (c) Principal amount for TWC's 5.250% notes due 2042 is calculated based on £650 million aggregate principal amount outstanding, remeasured at \$820 million as of March 31, 2024 using the exchange rate at such date.

CCO Holdings Notes

The CCO Holdings' notes are senior debt obligations of CCO Holdings and CCO Holdings Capital and rank equally with all other current and future unsecured, unsubordinated obligations of CCO Holdings and CCO Holdings Capital. They are structurally subordinated to all obligations of subsidiaries of CCO Holdings.

CCO Holdings may redeem some or all of the CCO Holdings notes at any time at a premium. The optional redemption price declines to 100% of the respective series principal amount, plus accrued and unpaid interest, if any, on or after varying dates in 2024 through 2031.

In addition, at any time prior to varying dates in 2024 through 2026, CCO Holdings may redeem up to 40% of the aggregate principal amount of certain notes at a premium plus accrued and unpaid interest to the redemption date, with the net cash proceeds of one or more equity offerings (as defined in the indentures);

provided that certain conditions are met. In the event of specified change of control events, CCO Holdings must offer to purchase the Existing Unsecured Notes from the holders at a purchase price equal to 101% of the total principal amount of the notes, plus any accrued and unpaid interest.

The indentures governing the CCO Holdings' notes contain certain covenants that restrict the ability of CCO Holdings, CCO Holdings Capital and all of their restricted subsidiaries to:

- incur additional debt;
- pay dividends on equity or repurchase equity;
- make investments;
- sell all or substantially all of their assets or merge with or into other companies;
- sell assets;
- in the case of restricted subsidiaries, create or permit to exist dividend or payment restrictions with respect to CCO Holdings, guarantee their parent companies debt, or issue specified equity interests;
- engage in certain transactions with affiliates; and
- grant liens (with respect to only CCO Holdings).

The above limitations in certain circumstances regarding incurrence of debt, payment of dividends and making investments contained in the indentures of CCO Holdings permit CCO Holdings and its restricted subsidiaries to perform the above, so long as, after giving pro forma effect to the above, the leverage ratio would be below a specified level for CCO Holdings. The maximum total leverage ratio under the indentures is 6.0 to 1.0.

CCO Notes

The Existing Secured Notes are guaranteed by CCO Holdings and substantially all of the subsidiaries of CCO. In addition, the Existing Secured Notes are secured by a perfected first priority security interest in substantially all of the assets of CCO and substantially all of its subsidiaries to the extent such liens can be perfected under the Uniform Commercial Code by the filing of a financing statement and the liens rank equally with the liens on the collateral securing obligations under the CCO credit facilities. CCO may redeem some or all of the Existing Secured Notes, prior to their respective par call dates, at any time at a premium.

The CCO notes are subject to the terms and conditions of the indenture governing the CCO notes. The CCO notes indentures contain customary representations and warranties and affirmative covenants with customary negative covenants, including restrictions on the ability of CCO or any of its material subsidiaries to incur liens securing indebtedness for borrowed money and on the ability of CCO to consolidate, merge or convey or transfer substantially all of their assets. The CCO indentures also contain customary events of default.

CCO Credit Facilities

The CCO credit facilities have an outstanding principal amount of \$14.6 billion as of March 31, 2024 as follows:

- Term A-5 Loan with a remaining principal amount of approximately \$5.5 billion, which is repayable in quarterly installments and aggregating \$303 million in each loan year, with the remaining balance due at final maturity on August 31, 2027. Pricing on Term A-5 Loan is SOFR plus 1.25%;
- Term A-6 Loan with a remaining principal amount of approximately \$456 million, which is repayable in quarterly installments and aggregating \$25 million in each loan year, with the remaining balance due at final maturity on August 31, 2028. Pricing on Term A-6 Loan is SOFR plus 1.50%;
- Term B-1 Loan with a remaining principal amount of approximately \$315 million, which is repayable in equal quarterly installments and aggregating \$3 million in 2024, with the remaining balance due at final maturity on April 30, 2025. Pricing on Term B-1 Loan is SOFR plus 1.75%;

- Term B-2 Loan with a remaining principal amount of approximately \$3.1 billion, which is repayable in equal quarterly installments and aggregating \$32 million in each loan year, with the remaining balance due at final maturity on February 1, 2027. Pricing on Term B-2 Loan is SOFR plus 1.75%;
- Term B-3 Loan with an aggregate principal amount of \$742 million, which is repayable in equal quarterly installments and aggregating \$8 million in each loan year, with the remaining balance due at final maturity on March 31, 2030. Pricing on Term B-3 Loan is SOFR plus 2.25%;
- Term B-4 Loan with a remaining principal amount of approximately \$2.0 billion, which is repayable in equal quarterly installments and aggregating \$20 million in each loan year, with the remaining balance due at final maturity on December 7, 2030. Pricing on Term B-4 Loan is SOFR plus 2.00%; and
- a revolving loan with an outstanding balance of \$2.5 billion and allowing for borrowings of up to \$5.5 billion, maturing on August 31, 2027. Pricing on the revolving loan is SOFR plus 1.25% with a commitment fee based on Charter's corporate family rating and not to exceed 0.20%. As of March 31, 2024, \$36 million of the revolving loan was utilized to collateralize a like principal amount of letters of credit out of \$490 million of letters of credit issued on our behalf.

Amounts outstanding under the CCO credit facilities bear interest, at CCO's election, at a base rate or SOFR (5.3% as of March 31, 2024), as defined, plus an applicable margin.

The CCO credit facilities also allow us to enter into incremental term loans in the future, with amortization as set forth in the notices establishing such term loans. Although the CCO credit facilities allow for the incurrence of a certain amount of incremental term loans subject to pro forma compliance with financial maintenance covenants, no assurance can be given that we could obtain additional incremental term loans in the future if CCO sought to do so or what amount of incremental term loans would be allowable at any given time under the terms of the CCO credit facilities.

The obligations of CCO under the CCO credit facilities are guaranteed by CCO Holdings and substantially all of the subsidiaries of CCO. The obligations are also secured by (i) a lien on substantially all of the assets of CCO and substantially all of its subsidiaries, to the extent such lien can be perfected under the Uniform Commercial Code by the filing of a financing statement, and (ii) a pledge of the equity interests directly or indirectly owned by CCO in substantially all of its subsidiaries, as well as intercompany obligations owing to it and the guarantor subsidiaries by any of their affiliates.

Restrictive Covenants

The CCO credit facilities contain representations and warranties, and customary affirmative and negative covenants, including restrictions on the ability of CCO or any of its subsidiaries to incur liens securing indebtedness for borrowed money and on the ability of CCO to consolidate, merge or convey or transfer substantially all of its assets. The financial covenants measure performance against standards set for leverage to be tested as of the end of each quarter. The CCO credit facilities also contain customary events of default and the right to cure with respect to any defaults or events of default.

TWC Senior Notes and Debentures

The TWC senior notes and debentures are guaranteed by CCO Holdings, CCO and substantially all of the subsidiaries of CCO (other than TWC) and rank equally with the liens on the collateral securing obligations under the CCO notes and credit facilities. Interest on each series of TWC senior notes and debentures is payable semi-annually (with the exception of the sterling notes, which is payable annually) in arrears.

The TWC indentures contain customary covenants relating to restrictions on the ability of TWC or any of its material subsidiaries to incur liens securing indebtedness for borrowed money and on the ability of TWC and TWCE to consolidate, merge or convey or transfer substantially all of their assets. The TWC indentures also contain customary events of default.

The TWC senior notes and debentures may be redeemed in whole or in part at any time at TWC's option at a redemption price equal to the greater of (i) all of the applicable principal amount being redeemed

and (ii) the sum of the present values of the remaining scheduled payments on the applicable TWC senior notes and debentures discounted to the redemption date on a semi-annual basis (with the exception of the sterling notes, which are on an annual basis), at a comparable government bond rate plus a designated number of basis points as further described in the TWC indenture and the applicable note or debenture, plus, in each case, accrued but unpaid interest to, but not including, the redemption date.

We may offer to redeem all, but not less than all, of the sterling notes in the event of certain changes in the tax laws of the United States (or any taxing authority in the United States). This redemption would be at a redemption price equal to 100% of the principal amount, together with accrued and unpaid interest on the sterling notes to, but not including, the redemption date.

TWCE Senior Debentures

The TWCE senior debentures are guaranteed by CCO Holdings, CCO and substantially all of the subsidiaries of CCO (other than TWCE) and rank equally with the liens on the collateral securing obligations under the CCO notes and credit facilities. Interest on each series of TWCE senior debentures is payable semi-annually in arrears. The TWCE senior debentures are not redeemable before maturity.

The TWCE indentures contain customary covenants relating to restrictions on the ability of TWC, TWCE or any of its subsidiaries to incur liens securing indebtedness for borrowed money and on the ability of TWC and TWCE to consolidate, merge or convey or transfer substantially all of their assets. The TWCE indentures also contain customary events of default.

DESCRIPTION OF NOTES

This Description of Notes relates to the 6.100% senior secured notes due 2029 (the “2029 Notes”) and the 6.550% senior secured notes due 2034 (the “2034 Notes”) and, together with the 2029 Notes, the “Notes”) to be issued by CCO and CCO Capital Corp. (the “Issuers” and, each, an “Issuer”). You can find the definitions of certain terms used in this description under the subheading “— Certain Definitions.”

The Notes will be issued pursuant to a base indenture, dated as of July 23, 2015, by and among the Issuers and The Bank of New York Mellon Trust Company, N.A., as trustee and collateral agent (the “Base Indenture”), as supplemented by a supplemental indenture, to be dated as of May 14, 2024 by and among the Issuers, the Note Guarantors (as defined below) and The Bank of New York Mellon Trust Company, N.A., as trustee and collateral agent (together with the Base Indenture, the “Indenture”). The Indenture will permit the Issuers to issue other debt securities having terms different from those of the Notes.

The Notes and any such other debt securities issued as a “series” are each sometimes referred to as a separate “series” of Notes. The Issuers have previously issued \$45.1 billion aggregate principal amount of debt securities (the “Existing Secured Notes”) under the Base Indenture (as supplemented), which do not constitute the same “series” of debt securities as the Notes offered hereby. The terms of the Notes will include those stated in the Indenture and those made part of the Indenture by reference to the Trust Indenture Act of 1939, as amended.

The following description is a summary of the material provisions of the Indenture, the Security Documents (as defined below) and the Intercreditor Agreement (as defined below). It does not restate the Indenture, the Security Documents and the Intercreditor Agreement in their entirety. We urge you to read the Indenture, the Security Documents and the Intercreditor Agreement because they, and not this description, define your rights as Holders of the Notes. Copies of the forms of Indenture, Security Documents and Intercreditor Agreement are available as set forth under “— Additional Information.”

Brief Description of the Notes

The Notes offered hereby will be:

- senior obligations of the Issuers;
- *pari passu* in right of payment with all existing and future senior indebtedness of the Issuers (including obligations under the Credit Agreement, the Existing Secured Notes and the Issuers’ guarantees of the Existing TWC Notes);
- secured by Liens on the Collateral on an equal and ratable basis with the obligations under the Credit Agreement, the Existing Secured Notes, the Issuers’ guarantees of the Existing TWC Notes and any other First Lien Obligations, subject to Permitted Liens;
- effectively senior to all existing and future unsecured indebtedness of the Issuers and any future indebtedness of the Issuers secured by a junior Lien on the Collateral, in each case to the extent of the value of the Collateral securing the obligations under the Notes;
- structurally subordinated to all existing and future indebtedness and other liabilities of each subsidiary of the Issuers that does not guarantee the Notes; and
- senior in right of payment to all existing and future subordinated obligations of the Issuers.

The Notes will be guaranteed by (i) all of the Issuers’ Subsidiaries that then issue or guarantee any Equally and Ratably Secured Indebtedness; and (ii) CCO Holdings, LLC.

The Note Guarantees will be:

- senior obligations of the Note Guarantors;
- *pari passu* in right of payment with all existing and future senior indebtedness of the Note Guarantors (including guarantees of obligations under the Credit Agreement, the Existing Secured Notes and the Existing TWC Notes);

- with respect to Subsidiary Guarantors, secured by Liens on the Collateral on an equal and ratable basis with the obligations under the Credit Agreement, the Existing Secured Notes, the Existing TWC Notes or guarantees thereof and any other First Lien Obligations, subject to Permitted Liens;
- with respect to CCO Holdings, LLC, unsecured and effectively junior to any secured indebtedness of CCO Holdings, LLC to the extent of the value of the collateral securing such indebtedness;
- with respect to the Subsidiary Guarantors, effectively senior to all existing and future unsecured indebtedness of the Subsidiary Guarantors and any future indebtedness of the Subsidiary Guarantors secured by a junior Lien on the Collateral, in each case to the extent of the value of the Collateral securing the obligations under the Note Guarantees of the Subsidiary Guarantors;
- with respect to the Subsidiary Guarantors, structurally subordinated to all existing and future indebtedness and other liabilities of each subsidiary of the Subsidiary Guarantors that does not guarantee the Notes; and
- senior in right of payment to all existing and future subordinated obligations of the Note Guarantors.

Principal, Maturity and Interest

The Notes will be issued in denominations of \$2,000 and integral multiples of \$1,000 in excess of \$2,000. The 2029 Notes will mature on June 1, 2029 and the 2034 Notes will mature on June 1, 2034.

Interest on the 2029 Notes will accrue at the rate of 6.100% per annum from May 14, 2024. Interest on the 2029 Notes will be payable semi-annually in arrears on June 1 and December 1 to Holders of record on the immediately preceding May 15 and November 15, respectively, commencing on December 1, 2024. Interest on the 2029 Notes will be computed on the basis of a 360-day year comprised of twelve 30-day months.

Interest on the 2034 Notes will accrue at the rate of 6.550% per annum from May 14, 2024. Interest on the 2034 Notes will be payable semi-annually in arrears on June 1 and December 1 to Holders of record on the immediately preceding May 15 and November 15, respectively, commencing on December 1, 2024. Interest on the 2034 Notes will be computed on the basis of a 360-day year comprised of twelve 30-day months.

The Issuers may issue an unlimited principal amount of additional Notes of any series under the Indenture. The Notes of a series issued on the Issue Date and any additional Notes of such series subsequently issued under the Indenture will be treated as a single class for all purposes of the Indenture. For purposes of this description, unless otherwise indicated, references to the Notes of a series include the Notes of such series issued on the Issue Date and any additional Notes of such series subsequently issued under the Indenture.

Optional Redemption

Prior to the applicable Par Call Date (as defined below), with respect to each series of the Notes, the Notes of such series will be redeemable, in whole or in part, at the Issuers' option, at any time or from time to time, on at least 10 days' but not more than 60 days' prior mailed or electronically delivered (or otherwise transmitted in accordance with DTC's procedures) notice to each Holder of the Notes of such series to be redeemed, at a redemption price expressed as a percentage of principal amount equal to the greater of:

- (a) the sum of the present values of the remaining scheduled payments of principal and interest thereon discounted to the redemption date (assuming the notes matured on their applicable Par Call Date) on a semi-annual basis (assuming a 360-day year consisting of twelve 30-day months) at the applicable Treasury Rate plus (i) with respect to the 2029 Notes, 25 basis points and (ii) with respect to the 2034 Notes, 35 basis points less unpaid interest accrued to the date of redemption, and
- (b) 100% of the principal amount of the notes to be redeemed,

plus, in either case, accrued and unpaid interest on the principal amount being redeemed to, but not including, the redemption date (subject to the rights of Holders of the Notes of such series on a record date to receive the related interest payment on the related interest payment date).

“Treasury Rate” means, with respect to any redemption date, the yield determined by the Issuers in accordance with the following two paragraphs.

The Treasury Rate shall be determined by the Issuers after 4:15 p.m., New York City time (or after such time as yields on U.S. government securities are posted daily by the Board of Governors of the Federal Reserve System), on the third business day preceding the redemption date based upon the yield or yields for the most recent day that appear after such time on such day in the most recent statistical release published by the Board of Governors of the Federal Reserve System designated as “Selected Interest Rates (Daily) — H.15” (or any successor designation or publication) (“H. 15”) under the caption “U.S. government securities — Treasury constant maturities-Nominal” (or any successor caption or heading) (“H.15 TCM”). In determining the Treasury Rate, the Issuers shall select, as applicable: (1) the yield for the Treasury constant maturity on H.15 exactly equal to the period from the redemption date to the applicable Par Call Date (the “Remaining Life”); or (2) if there is no such Treasury constant maturity on H.15 exactly equal to the Remaining Life, the two yields — one yield corresponding to the Treasury constant maturity on H.15 immediately shorter than and one yield corresponding to the Treasury constant maturity on H.15 immediately longer than the Remaining Life — and shall interpolate to the applicable Par Call Date on a straight-line basis (using the actual number of days) using such yields and rounding the result to three decimal places; or (3) if there is no such Treasury constant maturity on H.15 shorter than or longer than the Remaining Life, the yield for the single Treasury constant maturity on H.15 closest to the Remaining Life. For purposes of this paragraph, the applicable Treasury constant maturity or maturities on H.15 shall be deemed to have a maturity date equal to the relevant number of months or years, as applicable, of such Treasury constant maturity from the redemption date.

If on the third business day preceding the redemption date H.15 TCM is no longer published, the Issuers shall calculate the Treasury Rate based on the rate per annum equal to the semi-annual equivalent yield to maturity at 11:00 a.m., New York City time, on the second business day preceding such redemption date of the United States Treasury security maturing on, or with a maturity that is closest to, the applicable Par Call Date. If there is no United States Treasury security maturing on the applicable Par Call Date but there are two or more United States Treasury securities with a maturity date equally distant from such Par Call Date, one with a maturity date preceding such Par Call Date and one with a maturity date following such Par Call Date, the Issuers shall select the United States Treasury security with a maturity date preceding such Par Call Date. If there are two or more United States Treasury securities maturing on the applicable Par Call Date or two or more United States Treasury securities meeting the criteria of the preceding sentence, the Issuers shall select from among these two or more United States Treasury securities the United States Treasury security that is trading closest to par based upon the average of the bid and asked prices for such United States Treasury securities at 11:00 a.m., New York City time. In determining the Treasury Rate in accordance with the terms of this paragraph, the semi-annual yield to maturity of the applicable United States Treasury security shall be based upon the average of the bid and asked prices (expressed as a percentage of principal amount) at 11:00 a.m., New York City time, of such United States Treasury security, and rounded to three decimal places.

The Issuer’s actions and determinations in determining the redemption price shall be conclusive and binding for all purposes, absent manifest error.

“Par Call Date” means (i) with respect to the 2029 Notes, May 1, 2029 and (ii) with respect to the 2034 Notes, March 1, 2034.

On or after the applicable Par Call Date for the Notes of a series, the Issuers may redeem the Notes of such series, in whole or in part, at the Issuers’ option, on at least 10 days’ but not more than 60 days’ prior mailed or electronically delivered (or otherwise transmitted in accordance with DTC’s procedures) notice to the registered holders thereof at a redemption price equal to 100% of the principal amount of such Notes of such series to be redeemed plus accrued and unpaid interest on the principal amount being redeemed to, but not including, the redemption date (subject to the rights of Holders of Notes of such series on a record date to receive the related interest payment on the related interest payment date). The Trustee shall have no responsibility for calculating the redemption price for any Note.

Unless the Issuers default in the payment of the redemption price, interest will cease to accrue on the Notes of a series or portions thereof called for redemption on the applicable redemption date. On or before

the redemption date, the Issuers will deposit with the Trustee or a paying agent money sufficient to pay the redemption price of and accrued interest on the Notes to be redeemed on such date.

In the case of a partial redemption, selection of the notes for redemption will be made by the Trustee by lot. No notes of a principal amount of \$2,000 or less will be redeemed in part. If any note is to be redeemed in part only, the notice of redemption that relates to the note will state the portion of the principal amount of the note to be redeemed. A new note in a principal amount equal to the unredeemed portion of the note will be issued in the name of the holder of the note upon surrender for cancellation of the original note. For so long as the notes are held by DTC, the redemption of the notes shall be done in accordance with the policies and procedures of the depository.

Any redemption or notice of any redemption may, at the Issuers' discretion, be given prior to the completion of a transaction or event (including an Equity Offering, other offering, issuance of Indebtedness, a Change of Control or other transaction or event) and any redemption notice (including the amount of Notes redeemed and conditions precedent applicable to different amounts of Notes redeemed) may, in the Issuers' discretion, be subject to one or more conditions precedent, including, but not limited to, completion of the related transaction or event. Any such redemption may be partial as a result of only some of the conditions being satisfied.

If such redemption or notice is subject to satisfaction of one or more conditions precedent, such notice shall state that, in the Issuers' discretion, the redemption date may be delayed until such time (including more than 60 days after the date the notice of redemption was mailed or delivered, including by electronic transmission) as any or all such conditions shall be satisfied (or waived by the Issuers in their sole discretion), or such redemption may not occur and such notice may be rescinded in the event that any or all such conditions shall not have been satisfied (or waived by the Issuers in their sole discretion) by the redemption date, or by the redemption date so delayed. In addition, the Issuers may provide in such notice that payment of the redemption price and performance of the Issuers' obligations with respect to such redemption may be performed by another Person.

Release of Guarantors

The Note Guarantee of a Subsidiary Guarantor also will be released:

- (1) at the time of a Collateral Release Event;
- (2) at such time as such Subsidiary Guarantor is either: (A) not an issuer or guarantor of any item of indebtedness (whether by repayment or otherwise) and any other Equally and Ratably Secured Indebtedness and ceases (or substantially concurrently will cease) to be the guarantor of any Equally and Ratably Secured Indebtedness (or such Subsidiary Guarantor's obligations with respect to all Equally and Ratably Secured Indebtedness shall cease to exist substantially concurrently with such release of its Note Guarantee); or (B) released or relieved as an issuer or guarantor of its obligations of an item of indebtedness (whether by repayment or otherwise) and not an issuer or guarantor of any other Equally and Ratably Secured Indebtedness and ceases (or substantially concurrently will cease) to be the guarantor of any Equally and Ratably Secured Indebtedness (or such Subsidiary Guarantor's obligations with respect to all Equally and Ratably Secured Indebtedness shall cease to exist substantially concurrently with such release of its Note Guarantee);
- (3) upon the sale, disposition, exchange or transfer (including through merger, consolidation, amalgamation or otherwise) of (i) all or substantially all of the assets or (ii) any Equity Interests (including any sale, disposition or other transfer following which the applicable Subsidiary Guarantor is no longer a Subsidiary), of the applicable Subsidiary Guarantor if such sale, disposition, exchange or other transfer is made in a manner not in violation of the terms of the Indenture; or
- (4) if the Issuers exercise their legal defeasance option or their covenant defeasance option as described under "— Defeasance" or if the obligations of the Issuers under the Indenture are discharged in accordance with the terms of the Indenture.

The Note Guarantee of CCO Holdings, LLC will be released if the Issuers exercise their legal defeasance option as described under “— Defeasance” or if the Issuers’ obligations under the Indenture are discharged in accordance with the terms of the Indenture.

Collateral

Assets Pledged as Collateral

The Notes will be secured by first-priority Liens, subject to Permitted Liens, in the assets of the Issuers and the Subsidiary Guarantors (other than Excluded Property), whether now owned or hereafter acquired, that secure the obligations under the Credit Agreement and any other First Lien Obligations, including:

- all Pledged Securities;
- all Intercompany Obligations;
- all Additional Collateral;
- all books, and records pertaining to the Collateral; and
- to the extent not otherwise included, all Proceeds, Supporting Obligations and products of any and all collateral security and guarantees given by any Person with respect to any of the foregoing and any Instruments evidencing the foregoing.

Excluded Property

The Collateral will exclude, and the Liens granted under the Security Documents will not attach to, certain items of property (the “Excluded Property”), including (v) any Patent or Trademark that is jointly owned by TWC and/or one or more other Grantors, on the one hand, and by a Person that is not a member of the Charter Group, on the other hand; *provided*, that in the event any such Patent or Trademark ceases to be jointly owned by a Person that is not a member of the Charter Group, such Patent or Trademark shall cease to constitute Excluded Property, (w) any intent-to-use trademark application to the extent and for so long as creation by a Grantor of a security interest therein would result in the loss by such Grantor of any material rights therein, until such time, if any, as a statement of use is filed and accepted, (x) any property to the extent that such grant of a security interest is prohibited by any Requirement of Law, requires a consent not obtained of any Governmental Authority pursuant to such Requirement of Law or is prohibited by, or constitutes a breach or default under or results in the termination of or requires any consent not obtained under, any contract, license, agreement (including any joint venture, partnership or limited liability company operating agreement, unless the same relates to a Wholly Owned Subsidiary), instrument or other document evidencing or giving rise to such property except to the extent that such Requirement of Law or the term in such contract, license, agreement, instrument or other document providing for such prohibition, breach, default or termination or requiring such consent is ineffective under applicable law or (y) any property that is subject to a purchase money security interest permitted by the Indenture for so long as it is subject to such security interest and in no event shall more than 66% of the total outstanding Foreign Subsidiary Voting Equity Interest of any Foreign Subsidiary constitute Collateral or be required to be pledged under the Security Documents.

In addition, the Equity Interests and indebtedness of any Subsidiary of the Issuers will constitute Collateral only to the extent that such Equity Interests or indebtedness can secure any series of Notes and the related Note Guarantees (or any other series of Equally and Ratably Secured Indebtedness that is in the form of debt securities, including, without limitation, each series of Existing TWC Notes and each series of Existing Secured Notes) without Rule 3-16 of Regulation S-X (or any other law, rule or regulation) requiring separate financial statements of such Subsidiary to be filed with the SEC (or any other governmental agency) and the Collateral granted to the Notes offered hereby shall be the same as and no greater than the collateral granted to the Existing Secured Notes. In the event that Rule 3-16 of Regulation S-X requires or is amended, modified or interpreted by the SEC to require (or is replaced with another rule or regulation, or any other law, rule or regulation is adopted, which would require) the filing with the SEC (or any other governmental agency) of separate financial statements of any such Subsidiary due to the fact that such Subsidiary’s Equity Interests or indebtedness secures the Notes and the Note Guarantees (or any other series

of Equally and Ratably Secured Indebtedness that is in the form of debt securities, including, without limitation, each series of Existing TWC Notes and each series of Existing Secured Notes), then such Equity Interests or indebtedness shall automatically be deemed not to be part of the Collateral securing the Notes and Note Guarantees and any Equally and Ratably Secured Indebtedness (but only to the extent necessary to not be subject to such requirement). In such event, the Security Documents may be amended or modified, without the consent of any Holder, to the extent necessary to release the security interests on the Equity Interests or indebtedness that are so deemed to no longer constitute part of the Collateral.

Subject to the preceding paragraph, in the event that Rule 3-16 of Regulation S-X is amended, modified or interpreted by the SEC to permit (or is replaced with another rule or regulation, or any other law, rule or regulation is adopted, which would permit) such Subsidiary's Equity Interests or indebtedness to secure the Notes of each series and the Note Guarantees (or any other series of Equally and Ratably Secured Indebtedness that is in the form of debt securities, including, without limitation, each series of Existing TWC Notes and each series of Existing Secured Notes) in excess of the amount then pledged without the filing with the SEC (or any other governmental agency) of separate financial statements of any such Subsidiary, then the Equity Interests or indebtedness of such Subsidiary shall automatically be deemed to be a part of the Collateral securing the Notes and Note Guarantees and any Equally and Ratably Secured Indebtedness (but only to the extent such Subsidiary would not be subject to any such financial statement requirement). In such event, the Security Documents may be amended or modified, without the consent of any Holder, to the extent necessary to subject to the Liens under the Security Documents such additional Equity Interests or indebtedness.

In accordance with the limitations set forth in the two immediately preceding paragraphs, Rule 3-16 of Regulation S-X currently provides that the maximum value of such Equity Interests or indebtedness (on an entity-by-entity basis) is less than 20% of the aggregate principal amount of any class of debt securities registered with the SEC that are secured thereby (with the Notes, each series of Existing TWC Notes and each series of Existing Secured Notes being a separate class for such purpose). The applicable value of the Equity Interests of any entity is deemed to be the greatest of its par value, book value or market value. The portion of the Equity Interests and indebtedness of the Subsidiaries constituting Collateral securing the Notes and the related Note Guarantees may decrease or increase as the value of such Equity Interests changes as described above (but not, for the avoidance of doubt, above the maximum percentage of such Equity Interests required to be pledged as Collateral).

Sufficiency of Collateral

The fair market value of the Collateral is subject to fluctuations based on factors that include, among others, the condition of the Issuers' and the Guarantors' industry, the ability to sell the Collateral in an orderly sale, general economic conditions, the availability of buyers and other factors. The amount to be received upon a sale of the Collateral would also be dependent on numerous factors, including, but not limited to, the actual fair market value of the Collateral at such time and the timing and the manner of the sale. By its nature, portions of the Collateral may be illiquid and may have no readily ascertainable market value. Accordingly, there can be no assurance that the Collateral can be sold in a short period of time or in an orderly manner. In addition, in the event of a bankruptcy, the ability of the Holders to realize upon any of the Collateral may be subject to certain bankruptcy law limitations as described below. See "Risk Factors — Risks Related to Our Indebtedness and the Notes — Rights of the holders of the Notes in the Collateral securing the Notes may be adversely affected by bankruptcy proceedings and the holders of the Notes may not be entitled to post-petition interest in any bankruptcy proceeding."

Foreclosure

Upon the occurrence and during the continuance of an Event of Default, subject to the terms of the Intercreditor Agreement, the Security Documents provide for (among other available remedies) the foreclosure upon and sale of the Collateral by the Collateral Agent and the distribution of the net proceeds of any such sale to the Holders and the lenders under the Credit Agreement and any other First Lien Obligations on a *pro rata* basis, subject to any prior Liens on the Collateral. In the event of foreclosure on the Collateral, the proceeds from the sale of the Collateral may not be sufficient to satisfy in full the Issuers' obligations under the Notes.

Certain Bankruptcy Limitations

The right of the Collateral Agent to repossess and dispose of the Collateral upon the occurrence of an Event of Default would be significantly impaired by applicable bankruptcy law in the event that a bankruptcy case were to be commenced by or against the Issuers or the Subsidiary Guarantors prior to the Collateral Agent having repossessed and disposed of the Collateral. Upon the commencement of a case for relief under the Bankruptcy Code, a secured creditor such as the Trustee is prohibited from repossessing its security from a debtor in a bankruptcy case, or from disposing of security repossessed from the debtor, without bankruptcy court approval.

In view of the broad equitable powers of a U.S. bankruptcy court, it is impossible to predict how long payments under the Notes could be delayed following commencement of a bankruptcy case, whether or when the Collateral Agent could repossess or dispose of the Collateral, the value of the Collateral at the time of the bankruptcy petition or whether or to what extent Holders would be compensated for any delay in payment or loss of value of the Collateral. The Bankruptcy Code permits only the payment and/or accrual of post-petition interest, costs and attorneys' fees to a secured creditor during a debtor's bankruptcy case to the extent the value of the security is determined by the bankruptcy court to exceed the aggregate outstanding principal amount of the obligations secured by the security. See "Risk Factors — Risks Related to Our Indebtedness and the Notes — Rights of the holders of the Notes in the Collateral securing the Notes may be adversely affected by bankruptcy proceedings and the holders of the Notes may not be entitled to post-petition interest in any bankruptcy proceeding."

Furthermore, in the event a bankruptcy court determines that the value of the Collateral is not sufficient to repay all amounts due on the Notes, the Holders would hold secured claims to the extent of the value of the Collateral to which the Holders are entitled and unsecured claims with respect to such shortfall.

Release

The Indenture will provide and provides that Liens on the Collateral will be automatically released with respect to the Notes:

- (1) with respect to any series of Notes, in whole, upon payment in full of the principal of, accrued and unpaid interest and premium, if any, on the Notes of such series;
- (2) with respect to any series of Notes, in whole, upon satisfaction and discharge of the Indenture with respect to the Notes of such series;
- (3) with respect to any series of Notes, in whole, upon a legal defeasance or covenant defeasance with respect to the Notes of such series as set forth under "— Defeasance";
- (4) as to any property or asset constituting Collateral that is sold or otherwise disposed of by the Issuers or any Note Guarantor, directly or indirectly, in a transaction not prohibited by the Indenture at the time of such sale or disposition;
- (5) as to any property or assets constituting Collateral owned by a Note Guarantor that is released from its Note Guarantee in accordance with the Indenture;
- (6) with respect to any series of Notes, in whole or in part, with the consent of Holders of the requisite percentage of Notes of such series in accordance with the provisions described below under the caption "— Amendments and Waivers";
- (7) to the extent required in accordance with the applicable provisions of the Security Documents and the Intercreditor Agreement;
- (8) in whole, upon a Collateral Release Event;
- (9) in accordance with clause (b) and (d) of the covenant described under "— Certain Covenants — Limitation on Liens"; and
- (10) as to any Collateral at such time as such Collateral (A) no longer secures indebtedness previously secured and does not secure any Equally and Ratably Secured Indebtedness (or such Collateral will

no longer secure any Equally and Ratably Secured Indebtedness substantially concurrently with such release of Liens on such Collateral) or (B) does not secure any Equally and Ratably Secured Indebtedness (or such Collateral will no longer secure any Equally and Ratably Secured Indebtedness substantially concurrently with such release of Liens on such Collateral); *provided, however,* that, in the case of any release in whole pursuant to clauses (1), (2) or (3) above, all amounts owing to the Trustee under the Indenture with respect to the Notes have been paid or duly provided for.

Upon compliance by the Issuers with the conditions precedent set forth above, and delivery to the Trustee of an Officers' Certificate and Opinion of Counsel, the Trustee or the Collateral Agent shall promptly execute and deliver such documents and other instruments and make or authorize the making of such filings and registrations as may be requested and provided by the Issuers to evidence the release and reconveyance to the Issuers or the applicable Note Guarantor of the applicable Collateral.

Any certificate or opinion required by Section 314(d) of the Trust Indenture Act in connection with obtaining the release of Collateral may be made by an Officer of CCO, except in cases where Section 314(d) requires that such certificate or opinion be made by an independent engineer, appraiser or other expert.

Notwithstanding anything to the contrary in this "Description of Notes" section, the Issuers and the Subsidiary Guarantors will not be required to comply with all or any portion of Section 314(d) of the Trust Indenture Act if they determine in good faith, based on the advice of counsel, that under the terms of that section and/or any interpretation or guidance as to the meaning thereof of the SEC and its staff, including "no action" letters or exemptive orders, all or the relevant portion of Section 314(d) of the Trust Indenture Act is inapplicable to the released Collateral.

Control over Common Collateral and Enforcement of Liens

The right of the Collateral Agent to repossess and dispose of the Collateral upon the occurrence of an Event of Default under the Indenture:

- is subject to the provisions of the Intercreditor Agreement;
- in the case of assets that are subject to Permitted Liens, is subject to the terms of the agreements governing those Permitted Liens;
- with respect to any Collateral, is likely to be significantly impaired by applicable bankruptcy law if a bankruptcy case were to be commenced by or against the Issuers or a Subsidiary Guarantor prior to the Collateral Agent having repossessed and disposed of the Collateral; and
- in the case of Collateral constituting real property, could also be significantly impaired by restrictions under applicable law.

If the net proceeds of any of the Collateral were not sufficient to repay all amounts due on the Notes and the Indenture, the Holders (to the extent not repaid from the proceeds of the sale of the Collateral) would have only an unsecured claim against the remaining assets of the Issuers and the Note Guarantors.

Intercreditor Arrangements

The Collateral Agent, on behalf of the Trustee and the Holders of Notes, and the Administrative Agent, on behalf of the secured parties under the Credit Agreement and the Existing TWC Notes, are parties to the Intercreditor Agreement. Any future holders of other First Lien Obligations will be represented by their collateral agent which will become party to the Intercreditor Agreement as their authorized representative (together with the Collateral Agent and the Administrative Agent, each, an "Authorized Representative"). The Intercreditor Agreement provides for the priorities and other relative rights among the Holders of the Notes, the holders of the obligations under the Credit Agreement, the Existing Secured Notes and the Existing TWC Notes and the holders of any other First Lien Obligations, including, among other things, that:

- (1) notwithstanding the date, time, method, manner or order of grant, attachment or perfection of any Lien on the Collateral securing the Notes, the obligations under the Credit Agreement, the Existing Secured Notes and the Existing TWC Notes and any other First Lien Obligations, the Liens

securing all such indebtedness shall be of equal priority as among the parties to the Intercreditor Agreement subject to the provisions described below with respect to Impairments;

- (2) if an event of default has occurred and is continuing under any First Lien Obligations, and any Authorized Representative for, or holder of, First Lien Obligations is taking action to enforce rights or exercise remedies in respect of any Collateral, or receives any payment with respect to the Collateral under any other intercreditor agreement, or any distribution is made with respect to any Collateral in any insolvency or liquidation proceeding of the Issuers or any Note Guarantor, then the proceeds of any sale, collection or other liquidation of any such Collateral by the Collateral Agent, such Authorized Representative or any holders of such First Lien Obligations, as the case may be, will be applied, subject to the provisions below with respect to Impairments:
- first, to the payment of all amounts owing to each Authorized Representative (as hereinafter defined) (in each case, in its capacity as such) pursuant to the terms of any documents governing First Lien Obligations;
 - second, on a ratable basis, to amounts owing to (1) the holders of the obligations under the Credit Agreement and the Existing TWC Notes, (2) the Holders of the Notes, the holders of the Existing Secured Notes and the Trustee (for allocation in accordance with the terms of the Indenture) and (3) the holders of any other First Lien Obligations; and
 - third, after payment in full of all First Lien Obligations, allocated to the Issuers and the Note Guarantors or as a court of competent jurisdiction may direct; and
- (3) the obligations in respect of the Notes, the Credit Agreement and any other First Lien Obligations may be increased, extended, renewed, replaced, restated, supplemented, restructured, refunded, refinanced or otherwise amended from time to time, in each case, to the extent permitted by the Indenture, the Credit Agreement and the documents governing such other First Lien Obligations, without affecting the Lien priority or relative rights of the holders of First Lien Obligations.

The Intercreditor Agreement also provides that only the Applicable Authorized Representative (as defined below) has the right to exercise, or refrain from exercising, any right or remedies and take any other actions with respect to the Collateral. The “Applicable Authorized Representative” shall be the Administrative Agent until the earlier of the date no obligations under the Credit Agreement are secured by the Collateral and the Non-Controlling Authorized Representative Enforcement Date and, thereafter, the Authorized Representative of the series of First Lien Obligations (other than any Existing TWC Notes) representing the largest principal amount outstanding of any then outstanding series of First Lien Obligations (such Authorized Representative, the “Major Non-Controlling Authorized Representative”). For purposes of the forgoing, the Notes, together with each series of debt securities issued under the Indenture, will be deemed to be a single “series” of First Lien Obligations. The “Non-Controlling Authorized Representative Enforcement Date” means, with respect to any representative of First Lien Obligations that is not the Applicable Authorized Representative (each, a “Non-Controlling Authorized Representative”) in respect of any Collateral, the date that is 90 days (throughout which 90-day period such Non-Controlling Authorized Representative was the Major Non-Controlling Authorized Representative) after the occurrence of both (a) an event of default with respect to the First Lien Obligations for which such Non-Controlling Authorized Representative is the Authorized Representative and (b) the Collateral Agent’s and each other Authorized Representative’s receipt of written notice from such Non-Controlling Authorized Representative stating that (i) such Non-Controlling Authorized Representative is the Major Non-Controlling Authorized Representative and that an event of default with respect to the First Lien Obligations for which such Non-Controlling Authorized Representative is the Authorized Representative has occurred and is continuing and (ii) the First Lien Obligations with respect to which such Non-Controlling Authorized Representative is the Authorized Representative are currently due and payable in full (whether as a result of acceleration thereof or otherwise); *provided, however*, that the Non-Controlling Authorized Representative Enforcement Date shall be stayed and shall not occur (and shall be deemed not to have occurred for all purposes hereof) (A) at any time the Applicable Authorized Agent has commenced and is diligently pursuing any enforcement action with respect to such Collateral or (B) at any time the applicable Issuer or the applicable Note Guarantor that has granted a security interest in such Collateral is then a debtor under or with respect to (or otherwise subject to) any insolvency or liquidation proceeding.

The Applicable Authorized Agent shall not be required to follow any instructions or directions with respect to the Collateral from any Non-Controlling Authorized Representative. No Authorized Representative or other holder of any First Lien Obligations (other than the Applicable Authorized Representative) will commence any judicial or non-judicial foreclosure proceedings with respect to, seek to have a trustee, receiver, liquidator or similar official appointed for or over, attempt any action to take possession of, exercise any right, remedy or power with respect to, or otherwise take any action to enforce its interests in or realize upon, or take any other action available to it in respect of, the Collateral, it being agreed that only the Applicable Authorized Representative shall be entitled to take any such actions or exercise any such rights, remedies and powers with respect to the Collateral.

Notwithstanding the equal priority of the Liens as among the parties to the Intercreditor Agreement, the Applicable Authorized Representative may deal with the Collateral as if the Applicable Authorized Representative had a senior Lien on such Collateral. No Non-Controlling Authorized Representative or other holder of First Lien Obligations may contest, protest or object to any foreclosure proceeding or action brought by Applicable Authorized Representative. The Collateral Agent and each other Authorized Representative will agree that they and the holders of the First Lien Obligations they represent will not challenge or contest or support any other Person in challenging or contesting, in any proceeding (including any insolvency or liquidation proceeding), (a) the validity, attachment, creation, perfection, priority or enforceability of a Lien held by or on behalf of any other holder of First Lien Obligations in the Collateral, (b) the validity, enforceability or effectiveness of any First Lien Obligations or the related security documents or (c) any of the provisions of the Intercreditor Agreement.

None of the holders of First Lien Obligations will be entitled to institute any suit or proceeding, or assert in any suit or proceeding any claim, against the Collateral Agent or any other holder of First Lien Obligations seeking damages from or other relief by way of specific performance, instructions or otherwise with respect to any Collateral. In addition, none of the holders of First Lien Obligations will be entitled to have any Collateral or any part thereof marshaled upon any foreclosure or other disposition of such Collateral; *provided, however*, that nothing in the Intercreditor Agreement shall be construed to prevent or impair the rights of any Authorized Representative or any holder of First Lien Obligations to enforce the Intercreditor Agreement. If any holder of First Lien Obligations obtains possession of any Collateral or realizes any proceeds or payment in respect thereof, at any time prior to the discharge of each of the other First Lien Obligations, then it must hold such Collateral, proceeds or payment in trust for the other holders of First Lien Obligations having a security interest in such Collateral and promptly transfer such Collateral, proceeds or payment to the Collateral Agent to be distributed in accordance with the provisions described above.

Notwithstanding the foregoing, with respect to any Collateral on which a third party (other than a holder of First Lien Obligations) has a Lien that is junior in priority to the Lien of any First Lien Obligations but senior (as determined by appropriate legal proceedings in the case of any dispute) to the Lien of any other First Lien Obligations (such third party, an "Intervening Creditor"), the value of any Collateral or proceeds which are allocated to such Intervening Creditor shall be deducted on a ratable basis solely from the Collateral or proceeds to be distributed in respect of the First Lien Obligations with respect to which such impairment exists. Additionally, if a court of competent jurisdiction determines that any series of First Lien Obligations is not enforceable or that the Liens securing such series of First Lien Obligations are not valid and properly perfected, the holders of such series of First Lien Obligations (and not the holders of any other series of First Lien Obligations) shall bear the consequences thereof and distributions described above will be adjusted accordingly. The provisions described above with respect to Intervening Creditors and determinations of unenforceability that result in a series of First Lien Obligations receiving lesser distributions than other series of First Lien Obligations from the Collateral are referred to herein as "Impairments" with respect to such series of First Lien Obligations.

Under the Intercreditor Agreement, if at any time the Applicable Authorized Representative forecloses upon or otherwise exercises remedies against any Collateral, then (whether or not any insolvency or liquidation proceeding is pending at the time) the Liens in favor of the Collateral Agent for the benefit of the Trustee and the Holders of the Notes and each other series of First Lien Obligations upon such Collateral will automatically be released and discharged. However, any proceeds of any Collateral realized therefrom will be applied in accordance with the terms of the Intercreditor Agreement. In addition, if the Liens on any

Collateral securing the Credit Agreement are released, all of the Liens on such Collateral securing the Notes will also be released to the extent that the Liens on such Collateral securing all other Equally and Ratably Secured Indebtedness are released.

Each Authorized Representative of any series of First Lien Obligations, for itself and on behalf of the holders of First Lien Obligations of such series, will agree that, if the Issuers or any of the Note Guarantors becomes subject to a bankruptcy case and, as debtor-in-possession, moves for approval of financing (“DIP Financing”) to be provided by one or more lenders (the “DIP Lenders”) under Section 364 of the Bankruptcy Code or the use of cash collateral under Section 363 of the Bankruptcy Code, none of the holders of First Lien Obligations will be entitled to raise any objection to any such financing or to the Liens or court ordered charges, if applicable, on the Collateral securing any such financing (“DIP Financing Liens”) or to any use of cash collateral that constitutes Collateral, in each case unless the Applicable Authorized Representative shall then oppose or object to such DIP Financing or such DIP Financing Liens or such use of cash collateral (and (i) to the extent that such DIP Financing Liens are senior to the Liens on any such Collateral for the benefit of the holders of First Lien Obligations represented by the Applicable Authorized Representative, each holder of First Lien Obligations not represented by the Applicable Authorized Representative will subordinate its Liens with respect to such Collateral on the same terms as the Liens of the holders of First Lien Obligations represented by the Applicable Authorized Representative (other than any such Liens constituting DIP Financing Liens) are subordinated thereto, and (ii) to the extent that such DIP Financing Liens rank *pari passu* with the Liens on any such Collateral granted to secure the First Lien Obligations of the holders of First Lien Obligations represented by the Applicable Authorized Representative, each holder of First Lien Obligations not represented by the Applicable Authorized Representative will confirm the priorities with respect to such Collateral as set forth in the Intercreditor Agreement), in each case so long as:

- (1) the holders of First Lien Obligations retain the benefit of their Liens on all such Collateral subject to the DIP Financing Liens, including proceeds thereof arising after the commencement of the bankruptcy case, with such Liens having the same priority with respect to Liens of the holders of any other First Lien Obligations (other than any such Liens constituting DIP Financing Liens) as existed prior to the commencement of the bankruptcy case;
- (2) the holders of First Lien Obligations are granted Liens on any additional collateral provided to the holders of any other First Lien Obligations as adequate protection or otherwise in connection with such DIP Financing or use of cash collateral, with such Liens having the same priority with respect to Liens of the holders of any other First Lien Obligations (other than any such Liens constituting DIP Financing Liens) as existed prior to the commencement of the bankruptcy case;
- (3) if any amount of such DIP Financing or cash collateral is applied to repay any First Lien Obligations, such amount is applied in accordance with the provisions described above with respect to distributions from proceeds of Collateral; and
- (4) if the holders of First Lien Obligations are granted adequate protection, including in the form of periodic payments, in connection with such DIP Financing or use of cash collateral, the proceeds of such adequate protection are applied in accordance with the provisions described above with respect to distributions from proceeds of Collateral; *provided, however*, that the holders of First Lien Obligations will have a right to object to the grant, as security for the DIP Financing, of a Lien on any assets subject to Liens in favor of holders of such First Lien Obligations that shall not constitute Collateral; and *provided, further*, that any holder of First Lien Obligations receiving adequate protection granted in connection with the DIP Financing or such use of cash collateral shall not object to any other holder of First Lien Obligations receiving adequate protection comparable to any such adequate protection granted to such holder of First Lien Obligations. All holders of First Lien Obligations shall acknowledge that the First Lien Obligations may, subject to the limitations set forth in the Security Documents, be increased, extended, renewed, replaced, restated, supplemented, restructured, repaid, refunded, refinanced or otherwise amended or modified from time to time, all without affecting the priorities set forth in the Intercreditor Agreement defining the relative rights of the holders of First Lien Obligations.

Certain Covenants

Limitation on Liens

- (a) CCO will not, and will not permit any of its Material Subsidiaries to, directly or indirectly, incur any Lien on any of its assets (including Equity Interests of a Subsidiary), whether owned at the Issue Date or thereafter acquired, securing Indebtedness For Borrowed Money, other than Permitted Liens, without effectively providing that the Notes shall be secured, equally and ratably, on such assets of CCO or such Material Subsidiary with (or prior to) the Indebtedness For Borrowed Money so secured for so long as such Indebtedness For Borrowed Money is so secured.
- (b) Any Lien created for the benefit of the Holders of the Notes pursuant to clause (a) immediately above shall provide by its terms that such Lien shall be automatically and unconditionally released and discharged upon the release and discharge of the Lien that gave rise to such Lien created for the benefit of the Holders of the Notes.
- (c) Additionally, prior to a Collateral Release Event, CCO will not, and will not permit any Subsidiary to, directly or indirectly, incur any Lien on any of its assets (including Equity Interests of a Subsidiary), whether owned at the Issue Date or thereafter acquired, to secure Equally and Ratably Secured Indebtedness without effectively providing that the Notes shall be secured equally and ratably on the assets of CCO or such Subsidiary with the Equally and Ratably Secured Indebtedness so secured for so long as such Indebtedness For Borrowed Money is so secured.
- (d) Any Lien created for the benefit of the Holders of the Notes pursuant to clause (c) immediately above will provide by its terms that such Lien will be automatically and unconditionally released and discharged upon the release and discharge of the Lien that gave rise to such Lien created for the benefit of the Holders of the Notes.
- (e) This covenant requires only equal and ratable treatment in the application of proceeds of collateral and does not require that the Trustee have any ability to control the Collateral or the enforcement of remedies.
- (f) The reference to assets in clauses (a) and (c) above means the assets of CCO or any Material Subsidiary at the time of Incurrence of the Lien.

Merger and Consolidation

CCO will not consolidate with or merge with or into, or convey, transfer or lease, in one transaction or a series of transactions, directly or indirectly, all or substantially all its assets to, any Person (other than a Subsidiary Guarantor), unless:

- (1) the resulting, surviving or transferee Person (the "Successor Company") shall be a Person organized and existing under the laws of the United States of America, any State thereof or the District of Columbia and the Successor Company (if not CCO) shall expressly assume, by an indenture supplemental thereto, executed and delivered to the Trustee, in form reasonably satisfactory to the Trustee, all the obligations of CCO under the Notes and the Indenture and the Successor Company (if not CCO) shall, by supplement to the security documents, assume all obligations of CCO under the Security Documents and make;
- (2) immediately after giving pro forma effect to such transaction, no Default shall have occurred and be continuing; and
- (3) CCO shall have delivered to the Trustee an Officers' Certificate and an Opinion of Counsel, each stating that such consolidation, merger or transfer and such supplemental indenture (if any) comply with the requirements of the Indenture.

For purposes of this covenant, the sale, lease, conveyance, assignment, transfer or other disposition of all or substantially all of the properties and assets of one or more Subsidiaries of CCO, which properties and assets, if held by CCO instead of such Subsidiaries, would constitute all or substantially all of the

properties and assets of CCO on a consolidated basis, shall be deemed to be the transfer of all or substantially all of the properties and assets of CCO.

The Successor Company will be the successor to CCO and shall succeed to, and be substituted for, and may exercise every right and power of, CCO under the Indenture, and the predecessor company, except in the case of a lease, shall be released from its obligations under the Indenture, any Security Documents and the Intercreditor Agreement, including the obligation to pay the principal of and interest on the Notes.

For the avoidance of doubt, this covenant will not apply to transactions by and among CCO and its Subsidiaries.

Future Subsidiary Guarantors

Prior to the occurrence of a Collateral Release Event, CCO will cause any Subsidiary (other than the Issuer) that is an obligor of, or issues a Guarantee with respect to, any Equally and Ratably Secured Indebtedness, to, in each case, within 15 days, (1) execute and deliver to the Trustee a Guaranty Agreement pursuant to which such Subsidiary will Guarantee payment of the Notes on the same terms and conditions as those set forth in the Indenture and (2) grant a Lien on its property and assets for the benefit of the Holders and the Trustee, to the extent required pursuant to the covenant described under “— Limitation on Liens.”

Reports

CCO shall file with the Trustee, and transmit to Holders, such information, documents and other reports, and such summaries thereof, as may be required pursuant to the Trust Indenture Act at the times and in the manner provided pursuant to such Act; *provided* that any such information, documents or reports required to be filed with the Securities and Exchange Commission (the “SEC”) pursuant to Section 13 or 15(d) of the Securities Exchange Act of 1934, as amended, shall be filed with the Trustee within 15 days after the same is so required to be filed with the SEC. CCO shall also comply with the other provisions of Trust Indenture Act Section 314(a). Delivery of such reports, information and documents to the Trustee is for informational purposes only and the Trustee’s receipt of such shall not constitute constructive notice of any information contained therein or determinable from information contained therein, including each Issuer’s compliance with any of its covenants hereunder (as to which the Trustee is entitled to rely exclusively on Officers’ Certificates).

Notwithstanding anything to the contrary set forth above, for so long as the Issuers are direct or indirect majority-owned subsidiaries of any Parent (or other Person which, directly or indirectly, owns a majority of the outstanding common equity interests of CCO), if such Parent (or other Person which, directly or indirectly, owns a majority the outstanding common equity interests of CCO) has furnished the Holders of the Notes or filed electronically with the SEC the reports described in the preceding paragraphs with respect to such Parent (or other Person which, directly or indirectly, owns a majority of the outstanding common Equity Interests of CCO) and such reports include a brief explanation (or such explanation is otherwise made available to the Holders) of the material differences between the financial statements of such Parent and that of CCO, then the Issuers shall be deemed to be in compliance with this covenant.

Any information filed with the SEC and available at www.sec.gov or made available on any Parent’s website shall be deemed transmitted, filed and delivered as required under this covenant.

Events of Default

Each of the following is an Event of Default with respect to a series of Notes:

- (1) a default in the payment of interest on the Notes of such series when due, continued for 30 days;
- (2) a default in the payment of principal of any Note of such series when due at maturity, upon optional redemption, upon required purchase, upon declaration of acceleration or otherwise;
- (3) the failure by the Issuers or any Note Guarantor to comply for 90 days after notice with its covenants or other agreements (other than those described in clauses (1) and (2) above) contained in the Indenture;

- (4) certain events of bankruptcy, insolvency or reorganization of the Issuers or any Subsidiary Guarantor that is a Significant Subsidiary (or group of Subsidiary Guarantors that, taken together, would constitute a Significant Subsidiary) (the “bankruptcy provisions”);
- (5) any Note Guarantee of any Subsidiary Guarantor that is a Significant Subsidiary (or Note Guarantees of any group of Subsidiary Guarantors that, taken together, would constitute a Significant Subsidiary) ceases to be in full force and effect (other than in accordance with the terms of such Note Guarantee and/or the Indenture) or any Note Guarantor denies or disaffirms its obligations under its Note Guarantee; and
- (6) a material portion of the Collateral ceases to be subject to the Liens of the Security Documents (other than in accordance with the terms of the Indenture and the Security Documents) or any Issuer or Guarantor denies or disaffirms its obligations under the Security Documents to which it is party.

However, a default under clause (3) will not constitute an Event of Default with respect to the Notes of such series until the Trustee or the Holders of 30% in principal amount of the outstanding Notes of such series notify the Issuers of the default and the Issuers do not cure such default within the time specified after receipt of such notice; *provided* that a notice of default may not be given with respect to any action taken, and reported publicly or to Holders, more than two years prior to such notice of default.

If an Event of Default with respect to the Notes of such series occurs and is continuing, the Trustee or the Holders of at least 30% in principal amount of the outstanding Notes of such series may declare the principal of and accrued but unpaid interest on all the Notes of such series to be due and payable. Upon such a declaration, such principal and interest shall be due and payable immediately. If an Event of Default relating to the bankruptcy provisions (with respect to CCO) occurs and is continuing, the principal of and interest on all the Notes of such series will ipso facto become and be immediately due and payable without any declaration or other act on the part of the Trustee or any Holders of the Notes of such series. Under certain circumstances, the Holders of a majority in principal amount of the outstanding Notes of a series may rescind any such acceleration with respect to the Notes of such series and its consequences. Any time period in the Indenture to cure any actual or alleged default or Event of Default with respect to the Notes may be extended or stayed by a court of competent jurisdiction to the extent such actual or alleged default or Event of Default is the subject of litigation.

Any notice of default, notice of acceleration or instruction to the Trustee to provide a notice of Default, notice of acceleration or take any other action (a “*Noteholder Direction*”) provided by any one or more Holders (each, a “*Directing Holder*”) must be accompanied by a written representation from each such Holder to the Issuers and the Trustee that such Holder is not (or, in the case such Holder is DTC or its nominee, that such Holder is being instructed solely by beneficial owners that are not) Net Short (a “*Position Representation*”), which representation, in the case of a Noteholder Direction relating to a notice of Default (a “*Default Direction*”) shall be deemed repeated at all times until the resulting Event of Default is cured or otherwise ceases to exist or the Notes are accelerated. In addition, each Directing Holder must, at the time of providing a Noteholder Direction, covenant to provide the Issuers with such other information as the Issuers may reasonably request from time to time in order to verify the accuracy of such Directing Holder’s Position Representation within five business days of request therefor (a “*Verification Covenant*”). In any case in which the Holder is DTC or its nominee, any Position Representation or Verification Covenant required hereunder shall be provided by the beneficial owner of the Notes in lieu of DTC or its nominee, and DTC shall be entitled to rely on such Position Representation and Verification Covenant in delivering its direction to the Trustee.

If, following the delivery of a Noteholder Direction, but prior to acceleration of the Notes of the applicable series, the Issuers determine in good faith that there is a reasonable basis to believe a Directing Holder was, at any relevant time, in breach of its Position Representation and provide to the Trustee evidence that the Issuers have initiated litigation in a court of competent jurisdiction seeking a determination that such Directing Holder was, at such time, in breach of its Position Representation, and seeking to invalidate any Event of Default that resulted from the applicable Noteholder Direction, the cure period with respect to such Default shall be automatically stayed and the cure period with respect to such Event of Default shall

be automatically reinstated and any remedy stayed pending a final and non-appealable determination of a court of competent jurisdiction on such matter. If, following the delivery of a Noteholder Direction, but prior to acceleration of the Notes of the applicable series, the Issuers provide to the Trustee an Officers' Certificate stating that a Directing Holder failed to satisfy its Verification Covenant, the cure period with respect to such Default shall be automatically stayed and the cure period with respect to any Event of Default that resulted from the applicable Noteholder Direction shall be automatically reinstated and any remedy stayed until such time as the Issuers provide the Trustee with an Officers' Certificate that the Verification Covenant has been satisfied; *provided* that the Issuers shall promptly deliver such Officers' Certificate to the Trustee upon becoming aware that the Verification Covenant has been satisfied. Any breach of the Position Representation (as evidenced by the delivery to the Trustee of the Officers' Certificate stating that a Directing Holder failed to satisfy its Verification Covenant) shall result in such Holder's participation in such Noteholder Direction being disregarded; and if, without the participation of such Holder, the percentage of Notes of the applicable series held by the remaining Holders that provided such Noteholder Direction would have been insufficient to validly provide such Noteholder Direction, such Noteholder Direction shall be void ab initio, with the effect that such Event of Default shall be deemed never to have occurred, acceleration voided and the Trustee shall be deemed not to have received such Noteholder Direction or any notice of such Default or Event of Default.

Notwithstanding anything in the preceding two paragraphs to the contrary, any Noteholder Direction delivered to the Trustee during the pendency of an Event of Default as the result of a bankruptcy or similar direction shall not require compliance with the foregoing paragraphs.

The Trustee shall have no obligation to monitor or determine whether a Holder is Net Short and can rely conclusively on the Officers' Certificates delivered by the Issuers and determinations made by a court of competent jurisdiction.

Subject to the provisions of the Indenture relating to the duties of the Trustee, in case an Event of Default occurs and is continuing, the Trustee will be under no obligation to exercise any of the rights or powers under the Indenture or the Security Documents at the request or direction of any of the Holders of Notes of a series unless such Holders have offered to the Trustee indemnity or security satisfactory to it against any loss, liability or expense. Subject to the Intercreditor Agreement, except to enforce the right to receive payment of principal, premium (if any) or interest when due, no Holder of a Note of such series may pursue any remedy with respect to the Indenture or the Notes unless:

- (1) such Holder has previously given the Trustee notice that an Event of Default is continuing;
- (2) Holders of at least 30% in principal amount of the outstanding Notes of such series have requested the Trustee to pursue the remedy;
- (3) such Holders have offered the Trustee security or indemnity satisfactory to it against any loss, liability or expense;
- (4) the Trustee has not complied with such request within 60 days after the receipt thereof and the offer of security or indemnity; and
- (5) Holders of a majority in principal amount of the outstanding Notes of such series have not given the Trustee a direction inconsistent with such request within such 60-day period.

Subject to the terms of the Intercreditor Agreement and certain other restrictions, the Holders of a majority in principal amount of the outstanding Notes of a series are given the right to direct the time, method and place of conducting any proceeding for any remedy available to the Trustee or of exercising any trust or power conferred on the Trustee with respect to the Notes of such series. The Trustee, however, may refuse to follow any direction that conflicts with law or the Indenture or that the Trustee determines is unduly prejudicial to the rights of any other Holder of a Note of such series or that would involve the Trustee in personal liability.

If a Default occurs, is continuing and is known to the Trustee, the Trustee must transmit to each Holder of the Notes of each series to which such Default applies notice of the Default within 90 days after it occurs. Except in the case of a Default in the payment of principal of or interest on any Note, the Trustee

may withhold notice if and so long as a committee of its Trust Officers in good faith determines that withholding notice is not opposed to the interest of the Holders of the Notes. In addition, the Issuers are required to deliver to the Trustee, within 120 days after the end of each Fiscal Year of CCO, a certificate indicating whether the signers thereof know of any Default that occurred during the previous year. The Issuers are required to deliver to the Trustee, within 30 days after the occurrence thereof, written notice of any event which would constitute certain Defaults.

Amendments and Waivers

Subject to certain exceptions, the Indenture, the Intercreditor Agreement and the Security Documents may be amended with respect to the Notes of a series with the consent of the Holders of a majority in principal amount of the Notes of such series then outstanding (including consents obtained in connection with a tender offer or exchange offer for the Notes of such series) and any past Default or compliance with any provisions may also be waived with the consent of the Holders of a majority in principal amount of the Notes of such series then outstanding. However, without the consent of each Holder of an outstanding Note of a series affected thereby, an amendment or waiver may not, among other things:

- (1) reduce the amount of Notes whose Holders must consent to an amendment;
- (2) reduce the rate of or extend the time for payment of interest on any such Note;
- (3) reduce the principal of or change the maturity date of any such Note;
- (4) change the provisions applicable to the redemption of any such Note as described under “— Optional Redemption” (other than the timing for the notice of redemption);
- (5) make any such Note payable in money other than that stated in the Note;
- (6) impair the right of any Holder of such Notes to receive payment of principal of and interest on such Holder’s Notes on or after the due dates therefor or to institute suit for the enforcement of any payment on or with respect to such Holder’s Notes; *provided, however*, that an acceleration of such Notes may be rescinded and any payment default that resulted from such acceleration may be waived by the Holders of at least the percentage of aggregate principal amount of the Notes of such series required to amend the covenant or provision contained in the Indenture or any Note Guarantee, the breach of which resulted in such acceleration; or
- (7) make any change in the amendment provisions which require each Holder’s consent or in the waiver provisions.

Notwithstanding the preceding, without the consent of the Holders of at least 66 $\frac{2}{3}$ % in aggregate principal amount of the Notes of a series then outstanding, no amendment or waiver may make any change in any Security Document, the Intercreditor Agreement or the provisions in the Indenture dealing with Collateral or application of trust proceeds of the Collateral with the effect of releasing the Liens securing the Obligations in respect of the Notes of such series on all or substantially all of the Collateral.

Notwithstanding the preceding, without the consent of any Holder of the Notes, the Issuers and the Trustee may amend the Indenture, the Notes, the Intercreditor Agreement, any Note Guarantee or the Security Documents:

- (1) to cure any ambiguity, mistake, omission, defect or inconsistency;
- (2) to provide for the assumption by a successor Person of the obligations of the Issuers or any Note Guarantor under the Indenture or the Security Documents;
- (3) to provide for uncertificated Notes in addition to or in place of certificated Notes (provided that the uncertificated Notes are issued in registered form for purposes of Section 163(f) of the Code, or in a manner such that the uncertificated Notes are described in Section 163(f)(2)(B) of the Code);
- (4) to add Guarantees with respect to the Notes or to add additional Collateral to secure the Notes and the Note Guarantees;

- (5) to add to the covenants of the Issuers or any Note Guarantor for the benefit of the Holders of the Notes or to surrender any right or power conferred upon the Issuers or any Note Guarantor;
- (6) to make any change that does not adversely affect the rights of any Holder;
- (7) to conform the text of the Indenture, the Notes, any Note Guarantee, the Intercreditor Agreement or any Security Document to any provision of this “Description of Notes”;
- (8) to make any amendment to the provisions of the Indenture relating to the transfer and legending of Notes; *provided, however*, that (a) compliance with the Indenture as so amended would not result in Notes being transferred in violation of the Securities Act or any other applicable securities law and (b) such amendment does not materially and adversely affect the rights of Holders to transfer Notes;
- (9) to release Collateral from the Lien securing the Notes when permitted or required by the Security Documents, the Indenture or the Intercreditor Agreement;
- (10) to evidence and provide for the acceptance and appointment under the Indenture of a successor Trustee thereunder pursuant to the requirements thereof;
- (11) to release a Note Guarantor pursuant to the terms of the Indenture; or
- (12) to make any amendment to the provisions of the Indenture or the Notes to eliminate the effect of any Accounting Change or in the application thereof as described in the last paragraph of the definition of “GAAP.”

The consent of the Holders of the Notes is not necessary under the Indenture to approve the particular form of any proposed amendment. It is sufficient if such consent approves the substance of the proposed amendment.

After an amendment under the Indenture becomes effective, the Issuers are required to transmit to Holders of the Notes a notice briefly describing such amendment. However, the failure to give such notice to all Holders of the Notes, or any defect therein, will not impair or affect the validity of the amendment.

Transfer

The Notes will be issued in registered form and will be transferable only upon the surrender of the Notes being transferred for registration of transfer. The Issuers may require payment of a sum sufficient to cover any tax, assessment or other governmental charge payable in connection with certain transfers and exchanges.

Satisfaction and Discharge

When (1) the Issuers deliver to the Trustee all outstanding Notes of a series for cancellation or (2) all outstanding Notes of a series have become due and payable, whether at maturity or on a redemption date as a result of the transmitting of a notice of redemption, and, in the case of clause (2), the Issuers irrevocably deposit with the Trustee money, U.S. Government Obligations or any combination thereof sufficient to pay at maturity or upon redemption all outstanding Notes of such series, including interest thereon to maturity or such redemption date, and if in either case the Issuers pay all other sums payable under the Indenture by us with respect to such series of Notes, then the Indenture shall, subject to certain exceptions, cease to be of further effect with respect to such series of Notes.

Defeasance

At any time, Issuers may terminate all their obligations under the Indenture with respect to a series of Notes (“legal defeasance”), except for certain obligations, including those respecting the defeasance trust and obligations to register the transfer or exchange of the Notes of such series to replace mutilated, destroyed, lost or stolen Notes, and to maintain a registrar and paying agent in respect of the Notes of such series.

In addition, at any time the Issuers may, with respect to a series of Notes, terminate their obligations under the covenants described under “— Certain Covenants” (other than the covenant described under the

subheading “— Merger and Consolidation”), and the operation of the bankruptcy provisions with respect to Subsidiary Guarantors and the security default provision described under “— Events of Default” above (“covenant defeasance”).

The Issuers may exercise their legal defeasance option notwithstanding their prior exercise of their covenant defeasance option. If the Issuers exercise their legal defeasance option with respect to a series of Notes, payment of the Notes of such series may not be accelerated because of an Event of Default with respect thereto. If the Issuers exercise their covenant defeasance option with respect to a series of Notes, payment of the Notes of such series may not be accelerated because of an Event of Default specified in clause (3), (4) (with respect only to Subsidiary Guarantors) or (5) under “— Events of Default” above. If the Issuers exercise their legal defeasance option or their covenant defeasance option with respect to a series of Notes, each Note Guarantor will be released from all of its obligations with respect to its Note Guarantee and the Security Documents related to the Notes of such series.

In order to exercise either of the Issuers’ defeasance options with respect to a series of Notes, the Issuers must irrevocably deposit in trust (the “defeasance trust”) with the Trustee money, U.S. Government Obligations or any combination thereof for the payment of principal and interest on the Notes of such series to redemption or maturity, as the case may be, and must comply with certain other conditions, including delivery to the Trustee of (1) an Opinion of Counsel to the effect that beneficial owners of the Notes of such series will not recognize income, gain or loss for U.S. federal income tax purposes as a result of such deposit and defeasance and will be subject to U.S. federal income tax on the same amounts and in the same manner and at the same times as would have been the case if such deposit and defeasance had not occurred (and, in the case of legal defeasance only, such Opinion of Counsel must be based on a ruling of the Internal Revenue Service or other change in applicable U.S. federal income tax law) and (2) an Opinion of Counsel in the jurisdiction of organization of the Issuers (if other than the United States) to the effect that beneficial owners of the Notes of such series will not recognize income, gain or loss for income tax purposes of such jurisdiction as a result of such deposit and defeasance and will be subject to income tax of such jurisdiction on the same amounts and in the same manner and at the same times as would have been the case if such deposit and defeasance had not occurred.

Concerning the Trustee

The Bank of New York Mellon Trust Company, N.A. is the Trustee under the Indenture. The Issuers have appointed The Bank of New York Mellon Trust Company, N.A. as registrar and paying agent with regard to the Notes.

The Indenture contains certain limitations on the rights of the Trustee, should it become a creditor of the Issuers, to obtain payment of claims in certain cases, or to realize on certain property received in respect of any such claim as security or otherwise. The Trustee will be permitted to engage in other transactions; *provided, however*, that if it acquires any conflicting interest it must either eliminate such conflict within 90 days or resign.

The Holders of a majority in principal amount of the outstanding Notes will have the right to direct the time, method and place of conducting any proceeding for exercising any remedy available to the Trustee, subject to certain exceptions. If an Event of Default occurs (and is not cured), the Trustee will be required, in the exercise of its power, to use the degree of care of a prudent man in the conduct of his own affairs. Subject to such provisions, the Trustee will be under no obligation to exercise any of its rights or powers under the Indenture at the request of any Holder of Notes, unless such Holder shall have offered to the Trustee security or indemnity satisfactory to it against any loss, liability or expense and then only to the extent required by the terms of the Indenture.

No Personal Liability of Directors, Officers, Employees and Stockholders

No director, officer, employee, incorporator or stockholder of an Issuer or any Note Guarantor or any of their parent companies or subsidiaries will have any liability for any obligations of the Issuers or any Note Guarantor under the Notes, any Note Guarantee, any Security Document, the Intercreditor Agreement or the Indenture or for any claim based on, in respect of, or by reason of such obligations or their creation. Each Holder of the Notes by accepting a Note waives and releases all such liability. The waiver and release are

part of the consideration for issuance of the Notes. Such waiver and release may not be effective to waive liabilities under the U.S. federal securities laws, and it is the view of the SEC that such a waiver is against public policy.

Governing Law

The Indenture, the Intercreditor Agreement, the Notes and (subject to certain exceptions) the Security Documents will be governed by, and construed in accordance with, the laws of the State of New York.

“*GAAP*” means generally accepted accounting principles in the United States which are in effect on July 23, 2015; *provided* that at any time after the Issue Date, the Issuers may elect to establish that GAAP shall mean the GAAP as in effect on a date that is on or after the Issue Date and on or prior to the date of such election; *provided* that any such election, once made, shall be irrevocable. At any time after the Issue Date, the Issuers may elect to apply International Financial Reporting Standards (“IFRS”) accounting principles in lieu of GAAP and, upon any such election, references herein to GAAP shall thereafter be construed to mean IFRS (except as otherwise provided in the Indenture), including as to the ability of the Issuers to make an election pursuant to the previous sentence; *provided* that any such election, once made, shall be irrevocable; *provided, further*, that any calculation or determination in the Indenture that requires the application of GAAP for periods that include fiscal quarters ended prior to the Issuers’ election to apply IFRS shall remain as previously calculated or determined in accordance with GAAP; *provided, further again*, that the Issuers may only make such election if they also elect to report any subsequent financial reports required to be made by the Issuers, including pursuant to Section 13 or Section 15(d) of the Exchange Act and the covenants set forth under “Reports,” in IFRS. The Issuers shall give notice of any such election made in accordance with this definition to the Trustee and the Holders.

If there occurs a change in IFRS or GAAP, as the case may be, and such change would cause a change in the method of calculation of any standards, terms or measures (including all computations of amounts and ratios) used in the Indenture (an “Accounting Change”), then the Issuers may elect that such standards, terms or measures shall be calculated as if such Accounting Change had not occurred.

“*General Intangibles*” has the meaning ascribed to such term in the Applicable UCC. “*Governmental Authority*” means any nation or government, any state or other political subdivision thereof, any agency, authority, instrumentality, regulatory body, court, central bank or other entity exercising executive, legislative, judicial, taxing, regulatory or administrative functions of or pertaining to government, any securities exchange and any self-regulatory organization (including the National Association of Insurance Commissioners).

“*Grantors*” means the Issuers and the Subsidiary Guarantors.

“*Guarantee*” means, (i) when used as a noun, a guarantee (other than by endorsement of negotiable instruments for collection in the ordinary course of business), direct or indirect, in any manner (including letters of credit and reimbursement agreements in respect thereof), of all or any part of any Indebtedness For Borrowed Money or other obligations, and (ii) when used as a verb, to enter into a guarantee (other than by endorsement of negotiable instruments for collection in the ordinary course of business), direct or indirect, in any manner (including letters of credit and reimbursement agreements in respect thereof), of all or any part of any Indebtedness For Borrowed Money.

“*Guaranty Agreement*” means a supplemental indenture, in a form reasonably satisfactory to the Trustee, pursuant to which a Note Guarantor guarantees the Issuers’ obligations with respect to the Notes on the terms provided for in the Indenture.

“*Holder*” means the Person in whose name a Note is registered on the registrar’s books. “*Increased Amount*” means any increase in the amount of Indebtedness For Borrowed Money in connection with any accrual of interest, the accretion of accreted value, the amortization of original issue discount, the payment of interest in the form of additional indebtedness with the same terms, and accretion of original issue discount and increases in the amount of indebtedness outstanding solely as a result of fluctuations in the exchange rate of currencies or increases in the value of property securing indebtedness.

“*Incur*” means issue, assume, enter into a Guarantee, incur or otherwise become liable for. The term “*incurrence*” when used as a noun shall have a correlative meaning.

CERTAIN U.S. FEDERAL INCOME TAX CONSIDERATIONS

This section summarizes certain U.S. federal income tax considerations relating to the purchase, ownership, and disposition of the Notes. This summary does not provide a complete analysis of all potential tax considerations. The information provided below is based on the Internal Revenue Code of 1986, as amended (referred to herein as the “Code”), Treasury regulations issued under the Code, judicial authority and administrative rulings and practice, all as of the date hereof and all of which are subject to change or different interpretations, possibly on a retroactive basis. As a result, the tax considerations of purchasing, owning or disposing of the Notes could differ from those described below. This summary deals only with Notes purchased for cash at their “issue price” (i.e., the first price at which a substantial amount of the Notes are sold for cash to investors other than bond houses, brokers or similar persons or organizations acting in the capacity of underwriters, placement agents or wholesalers) and purchasers who hold such Notes as “capital assets” within the meaning of Section 1221 of the Code. This summary is general in nature and does not purport to deal with all aspects of U.S. federal income taxation that might be relevant to particular holders in light of their personal investment circumstances or status, nor does it address tax considerations applicable to persons in special tax situations, such as financial institutions, individual retirement and other tax deferred accounts, insurance companies, S corporations, partnerships or other pass-through entities for U.S. federal income tax purposes (or investors in such entities), regulated investment companies, tax-exempt investors, broker-dealers, dealers in securities and currencies, U.S. expatriates, persons holding Notes as a position in a “straddle,” “hedge,” “conversion transaction,” or other integrated transaction for tax purposes, controlled foreign corporations, U.S. citizens or lawful permanent residents living abroad, corporations that accumulate earnings to avoid U.S. federal income tax, passive foreign investment companies, non-U.S. trusts and estates that have U.S. beneficiaries, persons subject to the alternative minimum tax, persons subject to special tax accounting rules as a result of any item of gross income with respect to the Notes being taken into account in an applicable financial statement (as defined in Section 451 of the Code), persons subject to the base erosion and anti-abuse tax, U.S. Holders (as defined below) whose functional currency is not the U.S. dollar, or U.S. Holders that hold Notes through non-U.S. brokers or other non-U.S. intermediaries. Further, this discussion does not address the consequences under any U.S. federal tax laws other than U.S. federal income tax laws (such as the Medicare tax on certain investment income and U.S. federal estate and gift tax laws) or the tax laws of any state, local or any non-U.S. jurisdiction, or any consequences that may result pursuant to Treasury regulations promulgated under Section 385 of the Code with respect to any holder that is considered related to Charter for purposes of such regulations. We will not seek a ruling from the Internal Revenue Service (the “IRS”) with respect to any of the matters discussed herein and there can be no assurance that the IRS will not challenge one or more of the tax consequences described herein.

As used herein, a “U.S. Holder” is a beneficial owner of Notes that is, for U.S. federal income tax purposes:

- an individual that is a citizen or resident of the United States,
- a corporation organized under the laws of the United States, any state thereof or the District of Columbia,
- an estate whose income is includible in gross income for U.S. federal income tax purposes regardless of its source, or
- a trust, if (i) a court within the United States is able to exercise primary supervision over the administration of the trust and one or more “United States persons” within the meaning of Section 7701(a)(30) of the Code (a “U.S. Person”) have the authority to control all substantial decisions of the trust or (ii) it has a valid election in effect under applicable Treasury regulations to be treated as a U.S. Person.

As used herein, the term “Non-U.S. Holder” means a beneficial owner of Notes that is, for U.S. federal income tax purposes, an individual, corporation, estate or trust and is not a U.S. Holder.

If any entity treated as a partnership for U.S. federal income tax purposes is a beneficial owner of Notes, the treatment of a partner in the partnership generally will depend upon the status of the partner and upon the activities of the partner and the partnership. Partnerships and partners in partnerships

considering an investment in the Notes should consult their independent tax advisors about the U.S. federal income tax consequences of purchasing, owning and disposing of Notes.

The U.S. federal income tax discussion set forth herein is included for general information only and may not be applicable depending upon a holder's particular situation. Investors considering the purchase of Notes should consult their own tax advisors with respect to the tax consequences to them of the purchase, ownership and disposition of the Notes, including the tax consequences under state, local, foreign and other tax laws and the possible effects of changes in U.S. federal or other tax laws.

Effect of Certain Contingent Payments

In certain circumstances (see, e.g., "Description of Notes — Optional Redemption"), we may be obligated to pay amounts in excess of stated interest or principal on the Notes. Our obligation to pay such excess amounts may implicate the provisions of the Treasury regulations relating to "contingent payment debt instruments," in which case the timing and amount of income inclusions and the character of income recognized may be different from the consequences discussed herein. Under these regulations, however, one or more contingencies will not cause a debt instrument to be treated as a contingent payment debt instrument if, as of the issue date, such contingencies in the aggregate are considered "remote" or "incidental." We believe and intend to take the position that the foregoing contingencies should be treated as remote and/or incidental, in the aggregate, within the meaning of the applicable Treasury regulations as of the date hereof, and thus do not result in the Notes being treated as contingent payment debt instruments under applicable Treasury regulations. Our position is binding on a holder, unless the holder discloses in the proper manner to the IRS that it is taking a different position. However, this determination is inherently factual and we can give you no assurance that our position would be sustained if challenged by the IRS. A successful challenge of this position by the IRS could affect the timing and amount of a holder's income and could cause the gain from the sale or other disposition of a Note to be treated as ordinary income, rather than capital gain. This disclosure assumes that the Notes will not be considered contingent payment debt instruments. Holders should consult their own tax advisors regarding the potential application to the Notes of the contingent payment debt regulations and the consequences thereof.

U.S. Holders

Stated Interest

Stated interest on a Note will be includable by a U.S. Holder as ordinary interest income at the time it accrues or is received in accordance with such U.S. Holder's method of accounting for U.S. federal income tax purposes.

Sale, Exchange, Retirement, Redemption or Other Taxable Disposition of the Notes

Upon the sale, exchange, retirement, redemption or other taxable disposition of a Note, a U.S. Holder generally will recognize gain or loss equal to the difference between (i) the amount realized on the disposition (other than amounts attributable to accrued but unpaid stated interest, which will be taxed as ordinary interest income to the extent not previously so taxed) and (ii) the U.S. Holder's adjusted tax basis in the Note. A U.S. Holder's adjusted tax basis generally will be equal to the U.S. Holder's initial tax basis in the Notes (which generally will be equal to the original purchase price). A U.S. Holder's gain or loss generally will constitute capital gain or loss and will be long-term capital gain or loss if the U.S. Holder has held such Note for longer than one year. Non-corporate taxpayers generally are subject to a reduced federal income tax rate on net long-term capital gains. The deductibility of capital losses is subject to certain limitations. U.S. Holders should consult their own tax advisors as to deductibility of capital losses in their particular circumstances.

Backup Withholding and Information Reporting

In general, a U.S. Holder will be subject to backup withholding at the applicable tax rate (currently at a rate of 24%) with respect to cash payments of interest on the Notes and the gross proceeds from dispositions (including a retirement or redemption) of the Notes, unless the U.S. Holder (i) is an entity that is exempt from backup withholding (generally including corporations, tax-exempt organizations and certain qualified

nominees) and, when required, provides appropriate documentation to that effect or (ii) provides the applicable withholding agent with its social security or other taxpayer identification number (“TIN”) within a reasonable time after a request therefor, certifies that the TIN provided is correct and that the U.S. Holder has not been notified by the IRS that it is subject to backup withholding due to a prior underreporting of interest or dividends, and otherwise complies with applicable requirements of the backup withholding rules. A U.S. Holder who does not provide the applicable withholding agent with its correct TIN may be subject to penalties imposed by the IRS. Backup withholding is not an additional tax. The amount of any backup withholding from a payment to a U.S. Holder will be allowed as a credit against such U.S. Holder’s U.S. federal income tax liability and may entitle such U.S. Holder to a refund, provided that the required information is timely furnished to the IRS. The applicable withholding agent will report to the U.S. Holders and the IRS the amount of any “reportable payments” and any amounts withheld with respect to the Notes as required by the Code and applicable Treasury regulations.

Non-U.S. Holders

Interest

Subject to the discussion of backup withholding and FATCA below, interest income of a Non-U.S. Holder that is not effectively connected with a U.S. trade or business carried on by the Non-U.S. Holder should qualify for the so-called “portfolio interest exemption” and, therefore, should not be subject to U.S. federal income tax or withholding, *provided that*

- the Non-U.S. Holder is not a “10-percent shareholder” (as defined in Section 871(h)(3)(B) of the Code) of an Issuer (or, if applicable, its regarded owner for U.S. federal income tax purposes), actually or constructively, pursuant to the rules of Section 871(h)(3)(C) of the Code;
- the Non-U.S. Holder is not a “controlled foreign corporation” (as defined in Section 881(c)(3)(C) of the Code) related to an Issuer (or, if applicable, its regarded owner for U.S. federal income tax purposes) actually or constructively through the ownership rules under Section 864(d)(4) of the Code;
- the Non-U.S. Holder is not a “bank” (within the meaning of Section 881(c)(3)(A) of the Code) that is receiving the interest on an extension of credit made pursuant to a loan agreement entered into in the ordinary course of its trade or business; and
- the beneficial owner satisfies the certification requirements set forth in Section 871(h) or 881(c), as applicable, of the Code and the Treasury regulations issued thereunder by giving the applicable withholding agent an appropriate IRS Form W-8 (or a suitable substitute or successor form or such other form as the IRS may prescribe) that has been properly completed and duly executed establishing its status as a Non-U.S. Holder or by other means prescribed by applicable Treasury regulations.

If any of these conditions is not met, interest on the Notes paid to a Non-U.S. Holder that is not effectively connected with a U.S. trade or business carried on by the Non-U.S. Holder generally will be subject to federal withholding tax at a 30% rate unless an applicable income tax treaty reduces or eliminates such tax, and the Non-U.S. Holder claims the benefit of that treaty by providing an IRS Form W-8BEN or W-8BEN-E, as applicable (or a suitable substitute or successor form or such other form as the IRS may prescribe) that has been properly completed and duly executed.

If the interest on the Notes is effectively connected with a U.S. trade or business carried on by the Non-U.S. Holder (“ECI”), then, unless an applicable income tax treaty provides otherwise, the Non-U.S. Holder will be required to pay U.S. federal income tax on that interest on a net income basis generally in the same manner as a U.S. Holder (and the 30% withholding tax described above will not apply, provided the appropriate statement is provided to the applicable withholding agent). If a Non-U.S. Holder is eligible for the benefits of any income tax treaty between the United States and its country of residence, any interest income that is ECI will be subject to U.S. federal income tax in the manner specified by the treaty if the Non-U.S. Holder claims the benefit of the treaty by providing an IRS Form W-8BEN or W-8BEN-E, as applicable (or a suitable substitute or successor form or such other form as the IRS may prescribe) that has been properly completed and duly executed. In addition, a corporate Non-U.S. Holder may also, under certain circumstances, be subject to an additional “branch profits tax” at a 30% rate, or, if applicable, a lower treaty rate, on its effectively connected earnings and profits (subject to adjustments).

Sale, Exchange, Retirement, Redemption or Other Taxable Disposition of the Notes

A Non-U.S. Holder generally will not be subject to U.S. federal income or withholding tax on any gain recognized on a sale, exchange, retirement, redemption or other taxable disposition of the Notes (other than any amount representing accrued but unpaid interest on the Note, which is subject to the rules discussed above under “Non-U.S. Holders — Interest”) unless:

- the gain is effectively connected with the conduct of a trade or business within the United States by the Non-U.S. Holder, or
- in the case of a Non-U.S. Holder who is a nonresident alien individual, such Non-U.S. Holder is treated as present in the United States for 183 or more days in the taxable year and certain other requirements are met.

If a Non-U.S. Holder falls under the first of these exceptions, unless an applicable income tax treaty provides otherwise, the Non-U.S. Holder will be taxed on the gain derived from the disposition of the Notes on a net income basis generally in the same manner as a U.S. Holder and, if the Non-U.S. Holder is a foreign corporation, it may also be subject to the branch profits tax described above.

If an individual Non-U.S. Holder falls under the second of these exceptions, the Non-U.S. Holder generally will be subject to U.S. federal income tax at a rate of 30% (unless a lower applicable treaty rate applies) on the amount by which the gain derived from the disposition from sources within the United States exceeds certain of such Non-U.S. Holder’s capital losses allocable to sources within the United States.

Backup Withholding and Related Information Reporting

Amounts of interest paid to a Non-U.S. Holder on a Note, and amounts withheld from such payments, if any, generally will be required to be reported to the IRS and to such Non-U.S. Holder. The IRS may make this information available under the provisions of an applicable income tax treaty to the tax authorities in the country in which the Non-U.S. Holder is resident.

Backup withholding generally will not apply to payments of interest on the Notes if a Non-U.S. Holder certifies its status as a non-U.S. Person under penalties of perjury or otherwise establishes an exemption, provided that the applicable withholding agent does not have actual knowledge or reason to know that such Non-U.S. Holder is a U.S. Person. The payment of the proceeds of the disposition of Notes (including a retirement or redemption) to or through the U.S. office of a U.S. or foreign broker will be subject to backup withholding and related information reporting (currently at a rate of 24%) unless the Non-U.S. Holder provides the certification described above or otherwise establishes an exemption.

The proceeds of a disposition (including a retirement or redemption) effected outside the United States by a Non-U.S. Holder of the Notes to or through a foreign office of a broker generally will not be subject to backup withholding or related information reporting. However, if that broker has certain types of relationships with the United States described in Treasury regulations (e.g., the broker is, for U.S. tax purposes, (i) a U.S. Person, (ii) a foreign person 50% or more of whose gross income from all sources for certain periods is effectively connected with a trade or business in the United States, (iii) a foreign partnership that is engaged in the conduct of a trade or business in the United States or that has one or more partners that are U.S. Persons who in the aggregate hold more than 50% of the income or capital interests in the partnership, or (iv) in certain cases, a controlled foreign corporation), such information reporting requirements will apply (but backup withholding generally will not apply) unless that broker has documentary evidence in its files of such holder’s status as a Non-U.S. Holder. Backup withholding is not an additional tax. Any amounts withheld from a payment to a Non-U.S. Holder under the backup withholding rules will be allowed as a credit against such Non-U.S. Holder’s U.S. federal income tax liability and may entitle it to a refund, provided it timely furnishes the required information to the IRS.

Foreign Account Tax Compliance Withholding

Sections 1471 through 1474 of the Code, commonly known as the Foreign Account Tax Compliance Act (“FATCA”), may impose a U.S. federal withholding tax of 30% on interest income paid on the Notes to (i) a foreign financial institution (as the beneficial owner or as an intermediary for the beneficial owner),

unless such institution enters into an agreement with the U.S. government to collect and provide to the U.S. tax authorities substantial information regarding U.S. account holders of such institution (which would include certain equity and debt holders of such institution, as well as certain account holders that are foreign entities with U.S. owners) and to withhold certain amounts or, if required under an intergovernmental agreement between the United States and an applicable foreign country, reports such information to its local tax authority, which will exchange such information with the U.S. tax authorities, and (ii) a foreign entity that is not a financial institution (as the beneficial owner or as an intermediary for the beneficial owner), unless such entity provides the withholding agent with a certification identifying the substantial U.S. owners of the entity, which generally includes any U.S. Person who directly or indirectly owns more than 10% of the entity, or certifies that it does not have any substantial U.S. owners. The FATCA withholding rules were initially also applicable to gross proceeds from a sale, retirement, redemption or other disposition of the Notes. However, proposed Treasury regulations, which state that taxpayers may rely on the proposed regulations until final regulations are issued, provide that this withholding tax will not apply to gross proceeds from a sale or other disposition of the Notes. Nonetheless, there can be no assurance that a similar rule will not go into effect in the future. Each holder should consult its own tax advisor regarding the possible impact of FATCA withholding rules on such holder.

An intergovernmental agreement between the United States and the applicable foreign country, or future Treasury regulations or other guidance, may modify these requirements. In many cases, Non-U.S. Holders may be able to indicate their exemption from, or compliance with, FATCA by providing a properly completed Form W-8BEN or W-8BEN-E, as applicable (or a suitable substitute or successor form as the IRS may prescribe) to the applicable withholding agent certifying as to such status under FATCA; however, it is possible that additional information and diligence requirements will apply in order for a Non-U.S. Holder to establish an exemption from withholding under FATCA to the applicable withholding agent. Investors are encouraged to consult their own tax advisors regarding the implications of FATCA with respect to their investment in our Notes.

The underwriting agreement provides that the obligations of the underwriters are subject to certain conditions precedent. The underwriting agreement provides that the underwriters will purchase all of the Notes if any of them are purchased. In the underwriting agreement, the Issuers have agreed that they will not, and will not permit any of their subsidiaries to, offer, sell, contract to sell or otherwise dispose of, any securities of the Issuers that are substantially similar to any series of Notes before the issue date of the Notes without the prior consent of Barclays Capital Inc., Citigroup Global Markets Inc. and Morgan Stanley & Co. LLC. The underwriters may offer and sell notes through their affiliates. The offering of the Notes by the underwriters is subject to receipt and acceptance and subject to the underwriters' right to reject any order in whole or in part.

We have been advised by the underwriters that the underwriters propose to offer the Notes to the public at the public offering price for each series of Notes set forth on the cover page of this prospectus supplement. After commencement of the offering, the offering prices and other selling terms may be changed by the underwriters.

The Notes are not listed on any securities exchange or included in any quotation system. The underwriters have advised us that they currently intend to make a market in the Notes. However, the underwriters are not obligated to do so and may discontinue any market-making at any time without notice. No assurance can be given as to the liquidity of the trading market for the Notes.

We have agreed to indemnify (and, if indemnification is unavailable or insufficient, contribute to) the several underwriters and certain controlling persons against certain liabilities, including liabilities under the Securities Act.

The underwriters have advised us that, pursuant to Regulation M under the Securities Exchange Act of 1934, as amended, certain persons participating in the offering may engage in transactions, including overallocation, stabilizing bids, syndicate covering transactions or the imposition of penalty bids, which may have the effect of stabilizing or maintaining the market price of the Notes at a level above that which might otherwise prevail in the open market. Overallocation involves syndicate sales in excess of the offering size, which creates a syndicate short position. A stabilizing bid is a bid for the purchase of Notes on behalf of the underwriters for the purpose of fixing or maintaining the price of the Notes. A syndicate covering transaction is the bid for, or the purchase of, Notes on behalf of the underwriters to reduce a short position incurred by the underwriters in connection with the offering. A penalty bid is an arrangement permitting the underwriters to reclaim the selling concession otherwise accruing to a syndicate member in connection with the offering if the Notes originally sold by such syndicate member are purchased in a syndicate covering transaction and therefore have not been effectively placed by such syndicate member. The underwriters are not obligated to engage in these activities and, if commenced, any of the activities may be discontinued at any time.

PRIIPs Regulation / Prospectus Regulation / Prohibition of sales to EEA retail investors

The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area (“EEA”). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, “MiFID II”); (ii) a customer within the meaning of Directive (EU) 2016/97 (as amended, the “Insurance Distribution Directive”), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in Directive 2017/1129 (as amended, the “Prospectus Regulation”). Consequently, no key information document required by Regulation (EU) No 1286/2014 (as amended, the “PRIIPs Regulation”) for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation. This prospectus supplement has been prepared on the basis that any offer of the Notes in any Member State of the EEA will be made pursuant to an exemption under the Prospectus Regulation from the requirement to publish a prospectus for offers of the Notes. This prospectus supplement is not a prospectus for the purposes of the Prospectus Regulation.

Prohibition of sales to United Kingdom retail investors

The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the United Kingdom (the “UK”). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 (the “EUWA”); (ii) a customer within the meaning of the provisions of the Financial Services and Markets Act 2000 (the “FSMA”) and any rules or regulations made under the FSMA to implement Directive (EU) 2016/97, where that customer would not qualify as a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the EUWA; or (iii) not a qualified investor as defined in Article 2 of Regulation (EU) 2017/1129

as it forms part of domestic law by virtue of the EUWA. Consequently, no key information document required by Regulation (EU) No 1286/2014 as it forms part of domestic law by virtue of the EUWA (the “UK PRIIPs Regulation”) for offering or selling the Notes or otherwise making them available to retail investors in the UK has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the UK may be unlawful under the UK PRIIPs Regulation.

Notice to Prospective Investors in the United Kingdom

The underwriters have represented, warranted and agreed that:

- they have only communicated or caused to be communicated and will only communicate or cause to be communicated any invitation or inducement to engage in investment activity (within the meaning of Section 21 of the Financial Services and Markets Act 2000 (“FSMA”)) received by them in connection with the issue or sale of the Notes included in this offering in circumstances in which Section 21(1) of the FSMA does not apply to us; and
- they have complied and will comply with all applicable provisions of the FSMA with respect to anything done by them in relation to the Notes included in this offering in, from or otherwise involving the United Kingdom.

Notice to Prospective Investors in Hong Kong

The Notes may not be offered or sold by means of any document other than (i) in circumstances which do not constitute an offer to the public within the meaning of the Companies Ordinance (Cap.32, Laws of Hong Kong), or (ii) to “professional investors” within the meaning of the Securities and Futures Ordinance (Cap.571, Laws of Hong Kong) and any rules made thereunder, or (iii) in other circumstances which do not result in the document being a “prospectus” within the meaning of the Companies Ordinance (Cap.32, Laws of Hong Kong), and no advertisement, invitation or document relating to the Notes may be issued or may be in the possession of any person for the purpose of issue (in each case whether in Hong Kong or elsewhere), which is directed at, or the contents of which are likely to be accessed or read by, the public in Hong Kong (except if permitted to do so under the laws of Hong Kong) other than with respect to Notes which are or are intended to be disposed of only to persons outside Hong Kong or only to “professional investors” within the meaning of the Securities and Futures Ordinance (Cap. 571, Laws of Hong Kong) and any rules made thereunder.

Notice to Prospective Investors in Japan

The Notes have not been and will not be registered under the Financial Instruments and Exchange Law of Japan (the Financial Instruments and Exchange Law) and each underwriter has agreed that it will not offer or sell any Notes, directly or indirectly, in Japan or to, or for the benefit of, any resident of Japan (which term as used herein means any person resident in Japan, including any corporation or other entity organized under the laws of Japan), or to others for re-offering or resale, directly or indirectly, in Japan or to a resident of Japan, except pursuant to an exemption from the registration requirements of, and otherwise in compliance with, the Financial Instruments and Exchange Law and any other applicable laws, regulations and ministerial guidelines of Japan.

Notice to Prospective Investors in Singapore

This prospectus supplement has not been registered as a prospectus with the Monetary Authority of Singapore. Accordingly, this prospectus supplement and any other document or material in connection with the offer or sale, or invitation for subscription or purchase, of the Notes may not be circulated or distributed, nor may the Notes be offered or sold, or be made the subject of an invitation for subscription or purchase, whether directly or indirectly, to persons in Singapore other than (i) to an institutional investor under Section 274 of the Securities and Futures Act, Chapter 289 of Singapore (the “SFA”), (ii) to a relevant person, or any person pursuant to Section 275(1A), and in accordance with the conditions, specified in Section 275 of the SFA or (iii) otherwise pursuant to, and in accordance with the conditions of, any other applicable provision of the SFA.

Singapore Securities and Futures Act Product Classification

Solely for the purposes of our obligations pursuant to sections 309B(1)(a) and 309B(1)(c) of the SFA, we have determined, and hereby notify all relevant persons (as defined in Section 309A of the SFA) that the notes are “prescribed capital markets products” (as defined in the Securities and Futures (Capital Markets Products) Regulations 2018) and Excluded Investment Products (as defined in MAS Notice SFA 04-N12: Notice on the Sale of Investment Products and MAS Notice FAA-N16: Notice on Recommendations on Investment Products).

Notice to Prospective Investors in Canada

The Notes may be sold only to purchasers purchasing, or deemed to be purchasing, as principal that are accredited investors, as defined in National Instrument 45-106 *Prospectus Exemptions* or subsection 73.3(1) of the *Securities Act* (Ontario), and are permitted clients, as defined in National Instrument 31-103 *Registration Requirements, Exemptions and Ongoing Registrant Obligations*. Any resale of the Notes must be made in accordance with an exemption from, or in a transaction not subject to, the prospectus requirements of applicable securities laws.

Securities legislation in certain provinces or territories of Canada may provide a purchaser with remedies for rescission or damages if this prospectus supplement (including any amendment thereto) contains a misrepresentation, provided that the remedies for rescission or damages are exercised by the purchaser within the time limit prescribed by the securities legislation of the purchaser’s province or territory. The purchaser should refer to any applicable provisions of the securities legislation of the purchaser’s province or territory for particulars of these rights or consult with a legal advisor.

Pursuant to section 3A.3 (or, in the case of securities issued or guaranteed by the government of a non-Canadian jurisdiction, section 3A.4) of National Instrument 33-105 *Underwriting Conflicts* (NI 33-105), the underwriters are not required to comply with the disclosure requirements of NI 33-105 regarding underwriter conflicts of interest in connection with this offering.

Notice to Prospective Investors in Switzerland

This prospectus supplement is not intended to constitute an offer or solicitation to purchase or invest in the Notes.

The Notes may not be publicly offered, directly or indirectly, in Switzerland within the meaning of the Swiss Financial Services Act (“FinSA”) and no application has or will be made to admit the Notes to trading on any trading venue (exchange or multilateral trading facility) in Switzerland. Neither this prospectus supplement nor any other offering or marketing material relating to the Notes constitutes a prospectus pursuant to the FinSA, and neither this prospectus supplement nor any other offering or marketing material relating to the Notes may be publicly distributed or otherwise made publicly available in Switzerland.

Notice to Prospective Investors in Taiwan

The Notes have not been and will not be registered with the Financial Supervisory Commission of Taiwan pursuant to relevant securities laws and regulations and may not be sold, issued or offered within Taiwan through a public offering or in circumstances which constitutes an offer within the meaning of the Securities and Exchange Act of Taiwan that requires a registration or approval of the Financial Supervisory Commission of Taiwan. No person or entity in Taiwan has been authorized to offer, sell, give advice regarding or otherwise intermediate the offering and sale of the Notes in Taiwan.

Other Relationships

The underwriters and their respective affiliates are full service financial institutions engaged in various activities, which may include sales and trading, commercial and investment banking, advisory, investment management, investment research, principal investment, hedging, market making, brokerage and other financial and non-financial activities and services. Certain of the underwriters or their respective affiliates from time to time have provided in the past and may provide in the future investment banking, commercial lending and financial advisory services to us and our affiliates in the ordinary course of business.

In addition, in the ordinary course of their various business activities, the underwriters and their respective affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers, and such investment and securities activities may involve securities and/or instruments of the Issuers. The underwriters and their respective affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or instruments and may at any time hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments. If any of the underwriters or their affiliates has a lending relationship with us, certain of those underwriters or their affiliates routinely hedge, and certain other of those underwriters or their affiliates are likely to hedge, their credit exposure to us consistent with their customary risk management policies. Typically, these underwriters and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in our securities, including potentially the Notes offered hereby. Any such credit default swaps or short positions could adversely affect future trading prices of the Notes offered hereby. In addition, Morgan Stanley & Co. LLC is acting as dealer manager in connection with the Concurrent Tender Offer and will receive fees, indemnification against certain liabilities, and reimbursement of expenses, in each case in connection therewith. Certain of the underwriters or their affiliates from time to time may be lenders and/or agents under the CCO credit facilities. Certain of the underwriters or their affiliates may be holders of Class A common stock of Charter, common units of Charter Holdings, the 2025 Notes and/or CCO's existing senior secured term loan B-1 facility and may therefore receive a portion of the proceeds of this offering.

Settlement

We expect that delivery of the Notes will be made to investors on or about May 14, 2024, which will be the third business day following the date of this prospectus supplement (such settlement being referred to as "T+3"). Under Rule 15c6-1 under the Securities Exchange Act of 1934, trades in the secondary market are required to settle in two business days, unless the parties to any such trade expressly agree otherwise. Accordingly, purchasers who wish to trade Notes hereunder prior to the date that is two business days preceding the settlement date will be required, by virtue of the fact that the Notes initially settle in T+3, to specify an alternate settlement arrangement at the time of any such trade to prevent a failed settlement. Purchasers of the Notes who wish to trade the Notes during such period should consult their advisors.

LEGAL MATTERS

The validity of the Notes offered in this prospectus supplement will be passed upon for the Issuers by Kirkland & Ellis LLP, New York, New York. Certain legal matters in connection with this offering will be passed upon for the underwriters by Cahill Gordon & Reindel LLP, New York, New York. Cahill Gordon & Reindel LLP represents Charter Communications, Inc. and certain of its subsidiaries in certain matters.

EXPERTS

The consolidated financial statements of CCO Holdings, LLC and subsidiaries as of December 31, 2023 and 2022, and for each of the years in the three-year period ended December 31, 2023, have been incorporated by reference herein in reliance upon the report of KPMG LLP, an independent registered public accounting firm, appearing in the CCO Holdings, LLC [Annual Report on Form 10-K filed with the SEC on February 2, 2024](#), incorporated by reference herein, and upon the authority of said firm as experts in accounting and auditing.

WHERE YOU CAN FIND MORE INFORMATION

The indenture governing the Notes will provide and provides that, regardless of whether they are at any time required to file reports with the SEC, the Issuers will file with the SEC and furnish to the holders of the Notes all such reports and other information as would be required to be filed with the SEC if the Issuers were subject to the reporting requirements of the Exchange Act; *provided*, that so long as CCO Holdings guarantees the obligations under the Notes, the reports of CCO Holdings filed with the SEC shall satisfy this requirement.

This prospectus supplement contains summaries, believed to be accurate in all material respects, of certain terms of certain agreements regarding this offering and the Notes (including but not limited to the indenture governing the Notes and the underwriting agreement), but reference is hereby made to the actual agreements, copies of which will be made available to you upon request to us or the underwriters, for complete information with respect thereto, and all such summaries are qualified in their entirety by this reference. ABOUT THIS PROSPECTUS

This prospectus is part of an automatic shelf registration statement that we filed with the Securities and Exchange Commission (the “SEC”), as a “well-known seasoned issuer” as defined in Rule 405 under the Securities Act of 1933, as amended (the “Securities Act”). By using an automatic shelf registration statement, we may, at any time and from time to time, sell securities under this prospectus in one or more offerings in an unlimited amount. As allowed by the SEC rules, this prospectus does not contain all of the information included in the registration statement. For further information, we refer you to the registration statement, including its exhibits. Statements contained in this prospectus about the provisions or contents of any agreement or other document are not necessarily complete. If the SEC’s rules and regulations require that an agreement or document be filed as an exhibit to the registration statement, please see that agreement or document for a complete description of these matters.

This prospectus provides you with a general description of the securities we may offer. Each time we sell securities, we will provide a prospectus supplement that will contain specific information about the terms of the offering and the offered securities. This prospectus, together with applicable prospectus supplements, any information incorporated by reference, and any related free writing prospectuses we file with the SEC, includes all material information relating to these offerings and securities. We may also add, update or change in the prospectus supplement any of the information contained in this prospectus or in the documents that we have incorporated by reference into this prospectus, including without limitation, a discussion of any risk factors or other special considerations that apply to these offerings or securities or the specific plan of distribution. If there is any inconsistency between the information in this prospectus and a prospectus supplement or information incorporated by reference having a later date, you should rely on the information in that prospectus supplement or incorporated information having a later date. We urge you to read carefully this prospectus, any applicable prospectus supplement and any related free writing prospectus, together with the information incorporated herein by reference as described under the heading “Incorporation By Reference of Certain Documents” and the additional information described under the heading “Where You Can Find Additional Information,” before buying any of the securities being offered.

You should rely only on the information we have provided or incorporated by reference in this prospectus, any applicable prospectus supplement and any related free writing prospectus. We have not authorized anyone to provide you with different information. No dealer, salesperson or other person is authorized to give any information or to represent anything not contained in this prospectus, any applicable prospectus supplement or any related free writing prospectus.

CAUTIONARY NOTE REGARDING FORWARD-LOOKING STATEMENTS

This prospectus includes forward-looking statements within the meaning of Section 27A of the Securities Act and Section 21E of the Securities Exchange Act of 1934, as amended (the “Exchange Act”), regarding, among other things, our plans, strategies and prospects, both business and financial. Although we believe that our plans, intentions and expectations as reflected in or suggested by these forward-looking statements are reasonable, we cannot assure you that we will achieve or realize these plans, intentions or expectations. Forward-looking statements are inherently subject to risks, uncertainties and assumptions including, without limitation, the factors described in the section entitled “Risk Factors” in this prospectus and in the documents incorporated by reference in this prospectus. Many of the forward-looking statements contained in this prospectus may be identified by the use of forward-looking words such as “believe,” “expect,” “anticipate,” “should,” “planned,” “will,” “may,” “intend,” “estimated,” “aim,” “on track,” “target,” “opportunity,” “tentative,” “positioning,” “designed,” “create,” “predict,” “project,” “initiatives,” “seek,” “would,” “could,” “continue,” “ongoing,” “upside,” “increases,” “grow,” “focused on” and “potential,” among others. Important factors that could cause actual results to differ materially from the forward-looking statements we make in this prospectus are set forth in this prospectus, in our annual report on Form 10-K for the year ended December 31, 2022, and our other periodic reports and other reports or documents that we file from time to time with the SEC, and include, but are not limited to:

- our ability to sustain and grow revenues and cash flow from operations by offering Internet, video, voice, mobile, advertising and other services to residential and commercial customers, to adequately meet the customer experience demands in our service areas and to maintain and grow our customer base, particularly in the face of increasingly aggressive competition, the need for innovation and the related capital expenditures;
- the impact of competition from other market participants, including but not limited to incumbent telephone companies, direct broadcast satellite (“DBS”) operators, wireless broadband and telephone providers, digital subscriber line (“DSL”) providers, fiber to the home providers and providers of video content over broadband Internet connections;
- general business conditions, unemployment levels and the level of activity in the housing sector and economic uncertainty or downturn;
- our ability to obtain programming at reasonable prices or to raise prices to offset, in whole or in part, the effects of higher programming costs (including retransmission consents and distribution requirements);
- our ability to develop and deploy new products and technologies including consumer services and service platforms;
- any events that disrupt our networks, information systems or properties and impair our operating activities or our reputation;
- the effects of governmental regulation on our business including subsidies to consumers, subsidies and incentives for competitors, costs, disruptions and possible limitations on operating flexibility related to, and our ability to comply with, regulatory conditions applicable to us;
- the ability to hire and retain key personnel;
- our ability to procure necessary services and equipment from our vendors in a timely manner and at reasonable costs including in connection with our network evolution and rural construction initiatives;
- the availability and access, in general, of funds to meet our debt obligations prior to or when they become due and to fund our operations and necessary capital expenditures, either through (i) cash on hand, (ii) free cash flow, or (iii) access to the capital or credit markets; and
- our ability to comply with all covenants in our indentures and credit facilities, any violation of which, if not cured in a timely manner, could trigger a default of our other obligations under cross-default provisions.

All forward-looking statements attributable to us or any person acting on our behalf are expressly qualified in their entirety by this cautionary statement. We are under no duty or obligation to update any of the forward-looking statements after the date of this prospectus.

WHERE YOU CAN FIND ADDITIONAL INFORMATION

The Issuers have filed with the SEC a registration statement on Form S-3 under the Securities Act to register with the SEC their respective debt securities being offered in this prospectus and any guarantees thereof. This prospectus, which constitutes a part of the registration statement, does not contain all of the information set forth in the registration statement or the exhibits and schedules filed with it. For further information about the Issuers, reference is made to the registration statement and the exhibits and schedules filed with it. Statements contained in this prospectus regarding the contents of any contract or any other document that is filed as an exhibit to the registration statement are not necessarily complete, and each such statement is qualified in all respects by reference to the full text of such contract or other document filed as an exhibit to the registration statement. Charter and CCO Holdings file annual, quarterly and current reports, proxy and registration statements and other information with the SEC. You may read and copy any reports, statements, or other information that Charter and CCO Holdings file, including the registration statement, of which this prospectus forms a part, and the exhibits and schedules filed with it, without charge at the public reference room maintained by the SEC, located at 100 F Street, NE, Washington, D.C. 20549, and copies of all or any part of the registration statement may be obtained from the SEC on the payment of the fees prescribed by the SEC. Please call the SEC at 1-800-SEC-0330 for further information about the public reference room. The SEC also maintains an Internet website that contains reports, proxy and information statements and other information regarding registrants that file electronically with the SEC. The address of the site is www.sec.gov.

INCORPORATION BY REFERENCE OF CERTAIN DOCUMENTS

Each of Charter and CCO Holdings files annual, quarterly, special reports and other information with the SEC. This prospectus incorporates by reference certain information of Charter and of CCO Holdings filed with the SEC, which means that the Issuers disclose important information to you by referring you to those documents. The information incorporated by reference is an important part of this prospectus, and information that Charter and CCO Holdings file later with the SEC will automatically update and supersede this information. Specifically, this prospectus incorporates by reference the documents listed below and any future filings of Charter or CCO Holdings made with the SEC under Sections 13(a), 13(c), 14 or 15(d) of the Exchange Act (in each case excluding any information furnished but not filed) prior to the termination of this offering:

Our Business

We are a leading broadband connectivity company and cable operator serving more than 32 million customers in 41 states through our Spectrum brand. Over an advanced communications network, we offer a full range of state-of-the-art residential and business services including Spectrum Internet[®], TV, Mobile and Voice. For small and medium-sized companies, Spectrum Business[®] delivers the same suite of broadband products and services coupled with special features and applications to enhance productivity, while for larger businesses and government entities, Spectrum Enterprise[®] provides highly customized, fiber-based solutions. Spectrum Reach[®] delivers tailored advertising and production for the modern media landscape. We also distribute award-winning news coverage and sports programming to our customers through Spectrum Networks.

Our mobile line and Internet customer additions are supported by our Spectrum One offering, which brings together Spectrum Internet, Advanced WiFi and Unlimited Spectrum Mobile to offer consumers fast, reliable and secure online connections on their favorite devices at home and on-the-go in a high-value package and is further supported by growth in our legacy and new subsidized rural markets. We continue to upgrade our network to provide higher Internet speeds and reliability and invest in our products and customer service platforms. We currently offer Spectrum Internet products with speeds up to 1 Gbps across our entire footprint and we plan to upgrade our network to provide multi-gigabit speeds. Our Advanced WiFi, a managed WiFi service that provides customers an optimized home network while providing greater control of their connected devices with enhanced security and privacy, is available to all Internet customers. We continue to invest in our ability to provide a differentiated Internet connectivity experience for our mobile and fixed Internet customers with increasing availability of out-of-home WiFi access points across our footprint. In addition, we continue to work towards the construction of our own 5G mobile data-only network in targeted areas of our footprint leveraging our Citizen Broadband Radio Service Priority Access Licenses.

We also continue to evolve our video product. In September 2023, we entered into a new affiliation agreement with Disney which provides a template for a new programming affiliation approach where we partner with content providers to provide access to both linear and app-based direct-to-consumer content. In October 2023, we began deploying Xumo Stream Boxes to new video customers. The Xumo Stream Box

combines a live TV experience with access to hundreds of direct-to-consumer TV apps and features unified search and discovery along with a curated content offering based on the customer's interests and subscriptions. By continually improving our product set and offering consumers the opportunity to save money by switching to our services, we believe we can continue to penetrate our expanding footprint and sell additional products to our existing customers. We are also beginning to see benefits from the targeted investments we are making in employee wages and benefits inside of our operations to build employee skill sets and tenure, as well as the continued investments in digitization of our customer service platforms and proactive maintenance, all with the goal of improving the customer experience, reducing transactions and driving customer growth and retention.

Our Corporate Information

Our principal executive offices are located at 400 Washington Boulevard, Stamford, Connecticut 06902. Our telephone number at that location is (203) 905-7801, and we have a website accessible at ir.charter.com.
