PROXY STATEMENT

Important Notice Regarding the Availability of Proxy Materials for the Stockholder Meeting to Be Held on May 6, 2014. The 2014 notice and proxy statement and the 2013 annual report to stockholders are available at www.proxyvote.com.

This proxy statement and the Notice of Internet Availability of Proxy Materials were first mailed to stockholders on or about March 27, 2014.

Questions and Answers about Voting and the Annual Meeting

What matters will be voted on at the annual meeting?

As a holder of Class A common stock, you are being asked to vote, on the following:

- Proposal 1: To elect ten Class A directors, nominated by our board of directors and named in this proxy statement;
- Proposal 2: To hold an advisory vote on executive compensation;
- Proposal 3: To ratify the appointment of KPMG LLP as the Company's independent registered public accounting firm for the year ended December 31, 2014; and
- Proposal 4: To vote on any other matters properly brought before the stockholders at the meeting.

How does the board of directors recommend that I vote?

The board of directors recommends that you vote:

- **FOR** the election of the ten Class A directors, nominated by our board of directors and named in this proxy statement;
- **FOR** the approval, on an advisory basis, of the compensation of our Named Executive Officers; and
- **FOR** the ratification of the appointment of KPMG LLP as the Company's independent registered public accounting firm for the year ended December 31, 2014.

What if other matters come up at the annual meeting?

The items listed on the Notice of Annual Meeting of Stockholders are the only matters that we know will be voted on at the annual meeting. Your proxy gives discretionary authority to the persons named on the proxy card to vote on other matters. On such other business as may properly come before the meeting, your shares will be voted in the discretion and judgment of the proxy holder.

Who has been nominated for election as directors at the annual meeting?

The board of directors has nominated ten directors for election. The ten directors who have been nominated by the board of directors and agreed to serve as directors are Messrs. Conn, Huseby, Jacobson, Maffei, Malone, Markley, Merritt, Nair, Rutledge and Zinterhofer.

Who can vote at the annual meeting?

As of the close of business on March 7, 2014 (the "Record Date"), a total of 108,184,513 shares of Class A common stock are entitled to be voted by holders of same at the annual meeting. Each holder of Class A common stock is entitled to one vote per share. The enclosed proxy card indicates the number of Class A shares that our records show you are entitled to vote.

What is the difference between being a stockholder of record and a beneficial owner?

You are a stockholder of record if at the close of business on the Record Date your shares were registered in your name with Computershare Shareowner Services, our transfer agent and registrar.

You are a beneficial owner if at the close of business on the Record Date, your shares were held by a brokerage firm or other nominee and not directly in your name, but are held in “street name.” As the beneficial owner of your shares, you have the right to direct your broker or other nominee how to vote your shares, i.e., for or against the proposals to be considered at the annual meeting. If you do not provide your broker or nominee with instructions on how to vote your shares, your broker or nominee will be able to vote your shares with respect to some of the proposals, but not all. See, “*What if I do not provide instructions on how to vote my shares,*” below.

What do I do if my shares are held in “street name”?

If your shares are held in the name of your broker or other nominee, you should return your proxy in the envelope provided by such broker or nominee or instruct the person responsible for holding your shares to execute a proxy on your behalf. In either case, your shares will be voted according to your instructions.

What if I do not provide instructions on how to vote my shares?

If you are a stockholder of record and you submit a proxy, but do not provide voting instructions, your shares will be voted for the election of the Company’s director nominees and “**FOR**” the proposals as described above.

If you are a beneficial owner and you do not provide the broker or other nominee that holds your shares with voting instructions, the broker or nominee has discretionary authority to vote for certain proposals, but not others pursuant to the rules of NASDAQ and the Securities and Exchange Commission (“SEC”). Brokers and other nominees have the discretion to vote on routine matters such as Proposal 3, but not on non-routine matters such as Proposals 1 and 2. Therefore, if you do not provide voting instructions to the broker or nominee that holds your shares, the broker or nominee may only vote for Proposal 3 and any other routine matters properly presented for a vote at the annual meeting.

What is the quorum required for the meeting?

We will hold the annual meeting if holders of shares having a majority of the voting power of the Class A common stock as of the Record Date either sign and return their proxy cards, vote via the Internet or attend the meeting. If you sign and return your proxy card or vote via the Internet, your shares will be counted to determine whether we have a quorum, even if you fail to indicate your vote.

Abstentions and broker “non-votes” will be counted as present for purposes of determining whether a quorum exists at the annual meeting.

How are broker non-votes and abstentions treated?

If an executed proxy is returned by a broker holding shares in street name that indicates that the broker does not have discretionary authority as to certain shares to vote on one or more matters (a broker non-vote), such shares will be considered present at the meeting for purposes of determining a quorum on all matters, but will not be considered to be votes cast with respect to such matters. Therefore, broker non-votes will have the effect of a vote against the proposals. In addition, in the election of directors, a stockholder may withhold such stockholder’s vote.

A stockholder may vote to “abstain” on any of the proposals. If you vote to “abstain,” your shares will be counted as present at the meeting for purposes of determining a quorum on all matters, but will not be considered to be votes cast with respect to such matters. Abstentions will not be voted and will have the effect of a vote against the proposals. Only “FOR” and “AGAINST” votes are counted for purposes of determining the votes received in connection with each proposal.

With respect to each of the proposals, broker non-votes and abstentions will have no effect on determining whether the affirmative vote constitutes a majority of the shares present or represented by proxy and voting at the Annual Meeting. However, approval of these proposals also requires the affirmative vote of a majority of the shares necessary to constitute a quorum, and therefore broker non-votes and abstentions could prevent the approval of these proposals because they do not count as affirmative votes.

In order to minimize the number of broker non-votes, the Company encourages you to vote or to provide voting instructions to the organization that holds your shares by carefully following the instructions provided in the Notice.

What is the vote required for the proposals on the agenda?

The affirmative vote of the holders of a majority of Class A shares cast is required for approval of Proposals 1, 2 and 3. For purposes of determining whether votes have been cast, abstentions and broker “non-votes” will not be counted.

What are my choices in the proposals on the agenda?

On Proposal 1, you can vote your shares “FOR,” or you can withhold your vote for the Class A director nominees. On Proposals 2 and 3, you can (1) vote for a proposal, (2) vote against a proposal, or (3) abstain from voting.

How do I vote by proxy?

Follow the instructions on the enclosed proxy card. Sign and date the proxy card and mail it back to us in the enclosed envelope. If you receive more than one proxy card it may mean that you hold shares in more than one account. Sign and return all proxy cards to ensure that all of your shares are voted. The proxy holder named on the proxy card will vote your shares as you instruct. If you sign and return the proxy card but do not indicate your vote, the proxy holder will vote on your behalf “FOR” each of the Proposals as noted above.

Can I vote via the Internet?

Stockholders with shares registered in their names with Computershare Shareowner Services, our transfer agent, may authorize a proxy via the Internet at the following address www.proxyvote.com. A number of brokerage firms and banks participate in a program that permits Internet voting. If your shares are held in an account at a brokerage firm or bank that participates in such a program, you may direct the vote of those shares by following the instructions on the voting form enclosed with the proxy from the brokerage firm or bank.

Proxies submitted via the Internet must be received by 11:59 p.m. (EDT) on May 5, 2014. Please refer to your voting instruction form and/or your proxy card for specific voting instructions. If you vote this year’s proxy via the Internet, you may also elect to receive future proxy and other materials electronically by following the instructions when you vote. Making this election will save the Company the cost of producing and mailing these documents.

Can I change my vote after I return my proxy card?

Yes. At any time before the vote at the annual meeting, you can change your vote either by giving our Corporate Secretary a written notice revoking your proxy card, or by signing, dating and submitting a new proxy card. We will honor the latest dated proxy card which has been received prior to the closing of the voting. You may also attend the meeting and vote in person.

Can I vote in person at the annual meeting rather than by completing the proxy card?

Although we encourage you to complete and return the proxy card to ensure that your vote is counted, you can attend the annual meeting and vote your shares in person. If you wish to attend the annual meeting and vote

your shares in person and you are the beneficial owner of your shares, you must obtain the documents required to vote your shares in person at the annual meeting from your broker, or nominee.

Who will count the votes?

Broadridge Financial Solutions, Inc. has been appointed to receive and tabulate stockholder votes and to act as the inspector of election and certify to the election results.

Who is soliciting my vote?

The board of directors is soliciting your vote.

Who pays for this proxy solicitation?

The Company pays for the proxy solicitation. We will ask banks, brokers and other nominees and fiduciaries to forward the proxy material to the beneficial owners of the Class A common stock and to obtain the authority of executed proxies. We will reimburse them for their reasonable expenses.

**Proposal No. 1: Election of Class A Directors
(Item 1 on Proxy Card)**

The size of our board of directors is eleven and we currently have ten members standing for nomination. At this time, the board has determined not to fill the vacancy created by Mr. Marcus' resignation and proxies cannot be voted for a greater number of persons than the number of nominees named. Pursuant to the Company's Certificate of Incorporation and By-Laws, the vacancy may be filled at a later date by a majority vote of the directors. As set forth in more detail below, the Nominating and Corporate Governance Committee of the board of directors has determined that a majority of the ten current directors are independent.

Each of our directors are elected on an annual basis. The board of directors is soliciting your vote for the Class A directors to be elected at the annual meeting of stockholders. Once elected, each of the directors will hold office until his or her successor is elected, or he or she resigns or is otherwise removed.

Board of Directors and Committees of the Board of Directors

Our board of directors meets regularly throughout the year on an established schedule. The board also holds special meetings and acts by written consent from time to time as necessary. The Company held an annual stockholders’ meeting in 2013, which all but two then-current directors attended. Members of the board of directors are encouraged to attend the annual meeting each year. In 2013, the full board of directors held 14 meetings and acted 1 time by unanimous written consent. All directors attended 75% or more of the aggregate meetings of the board and of the board committees on which they served during 2013 with the exceptions of Mr. Malone who attended 63% of such meetings and Mr. Nair who attended 57%.

The board of directors delegates authority to act with respect to certain matters to board committees whose members are appointed by the board. The committees of the board of directors include the following: Audit Committee, Compensation and Benefits Committee, Nominating and Corporate Governance Committee, Section 162(m) Committee and a Finance Committee. The Audit, Compensation and Benefits, Finance and Nominating and Governance Committees each has a charter that is available on our website, www.charter.com.

Charter’s Audit Committee members in 2013 consisted of Messrs. Merritt, Markley, Jacobson (for a portion of the year) and Mr. Huseby (also for a portion of the year). Mr. Jacobson resigned from the Audit Committee in the third quarter of 2013. Mr. Huseby was appointed to the Audit Committee in the second quarter of 2013. Mr. Merritt is Chairman of the Audit Committee. Charter’s board of directors has determined that, in its judgment, Mr. Merritt is an audit committee financial expert within the meaning of the applicable federal regulations. All members of the Audit Committee were determined by the board in 2013 to be independent in accordance with the listing standards of NASDAQ and Rule 10A-3 of the Securities Exchange Act of 1934, as amended. The Audit Committee met four times in 2013.

The Compensation and Benefits Committee reviews and approves the compensation of the senior management of the Company and its subsidiaries. During 2013, the Committee was comprised of Messrs. Conn, Zinterhofer and Marcus (for a portion of the year) and Mr. Maffei (also for a portion of the year). Mr. Marcus resigned from the Compensation and Benefits Committee in the third quarter of 2013. Mr. Maffei was appointed to the Compensation and Benefits Committee in the second quarter of 2013. All members of the Compensation and Benefits Committee were determined by the board in 2013 to be independent in accordance with the listing standards of NASDAQ and Rule 10C of the Securities Exchange Act of 1934, as amended. The Compensation and Benefits Committee met six times in 2013 and executed two unanimous consents in lieu of a meeting.

The Nominating and Corporate Governance Committee members in 2013 were Messrs. Karsh, Lee and Glatt (each for a portion of the year until their resignation in the second quarter of 2013) replaced by Messrs.

Markley, Marcus and Malone (also each for a portion of the year until their appointment in the second (as to Mr. Malone) and the third quarter of 2013 (as to Mr. Markley and Mr. Marcus until his resignation on November 8, 2013)). In February 2014, Mr. Jacobson was appointed to the Nominating and Corporate Governance Committee. Mr. Markley is Chairman of the Committee. All members of the Nominating and Governance Committee were determined by the board in 2013 to be independent in accordance with the listing standards of NASDAQ. The Nominating and Corporate Governance Committee met two times in 2013 and executed one unanimous consent in lieu of a meeting.

The Section 162(m) Committee reviews the Company's compensation for purposes of qualifying as performance-related compensation and thus meeting the provisions under Internal Revenue Code 162(m) for deductibility. In 2013, the Section 162(m) Committee was comprised of Messrs. Jacobson and Markley (for a portion of the year), replaced by Messrs. Conn and Zinterhofer (also for a portion of the year). In 2013, this committee executed two unanimous consents in lieu of a meeting.

The Finance Committee reviews the Company's financing activities and approves the terms and conditions of certain financing transactions referred to it by the board, in consultation with the Company's legal and financial advisors. The Finance Committee in 2013 consisted of Mr. Merritt and Messrs. Lee and Parker (for a portion of the year) replaced by Messrs. Maffei and Zinterhofer (also for a portion of the year). The Finance Committee met two times during the year.

From time to time, the board may create "ad hoc" committees for specific projects or transactions. There were no ad hoc committees in 2013.

The Company's Nominating and Corporate Governance Committee of the board of directors has determined that a majority of the ten current directors are independent. The Committee has specifically determined that Messrs. Conn, Huseby, Jacobson, Markley, Merritt, Nair and Zinterhofer are independent directors under NASDAQ rules. The Committee also determined that Messrs. Maffei and Malone are independent under the NASDAQ rules; however, their status or relationship with an affiliate of the Company prohibits an independence finding under SEC rules for Audit Committee membership purposes. The Committee further determined that Messrs. Maffei and Malone's status or relationship with an affiliate of the Company does not prohibit a finding of independence under SEC rules and NASDAQ Rule 5605(d)(2) for Compensation and Benefits Committee membership purposes. Mr. Rutledge is the President and Chief Executive Officer of the Company and is thus not independent.

Nomination and Qualifications of Directors

Candidates for director are nominated by the board of directors, based on the recommendation of the Nominating and Corporate Governance Committee. Charter's Corporate Governance Guidelines provide that, among other things, candidates for new board members to be considered by the Charter's board of directors should be individuals from diverse business and professional backgrounds with unquestioned high ethical standards and professional achievement, knowledge and experience. Candidates should include diversity of gender, race and national origin, education, professional experience and differences in viewpoints and skills. The Nominating and Corporate Governance Committee does not have a formal policy with respect to diversity; however, the board of directors and the Nominating and Corporate Governance Committee believe that it is essential that board members represent diverse viewpoints. In considering candidates for the Board, the Nominating and Corporate Governance Committee considers the entirety of each candidate's credentials in the context of these standards. In addition, director candidates must be individuals with the time and commitment necessary to perform the duties of a board member and other special skills that complement or supplement the skill sets of current directors.

Pursuant to the Stockholder's Agreement dated March 19, 2013 (the "Liberty Media Stockholder's Agreement") between Charter and Liberty Media Corporation ("Liberty Media"), Liberty Media was provided

with the right to designate four directors to our board of directors at closing. At closing, on May 1, 2013, the board of directors appointed John C. Malone, Chairman of the Board of Liberty Media, Gregory B. Maffei, President and Chief Executive Officer of Liberty Media, Balan Nair, Executive Vice President and Chief Technology Officer of Liberty Global, Inc. and Michael P. Huseby, Chief Executive Officer of Barnes & Noble, Inc. Subject to Liberty Media's continued ownership level in Charter, the Liberty Media Stockholder's Agreement also provides that Liberty can designate up to four directors as nominees for election to Charter's board at least through Charter's 2015 annual meeting of stockholders and that up to one of these individuals may serve on each of the Audit Committee, the Nominating and Corporate Governance Committee, and Compensation and Benefits Committee of Charter's board of directors. Consistent with these provisions, the board appointed Mr. Malone to serve on the Nominating and Corporate Governance Committee, Mr. Maffei to serve on the Finance Committee and the Compensation and Benefits Committee and Mr. Huseby to serve on the Audit Committee.

Stockholders may nominate persons to be directors by following the procedures set forth in our Bylaws. These procedures require the stockholder to deliver timely notice to the Corporate Secretary at our principal executive offices. That notice must contain the information required by the Bylaws about the stockholder proposing the nominee and about the nominee. No stockholder nominees have been proposed for this year's meeting.

Stockholders also are free to suggest persons for the board of directors to consider as nominees. The board of directors will consider those individuals if adequate information is submitted in a timely manner (see "Stockholders Proposal for 2015 Annual Meeting" below for deadline requirements) in writing to the board of directors at the Company's principal executive offices, in care of the General Counsel. The board of directors may, however, give less serious consideration to individuals not personally known by the current board members.

Board Leadership Structure and Risk Oversight

We separate the roles of Chief Executive Officer ("CEO") and Chairman of the Board in recognition of the differences between the two roles. The CEO is responsible for setting the strategic direction for the Company and the day to day leadership and performance of the Company, while the Chairman of the Board, as a non-executive officer, provides guidance to the CEO and presides over meetings of the full board. We could decide to combine these positions in the future.

The full board of directors oversees the various risks to the Company, delegating to the various committees specific responsibilities. The Audit Committee reviews our Enterprise Risk Management ("ERM") Program on a regular basis. The Audit Committee meets regularly with members of management in executive session, as well as with the General Counsel, the Vice President of Internal Audit Services and representatives of our independent registered public accounting firm. The Compensation and Benefits Committee oversees our compensation policies and practices, including reviewing our incentive and equity-based compensation plans and benefits plans. The Nominating and Corporate Governance Committee oversees corporate governance, including recommending board and committee nominations and the corporate guidelines and determining director independence.

Individuals may communicate directly with members of the board of directors or members of the board's standing committees by writing to the following address:

The Corporate Secretary will summarize all correspondence received, subject to the standards below, and periodically forward summaries to the board. 2013 Director Compensation

The non-employee director compensation package in effect for 2013 included an annual retainer of \$90,000 in cash in effect for the first quarter and a portion of the second. The annual retainer was increased to \$100,000 in cash which took effect in the second quarter and continuing in effect for the remainder of 2013. The package also included an annual award of \$130,000 in restricted stock for all non-employee directors (except the chairman of the board) and an annual award of \$280,000 in restricted stock for the chairman of the board. In addition, in 2013, the board of directors approved an option for non-employee directors to elect to receive equity in lieu of their annual cash retainer. Mr. Jacobson was the only director that elected this option for 2013. In addition to these annual retainers, under the non-employee director compensation plan, the Audit Committee chair receives \$20,000 per year, the Compensation and Benefits Committee chair receives \$10,000 per year, and the chair of the Nominating and Corporate Governance Committee receives \$10,000 per year. Each Audit Committee member (including the chair) receives \$20,000 per year, each Compensation and Benefits Committee member (including the chair) receives \$15,000 per year, each Finance Committee member receives \$15,000 per year and each Nominating and Corporate Governance Committee member (including the chair) receives \$10,000 per year.

Messrs. Glatt and Parker (as to Apollo Management, L.P.) and Messrs. Karsh and Lee (as to Oaktree Capital Management, L.P.), who each served until their resignations on May 1, 2013, and Mr. Marcus (as to Crestview Partners, L.P.), who served until his resignation on November 8, 2013, each requested that all cash compensation they received for their participation on Charter's board of directors or committees of the board be paid directly to their respective employers in accordance with their internal policies. In accordance with the Liberty Media Stockholder's Agreement, Messrs. Maffei and Malone do not receive any cash or equity compensation in connection with their respective board or committee service.

Directors who are employees also do not receive additional compensation for board participation. Mr. Rutledge, Charter's President, CEO and board member, was the only current director who was also an employee during 2013.

Compensation Discussion and Analysis

The following discussion and analysis of compensation arrangements of our Named Executive Officers (who are our Chief Executive Officer (“CEO”), Chief Financial Officer, and other executive officers appearing in the Summary Compensation Table) should be read together with the compensation tables and related disclosures set forth elsewhere in this proxy statement.

2013 Highlights

The Compensation and Benefits Committee maintained its 2012 approach to base salary, annual incentives and long-term incentives during 2013. The following decisions were made:

- Base salaries were not changed for our Named Executive Officers, with the exception of one change to reflect Mr. Dykhouse’s promotion to Executive Vice President.
- The structure of the annual incentive was unchanged from 2012 to 2013. Payout for corporate performance ranged from 0% to 150% depending on the Named Executive Officer’s weighting of their metrics.
- Since the long-term equity incentive program was adopted in 2011 to cover the 2011 to 2013 time period, no equity grants were made to Named Executive Officers except in the case of new hires or promotions; specifically, equity awards were made to the following Named Executive Officers in 2013: Ms. Bohigian received Restricted Stock Unit, Time-Vesting Option and Performance-Vesting Option awards in connection with execution of her employment agreement and Mr. Dykhouse received a Performance-Vesting Option award in connection with his promotion.

Role of the Compensation and Benefits Committee

The Compensation and Benefits Committee of our board of directors is responsible for overseeing our overall compensation structure, policies and programs and assessing whether our compensation structure results in appropriate compensation levels and incentives for executive management and employees.

Our CEO annually reviews the performance of each of the other Named Executive Officers. He recommends to the Compensation and Benefits Committee salary adjustments, annual cash bonuses and equity incentive compensation applying specific performance metrics that have been approved by the Compensation and Benefits Committee at the beginning of each year for the other Named Executive Officers. The Compensation and Benefits Committee has regularly requested the CEO to be present at Compensation and Benefits Committee meetings where executive compensation and Charter and individual performance are discussed and evaluated although the Compensation and Benefits Committee regularly meets in executive session to consider these matters. The CEO is invited for the purpose of providing insight or suggestions regarding executive performance objectives and/or achievements, and the overall competitiveness and effectiveness of our executive compensation program. Although the Compensation and Benefits Committee considers the CEO’s recommendations along with analysis provided by the Compensation and Benefits Committee’s compensation consultants, it retains full discretion to set all compensation for our Named Executive Officers, except that the Compensation and Benefits Committee’s recommendations for the CEO’s compensation goes before Charter’s full board of directors, with non-employee directors voting on the approval of any recommendations, subject to any employment agreements.

Compensation Consultant

The Compensation and Benefits Committee has the authority under its Charter to directly engage the services of a compensation consultant(s) or other advisors. Semler Brossy Consulting Group, LLC (“Semler Brossy”) was retained directly by the Compensation and Benefits Committee to serve as the Committee’s compensation consultant. In carrying out its assignments, Semler Brossy also interacted with management when

necessary and appropriate. Semler Brossy may, in its discretion, seek input and feedback from management regarding its consulting work product prior to presentation to the Compensation and Benefits Committee in order to confirm alignment with our business strategy and identify data questions or other similar issues, if any. During the year ended December 31, 2013, Semler Brossy provided no services to Charter other than those provided directly to or for the benefit of the Compensation and Benefits Committee including: attending meetings; providing information, research and analysis pertaining to executive compensation programs; conducting a comprehensive assessment of our annual executive compensation program relative to competitive markets; updating the Committee on market trends and changing practices; and advising on the design of the executive compensation program and the reasonableness of individual compensation targets and awards.

The Compensation and Benefits Committee has determined that there was no conflict of interest between the compensation consultant and the Compensation and Benefits Committee during the year ended December 31, 2013. In reaching this conclusion, consistent with its charter, the Compensation and Benefits Committee considered the factors set forth in NASDAQ Rule 5605(d)(3) regarding compensation advisor independence.

Compensation Philosophy and Objectives

The Compensation and Benefits Committee believes that attracting and retaining well-qualified executives is a top priority. The Compensation and Benefits Committee's approach is to compensate executives commensurate with their experience, expertise and performance and to ensure that our compensation programs are competitive with executive pay levels within the cable, telecommunications, and other related industries that define our competitive labor markets. We seek to uphold this philosophy through attainment of the following objectives:

Pay-for-Performance. We seek to ensure that the amount of compensation for each Named Executive Officer is reflective of the executive's performance and service to us for the time period under consideration. Our primary measures of performance used to gauge appropriate levels of performance-based compensation have included revenue, Adjusted EBITDA, operating cash flow, operational improvements, capital management, customer satisfaction, and/or such other metrics as the Compensation and Benefits Committee shall determine is then critical to our long-term success at that time. While we believe that our executives are best motivated when they believe that their performance objectives are attainable, we also believe that these metrics should be challenging and represent important improvements over performance in prior years. Compensation payable pursuant to our annual Executive Bonus Plan and our Long-Term Incentive Program is dependent on our performance.

Alignment. We seek to align the interests of the Named Executive Officers with those of our investors by evaluating executive performance on the basis of the financial measurements noted above, which we believe closely correlate to long-term stakeholder value creation. The annual cash bonus and long-term incentives are intended to align executive compensation with our business strategies, values and management initiatives, both short-and long-term. Through this incentive compensation, we place a substantial portion of executive compensation at risk, specifically dependent upon our financial performance over the relevant periods. This rewards executives for performance that enhances our financial strength and stakeholder value.

Retention. We recognize that a key element to our success is our ability to retain a team of highly-qualified executives who can provide the leadership necessary to successfully execute our short-and long-term business strategies. We also recognize that, because of their qualifications, our senior executives are often presented with other professional opportunities, potentially ones at higher compensation levels. It is often difficult to retain talented management. Our retention strategy faces additional challenges in that the skills of our current management team are attractive to many companies inside and outside of the cable industry. The following programs underscore our focus on retention.

Compensation Peer Group

The Compensation and Benefits Committee examines the Company's peer group on an annual basis. In order to be included in our compensation peer group, a company generally must be a publicly traded company within the United States and one of the following: (i) a cable, satellite or telecommunications industry company; or (ii) a telecommunications company with revenues of between one-third to three times our size.

Based on these factors, the Compensation and Benefits Committee reviewed our compensation peer group and made no modifications other than due to merger/acquisition activity. The current compensation peer group is:

Compensation Peer Group

BCE Inc.	Liberty Global, Inc.
Cablevision Systems Corp.	MetroPCS Communications Inc.
CenturyLink Inc.	Telephone and Data Systems Inc.
Comcast Corporation	TELUS Corp.
The DIRECTV Group, Inc.	Time Warner Cable Inc.
Frontier Communications Corp.	Windstream Corp.
Leap Wireless International Inc.	

Pay Levels and Pay Mix

Pay levels for executives are determined based on a number of factors, including the individual's roles and responsibilities within Charter, the individual's experience and expertise, pay levels for peers within Charter, pay levels in the marketplace for similar positions, and performance of the individual and Charter as a whole. In determining these pay levels, the Compensation and Benefits Committee considers all forms of compensation and benefits.

To entice the current CEO and Chief Operating Officer ("COO"), two cable industry veterans, to our Company, the Committee structured pay packages that were somewhat above the median of the cable companies in our peer group. A significant portion of their equity packages, however, were tied to a substantial improvement in the company's stock price. These equity awards only have value to the CEO and COO if substantial value is delivered to stockholders. In establishing compensation levels for the leadership team below the CEO/COO level (leadership team is comprised of executives who report to either the CEO or COO), the Committee takes into consideration that the key competitors for talent within the cable and satellite industry generally are much larger companies than Charter. However, Charter also believes that it is strategically important to retain a leadership team that is as skilled or more skilled than any leadership team in the industry. To meet this challenge, the Committee provides a higher than competitive long-term incentive program with a sizable portion of currently outstanding grants tied to achievement of stock price targets that go up to 100% above the stock price at time of grant. Total cash compensation, with some variation by role, is managed closely to the median of the peer group. Overall, the annualized value of the compensation package is comparable to cable and satellite industry peers. This strategy has resulted in a compensation package heavily weighted towards equity programs. The Committee believes it is appropriate to position equity programs aggressively since these programs will only have material value if value is created for the stockholders.

Elements Used to Achieve Compensation Objectives

The main components of our compensation program include:

- Base Salary — fixed pay that takes into account an individual's role and responsibilities, experience, expertise and individual performance designed to provide a base level of compensation stability on an annual basis;
- Bonus Plans — variable performance-based pay designed to reward attainment of annual business goals, with target award opportunities generally expressed as a percentage of base salary;

- Long-Term Incentives— equity awards which historically included stock options, restricted share units and restricted shares, often incorporating vesting requirements that require achievement of targeted stock prices, designed to motivate long-term performance and align executive interests with those of our stockholders; and
- Special Compensation Programs— cash and equity programs targeted at executives in critical positions designed to incentivize performance and encourage long-term retention.

Details of Each Compensation Element

(1) Base Salary

Base salaries are set with regard to the level of the individual's position with Charter and the individual's current and sustained performance results. The base salary levels for executives, and any changes in those salary levels, are reviewed each year by the Compensation and Benefits Committee, and such adjustments may be based on factors such as new roles and/or responsibilities assumed by the executive and the executive's significant impact on our then-current goals. Salary adjustments may also be based on changes in market pay levels for comparable positions in our competitive markets. Base salaries are reviewed and adjusted to account for: (a) market-competitive increases, (b) individual impact on and contributions to the business performance and company goals, (c) salary increases to align certain levels of responsibility; and (d) company-wide total salary increases. As set forth above, Mr. Dykhouse was the only Named Executive Officer that received a base salary increase in 2013 due to his promotion to the Executive Vice President level and generally consistent with other executive vice president level salaries.

There is no specific weighting applied to any one factor in setting the level of salary, and the process ultimately relies on the subjective exercise of the Compensation and Benefits Committee's judgment. Although salaries are generally targeted at market median compared to an industry peer group and other compensation survey data for experienced professionals, the Compensation and Benefits Committee may also take into account historical compensation, potential as a key contributor as well as special recruiting/retention situations in setting salaries for individual executives above or below the market median. Consistent with our pay philosophy, salary increases are not automatic or the same for each individual, taking into consideration the factors set forth above. Based upon data provided by Semler Brossy, base salaries for our Named Executive Officers are generally at median competitive levels.

(2) Bonus Plans

2013 Executive Bonus Plan

In 2013, bonuses for the Named Executive Officers under the Executive Bonus Plan were determined based on Charter's (or, if applicable, an employee's particular operating group's) performance during 2013 measured against four performance measures. These measures were: total revenue, adjusted EBITDA, service metrics and capital management. Potential payouts under the 2013 Executive Bonus Plan ranged from 0% to 150% of target bonus amounts. Target bonus amounts for our Named Executive Officers ranged from 75% to 175% of 2013 base salary, subject to terms and provisions of the applicable employment agreements (see "Employment Agreements").

On February 18, 2014, the Compensation and Benefits Committee determined that Charter's 2013 performance against the performance measures resulted in bonuses payable to Named Executive Officers in the amount equal to 63.80% of such officer's targeted bonus. The 63.80% of targeted bonuses is based on achievement of each of the 2013 Charter performance measures with reference to the performance goal and weight assigned to each as determined by the Compensation and Benefits Committee in reference to Charter's business plan and business goals.

The Charter total revenue measure accounted for 30% of the total bonus and was targeted for \$545M growth for 2013. Charter total revenue growth in 2013 for the purposes of the executive bonus plan was \$381M,

resulting in 57.66% attainment of this measure. The Charter adjusted EBITDA measure accounted for 35% of the total bonus and was targeted for \$156M growth for 2013. Charter adjusted EBITDA growth in 2013 for the purposes of the executive bonus plan was \$74M, resulting in 24.07% attainment of this measure. Adjusted EBITDA is defined as consolidated net income (loss) plus net interest expense, income taxes, depreciation and amortization, stock compensation expense, loss on extinguishment of debt and other operating expenses, such as special charges and loss on sale or retirement of assets. The Charter service metrics measure accounted for 25% of the total bonus. The Charter Service metrics measure was comprised of truck roll service calls, repeat truck roll service calls, average speed to answer for sales/retention and billing/repair calls, and the average monthly customer churn. The individual service metrics were chosen by management in consultation with the Compensation and Benefits Committee taking into account Charter's history and business plan as well as customer service goals within our business plan. Performance targets were set for each of the Charter service metrics at levels expected by management and the Committee to drive anticipated achievement of those business plan goals. Attainment of the Charter service metrics was 96.3% due to exceeding plan with regard to truck roll service call measurements as well as average speed to answer calls, offset by higher involuntary customer churn, including non-pay and moving-related churn. The Charter capital management measure accounted for 10% of the total bonus and was based on a discretionary assessment by our CEO based on capital expense performance criteria. In making his determination of achievement of the capital management metric, the CEO considers a quantitative evaluation of performance against budget and a qualitative evaluation of capital spend including the cost reductions in Customer-Premises Equipment ("CPE") and the progress of the digital transition and product development. The CEO's determination as to achievement of the capital management metric applied equally across all plan participants. 2013 Executive Bonus Plan payments to our Named Executive Officers are reported in the Non-Equity Incentive Plan compensation column of the Summary Compensation Table due to plan payments being based on the achievement of established and disclosed performance targets together with a discretionary component for capital management, that, as set forth above, was determined based on further performance capital expense achievement criteria.

The Compensation and Benefits Committee has the discretion to increase or decrease payouts under this annual plan based on organizational factors such as acquisitions or significant transactions, performance driven by changes in products or markets and other unusual, unforeseen or exogenous situations. The CEO is authorized by the Compensation and Benefits Committee to make discretionary bonus awards of up to 5% of the projected payout. Discretionary bonus awards are recommended by management based upon management's judgment of a participant's performance and contribution to the Company, and are in addition to the annual bonus plan. For 2013, none of the Named Executive Officers participated in this 5% discretionary allocation.

(3) Long-Term Incentives

Our long-term incentive award compensation program is designed to recognize scope of responsibilities, reward demonstrated performance and leadership, motivate future superior performance, align the interests of the executive with that of our stakeholders, and incentivize and retain the executives through the term of the awards. We believe that performance-based incentives help to drive our performance through their direct linkage to controllable business results while, at the same time, rewarding executives for the value created through share price appreciation. While the size of the award is ultimately left to the Compensation and Benefits Committee discretion, grant levels are generally targeted at the median to top quartile of competitive levels.

The 2009 Stock Incentive Plan (the "Stock Incentive Plan") provides for the potential grant of non-qualified stock options, stock appreciation rights, dividend equivalent rights, performance units and performance shares, share awards, phantom stock and shares of restricted stock as each term is defined in the Stock Incentive Plan and in the discretion of the Compensation and Benefits Committee. Unless terminated sooner, the Stock Incentive Plan will terminate on April 28, 2019, and no option or award can be granted thereafter under that plan. In November 2009, 3,848,393 shares were included in the Stock Incentive Plan and on December 16, 2009, the board of directors approved the inclusion of another 3,848,393 shares. On February 20, 2013, the board of directors approved an amendment to the Stock Incentive Plan to add 6,000,000 shares, which increase was approved by the Company's stockholders at the 2013 annual stockholders' meeting.

As of December 31, 2013, 7,378,794 shares remained available for future grants under the Stock Incentive Plan. As of December 31, 2013, there were 362 participants in the Stock Incentive Plan. See the “Summary Compensation Table” below for the awards received by our Named Executive Officers.

The Stock Incentive Plan authorizes the repricing of options, which could include reducing the exercise price per share of any outstanding option, permitting the cancellation, forfeiture or tender of outstanding options in exchange for other awards or for new options with a lower exercise price per share, or repricing or replacing any outstanding options by any other method. While the Stock Incentive Plan authorizes repricing, no repricing has occurred under the plan to date.

On April 26, 2011, the Board of Directors adopted the 2011-2013 Long Term Incentive Plan (the “LTIP”). The LTIP provides that awards made in 2011 were to cover LTIP years 2011-2013 and that no further grants would be made absent one-time circumstances; such as new employment agreements, relocation incentives and promotions. The amount and type of incentive compensation granted under the LTIP is based upon our overall strategic, operational and financial performance and reflects the participant’s expected contributions to our future success. Grants to Named Executive Officers under the Stock Incentive Plan have included awards of time-vesting stock options, time-vesting restricted stock, performance-vesting options, performance-vesting restricted stock and restricted stock units described as follows:

Time-Vesting Stock Options. Time-vesting stock option grant agreements with our Named Executive Officers involve the grant of options to purchase shares of the Company’s Class A common stock on each vesting date generally divided into a third or a fourth with each such portion of a grant vesting and becoming exercisable in four equal installments on each of the first four anniversaries of certain specified dates, such as a new employee’s hire date. Grants of certain options made in 2012 to non-Named Executive Officers provided for two tranches of options vesting over a longer period of time. Grants in 2011 were made in three tranches and also provided for longer vesting. A time-vesting option grant was made to Ms. Bohigian in 2013 in connection with the execution of her employment agreement. Her grant provides for vesting of the time-vesting options in four equal installments on the anniversary date of her grant. Messrs. Rutledge, Bickham, Winfrey and Dykhouse were previously granted time-vesting options under the LTIP in 2011 (as to Messrs. Rutledge, Winfrey and Dykhouse) and in 2012 (as to Mr. Bickham).

Performance-Vesting Stock Options. Performance-vesting stock option grant agreements concern the grant of options to purchase shares of the Company’s Class A common stock in tranches commencing on certain specified dates subject to occurrence of achievement of set stock price thresholds. Achievement of the applicable stock price thresholds are measured based on the average of the per share closing price of a share of the Company’s Class A common stock as reported on NASDAQ for any sixty consecutive trading days commencing before, on or after the specified dates in the grantee’s option agreement, as applicable. By way of example, grants made on April 26, 2011 (such as to Mr. Winfrey) vest as follows: one-third of each of three tranches will vest and become exercisable upon the first occurrence of shares achieving a stock price threshold of \$60 per share; one-third at a stock price threshold of \$80 per share; and one-third at \$100 per share. Mr. Rutledge’s performance-vesting option agreement provides that his options vest in five tranches, with additional threshold prices at \$125 and \$150. Mr. Bickham’s performance-vesting options vest in four tranches at \$80, \$100 and also include the additional thresholds of \$125 and \$150. Mr. Dykhouse’s 2013 grant of performance-vesting options have vesting thresholds of \$85 and \$105 per share. Ms. Bohigian’s 2013 grant of performance-vesting options have a single vesting threshold of \$130 per share. Grants of performance-vesting options are limited to our president and chief executive officer, and to executive vice president and president-level executives. Total amounts granted were determined by the Compensation and Benefits Committee by examining a multitude of factors including an evaluation of the accounting grant value of the total award and by verifying that the total value of the grant, when evaluated on an annualized basis, was consistent with the awards at median. Further, the Compensation and Benefits Committee evaluated the potential value of the grant at the price hurdles of \$60, \$80, \$100, \$125 and \$150, and subjectively determined that the value delivered to each participant was compelling, was sufficiently large to balance the shorter-term focus of the annual incentive plan and would serve to retain the executives during this time period. Performance-vesting option grants have been made to all of our Named Executive Officers.

Time-Vesting Restricted Stock. The grant agreements for time-vesting restricted stock provide that the grantee may receive shares of the Company's Class A common stock on a straight vesting schedule with the grant vesting in 25% installments on each of the four anniversaries of the applicable grant or effective date. Grants of time-vesting restricted stock were made in 2011 and 2012 to Messrs. Rutledge and Bickham, respectively, in connection with the execution of their respective employment agreements. No other Named Executive Officers received time-vesting restricted stock agreements.

Performance-Vesting Restricted Stock. The grant agreements for performance-vesting restricted stock provide that the grantee may receive shares of the Company's Class A common stock in tranches commencing on certain specified dates subject to the occurrence of achievement of set stock price thresholds similar to the performance-vesting stock options as described above. Grants of performance-vesting stock options were made in 2011 and 2012 to Messrs. Rutledge and Bickham, respectively, in connection with execution of their respective employment agreements. Mr. Rutledge's restricted stock was granted in three tranches with thresholds at \$60, \$80 and \$100 and Mr. Bickham's restricted stock was granted in two tranches with thresholds at \$80 and \$100. No other Named Executive Officers received performance-vesting restricted stock agreements.

Restricted Stock Units. The grant agreements for restricted stock units ("RSUs") provide that the grantee may receive one share of the Company's Class A common stock for each RSU following vesting. The grants are generally subject to a straight vesting schedule with the grant vesting in equal parts on each date specified in the executive's grant agreement. Grant of restricted stock units to Named Executive Officers were made as follows: in 2011 to Mr. Dykhouse in connection with the April 26, 2011 grants to executive officers; in 2012 to Mr. Winfrey in connection his relocation; and in 2013 to Ms. Bohigian in connection with her employment agreement. Messrs. Rutledge and Bickham did not receive RSU grants in 2013 or prior years.

2014 Long-Term Incentive Plan. After evaluating the competitive practices of large cable companies, the Company reverted back to the practice of making annual grants to our executives and rolled out a new long term incentive plan in 2014. The new program is designed to retain and attract our executive employees with an industry-competitive level of equity compensation. Effective January 15, 2014, the Company adopted new forms of award agreements for grants of stock options and restricted stock units under the Stock Incentive Plan. The new award agreements contain terms similar to previous agreements, with the following changes, among others: all awards to all participants vest 100% three years following the grant date and the new award agreements expand the circumstances under which awards will pro-rata vest on termination of the award holder's employment. Also effective January 15, 2014, the Company revised certain outstanding forms of award agreements, including to those of the Named Executive Officers, for grants of stock options and restricted stock units under the Plan so that the vesting upon termination of employment provisions will be consistent with those under the new agreements.

Timing of Equity Grants

We maintain a disciplined equity approval policy. We do not grant equity awards in anticipation of the release of material, non-public information. Similarly, we do not time the release of material, non-public information based on equity grant dates.

Grants of options, if made, have an exercise price equal to the average of the high and low stock price on the date of grant.

(4) Special Compensation Programs

Relocation Package

On June 4, 2012, the Company announced its intention to open an office in the New York Metropolitan area to house a limited number of senior executives. On July 26, 2012, the Compensation and Benefits Committee approved a relocation package for certain key members of management including Named Executive Officers,

Messrs. Winfrey and Dykhouse, designed to incentivize those key members to relocate. The relocation package that was accepted by Mr. Winfrey in 2012 and Mr. Dykhouse in 2013 included: a relocation incentive payment equal to \$250,000 subject to a two year claw-back in the event of a voluntary or for-cause termination; protection for loss on sale of their homes; home purchase assistance; moving assistance; and temporary living assistance. In connection with his relocation, Mr. Winfrey also received an amended and restated employment agreement and 6,600 restricted stock units, vesting in three tranches over a thirty month period. For further details regarding the relocation incentive payment two-year claw-back, please see the Section titled "Separation and Related Arrangements."

Other Compensation Elements

The Named Executive Officers participate in all other benefit programs offered to all employees generally.

An independent consultant was engaged to perform a risk assessment of the Company's compensation programs and did not identify any material risks that might adversely impact the financial health or performance of the Company. After review of the report from the independent consultant, the Compensation and Benefits Committee agreed with the conclusion reached by the independent consultants.

Stockholder Vote on Say on Pay

At the Company's 2011 Annual Stockholders' Meeting, the stockholders considered an advisory proposal on the frequency of holding a vote on Executive Compensation. As the board of directors had recommended, the stockholders approved the 2011 Executive Compensation and voted to hold an advisory vote on Executive Compensation every three years. The Compensation and Benefits Committee agreed with the advisory votes. The advisory vote on executive compensation is included with this year's 2014 proxy statement as Proposal No. 2.

Impact of Tax and Accounting

Section 162(m) of the Internal Revenue Code generally provides that certain kinds of compensation in excess of \$1 million in any single year paid to the chief executive officer and the three other most highly compensated executive officers other than the chief financial officer of a public company are not deductible for federal income tax purposes. However, pursuant to regulations issued by the U.S. Treasury Department, certain limited exemptions to Section 162(m) apply with respect to qualified "performance-based compensation." While the tax effect of any compensation arrangement is one factor to be considered, such effect is evaluated in light of our overall compensation philosophy. To maintain flexibility in compensating executive officers in a manner designed to promote varying corporate goals, the Compensation and Benefits Committee has not adopted a policy that all compensation must be deductible. Stock options and performance shares granted under our Stock Incentive Plan are subject to the approval of the Compensation and Benefits Committee. The grants qualify as "performance-based compensation" and, as such, are exempt from the limitation on deductions. Outright grants of restricted stock and certain cash payments (such as base salary and cash bonuses) are not structured to qualify as "performance-based compensation" and are, therefore, subject to the Section 162(m) limitation on deductions and will count against the \$1 million cap. However, the Executive Bonus Plan is structured to comply with Section 162(m) to obtain all allowable deductions. Attainment of 2013 targets under the Executive Bonus Plan was approved by the 162(m) Committee of the board.

When determining amounts and forms of compensation grants to executives and employees, the Compensation and Benefits Committee considers the accounting cost associated with the grants. We account for stock-based compensation in accordance with accounting standards regarding stock compensation which addresses the accounting for share-based payment transactions in which a company receives employee services in exchange for (a) equity instruments of that company or (b) liabilities that are based on the fair value of the company's equity instruments or that may be settled by the issuance of such equity instruments. Under this accounting guidance, grants of stock options, restricted stock, restricted stock units, and other share-based

payments result in an accounting charge. The accounting charge is equal to the fair value of the instruments being issued on the date of the grant and is amortized over the requisite service period, or vesting period of the instruments. For restricted stock and restricted stock units, the cost is equal to the fair value of the stock on the date of grant times the number of shares or units granted. For stock options, the cost is equal to the fair value of the option on the date of the grant, estimated using the Black-Scholes option-pricing model, times the number of options granted. For stock options and restricted stock with market conditions, the cost is equal to the fair value of the option or restricted stock on the date of grant, estimated using Monte Carlo simulations, times the number of stock options or shares of restricted stock granted. The grant date weighted average assumptions used during each of the years ended December 31, 2013 and 2012 were: risk-free interest rate of 1.5%; expected volatility of 37.8% and 38.4%, respectively; expected lives of 6.3 years and cost of equity of 16.2%

The valuations assume no dividends are paid. Dollar values included in the “Non-Employee Director Compensation Table” and the “Summary Compensation Table” represent the aggregate fair value of all awards granted in 2013 and in prior years.

Stock Ownership Guidelines and Hedging Policy

The Compensation and Benefits Committee has not formally adopted stock ownership guidelines for the Named Executive Officers. The Committee believes that the structure of the equity award to the Named Executive Officers, with vesting contingent on achieving stock price hurdles set at varying levels up to and including \$150 per share closely aligns the economic interests of the Named Executive Officers with the stockholders, precludes the necessity for stock ownership guidelines.

The Company prohibits any Named Executive Officer, as well as other senior members of management, from hedging Company securities.

- (6) As set forth in more detail below under the section titled “Employment Agreements”, Messrs. Rutledge and Bickham are allowed to use the Company’s aircraft for a certain amount of hours of discretionary personal use every year, without carryover, in accordance with their respective employment agreements. Amounts reported above for Messrs Rutledge and Bickham are calculated as the aggregate incremental cost to the Company using a method that takes into account variable costs such as aircraft fuel and oil expenses per hour of flight; crew travel expenses; landing and parking fees; and trip-related inspections, repairs and maintenance. Because the company’s aircraft is used primarily for business travel, this methodology excludes fixed costs that do not change based on usage, such as salaries of pilots and crew or purchase or lease costs of aircraft. For purposes of determining an executive’s taxable income, personal use of our aircraft is valued using a method based on Standard Industry Fare Level (“SIFL”) rates, as published by the Internal Revenue Service. The amount determined using the SIFL rates is typically lower than the amount determined using the incremental cost method. Amounts reported in the table above for 2012 also include costs related to Messrs. Rutledge and Bickham commuting from the New York metropolitan area to St. Louis prior to the company moving its headquarters to Connecticut.
- (7) Amounts reported for 2013 include a \$51,802 gross up of Ms. Bohigian’s signing bonus reported in Footnote 1 above to cover taxes on the bonus and also include relocation benefits for Mr. Dykhouse of \$303,387 which amount includes relocation costs, home price protection and a tax gross up amount – see “Special Compensation Programs” in the Compensation Discussion and Analysis for further information on the Company’s Relocation Program.

Separation and Related Arrangements

Named Executive Officers

The stock price used in the separation tables that follow is based on \$136.76 per share; the closing price of Charter’s Class A common stock on the NASDAQ Global Select Market on December 31, 2013. The paragraphs that follow each event describe the payments that each Named Executive Officer would have received assuming a termination event occurred on December 31, 2013. The descriptions that follow cover only information regarding benefits that are not generally available to other employees. Benefits generally available to other employees include:

- Salary earned through date of termination;
- Lump sum payment for COBRA coverage for the period of severance, if applicable; and
- Lump sum payment of accrued and unused vacation.

As used in the following sections:

- “Severance”: Named Executive Officers may be eligible for certain payments following the occurrence of specific termination events as set forth in their employment agreements and in the tables that follow. If eligible for severance: Messrs. Rutledge and Bickham will each receive severance equal to two and one-half times their applicable annual base salary and target bonus; Messrs. Winfrey and Dykhouse and Ms. Bohigian will each receive severance equal to two times their applicable annual base salary and target bonus.
- “Bonus” As used in the tables below, “Bonus” is the target bonus set forth and defined in each Named Executive Officer’s employment agreement payable in accordance with the 2013 Bonus Plans but assumed at 100% performance attainment for the purposes of these separation tables. If eligible for a bonus payment on a specific termination event: Mr. Rutledge will receive a target bonus of 175% of his annual base salary; Mr. Bickham will receive a target bonus of 135% of his annual base salary; Messrs. Winfrey and Dykhouse and Ms. Bohigian will each receive a target bonus of 75% of their annual base salary. See “2013 Executive Bonus Plan” section in the Compensation Discussion and Analysis for further plan details. See the “Summary Compensation Table” for actual 2013 Executive Bonus Plan payouts.
- “Stock Options”, “Restricted Stock” and “Restricted Stock Units” include grants made under the Stock Incentive Plan. See “Long-Term Incentives” under the Compensation Discussion and Analysis section for further details on equity incentives offered by the Company.

Termination by Charter for cause or a voluntary termination by the Executive without good reason

Under the current employment agreements with each of the Named Executive Officers, we do not provide any severance in the event of a termination by the Company for cause or a voluntary termination by the Named Executive Officers without good reason and all bonus awards and unvested equity is forfeited and cancelled effective as of the date of termination. “For cause” is generally defined under those employment agreements to include: breaches of material obligations, fiduciary duties, the Company’s code of conduct or other material Company policies; material misrepresentations or concealments from the Company or Board; misappropriation of Company property; criminal convictions, guilty or no contest pleas to felonies, or any crime expected to have a negative impact or institution of charges not dismissed within a time certain for crimes related to fraud, embezzlement, dishonesty, breach of trust or moral turpitude; admission or finding of liability for knowing or deliberate breach of any Securities Laws; gross neglect of duty; willful misconduct or recklessness related to duties; illegal possession of a controlled substance; excessive alcohol use in connection with duties or otherwise on the Company’s premises or during a Company function; willful or gross negligent commission of an act or failure to act which causes or is reasonably expected to cause substantial economic injury to the business reputation of the Company. Under the Company’s employment agreements with Messrs. Rutledge and Bickham, “for cause” includes these factors amended to read that breaches of material obligations and fiduciary duties, material misrepresentations and concealments and failure to adhere to Company policies must be willful and reasonably expected to cause substantial injury to the business or reputation of the Company. Messrs. Rutledge and Bickham’s employment agreements also include an additional “for cause” factor for a circumstance where the executives are enjoined by a court of competent jurisdiction from performing their respective employment agreement duties. For a definition of “good reason”, see the section below, titled “Termination by the Executive for Good Reason (other than for a Change in Control)”.

Under the New York Relocation Agreement and Release dated effective August 31, 2012 between Christopher L. Winfrey and Charter (the “Winfrey Relocation Agreement”) and the New York Relocation Agreement and Release dated effective February 20, 2013 between Richard R. Dykhouse and Charter (the “Dykhouse Relocation Agreement”), in the event of a voluntary resignation by either executive without Cause or a termination by Charter for Cause within one year of each executive’s relocation to the New York metropolitan area, the executive will be required to pay to Charter all relocation and moving expenses paid directly or reimbursed by Charter pursuant to the relocation program. In addition, if either executive voluntarily resigns or is terminated for cause within twenty-four (24) months of his relocation, Charter may clawback a prorata portion of the relocation incentive payment of \$250,000. Assuming a termination date of December 31, 2013, Mr. Winfrey would have been required to repay \$83,219 to the Company (September 1, 2012 relocation) and Mr. Dykhouse would have been required to repay \$186,986 (July 1, 2013 relocation). Further, in connection with execution of Ms. Bohigian’s employment agreement, Charter paid a signing bonus to her in the amount of \$75,000 plus a gross up amount to cover taxes on the bonus payment for a total payment of \$126,802 as further reported in the Summary Compensation Table. In the event that Ms Bohigian’s employment terminates for any reason other than death or disability within the one-year period following the effective date of her employment agreement (July 8, 2013), Ms. Bohigian will be required to repay the signing bonus plus any gross up amount received in full to the Company. Assuming a termination date of December 31, 2013, Ms. Bohigian would be required to repay \$126,802 to the Company.

Termination due to Death or Disability

Under the employment agreements with each of our Named Executive Officers, we may be required to make certain payments to these executives or their estates or beneficiaries in the event that the executive is terminated as a result of death or “disability”. An executive is deemed to have a “disability” if, due to illness or injury: the executive is unable to perform his or her duties without accommodation for a certain period of time; or the executive is considered disabled for the purposes of receiving long term disability benefits under a participating plan or policy. In the event there is a period of time during which a Named Executive Officer is not being paid annual base salary and not receiving long-term disability insurance payments, the executive will

receive interim payments equal to such unpaid disability insurance payments until commencement of disability insurance payments. In general, the equity agreements with our Named Executive Officers provide for forfeiture of unvested equity in the event of a death or disability termination with some exceptions noted in the footnotes following the table. In January 2014, grant agreements entered into in the calendar years 2011 through 2013, including those of the Named Executive Officers, were revised to include pro-rata treatment of unvested equity upon a death or disability termination — see “2014 Long-Term Incentive Plan,” “Long Term Incentives” in the Compensation Discussion and Analysis section for further information.

Winfrey and Dykhouse and Ms. Bohigian, these executives are entitled to a pro-rata portion of the next scheduled vesting amount of any eligible time-vesting options with eligibility being determined as to whether the vesting commencement date of a particular tranche has occurred as of the date of termination. As to the performance-vesting option awards, all unvested options are cancelled for all Named Executive Officers.
- (4) All time-vesting restricted stock and performance-vesting restricted stock awarded to Messrs. Rutledge and Bickham will be cancelled. Messrs. Winfrey and Dykhouse and Ms. Bohigian will receive a pro-rata portion of the next scheduled vesting amount of their restricted stock unit grants.

Termination due to Retirement

Charter generally defines “retirement” eligibility in its applicable plan documents as the employee’s age plus years of service equal to 70; provided, however, that the 2012 equity award agreements for Mr. Bickham contain a different definition of retirement allowing him to resign and claim a retirement at any time entitling him to receive pro-rata portions of his equity. The equity agreements with our other Named Executive Officers generally provide for forfeiture of unvested equity in the event that the executive retires with limited exceptions. Although none of the Named Executive Officers meet the “rule of 70” retirement qualification; the table that follows assumes that they did as of December 31, 2013. Further, in January 2014, grant agreements entered into in the calendar years 2011 through 2013, including those of the Named Executive Officers, were revised to include pro-rata treatment of unvested equity upon retirement — see “2014 Long-Term Incentive Plan,” “Long Term Incentives” in the Compensation Discussion and Analysis section for further information.

- (1) Upon execution of the Bohigian Agreement, Ms Bohigian received a one-time signing bonus equal to \$75,000 plus a gross-up amount to cover taxes on the bonus for a total payment of \$126,802. Pursuant to the Bohigian Agreement, if Ms. Bohigian’s employment with the Company terminates for any reason (other than death or disability) prior to the one year anniversary of its execution (i.e. July 8, 2014), Ms. Bohigian will be required to repay, in full, the signing bonus plus the gross up.
- (2) All Named Executive Officers will be entitled to a pro-rata bonus previously earned for the performance period ending prior to the date of termination.
- (3) As to the option awards made in the year ended December 31, 2010 to Messrs. Winfrey and Dykhouse, all unvested options will immediately and fully vest. As to the performance-vesting and time-vesting option awards to Mr. Bickham, he would be entitled to a pro-rata portion of non-eligible options which would have become eligible on the next scheduled vesting date. While a portion of the performance-vesting options may remain eligible to vest for six months following a December 31, 2013 termination event, no such options would be deemed vested until the occurrence of the stock price threshold as of the applicable measurement date. For all performance-vesting option grants, the Company has assumed that the threshold was not met in order to assign a price as of December 31, 2013 to any options that may have been eligible for vesting as of that date for stock price thresholds higher than the \$130 price per share threshold (i.e. Mr. Bickham’s \$150 price per share threshold). As to the performance-vesting and time-vesting option awards to all other Named Executive Officers, unvested options will be cancelled and forfeited.
- (4) As to the time-vesting and performance-vesting restricted stock awarded to Mr. Bickham, Mr. Bickham would be entitled to receive a pro-rata portion of the next scheduled vesting amount. While a portion of the performance-vesting restricted stock may remain eligible to vest for six months following a December 31, 2013 termination event, no such stock would be deemed vested until the occurrence of the stock price threshold as of the applicable measurement date which the Company has assumed was met as to the \$80 and \$100 thresholds applicable to Mr. Bickham’s performance-vesting restricted stock grants. As to the award of performance-vesting and time-vesting restricted stock to Mr. Rutledge, all unvested restricted stock will be cancelled. All unvested restricted stock units will also be cancelled for Messrs. Winfrey and Dykhouse and Ms. Bohigian.

Termination by Charter without cause (other than for a change in control)

In the event that Charter terminates a Named Executive Officer's employment without cause, Charter will be required to make certain payments to the executive and such a termination will give rise to an accelerated vesting schedule for equity grants. For a definition of a "for cause", see the previous section titled "Termination by Charter for cause or a voluntary termination by the Executive without good reason".

Rutledge and Bickham's performance-vesting restricted stock grants.

Termination by the Executive for good reason (other than for a change in control)

Under the employment agreements with each of our Named Executive Officers, we may be required to make certain payments to these executives if that executive terminates his or her employment for “good reason” other than after a Change in Control. An executive may generally only terminate his or her employment for “good reason” following thirty (30) days written notice to the Company of his or her intent to terminate, or, in certain circumstances advance notice to the Company detailing the “good reason” and giving the Company an opportunity to cure prior to termination. As used in the employment agreements of our Named Executive Officers, “good reason” includes: a material reduction in base salary, bonus, authority, duties, or responsibilities of the executive or of the executive’s reporting structure; a material failure by the Company to comply with provisions of the executive’s employment agreement including paying compensation when due and the location of the executive’s primary workplace; if within six months following a Change in Control, the executive has not received an offer of employment from the surviving company for their exact position; or any failure by a successor Company to assume the executive’s employment agreement following a Change in Control. For a definition of “Change in Control”, see the following section titled “Termination within 30 days before or 13 months after Change in Control for without Cause or Good Reason”.

Termination within 30 days before or 13 months after Change in Control for without Cause or Good Reason:

Limitation of Directors' Liability and Indemnification Matters

Our Certificate of Incorporation limits the liability of directors to the maximum extent permitted by Delaware law. The Delaware General Corporation Law provides that a corporation may eliminate or limit the personal liability of a director for monetary damages for breach of fiduciary duty as a director, except for liability for:

- (1) any breach of the director's duty of loyalty to the corporation and its stockholders;
- (2) acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law;
- (3) unlawful payments of dividends or unlawful stock purchases or redemptions; or
- (4) any transaction from which the director derived an improper personal benefit.

Our Bylaws provide that we will indemnify all persons whom we may indemnify pursuant thereto to the fullest extent permitted by law.

We have also entered into indemnification agreements that require us to indemnify each of our directors and officers to the fullest extent permitted by law for any claims made against each of these persons because he or she is, was or may be deemed to be a stockholder, director, officer, employee, controlling person, agent or fiduciary of Charter or any of our subsidiaries. We are obligated to pay the expenses of these persons in connection with any claims that are subject to the agreement.

Security Ownership of Certain Beneficial Owners and Management

The following table sets forth information as of February 28, 2014 regarding the beneficial ownership of Charter's Class A common stock by:

- each holder of more than 5% of our outstanding shares of common stock;
- each of our directors and Named Executive Officers; and
- all of our directors and executive officers as a group.

Beneficial ownership for the purposes of the following table is determined in accordance with the rules and regulations of the SEC. These rules generally provide that a person is the beneficial owner of securities if such person has or shares the power to vote or direct the voting thereof, or to dispose or direct the disposition thereof or has the right to acquire such powers within 60 days. Common stock subject to options that are currently exercisable or exercisable within 60 days of February 28, 2014 are deemed to be outstanding and beneficially owned by the person holding the options. These shares, however, are not deemed outstanding for the purposes of computing the percentage ownership of any other person. Percentage of beneficial ownership is based on 108,050,170 shares of Class A common stock outstanding as of February 28, 2014. Except as disclosed in the footnotes to this table, we believe that each stockholder identified in the table possesses sole voting and investment power over all shares of common stock shown as beneficially owned by the stockholder. Unless otherwise indicated in the table or footnotes below, the address for each beneficial owner is 400 Atlantic Street, Stamford, CT 06901.

Consistent with these provisions, the board appointed Mr. Malone to serve on the Nominating and Corporate Governance Committee, Mr. Maffei to serve on the Finance Committee and the Compensation and Benefits Committee and Mr. Huseby to serve on the Audit Committee. Liberty Media is also subject, under the agreement, to certain customary standstill provisions that prohibit Liberty Media from, among other things, engaging in proxy or consent solicitations relating to the election of directors. Certain Relationships and Related Transactions

We maintain written policies and procedures covering related party transactions. The Audit Committee reviews the material facts of related party transactions. Management has various procedures in place, e.g., Charter's Code of Conduct which requires annual certifications from employees that are designed to identify potential related party transactions. Management brings those to the Audit Committee for review as appropriate. Our Related Party Transaction Policy provides that a "Related Party Transaction" is any transaction, arrangement or relationship or series of similar transactions, arrangements or relationships (including any indebtedness or guarantee of indebtedness) in which: (1) the aggregate amount involved will or may be expected to exceed \$120,000 in any calendar year; (2) the Company is a participant; and (3) any Related Party has or will have a direct or indirect interest (other than solely as a result of being a director or a less than 10 percent beneficial owner of another entity). A "Related Party" is any: (a) person who is or was (since the beginning of the last fiscal year for which the Company has filed a Form 10-K and proxy statement, even if they do not presently serve in that role) an executive officer, director or nominee for election as a director; (b) greater than 5 percent beneficial owner of the Company's common stock; or (c) immediate family member of any of the foregoing. Immediate family member includes a person's spouse, parents, stepparents, children, stepchildren, siblings, mothers-and fathers-in-law, sons-and daughters-in-law, and brothers-and sisters-in-law and anyone residing in such person's home (other than a tenant or employee). Open market purchases or privately-negotiated transactions, excluding any distributions by the Company, involving any securities of the Company or its subsidiaries, are not deemed to be a "Related Party Transaction" under our Related Party Transaction Policy.

The following sets forth certain transactions in which we are involved and in which the directors, executive officers and affiliates of Charter have or may have a material interest. A number of our debt instruments and those of our subsidiaries require delivery of fairness opinions for transactions with affiliates involving more than \$50 million for our CCO Holdings, LLC ("CCO Holdings") credit facility and more than \$100 million for our CCO Holdings indentures. Such fairness opinions have been obtained whenever required. All of our transactions with affiliates have been deemed by Charter's board of directors or a committee of the board of directors to be in our best interest. Related party transactions are approved by the Audit Committee or another independent body of Charter's board of directors.

On May 1, 2013, Liberty Media completed its purchase from investment funds managed by, or affiliated with, Apollo Global Management, LLC, Oaktree Capital Management, L.P., and Crestview Partners of approximately 26.9 million shares and warrants to purchase approximately 1.1 million shares in Charter for approximately \$2.6 billion (the "Liberty Media Transaction"), which represented, as of May 1, 2013, an approximate 27% beneficial ownership in Charter and a price per share of \$95.50.

In connection with the Liberty Media Transaction, Charter entered into the Liberty Media Stockholder's Agreement (the "Agreement") that, among other things, provided Liberty Media with the right to designate four directors for appointment to Charter's board of directors in connection with the closing. Liberty Media designated John C. Malone, chairman of Liberty Media, Gregory B. Maffei, president and chief executive officer of Liberty Media, Balan Nair, executive vice president and chief technology officer of Liberty Global, Inc., and Michael P. Huseby, chief executive officer of Barnes & Noble, Inc. Charter's board of directors appointed these directors effective upon the resignations of Bruce Karsh, Edgar Lee, Stan Parker, and Darren Glatt in connection with the closing of the Liberty Media Transaction on May 1, 2013. Subject to Liberty Media's continued ownership level in Charter, the Agreement also provides that Liberty Media can designate up to four directors as nominees for election to Charter's board of directors at least through Charter's 2015 annual meeting of stockholders, and that up to one of these individuals may serve on each of the Audit Committee, the Nominating and Corporate Governance Committee, and the Compensation and Benefits Committee of Charter's board of directors. Consistent with these provisions, the board appointed Mr. Malone to serve on the Nominating and Governance Committee, Mr. Maffei to serve on the Finance Committee and the Compensation and Benefits Committee and Mr. Huseby to serve on the Audit Committee.

In addition, Liberty Media agreed to not, directly or indirectly, subject to certain exceptions, acquire any voting securities of the Company, or any rights, options or other derivative securities or contracts or instruments to acquire such ownership that derives its value from such securities, that would result in an increase of Liberty Media's ownership interest in the Company beyond 35% prior to January 2016 and 39.99% thereafter. Liberty Media is also subject to certain standstill provisions subject to certain exceptions that prohibit Liberty Media from, among other things, engaging in proxy or consent solicitations relating to the election of directors. The standstill limitations apply through the 2015 stockholders meeting and continue to apply so long as Liberty Media's designees are nominated to Charter's board, unless the Agreement is earlier terminated. Charter approved Liberty Media as an interested stockholder under the business combination provisions of the Delaware General Corporation Law.

As part of the emergence from Chapter 11 bankruptcy in 2009, the Company agreed to a Registration Rights Agreement with certain holders of the Company's Class A common stock which required the Company to file a shelf registration statement with the SEC to provide for a continuous secondary offering of the stock. The original registration statement first became effective in November 2010 and expired in November 2013. The Registration Rights Agreement provides that any holder of securities that wishes to sell stock under the existing shelf registration statement must give the Company five business days notice that such holder wishes to sell and that the Company notify the other holders which were party to the Registration Rights Agreement. The Company will be required to file a new registration statement in connection with any such sale.

Charter is aware that Mr. Malone may be deemed to have a 34.5% voting interest in Liberty Interactive Corp. ("Liberty Interactive") and is Chairman of the board of directors, an executive officer position, of Liberty Interactive. Liberty Interactive owns 36.9% of the common stock of HSN, Inc. ("HSN") and has the right to elect 20% of the board members of HSN. Liberty Interactive wholly owns QVC, Inc. ("QVC"). Charter has programming relationships with HSN and QVC which pre-date the Liberty Media Transaction. For the nine months ended December 31, 2013, Charter received payments in the aggregate of approximately \$10 million from HSN and QVC as a part of the channel carriage fees and revenue sharing arrangements for home shopping sales made to customers in Charter's footprint.

Mr. Malone also serves on the board of directors of Discovery Communications, Inc. ("Discovery") and Charter is aware that Mr. Malone owns 4.3% in the aggregate of the common stock of Discovery and has a 29.2% voting interest in Discovery for the election of directors. In addition, Mr. Malone owns 9.2% in the aggregate of the common stock of Starz and has 42.8% of the voting power. Mr. Maffei is a non-executive Chairman of the board of Starz. Charter purchases programming from both Discovery and Starz pursuant to agreements entered into prior to the Liberty Media Transaction and Messrs. Malone and Maffei joining Charter's board of directors. Based on publicly available information, Charter does not believe that either Discovery or Starz would currently be considered related parties. The amounts paid to Discovery and Starz represent less than 3% of the total operating costs and expenses for the nine months ended December 31, 2013.

Integra Telecom, Inc. ("Integra") is a data transport services customer of Charter. Searchlight Capital Partners, L.P. ("Searchlight") owns approximately 35% of Integra. Eric Zinterhofer, a member of Charter's Board of Directors, has an interest in Searchlight and sits on the Board of Directors of Integra. For the year ended December 31, 2013, Charter received approximately \$230,000 in revenue from Integra.

Proposal No. 2: Approval, on an Advisory Basis, of the Compensation of Named Executive Officers (Item 2 on Proxy Card)

As required by Section 14A of the Exchange Act, we are providing our stockholders with the opportunity to cause a non-binding advisory vote on the compensation of the Company's Named Executive Officers, as disclosed in the Compensation Discussion and Analysis section (above), the Compensation Tables (above), and any related information contained in this proxy statement under "Executive Compensation."

Please review the Compensation Discussion and Analysis included in this proxy statement for a description and discussion of the Company's compensation process and programs. We believe our compensation program provides the appropriate current compensation and incentivizes our executives to create value creation for our stockholders.

- We provide a significant part of executive compensation in performance based incentives; and
- We place a substantial portion of executive compensation at risk, specifically dependent upon our financial performance over relevant periods — rewarding executives for performance that enhances our financial strength and stakeholder value.

Your vote is requested. We believe that the information regarding named executive officer compensation as disclosed within the "Executive Compensation" section of this proxy statement demonstrates that the Company's executive compensation program was designed appropriately and structured to ensure the retention of talented executives and a strong alignment with the long-term interests of the Company's stockholders. This vote is not intended to address any specific item of compensation, but rather the overall compensation of the Company's Named Executive Officers, as described in this proxy statement. Accordingly, the Company will ask the Company's stockholders to vote "FOR" the following resolution:

"RESOLVED, that the compensation paid to the Company's Named Executive Officers as disclosed under "Executive Compensation" pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, Compensation Tables and narrative disclosure contained in this proxy statement, is hereby APPROVED."

Because the vote is advisory, it will not be binding on the Company, the board or the Compensation and Benefits Committee, nor will it overrule any prior decision or require the board or the Compensation and Benefits Committee to take any action. However, the Compensation and Benefits Committee and the board value the opinions of the Company's stockholders and to the extent there is any significant vote against the named executive officer compensation as disclosed in this proxy statement, the Compensation and Benefits Committee and the board will consider stockholders' concerns and the Compensation and Benefits Committee will evaluate whether any actions are necessary to address those concerns.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" THE APPROVAL OF THE COMPANY'S EXECUTIVE COMPENSATION.

Proposal No. 3: Ratification of the Appointment of Independent Registered Public Accounting Firm (Item 3 on Proxy Card)

The Audit Committee of the board of directors has appointed KPMG LLP (“KPMG”) as the Company’s independent registered public accounting firm for 2014. Stockholder ratification of the selection of KPMG as the Company’s independent registered public accounting firm is not required by the Company’s Bylaws or other applicable requirement. However, as a matter of corporate responsibility, the Audit Committee decided to solicit stockholder ratification of this appointment. Ratification of the appointment of KPMG as the Company’s independent registered public accounting firm is not required for KPMG’s retention; however, if the appointment is not ratified, the Audit Committee may consider re-evaluating the appointment.

KPMG has been serving as the Company’s independent registered public accounting firm since 2002. The Company has been advised that no member of KPMG had any direct financial interest or material indirect financial interest in the Company or any of its subsidiaries or, during the past three years, has had any connection with the Company or any of its subsidiaries in the capacity of promoter, underwriter, voting trustee, director, officer or employee. The Company has been advised that no other relationship exists between KPMG and the Company that impairs KPMG’s status as the independent registered public accounting firm with respect to the Company within the meaning of the Federal securities laws and the requirements of the Independence Standards Board.

Representatives of KPMG will be in attendance at the Annual Meeting and will have an opportunity to make a statement if they so desire. The representatives will also be available to respond to appropriate questions.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE “FOR” RATIFICATION OF THE APPOINTMENT OF KPMG LLP AS THE COMPANY’S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM.

Accounting Matters

Principal Accounting Firm

KPMG acted as the Company's principal accountant in 2013 and 2012, and, subject to ratification by stockholders at the Annual Meeting, KPMG is expected to serve as the Company's independent registered public accounting firm for 2014. Representatives of KPMG will be in attendance at the Annual Meeting and will have an opportunity to make a statement if they so desire. The representatives will also be available to respond to appropriate questions.

Services of Independent Registered Public Accounting Firm

The Audit Committee has adopted policies and procedures requiring the pre-approval of non-audit services that may be provided by our independent registered public accounting firm. We have also complied and will continue to comply with the provisions of the Sarbanes-Oxley Act of 2002 and the related SEC rules pertaining to auditor independence and audit committee pre-approval of audit and non-audit services.

Audit Fees

During the years ended December 31, 2013 and 2012, we incurred fees and related expenses for professional services rendered by KPMG for the audits of our and our subsidiaries' financial statements, for the review of our and our subsidiaries' interim financial statements, registration statement filings and offering memoranda filings totaling approximately \$3.6 million and \$3.7 million, respectively.

Audit-Related Fees

We incurred audit-related fees to KPMG of approximately \$0.3 million and \$0.2 million during the years ended December 31, 2013 and 2012, respectively. These services were primarily related to due diligence related to acquisitions.

Tax Fees

None.

All Other Fees

We did not incur any other fees during the years ended December 31, 2013 and 2012.

The Audit Committee appoints, retains, compensates and oversees the independent registered public accounting firm (subject, if applicable, to board of director and/or stockholder ratification), and approves in advance all fees and terms for the audit engagement and non-audit engagements where non-audit services are not prohibited by Section 10A of the Securities Exchange Act of 1934, as amended with respect to independent registered public accounting firms. Pre-approvals of non-audit services are sometimes delegated to a single member of the Audit Committee. However, any pre-approvals made by the Audit Committee's designee are presented at the Audit Committee's next regularly scheduled meeting. The Audit Committee has an obligation to consult with management on these matters. The Audit Committee approved 100% of the KPMG fees for the years ended December 31, 2013 and 2012. Each year, including 2013, with respect to the proposed audit engagement, the Audit Committee reviews the proposed risk assessment process in establishing the scope of examination and the reports to be rendered.

In its capacity as a committee of the board, the Audit Committee oversees the work of the independent registered public accounting firm (including resolution of disagreements between management and the public accounting firm regarding financial reporting) for the purpose of preparing or issuing an audit report or performing other audit, review or attest services. The independent registered public accounting firm reports directly to the Audit Committee. In performing its functions, the Audit Committee undertakes those tasks and responsibilities that, in its judgment, most effectively contribute to and implement the purposes of the Audit Committee charter. For more detail of the Audit Committee's authority and responsibilities, see the Company's Audit Committee charter on the Company's website, www.charter.com.

Report of the Audit Committee

The following report does not constitute soliciting materials and is not considered filed or incorporated by reference into any other Company filing under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, unless we state otherwise.

The Audit Committee was established to oversee the Company's accounting and financial reporting processes and the audits of the Company's annual financial statements. In 2013, the Audit Committee consisted of Messrs. Huseby, Merritt, and Markley (and Mr. Jacobson for a portion of the year). All members were determined by the board to be independent in accordance with the applicable corporate governance listing standards of the NASDAQ Global Select Market. The Company's board of directors has determined that, in its judgment, Mr. Merritt is an audit committee financial expert within the meaning of the applicable federal regulations.

The Audit Committee's functions are detailed in a written amended and restated Audit Committee charter adopted by the board of directors in December 2009, a copy of which is available on the Company's website at www.charter.com. As more fully described in its charter, the Audit Committee reviews the Company's financial reporting process on behalf of the board. Company management has the primary responsibility for the Company's financial statements and the reporting process. The Company's independent registered public accounting firm is responsible for performing an audit of the Company's consolidated financial statements in accordance with generally accepted auditing standards and expressing an opinion on the conformity of the financial statements to generally accepted accounting principles. The internal auditors are responsible to the Audit Committee and the board for testing the integrity of the financial accounting and reporting control systems and such other matters as the Audit Committee and board determine. The Audit Committee held four meetings in 2013.

The Audit Committee has reviewed and discussed with management the Company's audited financial statements for the year ended December 31, 2013. The Audit Committee has discussed the matters required to be discussed by Statement on Auditing Standards No. 61, as amended (Communication with Audit Committees) with KPMG, the independent registered public accounting firm for the Company's audited financial statements for the year ended December 31, 2013.

The Audit Committee has also received the written disclosures and the letter from KPMG required by Independence Standards Board Standard No. 1 (Independence Discussion with Audit Committees), and the Audit Committee has discussed the independence of KPMG with that firm and has considered the compatibility of non-audit services with KPMG's independence.

Based on the Audit Committee's review and discussions noted above, the Audit Committee recommended to the board of directors that the Company's audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2013 for filing with the SEC.

Section 16(a) Beneficial Ownership Reporting Requirement

Section 16 of the Exchange Act requires our directors and certain of our officers, and persons who own more than 10% of our common stock, to file initial reports of ownership and reports of changes in ownership of our common stock and other of our equity securities with the SEC. Such persons are required by SEC regulations to furnish us with copies of all Section 16(a) forms they file. Based solely on our review of the copies of such forms furnished to us and written representations that no other reports were required, we believe that all Section 16(a) filing requirements applicable to our officers, directors and greater than 10% beneficial owners were complied with during the 2013 fiscal year, except for a Form 4 reporting an equity grant for Mr. Dykhouse that was not timely filed.

Code of Ethics

We have adopted a Financial Code of Ethics within the meaning of federal securities regulations for our employees, including all executive officers and directors. We also established a hotline and website for reporting alleged violations of the Financial Code of Ethics, established procedures for processing complaints and implemented educational programs to inform our employees regarding the Financial Code of Ethics. A copy of our Financial Code of Ethics is available on our website at www.charter.com.

Stockholder Proposals for 2015 Annual Meeting

If you want to include a stockholder proposal in the proxy statement for the 2015 annual meeting, it must be delivered to the Corporate Secretary at the Company's executive offices no later than November 21, 2014. The federal proxy rules specify what constitutes timely submission and whether a stockholder proposal is eligible to be included in the proxy statement.

If a stockholder desires to bring business before the meeting that is not the subject of a proposal timely and properly submitted for inclusion in the proxy statement or to make a nomination of a person for election to the board, the stockholder must follow procedures outlined in the Company's Bylaws. One of the procedural requirements in the Bylaws is timely notice in writing of the business the stockholder proposes to bring before the meeting. To be timely with respect to the 2015 annual meeting, such a notice must be delivered to the Company's Corporate Secretary at the Company's executive offices no earlier than January 12, 2015 and no later than February 6, 2015. However, in the event that the Company elects to hold its next annual meeting more than 30 days before or after the anniversary of this Annual Meeting, such stockholder proposals would have to be received by the Company not earlier than 120 days prior to the next annual meeting date and not later than 90 days prior to the next annual meeting date.

Such notice must include: (1) for a nomination for director, all information relating to such person that is required to be disclosed in a proxy for election of directors; (2) as to any other business, a description of the proposed business, the text of the proposal, the reasons therefore, and any material interest the stockholder may have in that business; and (3) certain information regarding the stockholder making the proposal. These requirements are separate from the requirements a stockholder must meet to have a proposal included in the Company's proxy statement. The foregoing time limits also apply in determining whether notice is timely for purposes of rules adopted by the SEC relating to the exercise of discretionary voting authority.

Any stockholder desiring a copy of the Company's Bylaws will be furnished one without charge upon written request to the Corporate Secretary. A copy of the amended and restated Bylaws was filed as an exhibit to the Company's Current Report on Form 8-K filed on December 4, 2009, and is available at the SEC Internet site (<http://www.sec.gov>).

Other Matters

At the date of mailing of this proxy statement, we are not aware of any business to be presented at the annual meeting other than the matters discussed above. If other proposals are properly brought before the meeting, any proxies returned to us will be voted as the proxyholder sees fit.

Our Annual Report on Form 10-K for the year ended December 31, 2013 is available without charge by accessing the “Investor” section of our website at www.charter.com. You also may obtain a paper copy of the Form 10-K, without exhibits, at no charge by writing to the Company at 400 Atlantic Street, Stamford, CT 06901, Attention: Investor Relations.

In addition, certain financial and other related information, which is required to be furnished to our stockholders, is provided to stockholders concurrently with this Proxy Statement in our 2013 Annual Report. The SEC has enacted a rule that allows the Company to deliver only one copy of our Proxy Statement and 2013 Annual Report to multiple security holders sharing an address if they so consent. This is known as “householding.” The Householding Election, which appears on your proxy card, provides you with a means for you to notify us whether you consent to participate in householding. By marking “Yes” in the block provided, you will consent to participate in householding and by marking “no” you will withhold your consent to participate. If you do nothing, you will be deemed to have given your consent to participate in householding. Your consent to householding will be perpetual unless you withhold or revoke it. You may revoke your consent at any time by contacting Broadridge Financial Solutions (“Broadridge”), either by writing to Broadridge, Householding Department, 51 Mercedes Way, Edgewood, New York 11717, or by calling (800) 542-1061. We will remove you from the householding program within 30 days of receipt of your response, following which you will receive an individual copy of our disclosure statement. Even if your household receives only one Annual Report and one Proxy Statement, a separate proxy card will be provided for each stockholder. If you vote using the proxy card, please sign and return it in the enclosed postage-paid envelope. If you vote by Internet, there is no need to mail the proxy card.
